IAC's yearly meetings and may be removed by the Chairman of the IAC for failure to comply with this requirement.

(d) *Participation in IAC meetings.* Participation at IAC meetings will be limited to IAC members or employees designated by IAC members to act on their behalf. Members unable to attend an IAC meeting should notify the IAC Chairman a reasonable time in advance of the meeting and provide the name of the employee designated on their behalf. With the exception of Commission staff and individuals or groups having business before the IAC, no other persons may attend or participate in an IAC meeting.

(e) *Commission support and oversight.* The Chairman of the Commission, or Commissioner designated by the Chairman for such purpose, will serve as a liaison between the IAC and the Commission and provide general oversight for its activities. The IAC will also communicate directly with the Chief, Consumer & Governmental Affairs Bureau, concerning logistical assistance and staff support, and such other matters as are warranted.

SOURCE: 28 FR 12415, Nov. 22, 1963, unless otherwise noted.

GENERAL

§ 1.1 Proceedings before the Commission.

The Commission may on its own motion or petition of any interested party hold such proceedings as it may deem necessary from time to time in connection with the investigation of any matter which it has power to investigate under the law, or for the purpose of obtaining information necessary or helpful in the determination of its policies, the carrying out of its duties or the formulation or amendment of its rules and regulations. For such purposes it may subpena witnesses and require the production of evidence. Procedures to be followed by the Commission shall, unless specifically prescribed in this part, be such as in the opinion of the Commission will best serve the purposes of such proceedings.

(Sec. 403, 48 Stat. 1094; 47 U.S.C. 403)

§ 1.2 Declaratory rulings.

(a) The Commission may, in accordance with section 5(d) of the Administrative Procedure Act, on motion or on its own motion issue a declaratory ruling terminating a controversy or removing uncertainty.

(b) The bureau or office to which a petition for declaratory ruling has been submitted or assigned by the Commission should docket such a petition within an existing or current proceeding, depending on whether the issues raised within the petition substantially relate to an existing proceeding. The bureau or office then should seek comment on the petition via public notice. Unless otherwise specified by the bureau or office, the filing deadline for responsive pleadings to a docketed petition for declaratory ruling will be 30 days from the release date of the public notice, and the default filing deadline for any replies will be 15 days thereafter.

[76 FR 24390, May 2, 2011]

§ 1.3 Suspension, amendment, or waiver of rules.

The provisions of this chapter may be suspended, revoked, amended, or waived for good cause shown, in whole

or in part, at any time by the Commission, subject to the provisions of the Administrative Procedure Act and the provisions of this chapter. Any provision of the rules may be waived by the Commission on its own motion or on petition if good cause therefor is shown.

CROSS REFERENCE: See subpart C of this part for practice and procedure involving rulemaking.

§ 1.4 Computation of time.

(a) *Purpose.* The purpose of this rule section is to detail the method for computing the amount of time within which persons or entities must act in response to deadlines established by the Commission. It also applies to computation of time for seeking both reconsideration and judicial review of Commission decisions. In addition, this rule section prescribes the method for computing the amount of time within which the Commission must act in response to deadlines established by statute, a Commission rule, or Commission order.

(b) *General Rule—Computation of Beginning Date When Action is Initiated by Commission or Staff.* Unless otherwise provided, the first day to be counted when a period of time begins with an action taken by the Commission, an Administrative Law Judge or by members of the Commission or its staff pursuant to delegated authority is the *day after the day* on which public notice of that action is given. *See* §1.4(b) (1)–(5) of this section. Unless otherwise provided, all Rules measuring time from the date of the issuance of a Commission document entitled ''Public Notice'' shall be calculated in accordance with this section. *See* §1.4(b)(4) of this section for a description of the ''Public Notice'' document. Unless otherwise provided in §1.4 (g) and (h) of this section, it is immaterial whether the first day is a ''holiday.'' For purposes of this section, the term *public notice* means the date of any of the following events: *See* §1.4(e)(1) of this section for definition of ''holiday.''

(1) For all documents in notice and comment and non-notice and comment rulemaking proceedings required by the Administrative Procedure Act, 5 U.S.C. 552, 553, to be published in the FEDERAL REGISTER, including summaries thereof, the date of publication in the FEDERAL REGISTER.

NOTE TO PARAGRAPH (b)(1): Licensing and other adjudicatory decisions with respect to specific parties that may be associated with or contained in rulemaking documents are governed by the provisions of §1.4(b)(2).

Example 1: A document in a Commission rule making proceeding is published in the FEDERAL REGISTER on Wednesday, May 6, 1987. Public notice commences on Wednesday, May 6, 1987. The first day to be counted in computing the beginning date of a period of time for action in response to the document is Thursday, May 7, 1987, the ''day after the day'' of public notice.

Example 2: Section 1.429(e) provides that when a petition for reconsideration is timely filed in proper form, public notice of its filing is published in the FEDERAL REGISTER. Section 1.429(f) provides that oppositions to a petition for reconsideration shall be filed within 15 days after public notice of the petition's filing in the FEDERAL REGISTER. Public notice of the filing of a petition for reconsideration is published in the FEDERAL REGISTER on Wednesday, June 10, 1987. For purposes of computing the filing period for an opposition, the first day to be counted is Thursday, June 11, 1987, which is the day after the date of public notice. Therefore, oppositions to the reconsideration petition must be filed by Thursday, June 25, 1987, 15 days later.

(2) For non-rulemaking documents released by the Commission or staff, including the Commission's section 271 determinations, 47 U.S.C. 271, the release date.

Example 3: The Chief, Mass Media Bureau, adopts an order on Thursday, April 2, 1987. The text of that order is not released to the public until Friday, April 3, 1987. Public notice of this decision is given on Friday, April 3, 1987. Saturday, April 4, 1987, is the first day to be counted in computing filing periods.

(3) For rule makings of particular applicability, if the rule making document is to be published in the FEDERAL REGISTER and the Commission so states in its decision, the date of public notice will commence on the day of the FEDERAL REGISTER publication date. If the decision fails to specify FEDERAL REGISTER publication, the date of public notice will commence on the release

date, even if the document is subsequently published in the FEDERAL REGISTER. *See Declaratory Ruling*, 51 FR 23059 (June 25, 1986).

Example 4: An order establishing an investigation of a tariff, and designating issues to be resolved in the investigation, is released on Wednesday, April 1, 1987, and is published in the FEDERAL REGISTER on Friday, April 10, 1987. If the decision itself specifies FEDERAL REGISTER publication, the date of public notice is Friday, April 10, 1987. If this decision does not specify FEDERAL REGISTER publication, public notice occurs on Wednesday, April 1, 1987, and the first day to be counted in computing filing periods is Thursday, April 2, 1987.

(4) If the full text of an action document is not to be released by the Commission, but a descriptive document entitled ''Public Notice'' describing the action is released, the date on which the descriptive ''Public Notice'' is released.

Example 5: At a public meeting the Commission considers an uncontested application to transfer control of a broadcast station. The Commission grants the application and does not plan to issue a full text of its decision on the uncontested matter. Five days after the meeting, a descriptive ''Public Notice'' announcing the action is publicly released. The date of public notice commences on the day of the release date.

Example 6: A Public Notice of petitions for rule making filed with the Commission is released on Wednesday, September 2, 1987; public notice of these petitions is given on September 2, 1987. The first day to be counted in computing filing times is Thursday, September 3, 1987.

(5) If a document is neither published in the FEDERAL REGISTER nor released, and if a descriptive document entitled ''Public Notice'' is not released, the date appearing on the document sent (e.g., mailed, telegraphed, etc.) to persons affected by the action.

Example 7: A Bureau grants a license to an applicant, or issues a waiver for non-conforming operation to an existing licensee, and no ''Public Notice'' announcing the action is released. The date of public notice commences on the day appearing on the license mailed to the applicant or appearing on the face of the letter granting the waiver mailed to the licensee.

(c) *General Rule—Computation of Beginning Date When Action is Initiated by Act, Event or Default.* Commission procedures frequently require the computation of a period of time where the period begins with the occurrence of an act, event or default and terminates a specific number of days thereafter. Unless otherwise provided, the first day to be counted when a period of time begins with the occurrence of an act, event or default is the day after the day on which the act, event or default occurs.

Example 8: Commission Rule §21.39(d) requires the filing of an application requesting consent to involuntary assignment or control of the permit or license within thirty days after the occurrence of the death or legal disability of the licensee or permittee. If a licensee passes away on Sunday, March 1, 1987, the first day to be counted pursuant to §1.4(c) is the day after the act or event. Therefore, Monday, March 2, 1987, is the first day of the thirty day period specified in §21.39(d).

(d) *General Rule—Computation of Terminal Date.* Unless otherwise provided, when computing a period of time the last day of such period of time is included in the computation, and any action required must be taken on or before that day.

Example 9: Paragraph 1.4(b)(1) of this section provides that ''public notice'' in a notice and comment rule making proceeding begins on the day of FEDERAL REGISTER publication. Paragraph 1.4(b) of this section provides that the first day to be counted in computing a terminal date is the ''day after the day'' on which public notice occurs. Therefore, if the commission allows or requires an action to be taken 20 days after public notice in the FEDERAL REGISTER, the first day to be counted is the day after the date of the FEDERAL REGISTER publication. Accordingly, if the FEDERAL REGISTER document is published on Thursday, July 23, 1987, public notice is given on Thursday, July 23, and the first day to be counted in computing a 20 day period is Friday, July 24, 1987. The 20th day or terminal date upon which action must be taken is Wednesday, August 12, 1987.

(e) Definitions for purposes of this section:

(1) The term holiday means Saturday, Sunday, officially recognized Federal legal holidays and any other day on which the Commission's Headquarters are closed and not reopened prior to 5:30 p.m., or on which a Commission office aside from Headquarters is closed (but, in that situation, the holiday will apply only to filings with that particular office). For example, a

regularly scheduled Commission business day may become a holiday with respect to the entire Commission if Headquarters is closed prior to 5:30 p.m. due to adverse weather, emergency or other closing. Additionally, a regularly scheduled Commission business day may become a holiday with respect to a particular Commission office aside from Headquarters if that office is closed prior to 5:30 p.m. due to similar circumstances.

NOTE TO PARAGRAPH (e)(1): As of August 1987, officially recognized Federal legal holidays are New Year's Day, January 1; Martin Luther King's Birthday, third Monday in January; Washington's Birthday, third Monday in February; Memorial Day, last Monday in May; Independence Day, July 4; Labor Day, first Monday in September; Columbus Day, second Monday in October; Veterans Day, November 11; Thanksgiving Day, fourth Thursday in November; Christmas Day, December 25. If a legal holiday falls on Saturday or Sunday, the holiday is taken, respectively, on the preceding Friday or the following Monday. In addition, January 20, (Inauguration Day) following a Presidential election year is a legal holiday in the metropolitan Washington, DC area. If Inauguration Day falls on Sunday, the next succeeding day is a legal holiday. *See* 5 U.S.C. 6103; Executive Order No. 11582, 36 FR 2957 (Feb. 11, 1971). The determination of a ''holiday'' will apply only to the specific Commission location(s) designated as on ''holiday'' on that particular day.

(2) The term *business day* means all days, including days when the Commission opens later than the time specified in Rule §0.403, which are not ''holidays'' as defined above.

(3) The term *filing period* means the number of days allowed or prescribed by statute, rule, order, notice or other Commission action for filing any document with the Commission. It does not include any additional days allowed for filing any document pursuant to paragraphs (g), (h) and (j) of this section.

(4) The term *filing date* means the date upon which a document must be filed after all computations of time authorized by this section have been made.

(f) Except as provided in §0.401(b) of this chapter, all petitions, pleadings, tariffs or other documents not required to be accompanied by a fee and which are hand-delivered must be tendered for filing in complete form, as directed by the Rules, with the Office of the Secretary before 7 p.m., at 445 12th Street, SW., Washington, DC 20554. The Secretary will determine whether a tendered document meets the pre-7:00 p.m. deadline. Documents filed electronically pursuant to §1.49(f) must be received by the Commission's electronic filing system before midnight. Applications, attachments and pleadings filed electronically in the Universal Licensing System (ULS) pursuant to §1.939(b) must be received before midnight on the filing date. Media Bureau applications and reports filed electronically pursuant to §73.3500 of this chapter must be received by the electronic filing system before midnight on the filing date.

(g) Unless otherwise provided (e.g., §§1.773 and 76.1502(e)(1) of this chapter), if the filing period is less than 7 days, intermediate holidays shall not be counted in determining the filing date.

Example 10: A reply is required to be filed within 5 days after the filing of an opposition in a license application proceeding. The opposition is filed on Wednesday, June 10, 1987. The first day to be counted in computing the 5 day time period is Thursday, June 11, 1987. Saturday and Sunday are not counted because they are *holidays*. The document must be filed with the Commission on or before the following Wednesday, June 17, 1987.

(h) If a document is required to be served upon other parties by statute or Commission regulation and the document is in fact served by mail (see §1.47(f)), and the filing period for a response is 10 days or less, an additional 3 days (excluding holidays) will be allowed to all parties in the proceeding for filing a response. This paragraph (h) shall not apply to documents filed pursuant to §1.89, §1.315(b) or §1.316. For purposes of this paragraph (h) service by facsimile or by electronic means shall be deemed equivalent to hand delivery.

Example 11: A reply to an opposition for a petition for reconsideration must be filed within 7 days after the opposition is filed. 47 CFR 1.106(h). The rules require that the opposition be served on the person seeking reconsideration. 47 CFR 1.106(g). If the opposition is served on the party seeking reconsideration by mail and the opposition is filed with the Commission on Monday, November 9, 1987, the first day to be counted is Tuesday, November 10, 1987 (the day after the day

on which the event occurred, §1.4(c)), and the seventh day is Monday, November 16. An additional 3 days (excluding holidays) is then added at the end of the 7 day period, and the reply must be filed no later than Thursday, November 19, 1987.

Example 12: Assume that oppositions to a petition in a particular proceeding are due 10 days after the petition is filed and must be served on the parties to the proceeding. If the petition is filed on October 28, 1993, the last day of the filing period for oppositions is Sunday, November 7. If service is made by mail, the opposition is due three days after November 7, or Wednesday, November 10.

(i) If both paragraphs (g) and (h) of this section are applicable, make the paragraph (g) computation before the paragraph (h) computation.

Example 13: Section 1.45(b) requires the filing of replies to oppositions within five days after the time for filing oppositions has expired. If an opposition has been filed on the last day of the filing period (Friday, July 10, 1987), and was served on the replying party by mail, §1.4(i) of this section specifies that the paragraph (g) computation should be made before the paragraph (h) computation. Therefore, since the specified filing period is less than seven days, paragraph (g) is applied first. The first day of the filing period is Monday, July 13, 1987, and Friday, July 17, 1987 is the fifth day (the intervening weekend was not counted). Paragraph (h) is then applied to add three days for mailing (excluding holidays). That period begins on Monday, July 20, 1987. Therefore, Wednesday, July 22, 1987, is the date by which replies must be filed, since the intervening weekend is again not counted.

(j) Unless otherwise provided (e.g. §76.1502(e) of this chapter) if, after making all the computations provided for in this section, the filing date falls on a holiday, the document shall be filed on the next business day. *See* paragraph (e)(1) of this section. If a rule or order of the Commission specifies that the Commission must act by a certain date and that date falls on a holiday, the Commission action must be taken by the next business day.

Example 14: The filing date falls on Friday, December 25, 1987. The document is required to be filed on the next business day, which is Monday, December 28, 1987.

(k) Where specific provisions of part 1 conflict with this section, those specific provisions of part 1 are controlling. *See,* e.g.,§§1.45(d), 1.773(a)(3) and 1.773(b)(2). Additionally, where §76.1502(e) of this chapter conflicts with this section, those specific provisions of §76.1502 are controlling. *See* e.g. 47 CFR 76.1502(e).

(l) When Commission action is required by statute to be taken by a date that falls on a holiday, such action may be taken by the next business day (unless the statute provides otherwise).

§1.5 Mailing address furnished by licensee.

(a) Each licensee shall furnish the Commission with an address to be used by the Commission in serving documents or directing correspondence to that licensee. Unless any licensee advises the Commission to the contrary, the address contained in the licensee's most recent application will be used by the Commission for this purpose.

(b) The licensee is responsible for making any arrangements which may be necessary in his particular circumstances to assure that Commission documents or correspondence delivered to this address will promptly reach him or some person authorized by him to act in his behalf.

§1.6 Availability of station logs and records for Commission inspection.

(a) Station records and logs shall be made available for inspection or duplication at the request of the Commission or its representative. Such logs or records may be removed from the licensee's possession by a Commission representative or, upon request, shall be mailed by the licensee to the Commission by either registered mail, return receipt requested, or certified mail, return receipt requested. The return receipt shall be retained by the licensee as part of the station records until such records or logs are returned to the licensee. A receipt shall be furnished when the logs or records are removed from the licensee's possession by a Commission representative and

this receipt shall be retained by the licensee as part of the station records until such records or logs are returned to the licensee. When the Commission has no further need for such records or logs, they shall be returned to the licensee. The provisions of this rule shall apply solely to those station logs and records which are required to be maintained by the provisions of this chapter.

(b) Where records or logs are maintained as the official records of a recognized law enforcement agency and the removal of the records from the possession of the law enforcement agency will hinder its law enforcement activities, such records will not be removed pursuant to this section if the chief of the law enforcement agency promptly certifies in writing to the Federal Communications Commission that removal of the logs or records will hinder law enforcement activities of the agency, stating insofar as feasible the basis for his decision and the date when it can reasonably be expected that such records will be released to the Federal Communications Commission.

§ 1.7 Documents are filed upon receipt.

Unless otherwise provided in this Title, by Public Notice, or by decision of the Commission or of the Commission's staff acting on delegated authority, pleadings and other documents are considered to be filed with the Commission upon their receipt at the location designated by the Commission.

[60 FR 16055, Mar. 29, 1995]

§ 1.8 Withdrawal of papers.

The granting of a request to dismiss or withdraw an application or a pleading does not authorize the removal of such application or pleading from the Commission's records.

§ 1.10 Transcript of testimony; copies of documents submitted.

In any matter pending before the Commission, any person submitting data or evidence, whether acting under compulsion or voluntarily, shall have the right to retain a copy thereof, or to procure a copy of any document submitted by him, or of any transcript made of his testimony, upon payment of the charges therefor to the person furnishing the same, which person may be designated by the Commission. The Commission itself shall not be responsible for furnishing the copies.

[29 FR 14406, Oct. 20, 1964]

§ 1.12 Notice to attorneys of Commission documents.

In any matter pending before the Commission in which an attorney has appeared for, submitted a document on behalf of or been otherwise designated by a person, any notice or other written communication pertaining to that matter issued by the Commission and which is required or permitted to be furnished to the person will be communicated to the attorney, or to one of such attorneys if more than one is designated. If direct communication with the party is appropriate, a copy of such communication will be mailed to the attorney.

[29 FR 14406, Oct. 20, 1964]

§ 1.13 Filing of petitions for review and notices of appeals of Commission orders.

(a)(1) This section pertains to each party filing a petition for review in any United States court of appeals of a Commission Order, pursuant to section 402(a) of the Communications Act, 47 U.S.C. 402(a), and 28 U.S.C. 2342(1), that wishes to avail itself of procedures established for selection of a court in the case of multiple appeals, pursuant to 28 U.S.C. 2112(a). Each such party shall, within ten days after the issuance of that order, file with the General Counsel in the Office of General Counsel, Room 8–A741, 445 12th Street, SW., Washington, DC 20554, a copy of its petition for review as filed and date-stamped by the court of appeals within which it was filed. Such copies of petitions for review must be filed by 5:30 p.m. Eastern Time on the tenth day of the filing period. A stamp indicating the time and date received by the Office of General Counsel will constitute proof of filing. Upon receipt of any copies of petitions for review, the Commission shall follow the procedures established in section 28 U.S.C. 2112(a) to determine the court in which to file the record in that case.

(2) Computation of time of the ten-day period for filing copies of petitions for review of a Commission order shall be governed by Rule 26 of the Federal Rules of Appellate Procedure. The date of issuance of a Commission order for purposes of filing copies of petitions for review shall be the date of public notice as defined in §1.4(b) of the Commission's Rules, 47 CFR 1.4(b).

(b) Copies of notices of appeals filed pursuant to 47 U.S.C. 402(b) shall be served upon the General Counsel.

NOTE: For administrative efficiency, the Commission requests that any petitioner seeking judicial review of Commission actions pursuant to 47 U.S.C. 402(a) serve a copy of its petition on the General Counsel regardless of whether it wishes to avail itself of the procedures for multiple appeals set forth in 47 U.S.C. 2112(a).

§ 1.16 Unsworn declarations under penalty of perjury in lieu of affidavits.

Such declaration shall be subscribed by the declarant as true under penalty of perjury, and dated, in substantially the following form:

(1) In any written or oral statement of fact, intentionally provide material factual information that is incorrect or intentionally omit material information that is necessary to prevent any material factual statement that is made from being incorrect or misleading; and

(2) In any written statement of fact, provide material factual information that is incorrect or omit material information that is necessary to prevent any material factual statement that is made from being incorrect or misleading without a reasonable basis for believing that any such material factual statement is correct and not misleading.

(b) In accordance with the Commission's policy to encourage the fullest possible use of alternative dispute resolution procedures in its administrative proceedings, procedures contained in the Administrative Dispute Resolution Act, including the provisions dealing with confidentiality, shall also be applied in Commission alternative dispute resolution proceedings in which the Commission itself is not a party to the dispute.

§ 1.19 Use of metric units required.

Where parenthesized English units accompany metric units throughout this chapter, and the two figures are not precisely equivalent, the metric unit shall be considered the sole requirement; except, however, that the use of metric paper sizes is not currently required, and compliance with the English unit shall be considered sufficient when the Commission form requests that data showing compliance with that particular standard be submitted in English units.

PARTIES, PRACTITIONERS, AND WITNESSES

§ 1.21 Parties.

(a) Any party may appear before the Commission and be heard in person or by attorney.

(b) The appropriate Bureau Chief(s) of the Commission shall be deemed to be a party to every adjudicatory proceeding (as defined in the Administrative Procedure Act) without the necessity of being so named in the order designating the proceeding for hearing.

(c) When, in any proceeding, a pleading is filed on behalf of either the General Counsel or the Chief Engineer, he shall thereafter be deemed a party to the proceeding.

(d) Except as otherwise expressly provided in this chapter, a duly authorized corporate officer or employee may act for the corporation in any matter which has not been designated for an evidentiary hearing and, in the discretion of the presiding officer, may appear and be heard on behalf of the corporation in an evidentiary hearing proceeding.

[28 FR 12415, Nov. 22, 1963, as amended at 37 FR 8527, Apr. 28, 1972; 44 FR 39180, July 5, 1979; 51 FR 12616, Apr. 14, 1986]

§ 1.22 Authority for representation.

Any person, in a representative capacity, transacting business with the Commission, may be required to show his authority to act in such capacity.

§ 1.23 Persons who may be admitted to practice.

(a) Any person who is a member in good standing of the bar of the Supreme Court of the United States or of the highest court of any state, territory or the District of Columbia, and who is not under any final order of any authority having power to suspend or disbar an attorney in the practice of law within any state, territory or the

District of Columbia that suspends, enjoins, restrains, disbars, or otherwise restricts him or her in the practice of law, may represent others before the Commission.

(b) When such member of the bar acting in a representative capacity appears in person or signs a paper in practice before the Commission, his personal appearance or signature shall constitute a representation to the Commission that, under the provisions of this chapter and the law, he is authorized and qualified to represent the particular party in whose behalf he acts. Further proof of authority to act in a representative capacity may be required.

[28 FR 12415, Nov. 22, 1963, as amended at 57 FR 38285, Aug. 24, 1992]

§ 1.24 Censure, suspension, or disbarment of attorneys.

(a) The Commission may censure, suspend, or disbar any person who has practiced, is practicing or holding himself out as entitled to practice before it if it finds that such person:

(1) Does not possess the qualifications required by § 1.23;

(2) Has failed to conform to standards of ethical conduct required of practitioners at the bar of any court of which he is a member;

(3) Is lacking in character or professional integrity; and/or

(4) Displays toward the Commission or any of its hearing officers conduct which, if displayed toward any court of the United States or any of its Territories or the District of Columbia, would be cause for censure, suspension, or disbarment.

(b) Except as provided in paragraph (c) of this section, before any member of the bar of the Commission shall be censured, suspended, or disbarred, charges shall be preferred by the Commission against such practitioner, and he or she shall be afforded an opportunity to be heard thereon.

(c) Upon receipt of official notice from any authority having power to suspend or disbar an attorney in the practice of law within any state, territory, or the District of Columbia which demonstrates that an attorney practicing before the Commission is subject to an order of final suspension (not merely temporary suspension pending further action) or disbarment by such authority, the Commission may, without any preliminary hearing, enter an order temporarily suspending the attorney from practice before it pending final disposition of a disciplinary proceeding brought pursuant to § 1.24(a)(2), which shall afford such attorney an opportunity to be heard and directing the attorney to show cause within thirty days from the date of said order why identical discipline should not be imposed against such attorney by the Commission.

(d) Allegations of attorney misconduct in Commission proceedings shall be referred under seal to the Office of General Counsel. Pending action by the General Counsel, the decision maker may proceed with the merits of the matter but in its decision may make findings concerning the attorney's conduct only if necessary to resolve questions concerning an applicant and may not reach any conclusions regarding the ethical ramifications of the attorney's conduct. The General Counsel will determine if the allegations are substantial, and, if so, shall immediately notify the attorney and direct him or her to respond to the allegations. No notice will be provided to other parties to the proceeding. The General Counsel will then determine what further measures are necessary to protect the integrity of the Commission's administrative process, including but not limited to one or more of the following:

(1) Recommending to the Commission the institution of a proceeding under paragraph (a) of this section;

(2) Referring the matter to the appropriate State, territorial, or District of Columbia bar; or

(3) Consulting with the Department of Justice.

Rules relating to appearances are set forth in §§ 1.87, 1.91, 1.221, and 1.703.

§ 1.27 Witnesses; right to counsel.

Any individual compelled to appear in person in any Commission proceeding may be accompanied, represented, and advised by counsel as provided in this section. (Regulations as to persons seeking voluntarily to appear and give evidence are set forth in § 1.225.)

(a) Counsel may advise his client in confidence, either upon his own initiative or that of the witness, before, during, and after the conclusion of the proceeding.

(b) Counsel for the witness will be permitted to make objections on the record, and to state briefly the basis for such objections, in connection with any examination of his client.

(c) At the conclusion of the examination of his client, counsel may ask clarifying questions if in the judgment of the presiding officer such questioning is necessary or desirable in order to avoid ambiguity or incompleteness in the responses previously given.

(d) Except as provided by paragraph (c) of this section, counsel for the witness may not examine or cross-examine any witness, or offer documentary evidence, unless authorized by the Commission to do so.

§ 1.43 Requests for stay; cross-reference.

General rules relating to requests for stay of any order or decision are set forth in §§ 1.41, 1.44(e), 1.45 (d) and (e), and 1.298(a). See also §§ 1.102, 1.106(n), and 1.115(h).

§ 1.44 Separate pleadings for different requests.

(a) Requests requiring action by the Commission shall not be combined in a pleading with requests for action by an administrative law judge or by any person or persons acting pursuant to delegated authority.

(b) Requests requiring action by an administrative law judge shall not be combined in a pleading with requests for action by the Commission or by any person or persons acting pursuant to delegated authority.

(c) Requests requiring action by any person or persons pursuant to delegated authority shall not be combined in a pleading with requests for action by any other person or persons acting pursuant to delegated authority.

(d) Pleadings which combine requests in a manner prohibited by paragraph (a), (b), or (c) of this section may be returned without consideration to the person who filed the pleading.

(e) Any request to stay the effectiveness of any decision or order of the Commission shall be filed as a separate pleading. Any such request which is not filed as a separate pleading will not be considered by the Commission.

NOTE: Matters which are acted on pursuant to delegated authority are set forth in subpart B of part 0 of this chapter. Matters acted on by the hearing examiner are set forth in § 0.341.

§ 1.45 Pleadings; filing periods.

Except as otherwise provided in this chapter, pleadings in Commission proceedings shall be filed in accordance with the provisions of this section. Pleadings associated with licenses, applications, waivers and other documents in the Wireless Radio Services may be filed via the ULS.

(a) *Petitions.* Petitions to deny may be filed pursuant to § 1.939 of this part.

(b) *Oppositions.* Oppositions to any motion, petition, or request may be filed within 10 days after the original pleading is filed.

(c) *Replies.* The person who filed the original pleading may reply to oppositions within 5 days after the time for filing oppositions has expired. The reply shall be limited to matters raised in the oppositions, and the response to all such matters shall be set forth in a single pleading; separate replies to individual oppositions shall not be filed.

(d) *Requests for temporary relief; shorter filing periods.* Oppositions to a request for stay of any order or to a request for other temporary relief shall be filed within 7 days after the request is filed. Replies to oppositions should not be filed and will not be considered. The provisions of § 1.4(h) shall not apply in computing the filing date for oppositions to a request for stay or for other temporary relief.

(e) *Ex parte disposition of certain pleadings.* As a matter of discretion, the Commission may rule *ex parte* upon requests for continuances and extensions of time, requests for permission to file pleadings in excess of the length prescribed in this chapter, and requests for temporary relief, without waiting for the filing of oppositions or replies.

§ 1.46 Motions for extension of time.

(a) It is the policy of the Commission that extensions of time shall not be routinely granted.

(b) Motions for extension of time in which to file responses to petitions for rulemaking, replies to such responses, comments filed in response to notice of proposed rulemaking, replies to such comments and other filings in rulemaking proceedings conducted under Subpart C of this part shall be filed at least 7 days before the filing date. If a timely motion is denied, the responses and comments, replies thereto, or other filings need not be filed until 2 business days after the Commission acts on the motion. In emergency situations, the Commission will consider a late-filed motion for a brief extension of time related to the duration of the emergency and will consider motions for acceptance of comments, reply comments or other filings made after the filing date.

(c) If a motion for extension of time in which to make filings in proceedings other than notice and comment rule making proceedings is filed less than 7 days prior to the filing day, the party filing the motion shall (in addition to serving the motion on other parties) orally notify other parties and Commission staff personnel responsible for acting on the motion that the motion has been (or is being) filed.

§ 1.47 Service of documents and proof of service.

(a) Where the Commission or any person is required by statute or by the provisions of this chapter to serve any document upon any person, service shall (in the absence of specific provisions in this chapter to the contrary) be made in accordance with the provisions of this section. Documents that are required to be served by the Commission in agency proceedings (*i.e.*, not in the context of judicial proceedings, Congressional investigations, or other proceedings outside the Commission) may be served in electronic form. In proceedings involving a large number

of parties, and unless otherwise provided by statute, the Commission may satisfy its service obligation by issuing a public notice that identifies the documents required to be served and that explains how parties can obtain copies of the documents.

NOTE TO PARAGRAPH (a): Section 1.47(a) grants staff the authority to decide upon the appropriate format for electronic notification in a particular proceeding, consistent with any applicable statutory requirements. The Commission expects that service by public notice will be used only in proceedings with 20 or more parties.

(b) Where any person is required to serve any document filed with the Commission, service shall be made by that person or by his representative on or before the day on which the document is filed.

(c) Commission counsel who formally participate in any proceeding shall be served in the same manner as other persons who participate in that proceeding. The filing of a document with the Commission does not constitute service upon Commission counsel.

(d) Except in formal complaint proceedings against common carriers under §§1.720 through 1.736, documents may be served upon a party, his attorney, or other duly constituted agent by delivering a copy or by mailing a copy to the last known address. See §1.736. Documents that are required to be served must be served in paper form, even if documents are filed in electronic form with the Commission, unless the party to be served agrees to accept service in some other form.

(e) Delivery of a copy pursuant to this section means handing it to the party, his attorney, or other duly constituted agent; or leaving it with the clerk or other person in charge of the office of the person being served; or, if there is no one in charge of such office, leaving it in a conspicuous place therein; or, if such office is closed or the person to be served has no office, leaving it at his dwelling house or usual place of abode with some person of suitable age and discretion then residing therein.

(f) Service by mail is complete upon mailing.

(g) Proof of service, as provided in this section, shall be filed before action is taken. The proof of service shall show the time and manner of service, and may be by written acknowledgement of service, by certificate of the person effecting the service, or by other proof satisfactory to the Commission. Failure to make proof of service will not affect the validity of the service. The Commission may allow the proof to be amended or supplied at any time, unless to do so would result in material prejudice to a party.

(h) Every common carrier and interconnected VoIP provider, as defined in §54.5 of this chapter, and non-interconnected VoIP provider, as defined in §64.601(a)(15) of this chapter and with interstate end-user revenues that are subject to contribution to the Telecommunications Relay Service Fund, that is subject to the Communications Act of 1934, as amended, shall designate an agent in the District of Columbia, and may designate additional agents if it so chooses, upon whom service of all notices, process, orders, decisions, and requirements of the Commission may be made for and on behalf of such carrier, interconnected VoIP provider, or non-interconnected VoIP provider in any proceeding before the Commission. Such designation shall include, for the carrier, interconnected VoIP provider, or non-interconnected VoIP provider and its designated agents, a name, business address, telephone or voicemail number, facsimile number, and, if available, Internet e-mail address. Such carrier, interconnected VoIP provider, or non-interconnected VoIP provider shall additionally list any other names by which it is known or under which it does business, and, if the carrier, interconnected VoIP provider, or non-interconnected VoIP provider is an affiliated company, the parent, holding, or management company. Within thirty (30) days of the commencement of provision of service, such carrier, interconnected VoIP provider, or non-interconnected VoIP provider shall file such information with the Chief of the Enforcement Bureau's Market Disputes Resolution Division. Such carriers, interconnected VoIP providers, and non-interconnected VoIP providers may file a hard copy of the relevant portion of the Telecommunications Reporting Worksheet,

as delineated by the Commission in the FEDERAL REGISTER, to satisfy this requirement. Each Telecommunications Reporting Worksheet filed annually by a common carrier, interconnected VoIP provider, or non-interconnected VoIP provider must contain a name, business address, telephone or voicemail number, facsimile number, and, if available, Internet e-mail address for its designated agents, regardless of whether such information has been revised since the previous filing. Carriers, interconnected VoIP providers, and non-interconnected VoIP providers must notify the Commission within one week of any changes in their designation information by filing revised portions of the Telecommunications Reporting Worksheet with the Chief of the Enforcement Bureau's Market Disputes Resolution Division. A paper copy of this designation list shall be maintained in the Office of the Secretary of the Commission. Service of any notice, process, orders, decisions or requirements of the Commission may be made upon such carrier, interconnected VoIP provider, or non-interconnected VoIP provider by leaving a copy thereof with such designated agent at his office or usual place of residence. If such carrier, interconnected VoIP provider, or non-interconnected VoIP provider fails to designate such an agent, service of any notice or other process in any proceeding before the Commission, or of any order, decision, or requirement of the Commission, may be made by posting such notice, process, order, requirement, or decision in the Office of the Secretary of the Commission.

§ 1.48 Length of pleadings.

(a) Affidavits, statements, tables of contents and summaries of filings, and other materials which are submitted with and factually support a pleading are not counted in determining the length of the pleading. If other materials are submitted with a pleading, they will be counted in determining its length; and if the length of the pleadings, as so computed, is greater than permitted by the provisions of this chapter, the pleading will be returned without consideration.

(b) It is the policy of the Commission that requests for permission to file pleadings in excess of the length prescribed by the provisions of this chapter shall not be routinely granted. Where the filing period is 10 days or less, the request shall be made within 2 business days after the period begins to run. Where the period is more than 10 days, the request shall be filed at least 10 days before the filing date. (See §1.4.) If a timely request is made, the pleading need not be filed earlier than 2 business days after the Commission acts upon the request.

§ 1.49 Specifications as to pleadings and documents.

(a) All pleadings and documents filed in paper form in any Commission proceeding shall be typewritten or prepared by mechanical processing methods, and shall be filed on A4 (21 cm. × 29.7 cm.) or on 8½ × 11 inch (21.6 cm. × 27.9 cm.) paper with the margins set so that the printed material does not exceed 6 ½ × 9½ inches (16.5 cm. × 24.1 cm.). The printed material may be in any typeface of at least 12-point (0.42333 cm. or 12/72″) in height. The body of the text must be double spaced with a minimum distance of 7/32 of an inch (0.5556 cm.) between each line of text. Footnotes and long, indented quotations may be single spaced, but must be in type that is 12-point or larger in height, with at least 1/16 of an inch (0.158 cm.) between each line of text. Counsel are cautioned against employing extended single spaced passages or excessive footnotes to evade prescribed pleading lengths. If single-spaced passages or footnotes are used in this manner the pleading will, at the discretion of the Commission, either be rejected as unacceptable for filing or dismissed with leave to be refiled in proper form. Pleadings may be printed on both sides of the paper. Pleadings that use only one side of the paper shall be stapled, or otherwise bound, in the upper left-hand corner; those using

both sides of the paper shall be stapled twice, or otherwise bound, along the left-hand margin so that it opens like a book. The foregoing shall not apply to printed briefs specifically requested by the Commission, official publications, charted or maps, original documents (or admissible copies thereof) offered as exhibits, specially prepared exhibits, or if otherwise specifically provided. All copies shall be clearly legible.

(b) Except as provided in paragraph (d) of this section, all pleadings and documents filed with the Commission, the length of which as computed under this chapter exceeds ten pages, shall include, as part of the pleading or document, a table of contents with page references.

(c) Except as provided in paragraph (d) of this section, all pleadings and documents filed with the Commission, the length of which filings as computed under this chapter exceeds ten pages, shall include, as part of the pleading or document, a summary of the filing, suitably paragraphed, which should be a succinct, but accurate and clear condensation of the substance of the filing. It should not be a mere repetition of the headings under which the filing is arranged. For pleadings and documents exceeding ten but not twenty-five pages in length, the summary should seldom exceed one and never two pages; for pleadings and documents exceeding twenty-five pages in length, the summary should seldom exceed two and never five pages.

(d) The requirements of paragraphs (b) and (c) of this section shall not apply to:

(1) Interrogatories or answers to interrogatories, and depositions;

(2) FCC forms or applications;

(3) Transcripts;

(4) Contracts and reports;

(5) Letters; or

(6) Hearing exhibits, and exhibits or appendicies accompanying any document or pleading submitted to the Commission.

(e) Petitions, pleadings, and other documents associated with licensing matters in the Wireless Radio Services may be filed electronically in ULS. See § 22.6 for specifications.

(f)(1) In the following types of proceedings, all pleadings, including permissible ex parte submissions, notices of ex parte presentations, comments, reply comments, and petitions for reconsideration and replies thereto, must be filed in electronic format:

(i) Formal complaint proceedings under Section 208 of the Act and rules in §§ 1.720 through 1.736, pole attachment complaint proceedings under Section 224 of the Act and rules in §§ 1.1401 through 1.1424, and formal complaint proceedings under Open Internet rules §§ 8.12 through 8.17, and;

(ii) Proceedings, other than rulemaking proceedings, relating to customer proprietary network information (CPNI);

(iii) Proceedings relating to cable special relief petitions;

(iv) Proceedings involving Over-the-Air Reception Devices;

(v) Common carrier certifications under § 54.314 of this chapter;

(vi) Domestic Section 214 transfer-of-control applications pursuant to §§ 63.52 and 63.53 of this chapter;

(vii) Domestic Section 214 discontinuance applications pursuant to §§ 63.63 and/or 63.71 of this chapter; and

(viii) Notices of network change and associated certifications pursuant to § 51.325 *et seq.* of this chapter.

(2) Unless required under paragraph (f)(1) of this section, in the following types of proceedings, all pleadings, including permissible ex parte submissions, notices of ex parte presentations, comments, reply comments, and petitions for reconsideration and replies thereto, may be filed in electronic format:

(i) General rulemaking proceedings other than broadcast allotment proceedings;

(ii) Notice of inquiry proceedings;

(iii) Petition for rulemaking proceedings (except broadcast allotment proceedings);

(iv) Petition for forbearance proceedings; and

(v) Filings responsive to domestic section 214 transfers under § 63.03 of this chapter, section 214 discontinuances under § 63.71 of this chapter, and notices of network change under § 51.325 *et seq.* of this chapter.

(3) To further greater reliance on electronic filing wherever possible, the Bureaus and Offices, in coordination

with the Managing Director, may provide to the public capabilities for electronic filing of additional types of pleadings notwithstanding any provisions of this chapter that may otherwise be construed as requiring such filings to be submitted on paper.

(4) For purposes of compliance with any prescribed pleading lengths, the length of any document filed in electronic form shall be equal to the length of the document if printed out and formatted according to the specifications of paragraph (a) of this section, or shall be no more than 250 words per page.

NOTE TO §1.49: The table of contents and the summary pages shall not be included in complying with any page limitation requirements as set forth by Commission rule.

§1.50 Specifications as to briefs.

The Commission's preference is for briefs that are either typewritten, prepared by other mechanical processing methods, or, in the case of matters in the Wireless Radio Services, composed electronically and sent via ULS. Printed briefs will be accepted only if specifically requested by the Commission. Typewritten, mechanically produced, or electronically transmitted briefs must conform to all of the applicable specifications for pleadings and documents set forth in §1.49.

[63 FR 68920, Dec. 14, 1998]

§1.51 Number of copies of pleadings, briefs, and other papers.

(a) In hearing proceedings, unless otherwise specified by Commission rules, an original and one copy shall be filed, along with-an additional copy for each additional presiding officer at the hearing, if more than one.

(b) In rulemaking proceedings which have not been designated for hearing, *see* §1.419.

(c) In matters other than rulemaking and hearing cases, unless otherwise specified by Commission rules, an original and one copy shall be filed. If the matter relates to part 22 of the rules, *see* §22.6 of this chapter.

(d) Where statute or regulation provides for service by the Commission of papers filed with the Commission, an additional copy of such papers shall be filed for each person to be served.

(e) The parties to any proceeding may, on notice, be required to file additional copies of any or all filings made in that proceeding.

(f) For application and licensing matters involving the Wireless Radio Services, pleadings, briefs or other documents may be filed electronically in ULS, or if filed manually, one original and one copy of a pleading, brief or other document must be filed.

(g) Participants that file pleadings, briefs or other documents electronically in ULS need only submit one copy, so long as the submission conforms to any procedural or filing requirements established for formal electronic comments. (*See* §1.49)

(h) Pleadings, briefs or other documents filed electronically in ULS by a party represented by an attorney shall include the name, street address, and telephone number of at least one attorney of record. Parties not represented by an attorney that file electronically in ULS shall provide their name, street address, and telephone number.

[76 FR 24391, May 2, 2011]

§1.52 Subscription and verification.

The original of all petitions, motions, pleadings, briefs, and other documents filed by any party represented by counsel shall be signed by at least one attorney of record in his individual name, whose address shall be stated. A party who is not represented by an attorney shall sign and verify the document and state his address. Either the original document, the electronic reproduction of such original document containing the facsimile signature of the attorney or represented party, or, in the case of matters in the Wireless Radio Services, an electronic filing via ULS is acceptable for filing. If a facsimile or electronic reproduction of such original document is filed, the signatory shall retain the original until the Commission's decision is final

and no longer subject to judicial review. If pursuant to §1.429(h) a document is filed electronically, a signature will be considered any symbol executed or adopted by the party with the intent that such symbol be a signature, including symbols formed by computer-generated electronic impulses. Except when otherwise specifically provided by rule or statute, documents signed by the attorney for a party need not be verified or accompanied by affidavit. The signature or electronic reproduction thereof by an attorney constitutes a certificate by him that he has read the document; that to the best of his knowledge, information, and belief there is good ground to support it; and that it is not interposed for delay. If the original of a document is not signed or is signed with intent to defeat the purpose of this section, or an electronic reproduction does not contain a facsimile signature, it may be stricken as sham and false, and the matter may proceed as though the document had not been filed. An attorney may be subjected to appropriate disciplinary action, pursuant to §1.24, for a willful violation of this section or if scandalous or indecent matter is inserted.

FORBEARANCE PROCEEDINGS

§1.53 Separate pleadings for petitions for forbearance.

In order to be considered as a petition for forbearance subject to the one-year deadline set forth in 47 U.S.C. 160(c), any petition requesting that the Commission exercise its forbearance authority under 47 U.S.C. 160 shall be filed as a separate pleading and shall be identified in the caption of such pleading as a petition for forbearance under 47 U.S.C. 160(c). Any request which is not in compliance with this rule is deemed not to constitute a petition pursuant to 47 U.S.C. 160(c), and is not subject to the deadline set forth therein.

[65 FR 7460, Feb. 15, 2000]

§1.54 Petitions for forbearance must be complete as filed.

Alternatively, the petition must declare that the petitioner has not, in a pending proceeding, requested or otherwise taken a position on the relief sought.

(d) *Filing requirements.* Petitions for forbearance shall comply with the filing requirements in §1.49.

(1) Petitions for forbearance shall be e-mailed to *forbearance@fcc.gov* at the time for filing.

(2) The scope of the forbearance sought and a description of the subjects and issues involved.

(3) The docket number assigned to the proceeding.

(4) A statement of the time for filing oppositions or comments and replies thereto.

[74 FR 39227, Aug. 6, 2009]

§1.56 Motions for summary denial of petitions for forbearance.

(b) The Commission will vote on any circulated order resolving a forbearance petition not later than seven days before the last day that action must be taken to prevent the petition from being deemed granted by operation of law.

GENERAL APPLICATION PROCEDURES

§ 1.61 Procedures for handling applications requiring special aeronautical study.

(a) Antenna Structure Registration is conducted by the Wireless Telecommunications Bureau as follows:

(1) Each antenna structure owner that must notify the FAA of proposed construction using FAA Form 7460–1 shall, upon proposing new or modified construction, register that antenna structure with the Wireless Telecommunications Bureau using FCC Form 854.

(2) In accordance with §1.1307 and §17.4(c) of this chapter, the Bureau will address any environmental concerns prior to processing the registration.

(3) If a final FAA determination of ''no hazard'' is not submitted along with FCC Form 854, processing of the registration may be delayed or disapproved.

(4) If the owner of the antenna structure cannot file FCC Form 854 because it is subject to a denial of Federal benefits under the Anti-Drug Abuse Act of 1988, 21 U.S.C. 862, the first licensee authorized to locate on the structure must register the structure using FCC Form 854, and provide a copy of the Antenna Structure Registration (FCC Form 854R) to the owner. The owner remains responsible for providing a copy of FCC Form 854R to all tenant licensees on the structure and for posting the registration number as required by §17.4(g) of this chapter.

(5) Upon receipt of FCC Form 854, and attached FAA final determination of ''no hazard,'' the Bureau may prescribe antenna structure painting and/or lighting specifications or other conditions in accordance with the FAA airspace recommendation. Unless otherwise specified by the Bureau, the antenna structure must conform to the FAA's painting and lighting recommendations set forth in the FAA's determination of ''no hazard'' and the associated FAA study number. The Bureau returns a completed Antenna Structure Registration (FCC Form 854R) to the registrant. If the proposed structure is disapproved the registrant is so advised.

(b) Each operating Bureau or Office examines the applications for Commission authorization for which it is responsible to ensure compliance with FAA notification procedures as well as Commission Antenna Structure Registration as follows:

(1) If Antenna Structure Registration is required, the operating Bureau reviews the application for the Antenna Structure Registration Number and proceeds as follows:

(i) If the application contains the Antenna Structure Registration Number or if the applicant seeks a Cellular or PCS system authorization, the operating Bureau processes the application.

(ii) If the application does not contain the Antenna Structure Registration Number, but the structure owner has already filed FCC Form 854, the operating Bureau places the application on hold until Registration can be confirmed, so long as the owner exhibits due diligence in filing.

(iii) If the application does not contain the Antenna Structure Registration Number, and the structure owner has not filed FCC Form 854, the operating Bureau notifies the applicant that FCC Form 854 must be filed and places the application on hold until Registration can be confirmed, so long as the owner exhibits due diligence in filing.

(2) If Antenna Structure Registration is not required, the operating Bureau processes the application.

(c) Where one or more antenna farm areas have been designated for a community or communities (see §17.9 of this chapter), an application proposing the erection of an antenna structure over 1,000 feet in height above ground to serve such community or communities will not be accepted for filing unless:

(1) It is proposed to locate the antenna structure in a designated antenna farm area, or

(2) It is accompanied by a statement from the Federal Aviation Administration that the proposed structure will not constitute a menace to air navigation, or

(3) It is accompanied by a request for waiver setting forth reasons sufficient, if true, to justify such a waiver.

NOTE: By Commission Order (FCC 65–455), 30 FR 7419, June 5, 1965, the Commission issued the following policy statement concerning the height of radio and television antenna towers:

''We have concluded that this objective can best be achieved by adopting the following policy: Applications for antenna towers higher than 2,000 feet above ground will be presumed to be inconsistent with the public interest, and the applicant will have a burden of overcoming that strong presumption. The applicant must accompany its application with a detailed showing directed to meeting this burden. Only in the exceptional case, where the Commission concludes that a clear and compelling showing has been made that there are public interest reasons requiring a tower higher than 2,000 feet above ground, and after the parties have complied with applicable FAA procedures, and full Commission coordination with FAA on the question of menace to air navigation, will a grant be made. Applicants and parties in interest will, of course, be afforded their statutory hearing rights.''

§ 1.62 Operation pending action on renewal application.

(a)(1) Where there is pending before the Commission at the time of expiration of license any proper and timely application for renewal of license with respect to any activity of a continuing nature, in accordance with the provisions of section 9(b) of the Administrative Procedure Act, such license shall continue in effect without further action by the Commission until such time as the Commission shall make a final determination with respect to the renewal application. No operation by any licensee under this section shall be construed as a finding by the Commission that the operation will serve the public interest, convenience, or necessity, nor shall such operation in any way affect or limit the action of the Commission with respect to any pending application or proceeding.

(2) A licensee operating by virtue of this paragraph shall, after the date of expiration specified in the license, post, in addition to the original license, any acknowledgment received from the Commission that the renewal application has been accepted for filing or a signed copy of the application for renewal of license which has been submitted by the licensee, or in services other than broadcast and common carrier, a statement certifying that the licensee has mailed or filed a renewal application, specifying the date of mailing or filing.

(b) Where there is pending before the Commission at the time of expiration of license any proper and timely application for renewal or extension of the term of a license with respect to any activity not of a continuing nature, the Commission may in its discretion grant a temporary extension of such license pending determination of such application. No such temporary extension shall be construed as a finding by the Commission that the operation of any radio station thereunder will serve the public interest, convenience, or necessity beyond the express terms of such temporary extension of license, nor shall such temporary extension in any way affect or limit the action of the Commission with respect to any pending application or proceeding.

(c) Except where an instrument of authorization clearly states on its face that it relates to an activity not of a continuing nature, or where the noncontinuing nature is otherwise clearly apparent upon the face of the authorization, all licenses issued by the Commission shall be deemed to be related to an activity of a continuing nature.

(5 U.S.C. 558)

§ 1.65 Substantial and significant changes in information furnished by applicants to the Commission.

(a) Each applicant is responsible for the continuing accuracy and completeness of information furnished in a pending application or in Commission proceedings involving a pending application. Except as otherwise required by rules applicable to particular types of applications, whenever the information furnished in the pending application is no longer substantially accurate and complete in all significant respects, the applicant shall as promptly as possible and in any event within 30 days, unless good cause is shown, amend or request the amendment of the application so as to furnish such additional or corrected information as may be appropriate. Except as otherwise required by rules applicable to particular types of applications, whenever there has been a substantial change as to any other matter which may be of decisional significance in a Commission proceeding involving the pending application, the applicant shall as promptly as possible and in any event within 30 days, unless good cause is shown, submit a statement furnishing such additional or corrected information as may be appropriate, which shall be served upon parties of record in accordance with § 1.47. Where the matter is before any court for review, statements and requests to amend shall in addition be served upon the Commission's General Counsel. For the purposes of this section, an application is ''pending'' before the Commission from the time it is accepted for filing by the Commission until a Commission grant or denial of the application is no longer subject to reconsideration by the Commission or to review by any court.

(b) Applications in broadcast services subject to competitive bidding will be subject to the provisions of §§ 1.2105(b), 73.5002 and 73.3522 of this chapter regarding the modification of their applications.

(c) All broadcast permittees and licensees must report annually to the Commission any adverse finding or adverse final action taken by any court or administrative body that involves conduct bearing on the permittee's or licensee's character qualifications and that would be reportable in connection with an application for renewal as reflected in the renewal form. If a report is required by this paragraph(s), it shall be filed on the anniversary of the date that the licensee's renewal application is required to be filed, except that licensees owning multiple stations with different anniversary dates need file only one report per year on the anniversary of their choice, provided that their reports are not more than one year apart. Permittees and licensees bear the obligation to make diligent, good faith efforts to become knowledgeable of any such reportable adjudicated misconduct.

NOTE: The terms *adverse finding* and *adverse final action* as used in paragraph (c) of this section include adjudications made by an ultimate trier of fact, whether a government agency or court, but do not include factual determinations which are subject to review *de novo* unless the time for taking such review has expired under the relevant procedural rules. The pendency of an appeal of an adverse finding or adverse final action does not relieve a permittee or licensee from its obligation to report the finding or action.

§ 1.68 Action on application for license to cover construction permit.

(a) An application for license by the lawful holder of a construction permit will be granted without hearing where the Commission, upon examination of such application, finds that all the terms, conditions, and obligations set forth in the application and permit have been fully met, and that no cause or circumstance arising or first coming to the knowledge of the Commission since the granting of the permit would, in the judgment of the Commission, make the operation of such station against the public interest.

(b) In the event the Commission is unable to make the findings in paragraph (a) of this section, the Commission will designate the application for hearing upon specified issues.

any single act or failure to act described in paragraph (a) of this section. There is no limit on forfeiture assessments for EEO violations by cable operators that occur after notification by the Commission of a potential violation. See section 634(f)(2) of the Communications Act. Notwithstanding the foregoing in this section, if the violator is a broadcast station licensee or permittee or an applicant for any broadcast license, permit, certificate, or other instrument of authorization issued by the Commission, and if the violator is determined by the Commission to have broadcast obscene, indecent, or profane material, the forfeiture penalty under this section shall not exceed $350,000 for each violation or each day of a continuing violation, except that the amount assessed for any continuing violation shall not exceed a total of $3,300,000 for any single act or failure to act described in paragraph (a) of this section.

(2) If the violator is a common carrier subject to the provisions of the Communications Act or an applicant for any common carrier license, permit, certificate, or other instrument of authorization issued by the Commission, the amount of any forfeiture penalty determined under this section shall not exceed $160,000 for each violation or each day of a continuing violation, except that the amount assessed for any continuing violation shall not exceed a total of $1,575,000 for any single act or failure to act described in paragraph (a) of this section.

(4) Any person determined to have violated section 227(e) of the Communications Act or the rules issued by the Commission under section 227(e) of the Communications Act shall be liable to the United States for a forfeiture penalty of not more than $10,000 for each violation or three times that amount for each day of a continuing violation, except that the amount assessed for any continuing violation shall not exceed a total of $1,025,000 for any single act or failure to act. Such penalty shall be in addition to any other forfeiture penalty provided for by the Communications Act.

(5) If a violator who is granted access to the Do-Not-Call registry of public safety answering points discloses or disseminates any registered telephone number without authorization, in violation of section 6507(b)(4) of the Middle Class Tax Relief and Job Creation Act of 2012 or the Commission's implementing rules, the monetary penalty for such unauthorized disclosure or dissemination of a telephone number from the registry shall be not less than $100,000 per incident nor more than $1,000,000 per incident depending upon whether the conduct leading to the violation was negligent, grossly negligent, reckless, or willful, and depending on whether the violation was a first or subsequent offense.

(6) If a violator uses automatic dialing equipment to contact a telephone number on the Do-Not-Call registry of public safety answering points, in violation of section 6507(b)(5) of the Middle Class Tax Relief and Job Creation Act of 2012 or the Commission's implementing rules, the monetary penalty for contacting such a telephone number shall be not less than $10,000 per call nor more than $100,000 per call depending on whether the violation was negligent, grossly negligent, reckless, or willful, and depending on whether the violation was a first or subsequent offense.

(8) *Factors considered in determining the amount of the forfeiture penalty.* In determining the amount of the forfeiture penalty, the Commission or its designee will take into account the nature, circumstances, extent and gravity of the violations and, with respect to the violator, the degree of culpability, any history of prior offenses, ability to pay, and such other matters as justice may require.

NOTE TO PARAGRAPH (b)(8): *Guidelines for Assessing Forfeitures.* The Commission and its staff may use these guidelines in particular cases. The Commission and its staff retain the discretion to issue a higher or lower forfeiture than provided in the guidelines, to issue no forfeiture at all, or to apply alternative or additional sanctions as permitted by the statute. The forfeiture ceilings per violation or per day for a continuing violation stated in section 503 of the Communications Act and the Commission's rules are described in §1.80(b)(9). These statutory maxima became effective September 13, 2013. Forfeitures issued under other sections of the Act are dealt with separately in section III of this note.

SECTION II. ADJUSTMENT CRITERIA FOR SECTION 503 FORFEITURES

Upward Adjustment Criteria

(1) Egregious misconduct.
(2) Ability to pay/relative disincentive.
(3) Intentional violation.
(4) Substantial harm.
(5) Prior violations of any FCC requirements.
(6) Substantial economic gain.
(7) Repeated or continuous violation.

Downward Adjustment Criteria

(1) Minor violation.
(2) Good faith or voluntary disclosure.
(3) History of overall compliance.
(4) Inability to pay.

SECTION III. NON-SECTION 503 FORFEITURES THAT ARE AFFECTED BY THE DOWNWARD ADJUSTMENT FACTORS

Unlike section 503 of the Act, which establishes maximum forfeiture amounts, other sections of the Act, with two exceptions, state prescribed amounts of forfeitures for violations of the relevant section. These amounts are then subject to mitigation or remission under section 504 of the Act. One exception is section 223 of the Act, which provides a maximum forfeiture per day. For convenience, the Commission will treat this amount as if it were a prescribed base amount, subject to downward adjustments. The other exception is section 227(e) of the Act, which provides maximum forfeitures per violation, and for continuing violations. The Commission will apply the factors set forth in section 503(b)(2)(E) of the Act and section III of this note to determine the amount of the penalty to assess in any particular situation. The following amounts are adjusted for inflation pursuant to the Debt Collection Improvement Act of 1996 (DCIA), 28 U.S.C. 2461. These non-section 503 forfeitures may be adjusted downward using the ''Downward Adjustment Criteria'' shown for section 503 forfeitures in section II of this note.

Sec. 202(c) Common Carrier Discrimination	$9,600, 530/day.
Sec. 203(e) Common Carrier Tariffs	9,600, 530/day.
Sec. 205(b) Common Carrier Prescriptions	23,200.
Sec. 214(d) Common Carrier Line Extensions	1,320/day.
Sec. 219(b) Common Carrier Reports	1,320.

(9) *Inflation adjustments to the maximum forfeiture amount.* (i) Pursuant to the Debt Collection Improvement Act of 1996, Public Law 104–134 (110 Stat. 1321–358), which amends the Federal Civil Monetary Penalty Inflation Adjustment Act of 1990, Public Law 101–410 (104 Stat. 890; 28 U.S.C. 2461 note), the statutory maximum amount of a forfeiture penalty assessed under this section shall be adjusted for inflation at least once every four years using the method specified in the statute. This is to be done by determining the 'cost-of-living adjustment', which is the percentage (if any) by which the CPI for

June of the preceding year exceeds the CPI for June of the year the forfeiture amount was last set or adjusted. The inflation adjustment is determined by multiplying the cost-of-living adjustment by the statutory maximum amount. Round off this result using the rules in paragraph (b)(9)(ii) of this section. Add the rounded result to the statutory maximum forfeiture penalty amount. The sum is the statutory maximum amount, adjusted for inflation.

(ii) The rounding rules are as follows:

(A) Round increase to the nearest multiple of $10 if the penalty is from $0 to $100;

(B) Round increase to the nearest multiple of $100 if the penalty is from $101 to $1,000;

(C) Round increase to the nearest multiple of $1,000 if the penalty is from $1,001 to $10,000;

(D) Round increase to the nearest multiple of $5,000 if the penalty is from $10,001 to $100,000;

(E) Round increase to the nearest multiple of $10,000 if the penalty is from $100,001 to $200,000; or

(F) Round increase to the nearest multiple of $25,000 if the penalty is over $200,001.

(iii) The application of the inflation adjustments required by the DCIA, 28 U.S.C. 2461, results in the following adjusted statutory maximum forfeitures authorized by the Communications Act:

NOTE TO PARAGRAPH (b)(9): Pursuant to Public Law 104–134, the first inflation adjustment cannot exceed 10 percent of the statutory maximum amount.

(c) *Limits on the time when a proceeding may be initiated.* (1) In the case of a broadcast station, no forfeiture penalty shall be imposed if the violation occurred more than 1 year prior to the issuance of the appropriate notice or prior to the date of commencement of the current license term, whichever is earlier. For purposes of this paragraph, ''date of commencement of the current license term'' means the date of commencement of the last term of license for which the licensee has been granted a license by the Commission. A separate license term shall not be deemed to have commenced as a result of continuing a license in effect under section 307(c) pending decision on an application for renewal of the license.

(2) In the case of a forfeiture imposed against a carrier under sections 202(c), 203(e), and 220(d), no forfeiture will be imposed if the violation occurred more than 5 years prior to the issuance of a notice of apparent liability.

(3) In the case of a forfeiture imposed under section 227(e), no forfeiture will be imposed if the violation occurred more than 2 years prior to the date on which the appropriate notice is issued.

(4) In all other cases, no penalty shall be imposed if the violation occurred more than 1 year prior to the date on which the appropriate notice is issued.

(d) *Preliminary procedure in some cases; citations.* Except for a forfeiture imposed under subsection 227(e)(5) of the Act, no forfeiture penalty shall be imposed upon any person under this section of the Act if such person does not hold a license, permit, certificate, or other authorization issued by the Commission, and if such person is not an applicant for a license, permit, certificate, or other authorization issued by

the Commission, unless, prior to the issuance of the appropriate notice, such person:

(1) Is sent a citation reciting the violation charged;

(2) Is given a reasonable opportunity (usually 30 days) to request a personal interview with a Commission official, at the field office which is nearest to such person's place of residence; and

(3) Subsequently engages in conduct of the type described in the citation. However, a forfeiture penalty may be imposed, if such person is engaged in (and the violation relates to) activities for which a license, permit, certificate, or other authorization is required or if such person is a cable television operator, or in the case of violations of section 303(q), if the person involved is a nonlicensee tower owner who has previously received notice of the obligations imposed by section 303(q) from the Commission or the permittee or licensee who uses that tower. Paragraph (c) of this section does not limit the issuance of citations. When the requirements of this paragraph have been satisfied with respect to a particular violation by a particular person, a forfeiture penalty may be imposed upon such person for conduct of the type described in the citation without issuance of an additional citation.

(e) *Alternative procedures.* In the discretion of the Commission, a forfeiture proceeding may be initiated either: (1) By issuing a notice of apparent liability, in accordance with paragraph (f) of this section, or (2) a notice of opportunity for hearing, in accordance with paragraph (g).

(f) *Notice of apparent liability.* Before imposing a forfeiture penalty under the provisions of this paragraph, the Commission or its designee will issue a written notice of apparent liability.

(1) *Content of notice.* The notice of apparent liability will:

(i) Identify each specific provision, term, or condition of any act, rule, regulation, order, treaty, convention, or other agreement, license, permit, certificate, or instrument of authorization which the respondent has apparently violated or with which he has failed to comply,

(ii) Set forth the nature of the act or omission charged against the respondent and the facts upon which such charge is based,

(iii) State the date(s) on which such conduct occurred, and

(iv) Specify the amount of the apparent forfeiture penalty.

(2) *Delivery.* The notice of apparent liability will be sent to the respondent, by certified mail, at his last known address (see §1.5).

(3) *Response.* The respondent will be afforded a reasonable period of time (usually 30 days from the date of the notice) to show, in writing, why a forfeiture penalty should not be imposed or should be reduced, or to pay the forfeiture. Any showing as to why the forfeiture should not be imposed or should be reduced shall include a detailed factual statement and such documentation and affidavits as may be pertinent.

(4) *Forfeiture order.* If the proposed forfeiture penalty is not paid in full in response to the notice of apparent liability, the Commission, upon considering all relevant information available to it, will issue an order canceling or reducing the proposed forfeiture or requiring that it be paid in full and stating the date by which the forfeiture must be paid.

(5) *Judicial enforcement of forfeiture order.* If the forfeiture is not paid, the case will be referred to the Department of Justice for collection under section 504(a) of the Communications Act.

(g) *Notice of opportunity for hearing.* The procedures set out in this paragraph will ordinarily be followed only when a hearing is being held for some reason other than the assessment of a forfeiture (such as, to determine whether a renewal application should be granted) and a forfeiture is to be considered as an alternative or in addition to any other Commission action. However, these procedures may be followed whenever the Commission, in its discretion, determines that they will better serve the ends of justice.

(1) Before imposing a forfeiture penalty under the provisions of this paragraph, the Commission will issue a notice of opportunity for hearing. The hearing will be a full evidentiary hearing before an administrative law judge, conducted under procedures set out in subpart B of this part, including procedures for appeal and review of initial

decisions. A final Commission order assessing a forfeiture under the provisions of this paragraph is subject to judicial review under section 402(a) of the Communications Act.

(2) If, after a forfeiture penalty is imposed and not appealed or after a court enters final judgment in favor of the Commission, the forfeiture is not paid, the Commission will refer the matter to the Department of Justice for collection. In an action to recover the forfeiture, the validity and appropriateness of the order imposing the forfeiture are not subject to review.

(3) Where the possible assessment of a forfeiture is an issue in a hearing case to determine which pending application should be granted, and the applicant facing a potential forfeiture is dismissed pursuant to a settlement agreement or otherwise, and the presiding judge has not made a determination on the forfeiture issue, the order of dismissal shall be forwarded to the attention of the full Commission. Within the time provided by §1.117, the Commission may, on its own motion, proceed with a determination of whether a forfeiture against the dismissing applicant is warranted. If the Commission so proceeds, it will provide the applicant with a reasonable opportunity to respond to the forfeiture issue (see paragraph (f)(3) of this section) and make a determination under the procedures outlined in paragraph (f) of this section.

(h) *Payment.* The forfeiture should be paid by check or money order drawn to the order of the Federal Communications Commission. The Commission does not accept responsibility for cash payments sent through the mails. The check or money order should be mailed to: Federal Communications Commission, P.O. Box 979088, St. Louis, MO 63197–9000.

(i) *Remission and mitigation.* In its discretion, the Commission, or its designee, may remit or reduce any forfeiture imposed under this section. After issuance of a forfeiture order, any request that it do so shall be submitted as a petition for reconsideration pursuant to §1.106.

(j) *Effective date.* Amendments to paragraph (b) of this section implementing Pub. L. No. 101–239 are effective December 19, 1989.

§1.83 Applications for radio operator licenses.

(a) Application filing procedures for amateur radio operator licenses are set forth in part 97 of this chapter.

(b) Application filing procedures for commercial radio operator licenses are set forth in part 13 of this chapter. Detailed information about application forms, filing procedures, and where to file applications for commercial radio operator licenses is contained in the bulletin ''Commercial Radio Operator Licenses and Permits.'' This bulletin is available from the Commission's Forms Distribution Center by calling 1–800–418-FORM (3676).

§1.85 Suspension of operator licenses.

Whenever grounds exist for suspension of an operator license, as provided in §303(m) of the Communications Act, the Chief of the Wireless Telecommunications Bureau, with respect to amateur and commercial radio operator licenses, may issue an order suspending the operator license. No order of suspension of any operator's license shall take effect until 15 days' notice in writing of the cause for the proposed suspension has been given to the operator licensee, who may make written application to the Commission at any time within the said 15 days for a hearing upon such order. The notice to the operator licensee shall not be effective until actually received by him, and from that time he shall have 15 days in which to mail the said application. In

the event that physical conditions prevent mailing of the application before the expiration of the 15-day period, the application shall then be mailed as soon as possible thereafter, accompanied by a satisfactory explanation of the delay. Upon receipt by the Commission of such application for hearing, said order of suspension shall be designated for hearing by the Chief, Wireless Telecommunications Bureau and said suspension shall be held in abeyance until the conclusion of the hearing. Upon the conclusion of said hearing, the Commission may affirm, modify, or revoke said order of suspension. If the license is ordered suspended, the operator shall send his operator license to the Mobility Division, Wireless Telecommunications Bureau, in Washington, DC, on or before the effective date of the order, or, if the effective date has passed at the time notice is received, the license shall be sent to the Commission forthwith.

[78 FR 23151, Apr. 18, 2013]

§ 1.87 Modification of license or construction permit on motion of the Commission.

(a) Whenever it appears that a station license or construction permit should be modified, the Commission shall notify the licensee or permittee in writing of the proposed action and reasons therefor, and afford the licensee or permittee at least thirty days to protest such proposed order of modification, except that, where safety of life or property is involved, the Commission may by order provide a shorter period of time.

(b) The notification required in paragraph (a) of this section may be effectuated by a notice of proposed rule making in regard to a modification or addition of an FM or television channel to the Table of Allotments (§§ 73.202 and 73.504) or Table of Assignments (§ 73.606). The Commission shall send a copy of any such notice of proposed rule making to the affected licensee or permittee by certified mail, return receipt requested.

(c) Any other licensee or permittee who believes that its license or permit would be modified by the proposed action may also protest the proposed action before its effective date.

(d) Any protest filed pursuant to this section shall be subject to the requirements of section 309 of the Communications Act of 1934, as amended, for petitions to deny.

(e) In any case where a hearing is conducted pursuant to the provisions of this section, both the burden of proceeding with the introduction of evidence and the burden of proof shall be upon the Commission except that, with respect to any issue that pertains to the question of whether the proposed action would modify the license or permit of a person filing a protest pursuant to paragraph (c) of this section, such burdens shall be as described by the Commission.

(f) In order to utilize the right to a hearing and the opportunity to appear and give evidence upon the issues specified in any hearing order, the licensee or permittee, in person or by attorney, shall, within the period of time as may be specified in the hearing order, file with the Commission a written statement stating that he or she will appear at the hearing and present evidence on the matters specified in the hearing order.

(g) The right to file a protest or have a hearing shall, unless good cause is shown in a petition to be filed not later than 5 days before the lapse of time specified in paragraph (a) or (f) of this section, be deemed waived:

(1) In case of failure to timely file the protest as required by paragraph (a) of this section or a written statement as required by paragraph (f) of this section.

(2) In case of filing a written statement provided for in paragraph (f) of this section but failing to appear at the hearing, either in person or by counsel.

(h) Where the right to file a protest or have a hearing is waived, the licensee or permittee will be deemed to have consented to the modification as proposed and a final decision may be issued by the Commission accordingly. Irrespective of any waiver as provided for in paragraph (g) of this section or failure by the licensee or permittee to raise a substantial and material question of fact concerning the proposed modification in his protest, the Commission may, on its own motion, designate the proposed modification for

hearing in accordance with this section.

(i) Any order of modification issued pursuant to this section shall include a statement of the findings and the grounds and reasons therefor, shall specify the effective date of the modification, and shall be served on the licensee or permittee.

§ 1.88 Predesignation pleading procedure.

In cases where an investigation is being conducted by the Commission in connection with the operation of a broadcast station or a pending application for renewal of a broadcast license, the licensee may file a written statement to the Commission setting forth its views regarding the matters under investigation; the staff, in its discretion, may in writing, advise such licensee of the general nature of the investigation, and advise the licensee of its opportunity to submit such a statement to the staff. Any filing by the licensee will be forwarded to the Commission in conjunction with any staff memorandum recommending that the Commission take action as a result of the invesigation. Nothing in this rule shall supersede the application of our *ex parte* rules to situations described in §1.1203 of these rules.

(Secs. 4, 303, 307, 48 Stat., as amended, 1066, 1082, 1083; (47 U.S.C. 154, 303, 307))

[45 FR 65597, Oct. 3, 1980]

§ 1.89 Notice of violations.

(a) Except in cases of willfulness or those in which public health, interest, or safety requires otherwise, any person who holds a license, permit or other authorization appearing to have violated any provision of the Communications Act or any provision of this chapter will, before revocation, suspension, or cease and desist proceedings are instituted, be served with a written notice calling these facts to his or her attention and requesting a statement concerning the matter. FCC Form 793 may be used for this purpose. The Notice of Violation may be combined with a Notice of Apparent Liability to Monetary Forfeiture. In such event, notwithstanding the Notice of Violation, the provisions of §1.80 apply and not those of §1.89.

(b) Within 10 days from receipt of notice or such other period as may be specified, the recipient shall send a written answer, in duplicate, directly to the Commission office originating the official notice. If an answer cannot be sent or an acknowledgment cannot be made within such 10-day period by reason of illness or other unavoidable circumstance, acknowledgment and answer shall be made at the earliest practicable date with a satisfactory explanation of the delay.

(c) The answer to each notice shall be complete in itself and shall not be abbreviated by reference to other communications or answers to other notices. In every instance the answer shall contain a statement of action taken to correct the condition or omission complained of and to preclude its recurrence. In addition:

(1) If the notice relates to violations that may be due to the physical or electrical characteristics of transmitting apparatus and any new apparatus is to be installed, the answer shall state the date such apparatus was ordered, the name of the manufacturer, and the promised date of delivery. If the installation of such apparatus requires a construction permit, the file number of the application shall be given, or if a file number has not been assigned by the Commission, such identification shall be given as will permit ready identification of the application.

(2) If the notice of violation relates to lack of attention to or improper operation of the transmitter, the name and license number of the operator in charge (where applicable) shall be given.

[48 FR 24890, June 3, 1983]

§ 1.91 Revocation and/or cease and desist proceedings; hearings.

(a) If it appears that a station license or construction permit should be revoked and/or that a cease and desist order should be issued, the Commission will issue an order directing the person to show cause why an order of revocation and/or a cease and desist order, as the facts may warrant, should not be issued.

(b) An order to show cause why an order of revocation and/or a cease and desist order should not be issued will contain a statement of the matters with respect to which the Commission is inquiring and will call upon the person to whom it is directed (the respondent) to appear before the Commission at a hearing, at a time and place stated in the order, but not less than thirty days after the receipt of such order, and given evidence upon the matters specified in the order to show cause. However, if safety of life or property is involved, the order to show cause may specify a hearing date less than thirty days from the receipt of such order.

(c) To avail himself of such opportunity for hearing, the respondent, personally or by his attorney, shall file with the Commission, within thirty days of the service of the order or such shorter period as may be specified therein, a written appearance stating that he will appear at the hearing and present evidence on the matters specified in the order. The Commission in its discretion may accept a late appearance. However, an appearance tendered after the specified time has expired will not be accepted unless accompanied by a petition stating with particularity the facts and reasons relied on to justify such late filing. Such petition for acceptance of late appearance will be granted only if the Commission determines that the facts and reasons stated therein constitute good cause for failure to file on time.

(d) Hearings on the matters specified in such orders to show cause shall accord with the practice and procedure prescribed in this subpart and subpart B of this part, with the following exceptions: (1) In all such revocation and/or cease and desist hearings, the burden of proceeding with the introduction of evidence and the burden of proof shall be upon the Commission; and (2) the Commission may specify in a show cause order, when the circumstances of the proceeding require expedition, a time less than that prescribed in §§1.276 and 1.277 within which the initial decision in the proceeding shall become effective, exceptions to such initial decision must be filed, parties must file requests for oral argument, and parties must file notice of intention to participate in oral argument.

(e) Correction of or promise to correct the conditions or matters complained of in a show cause order shall not preclude the issuance of a cease and desist order. Corrections or promises to correct the conditions or matters complained of, and the past record of the licensee, may, however, be considered in determining whether a revocation and/or a cease and desist order should be issued.

(f) Any order of revocation and/or cease and desist order issued after hearing pursuant to this section shall include a statement of findings and the grounds therefor, shall specify the effective date of the order, and shall be served on the person to whom such order is directed.

(Sec. 312, 48 Stat. 1086, as amended; 47 U.S.C. 312)

§ 1.92 Revocation and/or cease and desist proceedings; after waiver of hearing.

(a) After the issuance of an order to show cause, pursuant to §1.91, calling upon a person to appear at a hearing before the Commission, the occurrence of any one of the following events or circumstances will constitute a waiver of such hearing and the proceeding thereafter will be conducted in accordance with the provisions of this section.

(1) The respondent fails to file a timely written appearance as prescribed in §1.91(c) indicating that he will appear at a hearing and present evidence on the matters specified in the order.

(2) The respondent, having filed a timely written appearance as prescribed in §1.91(c), fails in fact to appear in person or by his attorney at the time and place of the duly scheduled hearing.

(3) The respondent files with the Commission, within the time specified for a written appearance in §1.91(c), a written statement expressly waiving his rights to a hearing.

(b) When a hearing is waived under the provisions of paragraph (a) (1) or (3) of this section, a written statement signed by the respondent denying or

seeking to mitigate or justify the circumstances or conduct complained of in the order to show cause may be submitted within the time specified in §1.91(c). The Commission in its discretion may accept a late statement. However, a statement tendered after the specified time has expired will not be accepted unless accompanied by a petition stating with particularity the facts and reasons relied on to justify such late filing. Such petitions for acceptance of a late statement will be granted only if the Commission determines that the facts and reasons stated therein constitute good cause for failure to file on time.

(c) Whenever a hearing is waived by the occurrence of any of the events or circumstances listed in paragraph (a) of this section, the Chief Administrative Law Judge (or the presiding officer if one has been designated) shall, at the earliest practicable date, issue an order reciting the events or circumstances constituting a waiver of hearing, terminating the hearing proceeding, and certifying the case to the Commission. Such order shall be served upon the respondent.

(d) After a hearing proceeding has been terminated pursuant to paragraph (c) of this section, the Commission will act upon the matters specified in the order to show cause in the regular course of business. The Commission will determine on the basis of all the information available to it from any source, including such further proceedings as may be warranted, if a revocation order and/or a cease and desist order should issue, and if so, will issue such order. Otherwise, the Commission will issue an order dismissing the proceeding. All orders specified in this paragraph will include a statement of the findings of the Commission and the grounds and reasons therefor, will specify the effective date thereof, and will be served upon the respondent.

(e) Corrections or promise to correct the conditions or matters complained of in a show cause order shall not preclude the issuance of a cease and desist order. Corrections or promises to correct the conditions or matters complained of, and the past record of the licensee, may, however, be considered in determining whether a revocation and/or a cease and desist order should be issued.

§ 1.93 Consent orders.

(a) As used in this subpart, a ''consent order'' is a formal decree accepting an agreement between a party to an adjudicatory hearing proceeding held to determine whether that party has violated statutes or Commission rules or policies and the appropriate operating Bureau, with regard to such party's future compliance with such statutes, rules or policies, and disposing of all issues on which the proceeding was designated for hearing. The order is issued by the officer designated to preside at the hearing or (if no officer has been designated) by the Chief Administrative Law Judge.

(b) Where the interests of timely enforcement or compliance, the nature of the proceeding, and the public interest permit, the Commission, by its operating Bureaus, may negotiate a consent order with a party to secure future compliance with the law in exchange for prompt disposition of a matter subject to administrative adjudicative proceedings. Consent orders may not be negotiated with respect to matters which involve a party's basic statutory qualifications to hold a license (see 47 U.S.C. 308 and 309).

[41 FR 14871, Apr. 8, 1976]

§ 1.94 Consent order procedures.

(a) Negotiations leading to a consent order may be initiated by the operating Bureau or by a party whose possible violations are issues in the proceeding. Negotiations may be initiated at any time after designation of a proceeding for hearing. If negotiations are initiated the presiding officer shall be notified. Parties shall be prepared at the initial prehearing conference to state whether they are at that time willing to enter negotiations. See §1.248(c)(7). If either party is unwilling to enter negotiations, the hearing proceeding shall proceed. If the parties agree to

enter negotiations, they will be afforded an appropriate opportunity to negotiate before the hearing is commenced.

(b) Other parties to the proceeding are entitled, but are not required, to participate in the negotiations, and may join in any agreement which is reached.

(c) Every agreement shall contain the following:

(1) An admission of all jurisdictional facts;

(2) A waiver of the usual procedures for preparation and review of an initial decision;

(3) A waiver of the right of judicial review or otherwise to challenge or contest the validity of the consent order;

(4) A statement that the designation order may be used in construing the consent order;

(5) A statement that the agreement shall become a part of the record of the proceeding only if the consent order is signed by the presiding officer and the time for review has passed without rejection of the order by the Commission;

(6) A statement that the agreement is for purposes of settlement only and that its signing does not constitute an admission by any party of any violation of law, rules or policy (see 18 U.S.C. 6002); and

(7) A draft order for signature of the presiding officer resolving by consent, and for the future, all issues specified in the designation order.

(d) If agreement is reached, it shall be submitted to the presiding officer or Chief Administrative Law Judge, as the case may be, who shall either sign the order, reject the agreement, or suggest to the parties that negotiations continue on such portion of the agreement as he considers unsatisfactory or on matters not reached in the agreement. If he rejects the agreement, the hearing shall proceed. If he suggests further negotiations, the hearing will proceed or negotiations will continue, depending on the wishes of parties to the agreement. If he signs the consent order, he shall close the record.

(e) Any party to the proceeding who has not joined in any agreement which is reached may appeal the consent order under §1.302, and the Commission may review the agreement on its own motion under the provisions of that section. If the Commission rejects the consent order, the proceeding will be remanded for further proceedings. If the Commission does not reject the consent order, it shall be entered in the record as a final order and is subject to judicial review on the initiative only of parties to the proceeding who did not join in the agreement. The Commission may revise the agreement and consent order. In that event, private parties to the agreement may either accept the revision or withdraw from the agreement. If the party whose possible violations are issues in the proceeding withdraws from the agreement, the consent order will not be issued or made a part of the record, and the proceeding will be remanded for further proceedings.

(f) The provisions of this section shall not alter any existing procedure for informal settlement of any matter prior to designation for hearing (see, e.g., 47 U.S.C. 208) or for summary decision after designation for hearing.

(g) Consent orders, pleadings relating thereto, and Commission orders with respect thereto shall be served on parties to the proceeding. Public notice will be given of orders issued by an administrative law judge, the Chief Administrative Law Judge, or the Commission. Negotiating papers constitute work product, are available to parties participating in negotiations, but are not routinely available for public inspection.

[41 FR 14871, Apr. 8, 1976]

§ 1.95 Violation of consent orders.

Violation of a consent order shall subject the consenting party to any and all sanctions which could have been imposed in the proceeding resulting in the consent order if all of the issues in that proceeding had been decided against the consenting party and to any further sanctions for violation noted as agreed upon in the consent order. The Commission shall have the burden of showing that the consent order has been violated in some (but not in every) respect. Violation of the consent order and the sanctions to be

imposed shall be the only issues considered in a proceeding concerning such an alleged violation.

RECONSIDERATION AND REVIEW OF ACTIONS TAKEN BY THE COMMISSION AND PURSUANT TO DELEGATED AUTHORITY; EFFECTIVE DATES AND FINALITY DATES OF ACTIONS

§ 1.101 General provisions.

Under section 5(c) of the Communications Act of 1934, as amended, the Commission is authorized, by rule or order, to delegate certain of its functions to a panel of commissioners, an individual commissioner, an employee board, or an individual employee. Section 0.201(a) of this chapter describes in general terms the basic categories of delegations which are made by the Commission. Subpart B of part 0 of this chapter sets forth all delegations which have been made by rule. Sections 1.102 through 1.117 set forth procedural rules governing reconsideration and review of actions taken pursuant to authority delegated under section 5(c) of the Communications Act, and reconsideration of actions taken by the Commission. As used in §§1.102 through 1.117, the term designated authority means any person, panel, or board which has been authorized by rule or order to exercise authority under section 5(c) of the Communications Act.

[76 FR 70908, Nov. 16, 2011]

§ 1.102 Effective dates of actions taken pursuant to delegated authority.

(a) *Final actions following review of an initial decision.* (1) Final decisions of a commissioner, or panel of commissioners following review of an initial decision shall be effective 40 days after public release of the full text of such final decision.

(2) If a petition for reconsideration of such final decision is filed, the effect of the decision is stayed until 40 days after release of the final order disposing of the petition.

(3) If an application for review of such final decision is filed, or if the Commission on its own motion orders the record of the proceeding before it for review, the effect of the decision is stayed until the Commission's review of the proceeding has been completed.

(b) *Non-hearing and interlocutory actions.* (1) Non-hearing or interlocutory actions taken pursuant to delegated authority shall, unless otherwise ordered by the designated authority, be effective upon release of the document containing the full text of such action, or in the event such a document is not released, upon release of a public notice announcing the action in question.

(2) If a petition for reconsideration of a non-hearing action is filed, the designated authority may in its discretion stay the effect of its action pending disposition of the petition for reconsideration. Petitions for reconsideration of interlocutory actions will not be entertained.

(3) If an application for review of a non-hearing or interlocutory action is filed, or if the Commission reviews the action on its own motion, the Commission may in its discretion stay the effect of any such action until its review of the matters at issue has been completed.

[28 FR 12415, Nov. 22, 1963, as amended at 62 FR 4170, Jan. 29, 1997]

§ 1.103 Effective dates of Commission actions; finality of Commission actions.

(a) Unless otherwise specified by law or Commission rule (e.g. §§1.102 and 1.427), the effective date of any Commission action shall be the date of public notice of such action as that latter date is defined in §1.4(b) of these rules: *Provided*, That the Commission may, on its own motion or on motion by any party, designate an effective date that is either earlier or later in time than the date of public notice of such action. The designation of an earlier or later effective date shall have no effect on any pleading periods.

(b) Notwithstanding any determinations made under paragraph (a) of this section, Commission action shall be deemed final, for purposes of seeking reconsideration at the Commission or judicial review, on the date of public

notice as defined in §1.4(b) of these rules.

(Secs. 4, 303, 307, 48 Stat., as amended, 1066, 1082, 1083; 47 U.S.C. 154, 303, 307)

[46 FR 18556, Mar. 25, 1981]

§ 1.104 Preserving the right of review; deferred consideration of application for review.

(a) The provisions of this section apply to all final actions taken pursuant to delegated authority, including final actions taken by members of the Commission's staff on nonhearing matters. They do not apply to interlocutory actions of the Chief Administrative Law Judge in hearing proceedings, or to hearing designation orders issued under delegated authority. See §§0.351, 1.106(a) and 1.115(e).

(b) Any person desiring Commission consideration of a final action taken pursuant to delegated authority shall file either a petition for reconsideration or an application for review (but not both) within 30 days from the date of public notice of such action, as that date is defined in §1.4(b) of these rules. The petition for reconsideration will be acted on by the designated authority or referred by such authority to the Commission: *Provided,* That a petition for reconsideration of an order designating a matter for hearing will in all cases be referred to the Commission. The application for review will in all cases be acted upon by the Commission.

NOTE: In those cases where the Commission does not intend to release a document containing the full text of its action, it will state that fact in the public notice announcing its action.

(c) If in any matter one party files a petition for reconsideration and a second party files an application for review, the Commission will withhold action on the application for review until final action has been taken on the petition for reconsideration.

(d) Any person who has filed a petition for reconsideration may file an application for review within 30 days from the date of public notice of such action, as that date is defined in §1.4(b) of these rules. If a petition for reconsideration has been filed, any person who has filed an application for review may: (1) Withdraw his application for review, or (2) substitute an amended application therefor.

NOTE: In those cases where the Commission does not intend to release a document containing the full text of its action, it will state that fact in the public notice announcing its action.

(Secs. 4, 303, 307, 48 Stat., as amended, 1066, 1082, 1083; 47 U.S.C. 154, 303, 307)

[28 FR 12415, Nov. 22, 1963, as amended at 41 FR 14871, Apr. 8, 1976; 44 FR 60294, Oct. 19, 1979; 46 FR 18556, Mar. 25, 1981; 62 FR 4170, Jan. 29, 1997]

§ 1.106 Petitions for reconsideration in non-rulemaking proceedings.

(a)(1) Except as provided in paragraphs (b)(3) and (p) of this section, petitions requesting reconsideration of a final Commission action in non-rulemaking proceedings will be acted on by the Commission. Petitions requesting reconsideration of other final actions taken pursuant to delegated authority will be acted on by the designated authority or referred by such authority to the Commission. A petition for reconsideration of an order designating a case for hearing will be entertained if, and insofar as, the petition relates to an adverse ruling with respect to petitioner's participation in the proceeding. Petitions for reconsideration of other interlocutory actions will not be entertained. (For provisions governing reconsideration of Commission action in notice and comment rulemaking proceedings, *see* §1.429. This §1.106 does not govern reconsideration of such actions.)

(2) Within the period allowed for filing a petition for reconsideration, any party to the proceeding may request the presiding officer to certify to the Commission the question as to whether, on policy in effect at the time of designation or adopted since designation, and undisputed facts, a hearing should be held. If the presiding officer finds that there is substantial doubt, on established policy and undisputed facts, that a hearing should be held, he will certify the policy question to the Commission with a statement to that effect. No appeal may be filed from an order denying such a request. See also, §§1.229 and 1.251.

(b)(1) Subject to the limitations set forth in paragraph (b)(2) of this section, any party to the proceeding, or any other person whose interests are adversely affected by any action taken by the Commission or by the designated authority, may file a petition requesting reconsideration of the action taken. If the petition is filed by a person who is not a party to the proceeding, it shall state with particularity the manner in which the person's interests are adversely affected by the action taken, and shall show good reason why it was not possible for him to participate in the earlier stages of the proceeding.

(2) Where the Commission has denied an application for review, a petition for reconsideration will be entertained only if one or more of the following circumstances are present:

(i) The petition relies on facts or arguments which relate to events which have occurred or circumstances which have changed since the last opportunity to present such matters to the Commission; or

(ii) The petition relies on facts or arguments unknown to petitioner until after his last opportunity to present them to the Commission, and he could not through the exercise of ordinary diligence have learned of the facts or arguments in question prior to such opportunity.

(3) A petition for reconsideration of an order denying an application for review which fails to rely on new facts or changed circumstances may be dismissed by the staff as repetitious.

(c) In the case of any order other than an order denying an application for review, a petition for reconsideration which relies on facts or arguments not previously presented to the Commission or to the designated authority may be granted only under the following circumstances:

(1) The facts or arguments fall within one or more of the categories set forth in §1.106(b)(2); or

(2) The Commission or the designated authority determines that consideration of the facts or arguments relied on is required in the public interest.

(d)(1) A petition for reconsideration shall state with particularity the respects in which petitioner believes the action taken by the Commission or the designated authority should be changed. The petition shall state specifically the form of relief sought and, subject to this requirement, may contain alternative requests.

(2) A petition for reconsideration of a decision that sets forth formal findings of fact and conclusions of law shall also cite the findings and/or conclusions which petitioner believes to be erroneous, and shall state with particularity the respects in which he believes such findings and/or conclusions should be changed. The petition may request that additional findings of fact and/or conclusions of law be made.

(e) Where a petition for reconsideration is based upon a claim of electrical interference, under appropriate rules in this chapter, to an existing station or a station for which a construction permit is outstanding, such petition, in addition to meeting the other requirements of this section, must be accompanied by an affidavit of a qualified radio engineer. Such affidavit shall show, either by following the procedures set forth in this chapter for determining interference in the absence of measurements, or by actual measurements made in accordance with the methods prescribed in this chapter, that electrical interference will be caused to the station within its normally protected contour.

(f) The petition for reconsideration and any supplement thereto shall be filed within 30 days from the date of public notice of the final Commission action, as that date is defined in §1.4(b) of these rules, and shall be served upon parties to the proceeding. The petition for reconsideration shall not exceed 25 double spaced typewritten pages. No supplement or addition to a petition for reconsideration which has not been acted upon by the Commission or by the designated authority, filed after expiration of the 30 day period, will be considered except upon leave granted upon a separate pleading for leave to file, which shall state the grounds therefor.

(g) Oppositions to a petition for reconsideration shall be filed within 10 days after the petition is filed, and shall be served upon petitioner and parties to the proceeding. Oppositions

shall not exceed 25 double spaced typewritten pages.

(h) Petitioner may reply to oppositions within seven days after the last day for filing oppositions, and any such reply shall be served upon parties to the proceeding. Replies shall not exceed 10 double spaced typewritten pages, and shall be limited to matters raised in the opposition.

(i) Petitions for reconsideration, oppositions, and replies shall conform to the requirements of §§1.49, 1.51, and 1.52 and shall be submitted to the Secretary, Federal Communications Commission, Washington, DC 20554, by mail, by commercial courier, by hand, or by electronic submission through the Commission's Electronic Comment Filing System or other electronic filing system (such as ULS). Petitions submitted only by electronic mail and petitions submitted directly to staff without submission to the Secretary shall not be considered to have been properly filed. Parties filing in electronic form need only submit one copy.

(j) The Commission or designated authority may grant the petition for reconsideration in whole or in part or may deny or dismiss the petition. Its order will contain a concise statement of the reasons for the action taken. Where the petition for reconsideration relates to an instrument of authorization granted without hearing, the Commission or designated authority will take such action within 90 days after the petition is filed.

(k)(1) If the Commission or the designated authority grants the petition for reconsideration in whole or in part, it may, in its decision:

(i) Simultaneously reverse or modify the order from which reconsideration is sought;

(ii) Remand the matter to a bureau or other Commission personnel for such further proceedings, including rehearing, as may be appropriate; or

(iii) Order such other proceedings as may be necessary or appropriate.

(2) If the Commission or designated authority initiates further proceedings, a ruling on the merits of the matter will be deferred pending completion of such proceedings. Following completion of such further proceedings, the Commission or designated authority may affirm, reverse, or modify its original order, or it may set aside the order and remand the matter for such further proceedings, including rehearing, as may be appropriate.

(3) Any order disposing of a petition for reconsideration which reverses or modifies the original order is subject to the same provisions with respect to reconsideration as the original order. In no event, however, shall a ruling which denies a petition for reconsideration be considered a modification of the original order. A petition for reconsideration of an order which has been previously denied on reconsideration may be dismissed by the staff as repetitious.

NOTE: For purposes of this section, the word ''order'' refers to that portion of its action wherein the Commission announces its judgment. This should be distinguished from the ''memorandum opinion'' or other material which often accompany and explain the order.

(l) No evidence other than newly discovered evidence, evidence which has become available only since the original taking of evidence, or evidence which the Commission or the designated authority believes should have been taken in the original proceeding shall be taken on any rehearing ordered pursuant to the provisions of this section.

(m) The filing of a petition for reconsideration is not a condition precedent to judicial review of any action taken by the Commission or by the designated authority, except where the person seeking such review was not a party to the proceeding resulting in the action, or relies on questions of fact or law upon which the Commission or designated authority has been afforded no opportunity to pass. (See §1.115(c).) Persons in those categories who meet the requirements of this section may qualify to seek judicial review by filing a petition for reconsideration.

(n) Without special order of the Commission, the filing of a petition for reconsideration shall not excuse any person from complying with or obeying any decision, order, or requirement of the Commission, or operate in any manner to stay or postpone the enforcement thereof. However, upon good

cause shown, the Commission will stay the effectiveness of its order or requirement pending a decision on the petition for reconsideration. (This paragraph applies only to actions of the Commission en banc. For provisions applicable to actions under delegated authority, see §1.102.)

(o) Petitions for reconsideration of licensing actions, as well as oppositions and replies thereto, that are filed with respect to the Wireless Radio Services, may be filed electronically via ULS.

(p) Petitions for reconsideration of a Commission action that plainly do not warrant consideration by the Commission may be dismissed or denied by the relevant bureau(s) or office(s). Examples include, but are not limited to, petitions that:

(1) Fail to identify any material error, omission, or reason warranting reconsideration;

(2) Rely on facts or arguments which have not previously been presented to the Commission and which do not meet the requirements of paragraphs (b)(2), (b)(3), or (c) of this section;

(3) Rely on arguments that have been fully considered and rejected by the Commission within the same proceeding;

(4) Fail to state with particularity the respects in which petitioner believes the action taken should be changed as required by paragraph (d) of this section;

(5) Relate to matters outside the scope of the order for which reconsideration is sought;

(6) Omit information required by these rules to be included with a petition for reconsideration, such as the affidavit required by paragraph (e) of this section (relating to electrical interference);

(7) Fail to comply with the procedural requirements set forth in paragraphs (f) and (i) of this section;

(8) relate to an order for which reconsideration has been previously denied on similar grounds, except for petitions which could be granted under paragraph (c) of this section; or

(9) Are untimely.

§1.108 Reconsideration on Commission's own motion.

The Commission may, on its own motion, reconsider any action made or taken by it within 30 days from the date of public notice of such action, as that date is defined in §1.4(b). When acting on its own motion under this section, the Commission may take any action it could take in acting on a petition for reconsideration, as set forth in §1.106(k).

[76 FR 24392, May 2, 2011]

§1.110 Partial grants; rejection and designation for hearing.

Where the Commission without a hearing grants any application in part, or with any privileges, terms, or conditions other than those requested, or subject to any interference that may result to a station if designated application or applications are subsequently granted, the action of the Commission shall be considered as a grant of such application unless the applicant shall, within 30 days from the date on which such grant is made or from its effective date if a later date is specified, file with the Commission a written request rejecting the grant as made. Upon receipt of such request, the Commission will vacate its original action upon the application and set the application for hearing in the same manner as other applications are set for hearing.

§1.113 Action modified or set aside by person, panel, or board.

(a) Within 30 days after public notice has been given of any action taken pursuant to delegated authority, the person, panel, or board taking the action may modify or set it aside on its own motion.

(b) Within 60 days after notice of any sanction imposed under delegated authority has been served on the person affected, the person, panel, or board

which imposed the sanction may modify or set it aside on its own motion.

(c) Petitions for reconsideration and applications for review shall be directed to the actions as thus modified, and the time for filing such pleadings shall be computed from the date upon which public notice of the modified action is given or notice of the modified sanction is served on the person affected.

§ 1.115 Application for review of action taken pursuant to delegated authority.

(a) Any person aggrieved by any action taken pursuant to delegated authority may file an application requesting review of that action by the Commission. Any person filing an application for review who has not previously participated in the proceeding shall include with his application a statement describing with particularity the manner in which he is aggrieved by the action taken and showing good reason why it was not possible for him to participate in the earlier stages of the proceeding. Any application for review which fails to make an adequate showing in this respect will be dismissed.

(b)(1) The application for review shall concisely and plainly state the questions presented for review with reference, where appropriate, to the findings of fact or conclusions of law.

(2) The application for review shall specify with particularity, from among the following, the factor(s) which warrant Commission consideration of the questions presented:

(i) The action taken pursuant to delegated authority is in conflict with statute, regulation, case precedent, or established Commission policy.

(ii) The action involves a question of law or policy which has not previously been resolved by the Commission.

(iii) The action involves application of a precedent or policy which should be overturned or revised.

(iv) An erroneous finding as to an important or material question of fact.

(v) Prejudicial procedural error.

(3) The application for review shall state with particularity the respects in which the action taken by the designated authority should be changed.

(4) The application for review shall state the form of relief sought and, subject to this requirement, may contain alternative requests.

(c) No application for review will be granted if it relies on questions of fact or law upon which the designated authority has been afforded no opportunity to pass.

NOTE: Subject to the requirements of §1.106, new questions of fact or law may be presented to the designated authority in a petition for reconsideration.

(d) Except as provided in paragraph (e) of this section, the application for review and any supplemental thereto shall be filed within 30 days of public notice of such action, as that date is defined in section 1.4(b). Opposition to the application shall be filed within 15 days after the application for review is filed. Except as provided in paragraph (e)(3) of this section, replies to oppositions shall be filed within 10 days after the opposition is filed and shall be limited to matters raised in the opposition.

(e)(1) Applications for review of interlocutory rulings made by the Chief Administrative Law Judge (see §0.351) shall be deferred until the time when exceptions are filed unless the Chief Judge certifies the matter to the Commission for review. A matter shall be certified to the Commission only if the Chief Judge determines that it presents a new or novel question of law or policy and that the ruling is such that error would be likely to require remand should the appeal be deferred and raised as an exception. The request to certify the matter to the Commission shall be filed within 5 days after the ruling is made. The application for review shall be filed within 5 days after the order certifying the matter to the Commission is released or such ruling is made. Oppositions shall be filed within 5 days after the application is filed. Replies to oppositions shall be filed only if they are requested by the Commission. Replies (if allowed) shall be filed within 5 days after they are requested. A ruling certifying or not certifying a matter to the Commission is final: *Provided, however,* That the Commission may, on its own motion, dismiss the application for review on the ground that objections to the ruling

should be deferred and raised as an exception.

(2) The failure to file an application for review of an interlocutory ruling made by the Chief Administrative Law Judge or the denial of such application by the Commission, shall not preclude any party entitled to file exceptions to the initial decision from requesting review of the ruling at the time when exceptions are filed. Such requests will be considered in the same manner as exceptions are considered.

(3) Applications for review of a hearing designation order issued under delegated authority shall be deferred until exceptions to the initial decision in the case are filed, unless the presiding Administrative Law Judge certifies such an application for review to the Commission. A matter shall be certified to the Commission only if the presiding Administrative Law Judge determines that the matter involves a controlling question of law as to which there is substantial ground for difference of opinion and that immediate consideration of the question would materially expedite the ultimate resolution of the litigation. A ruling refusing to certify a matter to the Commission is not appealable. In addition, the Commission may dismiss, without stating reasons, an application for review that has been certified, and direct that the objections to the hearing designation order be deferred and raised when exceptions in the initial decision in the case are filed. A request to certify a matter to the Commission shall be filed with the presiding Administrative Law Judge within 5 days after the designation order is released. Any application for review authorized by the Administrative Law Judge shall be filed within 5 days after the order certifying the matter to the Commission is released or such a ruling is made. Oppositions shall be filed within 5 days after the application for review is filed. Replies to oppositions shall be filed only if they are requested by the Commission. Replies (if allowed) shall be filed within 5 days after they are requested.

(4) Applications for review of final staff decisions issued on delegated authority in formal complaint proceedings on the Enforcement Bureau's Accelerated Docket (see, e.g., §1.730) shall be filed within 15 days of public notice of the decision, as that date is defined in §1.4(b). These applications for review oppositions and replies in Accelerated Docket proceedings shall be served on parties to the proceeding by hand or facsimile transmission.

(f) Applications for review, oppositions, and replies shall conform to the requirements of §§1.49, 1.51, and 1.52, and shall be submitted to the Secretary, Federal Communications Commission, Washington, DC 20554. Except as provided below, applications for review and oppositions thereto shall not exceed 25 double-space typewritten pages. Applications for review of interlocutory actions in hearing proceedings (including designation orders) and oppositions thereto shall not exceed 5 double-spaced typewritten pages. When permitted (see paragraph (e)(3) of this section), reply pleadings shall not exceed 5 double-spaced typewritten pages. The application for review shall be served upon the parties to the proceeding. Oppositions to the application for review shall be served on the person seeking review and on parties to the proceeding. When permitted (see paragraph (e)(3) of this section), replies to the opposition(s) to the application for review shall be served on the person(s) opposing the application for review and on parties to the proceeding.

(g) The Commission may grant the application for review in whole or in part, or it may deny the application with or without specifying reasons therefor. A petition requesting reconsideration of a ruling which denies an application for review will be entertained only if one or more of the following circumstances is present:

(1) The petition relies on facts which related to events which have occurred or circumstances which have changed since the last opportunity to present such matters; or

(2) The petition relies on facts unknown to petitioner until after his last opportunity to present such matters which could not, through the exercise of ordinary diligence, have been learned prior to such opportunity.

(h)(1) If the Commission grants the application for review in whole or in part, it may, in its decision:

(i) Simultaneously reverse or modify the order from which review is sought;

(ii) Remand the matter to the designated authority for reconsideration in accordance with its instructions, and, if an evidentiary hearing has been held, the remand may be to the person(s) who conducted the hearing; or

(iii) Order such other proceedings, including briefs and oral argument, as may be necessary or appropriate.

(2) In the event the Commission orders further proceedings, it may stay the effect of the order from which review is sought. (See §1.102.) Following the completion of such further proceedings the Commission may affirm, reverse or modify the order from which review is sought, or it may set aside the order and remand the matter to the designated authority for reconsideration in accordance with its instructions. If an evidentiary hearing has been held, the Commission may remand the matter to the person(s) who conducted the hearing for rehearing on such issues and in accordance with such instructions as may be appropriate.

NOTE: For purposes of this section, the word ''order'' refers to that portion of its action wherein the Commission announces its judgment. This should be distinguished from the ''memorandum opinion'' or other material which often accompany and explain the order.

(i) An order of the Commission which reverses or modifies the action taken pursuant to delegated authority is subject to the same provisions with respect to reconsideration as an original order of the Commission. In no event, however, shall a ruling which denies an application for review be considered a modification of the action taken pursuant to delegated authority.

(j) No evidence other than newly discovered evidence, evidence which has become available only since the original taking of evidence, or evidence which the Commission believes should have been taken in the original proceeding shall be taken on any rehearing ordered pursuant to the provisions of this section.

(k) The filing of an application for review shall be a condition precedent to judicial review of any action taken pursuant to delegated authority.

(Secs. 4, 303, 307, 48 Stat., as amended, 1066, 1082, 1083; 47 U.S.C. 154, 303, 307)

§1.117 Review on motion of the Commission.

(a) Within 40 days after public notice is given of any action taken pursuant to delegated authority, the Commission may on its own motion order the record of the proceeding before it for review.

(b) If the Commission reviews the proceeding on its own motion, it may order such further procedure as may be useful to it in its review of the action taken pursuant to delegated authority.

(c) With or without such further procedure, the Commission may either affirm, reverse, modify, or set aside the action taken, or remand the proceeding to the designated authority for reconsideration in accordance with its instructions. If an evidentiary hearing has been held, the Commission may remand the proceeding to the person(s) who conducted the hearing for rehearing on such issues and in accordance with such instructions as may be appropriate. An order of the Commission which reverses or modifies the action taken pursuant to delegated authority, or remands the matter for further proceedings, is subject to the same provisions with respect to reconsideration as an original action of the Commission.

PARTICIPANTS AND ISSUES

§ 1.221 Notice of hearing; appearances.

(a) Upon designation of an application for hearing, the Commission issues an order containing the following:

(1) A statement as to the reasons for the Commission's action.

(2) A statement as to the matters of fact and law involved, and the issues upon which the application will be heard.

(3) A statement as to the time, place, and nature of the hearing. (If the time and place are not specified, the order will indicate that the time and place will be specified at a later date.)

(4) A statement as to the legal authority and jurisdiction under which the hearing is to be held.

(b) The order designating an application for hearing is mailed to the applicant by the Reference Information Center of the Consumer and Governmental Affairs Bureau and this order or a summary thereof is published in the FEDERAL REGISTER. Reasonable notice of hearing will be given to the parties in all proceedings; and, whenever possible, the Commission will give at least 60 days notice of comparative hearings.

(c) In order to avail himself of the opportunity to be heard, the applicant, in person or by his attorney, shall, within 20 days of the mailing of the notice of designation for hearing by the Reference Information Center of the Consumer and Governmental Affairs Bureau, file with the Commission, in triplicate, a written appearance stating that he will appear of the date fixed for hearing and present evidence on the issues specified in the order. Where an applicant fails to file such a written appearance within the time specified, or has not filed prior to the expiration of that time a petition to dismiss without prejudice, or a petition to accept, for good cause shown, such written appearance beyond expiration of said 20 days, the application will be dismissed with prejudice for failure to prosecute.

(d) The Commission will on its own motion name as parties to the hearing any person found to be a party in interest.

(e) In order to avail himself of the opportunity to be heard, any person named as a party pursuant to paragraph (d) of this section shall, within 20 days of the mailing of the notice of his designation as a party, file with the Commission, in person or by attorney, a written appearance in triplicate, stating that he will appear at the hearing. Any person so named who fails to file this written statement within the time specified, shall, unless good cause for such failure is shown, forfeit his hearing rights.

(f)(1) A fee must accompany each written appearance filed with the Commission in certain cases designated for hearing. See subpart G, part 1 for the amount due. Except as provided in paragraph (g) of this section, the fee must accompany each written appearance at the time of its filing and must be in conformance with the requirements of subpart G of the rules. A written appearance that does not contain the proper fee, or is not accompanied by a deferral request as per §1.1115 of the rules, shall be dismissed and returned to the applicant by the fee processing staff. The presiding judge will be notified of this action and may dismiss the applicant with prejudice for failure to prosecute if the written appearance is not resubmitted with the correct fee within the original 20 day filing period.

NOTE: If the parties file a settlement agreement prior to filing the Notice of Appearance or simultaneously with it, the hearing fee need not accompany the Notice of Appearance. In filing the Notice of Appearance, the applicant should clearly indicate that a settlement agreement has been filed. (The fact that there are ongoing negotiations that may lead to a settlement does not affect the requirement to pay the fee.) If a settlement agreement is not effectuated, the Presiding Judge will require immediate payment of the fee.

(2) When a fee is required to accompany a written appearance as described in paragraph (f)(1) of this section, the written appearance must also contain FCC Registration Number (FRN) in conformance with subpart W of this part. The presiding judge will notify the party filing the appearance of the omitted FRN and dismiss the applicant with prejudice for failure to prosecute if the written appearance is not resubmitted with the FRN within ten (10) business days of the date of notification.

(g) In comparative broadcast proceedings involving applicants for new facilities, where the hearing fee was paid before designation of the applications for hearing as required by the Public Notice described at §73.3571(c),

§ 73.3572(d), or § 73.3573(g) of this chapter, a hearing fee payment should not be made with the filing of the Notice of Appearance.

(h)(1) For program carriage complaints filed pursuant to § 76.1302 of this chapter that the Chief, Media Bureau refers to an administrative law judge for an initial decision, each party, in person or by attorney, shall file a written appearance within five calendar days after the party informs the Chief Administrative Law Judge that it elects not to pursue alternative dispute resolution pursuant to § 76.7(g)(2) of this chapter or, if the parties have mutually elected to pursue alternative dispute resolution pursuant to § 76.7(g)(2) of this chapter, within five calendar days after the parties inform the Chief Administrative Law Judge that they have failed to resolve their dispute through alternative dispute resolution. The written appearance shall state that the party will appear on the date fixed for hearing and present evidence on the issues specified in the hearing designation order.

(2) If the complainant fails to file a written appearance by this deadline, or fails to file prior to the deadline either a petition to dismiss the proceeding without prejudice or a petition to accept, for good cause shown, a written appearance beyond such deadline, the Chief Administrative Law Judge shall dismiss the complaint with prejudice for failure to prosecute.

(3) If the defendant fails to file a written appearance by this deadline, or fails to file prior to this deadline a petition to accept, for good cause shown, a written appearance beyond such deadline, its opportunity to present evidence at hearing will be deemed to have been waived. If the hearing is so waived, the Chief Administrative Law Judge shall expeditiously terminate the proceeding and certify to the Commission the complaint for resolution based on the existing record.

§ 1.223 Petitions to intervene.

(a) Where, in cases involving applications for construction permits and station licenses, or modifications or renewals thereof, the Commission has failed to notify and name as a party to the hearing any person who qualifies as a party in interest, such person may acquire the status of a party by filing, under oath and not more than 30 days after the publication in the FEDERAL REGISTER of the hearing issues or any substantial amendment thereto, a petition for intervention showing the basis of its interest. Where such person's interest is based upon a claim that a grant of the application would cause objectionable interference under applicable provisions of this chapter to such person as a licensee or permittee of an existing or authorized station, the petition to intervene must be accompanied by an affidavit of a qualified radio engineer which shall show, either by following the procedures prescribed in this chapter for determining interference in the absence of measurements or by actual measurements made in accordance with the methods prescribed in this chapter, the extent of such interference. Where the person's status as a party in interest is established, the petition to intervene will be granted.

(b) Any other person desiring to participate as a party in any hearing may file a petition for leave to intervene not later than 30 days after the publication in the FEDERAL REGISTER of the full text or a summary of the order designating an application for hearing or any substantial amendment thereto. The petition must set forth the interest of petitioner in the proceedings, must show how such petitioner's participation will assist the Commission in the determination of the issues in question, must set forth any proposed issues in addition to those already designated for hearing, and must be accompanied by the affidavit of a person with knowledge as to the facts set forth in the petition. The presiding officer, in his discretion, may grant or deny such petition or may permit intervention by such persons limited to a particular stage of the proceeding.

(c) Any person desiring to file a petition for leave to intervene later than 30

days after the publication in the FEDERAL REGISTER of the full text or a summary of the order designating an application for hearing or any substantial amendment thereto shall set forth the interest of petitioner in the proceeding, show how such petitioner's participation will assist the Commission in the determination of the issues in question, must set forth any proposed issues in addition to those already designated for hearing, and must set forth reasons why it was not possible to file a petition within the time prescribed by paragraphs (a) and (b) of this section. Such petition shall be accompanied by the affidavit of a person with knowledge of the facts set forth in the petition, and where petitioner claims that a grant of the application would cause objectionable interference under applicable provisions of this chapter, the petition to intervene must be accompanied by the affidavit of a qualified radio engineer showing the extent of such alleged interference according to the methods prescribed in paragraph (a) of this section. If, in the opinion of the presiding officer, good cause is shown for the delay in filing, he may in his discretion grant such petition or may permit intervention limited to particular issues or to a particular stage of the proceeding.

§ 1.224 Motion to proceed in forma pauperis.

(a) A motion to proceed in forma pauperis may be filed by an individual, a corporation, and unincorporated entity, an association or other similar group, if the moving party is either of the following:

(1) A respondent in a revocation proceeding, or a renewal applicant, who cannot carry on his livelihood without the radio license at stake in the proceeding; or

(2) An intervenor in a hearing proceeding who is in a position to introduce testimony which is of probable decisional significance, on a matter of substantial public interest importance, which cannot, or apparently will not, be introduced by other parties to the proceeding, and who is not seeking personal financial gain.

(b) In the case of a licensee, the motion to proceed in forma pauperis shall contain specific allegations of fact sufficient to show that the moving party is eligible under paragraph (a) of this section and that he cannot, because of his poverty, pay the expenses of litigation and still be able to provide himself and his dependents with the necessities of life. Such allegations of fact shall be supported by affidavit of a person or persons with personal knowledge thereof. The information submitted shall detail the income and assets of the individual and his financial obligations and responsibilities, and shall contain an estimate of the cost of participation in the proceeding. Personal financial information may be submitted to the presiding officer in confidence.

(c)(1) In the case of an individual intervenor, the motion to proceed in forma pauperis shall contain specific allegations of fact sufficient to show that he is eligible under paragraph (a) of this section and that he has dedicated financial resources to sustain his participation which are reasonable in light of his personal resources and other demands upon them but are inadequate for effective participation in the proceeding. Such allegations of fact shall be supported by affidavit of a person or persons with personal knowledge thereof. The information submitted shall detail the income and assets of the individual and his immediate family and his financial obligations and responsibilities, and shall contain an estimate of the cost of participation. Personal financial information may be submitted to the presiding officer in confidence.

(2) In the case of an intervening group, the motion to proceed in forma pauperis shall contain specific allegations of fact sufficient to show that the moving party is eligible under paragraph (a) of this section and that it cannot pay the expenses of litigation and still be able to carry out the activities and purposes for which it was organized. Such allegations of fact shall be supported by affidavit of the President and Treasurer of the group,

and/or by other persons having personal knowledge thereof. The information submitted shall include a copy of the corporate charter or other documents that describe the activities and purposes of the organization; a current balance sheet and profit and loss statement; facts showing, under all the circumstances, that it would not be reasonable to expect added resources of individuals composing the group to be pooled to meet the expenses of participating in the proceeding; and an estimate of the cost of participation. Personal financial information pertaining to members of the group may be submitted to the presiding officer in confidence.

(d) If the motion is granted, the presiding officer may direct that a free copy of the transcript of testimony be made available to the moving party and may relax the rules of procedure in any manner which will ease his financial burden, is fair to other parties to the proceeding, and does not involve the payment of appropriated funds to a party.

[41 FR 53021, Dec. 3, 1976]

§ 1.225 Participation by non-parties; consideration of communications.

(a) Any person who wishes to appear and give evidence on any matter and who so advises the Secretary, will be notified by the Secretary if that matter is designated for hearing. In the case of requests bearing more than one signature, notice of hearing will be given to the person first signing unless the request indicates that such notice should be sent to someone other than such person.

(b) No person shall be precluded from giving any relevant, material, and competent testimony at a hearing because he lacks a sufficient interest to justify his intervention as a party in the matter.

(c) When a hearing is held, no communication will be considered in determining the merits of any matter unless it has been received into evidence. The admissibility of any communication shall be governed by the applicable rules of evidence, and no communication shall be admissible on the basis of a stipulation unless Commission counsel as well as counsel for all of the parties shall join in such stipulation.

§ 1.227 Consolidations.

(a) The Commission, upon motion or upon its own motion, will, where such action will best conduce to the proper dispatch of business and to the ends of justice, consolidate for hearing:

(1) Any cases which involve the same applicant or involve substantially the same issues, or

(2) Any applications which present conflicting claims, except where a random selection process is used.

(b)(1) In broadcast cases, except as provided in paragraph (b)(5) of this section, and except as otherwise provided in §1.1601, *et seq.*, no application will be consolidated for hearing with a previously filed application or applications unless such application, or such application as amended, if amended so as to require a new file number, is substantially complete and tendered for filing by the close of business on the day preceding the day designated by Public Notice as the day any one of the previously filed applications is available and ready for processing.

(2) In other than broadcast, common carrier, and safety and special radio services cases, any application that is mutually exclusive with another application or applications already designated for hearing will be consolidated for hearing with such other application or applications only if the later application in question has been filed within 5 days after public notice has been given in the FEDERAL REGISTER of the Commission's order which first designated for hearing the prior application or applications with which such application is in conflict.

(3) Common carrier cases: (i) *General rule.* Where an application is mutually exclusive with a previously filed application, the second application will be entitled to comparative consideration with the first or entitled to be included in a random selection process, only if the second has been properly filed at least one day before the Commission takes action on the first application. Specifically, the later filed application must have been received by the Commission, in a condition acceptable for filing, before the close of business on

the day prior to the grant date or designation date of the earlier filed application.

(ii) *Domestic public fixed and public mobile.* See Rule §21.31 of this chapter for the requirements as to mutually exclusive applications. See also Rule §21.23 of this chapter for the requirements as to amendments of applications.

(iii) *Public coast stations (Maritime mobile service).* See paragraph (b)(4) of this section.

(4) This paragraph applies when mutually exclusive applications subject to section 309(b) of the Communications Act and not subject to competitive bidding procedures pursuant to §1.2102 of this chapter are filed in the Private Radio Services, or when there are more such applications for initial licenses than can be accommodated on available frequencies. Except for applications filed under part 101, subparts H and O, Private Operational Fixed Microwave Service, and applications for high seas public coast stations (see §.§80.122(b)(1) (first sentence), 80.357, 80.361, 80.363(a)(2), 80.371(a), (b), and (d), and §80.374 of this chapter) mutual exclusivity will occur if the later application or applications are received by the Commission's offices in Gettysburg, PA (or St. Louis, Missouri for applications requiring the fees set forth at part 1, subpart G of the rules) in a condition acceptable for filing within 30 days after the release date of public notice listing the first prior filed application (with which subsequent applications are in conflict) as having been accepted for filing or within such other period as specified by the Commission. For applications in the Private Operational Fixed Microwave Service, mutual exclusivity will occur if two or more acceptable applications that are in conflict are filed on the same day. Applications for high seas public coast stations will be processed on a first come, first served basis, with the first acceptable application cutting off the filing rights of subsequent, conflicting applications. Applications for high seas public coast stations received on the same day will be treated as simultaneously filed and, if granting more than one would result in harmful interference, must be resolved through settlement or technical amendment.

(5) Any mutually exclusive application filed after the date prescribed in paragraph (b)(1), (b)(2), (b)(3), or (b)(4) of this section will be dismissed without prejudice and will be eligible for refiling only after a final decision is rendered by the Commission with respect to the prior application or applications or after such application or applications are dismissed or removed from the hearing docket.

§1.229 Motions to enlarge, change, or delete issues.

(a) A motion to enlarge, change or delete the issues may be filed by any party to a hearing. Except as provided for in paragraph (b) of this section, such motions must be filed within 15 days after the full text or a summary of the order designating the case for hearing has been published in the FEDERAL REGISTER.

(b)(1) In comparative broadcast proceedings involving applicants for only new facilities, such motions shall be filed within 30 days of the release of the designation order, except that persons not named as parties to the proceeding in the designation order may file such motions with their petitions to intervene up to 30 days after publication of the full text or a summary of the designation order in the FEDERAL REGISTER. (*See* §1.223 of this part).

(2) For program carriage complaints filed pursuant to §76.1302 of this chapter that the Chief, Media Bureau refers to an administrative law judge for an initial decision, such motions shall be filed within 15 calendar days after the deadline for submitting written appearances pursuant to §1.221(h), except that persons not named as parties to the proceeding in the designation order may file such motions with their petitions to intervene up to 30 days after

publication of the full text or a summary of the designation order in the FEDERAL REGISTER. (*See* § 1.223).

(3) Any person desiring to file a motion to modify the issues after the expiration of periods specified in paragraphs (a), (b)(1), and (b)(2) of this section shall set forth the reason why it was not possible to file the motion within the prescribed period. Except as provided in paragraph (c) of this section, the motion will be granted only if good cause is shown for the delay in filing. Motions for modifications of issues which are based on new facts or newly discovered facts shall be filed within 15 days after such facts are discovered by the moving party.

(c) In the absence of good cause for late filing of a motion to modify the issues, the motion to enlarge will be considered fully on its merits if (and only if) initial examination of the motion demonstrates that it raises a question of probable decisional significance and such substantial public interest importance as to warrant consideration in spite of its untimely filing.

(d) Such motions, opposition thereto, and replies to oppositions shall contain specific allegations of fact sufficient to support the action requested. Such allegations of fact, except for those of which official notice may be taken, shall be supported by affidavits of a person or persons having personal knowledge thereof. The failure to file an opposition or a reply will not necessarily be construed as an admission of any fact or argument contained in a pleading.

(e) In comparative broadcast proceedings involving applicants for only new facilities, in addition to the showing with respect to the requested issue modification described in paragraph (d) of this section, the party requesting the enlargement of issues against an applicant in the proceeding shall identify those documents the moving party wishes to have produced and any other discovery procedures the moving party wishes to employ in the event the requested issue is added to the proceeding.

(1) In the event the motion to enlarge issues is granted, the Commission or delegated authority acting on the motion will also rule on the additional discovery requests, and, if granted, such additional discovery will be scheduled to be completed within 30 days of the action on the motion.

(2) The moving party may file supplemental discovery requests on the basis of information provided in responsive pleadings or discovered as a result of initial discovery on the enlarged issue. The grant or denial of any such supplemental requests and the timing of the completion of such supplemental discovery are subject to the discretion of the presiding judge.

(3) The 30-day time limit for completion of discovery on enlarged issues shall not apply where the persons subject to such additional discovery are not parties to the proceeding. In such case, additional time will be required to afford such persons adequate notice of the discovery procedures being employed.

(f) In any case in which the presiding judge or the Commission grants a motion to enlarge the issues to inquire into allegations that an applicant made misrepresentations to the Commission or engaged in other misconduct during the application process, the enlarged issues include notice that, after hearings on the enlarged issue and upon a finding that the alleged misconduct occurred and warrants such penalty, in addition to or in lieu of denying the application, the applicant may be liable for a forfeiture of up to the maximum statutory amount. See 47 U.S.C. 503(b)(2)(A).

§ 1.244 Designation of a settlement judge.

(a) In broadcast comparative cases involving applicants for only new facilities, the applicants may request the appointment of a settlement judge to facilitate the resolution of the case by settlement.

(b) Where all applicants in the case agree that such procedures may be beneficial, such requests may be filed with the presiding judge no later than 15 days prior to the date scheduled by the presiding judge for the commencement of hearings. The presiding judge shall suspend the procedural dates in the case and forward the request to the Chief Administrative Law Judge for action.

(c) If, in the discretion of the Chief Administrative Law Judge, it appears that the appointment of a settlement judge will facilitate the settlement of the case, the Chief Judge will appoint a ''neutral'' as defined in 5 U.S.C. 581 and 583(a) to act as the settlement judge.

(1) The parties may request the appointment of a settlement judge of their own choosing so long as that person is a ''neutral'' as defined in 5 U.S.C. 581.

(2) The appointment of a settlement judge in a particular case is subject to the approval of all the applicants in the proceeding. See 5 U.S.C. 583(b).

(3) The Commission's Administrative Law Judges are eligible to act as settlement judges, except that an Administrative Law Judge will not be appointed as a settlement judge in any case in which the Administrative Law Judge also acts as the presiding officer.

(4) Other members of the Commission's staff who qualify as neutrals may be appointed as settlement judges, except that staff members whose duties include drafting, review, and/or recommendations in adjudicatory matters pending before the Commission shall not be appointed as settlement judges.

(d) The settlement judge shall have the authority to require applicants to submit their written direct cases for review. The settlement judge may also meet with the applicants and/or their counsel, individually and/or at joint conferences, to discuss their cases and the cases of their competitors. All such meetings will be off-the-record, and the settlement judge may express an opinion as to the relative comparative standing of the applicants and recommend possible means to resolve the proceeding by settlement. The proceedings before the settlement judge

shall be subject to the confidentiality provisions of 5 U.S.C. 574. Moreover, no statements, offers of settlement, representations or concessions of the parties or opinions expressed by the settlement judge will be admissible as evidence in any Commission licensing proceeding.

§ 1.245 Disqualification of presiding officer.

(a) In the event that a presiding officer deems himself disqualified and desires to withdraw from the case, he shall notify the Commission of his withdrawal at least 7 days prior to the date set for hearing.

(b) Any party may request the presiding officer to withdraw on the grounds of personal bias or other disqualification.

(1) The person seeking disqualification shall file with the presiding officer an affidavit setting forth in detail the facts alleged to constitute grounds for disqualification. Such affidavit shall be filed not later than 5 days before the commencement of the hearing unless, for good cause shown, additional time is necessary.

(2) The presiding officer may file a response to the affidavit; and if he believes himself not disqualified, shall so rule and proceed with the hearing.

(3) The person seeking disqualification may appeal a ruling of disqualification, and, in that event, shall do so at the time the ruling is made. Unless an appeal of the ruling is filed at this time, the right to request withdrawal of the presiding officer shall be deemed waived.

(4) If an appeal of the ruling is filed, the presiding officer shall certify the question, together with the affidavit and any response filed in connection therewith, to the Commission. The hearing shall be suspended pending a ruling on the question by the Commission.

(5) The Commission may rule on the question without hearing, or it may require testimony or argument on the issues raised.

(6) The affidavit, response, testimony or argument thereon, and the Commission's decision shall be part of the record in the case.

PREHEARING PROCEDURES

§ 1.246 Admission of facts and genuineness of documents.

(a) Within 20 days after the time for filing a notice of appearance has expired; or within 20 days after the release of an order adding parties to the proceeding (see §§1.223 and 1.227) or changing the issues (see §1.229); or within such shorter or longer time as the presiding officer may allow on motion or notice, a party may serve upon any other party a written request for the admission by the latter of the genuineness of any relevant documents identified in and exhibited by a clear copy with the request or of the truth of any relevant matters of fact set forth in the request.

(b) Each of the matters of which an admission is requested shall be deemed admitted unless, within a period designated in the request, not less than 10 days after service thereof, or within such shorter or longer time as the presiding officer may allow on motion or notice, the party to whom the request is directed serves upon the party requesting the admission either: (1) A sworn statement denying specifically the matters of which an admission is requested or setting forth in detail the reasons why he cannot truthfully admit or deny those matters, or (2) written objections on the ground that some or all of the requested admissions are privileged or irrelevant or that the request is otherwise improper in whole or in part. If written objections to a part of the request are made, the remainder of the request shall be answered within the period designated in the request. A denial shall fairly meet the substance of the requested admission, and when good faith requires that a party deny only a part or a qualification of a matter of which an admission is requested, he shall specify so much of it as is true and deny only the remainder.

(c) A copy of the request and of any answer shall be served by the party filing on all other parties to the proceeding and upon the presiding officer.

(d) Written objections to the requested admissions may be ruled upon by the presiding officer without additional pleadings.

[33 FR 463, Jan. 12, 1968, as amended at 35 FR 17333, Nov. 11, 1970]

§ 1.248 Prehearing conferences; hearing conferences.

(a) The Commission, on its own initiative or at the request of any party, may direct the parties or their attorneys to appear at a specified time and place for a conference prior to a hearing, or to submit suggestions in writing, for the purpose of considering, among other things, the matters set forth in paragraph (c) of this section. The initial prehearing conference shall be scheduled 30 days after the effective date of the order designating a case for hearing, unless good cause is shown for scheduling such conference at a later date, except that for program carriage complaints filed pursuant to §76.1302 of this chapter that the Chief, Media Bureau refers to an administrative law judge for an initial decision, the initial prehearing conference shall be held no later than 10 calendar days after the deadline for submitting written appearances pursuant to §1.221(h) or within such shorter or longer period as the Commission may allow on motion or notice consistent with the public interest.

(b)(1) The presiding officer (or the Commission or a panel of commissioners in a case over which it presides), on his own initiative or at the request of any party, may direct the parties or their attorneys to appear at a specified time and place for a conference prior to or during the course of a hearing, or to submit suggestions in writing, for the purpose of considering any of the matters set forth in paragraph (c) of this section. The initial prehearing conference shall be scheduled 30 days after the effective date of the order designating a case for hearing, unless good cause is shown for scheduling such conference at a later date, except that for program carriage complaints filed pursuant to §76.1302 of this chapter that the Chief, Media Bureau refers to an administrative law judge for an initial decision, the initial prehearing conference shall be held no later than 10 calendar days after the deadline for submitting written appearances pursuant to §1.221(h) or within such shorter or longer period as the presiding officer may allow on motion or notice consistent with the public interest.

(2) Except as circumstances otherwise require, the presiding officer shall allow a reasonable period prior to commencement of the hearing for the orderly completion of all prehearing procedures, including discovery, and for the submission and disposition of all prehearing motions. Where the circumstances so warrant, the presiding officer shall, promptly after the hearing is ordered, call a preliminary prehearing conference, to inquire into the use of available procedures contemplated by the parties and the time required for their completion, to formulate a schedule for their completion, and to set a date for commencement of the hearing.

(c) In conferences held, or in suggestions submitted, pursuant to paragraphs (a) and (b) of this section, the following matters, among others, may be considered:

(1) The necessity or desirability of simplification, clarification, amplification, or limitation of the issues;

(2) The admission of facts and of the genuineness of documents (see §1.246), and the possibility of stipulating with respect to facts;

(3) The procedure at the hearing;

(4) The limitation of the number of witnesses;

(5) In cases arising under Title II of the Communications Act, the necessity or desirability of amending the pleadings and offers of settlement or proposals of adjustment; and

(6) In cases involving comparative broadcast applications:

(i) Narrowing the issues or the areas of inquiry and proof at the hearing;

(ii) [Reserved]

(iii) Reports and letters relating to surveys or contacts;

(iv) Assumptions regarding the availability of equipment;

(v) Network programming;

(vi) Assumptions regarding the availability of networks proposed;

(vii) Offers of letters in general;

(viii) The method of handling evidence relating to the past cooperation of existing stations owned and/or operated by the applicants with organizations in the area;

(ix) Proof of contracts, agreements, or understandings reduced to writing;

(x) Stipulations;

(xi) Need for depositions;

(xii) The numbering of exhibits;

(xiii) The order or offer of proof with relationship to docket number;

(xiv) The date for the formal hearing; and

(xv) Such other matters as may expedite the conduct of the hearing.

(7) In proceedings in which consent agreements may be negotiated (see §1.93), the parties shall be prepared to state at the initial prehearing conference whether they are at that time willing to enter negotiations leading to a consent agreement.

(d) This paragraph applies to broadcast proceedings only.

(1) At the prehearing conference prescribed by this section, the parties to the proceeding shall be prepared to discuss the advisability of reducing any or all phases of their affirmative direct cases to written form.

(2) In hearings involving applications for new, improved and changed facilities and in comparative hearings involving only applications for new facilities, where it appears that it will contribute significantly to the disposition of the proceeding for the parties to submit all or any portion of their affirmative direct cases in writing, the presiding officer may, in his discretion, require them to do so.

(3) In other broadcast proceedings, where it appears that it will contribute significantly to the disposition of the proceeding for the parties to submit all or any portion of their affirmative direct cases in writing, it is the policy of the Commission to encourage them to do so. However, the phase or phases of the proceeding to be submitted in writing, the dates for the exchange of the written material, and other limitations upon the effect of adopting the written case procedure (such as whether material ruled out as incompetent may be restored by other competent testimony) is to be left to agreement of the parties as approved by the presiding officer.

(4) In broadcast comparative cases involving applicants for only new facilities, oral testimony and cross examination will be permitted only where, in the discretion of the presiding judge, material issues of decisional fact cannot be resolved without oral evidentiary hearing procedures or the public interest otherwise requires oral evidentiary proceedings.

(e) An official transcript of all conferences shall be made.

(f) The presiding officer may, upon the written request of a party or parties, approve the use of a speakerphone as a means of attendance at a prehearing conference if such use is found to conduce to the proper dispatch of business and the ends of justice.

§1.249 Prehearing statement.

Immediately upon convening the formal hearing in any proceeding, the presiding officer shall enter upon the record a statement reciting all actions taken at the prehearing conferences, and incorporating into the record all of the stipulations and agreements of the parties which are approved by him, and any special rules which he may deem necessary to govern the course of the proceeding.

HEARING AND INTERMEDIATE DECISION

§1.250 Discovery and preservation of evidence; cross-reference.

For provisions relating to prehearing discovery and preservation of admissible evidence, see §§1.311 through 1.325.

[33 FR 463, Jan. 12, 1968]

§1.251 Summary decision.

(a)(1) Any party to an adjudicatory proceeding may move for summary decision of all or any of the issues set for hearing. The motion shall be filed at

least 20 days prior to the date set for commencement of the hearing. The party filing the motion may not rest upon mere allegations or denials but must show, by affidavit or by other materials subject to consideration by the presiding officer, that there is no genuine issue of material fact for determination at the hearing.

(2) With the permission of the presiding officer, or upon his invitation, a motion for summary decision may be filed at any time before or after the commencement of the hearing. No appeal from an order granting or denying a request for permission to file a motion for summary decision shall be allowed. If the presiding officer authorizes a motion for summary decision after the commencement of the hearing, proposed findings of fact and conclusions of law on those issues which the moving party believes can be resolved shall be attached to the motion, and any other party may file findings of fact and conclusions of law as an attachment to pleadings filed by him pursuant to paragraph (b) of this section.

(b) Within 14 days after a motion for summary decision is filed, any other party to the proceeding may file an opposition or a countermotion for summary decision. A party opposing the motion may not rest upon mere allegations or denials but must show, by affidavit or by other materials subject to consideration by the presiding officer, that there is a genuine issue of material fact for determination at the hearing, that he cannot, for good cause, present by affidavit or otherwise facts essential to justify his opposition, or that summary decision is otherwise inappropriate.

(c) Affidavits shall be made on personal knowledge, shall set forth such facts as would be admissible in evidence, and shall show affirmatively that the affiant is competent to testify to the matters stated therein.

(d) The presiding officer may, in his discretion, set the matter for argument and call for the submission of proposed findings, conclusions, briefs or memoranda of law. The presiding officer, giving appropriate weight to the nature of the proceeding, the issue or issues, the proof, and to the need for cross-examination, may grant a motion for summary decision to the extent that the pleadings, affidavits, materials obtained by discovery or otherwise, admissions, or matters officially noticed, show that there is no genuine issue as to any material fact and that a party is otherwise entitled to summary decision. If it appears from the affidavits of a party opposing the motion that he cannot, for good cause shown, present by affidavit or otherwise facts essential to justify his opposition, the presiding officer may deny the motion, may order a continuance to permit affidavits to be obtained or discovery to be had, or make such other order as is just.

(e) If all of the issues (or a dispositive issue) are determined on a motion for summary decision no hearing (or further hearing) will be held. The presiding officer will issue a Summary Decision, which is subject to appeal or review in the same manner as an Initial Decision. See §§1.271 through 1.282. If some of the issues only (including no dispositive issue) are decided on a motion for summary decision, or if the motion is denied, the presiding officer will issue a memorandum opinion and order, interlocutory in character, and the hearing will proceed on the remaining issues. Appeal from interlocutory rulings is governed by §1.301.

(f) The presiding officer may take any action deemed necessary to assure that summary decision procedures are not abused. He may rule in advance of a motion that the proceeding is not appropriate for summary decision, and may take such other measures as are necessary to prevent any unwarranted delay.

(1) Should it appear to the satisfaction of the presiding officer that a motion for summary decision has been presented in bad faith or solely for the purpose of delay, or that such a motion is patently frivolous, he will enter a determination to that effect upon the record.

(2) If, on making such determination, the presiding officer concludes that the facts warrant disciplinary action against an attorney, he will certify the matter to the Commission with his findings and recommendations, for consideration under §1.24.

(3) If, on making such determination, the presiding officer concludes that the facts warrant a finding of bad faith on the part of a party to the proceeding, he will certify the matter to the Commission, with his findings and recommendations, for a determination as to whether the facts warrant addition of an issue as to the character qualifications of that party.

[37 FR 7507, Apr. 15, 1972, as amended at 42 FR 56508, Oct. 26, 1977]

§ 1.253 Time and place of hearing.

(a) The Commission will specify the day on which and the place at which any hearing is to commence.

(b) The presiding officer will specify the days on which subsequent hearing sessions are to be held.

(c) If the Commission specifies that a hearing is to commence in the District of Columbia, it shall be moved therefrom only by order of the Commission.

(d) If the Commission specifies that a hearing is to commence at a field location, all appropriate proceedings will be completed at such location before the hearing is moved therefrom. When such proceedings are completed, the presiding officer may move the hearing from the field location specified to another appropriate field location or to the District of Columbia.

§ 1.254 Nature of the hearing; burden of proof.

Any hearing upon an application shall be a full hearing in which the applicant and all other parties in interest shall be permitted to participate but in which both the burden of proceeding with the introduction of evidence upon any issue specified by the Commission, as well as the burden of proof upon all such issues, shall be upon the applicant except as otherwise provided in the order of designation.

(Sec. 309, 48 Stat. 1085, as amended; 47 U.S.C. 309)

§ 1.255 Order of procedure.

(a) At hearings on a formal complaint or petition or in a proceeding for any instrument of authorization which the Commission is empowered to issue, the complainant, petitioner, or applicant, as the case may be, shall, unless the Commission otherwise orders, open and close. At hearings on protests, the protestant opens and closes the proceedings in case the issues are not specifically adopted by the Commission; otherwise the grantee does so. At hearings on orders to show cause, to cease and desist, to revoke or modify a station license under sections 312 and 316 of the Communications Act, or other like proceedings instituted by the Commission, the Commission shall open and close.

(b) At all hearings under Title II of the Communications Act, other than hearings on formal complaints, petitions, or applications, the respondent shall open and close unless otherwise specified by the Commission.

(c) In all other cases, the Commission or presiding officer shall designate the order of presentation. Intervenors shall follow the party in whose behalf intervention is made, and in all cases where the intervention is not in support of an original party, the Commission or presiding officer shall designate at what stage such intervenors shall be heard.

[28 FR 12425, Nov. 22, 1963, as amended at 33 FR 463, Jan. 12, 1968]

§ 1.258 Closing of the hearing.

The record of hearing shall be closed by an announcement to that effect at the hearing by the presiding officer when the taking of testimony has been concluded. In the discretion of the presiding officer, the record may be closed as of a future specified date in order to permit the admission into the record of exhibits to be prepared: *Provided,* The parties to the proceeding stipulate on the record that they waive the opportunity to cross-examine or present evidence with respect to such exhibits. The record in any hearing which has been adjourned may not be closed by such officer prior to the day on which the hearing is to resume, except upon 10 days' notice to all parties to the proceeding.

§ 1.260 Certification of transcript.

After the close of the hearing, the complete transcript of testimony, together with all exhibits, shall be certified as to identity by the presiding officer and filed in the Office of the Secretary. Notice of such certification

shall be served on all parties to the proceedings.

[71 FR 15618, Mar. 29, 2006]

§ 1.261 Corrections to transcript.

At any time during the course of the proceeding, or as directed by the presiding officer, but not later than 10 days after the date of notice of certification of the transcript, any party to the proceeding may file with the presiding officer a motion requesting the correction of the transcript, which motion shall be accompanied by proof of service thereof upon all other parties to the proceeding. Within 5 days after the filing of such a motion, other parties may file a pleading in support of or in opposition to such motion. Thereafter, the presiding officer shall, by order, specify the corrections to be made in the transcript, and a copy of the order shall be served upon all parties and made a part of the record. The presiding officer, on his own initiative, may specify corrections to be made in the transcript on 5 days' notice.

[40 FR 51441, Nov. 5, 1975]

§ 1.263 Proposed findings and conclusions.

(a) Each party to the proceeding may file proposed findings of fact and conclusions, briefs, or memoranda of law: *Provided, however*, That the presiding officer may direct any party other than Commission counsel to file proposed findings of fact and conclusions, briefs, or memoranda of law. Such proposed findings of fact, conclusions, briefs, and memoranda of law shall be filed within 20 days after the record is closed, unless additional time is allowed.

(b) All pleadings and other papers filed pursuant to this section shall be accompanied by proof of service thereof upon all other counsel in the proceeding; if a party is not represented by counsel, proof of service upon such party shall be made.

(c) In the absence of a showing of good cause therefor, the failure to file proposed findings of fact, conclusions, briefs, or memoranda of law, when directed to do so, may be deemed a waiver of the right to participate further in the proceeding.

(5 U.S.C. 557)

§ 1.264 Contents of findings of fact and conclusions.

Proposed findings of fact shall be set forth in serially numbered paragraphs and shall set out in detail and with particularity all basic evidentiary facts developed on the record (with appropriate citations to the transcript of record or exhibit relied on for each evidentiary fact) supporting the conclusions proposed by the party filing same. Proposed conclusions shall be separately stated. Proposed findings of fact and conclusions submitted by a person other than an applicant may be limited to those issues in connection with the hearing which affect the interests of such person.

(5 U.S.C. 557)

§ 1.267 Initial and recommended decisions.

(a) Except as provided in this paragraph, in §§1.94, 1.251 and 1.274, or where the proceeding is terminated on motion (see §1.302), the presiding officer shall prepare an initial (or recommended) decision, which shall be transmitted to the Secretary of the Commission. In the case of rate making proceedings conducted under sections 201–205 of the Communications Act, the presumption shall be that the presiding officer shall prepare an initial or recommended decision. The Secretary will make the decision public immediately and file it in the docket of the case.

(b) Each initial and recommended decision shall contain findings of fact and conclusions, as well as the reasons or basis therefor, upon all the material issues of fact, law, or discretion presented on the record; each initial decision shall also contain the appropriate rule or order, and the sanction, relief or denial thereof; and each recommended decision shall contain recommendations as to what disposition of the case should be made by the Commission. Each initial decision will show the date upon which it will become effective in accordance with the rules in this part in the absence of exceptions, appeal, or review.

(c) The authority of the Presiding Officer over the proceedings shall cease

when he has filed his Initial or Recommended Decision, or if it is a case in which he is to file no decision, when he has certified the case for decision: *Provided*, however, That he shall retain limited jurisdiction over the proceeding for the purpose of effecting certification of the transcript and corrections to the transcript, as provided in §§ 1.260 and 1.261, respectively, and for the purpose of ruling initially on applications for awards of fees and expenses under the Equal Access to Justice Act.

(Sec. 409, 48 Stat. 1096, as amended; 47 U.S.C. 409, 5 U.S.C. 557; secs. 4, 303, 307, 48 Stat., as amended, 1066, 1082, 1083: 47 U.S.C. 154, 303, 307)

REVIEW PROCEEDINGS

§ 1.271 Delegation of review function.

The Commission may direct, by order or rule, that its review function in a case or category of cases be performed by a commissioner, or a panel of commissioners, in which event the commissioner or panel shall exercise the authority and perform the functions which would otherwise have been performed by the Commission under §§ 1.273 through 1.282.

NOTE: To provide for an orderly completion of cases, exceptions and related pleadings filed after March 1, 1996, shall be directed to the Commission and will not be acted upon by the Review Board.

[62 FR 4171, Jan. 29, 1997]

§ 1.273 Waiver of initial or recommended decision.

At the conclusion of the hearing or within 20 days thereafter, all parties to the proceeding may agree to waive an initial or recommended decision, and may request that the Commission issue a final decision or order in the case. If the Commission has directed that its review function in the case be performed by a commissioner, a panel of commissioners, the request shall be directed to the appropriate review authority. The Commission or such review authority may in its discretion grant the request, in whole or in part, if such action will best conduce to the proper dispatch of business and to the ends of justice.

[28 FR 12425, Nov. 22, 1963, as amended at 62 FR 4171, Jan. 29, 1997]

§ 1.274 Certification of the record to the Commission for initial or final decision.

(a) Where the presiding officer is available to the Commission, and where the Commission finds upon the record that due and timely execution of its functions imperatively and unavoidably so requires, the Commission may direct that the record in a pending proceeding be certified to it for initial or final decision. Unless the Commission finds that due and timely execution of its functions imperatively and unavoidably requires that no recommended decision be issued, the presiding officer will prepare and file a recommended decision, which will be released with the Commission's initial or final decision.

(b) Where the presiding officer becomes unavailable to the Commission after the taking of testimony has been concluded, the Commission may direct that the record in a pending proceeding be certified to it for initial or final decision. In that event, the record shall be certified to the Commission by the Chief Administrative Law Judge.

(c)(1) Where the presiding officer becomes unavailable to the Commission after the taking of evidence has commenced but before it has been concluded, the Commission may order a rehearing before another presiding officer designated in accordance with § 1.241.

(2) Upon a finding that due and timely execution of its functions imperatively and unavoidably so requires, the Commission may (as an alternative) order that the hearing be continued by another presiding officer designated in accordance with § 1.241 or by the Commission itself. In that event, the officer continuing the hearing shall, upon completion of the hearing, certify the proceeding to the Commission for an initial or final decision. Unless the Commission finds upon the record that due and timely execution of its functions imperatively and unavoidably requires that no recommended decision be issued, the officer continuing the

hearing shall prepare and file a recommended decision to be released with the Commission's initial or final decision. If all the parties expressly consent, and if the Commission does not order otherwise, the officer continuing the hearing may prepare an initial decision.

(Sec. 409, 48 Stat. 1096, as amended; 47 U.S.C. 409)

§ 1.276 Appeal and review of initial decision.

(a)(1) Within 30 days after the date on which public release of the full text of an initial decision is made, or such other time as the Commission may specify, any of the parties may appeal to the Commission by filing exceptions to the initial decision, and such decision shall not become effective and shall then be reviewed by the Commission, whether or not such exceptions may thereafter be withdrawn. It is the Commission's policy that extensions of time for filing exceptions shall not be routinely granted.

(2) Exceptions shall be consolidated with the argument in a supporting brief and shall not be submitted separately. As used in this subpart, the term *exceptions* means the document consolidating the exceptions and supporting brief. The brief shall contain (i) a table of contents, (ii) a table of citations, (iii) a concise statement of the case, (iv) a statement of the questions of law presented, and (v) the argument, presenting clearly the points of fact and law relied upon in support of the position taken on each question, with specific reference to the record and all legal or other materials relied on.

(b) The Commission may on its own initiative provide, by order adopted not later than 20 days after the time for filing exceptions expires, that an initial decision shall not become final, and that it shall be further reviewed or considered by the Commission.

(c) In any case in which an initial decision is subject to review in accordance with paragraph (a) or (b) of this section, the Commission may, on its own initiative or upon appropriate requests by a party, take any one or more of the following actions:

(1) Hear oral argument on the exceptions;

(2) Require the filing of briefs;

(3) Prior to or after oral argument or the filing of exceptions or briefs, reopen the record and/or remand the proceedings to the presiding officer to take further testimony or evidence;

(4) Prior to or after oral argument or the filing of exceptions or briefs, remand the proceedings to the presiding officer to make further findings or conclusions; and

(5) Prior to or after oral argument or the filing of exceptions or briefs, issue, or cause to be issued by the presiding officer, a supplemental initial decision.

(d) No initial decision shall become effective before 50 days after public release of the full text thereof is made unless otherwise ordered by the Commission. The timely filing of exceptions, the further review or consideration of an initial decision on the Commission's initiative, or the taking of action by the Commission under paragraph (c) of this section shall stay the effectiveness of the initial decision until the Commission's review thereof has been completed. If the effective date of an initial decision falls within any further time allowed for the filing of exceptions, it shall be postponed automatically until 30 days after time for filing exceptions has expired.

(e) If no exceptions are filed, and the Commission has not ordered the review of an initial decision on its initiative, or has not taken action under paragraph (c) of this section, the initial decision shall become effective, an appropriate notation to that effect shall be entered in the docket of the case, and a ''Public Notice'' thereof shall be given by the Commission. The provisions of §1.108 shall not apply to such public notices.

(f) When any party fails to file exceptions within the specified time to an initial decision which proposes to deny its application, such party shall be deemed to have no interest in further prosecution of its application, and its application may be dismissed with prejudice for failure to prosecute.

(Sec. 40, 48 Stat. 1096, as amended; 47 U.S.C. 409)

[28 FR 12425, Nov. 22, 1963, as amended at 41 FR 14873, Apr. 8, 1976]

§ 1.277 Exceptions; oral arguments.

(a) The consolidated supporting brief and exceptions to the initial decision (see § 1.276(a)(2)), including rulings upon motions or objections, shall point out with particularity alleged material errors in the decision or ruling and shall contain specific references to the page or pages of the transcript of hearing, exhibit or order if any on which the exception is based. Any objection not saved by exception filed pursuant to this section is waived.

(b) Within the period of time allowed in § 1.276(a) for the filing of exceptions, any party may file a brief in support of an initial decision, in whole or in part, which may contain exceptions and which shall be similar in form to the brief in support of exceptions (see § 1.276(a)(2)).

(c) Except by special permission, the consolidated brief and exceptions will not be accepted if the exceptions and argument exceed 25 double-spaced typewritten pages in length. (The table of contents and table of citations are not counted in the 25 page limit; however, all other contents of and attachments to the brief are counted.) Within 10 days, or such other time as the Commission or delegated authority may specify, after the time for filing exceptions has expired, any other party may file a reply brief, which shall not exceed 25 double spaced typewritten pages and shall contain a table of contents and a table of citations. If exceptions have been filed, any party may request oral argument not later than five days after the time for filing replies to the exceptions has expired. The Commission or delegated authority, in its discretion, will grant oral argument by order only in cases where such oral presentations will assist in the resolution of the issues presented. Within five days after release of an order designating an initial decision for oral argument, as provided in paragraph (d) of this section, any party who wishes to participate in oral argument shall file a written notice of intention to appear and participate in oral argument. Failure to file a written notice shall constitute a waiver of the opportunity to participate.

(d) Each order scheduling a case for oral argument will contain the allotment of time for each party for oral argument before the Commission. The Commission will grant, in its discretion, upon good cause shown, an extension of such time upon petition by a party, which petition must be filed within 5 days after issuance of said order for oral argument.

(e) Within 10 days after a transcript of oral argument has been filed in the Office of the Secretary, any party who participated in the oral argument may file with the Commission a motion requesting correction of the transcript, which motion shall be accompanied by proof of service thereof upon all other parties who participated in the oral argument. Within 5 days after the filing of such a motion, other parties may file a pleading in support of or in opposition to such motion. Thereafter, the officer who presided at the oral argument shall, by order, specify the corrections to be made in the transcript, and a copy of the order shall be served upon all parties to the proceeding. The officer who presided at the oral argument may, on his own initiative, by order, specify corrections to be made in the transcript on 5 days notice of the proposed corrections to all parties who participated in the oral argument.

(f) Any commissioner who is not present at oral argument and who is otherwise authorized to participate in a final decision may participate in making that decision after reading the transcript of oral argument.

(Sec. 409, 48 Stat. 1096, as amended; 47 U.S.C. 409)

(3) Rules governing the review of interlocutory rulings made by the Chief Administrative Law Judge are set forth in §§ 1.101, 1.102(b), 1.115, and 1.117. Petitions requesting reconsideration of an interlocutory ruling made by the Commission, or the Chief Administrative Law Judge will not be entertained. See, however, § 1.113.

[29 FR 6444, May 16, 1964]

§ 1.298 Rulings; time for action.

(a) Unless it is found that irreparable injury would thereby be caused one of the parties, or that the public interest requires otherwise, or unless all parties have consented to the contrary, consideration of interlocutory requests will be withheld until the time for filing oppositions (and replies, if replies are allowed) has expired. As a matter of discretion, however, requests for continuances and extensions of time, requests for permission to file pleadings in excess of the length prescribed in this chapter, and requests for temporary relief may be ruled upon *ex parte* without waiting for the filing of responsive pleadings.

(b) In the discretion of the presiding officer, rulings on interlocutory matters may be made orally at the hearing. The presiding officer may, in his discretion, state his reasons on the record or subsequently issue a written statement of the reasons for his ruling, either separately or as part of the initial decision.

APPEAL AND RECONSIDERATION OF PRESIDING OFFICER'S RULING

§ 1.301 Appeal from presiding officer's interlocutory ruling; effective date of ruling.

(a) *Interlocutory rulings which are appealable as a matter of right.* Rulings listed in this paragraph are appealable as a matter of right. An appeal from such a ruling may not be deferred and raised as an exception to the initial decision.

(1) If the presiding officer's ruling denies or terminates the right of any person to participate as a party to a hearing proceeding, such person, as a matter of right, may file an appeal from that ruling.

(2) If the presiding officer's ruling requires testimony or the production of documents, over objection based on a claim of privilege, the ruling on the claim of privilege is appealable as a matter of right.

(3) If the presiding officer's ruling denies a motion to disqualify the presiding judge, the ruling is appealable as a matter of right.

(4) Rulings granting a joint request filed under §1.525 without terminating the proceeding are appealable by any party as a matter of right.

(5) A ruling removing counsel from the hearing is appealable as a matter of right, by counsel on his own behalf or by his client. (In the event of such ruling, the presiding officer will adjourn the hearing for such period as is reasonably necessary for the client to secure new counsel and for counsel to familiarize himself with the case).

(b) *Other interlocutory rulings.* Except as provided in paragraph (a) of this section, appeals from interlocutory rulings of the presiding officer shall be filed only if allowed by the presiding officer. Any party desiring to file an appeal shall first file a request for permission to file appeal. The request shall be filed within 5 days after the order is released or (if no written

order) after the ruling is made. Pleadings responsive to the request shall be filed only if they are requested by the presiding officer. The request shall contain a showing that the appeal presents a new or novel question of law or policy and that the ruling is such that error would be likely to require remand should the appeal be deferred and raised as an exception. The presiding officer shall determine whether the showing is such as to justify an interlocutory appeal and, in accordance with his determination, will either allow or disallow the appeal or modify the ruling. If the presiding officer allows or disallows the appeal, his ruling is final: *Provided, however,* That the Commission may, on its own motion, dismiss an appeal allowed by the presiding officer on the ground that objection to the ruling should be deferred and raised as an exception. In the discretion of the presiding officer, the request for permission to file appeal may be made orally, on the record of the proceeding. The request may be disposed of orally.

(1) If an appeal is not allowed, or is dismissed by the Commission, or if permission to file an appeal is not requested, objection to the ruling may be raised on review of the initial decision.

(2) If an appeal is allowed and is considered on its merits, the disposition on appeal is final. Objection to the ruling or to the action on appeal may not be raised on review of the initial decision.

(3) If the presiding officer modifies the ruling, any party adversely affected by the modified ruling may file a request for permission to file appeal, pursuant to the provisions of this paragraph.

(c) *Procedures, effective date.* (1) Unless the presiding officer orders otherwise, rulings made by him shall be effective when the order is released or (if no written order) when the ruling is made. The Commission may stay the effect of any ruling which comes before it for consideration on appeal.

(2) Appeals filed under paragraph (a) of this section shall be filed within 5 days after the order is released or (if no written order) after the ruling is made. Appeals filed under paragraph (b) of this section shall be filed within 5 days after the appeal is allowed.

(3) The appeal shall conform with the specifications set out in §1.49 and shall be subscribed and verified as provided in §1.52.

(4) The appeal shall be served on parties to the proceeding (see §§1.47 and 1.211), and shall be filed with the Secretary, Federal Communications Commission, Washington, D.C. 20554.

(5) The appeal shall not exceed 5 double-spaced typewritten pages.

(6) Appeals are acted on by the Commission.

(7) Oppositions and replies shall be served and filed in the same manner as appeals and shall be served on appellant if he is not a party to the proceeding. Oppositions shall be filed within 5 days after the appeal is filed. Replies shall not be permitted, unless the Commission specifically requests them. Oppositions shall not exceed 5 double-spaced typewritten pages. Replies shall not exceed 5 double-spaced typewritten pages.

(Secs. 4, 303, 307, 48 Stat., as amended, 1066, 1082, 1083; 47 U.S.C. 154, 303, 307)

§1.302 Appeal from presiding officer's final ruling; effective date of ruling.

(a) If the presiding officer's ruling terminates a hearing proceeding, any party to the proceeding, as a matter of right, may file an appeal from that ruling within 30 days after the ruling is released.

(b) Any party who desires to preserve the right to appeal shall file a notice of appeal within 10 days after the ruling is released. If a notice of appeal is not filed within 10 days, the ruling shall be effective 30 days after the ruling is released and within this period, may be reviewed by the Commission on its own motion. If an appeal is not filed following notice of appeal, the ruling shall be effective 50 days after the day of its release and, within this period, may be reviewed by the Commission on its own motion. If an appeal is filed, or if the Commission reviews the ruling

on its own motion, the effect of the ruling is further stayed pending the completion of proceedings on appeal or review.

(c) The appeal shall conform with the specifications set out in §1.49 and shall be subscribed and verified as provided in §1.52.

(d) The appeal shall be served on parties to the proceeding (see §§1.47 and 1.211), and shall be filed with the Secretary, Federal Communications Commission, Washington, D.C. 20554.

(e) The appeal shall not exceed 25 double-spaced typewritten pages.

(f) The Commission will act on the appeal.

(g) Oppositions and replies shall be filed and served in the same manner as the appeal. Oppositions to an appeal shall be filed within 15 days after the appeal is filed. Replies to oppositions shall be filed within 10 days after the opposition is filed and shall be limited to matters raised in the oppositions. Oppositions shall not exceed 25 double-spaced typewritten pages. Replies shall not exceed 10 double-spaced typewritten pages.

THE DISCOVERY AND PRESERVATION OF EVIDENCE

AUTHORITY: Sections 1.311 through 1.325 are issued under secs. 4, 303, 409, 48 Stat., as amended, 1066, 1082, 1096; 47 U.S.C. 154, 303, 409, 5 U.S.C. 552.

§ 1.311 General.

Sections 1.311 through 1.325 provide for taking the deposition of any person (including a party), for interrogatories to parties, and for orders to parties relating to the production of documents and things and for entry upon real property. These procedures may be used for the discovery of relevant facts, for the production and preservation of evidence for use at the hearing, or for both purposes.

(a) *Applicability.* For purposes of discovery, these proecdures may be used in any case of adjudication (as defined in the Administrative Procedure Act) which has been designated for hearing. For the preservation of evidence, they may be used in any case which has been designated for hearing and is conducted under the provisions of this subpart (see §1.201).

(b) *Scope of examination.* Persons and parties may be examined regarding any matter, not privileged, which is relevant to the hearing issues, including the existence, description, nature, custody, condition and location of any books, documents, or other tangible things and the identity and location of persons having knowledge of relevant facts. It is not ground for objection to use of these procedures that the testimony will be inadmissible at the hearing if the testimony sought appears reasonably calculated to lead to the discovery of admissible evidence. The use of these procedures against the Commission is subject to the following additional limitations:

(1) The informer's privilege shall encompass information which may lead to the disclosure of an informer's identity.

(2) Commission personnel may not be questioned by deposition for the purposes of discovery except on special order of the Commission, but may be questioned by written interrogatories under §1.323. Interrogatories shall be served on the appropriate Bureau Chief (see §1.21(b)). They will be answered and signed by those personnel with knowledge of the facts. The answers will be served by the Secretary of the Commission upon parties to the proceeding.

(3) Commission records are not subject to discovery under §1.325. The inspection of Commission records is governed by the Freedom of Information Act, as amended, and by §§0.451 through 0.467 of this chapter. Commission employees may be questioned by written interrogatories regarding the existence, nature, description, custody, condition and location of Commission records, but may not be questioned concerning their contents unless the records are available (or are made available) for inspection under §§0.451 through 0.467. See §0.451(b)(5) of this chapter.

(4) Subject to paragraphs (b) (1) through (3) of this section, Commission personnel may be questioned generally by written interrogatories regarding

the existence, description, nature, custody, condition and location of relevant documents and things and regarding the identity and location of persons having knowledge of relevant facts, and may otherwise only be examined regarding facts of the case as to which they have direct personal knowledge.

(c) *Schedule for use of the procedures.* (1) In comparative broadcast proceedings involving applicants for only new facilities, discovery commences with the release of the hearing designation order, and, in routine cases, the discovery phase of the proceeding will be conducted in a manner intended to conclude that portion of the case within 90 days of the release of the designation order.

(2) In all other proceedings, except as provided by special order of the presiding officer, discovery may be initiated before or after the prehearing conference provided for in §1.248 of this part.

(3) In all proceedings, the presiding officer may at any time order the parties or their attorneys to appear at a conference to consider the proper use of these procedures, the time to be allowed for such use, and/or to hear agrument and render a ruling on disputes that arise under these rules.

(d) *Who shall act.* Actions provided for in §§1.311 through 1.325 will, in most cases, be taken by the officer designated to preside at the hearing (see §1.241). If the proceeding, or a particular matter to which the action relates, is before the Commission, a commissioner or panel of commissioners, or the Chief Administrative Law Judge, the action will be taken by such officer or body. The term *presiding officer*, as used in §§1.311 through 1.325 shall be understood to refer to the appropriate officer or body. See §§0.341, 0.351, 0.365, and 1.271 of this chapter.

(e) *Stipulations regarding the taking of depositions.* If all of the parties so stipulate in writing and if there is no interference to the conduct of the proceeding, depositions may be taken before any person, at any time (subject to the limitation below) or place, upon any notice and in any manner, and when so taken may be used like other depositions. An original and one copy of the stipulation shall be filed with the Secretary of the Commission, and a copy of the stipulation shall be served on the presiding officer, at least 3 days before the scheduled taking of the deposition.

[33 FR 463, Jan. 12, 1968, as amended at 40 FR 39509, Aug. 28, 1975; 47 FR 51873, Nov. 18, 1982; 56 FR 794, Jan. 9, 1991; 62 FR 4171, Jan. 29, 1997]

§1.313 Protective orders.

The use of the procedures set forth in §§1.311 through 1.325 of this part is subject to control by the presiding officer, who may issue any order consistent with the provisions of those sections which is appropriate and just for the purpose of protecting parties and deponents or of providing for the proper conduct of the proceeding. Whenever doing so would be conducive to the efficient and expeditious conduct of the proceeding, the presiding officer may convene a conference to hear argument and issue a ruling on any disputes that may arise under these rules. The ruling, whether written or delivered on the record at a conference, may specify any measures, including the following to assure proper conduct of the proceeding or to protect any party or deponent from annoyance, expense, embarrassment or oppression:

(a) That depositions shall not be taken or that interrogatories shall not be answered.

(b) That certain matters shall not be inquired into.

(c) That the scope of the examination or interrogatories shall be limited to certain matters.

(d) That depositions may be taken only at some designated time or place, or before an officer, other than that stated in the notice.

(e) That depositions may be taken only by written interrogatories or only upon oral examination.

(f) That, after being sealed, the deposition shall be opened only by order of the presiding officer.

[33 FR 463, Jan. 12, 1968, as amended at 56 FR 794, Jan. 9, 1991]

§ 1.315 Depositions upon oral examination—notice and preliminary procedure.

(a) *Notice.* A party to a hearing proceeding desiring to take the deposition of any person upon oral examination shall give a minimum of 21 days notice in writing to every other party, to the person to be examined, and to the presiding officer. An original and three copies of the notice shall be filed with the Secretary of the Commission. Related pleadings shall be served and filed in the same manner. The notice shall contain the following information:

(1) The name and address of each person to be examined, if known, and if the name is not known, a general description sufficient to identify him or the particular class or group to which he belongs.

(2) The time and place for taking the deposition of each person to be examined, and the name or descriptive title and address of the officer before whom the deposition is to be taken.

(3) The matters upon which each person will be examined. See §1.319.

(b) *Responsive pleadings.* (1) Within 7 days after service of the notice to take depositions, a motion opposing the taking of depositions may be filed by any party to the proceeding or by the person to be examined. See §1.319(a).

(2) Within 14 days after service of the notice to take depositions, a response to the opposition motion may be filed by any party to the proceeding.

(3) Additional pleadings should not be filed and will not be considered.

(4) The computation of time provisions set forth in §1.4(g) shall not apply to pleadings filed under the provisions of this paragraph.

(c) *Protective order.* On an opposition motion filed under paragraph (b) of this section, or on his own motion, the presiding officer may issue a protective order. See §1.313. A protective order issued by the presiding officer on his own motion may be issued at any time prior to the date specified in the notice for the taking of depositions.

(d) *Authority to take depositions.* (1) If an opposition motion is not filed within 7 days after service of the notice to take depositions, and if the presiding officer does not on his own motion issue a protective order prior to the time specified in the notice for the taking of depositions, the depositions described in the notice may be taken. An order for the taking of depositions is not required.

(2) If an opposition motion is filed, the depositions described in the notice shall not be taken until the presiding officer has acted on that motion. If the presiding officer authorizes the taking of depositions, he may specify a time, place or officer for taking them different from that specified in the notice to take depositions.

(3) If the presiding officer issues a protective order, the depositions described in the notice may be taken (if at all) only in accordance with the provisions of that order.

(e) *Broadcast comparative proceedings involving applicants for only new facilities.* In these cases, the 21-day advance notice provision of paragraph (a) of this section shall be inapplicable to depositions of active and passive owners of applicants in the proceeding. All applicants in such proceedings should be prepared to make their active and passive owners available for depositions during the period commencing with the deadline for filing notices of appearance and ending 90 days after the release of the designation order, if such depositions are requested by a party to the proceeding. All such depositions will be conducted in Washington, DC or in the community of license of the proposed station, at the deponent's option, unless all parties agree to some other location.

[33 FR 10571, July 25, 1968, as amended at 56 FR 794, Jan. 9, 1991]

§ 1.316 Depositions upon written interrogatories—notice and preliminary procedure.

(a) *Service of interrogatories; notice.* A party to the hearing proceeding desiring to take the deposition of any person upon written interrogatories shall serve the interrogatories upon every other party and shall give a minimum of 35 days notice in writing to every other party and to the person to be examined. An original and three copies of the interrogatories and the notice (and of all related pleadings) shall be filed with the Secretary of the Commission.

A copy of the interrogatories and the notice (and of all related pleadings) shall be served on the presiding officer. The notice shall contain the following information:

(1) The name and address of each person to be examined, if known, and if the name is not known, a general description sufficient to identify him or the particular class or group to which he belongs.

(3) The matters upon which each person will be examined. See §1.319.

(b) *Additional interrogatories.* Within 7 days after the filing and service of the original interrogatories, any other party to the proceeding may, in the same manner, file and serve additional interrogatories to be asked of the same witness at the same time and place, with notice to the witness of any additional matters upon which he will be examined.

(c) *Cross interrogatories.* Within 14 days after the filing and service of the original interrogatories, any party to the proceeding may, in the same manner, file and serve cross interrogatories, which shall be limited to matters raised in the original or in the additional interrogatories.

(d) *Responsive pleadings.* (1) Within 21 days after service of the original interrogatories, any party to the proceeding may move to limit or suppress any original, additional or cross interrogatory, and the person to be examined may file a motion opposing the taking of depositions. See §1.319(a).

(2) Within 28 days after service of the original interrogatories, a response to a motion to limit or suppress any interrogatory or to a motion opposing the taking of depositions may be filed by any party to the proceeding.

(3) Additional pleadings should not be filed and will not be considered.

(e) *Protective order.* On a motion to limit or suppress or an opposition motion filed under paragraph (d) of this section, or on his own motion, the presiding officer may issue a protective order. An order for the taking of depositions is not required.

(2) If an opposition motion is filed, the depositions described in the notice shall not be taken until the presiding officer has acted on that motion. If the presiding officer authorizes the taking of depositions, he may specify a time, place or officer for taking them different from that specified in the notice to take depositions.

(3) If the presiding officer issues a protective order, the depositions described in the notice may be taken (if at all) only in accordance with the provisions of that order.

[33 FR 10571, July 25, 1968]

§1.318 The taking of depositions.

(a) *Persons before whom depositions may be taken.* Depositions shall be taken before any judge of any court of the United States; any U.S. Commissioner; any clerk of a district court; any chancellor, justice or judge of a supreme or superior court; the mayor or chief magistrate of a city; any judge of a county court, or court of common pleas of any of the United States; any notary public, not being of counsel or attorney to any party, nor interested in the event of the proceeding; or presiding officers, as provided in §1.243.

(b) *Attendance of witnesses.* The attendance of witnesses at the taking of depositions may be compelled by the use of subpena as provided in §§1.331 through 1.340.

(c) *Oath; transcript.* The officer before whom the deposition is to be taken shall administer an oath or affirmation to the witness and shall personally, or by someone acting under his direction

and in his presence record the testimony of the witness. The testimony may be taken stenographically or, upon approval by the presiding officer, testimony may be taken through the use of telephonically or electronically recorded methods, including videotape. In the event these latter methods are used for the deposition, the parties may agree to the waiver of the provisions of paragraphs (e) and (f) as appropriate and as approved by the presiding officer.

(d) *Examination.* (1) In the taking of depositions upon oral examination, the parties may proceed with examination and cross-examination of deponents as permitted at the hearing. In lieu of participating in the oral examination, parties served with the notice to take depositions may transmit written interrogatories to the officer designated in the notice, who shall propound them to the witness and record the answers verbatim.

(2) In the taking of depositions upon written interrogatories, the party who served the original interrogatories shall transmit copies of all interrogatories to the officer designated in the notice, who shall propound them to the witness and record the answers verbatim.

(e) *Submission of deposition to witness; changes; signing.* When the testimony is fully transcribed, the deposition of each witness shall be submitted to him for examination and shall be read to or by him, unless such examination and reading are waiver by the witness and by the parties. Any changes in form or substance which the witness desires to make shall be entered upon the deposition by the officer with a statement of the reasons given by the witness for making them. The deposition shall then be signed by the witness, unless the parties by stipulation waive the signing, or the witness is ill, cannot be found, or refuses to sign. If the deposition is not signed by the witness, the officer shall sign it and state on the record the fact of the waiver, the illness or absence of the witness, or of his refusal to sign, together with the reason (if any) given therefor; and the deposition may then be used as fully as though signed, unless upon a motion to suppress, the presiding officer holds that the reason given for the refusal to sign requires rejection of the deposition in whole or in part.

(f) *Certification of deposition and filing by officer; copies.* The officer shall certify on the deposition that the witness was duly sworn by him, that the deposition is a true record of the testimony given by the witness, and that said officer is not of counsel or attorney to either of the parties, nor interested in the event of the proceeding or investigation. He shall then securely seal the deposition in an envelope endorsed with the title of the action and marked ''Deposition of (here insert name of witness)'' and shall promptly send the original and two copies of the deposition and of all exhibits, together with the notice and any interrogatories received by him, by certified mail to the Secretary of the Commission.

[33 FR 463, Jan. 12, 1968, as amended at 47 FR 51873, Nov. 18, 1982]

§ 1.319 Objections to the taking of depositions.

(a) *Objections to be made by motion prior to the taking of depositions.* If there is objection to the substance of any interrogatory or to examination on any matter clearly covered by the notice to take depositions, the objection shall be made in a motion opposing the taking of depositions or in a motion to limit or suppress the interrogatory as provided in §§ 1.315(b) and 1.316(d) and shall not be made at the taking of the deposition.

(b) *Objections to be made at the taking of depositions.* Errors and irregularities occurring at the oral examination in the manner of taking the deposition, in the form of the questions or answers, in the oath or affirmation, or in the conduct of parties, and errors of any kind which might be obviated, removed, or cured if promptly presented, are waived unless reasonable objection thereto is made at the taking of the deposition. If such objection is made, counsel shall, if possible, agree upon the measures required to obviate, remove, or cure such errors. The measures agreed upon shall be taken. If agreement cannot be reached, the objection shall be noted on the deposition

by the officer taking it, and the testimony objected to shall be taken subject to the objection.

(c) *Additional objections which may be made at the taking of depositions.* Objection may be made at the taking of depositions on the ground of relevancy or privilege, if the notice to take depositions does not clearly indicate that the witness is to be examined on the matters to which the objection relates. See paragraph (a) of this section. Objection may also be made on the ground that the examination is being conducted in such manner as to unreasonably annoy, embarrass, or oppress a deponent or party.

(1) When there is objection to a line of questioning, as permitted by this paragraph, counsel shall, if possible, reach agreement among themselves regarding the proper limits of the examination.

(2) If counsel cannot agree on the proper limits of the examination the taking of depositions shall continue on matters not objected to and counsel shall, within 24 hours, either jointly or individually, telegraph statements of their positions to the presiding officer, together with the telephone numbers at which they and the officer taking the depositions can be reached, or shall otherwise jointly confer with the presiding officer. If individual statements are submitted, copies shall be provided to all counsel participating in the taking of depositions.

(3) The presiding officer shall promptly rule upon the question presented or take such other action as may be appropriate under §1.313, and shall give notice of his ruling, by telephone, to counsel who submitted statements and to the officer taking the depositions. The presiding officer shall thereafter reduce his ruling to writing.

(4) The taking of depositions shall continue in accordance with the presiding officer's ruling. Such rulings are not subject to appeal.

[33 FR 463, Jan. 12, 1968]

§1.321 Use of depositions at the hearing.

(a) No inference concerning the admissibility of a deposition in evidence shall be drawn because of favorable action on the notice to take depositions.

(b) Except as provided in this paragraph and in §1.319, objection may be made at the hearing to receiving in evidence any deposition or part thereof for any reason which would require the exclusion of the evidence if the witness were then present and testifying.

(1) Objections to the competency of a witness, or the competency, relevancy or materiality of testimony are waived by failure to make them before or during the taking of depositions if (and only if) the ground of the objection is one which might have been obviated or removed if presented at that time.

(2) Objection on the ground of privilege is waived by failure to make it before or during the taking of depositions.

(c) A party shall not be deemed to make a person his own witness for any purpose by taking his deposition. The introduction in evidence of the deposition or any part thereof for any purpose other than that of contradicting or impeaching the deponent makes the deponent the witness of the party introducing the deposition, but this shall not apply to the use by an adverse party of a deposition as described in paragraph (d)(2) of this section. At the hearing any party may rebut any relevant evidence contained in a deposition whether introduced by him or by any other party.

(d) At the hearing (or in a pleading), any part or all of a deposition, so far as admissible, may be used against any party who was present or represented at the taking of the deposition or who had due notice thereof, in accordance with any one of the following provisions:

(1) Any deposition may be used by any party for the purpose of contradicting or impeaching the testimony of deponent as a witness.

(2) The deposition of a party or of any one who at the time of taking the deposition was an officer, director, or managing agent of a public or private corporation, partnership or association which is a party may be used by an adverse party for any purpose.

(3) To the extent that the affirmative direct case of a party is made in writing pursuant to §1.248(d), the deposition of any witness, whether or not a party, may be used by any party for

any purpose, provided the witness is made available for cross-examination. In all cases, the deposition of a witness, whether or not a party, may be used by any party for any purpose if the presiding officer finds: (i) That the witness is dead; or (ii) that the witness is out of the United States, unless it appears that the absence of the witness was procured by the party offering the deposition; or (iii) that the witness is unable to attend or testify because of age, sickness, infirmity, or imprisonment; or (iv) upon application and notice, that such exceptional circumstances exist as to make it desirable in the interest of justice and with due regard to the importance of presenting the testimony of witnesses orally in open hearing, to allow the deposition to be used.

(4) If only part of a deposition is offered in evidence by a party, an adverse party may require him to introduce all of it which is relevant to the part introduced, and any party may introduce any other parts.

(5) Substitution of parties does not affect the right to use depositions previously taken; and, when an action in any hearing has been dismissed and another action involving the same subject matter is afterward brought between the same parties or their representatives or successors in interest, all depositions lawfully taken and duly filed in the former action may be used in the latter as if originally taken therefor.

[33 FR 463, Jan. 12, 1968, as amended at 41 FR 14874, Apr. 8, 1976]

§ 1.323 Interrogatories to parties.

(a) *Interrogatories.* Any party may serve upon any other party written interrogatories to be answered in writing by the party served or, if the party served is a public or private corporation or a partnership or association, by any officer or agent, who shall furnish such information as is available to the party. A copy of the interrogatories shall be served upon all parties to the proceeding. An original and three copies of the interrogatories, answers, and all related pleadings shall be filed with the Secretary of the Commission. A copy of the interrogatories, answers and all related pleadings shall be served on the presiding officer.

(1) Except as otherwise provided in a protective order, the number of interrogatories or sets of interrogatories is not limited.

(2) Except as provided in such an order, interrogatories may be served after a deposition has been taken, and a deposition may be sought after interrogatories have been answered.

(b) *Answers and objections.* Each interrogatory shall be answered separately and fully in writing under oath or affirmation, unless it is objected to, in which event the reasons for objection shall be stated in lieu of an answer. The answers shall be signed by the person making them, and the objections by the attorney making them. The party upon whom the interrogatories were served shall serve a copy of the answers and objections upon all parties to the proceeding within 14 days after service of the interrogatories, or within such shorter or longer period as the presiding officer may allow. Answers may be used in the same manner as depositions of a party (see §1.321(d)).

(c) *Motion to compel an answer.* Any party to the proceeding may, within 7 days, move for an order with respect to any objection or other failure to answer an interrogatory. For purposes of this paragraph, an evasive or incomplete answer is a failure to answer; and if the motion is based on the assertion that the answer is evasive or incomplete, it shall contain a statement as to the scope and detail of an answer which would be considered responsive and complete. The party upon whom the interrogatories were served may file a response within 7 days after the motion is filed, to which he may append an answer or an amended answer. Additional pleadings should not be submitted and will not be considered.

(d) *Action by the presiding officer.* If the presiding officer determines that an objection is not justified, he shall order that the answer be served. If an interrogatory has not been answered, the presiding officer may rule that the right to object has been waived and may order that an answer be served. If an answer does not comply fully with the requirements of this section, the presiding officer may order that an

amended answer be served, may specify the scope and detail of the matters to be covered by the amended answer, and may specify any appropriate procedural consequences (including adverse findings of fact and dismissal with prejudice) which will follow from the failure to make a full and responsive answer. If a full and responsive answer is not made, the presiding officer may issue an order invoking any of the procedural consequences specified in the order to compel an answer.

(e) *Appeal.* As order to compel an answer is not subject to appeal.

§ 1.325 Discovery and production of documents and things for inspection, copying, or photographing.

(a) A party to a Commission proceeding may request any other party except the Commission to produce and permit inspection and copying or photographing, by or on behalf of the requesting party, of any designated documents, papers, books, accounts, letters, photographs, objects, or tangible things which constitute or contain evidence within the scope of the examination permitted by §1.311(b) of this part and which are in his possession, custody, or control or to permit entry upon designated land or other property in his possession or control for purposes of inspecting, measuring, surveying, or photographing the property or any designated object or operation thereon within the scope of the examination permitted by §1.311(b) of this part.

(1) Such requests need not be filed with the presiding officer, but copies of the request shall be served on all other parties to the proceeding.

(2) The party against whom the request was made must, within 10 days, comply with the request or object to the request, claiming a privilege or raising other proper objections. If the request is not complied with in whole or in part, the requesting party may file a motion to compel production of documents or access to property with the presiding officer. A motion to compel must be accompanied by a copy of the original request and the responding party's objection or claim of privilege. Motions to compel must be filed within five business days of the objection or claim of privilege.

(3) In resolving any disputes involving the production of documents or access to property, the presiding officer may direct that the materials objected to be presented to him for *in camera* inspection.

(b) Any party seeking the production of Commission records should proceed under §0.460 or §0.461 of this chapter. See §§0.451 through 0.467.

SUBPENAS

AUTHORITY: Sections 1.331 and 1.333 through 1.340 are issued under sec. 409, 48 Stat. 1096; 47 U.S.C. 409.

§ 1.331 Who may sign and issue.

Subpenas requiring the attendance and testimony of witnesses, and subpenas requiring the production of any books, papers, schedules of charges, contracts, agreements, and documents relating to any matter under investigation or hearing, may be signed and issued as follows:

(a) Hearings before the Commission en banc, an individual commissioner, or a panel of commissioners: By any commissioner participating in the conduct of the hearing.

(b) Hearings before an administrative law judge: By the administrative law judge or, in his absence, by the Chief Administrative Law Judge.

§ 1.333 Requests for issuance of subpena.

(a) Unless submitted on the record while a hearing is in progress, requests for a subpena ad testificandum shall be submitted in writing.

(b) Requests for a subpena *duces tecum* shall be submitted in writing, duly subscribed and verified, and shall specify with particularity the books, papers, and documents desired and the facts expected to be proved thereby. Where the subpena *duces tecum* request is directed to a nonparty to the proceeding, the presiding officer may issue

the same, upon request, without an accompanying subpena to enforce a notice to take depositions, provided for in paragraph (e) of this section, where it appears that the testimony of said person is not required in connection with the subpena *duces tecum*.

(c) All requests for subpenas shall be supported by a showing of the general relevance and materiality of the evidence sought.

(d) Requests for subpenas shall be submitted in triplicate, but need not be served on the parties to the proceeding.

(e) Requests for issuance of a subpena ad testificandum to enforce a notice to take depositions shall be submitted in writing. Such requests may be submitted with the notice or at a later date. The request shall not be granted until the period for the filing of motions opposing the taking of depositions has expired or, if a motion has been filed, until that motion has been acted on. Regardless of the time when the subpena request is submitted, it need not be accompanied by a showing that relevant and material evidence will be adduced, but merely that the person will be examined regarding a nonprivileged matter which is relevant to the hearing issues. The subpena request may ask that a subpena duces tecum be contemporaneously issued commanding the person to whom it is directed to produce designated books, papers, documents, or tangible things which constitute or contain evidence relating to any of the matters within the scope of the examination permitted by §1.311(b) but in that event the subpena request will be subject to the provisions of §1.313 and paragraph (b) of this section.

(f) Requests for issuance of a subpena duces tecum to enforce an order for the production of documents and things for inspection and copying under §1.325 may be submitted with the motion requesting the issuance of such an order. Regardless of the time when the subpena request is submitted, it need not be accompanied by a showing that relevant and material evidence will be adduced, but merely that the documents and things to be examined contain nonprivileged matter which is relevant to the subject matter of the proceeding.

[28 FR 12425, Nov. 22, 1963, as amended at 33 FR 466, Jan. 12, 1968; 47 FR 51873, Nov. 18, 1982]

§ 1.334 Motions to quash.

Any person against whom a subpena is directed may file a motion to quash or limit the subpena, setting forth the reasons why the subpena should not be complied with or why it should be limited in scope.

§ 1.335 Rulings.

Prompt notice, including a brief statement of the reasons therefor, will be given of the denial, in whole or in part, of a request for subpena or of a motion to quash.

§ 1.336 Service of subpenas.

(a) A subpena may be served by a United States marshal or his deputy, by Commission personnel, or by any person who is not a party to the proceeding and is not less than 18 years of age.

(b) Service of a subpena upon the person named therein shall be made by exhibiting the original subpena to him, by reading the original subpena to him if he is unable to read, by delivering the duplicate subpena to him, and by tendering to him the fees for one day's attendance at the proceeding to which he is summoned and the mileage allowed by law. If the subpena is issued on behalf of the United States or an officer or agency thereof, attendance fees and mileage need not be tendered.

§ 1.337 Return of service.

(a) If service of the subpena is made by a person other than a United States marshal or his deputy such person shall make affidavit thereof, stating the date, time, and manner of service.

(b) In case of failure to make service, the reasons for the failure shall be stated on the original subpena by the person who attempted to make service.

(c) The original subpena, bearing or accompanied by the required return affidavit or statement, shall be returned forthwith to the Secretary of the Commission or, if so directed on the subpena, to the official before whom the

person named in the subpena is required to appear.

§ 1.338 Subpena forms.

(a) Subpena forms, marked ''Original'', ''Duplicate'', and ''Triplicate'', and bearing the Commission's seal, may be obtained from the Commission's Dockets Division. These forms are to be completed and submitted with any request for issuance of a subpena.

(b) If the request for issuance of a subpena is granted, the ''Original'' and ''Duplicate'' copies of the subpena are returned to the person who submitted the request. The ''Triplicate'' copy is retained for the Commission's files.

(c) The ''Original'' copy of the subpena includes a form for proof of service. This form is to be executed by the person who effects service and returned by him to the Secretary of the Commission or, if so directed on the subpena, to the official before whom the person named in the subpena is required to appear.

(d) The ''Duplicate'' copy of the subpena shall be served upon the person named therein and retained by him. This copy should be presented in support of any claim for witness fees or mileage allowances for testimony on behalf of the Commission.

§ 1.339 Witness fees.

Witnesses who are subpenaed and respond thereto are entitled to the same fees, including mileage, as are paid for like service in the courts of the United States. Fees shall be paid by the party at whose instance the testimony is taken.

§ 1.340 Attendance of witness; disobedience.

The attendance of witnesses and the production of documentary evidence may be required from any place in the United States at any designated place of hearing. In case of disobedience to a subpena, the Commission or any party to a proceeding before the Commission may invoke the aid of any court of the United States in requiring the attendance and testimony of witnesses and the production of documentary evidence.

EVIDENCE

§ 1.351 Rules of evidence.

Except as otherwise provided in this subpart, the rules of evidence governing civil proceedings in matters not involving trial by jury in the courts of the United States shall govern formal hearings. Such rules may be relaxed if the ends of justice will be better served by so doing.

§ 1.352 Cumulative evidence.

The introduction of cumulative evidence shall be avoided, and the number of witnesses that may be heard in behalf of a party on any issue may be limited.

§ 1.353 Further evidence during hearing.

At any stage of a hearing, the presiding officer may call for further evidence upon any issue and may require such evidence to be submitted by any party to the proceeding.

§ 1.354 Documents containing matter not material.

If material and relevant matter offered in evidence is embraced in a document containing other matter not material or relevant, and not intended to be put in evidence, such document will not be received, but the party offering the same shall present to other counsel, and to the presiding officer, the original document, together with true copies of such material and relevant matter taken therefrom, as it is desired to introduce. Upon presentation of such matter, material and relevant, in proper form, it may be received in evidence, and become a part of the record. Other counsel will be afforded an opportunity to introduce in evidence, in like manner, other portions of such document if found to be material and relevant.

§ 1.355 Documents in foreign language.

Every document, exhibit, or other paper written in a language other than English, which shall be filed in any proceeding, or in response to any order, shall be filed in the language in which it is written together with an English translation thereof duly verified under oath to be a true translation. Each

copy of every such document, exhibit, or other paper filed shall be accompanied by a separate copy of the translation.

§ 1.356 Copies of exhibits.

No document or exhibit, or part thereof, shall be received as, or admitted in, evidence unless offered in duplicate. In addition, when exhibits of a documentary character are to be offered in evidence, copies shall be furnished to other counsel unless the presiding officer otherwise directs.

§ 1.357 Mechanical reproductions as evidence.

Unless offered for the sole purpose of attempting to prove or demonstrate sound effect, mechanical or physical reproductions of sound waves shall not be admitted in evidence. Any party desiring to offer any matter alleged to be contained therein or thereupon shall have such matter typewritten on paper of the size prescribed by §1.49, and the same shall be identified and offered in duplicate in the same manner as other exhibits.

§ 1.358 Tariffs as evidence.

In case any matter contained in a tariff schedule on file with the Commission is offered in evidence, such tariff schedule need not be produced or marked for identification, but the matter so offered shall be specified with particularity (tariff and page number) in such manner as to be readily identified, and may be received in evidence by reference subject to check with the original tariff schedules on file.

§ 1.359 Proof of official record; authentication of copy.

An official record or entry therein, when admissible for any purpose, may be evidenced by an official publication thereof or by a copy attested by the officer having legal custody of the record, or by his deputy, and accompanied with a certificate that such officer has the custody. If the office in which the record is kept is within the United States or within a territory or insular possession subject to the dominion of the United States, the certificate may be made by the judge of a court of record of the district or political subdivision in which the record is kept, authenticated by the seal of the court, or may be made by any public officer having a seal of office having official duties in the district or political subdivision in which the record is kept, authenticated by the seal of his office. If the office in which the record is kept is in a foreign state or country, the certificate may be made by a secretary of embassy or legation, consul general, consul, vice consul, or consular agent, or by any officer in the foreign service of the United States stationed in the foreign state or country in which the record is kept, and authenticated by the seal of his office.

§ 1.360 Proof of lack of record.

The absence of an official record or entry of a specified tenor in an official record may be evidenced by a written statement signed by an officer, or by his deputy, who would have custody of the official record, if it existed, that after diligent search no record or entry of a specified tenor is found to exist in the records of his office, accompanied by a certificate as provided in §1.359. Such statement and certificate are admissible as evidence that the records of his office contain no such record or entry.

§ 1.361 Other proof of official record.

Sections 1.359 and 1.360 do not prevent the proof of official records or of entry or lack of entry therein by any method authorized by any applicable statute or by the rules of evidence at common law.

§ 1.362 Production of statements.

After a witness is called and has given direct testimony in a hearing, and before he is excused, any party may move for the production of any statement of such witness, or part thereof, pertaining to his direct testimony, in possession of the party calling the witness, if such statement has been reduced to writing and signed or otherwise approved or adopted by the witness. Such motion shall be directed to the presiding officer. If the party declines to furnish the statement, the testimony of the witness pertaining to

the requested statement shall be stricken.

§ 1.363 Introduction of statistical data.

(a) All statistical studies, offered in evidence in common carrier hearing proceedings, including but not limited to sample surveys, econometric analyses, and experiments, and those parts of other studies involving statistical methodology shall be described in a summary statement, with supplementary details added in appendices so as to give a comprehensive delineation of the assumptions made, the study plan utilized and the procedures undertaken. In the case of sample surveys, there shall be a clear description of the survey design, including the definition of the universe under study, the sampling frame, and the sampling units; an explanation of the method of selecting the sample and the characteristics measured or counted. In the case of econometric investigations, the econometric model shall be completely described and the reasons given for each assumption and statistical specification. The effects on the final results of changes in the assumptions should be made clear. When alternative models and variables have been employed, a record shall be kept of these alternative studies, so as to be available upon request. In the case of experimental analyses, a clear and complete description of the experimental design shall be set forth, including a specification of the controlled conditions and how the controls were realized. In addition, the methods of making observations and the adjustments, if any, to observed data shall be described. In the case of every kind of statistical study, the following items shall be set forth clearly: The formulas used for statistical estimates, standard errors and test statistics, the description of statistical tests, plus all related computations, computer programs and final results. Summary descriptions of input data shall be submitted. Upon request, the actual input data shall be made available.

(b) In the case of all studies and analyses offered in evidence in common carrier hearing proceedings, other than the kinds described in paragraph (a) of this section, there shall be a clear statement of the study plan, all relevant assumptions and a description of the techniques of data collection, estimation and/or testing. In addition, there shall be a clear statement of the facts and judgments upon which conclusions are based and a statement of the relative weights given to the various factors in arriving at each conclusion, together with an indication of the alternative courses of action considered. Lists of input data shall be made available upon request.

[35 FR 16254, Oct. 16, 1970]

§ 1.364 Testimony by speakerphone.

(a) If all parties to the proceeding consent and the presiding officer approves, the testimony of a witness may be taken by speakerphone.

(b) Documents used by the witness shall be made available to counsel by the party calling the witness in advance of the speakerphone testimony. The taking of testimony by speakerphone shall be subject to such other ground rules as the parties may agree upon.

§ 1.407 Action on petitions.

If the Commission determines that the petition discloses sufficient reasons in support of the action requested to justify the institution of a rulemaking proceeding, and notice and public procedure thereon are required or deemed desirable by the Commission, an appropriate notice of proposed rule making will be issued. In those cases where notice and public procedure thereon are not required, the Commission may issue a final order amending the rules. In all other cases the petition for rule making will be denied and the petitioner will be notified of the Commission's action with the grounds therefor.

RULEMAKING PROCEEDINGS

§ 1.411 Commencement of rulemaking proceedings.

Rulemaking proceedings are commenced by the Commission, either on it own motion or on the basis of a petition for rulemaking. See §§ 1.401–1.407.

§ 1.412 Notice of proposed rulemaking.

(a) Except as provided in paragraphs (b) and (c) of this section, prior notice of proposed rulemaking will be given.

(1) Notice is ordinarily given by publication of a ''Notice of Proposed Rule Making'' in the FEDERAL REGISTER. A summary of the full decision adopted by the Commission constitutes a ''Notice of Proposed Rulemaking'' for purposes of FEDERAL REGISTER publication.

(2) If all persons subject to the proposed rules are named, the proposal may (in lieu of publication) be personally served upon those persons.

(3) If all persons subject to the proposed rules are named and have actual notice of the proposal as a matter of law, further prior notice of proposed rulemaking is not required.

(b) Rule changes (including adoption, amendment, or repeal of a rule or rules) relating to the following matters will ordinarily be adopted without prior notice:

(1) Any military, naval, or foreign affairs function of the United States.

(2) Any matter relating to Commission management or personnel or to public property, loans, grants, benefits, or contracts.

(3) Interpretative rules.

(4) General statements of policy.

(5) Rules of Commission organization, procedure, or practice.

(c) Rule changes may in addition be adopted without prior notice in any situation in which the Commission for good cause finds that notice and public procedure are impracticable, unnecessary, or contrary to the public interest. The finding of good cause and a statement of the basis for that finding are in such situations published with the rule changes.

(d) In addition to the notice provisions of paragraph (a) of this section, the Commission, before prescribing any requirements as to accounts, records, or memoranda to be kept by carriers, will notify the appropriate State agencies having jurisdiction over any carrier involved of the proposed requirements.

[28 FR 12432, Nov. 22, 1963, as amended at 51 FR 7445, Mar. 4, 1986]

(c) Either the terms or substance of the proposed rule or a description of the subjects and issues involved.

(d) The docket number assigned to the proceeding.

(e) A statement of the time for filing comments and replies thereto.

§ 1.415 Comments and replies.

(a) After notice of proposed rulemaking is issued, the Commission will

afford interested persons an opportunity to participate in the rulemaking proceeding through submission of written data, views, or arguments, with or without opportunity to present the same orally in any manner.

(b) A reasonable time will be provided for submission of comments in support of or in opposition to proposed rules, and the time provided will be specified in the notice of proposed rulemaking.

(c) A reasonable time will be provided for filing comments in reply to the original comments, and the time provided will be specified in the notice of proposed rulemaking.

(d) No additional comments may be filed unless specifically requested or authorized by the Commission.

NOTE: In some (but not all) rulemaking proceedings, interested persons may also communicate with the Commission and its staff on an *ex parte* basis, provided certain procedures are followed. See §§1.420 and 1.1200 *et seq*. See also ____ FCC 2d ____ (1980) (*i.e.*, this order).

(e) For time limits for filing motions for extension of time for filing responses to petitions for rulemaking, replies to such responses, comments filed in response to notices of proposed rulemaking, replies to such comments, see §1.46(b).

[28 FR 12432, Nov. 22, 1963, as amended at 42 FR 28888, June 6, 1977; 45 FR 45591, July 7, 1980; 52 FR 37460, Oct. 7, 1987]

§ 1.419 Form of comments and replies; number of copies.

(a) Comments, replies, and other documents filed in a rulemaking proceeding shall conform to the requirements of §1.49.

(b) Unless otherwise specified by Commission rules, an original and one copy of all comments, briefs and other documents filed in a rulemaking proceeding shall be furnished to the Commission. The distribution of such copies shall be as follows:

Participants filing the required 2 copies who also wish each Commissioner to have a personal copy of the comments may file an additional 5 copies. The distribution of such copies shall be as follows:

Commissioners	5
Secretary (original)	1
Reference Information Center	1
Total	7

Similarly, members of the general public who wish to express their interest by participating informally in a rulemaking proceeding may do so by submitting an original and one copy of their comments, without regard to form, provided only that the Docket Number is specified in the heading. Informal comments filed after close of the reply comment period, or, if on reconsideration, the reconsideration reply comment period, should be labeled ''ex parte'' pursuant to §1.1206(a). Letters submitted to Commissioners or Commission staff will be treated in the same way as informal comments, as set forth above. Also, to the extent that an informal participant wishes to submit to each Commissioner a personal copy of a comment and has not submitted or cannot submit the comment by electronic mail, the participant may file an additional 5 copies. The distribution of such copies shall be as follows:

Commissioners	5
Secretary (original)	1
Reference Information Center	1
Total	7

(c) Any person desiring to file identical documents in more than one docketed rulemaking proceeding shall furnish the Commission two additional copies of any such document for each additional docket. This requirement does not apply if the proceedings have been consolidated.

(d) Participants that file comments and replies in electronic form need only submit one copy of those comments, so long as the submission conforms to any procedural or filing requirements established for formal electronic comments.

(e) Comments and replies and other documents filed in electronic form by a

party represented by an attorney shall include the name and mailing address of at least one attorney of record. Parties not represented by an attorney that file comments and replies and other documents in electronic form shall provide their name and mailing address.

§ 1.420 Additional procedures in proceedings for amendment of the FM or TV Tables of Allotments, or for amendment of certain FM assignments.

(a) Comments filed in proceedings for amendment of the FM Table of Allotments (§ 73.202 of this chapter) or the Television Table of Allotments (§ 73.606 of this chapter) which are initiated on a petition for rule making shall be served on petitioner by the person who files the comments.

(b) Reply comments filed in proceedings for amendment of the FM or Television Tables of Allotments shall be served on the person(s) who filed the comments to which the reply is directed.

(c) Such comments and reply comments shall be accompanied by a certificate of service.

(d) Counterproposals shall be advanced in initial comments only and will not be considered if they are advanced in reply comments.

(e) An original and 4 copies of all petitions for rulemaking, comments, reply comments, and other pleadings shall be filed with the Commission.

(f) Petitions for reconsideration and responsive pleadings shall be served on parties to the proceeding and on any licensee or permittee whose authorization may be modified to specify operation on a different channel, and shall be accompanied by a certificate of service.

(g) The Commission may modify the license or permit of a UHF TV station to a VHF channel in the same community in the course of the rule making proceeding to amend § 73.606(b), or it may modify the license or permit of an FM station to another class of channel through notice and comment procedures, if any of the following conditions are met:

(1) There is no other timely filed expression of interest, or

(2) If another interest in the proposed channel is timely filed, an additional equivalent class of channel is also allotted, assigned or available for application.

NOTE TO PARAGRAPH (g): In certain situations, a licensee or permittee may seek an adjacent, intermediate frequency or co-channel upgrade by application. See § 73.203(b) of this chapter.

(h) Where licensees (or permittees) of television broadcast stations jointly petition to amend § 73.606(b) and to exchange channels, and where one of the licensees (or permittees) operates on a commercial channel while the other operates on a reserved noncommercial educational channel within the same band, and the stations serve substantially the same market, then the Commission may amend § 73.606(b) and modify the licenses (or permits) of the petitioners to specify operation on the appropriate channels upon a finding that such action will promote the public interest, convenience, and necessity.

NOTE 1 TO PARAGRAPH (h): Licensees and permittees operating Class A FM stations who seek to upgrade their facilities to Class B1, B, C3, C2, C1, or C on Channel 221, and whose proposed 1 mV/m signal contours would overlap the Grade B contour of a television station operating on Channel 6 must meet a particularly heavy burden by demonstrating that grants of their upgrade requests are in the public interest. In this regard, the Commission will examine the record in rule making proceedings to determine the availability of existing and potential non-commercial education service.

(i) In the course of the rule making proceeding to amend § 73.202(b) or § 73.606(b), the Commission may modify the license or permit of an FM or television broadcast station to specify a new community of license where the amended allotment would be mutually exclusive with the licensee's or permittee's present assignment.

(j) Whenever an expression of interest in applying for, constructing, and operating a station has been filed in a proceeding to amend the FM or TV Table of Allotments, and the filing party

seeks to dismiss or withdraw the expression of interest, either unilaterally or in exchange for financial consideration, that party must file with the Commission a request for approval of the dismissal or withdrawal, a copy of any written agreement related to the dismissal or withdrawal, and an affidavit setting forth:

(1) A certification that neither the party withdrawing its interest nor its principals has received or will receive any money or other consideration in excess of legitimate and prudent expenses in exchange for the dismissal or withdrawal of the expression of interest;

(2) The exact nature and amount of any consideration received or promised;

(3) An itemized accounting of the expenses for which it seeks reimbursement; and

(4) The terms of any oral agreement related to the dismissal or withdrawal of the expression of interest.

(5) In addition, within 5 days of a party's request for approval, each remaining party to any written or oral agreement must submit an affidavit setting forth:

(i) A certification that neither it nor its principals has paid or will pay money or other consideration in excess of the legitimate and prudent expenses of the party withdrawing its expression of interest; and

(ii) The terms of any oral agreement relating to the dismissal or withdrawal of the expression of interest.

NOTE TO §1.420: The reclassification of a Class C station in accordance with the procedure set forth in Note 4 to §73.3573 may be initiated through the filing of an original petition for amendment of the FM Table of Allotments. The Commission will notify the affected Class C station licensee of the proposed reclassification by issuing a notice of proposed rule making, except that where a triggering petition proposes an amendment or amendments to the FM Table of Allotments in addition to the proposed reclassification, the Commission will issue an order to show cause as set forth in Note 4 to §73.3573, and a notice of proposed rule making will be issued only after the reclassification issue is resolved. Triggering petitions will be dismissed upon the filing, rather than the grant, of an acceptable construction permit application to increase antenna height to at least 451 meters HAAT by a subject Class C station.

§1.421 Further notice of rulemaking.

In any rulemaking proceeding where the Commission deems it warranted, a further notice of proposed rulemaking will be issued with opportunity for parties of record and other interested persons to submit comments in conformity with §§1.415 and 1.419.

§1.423 Oral argument and other proceedings.

In any rulemaking where the Commission determines that an oral argument, hearing or any other type of proceeding is warranted, notice of the time, place and nature of such proceeding will be published in the FEDERAL REGISTER.

[58 FR 66300, Dec. 20, 1993]

§1.425 Commission action.

The Commission will consider all relevant comments and material of record before taking final action in a rulemaking proceeding and will issue a decision incorporating its finding and a brief statement of the reasons therefor.

§1.427 Effective date of rules.

(a) Any rule issued by the Commission will be made effective not less than 30 days from the time it is published in the FEDERAL REGISTER except as otherwise specified in paragraphs (b) and (c) of this section. If the report and order adopting the rule does not specify the date on which the rule becomes effective, the effective date shall be 30 days after the date on which the rule is published in the FEDERAL REGISTER, unless a later date is required by statute or is otherwise specified by the Commission.

(b) For good cause found and published with the rule, any rule issued by

the Commission may be made effective within less than 30 days from the time it is published in the FEDERAL REGISTER. Rules involving any military, naval or foreign affairs function of the United States; matters relating to agency management or personnel, public property, loans, grants, benefits or contracts; rules granting or recognizing exemption or relieving restriction; rules of organization, procedure or practice; or interpretative rules; and statements of policy may be made effective without regard to the 30-day requirement.

(c) In cases of alterations by the Commission in the required manner or form of keeping accounts by carriers, notice will be served upon affected carriers not less than 6 months prior to the effective date of such alterations.

[28 FR 12432, Nov. 22, 1963, as amended at 76 FR 24392, May 2, 2011]

§ 1.429 Petition for reconsideration of final orders in rulemaking proceedings.

(a) Any interested person may petition for reconsideration of a final action in a proceeding conducted under this subpart (see §§1.407 and 1.425). Where the action was taken by the Commission, the petition will be acted on by the Commission. Where action was taken by a staff official under delegated authority, the petition may be acted on by the staff official or referred to the Commission for action.

NOTE: The staff has been authorized to act on rulemaking proceedings described in §1.420 and is authorized to make editorial changes in the rules (see §0.231(d)).

(b) A petition for reconsideration which relies on facts or arguments which have not previously been presented to the Commission will be granted only under the following circumstances:

(1) The facts or arguments relied on relate to events which have occurred or circumstances which have changed since the last opportunity to present such matters to the Commission;

(2) The facts or arguments relied on were unknown to petitioner until after his last opportunity to present them to the Commission, and he could not through the exercise of ordinary diligence have learned of the facts or arguments in question prior to such opportunity; or

(3) The Commission determines that consideration of the facts or arguments relied on is required in the public interest.

(c) The petition for reconsideration shall state with particularity the respects in which petitioner believes the action taken should be changed.

(d) The petition for reconsideration and any supplement thereto shall be filed within 30 days from the date of public notice of such action, as that date is defined in §1.4(b). No supplement to a petition for reconsideration filed after expiration of the 30 day period will be considered, except upon leave granted pursuant to a separate pleading stating the grounds for acceptance of the supplement. The petition for reconsideration shall not exceed 25 double-spaced typewritten pages. See also §1.49(f).

(e) Except as provided in §1.420(f), petitions for reconsideration need not be served on parties to the proceeding. (However, where the number of parties is relatively small, the Commission encourages the service of petitions for reconsideration and other pleadings, and agreements among parties to exchange copies of pleadings. See also §1.47(d) regarding electronic service of documents.) When a petition for reconsideration is timely filed in proper form, public notice of its filing is published in the FEDERAL REGISTER. The time for filing oppositions to the petition runs from the date of public notice. See §1.4(b).

(f) Oppositions to a petition for reconsideration shall be filed within 15 days after the date of public notice of the petition's filing and need be served only on the person who filed the petition. See also §1.49(d). Oppositions shall not exceed 25 double-spaced typewritten pages. See §1.49(f).

(g) Replies to an opposition shall be filed within 10 days after the time for filing oppositions has expired and need be served only on the person who filed the opposition. Replies shall not exceed 10 double-spaced typewritten pages. See also §§1.49(d) and 1.49(f).

(h) Petitions for reconsideration, oppositions and replies shall conform to

the requirements of §§1.49 and 1.52, except that they need not be verified. Except as provided in §1.420(e), an original and 11 copies shall be submitted to the Secretary, Federal Communications Commission, Washington, DC 20554, by mail, by commercial courier, by hand, or by electronic submission through the Commission's Electronic Comment Filing System. Petitions submitted only by electronic mail and petitions submitted directly to staff without submission to the Secretary shall not be considered to have been properly filed. Parties filing in electronic form need only submit one copy.

(i) The Commission may grant the petition for reconsideration in whole or in part or may deny or dismiss the petition. Its order will contain a concise statement of the reasons for the action taken. Any order addressing a petition for reconsideration which modifies rules adopted by the original order is, to the extent of such modification, subject to reconsideration in the same manner as the original order. Except in such circumstance, a second petition for reconsideration may be dismissed by the staff as repetitious. In no event shall a ruling which denies a petition for reconsideration be considered a modification of the original order.

(j) The filing of a petition for reconsideration is not a condition precedent to judicial review of any action taken by the Commission, except where the person seeking such review was not a party to the proceeding resulting in the action or relies on questions of fact or law upon which the Commission has been afforded no opportunity to pass. Subject to the provisions of paragraph (b) of this section, such a person may qualify to seek judicial review by filing a petition for reconsideration.

(k) Without special order of the Commission, the filing of a petition for reconsideration shall not excuse any person from complying with any rule or operate in any manner to stay or postpone its enforcement. However, upon good cause shown, the Commission will stay the effective date of a rule pending a decision on a petition for reconsideration. See, however, §1.420(f).

(l) Petitions for reconsideration of a Commission action that plainly do not warrant consideration by the Commission may be dismissed or denied by the relevant bureau(s) or office(s). Examples include, but are not limited to, petitions that:

(1) Fail to identify any material error, omission, or reason warranting reconsideration;

(2) Rely on facts or arguments which have not previously been presented to the Commission and which do not meet the requirements of paragraphs (b)(1) through (3) of this section;

(3) Rely on arguments that have been fully considered and rejected by the Commission within the same proceeding;

(4) Fail to state with particularity the respects in which petitioner believes the action taken should be changed as required by paragraph (c) of this section;

(5) Relate to matters outside the scope of the order for which reconsideration is sought;

(6) Omit information required by these rules to be included with a petition for reconsideration;

(7) Fail to comply with the procedural requirements set forth in paragraphs (d), (e), and (h) of this section;

(8) Relate to an order for which reconsideration has been previously denied on similar grounds, except for petitions which could be granted under paragraph (b) of this section; or

(9) Are untimely.

COMPLAINTS

§ 1.711 Formal or informal complaints.

Complaints filed against carriers under section 208 of the Communications Act may be either formal or informal.

INFORMAL COMPLAINTS

§ 1.716 Form.

An informal complaint shall be in writing and should contain: (a) The name, address and telephone number of the complaint, (b) the name of the carrier against which the complaint is made, (c) a complete statement of the facts tending to show that such carrier did or omitted to do anything in contravention of the Communications Act, and (d) the specific relief of satisfaction sought.

[51 FR 16039, Apr. 30, 1986]

§ 1.717 Procedure.

The Commission will forward informal complaints to the appropriate carrier for investigation. The carrier will, within such time as may be prescribed, advise the Commission in writing, with a copy to the complainant, of its satisfaction of the complaint or of its refusal or inability to do so. Where there are clear indications from the carrier's report or from other communications with the parties that the complaint has been satisfied, the Commission may, in its discretion, consider a complaint

proceeding to be closed, without response to the complainant. In all other cases, the Commission will contact the complainant regarding its review and disposition of the matters raised. If the complainant is not satisfied by the carrier's response and the Commission's disposition, it may file a formal complaint in accordance with §1.721 of this part.

[51 FR 16039, Apr. 30, 1986]

§1.718 Unsatisfied informal complaints; formal complaints relating back to the filing dates of informal complaints.

When an informal complaint has not been satisfied pursuant to §1.717, the complainant may file a formal complaint with this Commission in the form specified in §1.721. Such filing will be deemed to relate back to the filing date of the informal complaint: *Provided*, That the formal complaint: (a) Is filed within 6 months from the date of the carrier's report, (b) makes reference to the date of the informal complaint, and (c) is based on the same cause of action as the informal complaint. If no formal complaint is filed within the 6-month period, the complainant will be deemed to have abandoned the unsatisfied informal complaint.

[51 FR 16040, Apr. 30, 1986]

§1.719 Informal complaints filed pursuant to section 258.

(a) Notwithstanding the requirements of §§1.716 through 1.718, the following procedures shall apply to complaints alleging that a carrier has violated section 258 of the Communications Act of 1934, as amended by the Telecommunications Act of 1996, by making an unauthorized change of a subscriber's preferred carrier, as defined by §64.1100(e) of this chapter.

(b) *Form.* The complaint shall be in writing, and should contain: The complainant's name, address, telephone number and e-mail address (if the complainant has one); the name of both the allegedly unauthorized carrier, as defined by §64.1100(d) of this chapter, and authorized carrier, as defined by §64.1100(c) of this chapter; a complete statement of the facts (including any documentation) tending to show that such carrier engaged in an unauthorized change of the subscriber's preferred carrier; a statement of whether the complainant has paid any disputed charges to the allegedly unauthorized carrier; and the specific relief sought.

(c) *Procedure.* The Commission will resolve slamming complaints under the definitions and procedures established in §§64.1100 through 64.1190 of this chapter. The Commission will issue a written (or electronic) order informing the complainant, the unauthorized carrier, and the authorized carrier of its finding, and ordering the appropriate remedy, if any, as defined by §§64.1160 through 64.1170 of this chapter.

(d) Unsatisfied Informal Complaints Involving Unauthorized Changes of a Subscriber's Preferred Carrier; Formal Complaints Relating Back to the Filing Dates of Informal Complaints. If the complainant is unsatisfied with the resolution of a complaint under this section, the complainant may file a formal complaint with the Commission in the form specified in §1.721. Such filing will be deemed to relate back to the filing date of the informal complaint filed under this section, so long as the informal complaint complied with the requirements of paragraph (b) of this section and provided that: The formal complaint is filed within 45 days from the date an order resolving the informal complaint filed under this section is mailed or delivered electronically to the complainant; makes reference to both the informal complaint number assigned to and the initial date of filing the informal complaint filed under this section; and is based on the same cause of action as the informal complaint filed under this section. If no formal complaint is filed within the 45–day period, the complainant will be deemed to have abandoned its right to bring a formal complaint regarding the cause of action at issue.

[65 FR 47690, Aug. 3, 2000]

FORMAL COMPLAINTS

§1.720 General pleading requirements.

Formal complaint proceedings are generally resolved on a written record consisting of a complaint, answer, and joint statement of stipulated facts, disputed facts and key legal issues, along

with all associated affidavits, exhibits and other attachments. Commission proceedings may also require or permit other written submissions such as briefs, written interrogatories, and other supplementary documents or pleadings. Those formal complaint proceedings handled on the Enforcement Bureau's Accelerated Docket are subject to pleading and procedural rules that differ in some respects from the general rules for formal complaint proceedings.

(a) Pleadings must be clear, concise, and explicit. All matters concerning a claim, defense or requested remedy, including damages, should be pleaded fully and with specificity.

(b) Pleadings must contain facts which, if true, are sufficient to constitute a violation of the Act or Commission order or regulation, or a defense to such alleged violation.

(c) Facts must be supported by relevant documentation or affidavit.

(d) Legal arguments must be supported by appropriate judicial, Commission, or statutory authority.

(e) Opposing authorities must be distinguished.

(f) Copies must be provided of all non-Commission authorities relied upon which are not routinely available in national reporting systems, such as unpublished decisions or slip opinions of courts or administrative agencies.

(g) Parties are responsible for the continuing accuracy and completeness of all information and supporting authority furnished in a pending complaint proceeding. Information submitted, as well as relevant legal authorities, must be current and updated as necessary and in a timely manner at any time before a decision is rendered on the merits of the complaint.

(h) Specific reference shall be made to any tariff provision relied on in support of a claim or defense. Copies of relevant tariffs or relevant portions of tariffs that are referred to or relied upon in a complaint, answer, or other pleading shall be appended to such complaint, answer, or other pleading.

(d) The complainant may petition the staff, pursuant to §1.3, for a waiver of any of the requirements of this section. Such waiver may be granted for good cause shown.

All material facts must be supported, pursuant to the requirements of §1.720(c) and paragraph (a)(11) of this section, by relevant affidavits and other documentation. The statement of facts shall include a detailed explanation of the matters relied upon, including a full identification or description of the communications, transmissions, services, or other matters relevant to the calculation of damages and the nature of any injury allegedly sustained by the complainant. The certification shall also contain a brief summary of all additional steps taken to resolve the dispute prior to the filing of the supplemental complaint. If no additional steps were taken, such certification shall state the reason(s) why the complainant believed such steps would be fruitless.

(f) *Complaints on the Accelerated Docket.* For the purpose of this paragraph (e), the term document also shall include data compilations and tangible things.

(i) The requirement in §1.720(c) and paragraphs (a)(5) and (a)(11) of this section that factual assertions be supported by affidavit shall not apply to complaints on the Accelerated Docket. Nevertheless, allegations of material fact, whether based on personal knowledge or information and belief, that cannot be supported by documentation remain subject to the provisions of §1.52.

(ii) Complaints on the Accelerated Docket are not required to include proposed findings of fact, conclusions of law, and legal analysis relevant to the claims and arguments set forth in the complaint, as required in paragraph (a)(6) of this section. Nevertheless, complaints on the Accelerated Docket shall fully set out the facts and legal theories on which the complainant premises its claims.

(iii) In light of the requirement for staff-supervised settlement negotiations in §1.730(b), complaints on the

Accelerated Docket are not required to include a certification that the complainant has discussed or attempted to discuss the possibility of settlement with each defendant, as required in paragraph (a)(8) of this section.

(iv) In light of the automatic document production required in §1.729(i)(1), complaints on the Accelerated Docket are not required to include a description of all relevant documents in the complainant's possession, custody or control, as required in paragraph (a)(10)(ii) of this section.

§1.722 Damages.

(a) If a complainant wishes to recover damages, the complaint must contain a clear and unequivocal request for damages.

(b) If a complainant wishes a determination of damages to be made in the same proceeding as the determinations of liability and prospective relief, the complaint must contain the allegations and information required by paragraph (h) of this section.

(c) Notwithstanding paragraph (b) of this section, in any proceeding to which no statutory deadline applies, if the Commission decides that a determination of damages would best be made in a proceeding that is separate from and subsequent to the proceeding in which the determinations of liability and prospective relief are made, the Commission may at any time order that the initial proceeding will determine only liability and prospective relief, and that a separate, subsequent proceeding initiated in accordance with paragraph (e) of this section will determine damages.

(d) If a complainant wishes a determination of damages to be made in a proceeding that is separate from and subsequent to the proceeding in which the determinations of liability and prospective relief are made, the complainant must:

(1) Comply with paragraph (a) of this section, and

(2) State clearly and unequivocally that the complainant wishes a determination of damages to be made in a proceeding that is separate from and subsequent to the proceeding in which the determinations of liability and prospective relief will be made.

(e) If a complainant proceeds pursuant to paragraph (d) of this section, or if the Commission invokes its authority under paragraph (c) of this section, the complainant may initiate a separate proceeding to obtain a determination of damages by filing a supplemental complaint that complies with §1.721(e) and paragraph (h) of this section within sixty days after public notice (as defined in §1.4(b) of this chapter) of a decision that contains a finding of liability on the merits of the original complaint.

(f) If a complainant files a supplemental complaint for damages in accordance with paragraph (e) of this section, the supplemental complaint shall be deemed, for statutory limitations purposes, to relate back to the date of the original complaint.

(g) Where a complainant chooses to seek the recovery of damages upon a supplemental complaint in accordance with the requirements of paragraph (e)

of this section, the Commission will resolve the separate, preceding liability complaint within any applicable complaint resolution deadlines contained in the Act.

(h) In all cases in which recovery of damages is sought, it shall be the responsibility of the complainant to include, within either the complaint or supplemental complaint for damages filed in accordance with paragraph (e) of this section, either:

(1) A computation of each and every category of damages for which recovery is sought, along with an identification of all relevant documents and materials or such other evidence to be used by the complainant to determine the amount of such damages; or

(2) An explanation of:

(i) The information not in the possession of the complaining party that is necessary to develop a detailed computation of damages;

(ii) Why such information is unavailable to the complaining party;

(iii) The factual basis the complainant has for believing that such evidence of; damages exists;

(iv) A detailed outline of the methodology that would be used to create a computation of damages with such evidence.

(i) Where a complainant files a supplemental complaint for damages in accordance with paragraph (e) of this section, the following procedures may apply:

(1) Issues concerning the amount, if any, of damages may be either designated by the Enforcement Bureau for hearing before, or, if the parties agree, submitted for mediation to, a Commission Administrative Law Judge. Such Administrative Law Judge shall be chosen in the following manner:

(i) By agreement of the parties and the Chief Administrative Law Judge; or

(ii) In the absence of such agreement, the Chief Administrative Law Judge shall designate the Administrative Law Judge.

(2) The Commission may, in its discretion, order the defendant either to post a bond for, or deposit into an interest bearing escrow account, a sum equal to the amount of damages which the Commission finds, upon preliminary investigation, is likely to be ordered after the issue of damages is fully litigated, or some lesser sum which may be appropriate, provided the Commission finds that the grant of this relief is favored on balance upon consideration of the following factors:

(i) The complainant's potential irreparable injury in the absence of such deposit;

(ii) The extent to which damages can be accurately calculated;

(iii) The balance of the hardships between the complainant and the defendant; and

(iv) Whether public interest considerations favor the posting of the bond or ordering of the deposit.

(3) The Commission may, in its discretion, suspend ongoing damages proceedings for fourteen days, to provide the parties with a time within which to pursue settlement negotiations and/or alternative dispute resolution procedures.

(4) The Commission may, in its discretion, end adjudication of damages with a determination of the sufficiency of a damages computation method or formula. No such method or formula shall contain a provision to offset any claim of the defendant against the complainant. The parties shall negotiate in good faith to reach an agreement on the exact amount of damages pursuant to the Commission-mandated method or formula. Within thirty days of the release date of the damages order, parties shall submit jointly to the Commission either:

(i) A statement detailing the parties' agreement as to the amount of damages;

(ii) A statement that the parties are continuing to negotiate in good faith and a request that the parties be given an extension of time to continue negotiations; or

(iii) A statement detailing the bases for the continuing dispute and the reasons why no agreement can be reached.

(j) Except where otherwise indicated, the rules governing initial formal complaint proceedings govern supplemental formal complaint proceedings, as well.

§ 1.723 Joinder of complainants and causes of action.

(a) Two or more complainants may join in one complaint if their respective causes of action are against the same defendant and concern substantially the same facts and alleged violation of the Communications Act.

(b) Two or more grounds of complaint involving the same principle, subject, or statement of facts may be included in one complaint, but should be separately stated and numbered.

[53 FR 11853, Apr. 11, 1988]

§ 1.724 Answers.

(a) Subject to paragraph (k) of this section governing Accelerated Docket proceedings, any carrier upon which a copy of a formal complaint is served shall answer such complaint in the manner prescribed under this section within twenty days of service of the formal complaint by the complainant, unless otherwise directed by the Commission.

(b) The answer shall advise the complainant and the Commission fully and completely of the nature of any defense, and shall respond specifically to all material allegations of the complaint. Every effort shall be made to narrow the issues in the answer. The defendant shall state concisely its defense to each claim asserted, admit or deny the averments on which the complainant relies, and state in detail the basis for admitting or denying such averment. General denials are prohibited. Denials based on information and belief are expressly prohibited unless made in good faith and accompanied by an affidavit explaining the basis for the defendant's belief and why the defendant could not reasonably ascertain the facts from the complainant or any other source. If the defendant is without knowledge or information sufficient to form a belief as to the truth of an averment, the defendant shall so state and this has the effect of a denial. When a defendant intends in good faith to deny only part of an averment, the defendant shall specify so much of it as is true and shall deny only the remainder. The defendant may deny the allegations of the complaint as specific denials of either designated averments or paragraphs.

(c) The answer shall contain proposed findings of fact, conclusions of law, and legal analysis relevant to the claims and arguments set forth in the answer.

(d) Averments in a complaint or supplemental complaint filed pursuant to §1.722 are deemed to be admitted when not denied in the answer.

(e) Affirmative defenses to allegations contained in the complaint shall be specifically captioned as such and presented separately from any denials made in accordance with paragraph (c) of this section.

(f) The answer shall include an information designation containing:

(1) The name, address, and position of each individual believed to have firsthand knowledge of the facts alleged with particularity in the answer, along with a description of the facts within any such individual's knowledge;

(2) A description of all documents, data compilations and tangible things in the defendant's possession, custody, or control, that are relevant to the facts alleged with particularity in the answer. Such description shall include for each document:

(i) The date it was prepared, mailed, transmitted, or otherwise disseminated;

(ii) The author, preparer, or other source;

(iii) The recipient(s) or intended recipient(s);

(iv) Its physical location; and

(v) A description of its relevance to the matters in dispute.

(3) A complete description of the manner in which the defendant identified all persons with information and designated all documents, data compilations and tangible things as being relevant to the dispute, including, but not limited to, identifying the individual(s) that conducted the information search and the criteria used to identify such persons, documents, data compilations, tangible things, and information;

(g) The answer shall attach copies of all affidavits, documents, data compilations and tangible things in the defendant's possession, custody, or control, upon which the defendant relies or

intends to rely to support the facts alleged and legal arguments made in the answer.

(h) The answer shall contain certification that the defendant has, in good faith, discussed or attempted to discuss, the possibility of settlement with the complainant prior to the filing of the formal complaint. Such certification shall include a brief summary of all steps taken to resolve the dispute prior to the filing of the formal complaint. If no such steps were taken, such certificate shall state the reason(s) why the defendant believed such steps would be fruitless;

(i) Where the complaint is filed pursuant to 47 U.S.C. 271(d)(6)(B), the defendant shall clearly indicate its willingness to waive the 90-day resolution deadline contained within 47 U.S.C. 271(d)(6)(B), in accordance with the requirements of §1.736.

(j) The defendant may petition the staff, pursuant to §1.3, for a waiver of any of the requirements of this section. Such waiver may be granted for good cause shown.

(k) Accelerated Docket Proceedings. For the purpose of this paragraph (k), the term document also shall include data compilations and tangible things.

(1) Any party named as a defendant in an Accelerated Docket formal complaint shall answer such complaint in the manner prescribed under this section within ten days of service of the complaint by the complainant, unless otherwise directed by the Commission. Except as set forth in this paragraph (k), answers in Accelerated Docket proceedings shall comply with the requirements of this section.

(2) The requirement in §1.720(c) and paragraph (g) of this section that factual assertions be supported by affidavit shall not apply to answers in Accelerated Docket proceedings. Nevertheless, allegations of material fact, whether based on personal knowledge or information and belief, that cannot be supported by documentation remain subject to the provisions of §1.52.

(3) Answers on the Accelerated Docket are not required to include proposed findings of fact, conclusions of law, and legal analysis relevant to the defenses and arguments set forth in the answer, as required in paragraph (c) of this section. Nevertheless, answers on the Accelerated Docket shall fully set out the facts and legal theories on which the defendant premises its defenses.

(4) In light of the requirement for staff-supervised settlement negotiations required in §1.730(b), answers on the Accelerated Docket are not required to include a certification that the defendant has discussed, or attempted to discuss, the possibility of settlement with the complainant, as required in paragraph (h) of this section.

(5) As required in §1.729(i)(1), answers on the Accelerated Docket shall be accompanied, when served on complainants, by copies of documents, within the defendant's possession, custody or control, that are likely to bear significantly on the issues raised in the proceeding. Unless otherwise directed, these documents shall not be filed with the Commission. In light of this automatic document production requirement, answers on the Accelerated Docket are not required to include a description of all relevant documents in the defendant's possession, custody or control, as required in paragraph (f)(2) of this section.

(6) Answers on the Accelerated Docket are not required to provide the description, required in paragraph (f)(3) of this section, of the manner in which the defendant identified persons with knowledge of, and documents relevant to, the dispute.

(7) In Accelerated Docket proceedings, the defendant, as required in §1.729(i)(1), shall serve, contemporaneously with its answer, the complainant(s) with copies of documents, within the defendant's possession, custody or control, that are likely to bear significantly on the issues raised in the complaint and/or the answer.

[53 FR 11853, Apr. 11, 1988, as amended at 58 FR 25572, Apr. 27, 1993; 63 FR 1037, Jan. 7, 1998; 63 FR 41446, Aug. 4, 1998; 66 FR 16617, Mar. 27, 2001]

§1.725 Cross-complaints and counterclaims.

Cross-complaints seeking any relief within the jurisdiction of the Commission against any carrier that is a party (complainant or defendant) to that proceeding are expressly prohibited. Any

claim that might otherwise meet the requirements of a cross-complaint may be filed as a separate complaint in accordance with §§ 1.720 through 1.736. For purposes of this subpart, the term ''cross-complaint'' shall include counterclaims.

§ 1.726 Replies.

(a) Subject to paragraph (g) of this section governing Accelerated Docket proceedings, within three days after service of an answer containing affirmative defenses presented in accordance with the requirements of §1.724(e), a complainant may file and serve a reply containing statements of relevant, material facts and legal arguments that shall be responsive to only those specific factual allegations and legal arguments made by the defendant in support of its affirmative defenses. Replies which contain other allegations or arguments will not be accepted or considered by the Commission.

(b) Failure to reply to an affirmative defense shall be deemed an admission of such affirmative defense and of any facts supporting such affirmative defense that are not specifically contradicted in the complaint.

(c) The reply shall contain proposed findings of fact, conclusions of law, and legal analysis relevant to the claims and arguments set forth in the reply.

(d) The reply shall include an information designation containing:

(1) The name, address and position of each individual believed to have firsthand knowledge about the facts alleged with particularity in the reply, along with a description of the facts within any such individual's knowledge.

(2) A description of all documents, data compilations and tangible things in the complainant's possession, custody, or control that are relevant to the facts alleged with particularity in the reply. Such description shall include for each document:

(i) The date prepared, mailed, transmitted, or otherwise disseminated;

(ii) The author, preparer, or other source;

(iii) The recipient(s) or intended recipient(s);

(iv) Its physical location; and

(v) A description of its relevance to the matters in dispute.

(3) A complete description of the manner in which the complainant identified all persons with information and designated all documents, data compilations and tangible things as being relevant to the dispute, including, but not limited to, identifying the individual(s) that conducted the information search and the criteria used to identify such persons, documents, data compilations, tangible things, and information;

(e) The reply shall attach copies of all affidavits, documents, data compilations and tangible things in the complainant's possession, custody, or control upon which the complainant relies or intends to rely to support the facts alleged and legal arguments made in the reply.

(f) The complainant may petition the staff, pursuant to §1.3, for a waiver of any of the requirements of this section. Such waiver may be granted for good cause shown.

(g) Accelerated Docket Proceedings. For the purpose of this paragraph (g), the term document also shall include data compilations and tangible things.

(1) The filing of a separate pleading to reply to affirmative defenses is not permitted in Accelerated Docket proceedings. Complainants in such proceedings may include, in the §1.733(i)(4) pre-status-conference filing, those statements that otherwise would have been the subject of a reply.

(2) In Accelerated Docket proceedings, the failure to reply, in the pre-status-conference filing, to an affirmative defense shall be deemed an admission of such affirmative defense and of any facts supporting such affirmative defense that are not specifically contradicted in the complaint.

(3) If a complainant replies to an affirmative defense in its §1.733(i)(4), pre-status-conference filing, it shall include in that filing the information, required by paragraph (d)(1) of this section, identifying individuals with firsthand knowledge of the facts alleged in the reply.

(4) An Accelerated Docket complainant that replies to an affirmative defense in its §1.733(i)(4), pre-status-conference filing also shall serve on the

defendant, at the same time as that filing, those documents in the complainant's possession, custody or control that were not previously produced to the defendant and that are likely to bear significantly on the issues raised in the reply. Such a complainant is not required to comply with the remainder of the requirements in paragraphs (d) and (e) of this section.

§ 1.727 Motions.

(a) A request to the Commission for an order shall be by written motion, stating with particularity the grounds and authority therefor, and setting forth the relief or order sought.

(b) All dispositive motions shall contain proposed findings of fact and conclusions of law, with supporting legal analysis, relevant to the contents of the pleading. Motions to compel discovery must contain a certification by the moving party that a good faith attempt to resolve the dispute was made prior to filing the motion. All facts relied upon in motions must be supported by documentation or affidavits pursuant to the requirements of § 1.720(c), except for those facts of which official notice may be taken.

(c) Oppositions to motions may be filed and served within five business days after the motion is filed and served and not after. Oppositions shall be limited to the specific issues and allegations contained in such motion; when a motion is incorporated in an answer to a complaint, the opposition to such motion shall not address any issues presented in the answer that are not also specifically raised in the motion. Failure to oppose any motion may constitute grounds for granting of the motion.

(d) No reply may be filed to an opposition to a motion.

(e) Motions seeking an order that the allegations in the complaint be made more definite and certain are prohibited.

(f) Amendments or supplements to complaints to add new claims or requests for relief are prohibited. Parties are responsible, however, for the continuing accuracy and completeness of all information and supporting authority furnished in a pending complaint proceeding as required under § 1.720(g).

§ 1.728 Formal complaints not stating a cause of action; defective pleadings.

(a) Any document purporting to be a formal complaint which does not state a cause of action under the Communications Act will be dismissed. In such case, any amendment or supplement to such document will be considered a new filing which must be made within the statutory periods of limitations of actions contained in section 415 of the Communications Act.

(b) Any other pleading filed in a formal complaint proceeding not in conformity with the requirements of the applicable rules in this part may be deemed defective. In such case the Commission may strike the pleading or request that specified defects be corrected and that proper pleadings be filed with the Commission and served on all parties within a prescribed time as a condition to being made a part of the record in the proceeding.

§ 1.729 Discovery.

(a) Subject to paragraph (i) of this section governing Accelerated Docket proceedings, a complainant may file with the Commission and serve on a defendant, concurrently with its complaint, a request for up to ten written interrogatories. A defendant may file with the Commission and serve on a complainant, during the period starting with the service of the complaint and ending with the service of its answer, a request for up to ten written interrogatories. A complainant may file with the Commission and serve on a defendant, within three calendar days of service of the defendant's answer, a request for up to five written interrogatories. Subparts of any interrogatory will be counted as separate interrogatories for purposes of compliance with this limit. Requests for interrogatories filed and served pursuant to this procedure may be used to seek discovery of any non-privileged matter that is relevant to the material facts in dispute in the pending proceeding, provided,

however, that requests for interrogatories filed and served by a complainant after service of the defendant's answer shall be limited in scope to specific factual allegations made by the defendant in support of its affirmative defenses. This procedure may not be employed for the purpose of delay, harassment or obtaining information that is beyond the scope of permissible inquiry related to the material facts in dispute in the pending proceeding.

(b) Requests for interrogatories filed and served pursuant to paragraph (a) of this section shall contain a listing of the interrogatories requested and an explanation of why the information sought in each interrogatory is both necessary to the resolution of the dispute and not available from any other source.

(c) A responding party shall file with the Commission and serve on the propounding party any opposition and objections to the requests for interrogatories as follows:

(1) By the defendant, within ten calendar days of service of the requests for interrogatories served simultaneously with the complaint and within five calendar days of the requests for interrogatories served following service of the answer;

(2) By the complainant, within five calendar days of service of the requests for interrogatories; and

(3) In no event less than three calendar days prior to the initial status conference as provided for in §1.733(a).

(d) Commission staff will consider the requests for interrogatories, properly filed and served pursuant to paragraph (a) of this section, along with any objections or oppositions thereto, properly filed and served pursuant to paragraph (b) of this section, at the initial status conference, as provided for in §1.733(a)(5), and at that time determine the interrogatories, if any, to which parties shall respond, and set the schedule of such response.

(e) The interrogatories ordered to be answered pursuant to paragraph (d) of this section are to be answered separately and fully in writing under oath or affirmation by the party served, or if such party is a public or private corporation or partnership or association, by any officer or agent who shall furnish such information as is available to the party. The answers shall be signed by the person making them. The answers shall be filed with the Commission and served on the propounding party.

(f) A propounding party asserting that a responding party has provided an inadequate or insufficient response to Commission-ordered discovery request may file a motion to compel within ten days of the service of such response, or as otherwise directed by Commission staff, pursuant to the requirements of §1.727.

(g) The Commission may, in its discretion, require parties to provide documents to the Commission in a scanned or other electronic format that provides:

(1) Indexing by useful identifying information about the documents; and

(2) Technology that allows staff to annotate the index so as to make the format an efficient means of reviewing the documents.

(h) The Commission may allow additional discovery, including, but not limited to, document production, depositions and/or additional interrogatories. In its discretion, the Commission may modify the scope, means and scheduling of discovery in light of the needs of a particular case and the requirements of applicable statutory deadlines.

(i) *Discovery in Accelerated Docket proceedings.* (1) Each party to an Accelerated Docket proceeding shall serve, with its initial pleading and with any reply statements in the pre-status-conference filing (see §1.726(g)(1)), copies of all documents in the possession, custody or control of the party that are likely to bear significantly on any claim or defense. For the purpose of this paragraph (i), document also shall include data compilations and tangible things. A document is likely to bear significantly on a claim or defense if it:

(i) Appears likely to have an influence on, or affect the outcome of, a claim or defense;

(ii) Reflects the relevant knowledge of persons who, if their potential testimony were known, might reasonably be expected to be deposed or called as a witness by any of the parties;

(iii) Is something that competent counsel would consider reasonably necessary to prepare, evaluate or try a claim or defense; or

(iv) Would not support the disclosing party's contentions.

(2) In their §1.733(i)(4) pre-status-conference filings, parties to Accelerated Docket proceedings may request the production of additional documents. In their §1.733(i)(4) filings, parties may also seek leave to conduct a reasonable number of depositions, including depositions of expert witnesses, if any. When requesting additional discovery, each party shall be prepared at the status conference to justify its requests by identifying the specific issue or issues on which it expects to obtain evidence from each request.

(3) Interrogatories shall not be routinely granted in Accelerated Docket proceedings. A party to an Accelerated Docket proceeding that prefers interrogatories to the other forms of available discovery, for reasons of convenience or expense, may seek leave in its §1.733(i)(4) pre-status-conference filing to propound a limited number of interrogatories.

(4) Expert Witnesses.

(i) Any complainant in an Accelerated Docket proceeding that intends to rely on expert testimony for a purpose other than to rebut a defendant's expert evidence, shall identify its expert witnesses in the information designation required by §1.721(a)(10)(i). In its §1.721(a)(10)(i) information designation, such a complainant shall also provide its expert statement. For purposes of this paragraph (i)(4), an expert statement shall include a brief statement of the opinions to be expressed by the expert, the basis and reasons therefor and any data or other information that the witness considered in forming her opinions.

(ii) Any defendant in an Accelerated Docket proceeding that intends to rely on expert testimony shall identify its expert witnesses in the information designation required by §1.724(f)(1). Such a defendant shall provide its expert statement with its §1.733(i)(4), pre-status-conference filing.

(iii) Any complainant in an Accelerated Docket proceeding that intends to rely on previously undisclosed expert testimony to rebut any portion of the defendant's case shall identify the expert and provide the appropriate expert statement at the initial status conference.

(iv) Expert witnesses shall be subject to deposition in Accelerated Docket proceedings under the same rules and limitations applicable to fact witnesses.

§ 1.730 The Enforcement Bureau's Accelerated Docket.

(a) Parties to formal complaint proceedings against common carriers within the responsibility of the Enforcement Bureau (see §§0.111, 0.311, 0.314 of this chapter) may request inclusion on the Bureau's Accelerated Docket. As set out in §§1.720 through 1.736, proceedings on the Accelerated Docket are subject to shorter pleading deadlines and certain other procedural rules that do not apply to other formal complaint proceedings before the Enforcement Bureau.

(b) Any party that contemplates filing a formal complaint may submit a request to the Chief of the Enforcement Bureau's Market Disputes Resolution Division, either by phone or in writing, seeking inclusion of its complaint, once filed, on the Accelerated Docket. In appropriate cases, Commission staff shall schedule and supervise pre-filing settlement negotiations between the parties to the dispute. If the parties do not resolve their dispute and the matter is accepted for handling on the Accelerated Docket, the complainant shall file its complaint with a letter stating that it has gained admission to the Accelerated Docket. When it files its complaint, such a complainant shall also serve a copy of its complaint on the Commission staff that supervised the pre-filing settlement discussions.

(c) Within five days of receiving service of a complaint, any defendant in a formal complaint proceeding may submit by facsimile or hand delivery, to the Chief of the Enforcement Bureau's Market Disputes Resolution Division, a request seeking inclusion of its proceeding on the Accelerated Docket. Such a defendant contemporaneously

shall transmit, in the same manner, a copy of its request to all parties to the proceeding. A defendant submitting such a request shall file and serve its answer in compliance with the requirements of §1.724(k), except that the defendant shall not be required to serve with its answer the automatic document production required by §§1.724(k)(7) and 1.729(i)(1). In proceedings accepted onto the Accelerated Docket at a defendant's request, the Commission staff will conduct supervised settlement discussions as appropriate. After accepting such a proceeding onto the Accelerated Docket, Commission staff will establish a schedule for the remainder of the proceeding, including the parties' §1.729(i)(1) automatic production of documents.

(d) During the thirty days following the effective date of these rules, any party to a pending formal complaint proceeding in which an answer has been filed or is past due may seek admission of the proceeding to the Accelerated Docket by submitting a request by facsimile or hand delivery to the Chief of the Enforcement Bureau's Market Disputes Resolution Division, with facsimile copies to all other parties to the proceeding by the same mode of transmission. If a pending proceeding is accepted onto the Accelerated Docket, Commission staff will conduct supervised settlement discussions if appropriate and establish a schedule for the remainder of the proceeding, including the parties' §1.729(i)(1) automatic production of documents if necessary.

(e) In determining whether to admit a proceeding onto the Accelerated Docket, Commission staff may consider factors from the following, nonexclusive list:

(1) Whether it appears that the parties to the dispute have exhausted the reasonable opportunities for settlement during the staff-supervised settlement discussions.

(2) Whether the expedited resolution of a particular dispute or category of disputes appears likely to advance competition in the telecommunications market.

(3) Whether the issues in the proceeding appear suited for decision under the constraints of the Accelerated Docket. This factor may entail, *inter alia*, examination of the number of distinct issues raised in a proceeding, the likely complexity of the necessary discovery, and whether the complainant bifurcates any damages claims for decision in a separate proceeding. See §1.722(b).

(4) Whether the complainant states a claim for violation of the Act, or Commission rule or order that falls within the Commission's jurisdiction.

(5) Whether it appears that inclusion of a proceeding on the Accelerated Docket would be unfair to one party because of an overwhelming disparity in the parties' resources.

(6) Such other factors as the Commission staff, within its substantial discretion, may deem appropriate and conducive to the prompt and fair adjudication of complaint proceedings.

(f) If it appears at any time that a proceeding on the Accelerated Docket is no longer appropriate for such treatment, Commission staff may remove the matter from the Accelerated Docket either on its own motion or at the request of any party.

(g) Minitrials.

(1) In Accelerated Docket proceedings, the Commission may conduct a minitrial, or hearing-type proceeding, as an alternative to requiring that parties submit briefs in support of their cases. Minitrials typically will take place between 40 and 45 days after the filing of the complaint. A Commission Administrative Law Judge (''ALJ'') typically will preside at the minitrial, administer oaths to witnesses, and time the parties' presentation of their cases. In consultation with the Commission staff, the ALJ will rule on objections or procedural issues that may arise during the course of the minitrial.

(2) Before a minitrial, each party will receive a specific time allotment in which it may present evidence and make argument during the minitrial. The ALJ or other Commission staff presiding at the minitrial will deduct from each party's time allotment any time that the party spends presenting either evidence or argument during the proceeding. The presiding official shall have broad discretion in determining

any time penalty or deduction for a party who appears to be intentionally delaying either the proceeding or the presentation of another party's case. Within the limits imposed by its time allotment, a party may present evidence and argument in whatever manner or format it chooses, provided, however, that the submission of written testimony shall not be permitted.

(3) Three days before a minitrial, each party to a proceeding shall serve on all other parties a copy of all exhibits that the party intends to introduce during the minitrial and a list of all witnesses, including expert witnesses, that the party may call during the minitrial. Service of this material shall be accomplished either by hand or by facsimile transmission. Objections to any exhibits or proposed witness testimony will be heard before the beginning of the minitrial.

(4) No party will be permitted to call as a witness in a minitrial, or otherwise offer evidence from, an individual in that party's employ, unless the individual appears on the party's information designation (see §§1.721(a)(10)(i) or 1.724(f)(1)) with a general description of the issues on which she will offer evidence. No party will be permitted to present expert evidence unless the party has complied fully with the expert-disclosure requirements of §1.729(i)(4). The Commission may permit exceptions to the rules in this paragraph (g)(4) for good cause shown.

(5) Two days before the beginning of the minitrial, parties shall file proposed findings of fact and conclusions of law. These submissions shall not exceed 40 pages per party. Within three days after the conclusion of the minitrial, parties may submit revised proposed findings of fact and conclusions of law to meet evidence introduced or arguments raised at the minitrial. These submissions shall not exceed 20 pages per party.

(6) The parties shall arrange for the stenographic transcription of minitrial proceedings so that transcripts are available and filed with the Commission no more than three days after the conclusion of the minitrial. Absent an agreement to the contrary, the cost of the transcript shall be shared equally between the parties to the proceeding.

(h) Applications for review of staff decisions issued on delegated authority in Accelerated Docket proceedings shall comply with the filing and service requirements in §1.115(e)(4). In those Accelerated Docket proceedings which raise issues that may not be decided on delegated authority (see 47 U.S.C. 155(c)(1); 47 CFR 0.291(d)), the staff decision issued after the minitrial will be a recommended decision subject to adoption or modification by the Commission. Any party to the proceeding that seeks modification of the recommended decision may do so by filing comments challenging the decision within 15 days of its release by the Commission's Office of Media Relations. (Compare §1.4(b)(2).) Opposition comments may be filed within 15 days of the comments challenging the decision; reply comments may be filed 10 days thereafter and shall be limited to issues raised in the opposition comments.

(i) If no party files comments challenging the recommended decision, the Commission will issue its decision adopting or modifying the recommended decision within 45 days of its release. If parties to the proceeding file comments to the recommended decision, the Commission will issue its decision adopting or modifying the recommended decision within 30 days of the filing of the final comments.

§1.731 Confidentiality of information produced or exchanged.

(a) Any materials generated in the course of a formal complaint proceeding may be designated as proprietary by either party to the proceeding or a third party if the party believes in good faith that the materials fall within an exemption to disclosure contained in the Freedom of Information Act (FOIA), 5 U.S.C. 552(b)(1) through (9). Any party asserting confidentiality for such materials must:

(1) Clearly mark each page, or portion thereof, for which a proprietary designation is claimed. If a proprietary designation is challenged, the party claiming confidentiality shall have the

burden of demonstrating, by a preponderance of the evidence, that the materials designated as proprietary fall under the standards for nondisclosure enunciated in the FOIA.

(2) File with the Commission, using the Commission's Electronic Comment Filing System, a public version of the materials that redacts any proprietary information and clearly marks each page of the redacted public version with a header stating ''Public Version.'' The redacted document shall be machine-readable whenever technically possible. Where the document to be filed electronically contains metadata that is confidential or protected from disclosure by a legal privilege (including, for example, the attorney-client privilege), the filer may remove such metadata from the document before filing it electronically.

(3) File with the Secretary's Office an unredacted hard copy version of the materials that contains the proprietary information and clearly marks each page of the unredacted confidential version with a header stating ''Confidential Version.'' The unredacted version must be filed on the same day as the redacted version.

(4) Serve one hard copy of the filed unredacted materials and one hard copy of the filed redacted materials on the attorney of record for each party to the proceeding, or, where a party is not represented by an attorney, each party to the proceeding either by hand delivery, overnight delivery, or email, together with a proof of such service in accordance with the requirements of §§ 1.47(g) and 1.735(f)(1) through (3);

(b) Except as provided in paragraph (c) of this section, materials marked as proprietary may be disclosed solely to the following persons, only for use in prosecuting or defending a party to the complaint action, and only to the extent necessary to assist in the prosecution or defense of the case:

(1) Counsel of record representing the parties in the complaint action and any support personnel employed by such attorneys;

(2) Officers or employees of the opposing party who are named by the opposing party as being directly involved in the prosecution or defense of the case;

(3) Consultants or expert witnesses retained by the parties;

(4) The Commission and its staff; and

(5) Court reporters and stenographers in accordance with the terms and conditions of this section.

(c) The Commission will entertain, subject to a proper showing under § 0.459 of this chapter, a party's request to further restrict individuals' access to proprietary information. Pursuant to § 0.459 of this chapter, the other parties will have an opportunity to respond to such requests. Requests and responses to requests may not be submitted by means of the Commission's Electronic Comment Filing System but instead must be filed under seal with the Office of the Secretary.

(d) The individuals identified above in paragraph (b)(1) through (3) shall not disclose information designated as proprietary to any person who is not authorized under this section to receive such information, and shall not use the information in any activity or function other than the prosecution or defense in the case before the Commission. Each individual who is provided access to the information shall sign a notarized statement affirmatively stating that the individual has personally reviewed the Commission's rules and understands the limitations they impose on the signing party.

(e) No copies of materials marked proprietary may be made except copies to be used by persons designated in paragraphs (b)(1) through (3) and (c) of this section. Each party shall maintain a log recording the number of copies made of all proprietary material and the persons to whom the copies have been provided.

(f) Upon termination of the formal complaint proceeding, including all appeals and petitions, all originals and reproductions of any proprietary materials, along with the log recording persons who received copies of such materials, shall be provided to the producing party. In addition, upon final termination of the proceeding, any notes or other work product derived in whole or in part from the proprietary materials of an opposing or third party shall be destroyed.

[79 FR 73845, Dec. 12, 2014]

§ 1.732 Other required written submissions.

(a) The Commission may, in its discretion, or upon a party's motion showing good cause, require the parties to file briefs summarizing the facts and issues presented in the pleadings and other record evidence.

(b) Unless otherwise directed by the Commission, all briefs shall include all legal and factual claims and defenses previously set forth in the complaint, answer, or any other pleading submitted in the proceeding. Claims and defenses previously made but not reflected in the briefs will be deemed abandoned. The Commission may, in its discretion, limit the scope of any briefs to certain subjects or issues. A party shall attach to its brief copies of all documents, data compilations, tangible things, and affidavits upon which such party relies or intends to rely to support the facts alleged and legal arguments made in its brief and such brief shall contain a full explanation of how each attachment is relevant to the issues and matters in dispute. All such attachments to a brief shall be documents, data compilations or tangible things, or affidavits made by persons, that were identified by any party in its information designations filed pursuant to §§1.721(a)(10)(i), (a)(10)(ii), 1.724(f)(1), (f)(2), and 1.726(d)(1), (d)(2). Any other supporting documentation or affidavits that is attached to a brief must be accompanied by a full explanation of the relevance of such materials and why such materials were not identified in the information designations. These briefs shall contain the proposed findings of fact and conclusions of law which the filing party is urging the Commission to adopt, with specific citation to the record, and supporting relevant authority and analysis.

(c) In cases in which discovery is not conducted, absent an order by the Commission that briefs be filed, parties may not submit briefs. If the Commission does authorize the filing of briefs in cases in which discovery is not conducted, briefs shall be filed concurrently by both the complainant and defendant at such time as designated by the Commission staff and in accordance with the provisions of this section.

(d) In cases in which discovery is conducted, briefs shall be filed concurrently by both the complainant and defendant at such time designated by the Commission staff.

(e) Initial briefs shall be no longer than twenty-five pages. Reply briefs shall be no longer than ten pages. Either on its own motion or upon proper motion by a party, the Commission staff may establish other page limits for briefs.

(f) The Commission may require the parties to submit any additional information it deems appropriate for a full, fair, and expeditious resolution of the proceeding, including affidavits and exhibits.

(g) The parties shall submit a joint statement of stipulated facts, disputed facts, and key legal issues no later than two business days prior to the initial status conference, scheduled in accordance with the provisions of §1.733(a).

[53 FR 11855, Apr. 11, 1988. Redesignated and amended at 58 FR 25573, Apr. 27, 1993; 63 FR 1039, Jan. 7, 1998; 79 FR 73846, Dec. 12, 2014]

§ 1.733 Status conference.

(a) In any complaint proceeding, the Commission may, in its discretion, direct the attorneys and/or the parties to appear before it for a status conference. Unless otherwise ordered by the Commission, and with the exception of Accelerated Docket proceedings, governed by paragraph (i) of this section, an initial status conference shall take place, at the time and place designated by the Commission staff, ten business days after the date the answer is due to be filed. A status conference may include discussion of:

(1) Simplification or narrowing of the issues;

(2) The necessity for or desirability of additional pleadings or evidentiary submissions;

(3) Obtaining admissions of fact or stipulations between the parties as to any or all of the matters in controversy;

(4) Settlement of all or some of the matters in controversy by agreement of the parties;

(5) Whether discovery is necessary and, if so, the scope, type and schedule for such discovery;

(6) The schedule for the remainder of the case and the dates for any further status conferences; and

(7) Such other matters that may aid in the disposition of the complaint.

(b)(1) Subject to paragraph (i) of this section governing Accelerated Docket proceedings, parties shall meet and confer prior to the initial status conference to discuss:

(i) Settlement prospects;

(ii) Discovery;

(iii) Issues in dispute;

(iv) Schedules for pleadings;

(v) Joint statement of stipulated facts, disputed facts, and key legal issues; and

(vi) In a 47 U.S.C. 271(d)(6)(B) proceeding, whether or not the parties agree to waive the 47 U.S.C. 271(d)(6)(B) 90-day resolution deadline.

(2) Subject to paragraph (i) of this section governing Accelerated Docket proceedings, parties shall submit a joint statement of all proposals agreed to and disputes remaining as a result of such meeting to Commission staff at least two business days prior to the scheduled initial status conference.

(c) In addition to the initial status conference referenced in paragraph (a) of this section, any party may also request that a conference be held at any time after the complaint has been filed.

(d) During a status conference, the Commission staff may issue oral rulings pertaining to a variety of interlocutory matters relevant to the conduct of a formal complaint proceeding including, *inter alia,* procedural matters, discovery, and the submission of briefs or other evidentiary materials.

(e) Parties may make, upon written notice to the Commission and all attending parties at least three business days prior to the status conference, an audio recording of the Commission staff's summary of its oral rulings. Alternatively, upon agreement among all attending parties and written notice to the Commission at least three business days prior to the status conference, the parties may make an audio recording of, or use a stenographer to transcribe, the oral presentations and exchanges between and among the participating parties, insofar as such communications are ''on-the-record'' as determined by the Commission staff, as well as the Commission staff's summary of its oral rulings. A complete transcript of any audio recording or stenographic transcription shall be filed with the Commission as part of the record, pursuant to the provisions of paragraph (f)(2) of this section. The parties shall make all necessary arrangements for the use of a stenographer and the cost of transcription, absent agreement to the contrary, will be shared equally by all parties that agree to make the record of the status conference.

(f) The parties in attendance, unless otherwise directed, shall either:

(1) Submit a joint proposed order memorializing the oral rulings made during the conference to the Commission by midnight, Eastern Time, on the business day following the date of the status conference, or as otherwise directed by Commission staff. In the event the parties in attendance cannot reach agreement as to the rulings that were made, the joint proposed order shall include the rulings on which the parties agree, and each party's alternative proposed rulings for those rulings on which they cannot agree. Commission staff will review and make revisions, if necessary, prior to signing and filing the submission as part of the record. The proposed order shall be filed using the Commission's Electronic Comment Filing System; or

(2) Pursuant to the requirements of paragraph (e) of this section, submit to the Commission by midnight, Eastern Time, on the third business day following the status conference or as otherwise directed by Commission staff either:

(i) A transcript of the audio recording of the Commission staff's summary of its oral rulings;

(ii) A transcript of the audio recording of the oral presentations and exchanges between and among the participating parties, insofar as such communications are ''on-the-record'' as determined by the Commission staff, and the Commission staff's summary of its oral rulings; or

(iii) A stenographic transcript of the oral presentations and exchanges between and among the participating parties, insofar as such communications are ''on-the-record'' as determined by the Commission staff, and the Commission staff's summary of its oral rulings.

(g) Status conferences will be scheduled by the Commission staff at such time and place as it may designate to be conducted in person or by telephone conference call.

(h) The failure of any attorney or party, following reasonable notice, to appear at a scheduled conference will be deemed a waiver by that party and will not preclude the Commission staff from conferring with those parties and/or counsel present.

(i) *Accelerated Docket Proceedings.* (1) In Accelerated Docket proceedings, the initial status conference will be held 10 days after the answer is due to be filed.

(2) Prior to the initial status conference, the parties shall confer, either in person or by telephone, about:

(i) Discovery to which they can agree;

(ii) Facts to which they can stipulate; and

(iii) Factual and legal issues in dispute.

(3) Two days before the status conference, parties shall submit to Commission staff a joint statement of:

(i) The agreements that they have reached with respect to discovery;

(ii) The facts to which they have agreed to stipulate; and

(iii) The disputed facts or legal issues of which they can agree to a joint statement.

(4) Two days before the status conference, each party also shall submit to Commission staff a separate statement which shall include, as appropriate, the party's statement of the disputed facts and legal issues presented by the complaint proceeding and any additional discovery that the party seeks. A complainant that wishes to reply to a defendant's affirmative defense shall do so in its pre-status-conference filing. To the extent that this filing contains statements replying to an affirmative defense, the complainant shall include, and/or serve with the statement, the witness information and documents required in §1.726(g)(3)–(4). A defendant that intends to rely on expert evidence shall include its expert statement in its pre-status conference filing. (See §1.729(i)(4)(ii).)

(a) All papers filed in any formal complaint proceeding must be drawn in conformity with the requirements of §§1.49 and 1.50.

(b) All averments of claims or defenses in complaints and answers shall be made in numbered paragraphs. The contents of each paragraph shall be limited as far as practicable to a statement of a single set of circumstances. Each claim founded on a separate transaction or occurrence and each affirmative defense shall be separately stated to facilitate the clear presentation of the matters set forth.

(c) The original of all pleadings and other submissions filed by any party shall be signed by the party, or by the party's attorney. The signing party shall include in the document his or her address, telephone number, email address, and the date on which the document was signed. Copies should be conformed to the original. Unless specifically required by rule or statute, pleadings need not be verified. The signature of an attorney or party, in accordance with the requirements of §1.52, shall be a certificate that the attorney or party has read the pleading, motion, or other paper; that to the best of his or her knowledge, information, and belief formed after reasonable inquiry, it is well grounded in fact and is warranted by existing law or a good faith argument for the extension, modification, or reversal of existing law; and that it is not interposed solely for purposes of delay or for any other improper purpose.

§ 1.735 Fee remittance; electronic filing; copies; service; separate filings against multiple defendants.

(a) Complaints may generally be brought against only one named carrier; such actions may not be brought against multiple defendants unless the defendant carriers are commonly owned or controlled, are alleged to have acted in concert, are alleged to be jointly liable to complainant, or the complaint concerns common questions of law or fact. Complaints may, however, be consolidated by the Commission for disposition.

(b) The complainant shall remit separately the correct fee either by check, wire transfer, or electronically, in accordance with part 1, subpart G (see §1.1106 of this chapter) and, shall file an original copy of the complaint, using the Commission's Electronic Comment Filing System, and, on the same day:

(1) If the complaint is filed against a carrier concerning matters within the responsibility of the International Bureau (see §0.261 of this chapter), serve, by email, a copy on the Chief, Policy Division, International Bureau; and

(2) If a complaint is addressed against multiple defendants, pay a separate fee, in accordance with part 1, subpart G (see §1.1106), for each additional defendant.

(c) The complainant shall serve the complaint by hand delivery on either the named defendant or one of the named defendant's registered agents for service of process on the same date that the complaint is filed with the Commission in accordance with the requirements of paragraph (b) of this section.

(d) Upon receipt of the complaint by the Commission, the Commission shall promptly send, by email, to each defendant named in the complaint, notice of the filing of the complaint. The Commission shall send, by email, to each defendant named in the complaint, a copy of the complaint. The Commission shall additionally send, by email, to all parties, a schedule detailing the date the answer and any other applicable pleading will be due and the date, time, and location of the initial status conference.

(e) Parties shall provide hard copies of all submissions to staff in the Market Disputes Resolution Division of the Enforcement Bureau upon request.

(f) All subsequent pleadings and briefs filed in any formal complaint proceeding, as well as all letters, documents, or other written submissions, shall be filed using the Commission's Electronic Comment Filing System. In addition, all pleadings and briefs filed in any formal complaint proceeding, as well as all letters, documents, or other written submissions, shall be served by the filing party on the attorney of record for each party to the proceeding, or, where a party is not represented by an attorney, each party to the proceeding either by hand delivery, overnight delivery, or email, together with a proof of such service in accordance with the requirements of §1.47(g). Service is deemed effective as follows:

(1) Service by hand delivery that is delivered to the office of the recipient by 5:30 p.m., local time of the recipient, on a business day will be deemed served that day. Service by hand delivery that is delivered to the office of the recipient after 5:30 p.m., local time of the recipient, on a business day will be deemed served on the following business day;

(2) Service by overnight delivery will be deemed served the business day following the day it is accepted for overnight delivery by a reputable overnight delivery service; or

(3) Service by email that is fully transmitted to the office of the recipient by 5:30 p.m., local time of the recipient, on a business day will be deemed served that day. Service by email that is fully transmitted to the office of the recipient after 5:30 p.m., local time of the recipient, on a business day will be deemed served on the following business day.

(g) Supplemental complaint proceedings. Supplemental complaints filed pursuant to §1.722 shall conform to the requirements set forth in this section, except that the complainant need not submit a filing fee, and the complainant may effect service pursuant to subsection (e) and (f) of this section rather than paragraph (c) of this section.

(1) The complainant shall so indicate in both the complaint itself and in the Formal Complaint Intake Form, and the defendant shall so indicate in its answer; or

(2) The parties shall indicate their agreement to waive the ninety-day resolution deadline to the Commission staff at the initial status conference, to be held in accordance with § 1.733 of the rules.

(b) Requests for waiver of the ninety-day resolution deadline for complaints filed pursuant to 47 U.S.C. 271(d)(6)(B) will not be entertained by the Commission staff subsequent to the initial status conference, absent a showing by the complainant and defendant that such waiver is in the public interest.

APPLICATIONS

§ 1.741 Scope.

The general rules relating to applications contained in §§ 1.742 through 1.748 apply to all applications filed by carriers except those filed by public correspondence radio stations pursuant to parts 80, 87, and 101 of this chapter, and those filed by common carriers pursuant to part 25 of this chapter. Parts 21 and 101 of this chapter contain general rules applicable to applications filed pursuant to these parts. For general rules applicable to applications filed pursuant to parts 80 and 87 of this chapter, see such parts and subpart F of this part. For rules applicable to applications filed pursuant to part 25, see said part.

[61 FR 26670, May 28, 1996]

§ 1.742 Place of filing, fees, and number of copies.

All applications which do not require a fee shall be filed at the Commission's main office in Washington, DC., Attention: Office of the Secretary. Hand-delivered applications will be dated by the Secretary upon receipt (mailed applications will be dated by the Mail Branch) and then forwarded to the Wireline Competition Bureau. All applications accompanied by a fee payment should be filed with the Commission's lockbox bank in accordance with § 1.1105, Schedule of Fees. The number of copies required for each application and the nonrefundable processing fees and any applicable regulatory fees (see subpart G of this part) which must accompany each application in order to qualify it for acceptance for filing and consideration are set forth in the rules in this chapter relating to various types of applications. However, if any application is not of the type covered by this chapter, an original and two copies of each such application shall be submitted.

[59 FR 30998, June 16, 1994, as amended at 67 FR 13223, Mar. 21, 2002]

§ 1.743 Who may sign applications.

(a) Except as provided in paragraph (b) of this section, applications, amendments thereto, and related statements of fact required by the Commission must be signed by the applicant, if the applicant is an individual; by one of the partners, if the applicant is a partnership; by an officer or duly authorized employee, if the applicant is a corporation; or by a member who is an officer, if the applicant is an unincorporated association. Applications, amendments, and related statements of fact filed on behalf of eligible government entities such as states and territories of the United States, their political subdivisions, the District of Columbia, and units of local government, including incorporated municipalities, must be signed by a duly elected or appointed official who is authorized to do so under the laws of the applicable jurisdiction.

(b) Applications, amendments thereto, and related statements of fact required by the Commission may be signed by the applicant's attorney in case of the applicant's physical disability or of his absence from the United States. The attorney shall in that event separately set forth the reason why the application is not signed by the applicant. In addition, if any

matter is stated on the basis of the attorney's belief only (rather than his knowledge), he shall separately set forth his reasons for believing that such statements are true.

(c) Only the original of applications, amendments, or related statements of fact need be signed; copies may be conformed.

(d) Applications, amendments, and related statements of fact need not be signed under oath. Willful false statements made therein, however, are punishable by fine and imprisonment, U.S. Code, Title 18, section 1001, and by appropriate administrative sanctions, including revocation of station license pursuant to section 312(a)(1) of the Communications Act of 1934, as amended.

(e) ''Signed,'' as used in this section, means an original hand-written signature, except that by public notice in the FEDERAL REGISTER the Wireline Competition Bureau may allow signature by any symbol executed or adopted by the applicant with the intent that such symbol be a signature, including symbols formed by computer-generated electronic impulses.

[28 FR 12450, Nov. 22, 1963, as amended at 53 FR 17193, May 16, 1988; 59 FR 59503, Nov. 17, 1994; 67 FR 13223, Mar. 21, 2002]

§ 1.744 Amendments.

(a) Any application not designated for hearing may be amended at any time by the filing of signed amendments in the same manner, and with the same number of copies, as was the initial application. If a petition to deny (or to designate for hearing) has been filed, the amendment shall be served on the petitioner.

(b) After any application is designated for hearing, requests to amend such application may be granted by the presiding officer upon good cause shown by petition, which petition shall be properly served upon all other parties to the proceeding.

(c) The applicant may at any time be ordered to amend his application so as to make it more definite and certain. Such order may be issued upon motion of the Commission (or the presiding officer, if the application has been designated for hearing) or upon petition of any interested person, which petition shall be properly served upon the applicant and, if the application has been designated for hearing, upon all parties to the hearing.

[29 FR 6444, May 16, 1964, and 31 FR 14394, Nov. 9, 1966]

§ 1.745 Additional statements.

The applicant may be required to submit such additional documents and written statements of fact, signed and verified (or affirmed), as in the judgment of the Commission (or the presiding officer, if the application has been designated for hearing) may be necessary. Any additional documents and written statements of fact required in connection with applications under Title II of the Communications Act need not be verified (or affirmed).

[29 FR 6444, May 16, 1964]

§ 1.746 Defective applications.

(a) Applications not in accordance with the applicable rules in this chapter may be deemed defective and returned by the Commission without acceptance of such applications for filing and consideration. Such applications will be accepted for filing and consideration if accompanied by petition showing good cause for waiver of the rule with which the application does not conform.

(b) The assignment of a file number, if any, to an application is for the administrative convenience of the Commission and does not indicate the acceptance of the application for filing and consideration.

§ 1.747 Inconsistent or conflicting applications.

When an application is pending or undecided, no inconsistent or conflicting application filed by the same applicant, his successor or assignee, or on behalf or for the benefit of said applicant, his successor, or assignee, will be considered by the Commission.

§ 1.748 Dismissal of applications.

(a) *Before designation for hearing.* Any application not designated for hearing may be dismissed without prejudice at any time upon request of the applicant. An applicant's request for the return of an application that has been accepted

for filing and consideration, but not designated for hearing, will be deemed a request for dismissal without prejudice. The Commission may dismiss an application without prejudice before it has been designated for hearing when the applicant fails to comply or justify noncompliance with Commission requests for additional information in connection with such application.

(b) *After designation for hearing.* A request to dismiss an application without prejudice after it has been designated for hearing shall be made by petition properly served upon all parties to the hearing and will be granted only for good cause shown. An application may be dismissed with prejudice after it has been designated for hearing when the applicant:

(1) Fails to comply with the requirements of §1.221(c);

(2) Otherwise fails to prosecute his application; or

(3) Fails to comply or justify noncompliance with Commission requests for additional information in connection with such application.

§1.749 Action on application under delegated authority.

Certain applications do not require action by the Commission but, pursuant to the delegated authority contained in subpart B of part 0 of this chapter, may be acted upon by the Chief of the Wireline Competition Bureau subject to reconsideration by the Commission.

[28 FR 12450, Nov. 22, 1963, as amended at 52 FR 5289, Feb. 20, 1987]

§ 1.767 Cable landing licenses.

(a) Applications for cable landing licenses under 47 U.S.C. 34–39 and Executive Order No. 10530, dated May 10, 1954, should be filed in accordance with the provisions of that Executive Order. These applications should contain:

(1) The name, address and telephone number(s) of the applicant;

(2) The Government, State, or Territory under the laws of which each corporate or partnership applicant is organized;

(3) The name, title, post office address, and telephone number of the officer and any other contact point, such as legal counsel, to whom correspondence concerning the application is to be addressed;

(4) A description of the submarine cable, including the type and number of channels and the capacity thereof;

(5) A specific description of the cable landing stations on the shore of the United States and in foreign countries where the cable will land. The description shall include a map showing specific geographic coordinates, and may also include street addresses, of each landing station. The map must also specify the coordinates of any beach joint where those coordinates differ from the coordinates of the cable station. The applicant initially may file a general geographic description of the landing points; however, grant of the application will be conditioned on the Commission's final approval of a more specific description of the landing points, including all information required by this paragraph, to be filed by the applicant no later than ninety (90) days prior to construction. The Commission will give public notice of the filing of this description, and grant of the license will be considered final if the Commission does not notify the applicant otherwise in writing no later than sixty (60) days after receipt of the specific description of the landing points, unless the Commission designates a different time period;

(6) A statement as to whether the cable will be operated on a common carrier or non-common carrier basis;

(7) A list of the proposed owners of the cable system, including each U.S. cable landing station, their respective voting and ownership interests in each U.S. cable landing station, their respective voting interests in the wet link portion of the cable system, and their respective ownership interests by segment in the cable;

(8) For each applicant:

(i) The place of organization and the information and certifications required in §§ 63.18(h) and (o) of this chapter;

(ii) A certification as to whether or not the applicant is, or is affiliated with, a foreign carrier, including an entity that owns or controls a cable landing station, in any foreign country. The certification shall state with specificity each such country;

(iii) A certification as to whether or not the applicant seeks to land and operate a submarine cable connecting the United States to any country for which any of the following is true. The certification shall state with specificity the foreign carriers and each country:

(A) The applicant is a foreign carrier in that country; or

(B) The applicant controls a foreign carrier in that country; or

(C) There exists any entity that owns more than 25 percent of the applicant, or controls the applicant, or controls a foreign carrier in that country.

(D) Two or more foreign carriers (or parties that control foreign carriers) own, in the aggregate, more than 25 percent of the applicant and are parties to, or the beneficiaries of, a contractual relation (e.g., a joint venture or market alliance) affecting the provision or marketing of arrangements for the terms of acquisition, sale, lease, transfer and use of capacity on the cable in the United States; and

(iv) For any country that the applicant has listed in response to paragraph (a)(8)(iii) of this section that is not a member of the World Trade Organization, a demonstration as to whether the foreign carrier lacks market power with reference to the criteria in § 63.10(a) of this chapter.

NOTE TO PARAGRAPH (a)(8)(iv): Under §63.10(a) of this chapter, the Commission presumes, subject to rebuttal, that a foreign carrier lacks market power in a particular foreign country if the applicant demonstrates that the foreign carrier lacks 50 percent market share in international transport facilities or services, including cable landing station access and backhaul facilities, intercity facilities or services, and local access facilities or services on the foreign end of a particular route.

(9) A certification that the applicant accepts and will abide by the routine conditions specified in paragraph (g) of this section; and

(10) Any other information that may be necessary to enable the Commission to act on the application.

NOTE TO PARAGRAPH (a)(10): Applicants for cable landing licenses may be subject to the consistency certification requirements of the Coastal Zone Management Act (CZMA), 16 U.S.C. 1456, if they propose to conduct activities, in or outside of a coastal zone of a state with a federally-approved management plan, affecting any land or water use or natural resource of that state's coastal zone. Before filing their applications for a license to construct and operate a submarine cable system or to modify the construction of a previously approved submarine cable system, applicants must determine whether they are required to certify that their proposed activities will comply with the enforceable policies of a coastal state's approved management program. In order to make this determination, applicants should consult National Oceanic Atmospheric Administration (NOAA) regulations, 15 CFR part 930, Subpart D, and review the approved management programs of coastal states in the vicinity of the proposed landing station to verify that this type of application is not a listed federal license activity requiring review. After the application is filed, applicants should follow the procedures specified in 15 CFR 930.54 to determine whether any potentially affected state has sought or received NOAA approval to review the application as an unlisted activity. If it is determined that any certification is required, applicants shall consult the affected coastal state(s) (or designated state agency(ies)) in determining the contents of any required consistency certification(s). Applicants may also consult the Office of Ocean and Coastal Management (OCRM) within NOAA for guidance. The cable landing license application filed with the Commission shall include any consistency certification required by section 1456(c)(3)(A) for any affected coastal state(s) that lists this type of application in its NOAA-approved coastal management program and shall be updated pursuant to §1.65 of the Commission's rules, 47 CFR 1.65, to include any subsequently required consistency certification with respect to any state that has received NOAA approval to review the application as an unlisted federal license activity. Upon documentation from the applicant—or notification from each coastal state entitled to review the license application for consistency with a federally approved coastal management program—that the state has either concurred, or by its inaction, is conclusively presumed to have concurred with the applicant's consistency certification, the Commission may take action on the application.

(11)(i) If applying for authority to assign or transfer control of an interest in a cable system, the applicant shall complete paragraphs (a)(1) through (a)(3) of this section for both the transferor/assignor and the transferee/assignee. Only the transferee/assignee needs to complete paragraphs (a)(8) through (a)(9) of this section. At the beginning of the application, the applicant should also include a narrative of the means by which the transfer or assignment will take place. The application shall also specify, on a segment specific basis, the percentage of voting and ownership interests being transferred or assigned in the cable system, including in a U.S. cable landing station. The Commission reserves the right to request additional information as to the particulars of the transaction to aid it in making its public interest determination.

(ii) In the event the transaction requiring an assignment or transfer of control application also requires the filing of a foreign carrier affiliation notification pursuant to §1.768, the applicant shall reference in the application the foreign carrier affiliation notification and the date of its filing. *See* §1.768. *See* also paragraph (g)(7) of this section (providing for post-transaction notification of pro forma assignments and transfers of control).

(iii) An assignee or transferee must notify the Commission no later than thirty (30) days after either consummation of the assignment or transfer or a decision not to consummate the assignment or transfer. The notification shall identify the file numbers under which the initial license and the authorization of the assignment or transfer were granted.

(b) These applications are acted upon by the Commission after obtaining the approval of the Secretary of State and such assistance from any executive department or establishment of the Government as it may require.

(c) Original files relating to submarine cable landing licenses and applications for licenses since June 30, 1934, are kept by the Commission. Such applications for licenses (including all documents and exhibits filed with and made a part thereof, with the exception of any maps showing the exact location of the submarine cable or cables to be licensed) and the licenses issued pursuant thereto, with the exception of such maps, shall, unless otherwise ordered by the Commission, be open to public inspection in the offices of the Commission in Washington, D.C.

(d) Original files relating to licenses and applications for licenses for the landing operation of cables prior to June 30, 1934, were kept by the Department of State, and such files prior to 1930 have been transferred to the Executive and Foreign Affairs Branch of the General Records Office of the National Archives. Requests for inspection of these files should, however, be addressed to the Federal Communications Commission, Washington, D.C., 20554; and the Commission will obtain such files for a temporary period in order to permit inspection at the offices of the Commission.

(e) A separate application shall be filed with respect to each individual cable system for which a license is requested, or for which modification or amendment of a previous license is requested. The application fee for a non common-carrier cable landing license is payment type code BJT. Applicants for common carrier cable landing licenses shall pay the fees for both a common carrier cable landing license (payment type code CXT) and overseas cable construction (payment type code BIT). There is no application fee for modification of a cable landing license, except that the fee for assignment or transfer of control of a cable landing license is payment type code CUT. See §1.1107(2) of this chapter.

(f) Applicants shall disclose to any interested member of the public, upon written request, accurate information concerning the location and timing for the construction of a submarine cable system authorized under this section. This disclosure shall be made within 30 days of receipt of the request.

(g) *Routine conditions.* Except as otherwise ordered by the Commission, the following rules apply to each licensee of a cable landing license granted on or after March 15, 2002:

(1) Grant of the cable landing license is subject to:

(i) All rules and regulations of the Federal Communications Commission;

(ii) Any treaties or conventions relating to communications to which the United States is or may hereafter become a party; and

(iii) Any action by the Commission or the Congress of the United States rescinding, changing, modifying or amending any rights accruing to any person by grant of the license;

(2) The location of the cable system within the territorial waters of the United States of America, its territories and possessions, and upon its shores shall be in conformity with plans approved by the Secretary of the Army. The cable shall be moved or shifted by the licensee at its expense upon request of the Secretary of the Army, whenever he or she considers such course necessary in the public interest, for reasons of national defense, or for the maintenance and improvement of harbors for navigational purposes;

(3) The licensee shall at all times comply with any requirements of United States government authorities regarding the location and concealment of the cable facilities, buildings, and apparatus for the purpose of protecting and safeguarding the cables from injury or destruction by enemies of the United States of America;

(4) The licensee, or any person or company controlling it, controlled by it, or under direct or indirect common control with it, does not enjoy and shall not acquire any right to handle traffic to or from the United States, its territories or its possessions unless such service is authorized by the Commission pursuant to section 214 of the Communications Act, as amended;

(5)(i) The licensee shall be prohibited from agreeing to accept special concessions directly or indirectly from any foreign carrier, including any entity that owns or controls a foreign cable landing station, where the foreign carrier possesses sufficient market power on the foreign end of the route to affect competition adversely in the U.S. market, and from agreeing to accept special concessions in the future.

(ii) For purposes of this section, a special concession is defined as an exclusive arrangement involving services, facilities, or functions on the foreign end of a U.S. international route that are necessary to land, connect, or operate submarine cables, where the arrangement is not offered to similarly situated U.S. submarine cable owners, indefeasible-right-of-user holders, or lessors, and includes arrangements for the terms for acquisition, resale, lease, transfer and use of capacity on the cable; access to collocation space; the opportunity to provide or obtain backhaul capacity; access to technical network information; and interconnection to the public switched telecommunications network.

NOTE TO PARAGRAPH (g)(5): Licensees may rely on the Commission's list of foreign carriers that do not qualify for the presumption that they lack market power in particular foreign points for purposes of determining which foreign carriers are the subject of the requirements of this section. The Commission's list of foreign carriers that do not qualify for the presumption that they lack market power is available from the International Bureau's World Wide Web site at *http://www.fcc.gov/ib*.

(6) Except as provided in paragraph (g)(7) of this section, the cable landing license and rights granted in the license shall not be transferred, assigned, or disposed of, or disposed of indirectly by transfer of control of the licensee, unless the Federal Communications Commission gives prior consent in writing;

(7) A *pro forma* assignee or person or company that is the subject of a *pro forma* transfer of control of a cable landing license is not required to seek prior approval for the *pro forma* transaction. A *pro forma* assignee or person or company that is the subject of a *pro forma* transfer of control must notify the Commission no later than thirty (30) days after the assignment or transfer of control is consummated. The notification must certify that the assignment or transfer of control was *pro forma*, as defined in §63.24 of this chapter, and, together with all previous *pro forma* transactions, does not result in a change of the licensee's ultimate control. The licensee may file a single notification for an assignment or transfer of control of multiple licenses issued in the name of the licensee if each license is identified by the file number under which it was granted;

(8) Unless the licensee has notified the Commission in the application of the precise locations at which the cable will land, as required by paragraph (a)(5) of this section, the licensee shall notify the Commission no later than ninety (90) days prior to commencing construction at that landing location. The Commission will give public notice of the filing of each description, and grant of the cable landing license will be considered final with respect to that landing location unless the Commission issues a notice to the contrary no later than sixty (60) days after receipt of the specific description. *See* paragraph (a)(5) of this section;

(9) The Commission reserves the right to require the licensee to file an environmental assessment should it determine that the landing of the cable at the specific locations and construction of necessary cable landing stations may significantly affect the environment within the meaning of §1.1307 implementing the National Environmental Policy Act of 1969. *See* §1.1307(a) and (b). The cable landing license is subject to modification by the Commission under its review of any environmental assessment or environmental impact statement that it may require pursuant to its rules. *See also* §1.1306 note 1 and §1.1307(c) and (d);

(10) The Commission reserves the right, pursuant to section 2 of the Cable Landing License Act, 47 U.S.C. 35, Executive Order No. 10530 as amended, and section 214 of the Communications Act of 1934, as amended, 47 U.S.C. 214, to impose common carrier regulation or other regulation consistent with the Cable Landing License Act on the operations of the cable system if it

finds that the public interest so requires;

(11) The licensee, or in the case of multiple licensees, the licensees collectively, shall maintain *de jure* and *de facto* control of the U.S. portion of the cable system, including the cable landing stations in the United States, sufficient to comply with the requirements of the Commission's rules and any specific conditions of the license;

(12) The licensee shall comply with the requirements of §1.768;

(13) The cable landing license is revocable by the Commission after due notice and opportunity for hearing pursuant to section 2 of the Cable Landing License Act, 47 U.S.C. 35, or for failure to comply with the terms of the license or with the Commission's rules; and

(14) The licensee must notify the Commission within thirty (30) days of the date the cable is placed into service. The cable landing license shall expire twenty-five (25) years from the in-service date, unless renewed or extended upon proper application. Upon expiration, all rights granted under the license shall be terminated.

(h) *Applicants/Licensees.* Except as otherwise required by the Commission, the following entities, at a minimum, shall be applicants for, and licensees on, a cable landing license:

(1) Any entity that owns or controls a cable landing station in the United States; and

(2) All other entities owning or controlling a five percent (5%) or greater interest in the cable system and using the U.S. points of the cable system.

(i) *Processing of cable landing license applications.* The Commission will take action upon an application eligible for streamlined processing, as specified in paragraph (k) of this section, within forty-five (45) days after release of the public notice announcing the application as acceptable for filing and eligible for streamlined processing. If the Commission deems an application seeking streamlined processing acceptable for filing but ineligible for streamlined processing, or if an applicant does not seek streamlined processing, the Commission will issue public notice indicating that the application is ineligible for streamlined processing. Within ninety (90) days of the public notice, the Commission will take action upon the application or provide public notice that, because the application raises questions of extraordinary complexity, an additional 90-day period for review is needed. Each successive 90-day period may be so extended.

(j) *Applications for streamlining.* Each applicant seeking to use the streamlined grant procedure specified in paragraph (i) of this section shall request streamlined processing in its application. Applications for streamlined processing shall include the information and certifications required by paragraph (k) of this section. On the date of filing with the Commission, the applicant shall also send a complete copy of the application, or any major amendments or other material filings regarding the application, to: U.S. Coordinator, EB/CIP, U.S. Department of State, 2201 C Street, NW., Washington, DC 20520–5818; Office of Chief Counsel/NTIA, U.S. Department of Commerce, 14th St. and Constitution Ave., NW., Washington, DC 20230; and Defense Information Systems Agency, ATTN: GC/DO1, 6910 Cooper Avenue, Fort Meade, MD 20755–7088, and shall certify such service on a service list attached to the application or other filing.

(k) *Eligibility for streamlining.* Each applicant must demonstrate eligibility for streamlining by:

(1) Certifying that it is not a foreign carrier and it is not affiliated with a foreign carrier in any of the cable's destination markets;

(2) Demonstrating pursuant to §63.12(c)(l)(i) through (iii) of this chapter that any such foreign carrier or affiliated foreign carrier lacks market power; or

(3) Certifying that the destination market where the applicant is, or has an affiliation with, a foreign carrier is a World Trade Organization (WTO) Member and the applicant agrees to accept and abide by the reporting requirements set out in paragraph (l) of this section. An application that includes an applicant that is, or is affiliated with, a carrier with market power in a cable's non-WTO Member destination country is not eligible for streamlining.

(4) Certifying that for applications for a license to construct and operate a

submarine cable system or to modify the construction of a previously approved submarine cable system the applicant is not required to submit a consistency certification to any state pursuant to section 1456(c)(3)(A) of the Coastal Zone Management Act (CZMA), 16 U.S.C. 1456.

NOTE TO PARAGRAPH (k)(4): Streamlining of cable landing license applications will be limited to those applications where all potentially affected states, having constructive notice that the application was filed with the Commission, have waived, or are deemed to have waived, any section 1456(c)(3)(A) right to review the application within the thirty-day period prescribed by 15 CFR 930.54.

(l) *Reporting Requirements Applicable to Licensees Affiliated with a Carrier with Market Power in a Cable's WTO Destination Market.* Any licensee that is, or is affiliated with, a carrier with market power in any of the cable's WTO Member destination countries, and that requests streamlined processing of an application under paragraphs (j) and (k) of this section, must comply with the following requirements:

(1) File quarterly reports summarizing the provisioning and maintenance of all network facilities and services procured from the licensee's affiliate in that destination market, within ninety (90) days from the end of each calendar quarter. These reports shall contain the following:

(i) The types of facilities and services provided (for example, a lease of wet link capacity in the cable, collocation of licensee's equipment in the cable station with the ability to provide backhaul, or cable station and backhaul services provided to the licensee);

(ii) For provisioned facilities and services, the volume or quantity provisioned, and the time interval between order and delivery; and

(iii) The number of outages and intervals between fault report and facility or service restoration; and

(2) File quarterly, within 90 days from the end of each calendar quarter, a report of its active and idle 64 kbps or equivalent circuits by facility (terrestrial, satellite and submarine cable).

(m) (1) Except as specified in paragraph (m)(2) of this section, amendments to pending applications, and applications to modify a license, including amendments or applications to add a new applicant or licensee, shall be signed by each initial applicant or licensee, respectively. Joint applicants or licensees may appoint one party to act as proxy for purposes of complying with this requirement.

(2) Any licensee that seeks to relinquish its interest in a cable landing license shall file an application to modify the license. Such application must include a demonstration that the applicant is not required to be a licensee under paragraph (h) of this section and that the remaining licensee(s) will retain collectively *de jure* and *de facto* control of the U.S. portion of the cable system sufficient to comply with the requirements of the Commission's rules and any specific conditions of the license, and must be served on each other licensee of the cable system.

(n) Subject to the availability of electronic forms, all applications and notifications described in this section must be filed electronically through the International Bureau Filing System (IBFS). § 1.768 Notification by and prior approval for submarine cable landing licensees that are or propose to become affiliated with a foreign carrier.

Any entity that is licensed by the Commission (''licensee'') to land or operate a submarine cable landing in a particular foreign destination market that becomes, or seeks to become, affiliated with a foreign carrier that is authorized to operate in that market, including an entity that owns or controls a cable landing station in that market, shall notify the Commission of that affiliation.

(a) *Affiliations requiring prior notification:* Except as provided in paragraph (b) of this section, the licensee must notify the Commission, pursuant to this section, forty-five (45) days before consummation of either of the following types of transactions:

(1) Acquisition by the licensee, or by any entity that controls the licensee, or by any entity that directly or indirectly owns more than twenty-five percent (25%) of the capital stock of the licensee, of a controlling interest in a foreign carrier that is authorized to operate in a market where the cable lands; or

(2) Acquisition of a direct or indirect interest greater than twenty-five percent (25%), or of a controlling interest, in the capital stock of the licensee by a foreign carrier that is authorized to operate in a market where the cable lands, or by an entity that controls such a foreign carrier.

(b) *Exceptions:* (1) Notwithstanding paragraph (a) of this section, the notification required by this section need not be filed before consummation, and may instead by filed pursuant to paragraph (c) of this section, if either of the following is true with respect to the named foreign carrier, regardless of whether the destination market where the cable lands is a World Trade Organization (WTO) or non-WTO Member:

(i) The Commission has previously determined in an adjudication that the foreign carrier lacks market power in that destination market (for example, in an international section 214 application or a declaratory ruling proceeding); or

(ii) The foreign carrier owns no facilities in that destination market. For this purpose, a carrier is said to own facilities if it holds an ownership, indefeasible-right-of-user, or leasehold interest in a cable landing station or in bare capacity in international or domestic telecommunications facilities (excluding switches).

(2) In the event paragraph (b)(1) of this section cannot be satisfied, notwithstanding paragraph (a) of this section, the notification required by this section need not be filed before consummation, and may instead be filed pursuant to paragraph (c) of this section, if the licensee certifies that the destination market where the cable lands is a WTO Member and provides certification to satisfy either of the following:

(i) The licensee demonstrates that its foreign carrier affiliate lacks market power in the cable's destination market pursuant to §63.10(a)(3) of this chapter (*see* §63.10(a)(3) of this chapter); or

(ii) The licensee agrees to comply with the reporting requirements contained in §1.767(l) effective upon the acquisition of the affiliation. *See* §1.767(l).

(c) *Notification after consummation:* Any licensee that becomes affiliated with a foreign carrier and has not previously notified the Commission pursuant to the requirements of this section shall notify the Commission within thirty (30) days after consummation of the acquisition.

Example 1 to paragraph (c). Acquisition by a licensee (or by any entity that directly or indirectly controls, is controlled by, or is under direct or indirect common control with the licensee) of a direct or indirect interest in a foreign carrier that is greater than twenty-five percent (25%) but not controlling is subject to paragraph (c) of this section but not to paragraph (a) of this section.

Example 2 to paragraph (c). Notification of an acquisition by a licensee of a hundred percent (100%) interest in a foreign carrier may be made after consummation, pursuant to paragraph (c) of this section, if the foreign carrier operates only as a resale carrier.

Example 3 to paragraph (c). Notification of an acquisition by a foreign carrier from a WTO Member of a greater than twenty-five percent (25%) interest in the capital stock of

the licensee may be made after consummation, pursuant to paragraph (c) of this section, if the licensee demonstrates in the post-notification that the foreign carrier lacks market power in the cable's destination market or the licensee agrees to comply with the reporting requirements contained in §1.767(l) effective upon the acquisition of the affiliation.

(d) *Cross-reference:* In the event a transaction requiring a foreign carrier notification pursuant to this section also requires a transfer of control or assignment application pursuant to the requirements of the license granted under §1.767 or §1.767(g), the foreign carrier notification shall reference in the notification the transfer of control or assignment application and the date of its filing. *See* §1.767(g).

(e) *Contents of notification:* The notification shall certify the following information:

(1) The name of the newly affiliated foreign carrier and the country or countries at the foreign end of the cable in which it is authorized to provide telecommunications services to the public or where it owns or controls a cable landing station;

(2) Which, if any, of those countries is a Member of the World Trade Organization;

(3) The name of the cable system that is the subject of the notification, and the FCC file number(s) under which the license was granted;

(4) The name, address, citizenship, and principal business of any person or entity that directly or indirectly owns at least ten percent (10%) of the equity of the licensee, and the percentage of equity owned by each of those entities (to the nearest one percent (1%));

(5) Interlocking directorates. The name of any interlocking directorates, as defined in §63.09(g) of this chapter, with each foreign carrier named in the notification. *See* §63.09(g) of this chapter.

(6) With respect to each foreign carrier named in the notification, a statement as to whether the notification is subject to paragraph (a) or (c) of this section. In the case of a notification subject to paragraph (a) of this section, the licensee shall include the projected date of closing. In the case of a notification subject to paragraph (c) of this section, the licensee shall include the actual date of closing.

(7) If a licensee relies on an exception in paragraph (b) of this section, then a certification as to which exception the foreign carrier satisfies and a citation to any adjudication upon which the licensee is relying. Licensees relying upon the exceptions in paragraph (b)(2) of this section must make the required certified demonstration in paragraph (b)(2)(i) of this section or the certified commitment to comply with the reporting requirements in paragraph (b)(2)(ii) of this section in the notification required by paragraph (c) of this section.

(f) If the licensee seeks to be excepted from the reporting requirements contained in §1.767(l), the licensee should demonstrate that each foreign carrier affiliate named in the notification lacks market power pursuant to §63.10(a)(3) of this chapter. *See* §63.10(a)(3) of this chapter.

(g) *Procedure.* After the Commission issues a public notice of the submissions made under this section, interested parties may file comments within fourteen (14) days of the public notice.

(1) If the Commission deems it necessary at any time before or after the deadline for submission of public comments, the Commission may impose reporting requirements on the licensee based on the provisions of §1.767(l). *See* §1.767(l).

(2) In the case of a prior notification filed pursuant to paragraph (a) of this section, the authorized U.S. licensee must demonstrate that it continues to serve the public interest for it to retain its interest in the cable landing license for that segment of the cable that lands in the non-WTO destination market. Such a showing shall include a demonstration as to whether the foreign carrier lacks market power in the non-WTO destination market with reference to the criteria in §63.10(a) of this chapter. In addition, upon request of the Commission, the licensee shall provide the information specified in §1.767(a)(8). If the licensee is unable to make the required showing or is notified by the Commission that the affiliation may otherwise harm the public interest pursuant to the Commission's

policies and rules under 47 U.S.C. 34 through 39 and Executive Order No. 10530, dated May 10, 1954, then the Commission may impose conditions necessary to address any public interest harms or may proceed to an immediate authorization revocation hearing.

NOTE TO PARAGRAPH (g)(2): Under §63.10(a) of this chapter, the Commission presumes, subject to rebuttal, that a foreign carrier lacks market power in a particular foreign country if the applicant demonstrates that the foreign carrier lacks 50 percent market share in international transport facilities or services, including cable landing station access and backhaul facilities, intercity facilities or services, and local access facilities or services on the foreign end of a particular route.

(h) All licensees are responsible for the continuing accuracy of information provided pursuant to this section for a period of forty-five (45) days after filing. During this period if the information furnished is no longer accurate, the licensee shall as promptly as possible, and in any event within ten (10) days, unless good cause is shown, file with the Commission a corrected notification referencing the FCC file numbers under which the original notification was provided.

(i) A licensee that files a prior notification pursuant to paragraph (a) of this section may request confidential treatment of its filing, pursuant to §0.459 of this chapter, for the first twenty (20) days after filing.

(j) Subject to the availability of electronic forms, all notifications described in this section must be filed electronically through the International Bureau Filing System (IBFS). A list of forms that are available for electronic filing can be found on the IBFS homepage. For information on electronic filing requirements, see part 1, §§1.1000 through 1.10018 and the IBFS homepage at *http://www.fcc.gov/ibfs*. See also §§63.20 and 63.53.

NOTE TO §1.768: The terms ''affiliated'' and ''foreign carrier,'' as used in this section, are defined as in §63.09 of this chapter except that the term ''foreign carrier'' also shall include an entity that owns or controls a cable landing station in a foreign market.

§1.773 Petitions for suspension or rejection of new tariff filings.

(a) *Petition*—(1) *Content.* Petitions seeking investigation, suspension, or rejection of a new or revised tariff filing or any provision thereof shall specify the filing's Federal Communications Commission tariff number and carrier transmittal number, the items against which protest is made, and the specific reasons why the protested tariff filing warrants investigation, suspension, or rejection under the Communications Act. No petition shall include a prayer that it also be considered a formal complaint. Any formal complaint shall be filed as a separate pleading as provided in §1.721.

(i) Petitions seeking investigation, suspension, or rejection of a new or revised tariff filing or any provision of such a publication, must specify the pertinent Federal Communications Commission tariff number and carrier transmittal number; the matters protested; and the specific reasons why the tariff warrants investigation, suspension, or rejection. When a single petition asks for more than one form of relief, it must separately and distinctly plead and support each form of relief. However, no petition may ask that it also be considered a formal complaint. Formal complaints must be separately lodged, as provided in §1.721.

(ii) For purposes of this section, tariff filings by nondominant carriers will be considered *prima facie* lawful, and

will not be suspended by the Commission unless the petition requesting suspension shows:

(A) That there is a high probability the tariff would be found unlawful after investigation;

(B) That the harm alleged to competition would be more substantial than the injury to the public arising from the unavailability of the service pursuant to the rates and conditions proposed in the tariff filing;

(C) That irreparable injury will result if the tariff filing is not suspended; and

(D) That the suspension would not otherwise be contrary to the public interest.

(iii) For the purpose of this section, any tariff filing by a local exchange carrier filed pursuant to the requirements of §61.39 will be considered prima facie lawful and will not be suspended by the Commission unless the petition requesting suspension shows that the cost and demand studies or average schedule information was not provided upon reasonable request. If such a showing is not made, then the filing will be considered prima facie lawful and will not be suspended by the Commission unless the petition requesting suspension shows each of the following:

(A) That there is a high probability the tariff would be found unlawful after investigation;

(B) That any unreasonable rate would not be corrected in a subsequent filing;

(C) That irreparable injury will result if the tariff filing is not suspended; and

(D) That the suspension would not otherwise be contrary to the public interest.

(iv) For the purposes of this section, tariff filings made pursuant to §61.49(b) by carriers subject to price cap regulation will be considered *prima facie* lawful, and will not be suspended by the Commission unless the petition shows that the support information required in §61.49(b) was not provided, or unless the petition requesting suspension shows each of the following:

(A) That there is a high probability the tariff would be found unlawful after investigation;

(B) That the suspension would not substantially harm other interested parties;

(C) That irreparable injury will result if the tariff filing is not suspended; and

(D) That the suspension would not otherwise be contrary to the public interest.

(v) For the purposes of this section, any tariff filing by a price cap LEC filed pursuant to the requirements of §61.42(d)(4)(ii) of this chapter will be considered *prima facie* lawful, and will not be suspended by the Commission unless the petition requesting suspension shows each of the following:

(A) That there is a high probability the tariff would be found unlawful after investigation;

(B) That any unreasonable rate would not be corrected in a subsequent filing;

(C) That irreparable injury will result if the tariff filing is not suspended; and

(D) That the suspension would not otherwise be contrary to the public interest.

(2) *When filed.* All petitions seeking investigation, suspension, or rejection of a new or revised tariff filing shall meet the filing requirements of this paragraph. In case of emergency and within the time limits provided, a telegraphic request for such relief may be sent to the Commission setting forth succinctly the substance of the matters required by paragraph (a)(1) of this section. A copy of any such telegraphic request shall be sent simultaneously to the Chief, Wireline Competition Bureau, the Chief, Pricing Policy Division, and the publishing carrier. Thereafter, the request shall be confirmed by petition filed and served in accordance with §1.773(a)(4).

The time for filing such a consolidated reply will begin to run on the last date for timely filed petitions, as fixed by paragraphs (a)(2) (i) through (iv) of this section, and the date on which the consolidated reply is due will be governed by paragraphs (b)(1) (i) through (iv) of this section.

GRANTS BY RANDOM SELECTION

Subpart F—Wireless Radio Services Applications and Proceedings

SOURCE: 28 FR 12454, Nov. 22, 1963, unless otherwise noted.

SCOPE AND AUTHORITY

§ 1.901 Basis and purpose.

The rules in this subpart are issued pursuant to the Communications Act of 1934, as amended, 47 U.S.C. 151 *et seq.* The purpose of the rules in this subpart is to establish the requirements and conditions under which entities may be licensed in the Wireless Radio Services as described in this part and in parts 13, 20, 22, 24, 26, 27, 74, 80, 87, 90, 95, 96, 97 and 101 of this chapter.

[80 FR 36218, June 23, 2015]

§ 1.902 Scope.

In case of any conflict between the rules set forth in this subpart and the rules set forth in parts 13, 20, 22, 24, 26, 27, 74, 80, 87, 90, 95, 96, 97, and 101 of title 47, chapter I of the Code of Federal Regulations, the rules in part 1 shall govern.

[80 FR 36218, June 23, 2015]

§ 1.903 Authorization required.

(a) *General rule.* Stations in the Wireless Radio Services must be used and operated only in accordance with the rules applicable to their particular service as set forth in this title and with a valid authorization granted by the Commission under the provisions of this part, except as specified in paragraph (b) of this section.

(b) *Restrictions.* The holding of an authorization does not create any rights beyond the terms, conditions and period specified in the authorization. Authorizations may be granted upon proper application, provided that the Commission finds that the applicant is qualified in regard to citizenship, character, financial, technical and other criteria, and that the public interest, convenience and necessity will be served. *See* §§ 301, 308, and 309, 310 of this chapter.

(c) *Subscribers.* Authority for subscribers to operate mobile or fixed stations in the Wireless Radio Services, except for certain stations in the Rural Radiotelephone Service, is included in the authorization held by the licensee providing service to them. Subscribers are not required to apply for, and the Commission does not accept, applications from subscribers for individual mobile or fixed station authorizations in the Wireless Radio Services. Individual authorizations are required to operate rural subscriber stations in the Rural Radiotelephone Service, except as provided in § 22.703 of this chapter. Individual authorizations are required for end users of certain Specialized Mobile Radio Systems as provided in § 90.655 of this chapter. In addition, certain ships and aircraft are required to be individually licensed under parts 80 and 87 of this chapter. See §§ 80.13, 87.18 of this chapter.

APPLICATION REQUIREMENTS AND PROCEDURES

§ 1.911 Station files.

Applications, notifications, correspondence, electronic filings and other material, and copies of authorizations, comprising technical, legal, and administrative data relating to each station in the Wireless Radio Services are maintained by the Commission in ULS. These files constitute the official records for these stations and supersede any other records, database or lists from the Commission or other sources.

[63 FR 68922, Dec. 14, 1998]

§ 1.913 Application and notification forms; electronic and manual filing.

(a) *Application and notification forms.* Applicants, licensees, and spectrum lessees (see §1.9003) shall use the following forms and associated schedules for all applications and notifications:

(1) *FCC Form 601, Application for Authorization in the Wireless Radio Services.* FCC Form 601 and associated schedules are used to apply for initial authorizations, modifications to existing authorizations, amendments to pending applications, renewals of station authorizations, special temporary authority, notifications, requests for extension of time, and administrative updates.

(2) *FCC Form 602, Wireless Radio Services Ownership Form.* FCC Form 602 is used by applicants and licensees in auctionable services to provide and update ownership information as required by §§1.919, 1.948, 1.2112, and any other section that requires the submission of such information.

(3) *FCC Form 603, Application for Assignment of Authorization or Transfer of Control.* FCC Form 603 is used by applicants and licensees to apply for Commission consent to assignments of existing authorizations, to apply for Commission consent to transfer control of entities holding authorizations, to notify the Commission of the consummation of assignments or transfers, and to request extensions of time for consummation of assignments or transfers. It is also used for Commission consent to partial assignments of authorization, including partitioning and disaggregation.

(4) *FCC Form 605, Quick-form Application for Authorization for Wireless Radio Services.* FCC Form 605 is used to apply for Amateur, Ship, Aircraft, and General Mobile Radio Service (GMRS) authorizations, as well as Commercial Radio Operator Licenses.

(5) *FCC Form 608, Notification or Application for Spectrum Leasing Arrangement.* FCC Form 608 is used by licensees and spectrum lessees (*see* §1.9003) to notify the Commission regarding spectrum manager leasing arrangements and to apply for Commission consent for *de facto* transfer leasing arrangements pursuant to the rules set forth in part 1, subpart X. It is also used to notify the Commission if a licensee or spectrum lessee establishes a private commons (*see* §1.9080).

(6) FCC Form 609, Application to Report Eligibility Event. FCC Form 609 is used by licensees to apply for Commission approval of reportable eligibility events, as defined in §1.2114.

(b) *Electronic filing.* Except as specified in paragraph (d) of this section or elsewhere in this chapter, all applications and other filings using the application and notification forms listed in this section or associated schedules must be filed electronically in accordance with the electronic filing instructions provided by ULS. For each Wireless Radio Service that is subject to mandatory electronic filing, this paragraph is effective on July 1, 1999, or six months after the Commission begins use of ULS to process applications in the service, whichever is later. The Commission will announce by public notice the deployment date of each service in ULS.

(1) Attachments to applications and notifications should be uploaded along

with the electronically filed applications and notifications whenever possible. The files, other than the ASCII table of contents, should be in Adobe Acrobat Portable Document Format (PDF) whenever possible.

(2) Any associated documents submitted with an application or notification must be uploaded as attachments to the application or notification whenever possible. The attachment should be uploaded via ULS in Adobe Acrobat Portable Document Format (PDF) whenever possible.

(c) *Auctioned license applications.* Auctioned license applications, as defined in §1.907 of this part, shall also comply with the requirements of subpart Q of this part and the applicable Commission orders and public notices issued with respect to each auction for a particular service and spectrum.

(d) *Manual filing.* (1) ULS Forms 601, 603, 605, and 608 may be filed manually or electronically by applicants and licensees in the following services:

(i) The part 90 Private Land Mobile Radio services for shared spectrum, spectrum in the public safety pool below 746 MHz, and spectrum in the public safety allocation above 746 MHz, except those filed by Commission-certified frequency coordinators;

(ii) The part 97 Amateur Radio Service, except those filed by Volunteer Examination Coordinators;

(iii) The part 95 General Mobile Radio Service and Personal Radio Service (excluding 218–219 MHz service);

(iv) The part 80 Maritime Services (excluding the VHF 156–162 MHz Public Coast Stations);

(v) The part 87 Aviation Services;

(vi) Part 13 Commercial Radio Operators (individual applicants only; commercial operator license examination managers must file electronically, see §13.13(c) of this part); and

(vii) Part 101 licensees who are also members of any of the groups listed in paragraph (d)(1)(i) through (d)(1)(vi) of this section.

(2) Manually filed applications must be submitted to the Commission at the appropriate address with the appropriate filing fee. The addresses for filing and the fee amounts for particular applications are listed in Subpart G of this part, and in the appropriate fee filing guide for each service available from the Commission's Forms Distribution Center by calling 1–800–418-FORM (3676).

(3) Manually filed applications requiring fees as set forth at Subpart G, of this part must be filed in accordance with §0.401(b).

(4) Manually filed applications that do not require fees must be addressed and sent to Federal Communications Commission, 1270 Fairfield Road, Gettysburg, Pennsylvania 17325–7245.

(5) Standard forms may be reproduced and the copies used in accordance with the provisions of §0.409 of this chapter.

(6) Attachments to manually filed applications may be filed on a standard 3.5 magnetic diskette formatted to be readable by high density floppy drives operating under MS-DOS (version 3.X or later compatible versions). Each diskette submitted must contain an ASCII text file listing each filename and a brief description of the contents of each file and format for each document on the diskette. The files on the diskette, other than the table of contents, should be in Adobe Acrobat Portable Document Format (PDF) whenever possible. All diskettes submitted must be legibly labelled referencing the application and its filing date.

(e) *Applications requiring prior coordination.* Parties filing applications that require frequency coordination shall, prior to filing, complete all applicable frequency coordination requirements in service-specific rules contained within this chapter. After appropriate frequency coordination, such applications may be electronically filed via ULS or, if filed manually, must be forwarded to the appropriate address with the appropriate filing fee (if applicable) in accordance with subparagraph (d). Applications filed by the frequency coordinator on behalf of the applicant must be filed electronically.

(f) *Applications for Amateur licenses.* Each candidate for an amateur radio operator license which requires the applicant to pass one or more examination elements must present the administering Volunteer Examiners (VE) with all information required by the

rules prior to the examination. The VEs may collect the information required by these rules in any manner of their choosing, including creating their own forms. Upon completion of the examination, the administering VEs will immediately grade the test papers and will then issue a certificate for successful completion of an amateur radio operator examination (CSCE) if the applicant is successful. The VEs will send all necessary information regarding a candidate to the Volunteer-Examiner Coordinator (VEC) coordinating the examination session. Applications filed with the Commission by VECs must be filed electronically via ULS. All other applications for amateur service licenses may be submitted manually to FCC, 1270 Fairfield Road, Gettysburg, PA 17325–7245, or may be electronically filed via ULS. Feeable requests for vanity call signs must be filed in accordance with §0.401 of this chapter or electronically filed via ULS.

(g) *Section 337 Requests.* Applications to provide public safety services submitted pursuant to 47 U.S.C. 337 must be filed on the same form and in the same manner as other applications for the requested frequency(ies), except that applicants must select the service code reflective of the type of service the applicant intends to provide.

EFFECTIVE DATE NOTES: 1. At 69 FR 77549, Dec. 27, 2004, §1.913(a)(5) was added. This paragraph contains information collection and recordkeeping requirements and will not become effective until approval has been given by the Office of Management and Budget.

2. At 78 FR 23152, Apr. 18, 2013, §1.913 was amended by revising paragraph (d)(1)(vi). This paragraph contains information collection and recordkeeping requirements and will not become effective until approval has been given by the Office of Management and Budget.

§1.915 General application requirements.

(a) *General requirement.* Except as provided in paragraph (b) of this section, for all Wireless Radio Services, station licenses, as defined in section 308(a) of the Communications Act, as amended, operator licenses, modifications or renewals of licenses, assignments or transfers of control of station licenses or any rights thereunder, and waiver requests associated with any of the foregoing shall be granted only upon an application filed pursuant to §§1.913 through 1.917 of this part.

(b)(1) *Exception for emergency filings.* The Commission may grant station licenses, or modifications or renewals thereof, without the filing of a formal application in the following cases:

(i) an emergency found by the Commission to involve danger to life or property or to be due to damage to equipment;

(ii) a national emergency proclaimed by the President or declared by the Congress and during the continuance of any war in which the United States is engaged, when such action is necessary for the national defense or security or otherwise in furtherance of the war effort; or

(iii) an emergency where the Commission finds that it would not be feasible to secure renewal applications from existing licensees or otherwise to follow normal licensing procedures.

(2) No such authorization shall be granted for or continue in effect beyond the period of the emergency or war requiring it. The procedures to be followed for emergency requests submitted under this subparagraph are the same as for seeking special temporary authority under §1.931 of this part. After the end of the period of emergency, the party must submit its request by filing the appropriate FCC form in accordance with paragraph (a) of this section.

[63 FR 68923, Dec. 14, 1998]

§1.917 Who may sign applications.

(a) Except as provided in paragraph (b) of this section, applications, amendments, and related statements of fact required by the Commission must be signed as follows (either electronically or manually, *see* paragraph (d) of this section): (1) By the applicant, if the applicant is an individual; (2) by one of the partners if the applicant is a partnership; (3) by an officer, director, or

duly authorized employee, if the applicant is a corporation; (4) by a member who is an officer, if the applicant is an unincorporated association; or (5) by the trustee if the applicant is an amateur radio service club. Applications, amendments, and related statements of fact filed on behalf of eligible government entities such as states and territories of the United States, their political subdivisions, the District of Columbia, and units of local government, including unincorporated municipalities, must be signed by a duly elected or appointed official who is authorized to do so under the laws of the applicable jurisdiction.

(b) Applications, amendments, and related statements of fact required by the Commission may be signed by the applicant's attorney in case of the applicant's physical disability or absence from the United States, or by applicant's designated vessel master when a temporary permit is requested for a vessel. The attorney shall, when applicable, separately set forth the reason why the application is not signed by the applicant. In addition, if any matter is stated on the basis of the attorney's or master's belief only (rather than knowledge), the attorney or master shall separately set forth the reasons for believing that such statements are true. Only the original of applications, amendments, and related statements of fact need be signed.

(c) Applications, amendments, and related statements of fact need not be signed under oath. Willful false statements made therein, however, are punishable by fine and imprisonment, 18 U.S.C. 1001, and by appropriate administrative sanctions, including revocation of station license pursuant to 312(a)(1) of the Communications Act of 1934, as amended.

(d) ''Signed,'' as used in this section, means, for manually filed applications only, an original hand-written signature or, for electronically filed applications only, an electronic signature. An electronic signature shall consist of the name of the applicant transmitted electronically via ULS and entered on the application as a signature.

[63 FR 68923, Dec. 14, 1998]

§ 1.919 Ownership information.

(a) Applicants or licensees in Wireless Radio Services that are subject to the ownership reporting requirements of §1.2112 shall use FCC Form 602 to provide all ownership information required by the chapter.

(b) Any applicant or licensee that is subject to the reporting requirements of §1.2112 or §1.2114 shall file an FCC Form 602, or file an updated form if the ownership information on a previously filed FCC Form 602 is not current, at the time it submits:

(1) An initial application for authorization (FCC Form 601);

(2) An application for license renewal (FCC Form 601);

(3) An application for assignment of authorization or transfer of control (FCC Form 603); or

(4) A notification of consummation of a *pro forma* assignment of authorization or transfer of control (FCC Form 603) under the Commission's forbearance procedures (see §1.948(c) of this part).

(5) An application reporting any reportable eligibility event, as defined in §1.2114.

(c) [Reserved]

(d) A single FCC Form 602 may be associated with multiple applications filed by the same applicant or licensee. If an applicant or licensee already has a current FCC Form 602 on file when it files an initial application, renewal application, application for assignment or transfer of control, or notification of a *pro forma* assignment or transfer, it may certify that it has a current FCC Form 602 on file.

(e) No filing fee is required to submit or update FCC Form 602.

(f) Applicants or licensees in Wireless Radio Services that are not subject to the ownership reporting requirements of §1.2112 are not required to file FCC Form 602. However, such applicants and licensees may be required by the rules applicable to such services to disclose the real party (or parties) in interest to the application, including (as required) a complete disclosure of the identity and relationship of those persons or entities directly or indirectly

owning or controlling (or both) the applicant or licensee.

[63 FR 68923, Dec. 14, 1998, as amended at 68 FR 42995, July 21, 2003; 69 FR 75170, Dec. 15, 2004; 71 FR 26251, May 4, 2006; 79 FR 72150, Dec. 5, 2014]

§ 1.923 Content of applications.

(a) *General.* Applications must contain all information requested on the applicable form and any additional information required by the rules in this chapter and any rules pertaining to the specific service for which the application is filed.

(b) *Reference to material on file.* Questions on application forms that call for specific technical data, or that can be answered yes or no or with another short answer, must be answered on the form. Otherwise, if documents, exhibits, or other lengthy showings already on file with the FCC contain information required in an application, the application may incorporate such information by reference, provided that:

(1) The referenced information has been filed in ULS or, if manually filed outside of ULS, the information comprises more than one ''8½ × 11'' page.

(2) The referenced information is current and accurate in all material respects; and

(3) The application states specifically where the referenced information can actually be found, including:

(i) The station call sign or application file number and its location if the reference is to station files or previously filed applications;

(ii) The title of the proceeding, the docket number, and any legal citations, if the reference is to a docketed proceeding.

(c) *Antenna locations.* Applications for stations at fixed locations must describe each transmitting antenna site by its geographical coordinates and also by its street address, or by reference to a nearby landmark. Geographical coordinates, referenced to NAD83, must be specified in degrees, minutes, and seconds to the nearest second of latitude and longitude.

(d) *Antenna structure registration.* Owners of certain antenna structures must notify the Federal Aviation Administration and register with the Commission as required by part 17 of this chapter. Applications proposing the use of one or more new or existing antenna structures must contain the FCC Antenna Structure Registration Number(s) of each structure for which registration is required. To facilitate frequency coordination or for other purposes, the Bureau shall accept for filing an application that does not contain the FCC Antenna Structure Registration Number so long as;

(1) The antenna structure owner has filed an antenna structure registration application (FCC Form 854);

(2) The antenna structure owner has provided local notice and the Commission has posted notification of the proposed construction on its Web site pursuant to §17.4(c)(3) and (4) of this chapter; and

(3) The antenna structure owner has obtained a Determination of No Hazard to Aircraft Navigation from the Federal Aviation Administration. In such instances, the applicant shall provide the FCC Form 854 File Number on its application. Once the antenna structure owner has obtained the Antenna Structure Registration Number, the applicant shall amend its application to provide the Antenna Structure Registration Number, and the Commission shall not grant the application before the Antenna Structure Registration Number has been provided. If registration is not required, the applicant must provide information in its application sufficient for the Commission to verify this fact.

(e) *Environmental concerns.* (1) Environmental processing shall be completed pursuant to the process set forth in §17.4(c) of this chapter for any facilities that use one or more new or existing antenna structures for which a new or amended registration is required by part 17 of this chapter. Environmental review by the Commission must be completed prior to construction.

(2) For applications that propose any facilities that are not subject to the process set forth in §17.4(c) of this chapter, the applicant is required to indicate at the time its application is filed whether or not a Commission grant of the application for those facilities may have a significant environmental effect as defined by §1.1307. If the applicant answers affirmatively, an

Environmental Assessment, required by §1.1311 must be filed with the application and environmental review by the Commission must be completed prior to construction.

(f) *International coordination.* Channel assignments and/or usage under this part are subject to the applicable provisions and requirements of treaties and other international agreements between the United States government and the governments of Canada and Mexico.

(g) *Quiet zones.* Each applicant is required to comply with the ''Quiet Zone'' rule (see §1.924).

(h) *Taxpayer Identification Number (TINs).* Wireless applicants and licensees, including all attributable owners of auctionable licenses as defined by §1.2112 of this part, are required to provide their Taxpayer Identification Numbers (TINS) (as defined in 26 U.S.C. 6109) to the Commission, pursuant to the Debt Collection Improvement Act of 1996 (DCIA). Under the DCIA, the FCC may use an applicant or licensee's TIN for purposes of collecting and reporting to the Department of the Treasury any delinquent amounts arising out of such person's relationship with the Government. The Commission will not publicly disclose applicant or licensee TINs unless authorized by law, but will assign a ''public identification number'' to each applicant or licensee registering a TIN. This public identification number will be used for agency purposes other than debt collection.

(i) Unless an exception is set forth elsewhere in this chapter, each applicant must specify an address where the applicant can receive mail delivery by the United States Postal Service. This address will be used by the Commission to serve documents or direct correspondence to the applicant.

[63 FR 68924, Dec. 14, 1998, as amended at 64 FR 53238, Oct. 1, 1999; 77 FR 3952, Jan. 26, 2012]

§1.924 Quiet zones.

Areas implicated by this paragraph are those in which it is necessary to restrict radiation so as to minimize possible impact on the operations of radio astronomy or other facilities that are highly sensitive to interference. Consent throughout this paragraph means written consent from the quiet zone, radio astronomy, research, and receiving installation entity. The areas involved and procedures required are as follows:

(a) *NRAO, NRRO.* The requirements of this paragraph are intended to minimize possible interference at the National Radio Astronomy Observatory site located at Green Bank, Pocahontas County, West Virginia, and at the Naval Radio Research Observatory site at Sugar Grove, Pendleton County, West Virginia.

(1) Applicants and licensees planning to construct and operate a new or modified station at a permanent fixed location within the area bounded by N 39°15′0.4″ on the north, W 78°29′59.0″ on the east, N 37°30′0.4″ on the south, and W 80°29′59.2″ on the west must notify the Director, National Radio Astronomy Observatory, Post Office Box No. 2, Green Bank, West Virginia 24944, in writing, of the technical details of the proposed operation. The notification must include the geographical coordinates of the antenna location, the antenna height, antenna directivity (if any), the channel, the emission type and power.

(2) When an application for authority to operate a station is filed with the FCC, the notification required in paragraph (a)(1) of this section may be made prior to, or simultaneously with the application. The application must state the date that notification in accordance with paragraph (a)(1) of this section was made. After receipt of such applications, the FCC will allow a period of 20 days for comments or objections in response to the notifications indicated. If an applicant submits written consent from the National Radio Astronomy Observatory for itself or on behalf of the Naval Radio Research Observatory, the FCC will process the application without awaiting the conclusion of the 20-day period. For services that do not require individual station authorization, entities that have obtained written consent from the National Radio Astronomy Observatory for itself or on behalf of the Naval Radio Research Observatory may begin to operate new or modified facilities prior to the end of the 20-day period. In instances in which notification has

been made to the National Radio Astronomy Observatory prior to application filing, the applicant must also provide notice to the quiet zone entity upon actual filing of the application with the FCC. Such notice will be made simultaneous with the filing of the application and shall comply with the requirements of paragraph (a)(1) of this section.

(3) If an objection is received during the 20-day period from the National Radio Astronomy Observatory for itself or on behalf of the Naval Radio Research Observatory, the FCC will, after consideration of the record, take whatever action is deemed appropriate.

(b) *Table Mountain.* The requirements of this paragraph are intended to minimize possible interference at the Table Mountain Radio Receiving Zone of the Research Laboratories of the Department of Commerce located in Boulder County, Colorado.

(1) Licensees and applicants planning to construct and operate a new or modified station at a permanent fixed location in the vicinity of Boulder County, Colorado are advised to give consideration, prior to filing applications, to the need to protect the Table Mountain Radio Receiving Zone from interference. To prevent degradation of the present ambient radio signal level at the site, the Department of Commerce seeks to ensure that the field strengths of any radiated signals (excluding reflected signals) received on this 1800 acre site (in the vicinity of coordinates 40°07′49.9″ North Latitude, 105°14′42.0″ West Longitude) resulting from new assignments (other than mobile stations) or from the modification or relocation of existing facilities do not exceed the values given in the following table:

FIELD STRENGTH LIMITS FOR TABLE MOUNTAIN [1]

Frequency range	Field strength (mV/m)	Power flux density (dBW/m^2)
Below 540 kHz	10	−65.8
540 to 1600 kHz	20	−59.8
1.6 to 470 MHz	10	−65.8
470 to 890 MHz	30	−56.2
890 MHz and above	1	−85.8

[1] NOTE: Equivalent values of power flux density are calculated assuming free space characteristic impedance of 376.7Ω (120πΩ).

(2) Advance consultation is recommended, particularly for applicants that have no reliable data to indicate whether the field strength or power flux density figures in the above table would be exceeded by their proposed radio facilities. In general, coordination is recommended for:

(i) Stations located within 2.4 kilometers (1.5 miles) of the Table Mountain Radio Receiving Zone;

(ii) Stations located within 4.8 kilometers (3 miles) transmitting with 50 watts or more effective radiated power (ERP) in the primary plane of polarization in the azimuthal direction of the Table Mountain Radio Receiving Zone;

(iii) Stations located with 16 kilometers (10 miles) transmitting with 1 kW or more ERP in the primary plane of polarization in the azimuthal direction of Table Mountain Radio Receiving Zone;

(iv) Stations located within 80 kilometers (50 miles) transmitting with 25 kW or more ERP in the primary plane of polarization in the azimuthal direction of Table Mountain Receiving Zone.

(3) Applicants concerned are urged to communicate with the Radio Frequency Manager, Department of Commerce, 325 Broadway, Boulder, CO 80305; *Telephone:* 303–497–4619, *Fax:* 303–497–6982, *E-mail: frequencymanager@its.bldrdoc.gov*, in advance of filing their applications with the Commission.

(4) The FCC will not screen applications to determine whether advance consultation has taken place. However, such consultation may avoid the filing of objections from the Department of Commerce or institution of proceedings to modify the authorizations of stations that radiate signals with a field strength or power flux density at the site in excess of those specified herein.

(c) *Federal Communications Commission protected field offices.* The requirements of this paragraph are intended to minimize possible interference to FCC monitoring activities.

(1) Licensees and applicants planning to construct and operate a new or modified station at a permanent fixed location in the vicinity of an FCC protected field office are advised to give

consideration, prior to filing applications, to the need to avoid interfering with the monitoring activities of that office. FCC protected field offices are listed in §0.121 of this chapter.

(2) Applications for stations (except mobile stations) that could produce on any channel a direct wave fundamental field strength of greater than 10 mV/m (-65.8 dBW/m^2 power flux density assuming a free space characteristic impedance of 120π Ω) in the authorized bandwidth at the protected field office may be examined to determine the potential for interference with monitoring activities. After consideration of the effects of the predicted field strength of the proposed station, including the cumulative effects of the signal from the proposed station with other ambient radio field strength levels at the protected field office, the FCC may add a condition restricting radiation toward the protected field office to the station authorization.

(3) In the event that the calculated field strength exceeds 10 mV/m at the protected field office site, or if there is any question whether field strength levels might exceed that level, advance consultation with the FCC to discuss possible measures to avoid interference to monitoring activities should be considered. Prospective applicants may communicate with: Chief, Enforcement Bureau, Federal Communications Commission, Washington, DC 20554.

(4) Advance consultation is recommended for applicants that have no reliable data to indicate whether the field strength or power flux density figure indicated would be exceeded by their proposed radio facilities. In general, coordination is recommended for:

(i) Stations located within 2.4 kilometers (1.5 miles) of the protected field office;

(ii) Stations located within 4.8 kilometers (3 miles) with 50 watts or more average effective radiated power (ERP) in the primary plane of polarization in the azimuthal direction of the protected field offices.

(iii) Stations located within 16 kilometers (10 miles) with 1 kw or more average ERP in the primary plane of polarization in the azimuthal direction of the protected field office;

(iv) Stations located within 80 kilometers (50 miles) with 25 kw or more average ERP in the primary plane of polarization in the azimuthal direction of the protected field office;

(v) Advance coordination for stations transmitting on channels above 1000 MHz is recommended only if the proposed station is in the vicinity of a protected field office designated as a satellite monitoring facility in §0.121 of this chapter.

(vi) The FCC will not screen applications to determine whether advance consultation has taken place. However, such consultation may serve to avoid the need for later modification of the authorizations of stations that interfere with monitoring activities at protected field offices.

(d) *Notification to the Arecibo Observatory.* The requirements in this section are intended to minimize possible interference at the Arecibo Observatory in Puerto Rico. Licensees must make reasonable efforts to protect the Observatory from interference. Licensees planning to construct and operate a new station at a permanent fixed location on the islands of Puerto Rico, Desecheo, Mona, Vieques or Culebra in services in which individual station licenses are issued by the FCC; planning to construct and operate a new station at a permanent fixed location on these islands that may cause interference to the operations of the Arecibo Observatory in services in which individual station licenses are not issued by the FCC; or planning a modification of any existing station at a permanent fixed location on these islands that would increase the likelihood of causing interference to the operations of the Arecibo Observatory must notify the Interference Office, Arecibo Observatory, HC3 Box 53995, Arecibo, Puerto Rico 00612, in writing or electronically (e-mail address: *prcz@naic.edu*), of the technical parameters of the planned operation. Carriers may wish to use the interference guidelines provided by Cornell University as guidance in designing facilities to avoid interference to the Observatory. The notification must include identification of the geographical coordinates of the antenna location (NAD–83 datum), the antenna height, antenna directivity (if any),

proposed channel and FCC Rule Part, type of emission, and effective isotropic radiated power.

(1) In the Amateur radio service:

(i) The provisions of paragraph (d) of this section do not apply to repeaters that transmit on the 1.2 cm or shorter wavelength bands; and

(ii) The coordination provision of paragraph (d) of this section does not apply to repeaters that are located 16 km or more from the Arecibo observatory.

(2) In services in which individual station licenses are issued by the FCC, the notification required in paragraph (d) of this section may be made prior to, or simultaneously with, the filing of the application with the FCC, and at least 20 days in advance of the applicant's planned operation. The application must state the date that notification in accordance with paragraph (d) of this section was made. In services in which individual station licenses are not issued by the FCC, the notification required in paragraph (d) of this section should be sent at least 45 days in advance of the applicant's planned operation. In the latter services, the Interference Office must inform the FCC of a notification by an applicant within 20 days if the Office plans to file comments or objections to the notification. After the FCC receives an application from a service applicant or is informed by the Interference Office of a notification from a service applicant, the FCC will allow the Interference Office a period of 20 days for comments or objections in response to the application or notification. If an applicant submits written consent from the Interference Office, the FCC will process the application without awaiting the conclusion of the 20-day period. For services that do not require individual station authorization, entities that have obtained written consent from the Interference Office may begin to operate new or modified facilities prior to the end of the 20-day period. In instances in which notification has been made to the Interference Office prior to application filing, the applicant must also provide notice to the Interference Office upon actual filing of the application with the FCC. Such notice will be made simultaneous with the filing of the application and shall comply with the requirements of paragraph (d) of this section.

(3) If an objection to any planned service operation is received during the 20-day period from the Interference Office, the FCC will take whatever action is deemed appropriate.

(4) The provisions of paragraph (d) of this section do not apply to operations that transmit on frequencies above 15 GHz.

(e) *420–450 MHz band.* Applicants for pulse-ranging radiolocation systems operating in the 420–450 MHz band along the shoreline of the conterminous United States and Alaska, and for spread spectrum radiolocation systems operating in the 420–435 MHz sub-band within the conterminous United States and Alaska, should not expect to be accommodated if their area of service is within:

(1) Arizona, Florida, or New Mexico;

(2) Those portions of California and Nevada that are south of latitude 37°10′ N.;

(3) That portion of Texas that is west of longitude 104° W.; or

(ix) 160 km of 41°45′ N., 70°32′ W.

(f) *17.7–19.7 GHz band.* The following exclusion areas and coordination areas are established to minimize or avoid harmful interference to Federal Government earth stations receiving in the 17.7–19.7 GHz band:

(1) No application seeking authority for fixed stations, under parts 74, 78, or 101 of this chapter, supporting the operations of Multichannel Video Programming Distributors (MVPD) in the 17.7–17.8 GHz band or to operate in the 17.8–19.7 GHz band for any service will be accepted for filing if the proposed station is located within 20 km (or within 55 km if the modification application is for an outdoor low power operation pursuant to §101.147(r)(14) of this chapter) of Denver, CO (39°43′ N.,

104°46′ W.) or Washington, DC (38°48′ N., 76°52′ W.).

(2) Any application for a new station license to provide MVPD operations in the 17.7–17.8 GHz band or to operate in the 17.8–19.7 GHz band for any service, or for modification of an existing station license in these bands which would change the frequency, power, emission, modulation, polarization, antenna height or directivity, or location of such a station, must be coordinated with the Federal Government by the Commission before an authorization will be issued, if the station or proposed station is located in whole or in part within any of the following areas:

(i) *Denver, CO area:*

Note to §1.924(f): The coordinates cited in this section are specified in terms of the ''North American Datum of 1983 (NAD 83).''

(g) *GOES.* The requirements of this paragraph are intended to minimize harmful interference to Geostationary Operational Environmental Satellite earth stations receiving in the band 1670–1675 MHz, which are located at Wallops Island, Virginia; Fairbanks, Alaska; and Greenbelt, Maryland.

(1) Applicants and licensees planning to construct and operate a new or modified station within the area bounded by a circle with a radius of 100 kilometers (62.1 miles) that is centered on 37°56′44″ N, 75°27′37″ W (Wallops Island) or 64°58′22″ N, 147°30′04″ W (Fairbanks) or within the area bounded by a circle with a radius of 65 kilometers (40.4 miles) that is centered on 39°00′02″ N, 76°50′29″ W (Greenbelt) must notify the National Oceanic and Atmospheric Administration (NOAA) of the proposed operation. For this purpose, NOAA maintains the GOES coordination Web page at *http://www.osd.noaa.gov/radio/frequency.htm*, which provides the technical parameters of the earth stations and the point-of-contact for the notification. The notification shall include the following information: Requested frequency, geographical coordinates of the antenna location, antenna height above mean sea level, antenna directivity, emission type, equivalent isotropically radiated power, antenna make and model, and transmitter make and model.

(2) *Protection.* (i) Wallops Island and Fairbanks. Licensees are required to protect the Wallops Island and Fairbanks sites at all times.

(ii) *Greenbelt.* Licensees are required to protect the Greenbelt site only when it is active. Licensees should coordinate appropriate procedures directly with NOAA for receiving notification of times when this site is active.

(3) When an application for authority to operate a station is filed with the FCC, the notification required in paragraph (f)(1) of this section should be sent at the same time. The application must state the date that notification in accordance with paragraph (f)(1) of this section was made. After receipt of such an application, the FCC will allow a period of 20 days for comments or objections in response to the notification.

(4) If an objection is received during the 20-day period from NOAA, the FCC will, after consideration of the record, take whatever action is deemed appropriate.

NOTE TO §1.924: Unless otherwise noted, all coordinates cited in this section are specified in terms of the North American Datum of 1983 (NAD 83).

§ 1.925 Waivers.

(a) *Waiver requests generally.* The Commission may waive specific requirements of the rules on its own motion or upon request. The fees for such waiver requests are set forth in §1.1102 of this part.

(b) *Procedure and format for filing waiver requests.* (1) Requests for waiver of rules associated with licenses or applications in the Wireless Radio Services must be filed on FCC Form 601, 603, or 605.

(2) Requests for waiver must contain a complete explanation as to why the waiver is desired. If the information necessary to support a waiver request is already on file, the applicant may cross-reference the specific filing where the information may be found.

(3) The Commission may grant a request for waiver if it is shown that:

(i) The underlying purpose of the rule(s) would not be served or would be frustrated by application to the instant case, and that a grant of the requested waiver would be in the public interest; or

(ii) In view of unique or unusual factual circumstances of the instant case, application of the rule(s) would be inequitable, unduly burdensome or contrary to the public interest, or the applicant has no reasonable alternative.

(4) Applicants requiring expedited processing of their request for waiver shall clearly caption their request for waiver with the words ''WAIVER—EXPEDITED ACTION REQUESTED.''

(c) *Action on Waiver Requests.* (i) The Commission, in its discretion, may give public notice of the filing of a waiver request and seek comment from the public or affected parties.

(ii) Denial of a rule waiver request associated with an application renders that application defective unless it contains an alternative proposal that fully complies with the rules, in which event, the application will be processed using the alternative proposal as if the waiver had not been requested. Applications rendered defective may be dismissed without prejudice.

[63 FR 68926, Dec. 14, 1998]

§ 1.926 Application processing; initial procedures.

Applications are assigned file numbers and service codes in order to facilitate processing. Assignment of a file number to an application is for administrative convenience and does not constitute a determination that the application is acceptable for filing. Purpose and service codes appear on the Commission forms.

[63 FR 68927, Dec. 14, 1998]

§ 1.927 Amendment of applications.

(a) Pending applications may be amended as a matter of right if they have not been designated for hearing or listed in a public notice as accepted for filing for competitive bidding, except as provided in paragraphs (b) through (e) of this section.

(b) Applicants for an initial license in auctionable services may amend such applications only in accordance with Subpart Q of this part.

(c) Amendments to non-auction applications that are applied for under Part 101 or that resolve mutual exclusivity may be filed at any time, subject to the requirements of §1.945 of this part.

(d) Any amendment to an application for modification must be consistent with, and must not conflict with, any other application for modification regarding that same station.

(e) Amendments to applications designated for hearing may be allowed by the presiding officer or, when a proceeding is stayed or otherwise pending before the full Commission, may be allowed by the Commission for good cause shown. In such instances, a written petition demonstrating good cause must be submitted and served upon the parties of record.

(f) Amendments to applications are also subject to the service-specific rules in applicable parts of this chapter.

(g) Where an amendment to an application specifies a substantial change in beneficial ownership or control (*de jure* or *de facto*) of an applicant, the applicant must provide an exhibit with the amendment application containing an affirmative, factual showing as set forth in §1.948(i)(2).

(h) Where an amendment to an application constitutes a major change, as defined in §1.929, the amendment shall be treated as a new application for determination of filing date, public notice, and petition to deny purposes.

(i) If a petition to deny or other informal objection has been filed, a copy of any amendment (or other filing) must be served on the petitioner. If the FCC has issued a public notice stating that the application appears to be mutually exclusive with another application (or applications), a copy of any amendment (or other filing) must be served on any such mutually exclusive applicant (or applicants).

(g) Proposed assignments in the space radiocommunication services and proposed assignments to stations in frequency bands allocated coequally to space and terrestrial services above 1 GHz are not treated by these arrangements. Such proposed assignments are subject to the regulatory provisions of the International Radio Regulations.

(h) Assignments proposed in the frequency band 806–890 MHz shall be in accordance with the Canada-United States agreement, dated April 7, 1982.

(i) Any change in transmit antenna location by more than 5 seconds in latitude or longitude for fixed point-to-point facilities (e.g., a 5 second change in latitude, longitude, or both would be minor); any change in coordinates of the center of operation or increase in radius of a circular area of operation, or any expansion in any direction in the latitude or longitude limits of a rectangular area of operation, or any change in any other kind of area operation;

§ 1.931 Application for special temporary authority.

(a) *Wireless Telecommunications Services.* (1) In circumstances requiring immediate or temporary use of station in the Wireless Telecommunications Services, carriers may request special temporary authority (STA) to operate new or modified equipment. Such requests must be filed electronically using FCC Form 601 and must contain complete details about the proposed operation and the circumstances that fully justify and necessitate the grant of STA. Such requests should be filed in time to be received by the Commission at least 10 days prior to the date of proposed operation or, where an extension is sought, 10 days prior to the expiration date of the existing STA. Requests received less than 10 days prior to the desired date of operation may be given expedited consideration only if compelling reasons are given for the delay in submitting the request. Otherwise, such late-filed requests are considered in turn, but action might not be taken prior to the desired date of operation. Requests for STA must be accompanied by the proper filing fee.

(2) Grant without Public Notice. STA may be granted without being listed in a Public Notice, or prior to 30 days after such listing, if:

(i) The STA is to be valid for 30 days or less and the applicant does not plan to file an application for regular authorization of the subject operation;

(ii) The STA is to be valid for 60 days or less, pending the filing of an application for regular authorization of the subject operation;

(iii) The STA is to allow interim operation to facilitate completion of authorized construction or to provide substantially the same service as previously authorized; or

(iv) The STA is made upon a finding that there are extraordinary circumstances requiring operation in the public interest and that delay in the institution of such service would seriously prejudice the public interest.

(3) Limit on STA term. The Commission may grant STA for a period not to exceed 180 days under the provisions of section 309(f) of the Communications Act of 1934, as amended, (47 U.S.C. 309(f)) if extraordinary circumstances so require, and pending the filing of an application for regular operation. The Commission may grant extensions of STA for a period of 180 days, but the applicant must show that extraordinary circumstances warrant such an extension.

(b) *Private Wireless Services.* (1) A licensee of, or an applicant for, a station in the Private Wireless Services may request STA not to exceed 180 days for operation of a new station or operation of a licensed station in a manner which is beyond the scope of that authorized by the existing license. *See* §§ 1.933(d)(6) and 1.939. Where the applicant, seeking a waiver of the 180 day limit, requests STA to operate as a private mobile radio service provider for a period exceeding 180 days, evidence of frequency coordination is required. Requests for shorter periods do not require coordination and, if granted, will be authorized on a secondary, non-interference basis.

(2) STA may be granted in the following circumstances:

(i) In emergency situations;

(ii) To permit restoration or relocation of existing facilities to continue communication service;

(iii) To conduct tests to determine necessary data for the preparation of an application for regular authorization;

(iv) For a temporary, non-recurring service where a regular authorization is not appropriate;

(v) In other situations involving circumstances which are of such extraordinary nature that delay in the institution of temporary operation would seriously prejudice the public interest.

(3) The nature of the circumstance which, in the opinion of the applicant justifies issuance of STA, must be fully described in the request. Applications for STA must be filed at least 10 days prior to the proposed operation. Applications filed less than 10 days prior to

the proposed operation date will be accepted only upon a showing of good cause.

(4) The Commission may grant extensions of STA for a period of 180 days, but the applicant must show that extraordinary circumstances warrant such an extension.

(5) In special situations defined in §1.915(b)(1), a request for STA may be made by telephone or telegraph provided a properly signed application is filed within 10 days of such request.

(6) An applicant for an Aircraft Radio Station License may operate the radio station pending issuance of an Aircraft Radio Station License by the Commission for a period of 90 days under temporary operating authority, evidenced by a properly executed certification made on FCC Form 605.

(7) Unless the Commission otherwise prescribes, a person who has been granted an operator license of Novice, Technician, Technician Plus, General, or Advanced class and who has properly submitted to the administering VEs an application document for an operator license of a higher class, and who holds a CSCE indicating that he/she has completed the necessary examinations within the previous 365 days, is authorized to exercise the rights and privileges of the higher operator class until final disposition of the application or until 365 days following the passing of the examination, whichever comes first.

(8) An applicant for a Ship Radio station license may operate the radio station pending issuance of the ship station authorization by the Commission for a period of 90 days, under a temporary operating authority, evidenced by a properly executed certification made on FCC Form 605.

(9) An applicant for a station license in the Industrial/Business pool (other than an applicant who seeks to provide commercial mobile radio service as defined in Part 20 of this chapter) utilizing an already authorized facility may operate the station for a period of 180 days, under a temporary permit, evidenced by a properly executed certification made on FCC Form 601, after filing an application for a station license together with evidence of frequency coordination, if required, with the Commission. The temporary operation of stations, other than mobile stations, within the Canadian coordination zone will be limited to stations with a maximum of 5 watts effective radiated power and a maximum antenna height of 20 feet (6.1 meters) above average terrain.

(10) An applicant for a radio station license under Part 90, Subpart S, of this chapter (other than an applicant who seeks to provide commercial mobile radio service as defined in part 20 of this chapter) to utilize an already existing Specialized Mobile Radio System (SMR) facility or to utilize an already licensed transmitter may operate the radio station for a period of up to 180 days, under a temporary permit. Such request must be evidenced by a properly executed certification of FCC Form 601 after the filing of an application for station license, provided that the antenna employed by the control station is a maximum of 20 feet (6.1 meters) above a man-made structure (other than an antenna tower) to which it is affixed.

(11) An applicant for an itinerant station license, an applicant for a new private land mobile radio station license in the frequency bands below 470 MHz and in the one-way paging 929–930 MHz band (other than a commercial mobile radio service applicant or licensee on these bands) or an applicant seeking to modify or acquire through assignment or transfer an existing station below 470 MHz or in the one-way paging 929–930 MHz band may operate the proposed station during the pendency of its application for a period of up to 180 days under a conditional permit. Conditional operations may commence upon the filing of a properly completed application that complies with §90.127 if the application, when frequency coordination is required, is accompanied by evidence of frequency coordination in accordance with §90.175 of this chapter. Operation under such a permit is evidenced by the properly executed Form 601 with certifications that satisfy the requirements of §90.159(b).

(12) An applicant for a General Mobile Radio Service system license,

sharing a multiple-licensed or cooperative shared base station used as a mobile relay station, may operate the system for a period of 180 days, under a Temporary Permit, evidenced by a properly executed certification made on FCC Form 605.

§ 1.933 Public notices.

(a) *Generally*. Periodically, the Commission issues Public Notices in the Wireless Radio Services listing information of public significance. Categories of Public Notice listings are as follows:

(1) *Accepted for filing*. Acceptance for filing of applications and major amendments thereto.

(2) *Actions*. Commission actions on pending applications previously listed as accepted for filing.

(3) *Environmental considerations*. Special environmental considerations as required by Part 1 of this chapter.

(4) *Informative listings*. Information that the Commission, in its discretion, believes to be of public significance. Such listings do not create any rights to file petitions to deny or other pleadings.

(b) *Accepted for filing public notices*. The Commission will issue at regular intervals public notices listing applications that have been received by the Commission in a condition acceptable for filing, or which have been returned to an applicant for correction. Any application that has been listed in a public notice as acceptable for filing and is (1) subject to a major amendment, or (2) has been returned as defective or incomplete and resubmitted to the Commission, shall be listed in a subsequent public notice. Acceptance for filing shall not preclude the subsequent dismissal of an application as defective.

(c) *Public notice prior to grant*. Applications for authorizations, major modifications, major amendments to applications, and substantial assignment or transfer applications for the following categories of stations and services shall be placed on Public Notice as accepted for filing prior to grant:

(1) Wireless Telecommunications Services.

(2) Industrial radiopositioning stations for which frequencies are assigned on an exclusive basis.

(3) Aeronautical enroute stations.

(4) Aeronautical advisory stations.

(5) Airport control tower stations.

(6) Aeronautical fixed stations.

(7) Alaska public fixed stations.

(8) Broadband Radio Service; and

(9) Educational Broadband Service.

(d) *No public notice prior to grant*. The following types of applications, notices, and other filings need not be placed on Public Notice as accepted for filing prior to grant:

(1) Applications or notifications concerning minor modifications to authorizations or minor amendments to applications.

(2) Applications or notifications concerning non-substantial (*pro forma*) assignments and transfers.

(3) Consent to an involuntary assignment or transfer under section 310(b) of the Communications Act.

(4) Applications for licenses under section 319(c) of the Communications Act.

(5) Requests for extensions of time to complete construction of authorized facilities.

(6) Requests for special temporary authorization not to exceed 30 days where the applicant does not contemplate the filing of an application for regular operation, or not to exceed 60 days pending or after the filing of an application for regular operation.

(7) Requests for emergency authorizations under section 308(a) of the Communications Act.

(8) Any application for temporary authorization under section 101.31(a) of this chapter.

(9) Any application for authorization in the Private Wireless Services.

[63 FR 68929, Dec. 14, 1998, as amended at 69 FR 72026, Dec. 10, 2004]

§ 1.934 Defective applications and dismissal.

(a) *Dismissal of applications*. The Commission may dismiss any application in the Wireless Radio Services at the request of the applicant; if the application is mutually exclusive with another application that is selected or granted in accordance with the rules in this part; for failure to prosecute or if

the application is found to be defective; if the requested spectrum is not available; or if the application is untimely filed. Such dismissal may be ''without prejudice,'' meaning that the Commission may accept from the applicant another application for the same purpose at a later time, provided that the application is otherwise timely. Dismissal ''with prejudice'' means that the Commission will not accept another application from the applicant for the same purpose for a period of one year. Unless otherwise provided in this part, a dismissed application will not be returned to the applicant.

(1) *Dismissal at request of applicant.* Any applicant may request that its application be withdrawn or dismissed. A request for the withdrawal of an application after it has been listed on Public Notice as tentatively accepted for filing is considered to be a request for dismissal of that application without prejudice.

(i) If the applicant requests dismissal of its application with prejudice, the Commission will dismiss that application with prejudice.

(ii) If the applicant requests dismissal of its application without prejudice, the Commission will dismiss that application without prejudice, unless:

(A) It has been designated for comparative hearing; or

(B) It is an application for which the applicant submitted the winning bid in a competitive bidding process.

(2) If an applicant who is a winning bidder for a license in a competitive bidding process requests dismissal of its short-form or long-form application, the Commission will dismiss that application with prejudice. The applicant will also be subject to default payments under Subpart Q of this part.

(3) An applicant who requests dismissal of its application after that application has been designated for comparative hearing may submit a written petition requesting that the dismissal be without prejudice. Such petition must demonstrate good cause and be served upon all parties of record. The Commission may grant such petition and dismiss the application without prejudice or deny the petition and dismiss the application with prejudice.

(b) *Dismissal of mutually exclusive applications not granted.* The Commission may dismiss mutually exclusive applications:

(1) For which the applicant did not submit the winning bid in a competitive bidding process; or

(2) That receive comparative consideration in a hearing but are not granted by order of the presiding officer.

(c) *Dismissal for failure to prosecute.* The Commission may dismiss applications for failure of the applicant to prosecute or for failure of the applicant to respond substantially within a specified time period to official correspondence or requests for additional information. Such dismissal will generally be without prejudice if the failure to prosecute or respond occurred prior to designation of the application for comparative hearing, but may be with prejudice in cases of non-compliance with §1.945 of this part. Dismissal will generally be with prejudice if the failure to prosecute or respond occurred after designation of the application for comparative hearing. The Commission may dismiss applications with prejudice for failure of the applicant to comply with requirements related to a competitive bidding process.

(d) *Dismissal as defective.* The Commission may dismiss without prejudice an application that it finds to be defective. An application is defective if:

(1) It is unsigned or incomplete with respect to required answers to questions, informational showings, or other matters of a formal character;

(2) It requests an authorization that would not comply with one or more of the Commission's rules and does not contain a request for waiver of these rule(s), or in the event the Commission denies such a waiver request, does not contain an alternative proposal that fully complies with the rules;

(3) The appropriate filing fee has not been paid; or

(4) The FCC Registration Number (FRN) has not been provided.

(5) It requests a vanity call sign and the applicant has pending another vanity call sign application with the same receipt date.

(e) *Dismissal because spectrum not available.* The Commission may dismiss

applications that request spectrum which is unavailable because:

(1) It is not allocated for assignment in the specific service requested;

(2) It was previously assigned to another licensee on an exclusive basis or cannot be assigned to the applicant without causing harmful interference; or

(3) Reasonable efforts have been made to coordinate the proposed facility with foreign administrations under applicable international agreements, and an unfavorable response (harmful interference anticipated) has been received.

(f) *Dismissal as untimely*. The Commission may dismiss without prejudice applications that are premature or late filed, including applications filed prior to the opening date or after the closing date of a filing window, or after the cut-off date for a mutually exclusive application filing group.

(g) *Dismissal for failure to pursue environmental review*. The Commission may dismiss license applications (FCC Form 601) associated with proposed antenna structure(s) subject to §17.4(c) of this chapter, if pending more than 60 days and awaiting submission of an Environmental Assessment or other environmental information from the applicant, unless the applicant has provided an affirmative statement reflecting active pursuit during the previous 60 days of environmental review for the proposed antenna structure(s). To avoid potential dismissal of its license application, the license applicant must provide updates every 60 days unless or until the applicant has submitted the material requested by the Bureau.

[63 FR 68930, Dec. 14, 1998, as amended at 66 FR 47895, Sept. 14, 2001; 71 FR 66461, Nov. 15, 2006; 77 FR 3952, Jan. 26, 2012]

§ 1.935 Agreements to dismiss applications, amendments or pleadings.

Parties that have filed applications that are mutually exclusive with one or more other applications, and then enter into an agreement to resolve the mutual exclusivity by withdrawing or requesting dismissal of the application(s), specific frequencies on the application or an amendment thereto, must obtain the approval of the Commission. Parties that have filed or threatened to file a petition to deny, informal objection or other pleading against an application and then seek to withdraw or request dismissal of, or refrain from filing, the petition, either unilaterally or in exchange for a financial consideration, must obtain the approval of the Commission.

(a) The party withdrawing or requesting dismissal of its application (or specific frequencies on the application), petition to deny, informal objection or other pleading or refraining from filing a pleading must submit to the Commission a request for approval of the withdrawal or dismissal, a copy of any written agreement related to the withdrawal or dismissal, and an affidavit setting forth:

(1) A certification that neither the party nor its principals has received or will receive any money or other consideration in excess of the legitimate and prudent expenses incurred in preparing and prosecuting the application, petition to deny, informal objection or other pleading in exchange for the withdrawal or dismissal of the application, petition to deny, informal objection or other pleading, or threat to file a pleading, except that this provision does not apply to dismissal or withdrawal of applications pursuant to bona fide merger agreements;

(2) The exact nature and amount of any consideration received or promised;

(3) An itemized accounting of the expenses for which it seeks reimbursement; and

(4) The terms of any oral agreement related to the withdrawal or dismissal of the application, petition to deny, informal objection or other pleading, or threat to file a pleading.

(b) In addition, within 5 days of the filing date of the applicant's or petitioner's request for approval, each remaining party to any written or oral agreement must submit an affidavit setting forth:

(1) A certification that neither the applicant nor its principals has paid or will pay money or other consideration in excess of the legitimate and prudent expenses of the petitioner in exchange for withdrawing or dismissing the application, petition to deny, informal objection or other pleading; and

(2) The terms of any oral agreement relating to the withdrawal or dismissal of the application, petition to deny, informal objection or other pleading.

(c) No person shall make or receive any payments in exchange for withdrawing a threat to file or refraining from filing a petition to deny, informal objection, or any other pleading against an application. For the purposes of this section, reimbursement by an applicant of the legitimate and prudent expenses of a potential petitioner or objector, incurred reasonably and directly in preparing to file a petition to deny, will not be considered to be payment for refraining from filing a petition to deny or an informal objection. Payments made directly to a potential petitioner or objector, or a person related to a potential petitioner or objector, to implement non-financial promises are prohibited unless specifically approved by the Commission.

(d) For the purposes of this section:

(1) Affidavits filed pursuant to this section must be executed by the filing party, if an individual; a partner having personal knowledge of the facts, if a partnership; or an officer having personal knowledge of the facts, if a corporation or association.

(2) Each application, petition to deny, informal objection or other pleading is deemed to be pending before the Commission from the time the petition to deny is filed with the Commission until such time as an order or correspondence of the Commission granting, denying or dismissing it is no longer subject to reconsideration by the Commission or to review by any court.

(3) ''Legitimate and prudent expenses'' are those expenses reasonably incurred by a party in preparing to file, filing, prosecuting and/or settling its application, petition to deny, informal objection or other pleading for which reimbursement is sought.

(4) ''Other consideration'' consists of financial concessions, including, but not limited to, the transfer of assets or the provision of tangible pecuniary benefit, as well as non-financial concessions that confer any type of benefit on the recipient.

(e) Notwithstanding the provisions of this section, any payments made or received in exchange for withdrawing a short-form application for a Commission authorization awarded through competitive bidding shall be subject to the restrictions set forth in §1.2105(c) of this chapter.

[63 FR 68931, Dec. 14, 1998]

§ 1.937 Repetitious or conflicting applications.

(a) Where the Commission has, for any reason, dismissed with prejudice or denied any license application in the Wireless Radio Services, or revoked any such license, the Commission will not consider a like or new application involving service of the same kind to substantially the same area by substantially the same applicant, its successor or assignee, or on behalf of or for the benefit of the original parties in interest, until after the lapse of 12 months from the effective date of final Commission action.

(b) [Reserved]

(c) If an appeal has been taken from the action of the Commission dismissing with prejudice or denying any application in the Wireless Radio Services, or if the application is subsequently designated for hearing, a like application for service of the same type to the same area, in whole or in part, filed by that applicant or by its successor or assignee, or on behalf or for the benefit of the parties in interest to the original application, will not be considered until the final disposition of such appeal.

(d) While an application is pending, any subsequent inconsistent or conflicting application submitted by, on behalf of, or for the benefit of the same applicant, its successor or assignee will not be accepted for filing.

[63 FR 68931, Dec. 14, 1998, as amended at 68 FR 25842, May 14, 2003]

§ 1.939 Petitions to deny.

(a) *Who may file.* Any party in interest may file with the Commission a petition to deny any application listed in a Public Notice as accepted for filing, whether as filed originally or upon major amendment as defined in §1.929 of this part.

(1) For auctionable license applications, petitions to deny and related

pleadings are governed by the procedures set forth in §1.2108 of this part.

(2) Petitions to deny for non-auctionable applications that are subject to petitions under §309(d) of the Communications Act must comply with the provisions of this section and must be filed no later than 30 days after the date of the Public Notice listing the application or major amendment to the application as accepted for filing.

(b) *Filing of petitions.* Petitions to deny and related pleadings may be filed electronically via ULS. Manually filed petitions to deny must be filed with the Office of the Secretary, 445 12th Street, SW., Washington, DC 20554. Attachments to manually filed applications may be filed on a standard 3¼″ magnetic diskette formatted to be readable by high density floppy drives operating under MS–DOS (version 3.X or later compatible versions). Each diskette submitted must contain an ASCII text file listing each filename and a brief description of the contents of each file on the diskette. The files on the diskette, other than the table of contents, should be in Adobe Acrobat Portable Document Format (PDF) whenever possible. Petitions to deny and related pleadings must reference the file number of the pending application that is the subject of the petition.

(c) *Service.* A petitioner shall serve a copy of its petition to deny on the applicant and on all other interested parties pursuant to §1.47. Oppositions and replies shall be served on the petitioner and all other interested parties.

(d) *Content.* A petition to deny must contain specific allegations of fact sufficient to make a *prima facie* showing that the petitioner is a party in interest and that a grant of the application would be inconsistent with the public interest, convenience and necessity. Such allegations of fact, except for those of which official notice may be taken, shall be supported by affidavit of a person or persons with personal knowledge thereof.

(e) *Petitions to deny amended applications.* Petitions to deny a major amendment to an application may raise only matters directly related to the major amendment that could not have been raised in connection with the application as originally filed. This paragraph does not apply to petitioners who gain standing because of the major amendment.

(f) *Oppositions and replies.* The applicant and any other interested party may file an opposition to any petition to deny and the petitioner may file a reply thereto in which allegations of fact or denials thereof, except for those of which official notice may be taken, shall be supported by affidavit of a person or persons with personal knowledge thereof. Time for filing of oppositions and replies is governed by §1.45 of this part for non-auctionable services and §1.2108 of this part for auctionable services.

(g) *Dismissal of petition.* The Commission may dismiss any petition to deny that does not comply with the requirements of this section if the issues raised become moot, or if the petitioner or his/her attorney fails to appear at a settlement conference pursuant to §1.956 of this part. The reasons for the dismissal will be stated in the dismissal letter or order. When a petition to deny is dismissed, any related responsive pleadings are also dismissed

(h) *Grant of petitioned application.* If a petition to deny has been filed and the Commission grants the application, the Commission will dismiss or deny the petition by issuing a concise statement of the reason(s) for dismissing or denying the petition, disposing of all substantive issues raised in the petition.

[63 FR 68931, Dec. 14, 1998, as amended at 64 FR 53240, Oct. 1, 1999; 70 FR 61058, Oct. 20, 2005; 71 FR 15619, Mar. 29, 2006; 74 FR 68544, Dec. 28, 2009]

§1.945 License grants.

(a) *License grants—auctionable license applications.* Procedures for grant of licenses that are subject to competitive bidding under section 309(j) of the Communications Act are set forth in §§1.2108 and 1.2109 of this part.

(b) *License grants—non-auctionable license applications.* No application that is not subject to competitive bidding under §309(j) of the Communications Act will be granted by the Commission prior to the 31st day following the issuance of a Public Notice of the acceptance for filing of such application or of any substantial amendment

thereof, unless the application is not subject to §309(b) of the Communications Act.

(c) *Grant without hearing.* In the case of both auctionable license applications and non-mutually exclusive non-auctionable license applications, the Commission will grant the application without a hearing if it is proper upon its face and if the Commission finds from an examination of such application and supporting data, any pleading filed, or other matters which it may officially notice, that:

(1) There are no substantial and material questions of fact;

(2) The applicant is legally, technically, financially, and otherwise qualified;

(3) A grant of the application would not involve modification, revocation, or non-renewal of any other existing license;

(4) A grant of the application would not preclude the grant of any mutually exclusive application; and

(5) A grant of the application would serve the public interest, convenience, and necessity.

(d) *Grant of petitioned applications.* The FCC may grant, without a formal hearing, an application against which petition(s) to deny have been filed. If any petition(s) to deny are pending (*i.e.*, have not been dismissed or withdrawn by the petitioner) when an application is granted, the FCC will deny the petition(s) and issue a concise statement of the reason(s) for the denial, disposing of all substantive issues raised in the petitions.

(e) *Partial and conditional grants.* The FCC may grant applications in part, and/or subject to conditions other than those normally applied to authorizations of the same type. When the FCC does this, it will inform the applicant of the reasons therefor. Such partial or conditional grants are final unless the FCC revises its action in response to a petition for reconsideration. Such petitions for reconsideration must be filed by the applicant within thirty days after the date of the letter or order stating the reasons for the partial or conditional grant, and must reject the partial or conditional grant and return the instrument of authorization.

(f) *Designation for hearing.* If the Commission is unable to make the findings prescribed in subparagraph (c), it will formally designate the application for hearing on the grounds or reasons then obtaining and will notify the applicant and all other known parties in interest of such action.

(1) Orders designating applications for hearing will specify with particularity the matters in issue.

(2) Parties in interest, if any, who are not notified by the Commission of its action in designating a particular application for hearing may acquire the status of a party to the proceeding by filing a petition for intervention showing the basis of their interest not more than 30 days after publication in the FEDERAL REGISTER of the hearing issues or any substantial amendment thereto.

(3) The applicant and all other parties in interest shall be permitted to participate in any hearing subsequently held upon such applications. Hearings may be conducted by the Commission or by the Chief of the Wireless Telecommunications Bureau, or, in the case of a question which requires oral testimony for its resolution, an Administrative Law Judge. The burden of proceeding with the introduction of evidence and burden of proof shall be upon the applicant, except that with respect to any issue presented by a petition to deny or a petition to enlarge the issues, such burdens shall be as determined by the Commission or the Chief of the Wireless Telecommunications Bureau.

§1.946 Construction and coverage requirements.

(a) *Construction and commencement of service requirements.* For each of the Wireless Radio Services, requirements for construction and commencement of service or commencement of operations are set forth in the rule part governing the specific service. For purposes of this section, the period between the date of grant of an authorization and the date of required commencement of service or operations is referred to as the construction period.

(b) *Coverage and substantial service requirements.* In certain Wireless Radio

Services, licensees must comply with geographic coverage requirements or substantial service requirements within a specified time period. These requirements are set forth in the rule part governing each specific service. For purposes of this section, the period between the date of grant of an authorization and the date that a particular degree of coverage or substantial service is required is referred to as the coverage period.

(c) *Termination of authorizations.* If a licensee fails to commence service or operations by the expiration of its construction period or to meet its coverage or substantial service obligations by the expiration of its coverage period, its authorization terminates automatically (in whole or in part as set forth in the service rules), without specific Commission action, on the date the construction or coverage period expires.

(d) *Licensee notification of compliance.* A licensee who commences service or operations within the construction period or meets its coverage or substantial services obligations within the coverage period must notify the Commission by filing FCC Form 601. The notification must be filed within 15 days of the expiration of the applicable construction or coverage period. Where the authorization is site-specific, if service or operations have begun using some, but not all, of the authorized transmitters, the notification must show to which specific transmitters it applies.

(e) *Requests for extension of time.* Licensees may request to extend a construction period or coverage period by filing FCC Form 601. The request must be filed before the expiration of the construction or coverage period.

(1) An extension request may be granted if the licensee shows that failure to meet the construction or coverage deadline is due to involuntary loss of site or other causes beyond its control.

(2) Extension requests will not be granted for failure to meet a construction or coverage deadline due to delays caused by a failure to obtain financing, to obtain an antenna site, or to order equipment in a timely manner. If the licensee orders equipment within 90 days of its initial license grant, a presumption of diligence is established.

(3) Extension requests will not be granted for failure to meet a construction or coverage deadline because the licensee undergoes a transfer of control or because the licensee intends to assign the authorization. The Commission will not grant extension requests solely to allow a transferee or assignee to complete facilities that the transferor or assignor failed to construct.

(4) The filing of an extension request does not automatically extend the construction or coverage period unless the request is based on involuntary loss of site or other circumstances beyond the licensee's control, in which case the construction period is automatically extended pending disposition of the extension request.

(5) A request for extension of time to construct a particular transmitter or other facility does not extend the construction period for other transmitters and facilities under the same authorization.

§ 1.947 Modification of licenses.

(a) All major modifications, as defined in §1.929 of this part, require prior Commission approval. Applications for major modifications also shall be treated as new applications for determination of filing date, Public Notice, and petition to deny purposes.

(b) Licensees may make minor modifications to station authorizations, as defined in §1.929 of this part (other than pro forma transfers and assignments), as a matter of right without prior Commission approval. Where other rule parts permit licensees to make permissive changes to technical parameters without notifying the Commission (e.g., adding, modifying, or deleting internal sites), no notification is required. For all other types of minor modifications (e.g., name, address, point of contact changes), licensees must notify the Commission by filing FCC Form 601 within thirty (30) days of implementing any such changes.

(c) Multiple pending modification applications requesting changes to the same or related technical parameters

on an authorization are not permitted. If a modification application is pending, any additional changes to the same or related technical parameters may be requested only in an amendment to the pending modification application.

(d) Any proposed modification that requires a fee as set forth at part 1, subpart G, of this chapter must be filed in accordance with §1.913.

[63 FR 68933, Dec. 14, 1998, as amended at 64 FR 53240, Oct. 1, 1999]

§1.948 Assignment of authorization or transfer of control, notification of consummation.

(a) *General.* Except as provided in this section, authorizations in the Wireless Radio Services may be assigned by the licensee to another party, voluntarily or involuntarily, directly or indirectly, or the control of a licensee holding such authorizations may be transferred, only upon application to and approval by the Commission.

(b) *Limitations on transfers and assignments.* (1) A change from less than 50% ownership to 50% or more ownership shall always be considered a transfer of control.

(2) In other situations a controlling interest shall be determined on a case-by-case basis considering the distribution of ownership, and the relationships of the owners, including family relationships.

(3) Designated Entities, as defined in §1.2110(a) of this part, must comply with §§1.2110 and 1.2111 of this part when seeking to assign or transfer control of an authorization.

(4) Stations must meet all applicable requirements regarding transfers and assignments contained in the rules pertaining to the specific service in which the station is licensed.

(5) Licenses, permits, and authorizations for stations in the Amateur, Ship, Commercial Operator and Personal Radio Services (except 218–219 MHz Service) may not be assigned or transferred, unless otherwise stated.

(c) *Application required.* In the case of an assignment of authorization or transfer of control, the assignor must file an application for approval of the assignment on FCC Form 603. If the assignee or transferee is subject to the ownership reporting requirements of §1.2112, the assignee or transferee must also file an updated FCC Form 602 or certify that a current FCC Form 602 is on file.

(1) In the case of a non-substantial (*pro forma*) transfer or assignment involving a telecommunications carrier, as defined in §153(44) of the Communications Act, filing of the Form 603 and Commission approval in advance of the proposed transaction is not required, provided that:

(i) the affected license is not subject to unjust enrichment provisions under subpart Q of this part;

(ii) the transfer or assignment does not involve a proxy contest; and

(iii) the transferee or assignee provides notice of the transaction by filing FCC Form 603 within 30 days of its completion, and provides any necessary updates of ownership information on FCC Form 602.

(2) In the case of an involuntary assignment or transfer, FCC Form 603 must be filed no later than 30 days after the event causing the involuntary assignment or transfer.

(d) *Notification of consummation.* In all Wireless Radio Services, licensees are required to notify the Commission of consummation of an approved transfer or assignment using FCC Form 603. The assignee or transferee is responsible for providing this notification, including the date the transaction was consummated. For transfers and assignments that require prior Commission approval, the transaction must be consummated and notification provided to the Commission within 180 days of public notice of approval, and notification of consummation must occur no later than 30 days after actual consummation, unless a request for an extension of time to consummate is filed on FCC Form 603 prior to the expiration of this 180-day period. For transfers and assignments that do not require prior Commission approval, notification of consummation must be provided on FCC Form 603 no later than 30 days after consummation, along with any necessary updates of ownership information on FCC Form 602.

(e) *Partial assignment of authorization.* If the authorization for some, but not all, of the facilities of a radio station

in the Wireless Radio Services is assigned to another party, voluntarily or involuntarily, such action is a partial assignment of authorization. To request Commission approval of a partial assignment of authorization, the assignor must notify the Commission on FCC Form 603 of the facilities that will be deleted from its authorization upon consummation of the assignment.

(f) *Partitioning and disaggregation.* Where a licensee proposes to partition or disaggregate a portion of its authorization to another party, the application will be treated as a request for partial assignment of authorization. The assignor must notify the Commission on FCC Form 603 of the geographic area or spectrum that will be deleted from its authorization upon consummation of the assignment.

(g) *Involuntary transfer and assignment.* In the event of the death or legal disability of a permittee or licensee, a member of a partnership, or a person directly or indirectly in control of a corporation which is a permittee or licensee, the Commission shall be notified promptly of the occurrence of such death or legal disability. Within 30 days after the occurrence of such death or legal disability (except in the case of a ship or amateur station), an application shall be filed for consent to involuntary assignment of such permit or license, or for involuntary transfer of control of such corporation, to a person or entity legally qualified to succeed to the foregoing interests under the laws of the place having jurisdiction over the estate involved. The procedures and forms to be used are the same procedures and forms as those specified in paragraph (b) of this section. In the case of Ship, aircraft, Commercial Operator, Amateur, and Personal Radio Services (except for 218–219 MHz Service) involuntary assignment of licenses will not be granted; such licenses shall be surrendered for cancellation upon the death or legal disability of the licensee. Amateur station call signs assigned to the station of a deceased licensee shall be available for reassignment pursuant to §97.19 of this chapter.

(h) *Disclosure requirements.* Applicants for transfer or assignment of licenses in auctionable services must comply with the disclosure requirements of §§1.2111 and 1.2112 of this part.

(i) *Trafficking.* Applications for approval of assignment or transfer may be reviewed by the Commission to determine if the transaction is for purposes of trafficking in service authorizations.

(1) Trafficking consists of obtaining or attempting to obtain an authorization for the principal purpose of speculation or profitable resale of the authorization rather than for the provision of telecommunication services to the public or for the licensee's own private use.

(2) The Commission may require submission of an affirmative, factual showing, supported by affidavit of persons with personal knowledge thereof, to demonstrate that the assignor did not acquire the authorization for the principal purpose of speculation or profitable resale of the authorization. This showing may include, for example, a demonstration that the proposed assignment is due to changed circumstances (described in detail) affecting the licensee after the grant of the authorization, or that the proposed assignment is incidental to a sale of other facilities or a merger of interests.

(j) *Processing of applications.* Applications for assignment of authorization or transfer of control relating to the Wireless Radio Services will be processed pursuant either to general approval procedures or the immediate approval procedures, as discussed herein.

(1) *General approval procedures.* Applications will be processed pursuant to the general approval procedures set forth in this paragraph unless they are submitted and qualify for the immediate approval procedures set forth in paragraph (j)(2) of this section.

(i) To be accepted for filing under these general approval procedures, the application must be sufficiently complete and contain all necessary information and certifications requested on the applicable form, FCC Form 603, including any information and certifications (including those of the proposed assignee or transferee relating to eligibility, basic qualifications, and foreign ownership) required by the

rules of this chapter and any rules pertaining to the specific service for which the application is filed, and must include payment of the required application fee(s) (*see* §1.1102).

(ii) Once accepted for filing, the application will be placed on public notice, except no prior public notice will be required for applications involving authorizations in the Private Wireless Services, as specified in §1.933(d)(9).

(iii) Petitions to deny filed in accordance with section 309(d) of the Communications Act must comply with the provisions of §1.939, except that such petitions must be filed no later than 14 days following the date of the public notice listing the application as accepted for filing.

(iv) No later than 21 days following the date of the public notice listing an application as accepted for filing, the Wireless Telecommunications Bureau (Bureau) will affirmatively consent to the application, deny the application, or determine to subject the application to further review. For applications for which no prior public notice is required, the Bureau will affirmatively consent to the application, deny the application, or determine to subject the application to further review no later than 21 days following the date on which the application has been filed, if filed electronically, and any required application fee has been paid (*see* §1.1102); if filed manually, the Bureau will affirmatively consent to the application, deny the application, or determine to subject the application to further review no later than 21 days after the necessary data in the manually filed application is entered into ULS.

(v) If the Bureau determines to subject the application to further review, it will issue a public notice so indicating. Within 90 days following the date of that public notice, the Bureau will either take action upon the application or provide public notice that an additional 90-day period for review is needed.

(vi) Consent to the application is not deemed granted until the Bureau affirmatively acts upon the application.

(vii) Grant of consent to the application will be reflected in a public notice (see §1.933(a)) promptly issued after the grant.

(viii) If any petition to deny is filed, and the Bureau grants the application, the Bureau will deny the petition(s) and issue a concise statement of the reason(s) for denial, disposing of all substantive issues raised in the petition(s).

(2) *Immediate approval procedures.* Applications that meet the requirements of paragraph (j)(2)(i) of this section qualify for the immediate approval procedures.

(i) To qualify for the immediate approval procedures, the application must be sufficiently complete, contain all necessary information and certifications (including those relating to eligibility, basic qualifications, and foreign ownership), and include payment of the requisite application fee(s), as required for an application processed under the general approval procedures set forth in paragraph (j)(1) of this section, and also must establish, through certifications, that the following additional qualifications are met:

(A) The license does not involve spectrum licensed in a Wireless Radio Service that may be used to provide interconnected mobile voice and/or data services under the applicable service rules and that would, if assigned or transferred, create a geographic overlap with spectrum in any licensed Wireless Radio Service (including the same service) in which the proposed assignee or transferee already holds a direct or indirect interest of 10% or more (*see* §1.2112), either as a licensee or a spectrum lessee, and that could be used by the assignee or transferee to provide interconnected mobile voice and/or data services;

(B) The licensee is not a designated entity or entrepreneur subject to unjust enrichment requirements and/or transfer restrictions under applicable Commission rules (*see* §§1.2110 and 1.2111, and §§24.709, 24.714, and 24.839 of this chapter); and,

(C) The assignment or transfer of control does not require a waiver of, or declaratory ruling pertaining to, any applicable Commission rules, and there is no pending issue as to whether the license is subject to revocation, cancellation, or termination by the Commission.

(ii) Provided that the application establishes that it meets all of the requisite elements to qualify for these immediate approval procedures, consent to the assignment or transfer of control will be reflected in ULS. If the application is filed electronically, consent will be reflected in ULS on the next business day after the filing of the application; if filed manually, consent will be reflected in ULS on the next business day after the necessary data in the manually filed application is entered into ULS. Consent to the application is not deemed granted until the Bureau affirmatively acts upon the application.

(iii) Grant of consent to the application under these immediate approval procedures will be reflected in a public notice (*see* §1.933(a)) promptly issued after the grant, and is subject to reconsideration (*see* §§1.106(f), 1.108, 1.113).

§1.949 Application for renewal of license.

(a) Applications for renewal of authorizations in the Wireless Radio Services must be filed no later than the expiration date of the authorization for which renewal is sought, and no sooner than 90 days prior to expiration. Renewal applications must be filed on the same form as applications for initial authorization in the same service, *i.e.*, FCC Form 601 or 605. Additional renewal requirements applicable to specific services are set forth in the subparts governing those services.

(b) Licensees with multiple authorizations in the same service may request a common day and month on which such authorizations expire for renewal purposes. License terms may be shortened by up to one year but will not be extended to accommodate the applicant's selection.

[63 FR 68934, Dec. 14, 1998, as amended at 78 FR 8265, Feb. 5, 2013; 79 FR 32404, June 4, 2014]

§1.951 Duty to respond to official communications.

Licensees or applicants in the Wireless Radio Services receiving official notice of an apparent or actual violation of a federal statute, international agreement, Executive Order, or regulation pertaining to communications shall respond in writing within 10 days to the office of the FCC originating the notice, unless otherwise specified. Responses to official communications must be complete and self-contained without reference to other communications unless copies of such other communications are attached to the response. Licensees or applicants may respond via ULS.

§1.955 Termination of authorizations.

(a) Authorizations in general remain valid until terminated in accordance with this section, except that the Commission may revoke an authorization pursuant to section 312 of the Communications Act of 1934, as amended. *See* 47 U.S.C. 312.

(1) *Expiration.* Authorizations automatically terminate, without specific Commission action, on the expiration date specified therein, unless a timely application for renewal is filed. *See* §1.949 of this part. No authorization granted under the provisions of this part shall be for a term longer than ten years, except to the extent a longer term is authorized under §27.13 of part 27 of this chapter.

(2) *Failure to meet construction or coverage requirements.* Authorizations automatically terminate (in whole or in part as set forth in the service rules), without specific Commission action, if the licensee fails to meet applicable construction or coverage requirements. *See* §1.946(c).

(3) *Service discontinued.* Authorizations automatically terminate, without specific Commission action, if service is permanently discontinued. The

Commission authorization or the individual service rules govern the definition of permanent discontinuance for purposes of this section. A licensee who discontinues operations shall notify the Commission of the discontinuance of operations by submitting FCC Form 601 or 605 requesting license cancellation.

(b) Special temporary authority (STA) automatically terminates without specific Commission action upon failure to comply with the terms and conditions therein, or at the end of the period specified therein, unless a timely request for an extension of the STA term is filed in accordance with §1.931 of this part. If a timely filed request for extension of the STA term is dismissed or denied, the STA automatically terminates, without specific Commission action, on the day after the applicant or the applicant's attorney is notified of the Commission's action dismissing or denying the request for extension.

(c) Authorizations submitted by licensees for cancellation terminate when the Commission gives Public Notice of such action.

EDITORIAL NOTE: At 64 FR 53240, Oct. 1, 1999, §1.955 was amended by revising the last sentence of paragraph (b)(2) to read ''*See* §1.946(c) of this part.'', effective Nov. 30, 1999. However, paragraph (b)(2) does not exist in the 1998 volume.

§1.956 Settlement conferences.

Parties are encouraged to use alternative dispute resolution procedures to settle disputes. *See* subpart E of this part. In any contested proceeding, the Commission, in its discretion, may direct the parties or their attorneys to appear before it for a conference.

(a) The purposes of such conferences are:

(1) To obtain admissions of fact or stipulations between the parties as to any or all of the matters in controversy;

(2) To consider the necessity for or desirability of amendments to the pleadings, or of additional pleadings or evidentiary submissions;

(3) To consider simplification or narrowing of the issues;

(4) To encourage settlement of the matters in controversy by agreement between the parties; and

(5) To consider other matters that may aid in the resolution of the contested proceeding.

(b) Conferences are scheduled by the Commission at a time and place it may designate, to be conducted in person or by telephone conference call.

(c) The failure of any party or attorney, following reasonable notice, to appear at a scheduled conference will be deemed a failure to prosecute, subjecting that party's application or petition to dismissal by the Commission.

§1.957 Procedure with respect to amateur radio operator license.

Each candidate for an amateur radio license which requires the applicant to pass one or more examination elements must present the Volunteer Examiners (VEs) with a properly completed FCC Form 605 prior to the examination. Upon completion of the examination, the VEs will grade the test papers. If the applicant is successful, the VEs will forward the candidate's application to a Volunteer-Examiner Coordinator (VEC). The VEs will then issue a certificate for sucessful completion of an amateur radio operator examination. The VEC will forward the application to the Commission's Gettysburg, Pennsylvania, facility.

§1.958 Distance computation.

The method given in this section must be used to compute the distance between any two locations, except that, for computation of distance involving stations in Canada and Mexico, methods for distance computation specified in the applicable international agreement, if any, must be used instead. The result of a distance calculation under parts 21 and 101 of this chapter must be rounded to the nearest tenth of a kilometer. The method set forth in this paragraph is considered to be sufficiently accurate for distances not exceeding 475 km (295 miles).

(a) Convert the latitudes and longitudes of each reference point from degree-minute-second format to degree-decimal format by dividing minutes by 60 and seconds by 3600, then adding the results to degrees.

$$LATX_{dd} = DD + \frac{MM}{60} + \frac{SS}{3600}$$

$$LONX_{dd} = DDD + \frac{MM}{60} + \frac{SS}{3600}$$

(b) Calculate the mean geodetic latitude between the two reference points by averaging the two latitudes:

$$ML = \frac{LAT1_{dd} + LAT2_{dd}}{2}$$

(c) Calculate the number of kilometers per degree latitude difference for the mean geodetic latitude calculated in paragraph (b) of this section as follows:

KPD_{lat} = 111.13209 − 0.56605 cos 2ML + 0.00120 cos 4ML

(d) Calculate the number of kilometers per degree of longitude difference for the mean geodetic latitude calculated in paragraph (b) of this section as follows:

KPD_{lon} = 111.41513 cos ML − 0.09455 cos 3ML + 0.00012 cos 5ML

(e) Calculate the North-South distance in kilometers as follows:

$NS = KPD_{lat} \times (LAT1_{dd} - LAT2_{dd})$

(f) Calculate the East-West distance in kilometers as follows:

$EW = KPD_{lon} \times (LON1_{dd} - LON2_{dd})$

(g) Calculate the distance between the locations by taking the square root of the sum of the squares of the East-West and North-South distances:

$$DIST = \sqrt{NS^2 + EW^2}$$

(h) Terms used in this section are defined as follows:

(1) $LAT1_{dd}$ and $LON1_{dd}$ are the coordinates of the first location in degree-decimal format.

(2) $LAT2_{dd}$ and $LON2_{dd}$ are the coordinates of the second location in degree-decimal format.

(3) ML is the mean geodetic latitude in degree-decimal format.

(4) KPD_{lat} is the number of kilometers per degree of latitude at a given mean geodetic latitude.

(5) KPD_{lon} is the number of kilometers per degree of longitude at a given mean geodetic latitude.

(6) NS is the North-South distance in kilometers.

(7) EW is the East-West distance in kilometers.

(8) DIST is the distance between the two locations, in kilometers.

§ 1.959 Computation of average terrain elevation.

Except as otherwise specified in § 90.309(a)(4) of this chapter, average terrain elevation must be calculated by computer using elevations from a 30 second point or better topographic data file. The file must be identified. If a 30 second point data file is used, the elevation data must be processed for intermediate points using interpolation techniques; otherwise, the nearest point may be used. In cases of dispute, average terrain elevation determinations can also be done manually, if the results differ significantly from the computer derived averages.

(a) Radial average terrain elevation is calculated as the average of the elevation along a straight line path from 3 to 16 kilometers (2 and 10 miles) extending radially from the antenna site. If a portion of the radial path extends over foreign territory or water, such portion must not be included in the computation of average elevation unless the radial path again passes over United States land between 16 and 134 kilometers (10 and 83 miles) away from the station. At least 50 evenly spaced data points for each radial should be used in the computation.

(b) Average terrain elevation is the average of the eight radial average terrain elevations (for the eight cardinal radials).

(c) For locations in Dade and Broward Counties, Florida, the method prescribed above may be used or average terrain elevation may be assumed to be 3 meters (10 feet).

REPORTS TO BE FILED WITH THE COMMISSION

§ 1.981 Reports, annual and semi-annual.

Where required by the particular service rules, licensees who have entered into agreements with other persons for the cooperative use of radio station facilities must submit annually an audited financial statement reflecting the nonprofit cost-sharing nature of the arrangement to the Commission's offices in Washington, DC or alternatively may be sent to the Commission electronically via the ULS, no later than three months after the close of the licensee's fiscal year.

FOREIGN OWNERSHIP OF COMMON CARRIER, AERONAUTICAL EN ROUTE, AND AERONAUTICAL FIXED RADIO STATION LICENSEES

SOURCE: 78 FR 41321, July 10, 2013, as amended at 78 FR 44028, July 23, 2013, unless otherwise noted.

§ 1.990 Citizenship and filing requirements under the Communications Act of 1934.

These rules establish the requirements and conditions for obtaining the Commission's prior approval of foreign ownership in common carrier, aeronautical en route, and aeronautical fixed radio station licensees and common carrier spectrum lessees that would exceed the 25 percent benchmark in section 310(b)(4) of the Communications Act of 1934, as amended (47 U.S.C. 310(b)(4)). These rules also establish the requirements and conditions for obtaining the Commission's prior approval of foreign ownership in common carrier (but not aeronautical en route or aeronautical fixed) radio station licensees and spectrum lessees that would exceed the 20 percent limit in section 310(b)(3) of the Act (47 U.S.C. 310(b)(3)).

(a)(1) A common carrier, aeronautical en route or aeronautical fixed radio station licensee or common carrier spectrum lessee shall file a petition for declaratory ruling to obtain Commission approval under section 310(b)(4) of the Act, and obtain such approval, before the aggregate foreign ownership of any controlling, U.S.-organized parent company exceeds, directly and/or indirectly, 25 percent of the U.S. parent's equity interests and/or 25 percent of its voting interests. An applicant for a common carrier, aeronautical en route or aeronautical fixed radio station license or common carrier spectrum leasing arrangement shall file the petition for declaratory ruling required by this paragraph at the same time that it files its application.

NOTE TO PARAGRAPH (a)(1): Paragraph (a)(1) of this section implements the Commission's foreign ownership policies under section 310(b)(4) of the Act (47 U.S.C. 310(b)(4)), for common carrier, aeronautical en route, and aeronautical fixed radio station licensees and common carrier spectrum lessees. It applies to foreign equity and/or voting interests that are held, or would be held, directly and/or indirectly in a U.S.-organized entity that itself directly or indirectly controls a common carrier, aeronautical en route, or aeronautical fixed radio station licensee or common carrier spectrum lessee. A foreign individual or entity that seeks to hold a controlling interest in such a licensee or spectrum lessee must hold its controlling interest indirectly, in a U.S.-organized entity that itself directly or indirectly controls the licensee or spectrum lessee. Such controlling interests are subject to section 310(b)(4) and the requirements of paragraph (a)(1) of this section. The Commission assesses foreign ownership interests subject to section 310(b)(4) separately from foreign ownership interests subject to section 310(b)(3).

(2) A common carrier radio station licensee or spectrum lessee shall file a petition for declaratory ruling to obtain approval under the Commission's section 310(b)(3) forbearance approach, and obtain such approval, before aggregate foreign ownership, held through one or more intervening U.S.-organized entities that hold non-controlling equity and/or voting interests in the licensee, along with any foreign interests held directly in the licensee or spectrum lessee, exceeds 20 percent of its equity interests and/or 20 percent of its voting interests. An applicant for a common carrier radio station license or spectrum leasing arrangement shall file the petition for declaratory ruling required by this paragraph at the same

time that it files its application. Foreign interests held directly in a licensee or spectrum lessee, or other than through U.S.-organized entities that hold non-controlling equity and/or voting interests in the licensee or spectrum lessee, shall not be permitted to exceed 20 percent.

NOTE TO PARAGRAPH (a)(2): Paragraph (a)(2) of this section implements the Commission's section 310(b)(3) forbearance approach adopted in the First Report and Order in IB Docket No. 11–133, FCC 12–93 (released August 17, 2012), 77 FR 50628 (Aug. 22, 2012). The section 310(b)(3) forbearance approach applies only to foreign equity and voting interests that are held, or would be held, in a common carrier licensee or spectrum lessee through one or more intervening U.S.-organized entities that do not control the licensee or spectrum lessee. Foreign equity and/or voting interests that are held, or would be held, directly in a licensee or spectrum lessee, or indirectly other than through an intervening U.S.-organized entity, are not subject to the Commission's section 310(b)(3) forbearance approach and shall not be permitted to exceed the 20 percent limit in section 310(b)(3) of the Act (47 U.S.C. 310(b)(3)).

Example 1. U.S.-organized Corporation A is preparing an application to acquire a common carrier radio license by assignment from another licensee. U.S.-organized Corporation A is wholly owned and controlled by U.S.-organized Corporation B. U.S.-organized Corporation B is 51 percent owned and controlled by U.S.-organized Corporation C, which is, in turn, wholly owned and controlled by foreign-organized Corporation D. The remaining non-controlling 49 percent equity and voting interests in U.S.-organized Corporation B are held by U.S.-organized Corporation X, which is, in turn, wholly owned and controlled by U.S. citizens. Paragraph (a)(1) of this section requires that U.S.-organized Corporation A file a petition for declaratory ruling to obtain Commission approval of the 51 percent foreign ownership of its controlling, U.S.-organized parent, Corporation B, by foreign-organized Corporation D, which exceeds the 25 percent benchmark in section 310(b)(4) of the Act for both equity interests and voting interests. Corporation A is also required to identify and request specific approval in its petition for any foreign individual or entity, or ''group,'' as defined in paragraph (d) of this section, that holds directly and/or indirectly more than five percent of Corporation B's total outstanding capital stock (equity) and/or voting stock, or a controlling interest in Corporation B, unless the foreign investment is exempt under §1.991(i)(3).

Example 2. U.S.-organized Corporation A is preparing an application to acquire a common carrier radio license by assignment from another licensee. U.S.-organized Corporation A is 51 percent owned and controlled by U.S.-organized Corporation B, which is, in turn, wholly owned and controlled by U.S. citizens. The remaining non-controlling 49 percent equity and voting interests in U.S.-organized Corporation A are held by U.S.-organized Corporation X, which is, in turn, wholly owned and controlled by foreign-organized Corporation Y. Paragraph (a)(2) of this section requires that U.S.-organized Corporation A file a petition for declaratory ruling to obtain Commission approval of the non-controlling 49 percent foreign ownership of U.S.-organized Corporation A by foreign-organized Corporation Y through U.S.-organized Corporation X, which exceeds the 20 percent limit in section 310(b)(3) of the Act for both equity interests and voting interests. U.S.-organized Corporation A is also required to identify and request specific approval in its petition for any foreign individual or entity, or ''group,'' as defined in paragraph (d) of this section, that holds an equity and/or voting interest in foreign-organized Corporation Y that, when multiplied by 49 percent, would exceed five percent of U.S.-organized Corporation A's equity and/or voting interests, unless the foreign investment is exempt under §1.991(i)(3).

Example 3. U.S.-organized Corporation A is preparing an application to acquire a common carrier radio license by assignment from another licensee. U.S.-organized Corporation A is 51 percent owned and controlled by U.S.-organized Corporation B, which is, in turn, wholly owned and controlled by foreign-organized Corporation C. The remaining non-controlling 49 percent equity and voting interests in U.S.-organized Corporation A are held by U.S.-organized Corporation X, which is, in turn, wholly owned and controlled by foreign-organized Corporation Y. Paragraphs (a)(1) and (2) of this section require that U.S.-organized Corporation A file a petition for declaratory ruling to obtain Commission approval of foreign-organized Corporation C's 100 percent ownership interest in U.S.-organized parent, Corporation B, and of foreign-organized Corporation Y's non-controlling, 49 percent foreign ownership interest in U.S.-organized Corporation A through U.S-organized Corporation X, which exceed the 25 percent benchmark and 20 percent limit in sections 310(b)(4) and 310(b)(3) of the Act, respectively, for both equity interests and voting interests. U.S-organized Corporation A's petition also must identify and request specific approval for ownership interests held by any foreign individual, entity, or ''group,'' as defined in paragraph (d) of this section, to the extent required by §1.991(i).

(b) The petition for declaratory ruling required by paragraph (a) of this

section shall be filed electronically on the Internet through the International Bureau Filing System (IBFS). For information on filing your petition through IBFS, see part 1, subpart Y and the IBFS homepage at *http://www.fcc.gov/ib*.

(c)(1) Each applicant, licensee, or spectrum lessee filing a petition for declaratory ruling required by paragraph (a) of this section shall certify to the information contained in the petition in accordance with the provisions of §1.16 and the requirements of this paragraph. Where joint petitioners have different responses to the information required by §1.991, such information should be set out separately for each joint petitioner, except as otherwise permitted in §1.991(h)(2).

(i) Each joint petitioner shall certify to the information contained in the petition in accordance with the provisions of §1.16 of this part with respect to the information that is pertinent to that petitioner. Alternatively, the controlling parent of the joint petitioners may certify to the information contained in the petition.

(ii) Where the petition is being filed in connection with an application for consent to transfer control of licenses or spectrum leasing arrangements, the transferee or its ultimate controlling parent may file the petition on behalf of the licensees or spectrum lessees that would be acquired as a result of the proposed transfer of control and certify to the information contained in the petition.

NOTE TO PARAGRAPH (f): The Commission presumes that a general partner of a general

partnership or limited partnership has a controlling interest in the partnership. A general partner shall in all cases be deemed to hold an uninsulated interest in the partnership.

(g) For each 10 percent interest holder named in response to paragraphs (e) and (f) of this section, specify the equity interest held and the voting interest held (each to the nearest one percent); in the case of an individual, his or her citizenship; and in the case of a business organization, its place of organization, type of business organization (*e.g.*, corporation, unincorporated association, trust, general partnership, limited partnership, limited liability company, trust, other (include description of legal entity)), and principal business(es).

(h)(1) *Estimate of aggregate foreign ownership.* For petitions filed under §1.990(a)(1), attach an exhibit that provides a percentage estimate of the controlling U.S. parent's aggregate direct and/or indirect foreign equity interests and its aggregate direct and/or indirect foreign voting interests. For petitions filed under §1.990(a)(2), attach an exhibit that provides a percentage estimate of the aggregate foreign equity interests and aggregate foreign voting interests held directly in the petitioning applicant(s) and/or licensee(s), if any, and the aggregate foreign equity interests and aggregate foreign voting interests held indirectly in the petitioning applicant(s) and/or licensee(s). The exhibit required by this paragraph must also provide a general description of the methods used to determine the percentages; and a statement addressing the circumstances that prompted the filing of the petition and demonstrating that the public interest would be served by grant of the petition.

(2) *Ownership and control structure.* Attach an exhibit that describes the ownership and control structure of the applicant(s) and/or licensee(s) that are the subject of the petition, including an ownership diagram and identification of the real party-in-interest disclosed in any companion applications. The ownership diagram should illustrate the petitioner's vertical ownership structure, including the controlling U.S. parent named in the petition (for petitions filed under §1.990(a)(1)) and the direct and indirect ownership (equity and voting) interests held by the individual(s) and/or entity(ies) named in response to paragraphs (e) and (f) of this section. Each such individual or entity shall be depicted in the ownership diagram and all controlling interests labeled as such. Where the petition includes multiple petitioners, the ownership of all petitioners may be depicted in a single ownership diagram or in multiple diagrams.

(i) *Requests for specific approval.* Provide, as required or permitted by this paragraph, the name of each foreign individual and/or entity for which each petitioner requests specific approval, if any, and the respective percentages of equity and/or voting interests (to the nearest one percent) that each such foreign individual or entity holds, or would hold, directly and/or indirectly, in the controlling U.S. parent of the petitioning common carrier or aeronautical radio station applicant(s) or licensee(s) for petitions filed under §1.990(a)(1), and in each petitioning common carrier applicant or licensee for petitions filed under §1.990(a)(2).

(1) Each petitioning common carrier or aeronautical radio station applicant or licensee filing under §1.990(a)(1) shall identify and request specific approval for any foreign individual, entity, or group of such individuals or entities that holds, or would hold, directly and/or indirectly, more than 5 percent of the equity and/or voting interests, or a controlling interest, in the petitioner's controlling U.S. parent unless the foreign investment is exempt under paragraph (i)(3) of this section. Equity and voting interests shall be calculated in accordance with the principles set forth in paragraphs (e) and (f) of this section and in §1.992.

(2) Each petitioning common carrier radio station applicant or licensee filing under §1.990(a)(2) shall identify and request specific approval for any foreign individual, entity, or group of such individuals or entities that holds, or would hold, directly, and/or indirectly through one or more intervening U.S.-organized entities that do not control the applicant or licensee, more

than 5 percent of the equity and/or voting interests in the applicant or licensee unless the foreign investment is exempt under paragraph (i)(3) of this section. Equity and voting interests shall be calculated in accordance with the principles set forth in paragraphs (e) and (f) of this section and in §1.992.

:NOTE TO PARAGRAPHS (i)(1) AND (2): Two or more individuals or entities will be treated as a ''group'' when they have agreed to act together for the purpose of acquiring, holding, voting, or disposing of their equity and/or voting interests in the licensee and/or controlling U.S. parent of the licensee or in any intermediate company(ies) through which any of the individuals or entities holds its interests in the licensee and/or controlling U.S. parent of the licensee.

(3) A foreign investment is exempt from the specific approval requirements of paragraphs (i)(1) and (2) of this section where:

(i) The foreign individual or entity holds, or would hold, directly and/or indirectly, no more than 10 percent of the equity and/or voting interests of the U.S. parent (for petitions filed under §1.990(a)(1)) or the petitioning applicant or licensee (for petitions filed under §1.990(a)(2)); and

(ii) The foreign individual or entity does not hold, and would not hold, a controlling interest in the petitioner or any controlling parent company, does not plan or intend to change or influence control of the petitioner or any controlling parent company, does not possess or develop any such purpose, and does not take any action having such purpose or effect. The Commission will presume, in the absence of evidence to the contrary, that the following interests satisfy this criterion for exemption from the specific approval requirements in paragraphs (i)(1) and (i)(2) of this section:

(A) Where the relevant licensee, controlling U.S. parent, or entity holding a direct or indirect equity and/or voting interest in the licensee or U.S. parent is a ''public company,'' as defined in §1.990(d)(9), *provided that* the foreign holder is an institutional investor that is eligible to report its beneficial ownership interests in the company's voting, equity securities in excess of 5 percent (not to exceed 10 percent) pursuant to Exchange Act Rule 13d–1(b), 17 CFR 240.13d–1(b), or a substantially comparable foreign law or regulation. This presumption shall not apply if the foreign individual, entity or group holding such interests is obligated to report its holdings in the company pursuant to Exchange Act Rule 13d–1(a), 17 CFR 240.13d–1(a), or a substantially comparable foreign law or regulation.

Example. Common carrier applicant (''Applicant'') is preparing a petition for declaratory ruling to request Commission approval for foreign ownership of its controlling, U.S.-organized parent (''U.S. Parent'') to exceed the 25 percent benchmark in section 310(b)(4) of the Act. Applicant does not currently hold any FCC licenses. Shares of U.S. Parent trade publicly on the New York Stock Exchange. Based on a shareholder survey and a review of its shareholder records, U.S. Parent has determined that its aggregate foreign ownership on any given day may exceed an aggregate 25 percent, including a six percent common stock interest held by a foreign-organized mutual fund (''Foreign Fund''). U.S. Parent has confirmed that Foreign Fund is not currently required to report its interest pursuant to Exchange Act Rule 13d–1(a) and instead is eligible to report its interest pursuant to Exchange Act Rule 13d–1(b). U.S. Parent also has confirmed that Foreign Fund does not hold any other interests in U.S. Parent's equity securities, whether of a class of voting or non-voting securities. Applicant may, but is not required to, request specific approval of Foreign Fund's six percent interest in U.S. Parent.

NOTE TO PARAGRAPH (i)(3)(ii)(A): Where an institutional investor holds voting, equity securities that are subject to reporting under Exchange Act Rule 13d–1, 17 CFR 240.13d–1, or a substantially comparable foreign law or regulation, and equity securities that are not subject to such reporting the investor's total capital stock interests may be aggregated and treated as exempt from the 5 percent specific approval requirement in paragraphs (i)(1) and (2) of this section so long as the aggregate amount of the institutional investor's holdings does not exceed ten percent of the company's total capital stock or voting rights and the investor is eligible to certify under Exchange Act Rule 13d–1(b), 17 CFR 240.13d–1(b), or a substantially comparable foreign law or regulation that it has

acquired its capital stock interests in the ordinary course of business and not with the purpose nor with the effect of changing or influencing the control of the company. In calculating foreign equity and voting interests, the Commission does not consider convertible interests such as options, warrants and convertible debentures until converted, unless specifically requested by the petitioner, *i.e.*, where the petitioner is requesting approval so those rights can be exercised in a particular case without further Commission approval.

(B) Where the relevant licensee, controlling U.S. parent, or entity holding a direct and/or indirect equity and/or voting interest in the licensee or U.S. parent is a ''privately held'' corporation, as defined in §1.990(d)(8), *provided that* a shareholders' agreement, or similar voting agreement, prohibits the foreign holder from becoming actively involved in the management or operation of the corporation and limits the foreign holder's voting and consent rights, if any, to the minority shareholder protections listed in paragraph (i)(5) of this section.

(C) Where the relevant licensee, controlling U.S. parent, or entity holding a direct and/or indirect equity and/or voting interest in the licensee or U.S. parent is ''privately held,'' as defined in §1.990(d)(8), and is organized as a limited partnership, limited liability company (''LLC''), or limited liability partnership (''LLP''), *provided that* the foreign holder is ''insulated'' in accordance with the criteria specified in §1.993.

(4) A petitioner may, but is not required to, request specific approval for any other foreign individual or entity that holds, or would hold, a direct and/or indirect equity and/or voting interest in the controlling U.S. parent (for petitions filed under §1.990(a)(1)) or in the petitioning applicant or licensee (for petitions filed under §1.990(a)(2)).

(5) The minority shareholder protections referenced in paragraph (i)(3)(ii)(B) of this section consist of the following rights:

(i) The power to prevent the sale or pledge of all or substantially all of the assets of the corporation or a voluntary filing for bankruptcy or liquidation;

(ii) The power to prevent the corporation from entering into contracts with majority shareholders or their affiliates;

(iii) The power to prevent the corporation from guaranteeing the obligations of majority shareholders or their affiliates;

(iv) The power to purchase an additional interest in the corporation to prevent the dilution of the shareholder's *pro rata* interest in the event that the corporation issues additional instruments conveying shares in the company;

(v) The power to prevent the change of existing legal rights or preferences of the shareholders, as provided in the charter, by-laws or other operative governance documents;

(vi) The power to prevent the amendment of the charter, by-laws or other operative governance documents of the company with respect to the matters described in paragraphs (i)(5)(i) through (v) of this section.

(6) The Commission reserves the right to consider, on a case-by-case basis, whether voting or consent rights over matters other than those listed in paragraph (i)(5) of this section shall be considered permissible minority shareholder protections in a particular case.

(j) For each foreign individual or entity named in response to paragraph (i) of this section, provide the following information:

(1) In the case of an individual, his or her citizenship and principal business(es);

(2) In the case of a business organization:

(i) Its place of organization, type of business organization (*e.g.*, corporation, unincorporated association, trust, general partnership, limited partnership, limited liability company, trust, other (include description of legal entity)), and principal business(es);

(ii) The name of any individual or entity that holds, or would hold, directly and/or indirectly, through one or more intervening entities, 10 percent or more of the equity interests and/or voting interests, or a controlling interest, in the foreign entity for which the petitioner requests specific approval. Specify for each such interest holder, his or her citizenship (for individuals) or place of legal organization (for entities). Equity

interests and voting interests held indirectly shall be calculated in accordance with the principles set forth in §1.992.

(iii) Where no individual or entity holds, or would hold, directly and/or indirectly, 10 percent or more of the equity interests and/or voting interests, or a controlling interest, the petition shall specify that no individual or entity holds, or would hold, directly and/or indirectly, 10 percent or more of the equity interests and/or voting interests, or a controlling interest, in the foreign entity for which the petitioner requests specific approval.

(k) *Requests for advance approval.* The petitioner may, but is not required to, request advance approval in its petition for any foreign individual or entity named in response to paragraph (i) of this section to increase its direct and/or indirect equity and/or voting interests in the controlling U.S. parent of the common carrier or aeronautical radio station licensee, for petitions filed under §1.990(a)(1), and/or in the common carrier licensee, for petitions filed under §1.990(a)(2), above the percentages specified in response to paragraph (i) of this section. Requests for advance approval shall be made as follows:

(1) *Petitions filed under §1.990(a)(1).* Where a foreign individual or entity named in response to paragraph (i) of this section holds, or would hold upon consummation of any transactions described in the petition, a *de jure* or *de facto* controlling interest in the controlling U.S. parent, the petitioner may request advance approval in its petition for the foreign individual or entity to increase its interests, at some future time, up to any amount, including 100 percent of the direct and/or indirect equity and/or voting interests in the U.S. parent. The petitioner shall specify for the named controlling foreign individual(s) or entity(ies) the maximum percentages of equity and/or voting interests for which advance approval is sought or, in lieu of a specific amount, state that the petitioner requests advance approval for the named controlling foreign individual or entity to increase its interests up to and including 100 percent of the U.S. parent's direct and/or indirect equity and/or voting interests.

(2) *Petitions filed under §1.990(a)(1) and/or §1.990(a)(2).* Where a foreign individual or entity named in response to paragraph (i) of this section holds, or would hold upon consummation of any transactions described in the petition, a non-controlling interest in the controlling U.S. parent of the licensee, for petitions filed under §1.990(a)(1), or in the licensee, for petitions filed under §1.990(a)(2), the petitioner may request advance approval in its petition for the foreign individual or entity to increase its interests, at some future time, up to any non-controlling amount not to exceed 49.99 percent. The petitioner shall specify for the named foreign individual(s) or entity(ies) the maximum percentages of equity and/or voting interests for which advance approval is sought or, in lieu of a specific amount, shall state that the petitioner requests advance approval for the named foreign individual(s) or entity(ies) to increase their interests up to and including a non-controlling 49.99 percent equity and/or voting interest in the licensee, for petitions filed under §1.990(a)(2), or in the controlling U.S. parent of the licensee, for petitions filed under §1.990(a)(1).

§1.992 How to calculate indirect equity and voting interests.

(a) The criteria specified in this section shall be used for purposes of calculating indirect equity and voting interests under §1.991.

(b)(1) *Equity interests held indirectly in the licensee and/or controlling U.S. parent.* Equity interests that are held by an individual or entity indirectly through one or more intervening entities shall be calculated by successive multiplication of the equity percentages for each link in the vertical ownership chain, regardless of whether any particular link in the chain represents a controlling interest in the company positioned in the next lower tier.

Example. Assume that a foreign individual holds a non-controlling 30 percent equity and voting interest in U.S.-organized Corporation A which, in turn, holds a non-controlling 40 percent

equity and voting interest in U.S.-organized Parent Corporation B. The foreign individual's equity interest in U.S.-organized Parent Corporation B would be calculated by multiplying the foreign individual's equity interest in U.S.-organized Corporation A by that entity's equity interest in U.S.-organized Parent Corporation B. The foreign individual's equity interest in U.S.-organized Parent Corporation B would be calculated as 12 percent (30% × 40% = 12%). The result would be the same even if U.S.-organized Corporation A held a *de facto* controlling interest in U.S.-organized Parent Corporation B.

(2) *Voting interests held indirectly in the licensee and/or controlling U.S. parent.* Voting interests that are held by any individual or entity indirectly through one or more intervening entities will be determined depending upon the type of business organization(s) in which the individual or entity holds a voting interest as follows:

(i) Voting interests that are held through one or more intervening corporations shall be calculated by successive multiplication of the voting percentages for each link in the vertical ownership chain, except that wherever the voting interest for any link in the chain is equal to or exceeds 50 percent or represents actual control, it shall be treated as if it were a 100 percent interest.

Example. Assume that a foreign individual holds a non-controlling 30 percent equity and voting interest in U.S.-organized Corporation A which, in turn, holds a controlling 70 percent equity and voting interest in U.S.-organized Parent Corporation B. Because U.S.-organized Corporation A's 70 percent voting interest in U.S.-organized Parent Corporation B constitutes a *controlling* interest, it is treated as a 100 percent interest. The foreign individual's 30 percent voting interest in U.S.-organized Corporation A would flow through in its entirety to U.S. Parent Corporation B and thus be calculated as 30 percent (30% × 100% = 30%).

(ii) Voting interests that are held through one or more intervening partnerships shall be calculated depending upon whether the individual or entity holds a general partnership interest, an uninsulated partnership interest, or an insulated partnership interest as specified in paragraphs (b)(2)(ii)(A) and (B) of this section.

(A) *General partnership and other uninsulated partnership interests.* A general partner and uninsulated partner shall be deemed to hold the same voting interest as the partnership holds in the company situated in the next lower tier of the vertical ownership chain. A partner shall be treated as uninsulated unless the limited partnership agreement, limited liability partnership agreement, or other operative agreement satisfies the insulation criteria specified in §1.993.

:NOTE TO PARAGRAPH (b)(2)(ii)(A): The Commission presumes that a general partner of a general partnership or limited partnership has a controlling interest in the partnership. A general partner shall in all cases be deemed to hold an uninsulated interest in the partnership.

(B) *Insulated partnership interests.* A partner of a limited partnership (other than a general partner) or partner of a limited liability partnership that satisfies the insulation criteria specified in §1.993 shall be treated as an insulated partner and shall be deemed to hold a voting interest in the partnership that is equal to the partner's equity interest.

(iii) Voting interests that are held through one or more intervening limited liability companies shall be calculated depending upon whether the individual or entity is a non-member manager, an uninsulated member or an insulated member as specified in paragraphs (b)(2)(iii)(A) and (B) of this section.

(A) *Non-member managers and uninsulated membership interests.* A non-member manager and an uninsulated member of a limited liability company shall be deemed to hold the same voting interest as the limited liability company holds in the company situated in the next lower tier of the vertical ownership chain. A member shall be treated as uninsulated unless the limited liability company agreement satisfies the insulation criteria specified in §1.993.

(B) *Insulated membership interests.* A member of a limited liability company

that satisfies the insulation criteria specified in §1.993 shall be treated as an insulated member and shall be deemed to hold a voting interest in the limited liability company that is equal to the member's equity interest.

§ 1.993 Insulation criteria for interests in limited partnerships, limited liability partnerships, and limited liability companies.

(a) A limited partner of a limited partnership and a partner of a limited liability partnership shall be treated as uninsulated within the meaning of §1.992(b)(2)(ii)(A) unless the partner is prohibited by the limited partnership agreement, limited liability partnership agreement, or other operative agreement from, and in fact is not engaged in, active involvement in the management or operation of the partnership and only the usual and customary investor protections are contained in the partnership agreement or other operative agreement. These criteria apply to any relevant limited partnership or limited liability partnership, whether it is the licensee, a controlling U.S.-organized parent, or any partnership situated above them in the vertical chain of ownership.

(b) A member of a limited liability company shall be treated as uninsulated for purposes of §1.992(b)(2)(iii)(A) unless the member is prohibited by the limited liability company agreement from, and in fact is not engaged in, active involvement in the management or operation of the company and only the usual and customary investor protections are contained in the agreement. These criteria apply to any relevant limited liability company, whether it is the licensee, a controlling U.S.-organized parent, or any limited liability company situated above them in the vertical chain of ownership.

(c) The usual and customary investor protections referred to in paragraphs (a) and (b) of this section shall consist of:

(1) The power to prevent the sale or pledge of all or substantially all of the assets of the limited partnership, limited liability partnership, or limited liability company or a voluntary filing for bankruptcy or liquidation;

(2) The power to prevent the limited partnership, limited liability partnership, or limited liability company from entering into contracts with majority investors or their affiliates;

(3) The power to prevent the limited partnership, limited liability partnership, or limited liability company from guaranteeing the obligations of majority investors or their affiliates;

(4) The power to purchase an additional interest in the limited partnership, limited liability partnership, or limited liability company to prevent the dilution of the partner's or member's *pro rata* interest in the event that the limited partnership, limited liability partnership, or limited liability company issues additional instruments conveying interests in the partnership or company;

(5) The power to prevent the change of existing legal rights or preferences of the partners, members, or managers as provided in the limited partnership agreement, limited liability partnership agreement, or limited liability company agreement, or other operative agreement;

(6) The power to vote on the removal of a general partner, managing partner, managing member, or other manager in situations where such individual or entity is subject to bankruptcy, insolvency, reorganization, or other proceedings relating to the relief of debtors; adjudicated insane or incompetent by a court of competent jurisdiction (in the case of a natural person); convicted of a felony; or otherwise removed for cause, as determined by an independent party;

(7) The power to prevent the amendment of the limited partnership agreement, limited liability partnership agreement, or limited liability company agreement, or other organizational documents of the partnership or limited liability company with respect to the matters described in paragraphs (c)(1) through (6) of this section.

(d) The Commission reserves the right to consider, on a case-by-case basis, whether voting or consent rights over matters other than those listed in paragraph (c) of this section shall be considered usual and customary investor protections in a particular case.

§ 1.994 Routine terms and conditions.

Foreign ownership rulings issued pursuant to §§1.990 *et seq.* shall be subject to the following terms and conditions, except as otherwise specified in a particular ruling:

(a)(1) *Aggregate allowance for rulings issued under § 1.990(a)(1).* In addition to the foreign ownership interests approved specifically in a licensee's declaratory ruling issued pursuant to §1.990(a)(1), the controlling U.S.-organized parent named in the ruling (or a U.S.-organized successor-in-interest formed as part of a *pro forma* reorganization) may be 100 percent owned, directly and/or indirectly through one or more U.S- or foreign-organized entities, on a going-forward basis (*i.e.*, after issuance of the ruling) by other foreign investors without prior Commission approval. This ''100 percent aggregate allowance'' is subject to the requirement that the licensee seek and obtain Commission approval before any foreign individual, entity, or ''group'' not previously approved acquires, directly and/or indirectly, more than five percent of the U.S. parent's outstanding capital stock (equity) and/or voting stock, or a controlling interest, with the exception of any foreign individual, entity, or ''group'' that acquires an equity and/or voting interest of ten percent or less, *provided that* the interest is exempt under §1.991(i)(3).

(2) *Aggregate allowance for rulings issued under § 1.990(a)(2).* In addition to the foreign ownership interests approved specifically in a licensee's declaratory ruling issued pursuant to §1.990(a)(2), the licensee(s) named in the ruling (or a U.S.-organized successor-in-interest formed as part of a *pro forma* reorganization) may be 100 percent owned on a going forward basis (*i.e.*, after issuance of the ruling) by other foreign investors holding interests in the licensee indirectly through U.S.-organized entities that do not control the licensee, without prior Commission approval. This ''100 percent aggregate allowance'' is subject to the requirement that the licensee seek and obtain Commission approval before any foreign individual, entity, or ''group'' not previously approved acquires directly and/or indirectly, through one or more U.S.-organized entities that do not control the licensee, more than five percent of the licensee's outstanding capital stock (equity) and/or voting stock, with the exception of any foreign individual, entity, or ''group'' that acquires an equity and/or voting interest of ten percent or less, *provided that* the interest is exempt under §1.991(i)(3). Foreign ownership interests held directly in a licensee shall not be permitted to exceed an aggregate 20 percent of the licensee's equity and/or voting interests.

NOTE TO PARAGRAPH (a): Licensees have an obligation to monitor and stay ahead of changes in foreign ownership of their controlling U.S.-organized parent companies (for rulings issued pursuant to §1.990(a)(1)) and/or in the licensee itself (for rulings issued pursuant to §1.990(a)(2)), to ensure that the licensee obtains Commission approval before a change in foreign ownership renders the licensee out of compliance with the terms and conditions of its declaratory ruling(s) or the Commission's rules. Licensees, their controlling parent companies, and other entities in the licensee's vertical ownership chain may need to place restrictions in their bylaws or other organizational documents to enable the licensee to ensure compliance with the terms and conditions of its declaratory ruling(s) and the Commission's rules.

Example 1 (for rulings issued under § 1.990(a)(1)). U.S. Corp. files an application for a common carrier license. U.S. Corp. is wholly owned and controlled by U.S. Parent, which is a newly formed, privately held Delaware corporation in which no single shareholder has *de jure* or *de facto* control. A shareholders' agreement provides that a five-member board of directors shall govern the affairs of the company; five named shareholders shall be entitled to one seat and one vote on the board; and all decisions of the board shall be determined by majority vote. The five named shareholders and their respective equity interests are as follows: Foreign Entity A, which is wholly owned and controlled by a foreign citizen (5 percent); Foreign Entity B, which is wholly owned and controlled by a foreign citizen (10 percent); Foreign Entity C, a foreign public company with no controlling shareholder (20 percent); Foreign Entity D, a foreign pension fund that is controlled by a foreign citizen and in which no individual or entity has a pecuniary interest exceeding one percent (21 percent); and U.S. Entity E, a U.S. public company with no controlling shareholder (25 percent). The remaining 19 percent of U.S. Parent's shares are held by three foreign-organized entities as follows: F (4 percent), G (6

percent), and H (9 percent). Under the shareholders' agreement, voting rights of F, G, and H are limited to the minority shareholder protections listed in §1.991(i)(5). Further, the agreement expressly prohibits G and H from becoming actively involved in the management or operation of U.S. Parent and U.S. Corp.

As required by the rules, U.S. Corp. files a section 310(b)(4) petition concurrently with its application. The petition identifies and requests specific approval for the ownership interests held in U.S. Parent by Foreign Entity A and its sole shareholder (5 percent equity and 20 percent voting interest); Foreign Entity B and its sole shareholder (10 percent equity and 20 percent voting interest), Foreign Entity C (20 percent equity and 20 percent voting interest), and Foreign Entity D (21 percent equity and 20 percent voting interest) and its fund manager (20 percent voting interest). The Commission's ruling specifically approves these foreign interests. The ruling also provides that, on a going-forward basis, U.S. Parent may be 100 percent owned in the aggregate, directly and/or indirectly, by other foreign investors, subject to the requirement that U.S. Corp. seek and obtain Commission approval before any previously unapproved foreign investor acquires more than five percent of U.S. Parent's equity and/or voting interests, or a controlling interest, with the exception of any foreign investor that acquires an equity and/or voting interest of ten percent or less, *provided that* the interest is exempt under §1.991(i)(3).

In this case, foreign entities F, G, and H would each be considered a previously unapproved foreign investor (along with any new foreign investors). However, prior approval for F, G and H would only apply to an increase of F's interest above five percent (because the ten percent exemption under §1.991(i)(3) does not apply to F) or to an increase of G's or H's interest above ten percent (because G and H do qualify for this exemption). U.S. Corp. would also need Commission approval before Foreign Entity D appoints a new fund manager that is a non-U.S. citizen and before Foreign Entities A, B, C, or D increase their respective equity and/or voting interests in U.S. Parent, unless the petition previously sought and obtained Commission approval for such increases (up to non-controlling 49.99 percent interests). (*See* §1.991(k)(2).) Foreign shareholders of Foreign Entity C and U.S. Entity E would also be considered previously unapproved foreign investors. Thus, Commission approval would be required before any foreign shareholder of Foreign Entity C or U.S. Entity E acquires (1) a controlling interest in either company; or (2) a non-controlling equity and/or voting interest in either company that, when multiplied by the company's equity and/or voting interests in U.S. Parent, would exceed 5 percent of U.S. Parent's equity and/or voting interests, unless the interest is exempt under §1.991(i)(3).

Example 2 (for rulings issued under §1.990(a)(2)). Assume that the following three U.S.-organized entities hold non-controlling equity and voting interests in common carrier Licensee, which is a privately held corporation organized in Delaware: U.S. corporation A (30 percent); U.S. corporation B (30 percent); and U.S. corporation C (40 percent). Licensee's shareholders are wholly owned by foreign individuals X, Y, and Z, respectively. Licensee has received a declaratory ruling under §1.990(a)(2) specifically approving the 30 percent foreign ownership interests held in Licensee by each of X and Y (through U.S. corporation A and U.S. corporation B, respectively) and the 40 percent foreign ownership interest held in Licensee by Z (through U.S. corporation C). On a going-forward basis, Licensee may be 100 percent owned in the aggregate by X, Y, Z, and other foreign investors holding interests in Licensee indirectly, through U.S.-organized entities that do not control Licensee, subject to the requirement that Licensee obtain Commission approval before any previously unapproved foreign investor acquires more than five percent of Licensee's equity and/or voting interests, with the exception of any foreign investor that acquires an equity and/or voting interest of ten percent or less, *provided that* the interest is exempt under §1.991(i)(3). In this case, any foreign investor other than X, Y, and Z would be considered a previously unapproved foreign investor. Licensee would also need Commission approval before X, Y, or Z increases its equity and/or voting interests in Licensee unless the petition previously sought and obtained Commission approval for such increases (up to non-controlling 49.99 percent interests). (*See* §1.991(k)(2).)

(b) *Subsidiaries and affiliates.* A foreign ownership ruling issued to a licensee shall cover it and any U.S.-organized subsidiary or affiliate, as defined in §1.990(d), whether the subsidiary or affiliate existed at the time the ruling was issued or was formed or acquired subsequently, *provided that* the foreign ownership of the licensee named in the ruling, and of the subsidiary and/or affiliate, remains in compliance with the terms and conditions of the licensee's ruling and the Commission's rules.

(1) The subsidiary or affiliate of a licensee named in a foreign ownership ruling issued under §1.990(a)(1) may rely on that ruling for purposes of filing its own application for an initial common carrier or aeronautical license or spectrum leasing arrangement, or an application to acquire such license or

spectrum leasing arrangement by assignment or transfer of control *provided that* the subsidiary or affiliate, and the licensee named in the ruling, each certifies in the application that its foreign ownership is in compliance with the terms and conditions of the foreign ownership ruling and the Commission's rules.

(2) The subsidiary or affiliate of a licensee named in a foreign ownership ruling issued under §1.990(a)(2) may rely on that ruling for purposes of filing its own application for an initial common carrier radio station license or spectrum leasing arrangement, or an application to acquire such license or spectrum leasing arrangement by assignment or transfer of control *provided that* the subsidiary or affiliate, and the licensee named in the ruling, each certifies in the application that its foreign ownership is in compliance with the terms and conditions of the foreign ownership ruling and the Commission's rules.

(3) The certifications required by paragraphs (b)(1) and (b)(2) of this section shall also include the citation(s) of the relevant ruling(s) (*i.e.*, the DA or FCC Number, FCC Record citation when available, and release date).

(c) *Insertion of new controlling foreign-organized companies.* (1) Where a licensee's foreign ownership ruling specifically authorizes a named, foreign investor to hold a controlling interest in the licensee's controlling U.S.-organized parent, for rulings issued under §1.990(a)(1), or in an intervening U.S.-organized entity that does not control the licensee, for rulings issued under §1.990(a)(2), the ruling shall permit the insertion of new, controlling foreign-organized companies in the vertical ownership chain above the controlling U.S. parent, for rulings issued under §1.990(a)(1), or above an intervening U.S.-organized entity that does not control the licensee, for rulings issued under §1.990(a)(2), without prior Commission approval *provided that* any new foreign-organized company(ies) are under 100 percent common ownership and control with the foreign investor approved in the ruling.

(2) Where a previously unapproved foreign-organized entity is inserted into the vertical ownership chain of a licensee, or its controlling U.S.-organized parent, without prior Commission approval pursuant to paragraph (c)(1) of this section, the licensee shall file a letter to the attention of the Chief, International Bureau, within 30 days after the insertion of the new, foreign-organized entity. The letter must include the name of the new, foreign-organized entity and a certification by the licensee that the entity complies with the 100 percent common ownership and control requirement in paragraph (c)(1) of this section. The letter must also reference the licensee's foreign ownership ruling(s) by IBFS File No. and FCC Record citation, if available. This letter notification need not be filed if the ownership change is instead the subject of a *pro forma* application or *pro forma* notification already filed with the Commission pursuant to the relevant wireless radio service rules or satellite radio service rules applicable to the licensee.

(3) Nothing in this section is intended to affect any requirements for prior approval under 47 U.S.C. 310(d) or conditions for forbearance from the requirements of 47 U.S.C. 310(d) pursuant to 47 U.S.C. 160.

Example (for rulings issued under §1.990(a)(1)). Licensee receives a foreign ownership ruling under §1.990(a)(1) that authorizes its controlling, U.S.-organized parent (''U.S. Parent A'') to be wholly owned and controlled by a foreign-organized company (''Foreign Company''). Foreign Company is minority owned (20 percent) by U.S.-organized Corporation B, with the remaining 80 percent controlling interest held by Foreign Citizen C. After issuance of the ruling, Foreign Company forms a wholly-owned, foreign-organized subsidiary (''Foreign Subsidiary'') to hold all of Foreign Company's shares in U.S. Parent A. There are no other changes in the direct or indirect foreign ownership of U.S. Parent A. The insertion of Foreign Subsidiary into the vertical ownership chain between Foreign Company and U.S. Parent A would not require prior Commission approval, except for any approval otherwise required pursuant to section 310(d) of the Communications Act and not exempt therefrom as a *pro forma* transfer of control under §1.948(c)(1).

Example (for rulings issued under §1.990(a)(2)). An applicant for a common carrier license receives a foreign ownership ruling under §1.990(a)(2) that authorizes a foreign-organized company (''Foreign Company'') to hold a non-controlling 44 percent equity and voting interest in the applicant through Foreign Company's wholly-owned, U.S.-organized subsidiary, U.S. Corporation A, which holds the non-controlling 44 percent interest directly in the applicant. The remaining 56 percent of the applicant's equity and voting interests are held by its controlling U.S.-organized parent, which has no foreign ownership. After issuance of the ruling, Foreign Company forms a wholly-owned, foreign-organized subsidiary to hold all of Foreign Company's shares in U.S. Corporation A. There are no other changes in the direct or indirect foreign ownership of U.S. Corporation A. The insertion of the foreign-organized subsidiary into the vertical ownership chain between Foreign Company and U.S. Corporation A would not require prior Commission approval.

(d) *Insertion of new non-controlling foreign-organized companies*. (1) Where a licensee's foreign ownership ruling specifically authorizes a named, foreign investor to hold a non-controlling interest in the licensee's controlling U.S.-organized parent, for rulings issued under §1.990(a)(1), or in an intervening U.S.-organized entity that does not control the licensee, for rulings issued under §1.990(a)(2), the ruling shall permit the insertion of new, foreign-organized companies in the vertical ownership chain above the controlling U.S. parent, for rulings issued under §1.990(a)(1), or above an intervening U.S.-organized entity that does not control the licensee, for rulings issued under §1.990(a)(2), without prior Commission approval *provided that* any new foreign-organized company(ies) are under 100 percent common ownership and control with the foreign investor approved in the ruling.

NOTE TO PARAGRAPH (d)(1): Where a licensee has received a foreign ownership ruling under §1.990(a)(2) and the ruling specifically authorizes a named, foreign investor to hold a non-controlling interest directly in the licensee (subject to the 20 percent aggregate limit on direct foreign investment), the ruling shall permit the insertion of new, foreign-organized companies in the vertical ownership chain of the approved foreign investor without prior Commission approval *provided that* any new foreign-organized companies are under 100 percent common ownership and control with the approved foreign investor.

Example (for rulings issued under §1.990(a)(1)). Licensee receives a foreign ownership ruling under §1.990(a)(1) that authorizes a foreign-organized company (''Foreign Company'') to hold a non-controlling 30 percent equity and voting interest in Licensee's controlling, U.S.-organized parent (''U.S. Parent A''). The remaining 70 percent equity and voting interests in U.S. Parent A are held by U.S.-organized entities which have no foreign ownership. After issuance of the ruling, Foreign Company forms a wholly-owned, foreign-organized subsidiary (''Foreign Subsidiary'') to hold all of Foreign Company's shares in U.S. Parent A. There are no other changes in the direct or indirect foreign ownership of U.S. Parent A. The insertion of Foreign Subsidiary into the vertical ownership chain between Foreign Company and U.S. Parent A would not require prior Commission approval.

Example (for rulings issued under §1.990(a)(2)). Licensee receives a foreign ownership ruling under §1.990(a)(2) that authorizes a foreign-organized entity (''Foreign Company'') to hold approximately 24 percent of Licensee's equity and voting interests, through Foreign Company's non-controlling 48 percent equity and voting interest in a U.S.-organized entity, U.S. Corporation A, which holds a non-controlling 49 percent equity and voting interest directly in Licensee. A U.S. citizen holds the remaining 52 percent equity and voting interests in U.S. Corporation A, and the remaining 51 percent equity and voting interests in Licensee are held by its U.S.-organized parent, which has no foreign ownership. After issuance of the ruling, Foreign Company forms a wholly-owned, foreign-organized subsidiary (''Foreign Subsidiary'') to hold all of Foreign Company's shares in U.S. Corporation A. There are no other changes in the direct or indirect foreign ownership of U.S. Corporation A. The insertion of Foreign Subsidiary into the vertical ownership chain between Foreign Company and U.S. Corporation A would not require prior Commission approval.

(2) Where a previously unapproved foreign-organized entity is inserted into the vertical ownership chain of a licensee, or its controlling U.S.-organized parent, without prior Commission approval pursuant to paragraph (d)(1) of this section, the licensee shall file a letter to the attention of the

Chief, International Bureau, within 30 days after the insertion of the new, foreign-organized entity. The letter must include the name of the new, foreign-organized entity and a certification by the licensee that the entity complies with the 100 percent common ownership and control requirement in paragraph (d)(1) of this section. The letter must also reference the licensee's foreign ownership ruling(s) by IBFS File No. and FCC Record citation, if available. This letter notification need not be filed if the ownership change is instead the subject of a *pro forma* application or *pro forma* notification already filed with the Commission pursuant to the relevant wireless radio service rules or satellite radio service rules applicable to the licensee.

(e) *New petition for declaratory ruling required.* A licensee that has received a foreign ownership ruling, including a U.S.-organized successor-in-interest to such licensee formed as part of a *pro forma* reorganization, or any subsidiary or affiliate relying on such licensee's ruling pursuant to paragraph (b) of this section, shall file a new petition for declaratory ruling under §1.990 to obtain Commission approval before its foreign ownership exceeds the routine terms and conditions of this section, and/or any specific terms or conditions of its ruling.

(f)(1) *Continuing compliance.* If at any time the licensee, including any successor-in-interest and any subsidiary or affiliate as described in paragraph (b) of this section, knows, or has reason to know, that it is no longer in compliance with its foreign ownership ruling or the Commission's rules relating to foreign ownership, it shall file a statement with the Commission explaining the circumstances within 30 days of the date it knew, or had reason to know, that it was no longer in compliance therewith. Subsequent actions taken by or on behalf of the licensee to remedy its non-compliance shall not relieve it of the obligation to notify the Commission of the circumstances (including duration) of non-compliance. Such licensee and any controlling companies, whether U.S.- or foreign–organized, shall be subject to enforcement action by the Commission for such non-compliance, including an order requiring divestiture of the investor's direct and/or indirect interests in such entities.

(2) Any individual or entity that, directly or indirectly, creates or uses a trust, proxy, power of attorney, or any other contract, arrangement, or device with the purpose or effect of divesting itself, or preventing the vesting, of an equity interest or voting interest in the licensee, or in a controlling U.S. parent company, as part of a plan or scheme to evade the application of the Commission's rules or policies under section 310(b) shall be subject to enforcement action by the Commission, including an order requiring divestiture of the investor's direct and/or indirect interests in such entities.

§ 1.1110 Attachment of charges.

The charges required to accompany a request for the Commission's regulatory services listed in §§1.1102 through 1.1109 of this subpart will not be refundable to the applicant irrespective of the Commission's disposition of that request. Return or refund of charges will be made only in certain limited instances as set out at §1.1115 of this subpart.

[74 FR 3445, Jan. 21, 2009]

§ 1.1111 Payment of charges.

(a) The schedule of fees for applications and other filings (Bureau/Office Fee Filing Guides) lists those applications and other filings that must be accompanied by an FCC Form 159, Remittance Advice' or the electronic version of the form, FCC Form 159–E, one of the forms that is automatically generated when an applicant accesses the Commission's on-line filing and payment process.

(b) Applicants may access the Commission's on-line filing (*http://www.fcc.gov/e-file.html*) and fee payment program by accessing (*http://www.fcc.gov/feefiler.html*). Applicants who use the on-line process will be directed to the appropriate electronic application and payment forms for completion and submission of the required application(s) and payment information.

(c) Applications and other filings that are not submitted in accordance with these instructions will be returned as unprocessable.

NOTE TO PARAGRAPH (c): This requirement for the simultaneous submission of fee forms with applications or other filings does not apply to the payment of fees for which the Commission has established a billing process. *See* §1.1121 of this subpart.

(d) Applications returned to applicants for additional information or corrections will not require an additional fee when resubmitted, unless the additional information results in an increase of the original fee amount. Those applications not requiring an additional fee should be resubmitted directly to the Bureau/Office requesting the additional information. The original fee will be forfeited if the additional information or corrections are not resubmitted to the appropriate Bureau/Office by the prescribed deadline. A forfeited application fee will not be refunded. If an additional fee is required, the original fee will be returned and the application must be resubmitted with a new remittance in the amount of the required fee to the Commission's lockbox bank. Applicants should attach a copy of the Commission's request for additional or corrected information to their resubmission.

(1) If the Bureau/Office staff discovers within 30 days after the resubmission that the required fee was not submitted, the application will be dismissed.

(2) If after 30 days the Bureau/Office staff discovers the required fee has not been paid, the application will be retained and a 25 percent late fee will be assessed on the deficient amount even if the Commission has completed its action on the application. Any Commission actions taken prior to timely payment of these charges are contingent and subject to recession.

(e) Should the staff change the status of an application, resulting in an increase in the fee due, the applicant will be billed for the remainder under the conditions established by §1.1118(b) of the rules.

NOTE TO PARAGRAPH (e): Due to the statutory requirements applicable to tariff filings, the procedures for handling tariff filings may vary from the procedures set out in the rules.

[74 FR 3445, Jan. 21, 2009]

§ 1.1112 Form of payment.

(a) Fee payments should be in the form of a check, bank draft, on money order denominated in U.S. dollars and drawn on a United States financial institution and made payable to the Federal Communications Commission or by a Visa, MasterCard, American Express, or Discover credit card. No other credit card is acceptable. Fees for applications and other filings paid by credit card will not be accepted unless the credit card section of FCC Form 159 is completed in full. The Commission discourages applicants from submitting cash and will not be responsible for cash sent through the mail. Personal or corporate checks dated more

than six months prior to their submission to the Commission's lockbox bank and postdated checks will not be accepted and will be returned as deficient. Third party checks (*i.e.*, checks with a third party as maker or endorser) will not be accepted.

(1) Specific procedures for electronic payments are announced in Bureau/Office fee filing guides.

(2) It is the responsibility of the payer to insure that any electronic payment is made in the manner required by the Commission. Failure to comply with the Commission's procedures will result in the return of the application or other filing.

(3) Payments by wire transfer will be accepted; however, to insure proper credit, applicants must follow the instructions set out in the appropriate Bureau/Office fee filing guide.

(b) Applicants are required to submit one payment instrument (check, bank draft or money order) and FCC Form 159 with each application or filing. Multiple payment instruments for a single application or filing are not permitted. Except that a separate Fee Form (FCC Form 159) will not be required once the information requirements of that form (the Fee Code, fee amount, and total fee remitted) are incorporated into the underlying application form.

(c) The Commission may accept multiple money orders in payment of a fee for a single application where the fee exceeds the maximum amount for a money order established by the issuing agency and the use of multiple money orders is the only practical method available for fee payment.

(d) The Commission may require payment of fees with a cashier's check upon notification to an applicant or filer or prospective group of applicants under the conditions set forth below in paragraphs (d) (1) and (2) of this section.

(1) Payment by cashier's check may be required when a person or organization has made payment, on one or more occasions with a payment instrument on which the Commission does not receive final payment and such failure is not excused by bank error.

(2) The Commission will notify the party in writing that future payments must be made by cashier's check until further notice. If, subsequent to such notice, payment is not made by cashier's check, the party's payment will not be accepted and its application or other filing will be returned.

(e) All fees collected will be paid into the general fund of the United States Treasury in accordance with Pub. L. 99–272.

(f) The Commission will furnish a stamped receipt of an application only upon request that complies with the following instructions. In order to obtain a stamped receipt for an application (or other filing), the application package must include a copy of the first page of the application, clearly marked ''copy'', submitted expressly for the purpose of serving as a receipt of the filing. The copy should be the top document in the package. The copy will be date-stamped immediately and provided to the bearer of the submission, if hand delivered. For submissions by mail, the receipt copy will be provided through return mail if the filer has attached to the receipt copy a stamped self-addressed envelope of sufficient size to contain the date stamped copy of the application. No remittance receipt copies will be furnished.

(b) Except as provided for in paragraph (c) of this section, all materials must be submitted as one package. The Commission will not take responsibility for matching fees, forms and applications submitted at different times or locations. Materials submitted at other than the location and address required by §0.401(b) and paragraph (a) of this section will be returned to the applicant or filer.

§1.1114 Conditionality of Commission or staff authorizations.

(a) Any instrument of authorization granted by the Commission, or by its staff under delegated authority, will be conditioned upon final payment of the applicable fee or delinquent fees and timely payment of bills issued by the Commission. As applied to checks, bank drafts and money orders, final payment shall mean receipt by the Treasury of funds cleared by the financial institution on which the check, bank draft or money order is drawn.

(1) If, prior to a grant of an instrument of authorization, the Commission is notified that final payment has not been made, the application or filing will be:

(i) Dismissed and returned to the applicant;

(ii) Shall lose its place in the processing line;

(iii) And will not be accorded *nunc pro tunc* treatment if resubmitted after the relevant filing deadline.

(2) If, subsequent to a grant of an instrument of authorization, the Commission is notified that final payment has not been made, the Commission will:

(i) Automatically rescind that instrument of authorization for failure to meet the condition imposed by this subsection; and

(ii) Notify the grantee of this action; and

(iii) Not permit *nunc pro tunc* treatment for the resubmission of the application or filing if the relevant deadline has expired.

(3) Upon receipt of a notification of rescision of the authorization, the grantee will immediately cease operations initiated pursuant to the authorization.

(b) In those instances where the Commission has granted a request for deferred payment of a fee or issued a bill payable at a future date, further processing of the application or filing, or the grant of authority, shall be conditioned upon final payment of the fee, plus other required payments for late payments, by the date prescribed by the deferral decision or bill. Failure to comply with the terms of the deferral decision or bill shall result in the automatic dismissal of the submission or rescision of the Commission authorization for failure to meet the condition imposed by this subpart. The Commission reserves the right to return payments received after the date established on the bill and exercise the conditions attached to the application. The Commission shall:

(1) Notify the grantee that the authorization has been rescinded;

(i) Upon such notification, the grantee will immediately cease operations initiated pursuant to the authorization.

(ii) [Reserved]

(2) Not permit *nunc pro tunc* treatment to applicants who attempt to refile after the original deadline for the underlying submission.

(c) (1) Where an applicant is found to be delinquent in the payment of application fees, the Commission will make a written request for the delinquent fee, together with any penalties that may be due under this subpart. Such request shall inform the applicant/filer that failure to pay or make satisfactory payment arrangements will result in the Commission's withholding action on, and/or as appropriate, dismissal of, any applications or requests filed by the applicant. The staff shall also inform the applicant of the procedures for seeking Commission review of the staff's fee determination.

(2) If, after final determination that the fee is due or that the applicant is delinquent in the payment of fees, and payment is not made in a timely manner, the staff will withhold action on the application or filing until payment or other satisfactory arrangement is made. If payment or satisfactory arrangement is not made within 30 days of the date of the original notification, the application will be dismissed.

§ 1.1115 Return or refund of charges.

(a) All refunds will be issued to the payer named in the appropriate block of the FCC Form 159. The full amount of any fee submitted will be returned or refunded, as appropriate, under the authority granted at § 0.231.

(1) When no fee is required for the application or other filing. (*see* § 1.1111).

(2) When the fee processing staff or bureau/office determines that an insufficient fee has been submitted within 30 calendar days of receipt of the application or filing and the application or filing is dismissed.

(3) When the application is filed by an applicant who cannot fulfill a prescribed age requirement.

(4) When the Commission adopts new rules that nullify applications already accepted for filing, or new law or treaty would render useless a grant or other positive disposition of the application.

NOTE: Payments in excess of an application fee will be refunded only if the overpayment is $10 or more.

(6) When an application for new or modified facilities is not timely filed in accordance with the filing window as established by the Commission in a public notice specifying the earliest and latest dates for filing such applications.

(b) Comparative hearings are no longer required.

(c) Applicants in the Media Services for first-come, first-served construction permits will be entitled to a refund of the fee, if, within fifteen days of the issuance of a Public Notice, applicant indicates that there is a previously filed pending application for the same vacant channel, such applicant notifies the Commission that they no longer wish their application to remain on file behind the first applicant and any other applicants filed before his or her application, and the applicant specifically requests a refund of the fee paid and dismissal of his or her application.

(d) Applicants for space station licenses under the first-come, first served procedure set forth in part 25 of this title will be entitled to a refund of the fee if, before the Commission has placed the application on public notice, the applicant notifies the Commission that it no longer wishes to keep its application on file behind the licensee and any other applicants who filed their applications before its application, and specifically requests a refund of the fee and dismissal of its application.

No fee established in §§ 1.1102 through 1.1109 of this subpart, unless otherwise qualified herein, shall be required for:

(a) Applications filed for the sole purpose of modifying an existing authorization (or a pending application for authorization) in order to comply with new or additional requirements of the Commission's rules or the rules of another Federal agency. However, if the applicant also requests an additional modification, renewal, or other action, the appropriate fee for such additional request must accompany the application. Cases in which a fee will be paid include applications by FM and TV licensees or permittees seeking to upgrade channel after a rulemaking.

(b) Applicants in the Special Emergency Radio and Public Safety Radio Services that are government entities or nonprofit entities. Applicants claiming nonprofit status must include a current Internal Revenue Service Determination Letter documenting this nonprofit status.

(c) Applicants, permittees or licensees of noncommercial educational (NCE) broadcast stations in the FM or TV services, as well as AM applicants, permittees or licensees operating in accordance with § 73.503 of this chapter.

(d) Applicants, permittees, or licensees qualifying under paragraph (c) of this section requesting Commission authorization in any other mass media radio service (except the international broadcast (HF) service) private radio service, or common carrier radio communications service otherwise requiring a fee, if the radio service is used in conjunction with the NCE broadcast station on an NCE basis.

(e) Other applicants, permittees, or licensees providing, or proposing to provide, an NCE or instructional service, but not qualifying under paragraph (c) of this section, may be exempt from filing fees, or be entitled to a refund, in the following circumstances.

(1) An applicant is exempt from filing fees if it is an organization that, like the Public Broadcasting Service or National Public Radio, receives funding directly or indirectly through the Public Broadcasting Fund, 47 U.S.C. 396(k), distributed by the Corporation for Public Broadcasting, where the authorization requested will be used in conjunction with the organization on an NCE basis;

(2) An applicant for a translator or low power television station that proposes an NCE service will be entitled to a refund of fees paid for the filing of the application when, after grant, it provides proof that it has received funding for the construction of the station through the National Telecommunications and Information Administration (NTIA) or other showings as required by the Commission.

(3) An applicant that has qualified for a fee refund under paragraph (e)(2) of

this section and continues to operate as an NCE station is exempt from fees for broadcast auxiliary stations (subparts D, E, and F of part 74) or stations in the private radio or common carrier services where such authorization is to be used in conjunction with the NCE translator or low power station.

(f) Applicants, permittees or licensees who qualify as governmental entities. For purposes of this exemption a governmental entity is defined as any state, possession, city, county, town, village, municipal corporation or similar political organization or subpart thereof controlled by publicly elected or duly appointed public officials exercising sovereign direction and control over their respective communities or programs.

(g) Applications for Restricted Radiotelephone Operator Permits where the applicant intends to use the permit solely in conjunction with duties performed at radio facilities qualifying for fee exemption under paragraphs (c), (d), or (e) of this section.

NOTE: Applicants claiming exemptions under the terms of this subpart must certify as to their eligibility for the exemption through a cover letter accompanying the application or filing. This certification is not required if the applicable FCC Form requests the information justifying the exemption.

§1.1117 Adjustments to charges.

(a) The Schedule of Charges established by §§1.1102 through 1.1109 of this subpart shall be reviewed by the Commission on October 1, 1999 and every two years thereafter, and adjustments made, if any, will be reflected in the next publication of Schedule of Charges.

(1) The fees will be adjusted by the Commission to reflect the percentage change in the Consumer Price Index for all Urban Consumers (CPI-U) from the date of enactment of the authorizing legislation (December 19, 1989) to the date of adjustment, and every two years thereafter, to reflect the percentage change in the CPI-U in the period between the enactment date and the adjustment date.

(2) Adjustments based upon the percentage change in the CPI-U will be applied against the base fees as enacted or amended by Congress in the year the fee was enacted or amended.

(b) Increases or decreases in charges will apply to all categories of fees covered by this subpart. Individual fees will not be adjusted until the increase or decrease, as determined by the net change in the CPI-U since the date of enactment of the authorizing legislation, amounts to at least $5 in the case of fees under $100, or 5% or more in the case of fees of $100 or greater. All fees will be adjusted upward to the next $5 increment.

(c) Adjustments to fees made pursuant to these procedures will not be subject to notice and comment rulemakings, nor will these decisions be subject to petitions for reconsideration under §1.429 of the rules. Requests for modifications will be limited to correction of arithmetical errors made during an adjustment cycle.

§1.1118 Penalty for late or insufficient payments.

(a) Filings subject to fees and accompanied by defective fee submissions will be dismissed under §1.1111 (d) of this subpart where the defect is discovered by the Commission's staff within 30 calendar days from the receipt of the application or filing by the Commission.

(1) A defective fee may be corrected by resubmitting the application or other filing, together with the entire correct fee.

(2) For purposes of determining whether the filing is timely, the date of resubmission with the correct fee will be considered the date of filing. However, in cases where the fee payment fails due to error of the applicant's bank, as evidenced by an affidavit of an officer of the bank, the date of the original submission will be considered the date of filing.

(b) Applications or filings accompanied by insufficient fees or no fees, or where such applications or filings are made by persons or organizations that are delinquent in fees owed to the Commission, that are inadvertently forwarded to Commission staff for substantive review will be billed for the amount due if the discrepancy is not discovered until after 30 calendar days from the receipt of the application or filing by the Commission. Applications or filings that are accompanied by insufficient fees or no fees will have a penalty charge equaling 25 percent of the amount due added to each bill. Any Commission action taken prior to timely payment of these charges is contingent and subject to rescission.

(c) Applicants to whom a deferral of payment is granted under the terms of this subsection will be billed for the amount due plus a charge equalling 25 percent of the amount due. Any Commission actions taken prior to timely payment of these charges are contingent and subject to rescission.

(d) Failure to submit fees, following notice to the applicant of failure to submit the required fee, is subject to collection of the fee, including interest thereon, any associated penalties, and the full cost of collection to the Federal government pursuant to the provisions of the Debt Collection Improvement Act of 1996 (DCIA), Public Law 104–134, 110 Stat. 1321, 1358 (Apr. 26, 1996), codified at 31 U.S.C. 3711 *et seq*. *See* 47 CFR 1.1901 through 1.1952. §1.1119 Petitions and applications for review.

(a) The fees established by this subpart may be waived or deferred in specific instances where good cause is shown and where waiver or deferral of the fee would promote the public interest.

(b) Requests for waivers or deferrals will only be considered when received from applicants acting in respect to their own applications. Requests for waivers or deferrals of entire classes of services will not be considered.

(c) Petitions for waivers, deferrals, fee determinations, reconsiderations and applications for review will be acted upon by the Managing Director with the concurrence of the General Counsel. All such filings within the scope of the fee rules shall be filed as a separate pleading and clearly marked to the attention of the Managing Director. Any such request that is not filed as a separate pleading will not be considered by the Commission. Requests for deferral of a fee payment for financial hardship must be accompanied by supporting documentation.

(1) Petitions and applications for review submitted with a fee must be submitted to the Commission's lock box bank at the address for the appropriate service set forth in §§1.1102 through 1.1107.

(2) If no fee payment is submitted, the request should be filed with the Commission's Secretary.

(d) Deferrals of fees will be granted for an established period of time not to exceed six months.

(e) Applicants seeking waivers must submit the request for waiver with the application or filing, required fee and FCC Form 159, or a request for deferral. A petition for waiver and/or deferral of payment must be submitted to the Office of the Managing Director as specified in paragraph (c) of this section. Waiver requests that do not include these materials will be dismissed in accordance with §1.1111 of this subpart. Submitted fees will be returned if a waiver is granted. The Commission will not be responsible for delays in acting upon these requests.

(f) Petitions for waiver of a fee based on financial hardship will be subject to the provisions of paragraph 1.1166(e).

§ 1.1157 Payment of charges for regulatory fees.

Payment of a regulatory fee, required under §§ 1.1152 through 1.1156, shall be filed in the following manner:

(a)(1) The amount of the regulatory fee payment that is due with any application for authorization shall be the multiple of the number of years in the entire term of the requested license or other authorization multiplied by the annual fee payment required in the Schedule of Regulatory Fees, effective at the time the application is filed. Except as set forth in § 1.1160, advance payments shall be final and shall not be readjusted during the term of the license or authorization, notwithstanding any subsequent increase or decrease in the annual amount of a fee required under the Schedule of Regulatory Fees.

(2) Failure to file the appropriate regulatory fee due with an application for authorization will result in the return of the accompanying application, including an application for which the Commission has assigned a specific filing deadline.

(b)(1) Payments of standard regulatory fees applicable to certain wireless radio, mass media, common carrier, cable and international services shall be filed in full on an annual basis at a time announced by the Commission or the Managing Director, pursuant to delegated authority, and published in the FEDERAL REGISTER.

(2) Large regulatory fees, as annually defined by the Commission, may be submitted in installment payments or in a single payment on a date certain as announced by the Commission or the Managing Director, pursuant to delegated authority, and published in the FEDERAL REGISTER.

(c) Standard regulatory fee payments, as well as any installment payment, must be filed with a FCC Form 159, FCC Remittance Advice, and a FCC Form 159C, Remittance Advice Continuation Sheet, if additional space is needed. Failure to submit a copy of FCC Form 159 with a standard regulatory fee payment, or an installment payment, will result in the return of the submission and a 25 percent penalty if the payment is resubmitted after the date the Commission establishes for the payment of standard regulatory fees and for any installment payment.

(1) Any late filed regulatory fee payment will be subject to the penalties set forth in section 1.1164.

(2) If one or more installment payments are untimely submitted or not submitted at all, the eligibility of the subject regulatee to submit installment payments may be cancelled.

(d) Any Commercial Mobile Radio Service (CMRS) licensee subject to payment of an annual regulatory fee shall retain for a period of two (2) years from the date on which the regulatory fee is paid, those business records which were used to calculate the amount of the regulatory fee.

[60 FR 34031, June 29, 1995, as amended at 62 FR 59825, Nov. 5, 1997; 67 FR 46306, July 12, 2002]

§ 1.1158 Form of payment for regulatory fees.

Any regulatory fee payment must be submitted in the form of a check, bank draft or money order denominated in U.S. dollars and drawn on a United States financial institution and made payable to the Federal Communications Commission or by Visa, Mastercard, American Express or Discover credit cards only. The Commission discourages applicants from submitting cash payments and will not be responsible for cash sent through the mail. Personal or corporate checks dated more than six months prior to their submission to the Commission's lockbox bank and postdated checks will not be accepted and will be returned as deficient.

(a) Upon authorization from the Commission following a written request, electronic fund transfer (EFT) payment of a regulatory fee may be made as follows:

(1)(i) The payor may instruct its bank to make payment of the regulatory fee directly to the Commission's lockbox bank, or

(ii) The payor may authorize the Commission to direct its lockbox bank to withdraw funds directly from the payor's bank account.

(2) No EFT payment of a regulatory fee will be accepted unless the payor has obtained the written authorization of the Commission to submit regulatory fees electronically. Procedures for electronic payment of regulatory fees will be announced by Public Notice. It is the responsibility of the payor to insure that any electronic payment is made in the manner required by the Commission. Failure to comply with the Commission's procedures for electronic fee payment will result in the return of the fee payment, and a penalty fee of 25 percent if the subsequent refiling of the fee payment is late. Failure to comply will also subject the payor to the penalties set forth in §1.1164.

(b) Multiple payment instruments for a single regulatory fee are not permitted, except that the Commission will accept multiple money orders in payment of any fee where the fee exceeds the maximum amount for a money order established by the issuing entity and the use of multiple money orders is the only practicable means available for payment.

(c) Payment of multiple standard regulatory fees (including an installment payment) due on the same date, may be made with a single payment instrument and cover mass media, common carrier, international, and cable service fee payments. Each regulatee is solely responsible for accurately accounting for and listing each license or authorization and the number of subscribers, access lines, or other relevant units on the accompanying FCC Form 159 and, if needed, FCC Form 159C and for making full payment for every regulatory fee listed on the accompanying form. Any omission or payment deficiency of a regulatory fee will result in a 25 percent penalty of the amount due and unpaid.

(d) Any regulatory fee payment (including a regulatory fee payment submitted with an application in the wireless radio service) made by credit card or money order must be submitted with a completed FCC Form 159. Failure to accurately enter the credit card number and date of expiration and the payor's signature in the appropriate blocks on FCC Form 159 will result in rejection of the credit card payment.

The Commission will not take responsibility for matching fees, forms and applications submitted at different times or locations.

(b) Petitions for reconsideration or applications for review of fee decisions submitted with a standard regulatory fee payment pursuant to §§1.1152 through 1.1156 of the rules are to be filed with the Commission's lockbox bank in the manner set forth in §§1.1152 through 1.1156 for payment of the fee subject to the petition for reconsideration or the application for review. Petitions for reconsideration and applications for review that are submitted with no accompanying payment should be filed with the Secretary, Federal Communications Commission, Attention: Managing Director, Washington, D.C. 20554.

(c) Any request for exemption from a regulatory fee shall be filed with the Secretary, Federal Communications Commission, Attention: Managing Director, Washington, D.C. 20554, except that requests for exemption accompanied by a tentative fee payment shall be filed at the lockbox set forth for the appropriate service in §§1.1152 through 1.1156.

(d) The Commission will furnish a receipt for a regulatory fee payment only

upon request. In order to obtain a receipt for a regulatory fee payment, the package must include an extra copy of the Form FCC 159 or, if a Form 159 is not required with the payment, a copy of the first page of the application or other filing submitted with the regulatory fee payment, submitted expressly for the purpose of serving as a receipt for the regulatory fee payment and application fee payment, if required. The document should be clearly marked ''copy'' and should be the top document in the package. The copy will be date stamped immediately and provided to the bearer of the submission, if hand delivered. For submissions by mail, the receipt copy will be provided through return mail if the filer has attached to the receipt copy a stamped self-addressed envelope of sufficient size to contain the receipt document.

(e) The Managing Director may issue annually, at his discretion, a Public Notice setting forth the names of all commercial regulatees that have paid a regulatory fee and shall publish the Public Notice in the FEDERAL REGISTER.

(ii) When a licensee in the wireless radio service surrenders the license or other authorization subject to a fee payment to the Commission; or

(iii) When the Commission declines to grant an application submitted with a regulatory fee payment.

(3) When a waiver is granted in accordance with §1.1166.

§ 1.1161 Conditional license grants and delegated authorizations.

(a) Grant of any application or an instrument of authorization or other filing for which a regulatory fee is required to accompany the application or filing, will be conditioned upon final payment of the current or delinquent regulatory fees. Final payment shall mean receipt by the U.S. Treasury of funds cleared by the financial institution on which the check, bank draft, money order, credit card (Visa, MasterCard, American Express, or Discover), wire or electronic payment is drawn.

(1) If, prior to a grant of an instrument of authorization, the Commission is notified that final payment of the regulatory fee has not been made, the application or filing:

(i) Will be dismissed and returned;

(ii) Shall lose its place in the processing line; and

(iii) Will not be treated as timely filed if resubmitted after the relevant filing deadline.

(2) If, subsequent to a grant of an instrument of authorization or other filing, the Commission is notified that final payment has not been made, the Commission will:

(i) Automatically rescind that instrument of authorization for failure to meet the condition imposed by this subsection;

(ii) Notify the grantee of this action; and

(iii) Treat as late filed any application resubmitted after the original deadline for filing the application.

(3) Upon receipt of a notification of rescission of the authorization, the grantee will immediately cease operations initiated pursuant to the authorization.

(b) In those instances where the Commission has granted a request for deferred payment of a regulatory fee, further processing of the application or filing or the grant of authority shall be conditioned upon final payment of the regulatory fee and any required penalties for late payment prescribed by the deferral decision. Failure to comply with the terms of the deferral decision shall result in the automatic dismissal of the submission or rescission of the Commission authorization. Further, the Commission shall:

(1) Notify the grantee that the authorization has been rescinded. Upon such notification, the grantee will immediately cease operations initiated pursuant to the authorization; and

(2) Treat as late filed any application resubmitted after the original deadline for filing the application.

(c)(1) Where an applicant is found to be delinquent in the payment of regulatory fees, the Commission will make a written request for the fee, together with any penalties that may be rendered under this subpart. Such request shall inform the regulatee that failure to pay may result in the Commission withholding action on any application or request filed by the applicant. The staff shall also inform the regulatee of the procedures for seeking Commission review of the staff's determination.

(2) If, after final determination that the fee is due or that the applicant is delinquent in the payment of fees and payment is not made in a timely manner, the staff will withhold action on the application or filing until payment or other satisfactory arrangement is made. If payment or satisfactory arrangement is not made within 30 days, the application will be dismissed.

§ 1.1162 General exemptions from regulatory fees.

No regulatory fee established in §§ 1.1152 through 1.1156, unless otherwise qualified herein, shall be required for: (a) Applicants, permittees or licensees in the Amateur Radio Service, *except that* any person requesting a vanity call-sign shall be subject to the payment of a regulatory fee, as prescribed in § 1.1152.

(b) Applicants, permittees, or licensees who qualify as government entities. For purposes of this exemption, a government entity is defined as any state, possession, city, county, town, village, municipal corporation, or similar political organization or subpart thereof controlled by publicly elected or duly appointed public officials exercising sovereign direction and control over their respective communities or programs.

(c) Applicants and permittees who qualify as nonprofit entities. For purposes of this exemption, a nonprofit entity is defined as: an organization duly qualified as a nonprofit, tax exempt entity under section 501 of the Internal Revenue Code, 26 U.S.C. 501; or an entity with current certification as a nonprofit corporation or other nonprofit entity by state or other governmental authority.

(1) Any permittee, licensee or other entity subject to a regulatory fee and claiming an exemption from a regulatory fee based upon its status as a nonprofit entity, as described above, shall file with the Secretary of the Commission (Attn: Managing Director) written documentation establishing the basis for its exemption within 60 days of its coming under the regulatory jurisdiction of the Commission or at the time its fee payment would otherwise be due, whichever is sooner, or at such other time as required by the Managing Director. Acceptable documentation may include Internal Revenue Service determination letters, state or government certifications or other documentation that non-profit status has been approved by a state or other governmental authority. Applicants, permittees and licensees are required to file documentation of their nonprofit status only once, except upon request of the Managing Director.

(2) Within sixty (60) days of a change in nonprofit status, a licensee or permittee previously claiming a 501(C) exemption is required to file with the Secretary of the Commission (Attn: Managing Director) written notice of

such change in its nonprofit status or ownership. Additionally, for-profit purchasers or assignees of a license, station or facility previously licensed or operated by a non-profit entity not subject to regulatory fees must notify the Secretary of the Commission (Attn: Managing Director) of such purchase or reassignment within 60 days of the effective date of the purchase or assignment.

(d) Applicants, permittees or licensees in the Special Emergency Radio and Public Safety Radio services.

(e) Applicants, permittees or licensees of noncommercial educational (NCE) broadcast stations in the FM or TV services, as well as AM applicants, permittees or licensees operating in accordance with §73.503 of this chapter.

(f) Applicants, permittees, or licensees qualifying under paragraph (e) of this section requesting Commission authorization in any other mass media radio service (except the international broadcast (HF) service), wireless radio service, common carrier radio service, or international radio service requiring payment of a regulatory fee, if the service is used in conjunction with their NCE broadcast station on an NCE basis.

(g) Other applicants, permittees or licensees providing, or proposing to provide, a NCE or instructional service, but not qualifying under paragraph (e) of this section, may be exempt from regulatory fees, or be entitled to a refund, in the following circumstances:

(1) The applicant, permittee or licensee is an organization that, like the Public Broadcasting Service or National Public Radio, receives funding directly or indirectly through the Public Broadcasting Fund, 47 U.S.C. 396(k), distributed by the Corporation for Public Broadcasting, where the authorization requested will be used in conjunction with the organization on an NCE basis;

(2) An applicant, permittee or licensee of a translator or low power television station operating or proposing to operate an NCE service who, after grant, provides proof that it has received funding for the construction of the station through the National Telecommunications and Information Administration (NTIA) or other showings as required by the Commission; or

(3) An applicant, permittee, or licensee provided a fee refund under §1.1160 and operating as an NCE station, is exempt from fees for broadcast auxiliary stations (subparts D, E, F, and G of part 74 of this chapter) or stations in the wireless radio, common carrier, or international services where such authorization is to be used in conjunction with the NCE translator or low power station.

(h) An applicant, permittee or licensee that is the licensee in the Educational Broadband Service (EBS) (formerly, Instructional Television Fixed Service (ITFS)) (parts 27 and 74, e.g., §§27.1200, *et seq.*, and 74.832(b), of this chapter) is exempt from regulatory fees where the authorization requested will be used by the applicant in conjunction with the provision of the EBS.

(i) Applications filed in the wireless radio service for the sole purpose of modifying an existing authorization (or a pending application for authorization). However, if the applicant also requests a renewal or reinstatement of its license or other authorization for which the submission of a regulatory fee is required, the appropriate regulatory fee for such additional request must accompany the application.

§1.1163 Adjustments to regulatory fees.

(a) For Fiscal Year 1995, the amounts assessed for regulatory fees are set forth in §§1.1152 through 1.1156.

(b) For Fiscal year 1996 and thereafter, the Schedule of Regulatory Fees, contained in §§1.1152 through 1.1156, may be adjusted annually by the Commission pursuant to section 9 of the Communications Act. 47 U.S.C. 159. Adjustments to the fees established for any category of regulatory fee payment shall include projected cost increases or decreases and an estimate of the volume of licensees or units upon which the regulatory fee is calculated.

(c) The fees assessed shall:

(1) Be derived by determining the full-time equivalent number of employees performing enforcement activities,

policy and rulemaking activities, user information services, and international activities within the Wireline Competition Bureau, Media Bureau, International Bureau and other offices of the Commission, adjusted to take into account factors that are reasonably related to the benefits provided to the payor of the fee by the Commission's activities, including such factors as service coverage area, shared use versus exclusive use, and other factors that the Commission determines are necessary in the public interest;

(2) Be established at amounts that will result in collection, during each fiscal year, of an amount that can reasonably be expected to equal the amount appropriated for such fiscal year for the performance of the activities described in paragraph (c)(1) of this section.

(d) The Commission shall by rule amend the Schedule of Regulatory Fees by proportionate increases or decreases that reflect, in accordance with paragraph (c)(2) of this section, changes in the amount appropriated for the performance of the activities described in paragraph (c)(1) of this section, for such fiscal year. Such proportionate increases or decreases shall be adjusted to reflect unexpected increases or decreases in the number of licensees or units subject to payment of such fees and result in collection of an aggregate amount of fees that will approximately equal the amount appropriated for the subject regulatory activities.

(e) The Commission shall, by rule, amend the Schedule of Regulatory Fees if the Commission determines that the Schedule requires amendment to comply with the requirements of paragraph (c)(1) of this section. In making such amendments, the Commission shall add, delete or reclassify services in the Schedule to reflect additional deletions or changes in the nature of its services as a consequence of Commission rulemaking proceedings or changes in law.

(f) In making adjustments to regulatory fees, the Commission will round such fees to the nearest $5.00 in the case of fees under $1,000.00, or to the nearest $25.00 in the case of fees of $1,000.00 or more.

[60 FR 34033, June 29, 1995, as amended at 67 FR 13224, Mar. 21, 2002]

§ 1.1164 Penalties for late or insufficient regulatory fee payments.

Any late payment or insufficient payment of a regulatory fee, not excused by bank error, shall subject the regulatee to a 25 percent penalty of the amount of the fee of installment payment which was not paid in a timely manner. A timely fee payment or installment payment is one received at the Commission's lockbox bank by the due date specified by the Commission or by the Managing Director. A payment will also be considered late filed if the payment instrument (check, money order, bank draft or credit card) is uncollectible.

(a) The Commission may, in its discretion, following one or more late filed installment payments, require a regulatee to pay the entire balance of its regulatory fee by a date certain, in addition to assessing a 25 percent penalty.

(b) In cases were a fee payment fails due to error by the payor's bank, as evidenced by an affidavit of an officer of the bank, the date of the original submission will be considered the date of filing.

(c) If a regulatory fee is not paid in a timely manner, the regulatee will be notified of its deficiency. This notice will automatically assess a 25 percent penalty, subject the delinquent payor's pending applications to dismissal, and may require a delinquent payor to show cause why its existing instruments of authorization should not be subject to rescission.

(d)(1) Where a regulatee's new, renewal or reinstatement application is required to be filed with a regulatory fee (as is the case with wireless radio services), the application will be dismissed if the regulatory fee is not included with the application package. In the case of a renewal or reinstatement application, the application may not be refiled unless the appropriate regulatory fee plus the 25 percent penalty charge accompanies the refiled application.

(2) If the application that must be accompanied by a regulatory fee is a mutually exclusive application with a filing deadline, or any other application that must be filed by a date certain, the application will be dismissed if not

accompanied by the proper regulatory fee and will be treated as late filed if resubmitted after the original date for filing application.

(e) Any pending or subsequently filed application submitted by a party will be dismissed if that party is determined to be delinquent in paying a standard regulatory fee or an installment payment. The application may be resubmitted only if accompanied by the required regulatory fee and by any assessed penalty payment.

(f) In instances where the Commission may revoke an existing instrument of authorization for failure to file a regulatory fee, the Commission will provide prior notice to the regulatee of such action and shall allow the licensee no less than 60 days to either pay the fee or show cause why the payment assessed is inapplicable or should otherwise be waived or deferred.

(1) An adjudicatory hearing will not be designated unless the response by the regulatee to the Order to Show Cause presents a substantial and material question of fact.

(2) Disposition of the proceeding shall be based upon written evidence only and the burden of proceeding with the introduction of evidence and the burden of proof shall be on the respondent regulatee.

(3) Unless the regulatee substantially prevails in the hearing, the Commission may assess costs for the conduct of the proceeding against the respondent regulatee. *See* 47 U.S.C. 402(b)(5).

(4) Any regulatee failing to submit a regulatory fee, following notice to the regulatee of failure to submit the required fee, is subject to collection of the fee, including interest thereon, any associated penalties, and the full cost of collection to the Federal government pursuant to section 3720A of the Internal Revenue Code, 31 U.S.C. 3717, and to the provisions of the Debt Collection Act, 31 U.S.C. 3717. *See* 47 CFR 1.1901 through 1.1952. The debt collection processes described above may proceed concurrently with any other sanction in this paragraph.

(5) An application or filing by a regulatee that is delinquent in its debt to the Commission is also subject to dismissal under 47 CFR 1.1910.

[60 FR 34034, June 29, 1995, as amended at 69 FR 27848, May 17, 2004; 76 FR 24393, May 2, 2011; 76 FR 49364, Aug. 10, 2011]

§ 1.1165 Payment by cashier's check for regulatory fees.

Payment by cashier's check may be required when a person or organization makes payment, on one or more occasions, with a payment instrument on which the Commission does not receive final payment and such error is not excused by bank error.

[60 FR 34034, June 29, 1995]

§ 1.1166 Waivers, reductions and deferrals of regulatory fees.

The fees established by sections 1.1152 through 1.1156 may be waived, reduced or deferred in specific instances, on a case-by-case basis, where good cause is shown and where waiver, reduction or deferral of the fee would promote the public interest. Requests for waivers, reductions or deferrals of regulatory fees for entire categories of payors will not be considered.

(a) Requests for waivers, reductions or deferrals will be acted upon by the Managing Director with the concurrence of the General Counsel. All such filings within the scope of the fee rules shall be filed as a separate pleading and clearly marked to the attention of the Managing Director. Any such request that is not filed as a separate pleading will not be considered by the Commission.

(1) If the request for waiver, reduction or deferral is accompanied by a fee payment, the request must be submitted to the Commission's lockbox bank at the address for the appropriate service set forth in §§ 1.1152 through 1.1156 of this subpart.

(2) If no fee payment is submitted, the request should be filed with the Commission's Secretary.

(b) Deferrals of fees, if granted, will be for a designated period of time not to exceed six months.

(c) Petitions for waiver of a regulatory fee must be accompanied by the required fee and FCC Form 159. Submitted fees will be returned if a waiver is granted. Waiver requests that do not include the required fees or forms will

be dismissed unless accompanied by a petition to defer payment due to financial hardship, supported by documentation of the financial hardship.

(d) Petitions for reduction of a fee must be accompanied by the full fee payment and Form 159. Petitions for reduction accompanied by a fee payment must be addressed to the Federal Communications Commission, Attention: Petitions, Post Office Box 979084, St. Louis, Missouri, 63197–9000. Petitions for reduction that do not include the required fees or forms will be dismissed unless accompanied by a petition to defer payment due to financial hardship, supported by documentation of the financial hardship.

(e) Petitions for waiver of a fee based on financial hardship, including bankruptcy, will not be granted, even if otherwise consistent with Commission policy, to the extent that the total regulatory and application fees for which waiver is sought exceeds $500,000 in any fiscal year, including regulatory fees due in any fiscal year, but paid prior to the due date. In computing this amount, the amounts owed by an entity and its subsidiaries and other affiliated entities will be aggregated. In cases where the claim of financial hardship is not based on bankruptcy, waiver, partial waiver, or deferral of fees above the $500,000 cap may be considered on a case-by-case basis.

[60 FR 34034, June 29, 1995, as amended at 65 FR 78989, Dec. 18, 2000; 66 FR 36206, July 11, 2001; 68 FR 48469, Aug. 13, 2003; 73 FR 9029, Feb. 19, 2008; 76 FR 49364, Aug. 10, 2011]

§ 1.1167 Error claims related to regulatory fees.

(a) Challenges to determinations or an insufficient regulatory fee payment or delinquent fees should be made in writing. A challenge to a determination that a party is delinquent in paying a standard regulatory fee must be accompanied by suitable proof that the fee had been paid or waived (deferred from payment during the period in question), or by the required regulatory payment and any assessed penalty payment (see §1.1164(c) of this subpart). Challenges submitted with a fee payment must be submitted to address stated on the invoice or billing statement. Challenges not accompanied by a fee payment should be filed with the Commission's Secretary and clearly marked to the attention of the Managing Director or emailed to *ARINQUIRIES@fcc.gov*.

(b) The filing of a petition for reconsideration or an application for review of a fee determination will not relieve licensees from the requirement that full and proper payment of the underlying fee payment be submitted, as required by the Commission's action, or delegated action, on a request for waiver, reduction or deferment. Petitions for reconsideration and applications for review submitted with a fee payment must be submitted to the same location as the original fee payment. Petitions for reconsideration and applications for review not accompanied by a fee payment should be filed with the Commission's Secretary and clearly marked to the attention of the Managing Director.

(1) Failure to submit the fee by the date required will result in the assessment of a 25 percent penalty.

(2) If the fee payment should fail while the Commission is considering the matter, the petition for reconsideration or application for review will be dismissed.

Subpart H—Ex Parte Communications

SOURCE: 52 FR 21052, June 4, 1987, unless otherwise noted.

GENERAL

§ 1.1200 Introduction.

(a) *Purpose.* To ensure the fairness and integrity of its decision-making, the Commission has prescribed rules to regulate *ex parte* presentations in Commission proceedings. These rules specify ''exempt'' proceedings, in which *ex parte* presentations may be made freely (§1.1204(b)), ''permit-but-disclose'' proceedings, in which *ex parte* presentations to Commission decision-making personnel are permissible but subject to certain disclosure requirements (§1.1206), and ''restricted'' proceedings in which *ex parte* presentations to and from Commission decision-making personnel are generally prohibited (§1.1208). In all proceedings, a certain period (''the Sunshine Agenda period'') is designated in which all presentations to Commission decision-making personnel are prohibited (§1.1203). The limitations on *ex parte* presentations described in this section are subject to certain general exceptions set forth in §1.1204(a). Where the public interest so requires in a particular proceeding, the Commission and its staff retain the discretion to modify the applicable *ex parte* rules by order, letter, or public notice. Joint Boards may modify the *ex parte* rules in proceedings before them.

(b) Inquiries concerning the propriety of *ex parte* presentations should be directed to the Office of General Counsel.

[62 FR 15853, Apr. 3, 1997]

§ 1.1202 Definitions.

For the purposes of this subpart, the following definitions apply:

(a) *Presentation.* A communication directed to the merits or outcome of a proceeding, including any attachments to a written communication or documents shown in connection with an oral presentation directed to the merits or outcome of a proceeding. Excluded from this term are communications which are inadvertently or casually made, inquiries concerning compliance with procedural requirements if the procedural matter is not an area of controversy in the proceeding, statements made by decisionmakers that are limited to providing publicly available information about pending proceedings, and inquiries relating solely to the status of a proceeding, including inquiries as to the approximate time that action in a proceeding may be taken. However, a status inquiry which states or implies a view as to the merits or outcome of the proceeding or a preference for a particular party, which states why timing is important to a particular party or indicates a view as to the date by which a proceeding should be resolved, or which otherwise is intended to address the merits or outcome or to influence the timing of a proceeding is a presentation.

NOTE TO PARAGRAPH (a): A communication expressing concern about administrative delay or expressing concern that a proceeding be resolved expeditiously will be treated as a permissible status inquiry so long as no reason is given as to why the proceeding should be expedited other than the need to resolve administrative delay, no view is expressed as to the merits or outcome of the proceeding, and no view is expressed as to a date by which the proceeding

should be resolved. A presentation by a party in a restricted proceeding not designated for hearing requesting action by a particular date or giving reasons that a proceeding should be expedited other than the need to avoid administrative delay (and responsive presentations by other parties) may be made on an ex parte basis subject to the provisions of §1.1204(a)(11).

(b) *Ex parte presentation.* Any presentation which:

(1) If written, is not served on the parties to the proceeding; or

(2) If oral, is made without advance notice to the parties and without opportunity for them to be present.

NOTE TO PARAGRAPH (b): Written communications include electronic submissions transmitted in the form of texts, such as by Internet electronic mail.

(c) *Decision-making personnel.* Any member, officer, or employee of the Commission, or, in the case of a Joint Board, its members or their staffs, who is or may reasonably be expected to be involved in formulating a decision, rule, or order in a proceeding. Any person who has been made a party to a proceeding or who otherwise has been excluded from the decisional process shall not be treated as a decision-maker with respect to that proceeding. Thus, any person designated as part of a separate trial staff shall not be considered a decision-making person in the designated proceeding. Unseparated Bureau or Office staff shall be considered decision-making personnel with respect to decisions, rules, and orders in which their Bureau or Office participates in enacting, preparing, or reviewing.

(d) *Party.* Unless otherwise ordered by the Commission, the following persons are parties:

(1) In a proceeding not designated for hearing, any person who files an application, waiver request, petition, motion, request for a declaratory ruling, or other filing seeking affirmative relief (including a Freedom of Information Act request), and any person (other than an individual viewer or listener filing comments regarding a pending broadcast application or members of Congress or their staffs or branches of the federal government or their staffs) filing a written submission referencing and regarding such pending filing which is served on the filer, or, in the case of an application, any person filing a mutually exclusive application;

NOTE 1 TO PARAGRAPH (d)(1): Persons who file mutually exclusive applications for services that the Commission has announced will be subject to competitive bidding or lotteries shall not be deemed parties with respect to each others' applications merely because their applications are mutually exclusive. Therefore, such applicants may make presentations to the Commission about their own applications provided that no one has become a party with respect to their application by other means, e.g., by filing a petition or other opposition against the applicant or an associated waiver request, if the petition or opposition has been served on the applicant.

(2) Any person who files a complaint or request to revoke a license or other authorization or for an order to show cause which shows that the complainant has served it on the subject of the complaint or which is a formal complaint under 47 U.S.C. 208 and §1.721 of this chapter or 47 U.S.C. 255 and either §§6.21 or 7.21 of this chapter, and the person who is the subject of such a complaint or request that shows service or is a formal complaint under 47 U.S.C. 208 and §1.721 of this chapter or 47 U.S.C. 255 and either §§6.21 or 7.21 of this chapter;

(3) The subject of an order to show cause, hearing designation order, notice of apparent liability, or similar notice or order, or petition for such notice or order;

(4) In a proceeding designated for hearing, any person who has been given formal party status; and

(5) In an informal rulemaking proceeding conducted under section 553 of the Administrative Procedure Act (other than a proceeding for the allotment of a broadcast channel) or a proceeding before a Joint Board or before the Commission to consider the recommendation of a Joint Board, members of the general public after the issuance of a notice of proposed rulemaking or other order as provided under §1.1206(a) (1) or (2).

NOTE 2 TO PARAGRAPH (d): To be deemed a party, a person must make the relevant filing with the Secretary, the relevant Bureau or Office, or the Commission as a whole.

Written submissions made only to the Chairman or individual Commissioners will not confer party status.

NOTE 3 TO PARAGRAPH (d): The fact that a person is deemed a party for purposes of this subpart does not constitute a determination that such person has satisfied any other legal or procedural requirements, such as the operative requirements for petitions to deny or requirements as to timeliness. Nor does it constitute a determination that such person has any other procedural rights, such as the right to intervene in hearing proceedings. The Commission or the staff may also determine in particular instances that persons who qualify as ''parties'' under §1.1202(d) should nevertheless not be deemed parties for purposes of this subpart.

NOTE 4 TO PARAGRAPH (d): Individual listeners or viewers submitting comments regarding a pending broadcast application pursuant to §1.1204(a)(8) will not become parties simply by service of the comments. The Media Bureau may, in its discretion, make such a commenter a party, if doing so would be conducive to the Commission's consideration of the application or would otherwise be appropriate.

NOTE 5 TO PARAGRAPH (d): A member of Congress or his or her staff, or other agencies or branches of the federal government or their staffs will not become a party by service of a written submission regarding a pending proceeding that has not been designated for hearing unless the submission affirmatively seeks and warrants grant of party status.

(e) *Matter designated for hearing.* Any matter that has been designated for hearing before an administrative law judge or which is otherwise designated for hearing in accordance with procedures in 5 U.S.C. 554.

[62 FR 15854, Apr. 3, 1997, as amended at 64 FR 68947, Dec. 9, 1999; 64 FR 72571, Dec. 28, 1999; 65 FR 56261, Sept. 18, 2000; 67 FR 13224, Mar. 21, 2002; 76 FR 24381, May 2, 2011]

SUNSHINE PERIOD PROHIBITION

§ 1.1203 Sunshine period prohibition.

(a) With respect to any Commission proceeding, all presentations to decisionmakers concerning matters listed on a Sunshine Agenda, whether ex parte or not, are prohibited during the period prescribed in paragraph (b) of this section unless:

(1) The presentation is exempt under §1.1204(a);

(2) The presentation relates to settlement negotiations and otherwise complies with any *ex parte* restrictions in this subpart;

(3) The presentation occurs in the course of a widely attended speech or panel discussion and concerns a Commission action in an exempt or a permit-but-disclose proceeding that has been adopted (not including private presentations made on the site of a widely attended speech or panel discussion); or

(4) The presentation is made by a member of Congress or his or her staff, or by other agencies or branches of the Federal government or their staffs in a proceeding exempt under §1.1204 or subject to permit-but-disclose requirements under §1.1206. Except as otherwise provided in §1.1204(a)(6), if the presentation is of substantial significance and clearly intended to affect the ultimate decision, and is made in a permit-but-disclose proceeding, the presentation (or, if oral, a summary of the presentation) must be placed in the record of the proceeding by Commission staff or by the presenter in accordance with the procedures set forth in §1.1206(b).

(b) The prohibition set forth in paragraph (a) of this section begins on the day (including business days and holidays) after the release of a public notice that a matter has been placed on the Sunshine Agenda until the Commission:

(1) Releases the text of a decision or order relating to the matter;

(2) Issues a public notice stating that the matter has been deleted from the Sunshine Agenda; or

(3) Issues a public notice stating that the matter has been returned to the staff for further consideration, whichever occurs first.

(c) The prohibition set forth in paragraph (a) of this section shall not apply to the filing of a written *ex parte* presentation or a memorandum summarizing an oral *ex parte* presentation made on the day before the Sunshine period begins, or a permitted reply thereto.

[62 FR 15855, Apr. 3, 1997, as amended at 64 FR 68947, Dec. 9, 1999; 76 FR 24381, May 2, 2011]

GENERAL EXEMPTIONS

§ 1.1204 Exempt ex parte presentations and proceedings.

(a) *Exempt ex parte presentations.* The following types of presentations are exempt from the prohibitions in restricted proceedings (§ 1.1208), the disclosure requirements in permit-but-disclose proceedings (§ 1.1206), and the prohibitions during the Sunshine Agenda period prohibition (§ 1.1203):

(1) The presentation is authorized by statute or by the Commission's rules to be made without service, see, e.g., § 1.333(d), or involves the filing of required forms;

(2) The presentation is made by or to the General Counsel and his or her staff and concerns judicial review of a matter that has been decided by the Commission;

(3) The presentation directly relates to an emergency in which the safety of life is endangered or substantial loss of property is threatened, provided that, if not otherwise submitted for the record, Commission staff promptly places the presentation or a summary of the presentation in the record and discloses it to other parties as appropriate.

(4) The presentation involves a military or foreign affairs function of the United States or classified security information;

(5) The presentation is to or from an agency or branch of the Federal Government or its staff and involves a matter over which that agency or branch and the Commission share jurisdiction provided that, any new factual information obtained through such a presentation that is relied on by the Commission in its decision-making process will, if not otherwise submitted for the record, be disclosed by the Commission no later than at the time of the release of the Commission's decision;

(6) The presentation is to or from the United States Department of Justice or Federal Trade Commission and involves a communications matter in a proceeding which has not been designated for hearing and in which the relevant agency is not a party or commenter (in an informal rulemaking or Joint board proceeding) *provided that,* any new factual information obtained through such a presentation that is relied on by the Commission in its decision-making process will be disclosed by the Commission no later than at the time of the release of the Commission's decision;

NOTE 1 TO PARAGRAPH (a): Under paragraphs (a)(5) and (a)(6) of this section, information will be relied on and disclosure will be made only after advance coordination with the agency involved in order to ensure that the agency involved retains control over the timing and extent of any disclosure that may have an impact on that agency's jurisdictional responsibilities. If the agency involved does not wish such information to be disclosed, the Commission will not disclose it and will disregard it in its decision-making process, unless it fits within another exemption not requiring disclosure (e.g., foreign affairs). The fact that an agency's views are disclosed under paragraphs (a)(5) and (a)(6) does not preclude further discussions pursuant to, and in accordance with, the exemption.

(7) The presentation is between Commission staff and an advisory coordinating committee member with respect to the coordination of frequency assignments to stations in the private land mobile services or fixed services as authorized by 47 U.S.C. 332;

(8) The presentation is a written presentation made by a listener or viewer of a broadcast station who is not a party under § 1.1202(d)(1), and the presentation relates to a pending application that has not been designated for hearing for a new or modified broadcast station or license, for renewal of a broadcast station license or for assignment or transfer of control of a broadcast permit or license;

(9) The presentation is made pursuant to an express or implied promise of confidentiality to protect an individual from the possibility of reprisal, or there is a reasonable expectation that disclosure would endanger the life or physical safety of an individual;

(10) The presentation is requested by (or made with the advance approval of) the Commission or staff for the clarification or adduction of evidence, or for resolution of issues, including possible settlement, subject to the following limitations:

(i) This exemption does not apply to restricted proceedings designated for hearing;

(ii) In restricted proceedings not designated for hearing, any new written information elicited from such request or a summary of any new oral information elicited from such request shall promptly be served by the person making the presentation on the other parties to the proceeding. Information relating to how a proceeding should or could be settled, as opposed to new information regarding the merits, shall not be deemed to be new information for purposes of this section. The Commission or its staff may waive the service requirement if service would be too burdensome because the parties are numerous or because the materials relating to such presentation are voluminous. If the service requirement is waived, copies of the presentation or summary shall be placed in the record of the proceeding and the Commission or its staff shall issue a public notice which states that copies of the presentation or summary are available for inspection. The Commission or its staff may determine that service or public notice would interfere with the effective conduct of an investigation and dispense with the service and public notice requirements;

(iii) If the presentation is made in a proceeding subject to permit-but-disclose requirements, disclosure of any new written information elicited from such request or a summary of any new oral information elicited from such request must be made in accordance with the requirements of §1.1206(b), provided, however, that the Commission or its staff may determine that disclosure would interfere with the effective conduct of an investigation and dispense with the disclosure requirement. As in paragraph (a)(10)(ii) of this section, information relating to how a proceeding should or could be settled, as opposed to new information regarding the merits, shall not be deemed to be new information for purposes of this section;

NOTE 2 TO PARAGRAPH (a): If the Commission or its staff dispenses with the service or notice requirement to avoid interference with an investigation, a determination will be made in the discretion of the Commission or its staff as to when and how disclosure should be made if necessary. *See Amendment of Subpart H, Part I,* 2 FCC Rcd 6053, 6054 ¶¶10–14 (1987).

(iv) If the presentation is made in a proceeding subject to the Sunshine period prohibition, disclosure must be made in accordance with the requirements of §1.1206(b) or by other adequate means of notice that the Commission deems appropriate;

(v) In situations where new information regarding the merits is disclosed during settlement discussions, and the Commission or staff intends that the product of the settlement discussions will be disclosed to the other parties or the public for comment before any action is taken, the Commission or staff in its discretion may defer disclosure of such new information until comment is sought on the settlement proposal or the settlement discussions are terminated.

(11) The presentation is an oral presentation in a restricted proceeding not designated for hearing requesting action by a particular date or giving reasons that a proceeding should be expedited other than the need to avoid administrative delay. A detailed summary of the presentation shall promptly be filed in the record and served by the person making the presentation on the other parties to the proceeding, who may respond in support or opposition to the request for expedition, including by oral *ex parte* presentation, subject to the same service requirement.

(12) The presentation is between Commission staff and:

(i) The administrator of the interstate telecommunications relay services fund relating to administration of the telecommunications relay services fund pursuant to 47 U.S.C. 225;

(ii) The North American Numbering Plan Administrator or the North American Numbering Plan Billing and Collection Agent relating to the administration of the North American Numbering Plan pursuant to 47 U.S.C. 251(e);

(iii) The Universal Service Administrative Company relating to the administration of universal service support mechanisms pursuant to 47 U.S.C. 254; or

(iv) The Number Portability Administrator relating to the administration of local number portability pursuant to 47 U.S.C. 251(b)(2) and (e), provided that the relevant administrator has not filed comments or otherwise participated as a party in the proceeding;

(v) The TRS Numbering Administrator relating to the administration of the TRS numbering directory pursuant to 47 U.S.C. 225 and 47 U.S.C. 251(e); or

(vi) The Pooling Administrator relating to the administration of thousands-block number pooling pursuant to 47 U.S.C. 251(e).

(b) *Exempt proceedings.* Unless otherwise provided by the Commission or the staff pursuant to §1.1200(a), *ex parte* presentations to or from Commission decision-making personnel are permissible and need not be disclosed with respect to the following proceedings, which are referred to as ''exempt'' proceedings:

(1) A notice of inquiry proceeding;

(2) A petition for rulemaking, except for a petition requesting the allotment of a broadcast channel (see also §1.1206(a)(1)), or other request that the Commission modify its rules, issue a policy statement or issue an interpretive rule, or establish a Joint Board;

(3) A tariff proceeding (including directly associated waiver requests or requests for special permission) prior to it being set for investigation (see also §1.1206(a)(4));

(4) A proceeding relating to prescription of common carrier depreciation rates under section 220(b) of the Communications Act prior to release of a public notice of specific proposed depreciation rates (see also §1.1206(a)(9));

(5) An informal complaint proceeding under 47 U.S.C. 208 and §1.717 of this chapter or 47 U.S.C. 255 and either §§6.17 or 7.17 of this chapter; and

(6) A complaint against a cable operator regarding its rates that is not filed on the standard complaint form required by §76.951 of this chapter (FCC Form 329).

NOTES 1–3 TO PARAGRAPH (b): [Reserved]

NOTE 4 TO PARAGRAPH (b): In the case of petitions for rulemaking that seek Commission preemption of state or local regulatory authority, the petitioner must serve the original petition on any state or local government, the actions of which are specifically cited as a basis for requesting preemption. Service should be made on those bodies within the state or local governments that are legally authorized to accept service of legal documents in a civil context. Such pleadings that are not served will be dismissed without consideration as a defective pleading and treated as a violation of the *ex parte* rules unless the Commission determines that the matter should be entertained by making it part of the record under §1.1212(d) and the parties are so informed.

[62 FR 15855, Apr. 3, 1997, as amended at 64 FR 63251, Nov. 19, 1999; 64 FR 68948, Dec. 9, 1999; 76 FR 24381, May 2, 2011]

NON-RESTRICTED PROCEEDINGS

§1.1206 Permit-but-disclose proceedings.

(a) Unless otherwise provided by the Commission or the staff pursuant to §1.1200(a), until the proceeding is no longer subject to administrative reconsideration or review or to judicial review, *ex parte* presentations (other than *ex parte* presentations exempt under §1.1204(a)) to or from Commission decision-making personnel are permissible in the following proceedings, which are referred to as permit-but-disclose proceedings, provided that *ex parte* presentations to Commission decision-making personnel are disclosed pursuant to paragraph (b) of this section:

NOTE 1 TO PARAGRAPH (a): In the case of petitions for declaratory ruling that seek Commission preemption of state or local regulatory authority and petitions for relief under 47 U.S.C. 332(c)(7)(B)(v), the petitioner must serve the original petition on any state or local government, the actions of which are specifically cited as a basis for requesting preemption. Service should be made on those bodies within the state or local governments that are legally authorized to accept service of legal documents in a civil context. Such pleadings that are not served will be dismissed without consideration as a defective pleading and treated as a violation of the ex parte rules unless the Commission determines that the matter should be entertained by making it part of the record under §1.1212(d) and the parties are so informed.

(1) An informal rulemaking proceeding conducted under section 553 of the Administrative Procedure Act other than a proceeding for the allotment of a broadcast channel, upon release of a Notice of Proposed Rulemaking (see also §1.1204(b)(2));

(2) A proceeding involving a rule change, policy statement or interpretive rule adopted without a Notice of Proposed Rule Making upon release of the order adopting the rule change, policy statement or interpretive rule;

(3) A declaratory ruling proceeding;

(4) A tariff proceeding which has been set for investigation under section 204 or 205 of the Communications Act (including directly associated waiver requests or requests for special permission) (see also §1.1204(b)(4));

(5) Unless designated for hearing, a proceeding under section 214(a) of the Communications Act that does not also involve applications under Title III of the Communications Act (see also §1.1208);

(6) Unless designated for hearing, a proceeding involving an application for a Cable Landing Act license that does not also involve applications under Title III of the Communications Act (see also §1.1208);

(7) A proceeding involving a request for information filed pursuant to the Freedom of Information Act;

NOTE 2 TO PARAGRAPH (a): Where the requested information is the subject of a request for confidentiality, the person filing the request for confidentiality shall be deemed a party.

(8) A proceeding before a Joint Board or a proceeding before the Commission involving a recommendation from a Joint Board;

(9) A proceeding conducted pursuant to section 220(b) of the Communications Act for prescription of common carrier depreciation rates upon release of a public notice of specific proposed depreciation rates (see also §1.1204(b)(4));

(10) A proceeding to prescribe a rate of return for common carriers under section 205 of the Communications Act; and

(11) A cable rate complaint proceeding pursuant to section 623(c) of the Communications Act where the complaint is filed on FCC Form 329.

(12) [Reserved]

(13) Petitions for Commission preemption of authority to review interconnection agreements under §252(e)(5) of the Communications Act and petitions for preemption under §253 of the Communications Act.

NOTE 3 TO PARAGRAPH (a): In a permit-but-disclose proceeding involving only one ''party,'' as defined in §1.1202(d) of this section, the party and the Commission may freely make presentations to each other and need not comply with the disclosure requirements of paragraph (b) of this section.

(b) The following disclosure requirements apply to *ex parte* presentations in permit but disclose proceedings:

(1) *Oral presentations.* A person who makes an oral *ex parte* presentation subject to this section shall submit to the Commission's Secretary a memorandum that lists all persons attending or otherwise participating in the meeting at which the *ex parte* presentation was made, and summarizes all data presented and arguments made during the oral *ex parte* presentation. Memoranda must contain a summary of the substance of the *ex parte* presentation and not merely a listing of the subjects discussed. More than a one or two sentence description of the views and arguments presented is generally required. If the oral *ex parte* presentation consisted in whole or in part of the presentation of data or arguments already reflected in the presenter's written comments, memoranda or other filings in the proceeding, the presenter may provide citations to such data or arguments in his or her prior comments, memoranda, or other filings (specifying the relevant page and/or paragraph numbers where such data or arguments can be found) in lieu of summarizing them in the memorandum.

NOTE TO PARAGRAPH (b)(1): Where, for example, presentations occur in the form of discussion at a widely attended meeting, preparation of a memorandum as specified in the rule might be cumbersome. Under these circumstances, the rule may be satisfied by submitting a transcript or recording of the discussion as an alternative to a memorandum. Likewise, Commission staff in its discretion may file an *ex parte* summary of a multiparty meeting as an alternative to having each participant file a summary.

(2) *Written and oral presentations.* A written *ex parte* presentation and a memorandum summarizing an oral *ex parte* presentation (and cover letter, if any) shall clearly identify the proceeding to which it relates, including the docket number, if any, and must be labeled as an *ex parte* presentation.

Documents shown or given to Commission staff during *ex parte* meetings are deemed to be written *ex parte* presentations and, accordingly, must be filed consistent with the provisions of this section. Consistent with the requirements of §1.49 paragraphs (a) and (f), additional copies of all written *ex parte* presentations and notices of oral *ex parte* presentations, and any replies thereto, shall be mailed, e-mailed or transmitted by facsimile to the Commissioners or Commission employees who attended or otherwise participated in the presentation.

(i) In proceedings governed by §1.49(f) or for which the Commission has made available a method of electronic filing, written *ex parte* presentations and memoranda summarizing oral *ex parte* presentations, and all attachments thereto, shall, when feasible, be filed through the electronic comment filing system available for that proceeding, and shall be filed in a native format (e.g., .doc, .xml, .ppt, searchable .pdf). If electronic filing would present an undue hardship, the person filing must request an exemption from the electronic filing requirement, stating clearly the nature of the hardship, and submitting an original and one copy of the written *ex parte* presentation or memorandum summarizing an oral *ex parte* presentation to the Secretary, with a copy by mail or by electronic mail to the Commissioners or Commission employees who attended or otherwise participated in the presentation.

(ii) *Confidential Information.* In cases where a filer believes that one or more of the documents or portions thereof to be filed should be withheld from public inspection, the filer should file electronically a request that the information not be routinely made available for public inspection pursuant to §0.459 of this chapter. Accompanying any such request, the filer shall include in paper form a copy of the document(s) containing the confidential information, and also shall file electronically a copy of the same document(s) with the confidential information redacted. The redacted document shall be machine-readable whenever technically possible. Where the document to be filed electronically contains metadata that is confidential or protected from disclosure by a legal privilege (including, for example, the attorney-client privilege), the filer may remove such metadata from the document before filing it electronically.

(iii) *Filing dates outside the Sunshine period.* Except as otherwise provided in paragraphs (b)(2)(iv) and (v) of this section, all written *ex parte* presentations and all summaries of oral *ex parte* presentations must be filed no later than two business days after the presentation. As set forth in §1.4(e)(2), a ''business day'' shall not include a holiday (as defined in §1.4(e)(1)). In addition, for purposes of computing time limits under the rules governing *ex parte* presentations, a ''business day'' shall include the full calendar day (*i.e.*, from 12:00 a.m. Eastern Time until 11:59:59 p.m. Eastern Time).

Example: On Tuesday a party makes an *ex parte* presentation in a permit-but-disclose proceeding to a Commissioner. The second business day following the *ex parte* presentation is the following Thursday (absent an intervening holiday). The presenting party must file its *ex parte* notice before the end of the day (11:59:59 p.m.) on Thursday. Similarly, if an *ex parte* presentation is made on Friday, the second business day ordinarily would be the following Tuesday, and the *ex parte* notice must be filed no later than 11:59:59 p.m. on that Tuesday.

(iv) *Filing dates for presentations made on the day that the Sunshine notice is released.* For presentations made on the day the Sunshine notice is released, any written *ex parte* presentation or memorandum summarizing an oral *ex parte* presentation required pursuant to §1.1206 or §1.1208 must be submitted no later than the end of the next business day. Written replies, if any, shall be filed no later than two business days following the presentation, and shall be limited in scope to the specific issues and information presented in the *ex parte* filing to which they respond.

Example: On Tuesday, a party makes an *ex parte* presentation in a permit-but-disclose proceeding to a Commissioner. That same day, the Commission's Secretary releases the Sunshine Agenda for the next Commission meeting and that proceeding appears on the Agenda. The Sunshine period begins as of Wednesday, and therefore the presenting party must file its *ex parte* notice by the end of the day (11:59:59 p.m.) on Wednesday. A

reply would be due by the end of the day (11:59:59 p.m.) on Thursday.

(v) *Filing dates during the Sunshine Period.* If an *ex parte* presentation is made pursuant to an exception to the Sunshine period prohibition, the written *ex parte* presentation or memorandum summarizing an oral *ex parte* presentation required under this paragraph shall be submitted by the end of the same business day on which the *ex parte* presentation was made. The memorandum shall identify plainly on the first page the specific exemption in §1.1203(a) on which the presenter relies, and shall also state the date and time at which any oral *ex parte* presentation was made. Written replies to permissible *ex parte* presentations made pursuant to an exception to the Sunshine period prohibition, if any, shall be filed no later than the next business day following the presentation, and shall be limited in scope to the specific issues and information presented in the *ex parte* filing to which they respond.

Example: On Tuesday, the Commission's Secretary releases the Sunshine Agenda for the next Commission meeting, which triggers the beginning of the Sunshine period on Wednesday. On Thursday, a party makes an *ex parte* presentation to a Commissioner on a proceeding that appears on the Sunshine Agenda. That party must file an *ex parte* notice by the end of the day (11:59:59 p.m.) on Thursday. A reply would be due by the end of the day (11:59:59 p.m.) on Friday.

(vi) If a notice of an oral *ex parte* presentation is incomplete or inaccurate, staff may request the filer to correct any inaccuracies or missing information. Failure by the filer to file a corrected memorandum in a timely fashion as set forth in paragraph (b) of this section, or any other evidence of substantial or repeated violations of the rules on *ex parte* contacts, should be reported to the General Counsel.

(3) Notwithstanding paragraphs (b)(1) and (2) of this section, permit-but-disclose proceedings involving presentations made by members of Congress or their staffs or by an agency or branch of the Federal Government or its staff shall be treated as *ex parte* presentations only if the presentations are of substantial significance and clearly intended to affect the ultimate decision. The Commission staff shall prepare written summaries of any such oral presentations and place them in the record in accordance with paragraph (b) of this section and also place any written presentations in the record in accordance with that paragraph.

(4) *Notice of ex parte presentations.* The Commission's Secretary shall issue a public notice listing any written *ex parte* presentations or written summaries of oral *ex parte* presentations received by his or her office relating to any permit-but-disclose proceeding. Such public notices generally should be released at least twice per week.

NOTE TO PARAGRAPH (b): Interested persons should be aware that some *ex parte* filings, for example, those not filed in accordance with the requirements of this paragraph (b), might not be placed on the referenced public notice. All *ex parte* presentations and memoranda filed under this section will be available for public inspection in the public file or record of the proceeding, and parties wishing to ensure awareness of all filings should review the public file or record.

RESTRICTED PROCEEDINGS

§ 1.1208 Restricted proceedings.

Unless otherwise provided by the Commission or its staff pursuant to §1.1200(a) *ex parte* presentations (other than *ex parte* presentations exempt under §1.1204(a)) to or from Commission decision-making personnel are prohibited in all proceedings not listed as exempt in §1.1204(b) or permit-but-disclose in §1.1206(a) until the proceeding is no longer subject to administrative reconsideration or review or judicial review. Proceedings in which *ex parte* presentations are prohibited, referred to as ''restricted'' proceedings, include, but are not limited to, all proceedings that have been designated for hearing, proceedings involving amendments to the broadcast table of allotments, applications for authority under Title III of the Communications Act, and all waiver proceedings (except for those directly associated with tariff filings). A party making a written or oral presentation in a restricted proceeding, on a non-*ex parte* basis, must file a copy of the presentation or, for

an oral presentation, a summary of the presentation in the record of the proceeding using procedures consistent with those specified in §1.1206.

NOTE 1 TO §1.1208: In a restricted proceeding involving only one ''party,'' as defined in §1.1202(d), the party and the Commission may freely make presentations to each other because there is no other party to be served or with a right to have an opportunity to be present. See §1.1202(b). Therefore, to determine whether presentations are permissible in a restricted proceeding without service or notice and an opportunity for other parties to be present the definition of a ''party'' should be consulted.

Examples: After the filing of an uncontested application or waiver request, the applicant or other filer would be the sole party to the proceeding. The filer would have no other party to serve with or give notice of any presentations to the Commission, and such presentations would therefore not be ''ex parte presentations'' as defined by §1.1202(b) and would not be prohibited. On the other hand, in the example given, because the filer is a party, a third person who wished to make a presentation to the Commission concerning the application or waiver request would have to serve or notice the filer. Further, once the proceeding involved additional ''parties'' as defined by §1.1202(d) (e.g., an opponent of the filer who served the opposition on the filer), the filer and other parties would have to serve or notice all other parties.

NOTE 2 TO §1.1208: Consistent with §1.1200(a), the Commission or its staff may determine that a restricted proceeding not designated for hearing involves primarily issues of broadly applicable policy rather than the rights and responsibilities of specific parties and specify that the proceeding will be conducted in accordance with the provisions of §1.1206 governing permit-but-disclose proceedings.

[62 FR 15857, Apr. 3, 1997, as amended at 64 FR 68948, Dec. 9, 1999; 76 FR 24383, May 2, 2011]

PROHIBITION ON SOLICITATION OF PRESENTATIONS

§1.1210 Prohibition on solicitation of presentations.

No person shall solicit or encourage others to make any improper presentation under the provisions of this section.

[64 FR 68949, Dec. 9, 1999]

PROCEDURES FOR HANDLING OF PROHIBITED EX PARTE PRESENTATIONS

§1.1212 Procedures for handling of prohibited ex parte presentations.

(a) Commission personnel who believe that an oral presentation which is being made to them or is about to be made to them is prohibited shall promptly advise the person initiating the presentation that it is prohibited and shall terminate the discussion.

(b) Commission personnel who receive oral *ex parte* presentations which they believe are prohibited shall forward to the Office of General Counsel a statement containing the following information:

(1) The name of the proceeding;

(2) The name and address of the person making the presentation and that person's relationship (if any) to the parties to the proceeding;

(3) The date and time of the presentation, its duration, and the circumstances under which it was made;

(4) A full summary of the substance of the presentation;

(5) Whether the person making the presentation persisted in doing so after being advised that the presentation was prohibited; and

(6) The date and time that the statement was prepared.

(c) Commission personnel who receive written *ex parte* presentations which they believe are prohibited shall forward them to the Office of General Counsel. If the circumstances in which the presentation was made are not apparent from the presentation itself, a statement describing those circumstances shall be submitted to the Office of General Counsel with the presentation.

(d) Prohibited written *ex parte* presentations and all documentation relating to prohibited written and oral *ex parte* presentations shall be placed in a public file which shall be associated with but not made part of the record of the proceeding to which the presentations pertain. Such materials may be considered in determining the merits of a restricted proceeding only if they are made part of the record and the parties are so informed.

(e) If the General Counsel determines that an *ex parte* presentation or presentation during the Sunshine period is prohibited by this subpart, he or she shall notify the parties to the proceeding that a prohibited presentation has occurred and shall serve on the parties copies of the presentation (if written) and any statements describing the circumstances of the presentation. Service by the General Counsel shall not be deemed to cure any violation of the rules against prohibited *ex parte* presentations.

(f) If the General Counsel determines that service on the parties would be unduly burdensome because the parties to the proceeding are numerous, he or she may issue a public notice in lieu of service. The public notice shall state that a prohibited presentation has been made and may also state that the presentation and related materials are available for public inspection.

(g) The General Counsel shall forward a copy of any statement describing the circumstances in which the prohibited *ex parte* presentation was made to the person who made the presentation. Within ten days thereafter, the person who made the presentation may file with the General Counsel a sworn declaration regarding the presentation and the circumstances in which it was made. The General Counsel may serve copies of the sworn declaration on the parties to the proceeding.

(h) Where a restricted proceeding precipitates a substantial amount of correspondence from the general public, the procedures in paragraphs (c) through (g) of this section will not be followed with respect to such correspondence. The correspondence will be placed in a public file and be made available for public inspection.

[62 FR 15857, Apr. 3, 1997]

§ 1.1214 Disclosure of information concerning violations of this subpart.

Any party to a proceeding or any Commission employee who has substantial reason to believe that any violation of this subpart has been solicited, attempted, or committed shall promptly advise the Office of General Counsel in writing of all the facts and circumstances which are known to him or her.

[62 FR 15858, Apr. 3, 1997]

SANCTIONS

§ 1.1216 Sanctions.

(a) *Parties.* Upon notice and hearing, any party to a proceeding who directly or indirectly violates or causes the violation of any provision of this subpart, or who fails to report the facts and circumstances concerning any such violation as required by this subpart, may be subject to sanctions as provided in paragraph (d) of this section, or disqualified from further participation in that proceeding. In proceedings other than a rulemaking, a party who has violated or caused the violation of any provision of this subpart may be required to show cause why his or her claim or interest in the proceeding should not be dismissed, denied, disregarded, or otherwise adversely affected. In any proceeding, such alternative or additional sanctions as may be appropriate may also be imposed.

(b) *Commission personnel.* Commission personnel who violate provisions of this subpart may be subject to appropriate disciplinary or other remedial action as provided in part 19 of this chapter.

(c) *Other persons.* Such sanctions as may be appropriate under the circumstances shall be imposed upon other persons who violate the provisions of this subpart.

(d) *Penalties.* A party who has violated or caused the violation of any provision of this subpart may be subject to admonishment, monetary forfeiture, or to having his or her claim or interest in the proceeding dismissed, denied, disregarded, or otherwise adversely affected. In any proceeding, such alternative or additional sanctions as may be appropriate also may be imposed. Upon referral from the General Counsel following a finding of an *ex parte* violation pursuant to § 0.251(g) of this chapter, the Enforcement Bureau shall have delegated authority to impose sanctions in such matters pursuant to § 0.111(a)(15) of this chapter.

Subpart I—Procedures Implementing the National Environmental Policy Act of 1969

SOURCE: 51 FR 15000, Apr. 22, 1986, unless otherwise noted.

§ 1.1301 Basis and purpose.

The provisions of this subpart implement Subchapter I of the National Environmental Policy Act of 1969, as amended, 42 U.S.C. 4321–4335.

§ 1.1302 Cross-reference; Regulations of the Council on Environmental Quality.

A further explanation regarding implementation of the National Environmental Policy Act is provided by the regulations issued by the Council on Environmental Quality, 40 CFR 1500–1508.28.

§ 1.1303 Scope.

The provisions of this subpart shall apply to all Commission actions that may or will have a significant impact on the quality of the human environment. To the extent that other provisions of the Commission's rules and regulations are inconsistent with the subpart, the provisions of this subpart shall govern.

[55 FR 20396, May 16, 1990]

§ 1.1304 Information and assistance.

For general information and assistance concerning the provisions of this subpart, the Office of General Counsel may be contacted, (202) 632–6990. For more specific information, the Bureau responsible for processing a specific application should be contacted.

§ 1.1305 Actions which normally will have a significant impact upon the environment, for which Environmental Impact Statements must be prepared.

Any Commission action deemed to have a significant effect upon the quality of the human environment requires the preparation of a Draft Environmental Impact Statement (DEIS) and Final Environmental Impact Statement (FEIS) (collectively referred to as EISs) (*see* §§1.1314, 1.1315 and 1.1317). The Commission has reviewed representative actions and has found no common pattern which would enable it to specify actions that will thus automatically require EISs.

NOTE: Our current application forms refer applicants to §1.1305 to determine if their proposals are such that the submission of environmental information is required (*see* §1.1311). Until the application forms are revised to reflect our new environmental rules, applicants should refer to §1.1307. Section 1.1307 now delineates those actions for which applicants must submit environmental information.

§ 1.1306 Actions which are categorically excluded from environmental processing.

(a) Except as provided in §1.1307 (c) and (d), Commission actions not covered by §1.1307 (a) and (b) are deemed individually and cumulatively to have no significant effect on the quality of the human environment and are categorically excluded from environmental processing.

(b) Specifically, any Commission action with respect to any new application, or minor or major modifications of existing or authorized facilities or equipment, will be categorically excluded, provided such proposals do not:

(1) Involve a site location specified under §1.1307(a) (1)–(7), or

(2) Involve high intensity lighting under §1.1307(a)(8).

(3) Result in human exposure to radiofrequency radiation in excess of the applicable safety standards specified in §1.1307(b).

(c)(1) Unless §1.1307(a)(4) is applicable, the provisions of §1.1307(a) requiring the preparation of EAs do not encompass the construction of wireless facilities, including deployments on new or replacement poles, if:

(i) The facilities will be located in a right-of-way that is designated by a Federal, State, local, or Tribal government for communications towers, above-ground utility transmission or distribution lines, or any associated structures and equipment;

(ii) The right-of-way is in active use for such designated purposes; and

(iii) The facilities would not

(A) Increase the height of the tower or non-tower structure by more than 10% or twenty feet, whichever is greater, over existing support structures

that are located in the right-of-way within the vicinity of the proposed construction;

(B) Involve the installation of more than four new equipment cabinets or more than one new equipment shelter;

(C) Add an appurtenance to the body of the structure that would protrude from the edge of the structure more than twenty feet, or more than the width of the structure at the level of the appurtenance, whichever is greater (except that the deployment may exceed this size limit if necessary to shelter the antenna from inclement weather or to connect the antenna to the tower via cable); or

(D) Involve excavation outside the current site, defined as the area that is within the boundaries of the leased or owned property surrounding the deployment or that is in proximity to the structure and within the boundaries of the utility easement on which the facility is to be deployed, whichever is more restrictive.

(2) Such wireless facilities are subject to §1.1307(b) and require EAs if their construction would result in human exposure to radiofrequency radiation in excess of the applicable health and safety guidelines cited in §1.1307(b).

NOTE 1: The provisions of §1.1307(a) requiring the preparation of EAs do not encompass the mounting of antenna(s) and associated equipment (such as wiring, cabling, cabinets, or backup-power), on or in an existing building, or on an antenna tower or other manmade structure, unless §1.1307(a)(4) is applicable. Such antennas are subject to §1.1307(b) of this part and require EAs if their construction would result in human exposure to radiofrequency radiation in excess of the applicable health and safety guidelines cited in §1.1307(b) of this part. The provisions of §1.1307 (a) and (b) of this part do not encompass the installation of aerial wire or cable over existing aerial corridors of prior or permitted use or the underground installation of wire or cable along existing underground corridors of prior or permitted use, established by the applicant or others. The use of existing buildings, towers or corridors is an environmentally desirable alternative to the construction of new facilities and is encouraged. The provisions of §1.1307(a) and (b) of this part do not encompass the construction of new submarine cable systems.

NOTE 2: The specific height of an antenna tower or supporting structure, as well as the specific diameter of a satellite earth station, in and of itself, will not be deemed sufficient to warrant environmental processing, *see* §1.1307 and §1.1308, except as required by the Bureau pursuant to the Note to §1.1307(d).

NOTE 3: The construction of an antenna tower or supporting structure in an established ''antenna farm'': (*i.e.*, an area in which similar antenna towers are clustered, whether or not such area has been officially designated as an antenna farm), will be categorically excluded unless *one or more of the antennas to be mounted on the tower or structure are subject to the provisions of §1.1307(b) and the additional radiofrequency radiation from the antenna(s) on the new tower or structure* would cause human exposure in excess of the applicable health and safety *guidelines* cited in §1.1307(b).

§1.1307 Actions that may have a significant environmental effect, for which Environmental Assessments (EAs) must be prepared.

(a) Commission actions with respect to the following types of facilities may significantly affect the environment and thus require the preparation of EAs by the applicant (see §§1.1308 and 1.1311) and may require further Commission environmental processing (*see* §§1.1314, 1.1315 and 1.1317):

(1) Facilities that are to be located in an officially designated wilderness area.

(2) Facilities that are to be located in an officially designated wildlife preserve.

(3) Facilities that: (i) May affect listed threatened or endangered species or designated critical habitats; or (ii) are likely to jeopardize the continued existence of any proposed endangered or threatened species or likely to result in the destruction or adverse modification of proposed critical habitats, as determined by the Secretary of the Interior pursuant to the Endangered Species Act of 1973.

NOTE: The list of endangered and threatened species is contained in 50 CFR 17.11, 17.22, 222.23(a) and 227.4. The list of designated critical habitats is contained in 50 CFR 17.95, 17.96 and part 226. To ascertain the status of proposed species and habitats, inquiries may be directed to the Regional Director of the Fish and Wildlife Service, Department of the Interior.

(4)(i) Facilities that may affect districts, sites, buildings, structures or objects, significant in American history, architecture, archeology, engineering or culture, that are listed, or are eligible for listing, in the National Register of Historic Places. (See 16 U.S.C. 470w(5); 36 CFR part 60 and 800.) To ascertain whether a proposed action may affect properties that are listed or eligible for listing in the National Register of Historic Places, an applicant shall follow the procedures set forth in the rules of the Advisory Council on Historic Preservation, 36 CFR part 800, as modified and supplemented by the Nationwide Programmatic Agreement for the Collocation of Wireless Antennas, Appendix B to Part 1 of this Chapter, and the Nationwide Programmatic Agreement Regarding the Section 106 National Historic Preservation Act Review Process, Appendix C to Part 1 of this Chapter.

(ii) The requirements in paragraph (a)(4)(i) of this section do not apply to:

(A) The mounting of antennas (including associated equipment such as wiring, cabling, cabinets, or backup-power) on existing utility structures (including utility poles and electric transmission towers in active use by a ''utility'' as defined in Section 224 of the Communications Act, 47 U.S.C. 224, but not including light poles, lamp posts, and other structures whose primary purpose is to provide public lighting) where the deployment meets the following conditions:

(*1*) All antennas that are part of the deployment fit within enclosures (or if the antennas are exposed, within imaginary enclosures) that are individually no more than three cubic feet in volume, and all antennas on the structure, including any pre-existing antennas on the structure, fit within enclosures (or if the antennas are exposed, within imaginary enclosures) that total no more than six cubic feet in volume;

(*2*) All other wireless equipment associated with the structure, including pre-existing enclosures and including equipment on the ground associated with antennas on the structure, are cumulatively no more than seventeen cubic feet in volume, exclusive of

(*i*) Vertical cable runs for the connection of power and other services;

(*ii*) Ancillary equipment installed by other entities that is outside of the applicant's ownership or control, and

(*iii*) Comparable equipment from pre-existing wireless deployments on the structure;

(*3*) The deployment will involve no new ground disturbance; and

(*4*) The deployment would otherwise require the preparation of an EA under paragraph (a)(4)(i) of this section solely because of the age of the structure; or

(B) The mounting of antennas (including associated equipment such as wiring, cabling, cabinets, or backup-power) on buildings or other non-tower structures where the deployment meets the following conditions:

(*1*) There is an existing antenna on the building or structure;

(*2*) One of the following criteria is met:

(*i*) *Non-Visible Antennas*. The new antenna is not visible from any adjacent streets or surrounding public spaces and is added in the same vicinity as a pre-existing antenna;

(*ii*) *Visible Replacement Antennas*. The new antenna is visible from adjacent streets or surrounding public spaces, provided that

(*A*) It is a replacement for a pre-existing antenna,

(*B*) The new antenna will be located in the same vicinity as the pre-existing antenna,

(*C*) The new antenna will be visible only from adjacent streets and surrounding public spaces that also afford views of the pre-existing antenna,

(*D*) The new antenna is not more than 3 feet larger in height or width (including all protuberances) than the pre-existing antenna, and

(*E*) No new equipment cabinets are visible from the adjacent streets or surrounding public spaces; or

(*iii*) *Other Visible Antennas*. The new antenna is visible from adjacent streets or surrounding public spaces, provided that

(*A*) It is located in the same vicinity as a pre-existing antenna,

(*B*) The new antenna will be visible only from adjacent streets and surrounding public spaces that also afford views of the pre-existing antenna,

(*C*) The pre-existing antenna was not deployed pursuant to the exclusion in

this subsection (§1.1307(a)(4)(ii)(B)(*2*)(*iii*)),

(*D*) The new antenna is not more than three feet larger in height or width (including all protuberances) than the pre-existing antenna, and

(*E*) No new equipment cabinets are visible from the adjacent streets or surrounding public spaces;

(*3*) The new antenna complies with all zoning conditions and historic preservation conditions applicable to existing antennas in the same vicinity that directly mitigate or prevent effects, such as camouflage or concealment requirements;

(*4*) The deployment of the new antenna involves no new ground disturbance; and

(*5*) The deployment would otherwise require the preparation of an EA under paragraph (a)(4) of this section solely because of the age of the structure.

NOTE TO PARAGRAPH (a)(4)(ii): A non-visible new antenna is in the ''same vicinity'' as a pre-existing antenna if it will be collocated on the same rooftop, façade or other surface. A visible new antenna is in the ''same vicinity'' as a pre-existing antenna if it is on the same rooftop, façade, or other surface and the centerpoint of the new antenna is within ten feet of the centerpoint of the pre-existing antenna. A deployment causes no new ground disturbance when the depth and width of previous disturbance exceeds the proposed construction depth and width by at least two feet.

(5) Facilities that may affect Indian religious sites.

(6) Facilities to be located in a flood Plain (*See* Executive Order 11988.)

(7) Facilities whose construction will involve significant change in surface features (e.g., wetland fill, deforestation or water diversion). (In the case of wetlands on Federal property, *see* Executive Order 11990.)

(8) Antenna towers and/or supporting structures that are to be equipped with high intensity white lights which are to be located in residential neighborhoods, as defined by the applicable zoning law.

(b) In addition to the actions listed in paragraph (a) of this section, Commission actions granting construction permits, licenses to transmit or renewals thereof, equipment authorizations or modifications in existing facilities, require the preparation of an Environmental Assessment (EA) if the particular facility, operation or transmitter would cause human exposure to levels of radiofrequency radiation in excess of the limits in §§1.1310 and 2.1093 of this chapter. Applications to the Commission for construction permits, licenses to transmit or renewals thereof, equipment authorizations or modifications in existing facilities must contain a statement confirming compliance with the limits unless the facility, operation, or transmitter is categorically excluded, as discussed below. Technical information showing the basis for this statement must be submitted to the Commission upon request. Such compliance statements may be omitted from license applications for transceivers subject to the certification requirement in §25.129 of this chapter.

(1) The appropriate exposure limits in §§1.1310 and 2.1093 of this chapter are generally applicable to all facilities, operations and transmitters regulated by the Commission. However, a determination of compliance with the exposure limits in §1.1310 or §2.1093 of this chapter (routine environmental evaluation), and preparation of an EA if the limits are exceeded, is necessary only for facilities, operations and transmitters that fall into the categories listed in table 1, or those specified in paragraph (b)(2) of this section. All other facilities, operations and transmitters are categorically excluded from making such studies or preparing an EA, except as indicated in paragraphs (c) and (d) of this section. For purposes of table 1, *building-mounted antennas* means antennas mounted in or on a building structure that is occupied as a workplace or residence. The term *power* in column 2 of table 1 refers to total operating power of the transmitting operation in question in terms of effective radiated power (ERP), equivalent isotropically radiated power (EIRP), or peak envelope power (PEP), as defined in §2.1 of this chapter. For the case of the Cellular Radiotelephone Service, subpart H of part 22 of this chapter; the Personal Communications Service, part 24 of this chapter and the Specialized Mobile Radio Service, part 90 of this chapter, the phrase *total power of all channels* in column 2 of table 1

means the sum of the ERP or EIRP of all co-located simultaneously operating transmitters owned and operated by a single licensee. When applying the criteria of table 1, radiation in all directions should be considered. For the case of transmitting facilities using sectorized transmitting antennas, applicants and licensees should apply the criteria to all transmitting channels in a given sector, noting that for a highly directional antenna there is relatively little contribution to ERP or EIRP summation for other directions.

(2)(i) Mobile and portable transmitting devices that operate in the Commercial Mobile Radio Services pursuant to part 20 of this chapter; the Cellular Radiotelephone Service pursuant to part 22 of this chapter; the Personal Communications Services (PCS) pursuant to part 24 of this chapter; the Satellite Communications Services pursuant to part 25 of this chapter; the Miscellaneous Wireless Communications Services pursuant to part 27 of this chapter; the Maritime Services (ship earth stations only) pursuant to part 80 of this chapter; the Specialized Mobile Radio Service, the 4.9 GHz Band Service, or the 3650 MHz Wireless Broadband Service pursuant to part 90 of this chapter; the Wireless Medical Telemetry Service (WMTS), or the Medical Device Radiocommunication Service (MedRadio) pursuant to part 95 of this chapter; or the Citizens Broadband Radio Service pursuant to part 96 of this chapter are subject to routine environmental evaluation for RF exposure prior to equipment authorization or use, as specified in §§ 2.1091 and 2.1093 of this chapter.

(ii) Unlicensed PCS, unlicensed NII and millimeter wave devices are also subject to routine environmental evaluation for RF exposure prior to equipment authorization or use, as specified in §§ 15.253(f), 15.255(g), 15.257(g), 15.319(i), and 15.407(f) of this chapter.

(iii) Portable transmitting equipment for use in the Wireless Medical Telemetry Service (WMTS) is subject to routine environment evaluation as specified in §§ 2.1093 and 95.1125 of this chapter.

(iv) Equipment authorized for use in the Medical Device Radiocommunication Service (MedRadio) as a medical implant device or body-worn transmitter (as defined in Appendix 1 to subpart E of part 95 of this chapter) is subject to routine environmental evaluation for RF exposure prior to equipment authorization, as specified in §§ 2.1093 and 95.1221 of this chapter by finite difference time

domain (FDTD) computational modeling or laboratory measurement techniques. Where a showing is based on computational modeling, the Commission retains the discretion to request that supporting documentation and/or specific absorption rate (SAR) measurement data be submitted.

(v) All other mobile, portable, and unlicensed transmitting devices are categorically excluded from routine environmental evaluation for RF exposure under §§2.1091, 2.1093 of this chapter except as specified in paragraphs (c) and (d) of this section.

(3) In general, when the guidelines specified in §1.1310 are exceeded in an accessible area due to the emissions from multiple fixed transmitters, actions necessary to bring the area into compliance are the shared responsibility of all licensees whose transmitters produce, at the area in question, power density levels that exceed 5% of the power density exposure limit applicable to their particular transmitter or field strength levels that, when squared, exceed 5% of the square of the electric or magnetic field strength limit applicable to their particular transmitter. Owners of transmitter sites are expected to allow applicants and licensees to take reasonable steps to comply with the requirements contained in §1.1307(b) and, where feasible, should encourage co-location of transmitters and common solutions for controlling access to areas where the RF exposure limits contained in §1.1310 might be exceeded.

(i) Applicants for proposed (not otherwise excluded) transmitters, facilities or modifications that would cause non-compliance with the limits specified in §1.1310 at an accessible area previously in compliance must submit an EA if emissions from the applicant's transmitter or facility would result, at the area in question, in a power density that exceeds 5% of the power density exposure limit applicable to that transmitter or facility or in a field strength that, when squared, exceeds 5% of the square of the electric or magnetic field strength limit applicable to that transmitter or facility.

(ii) Renewal applicants whose (not otherwise excluded) transmitters or facilities contribute to the field strength or power density at an accessible area not in compliance with the limits specified in §1.1310 must submit an EA if emissions from the applicant's transmitter or facility results, at the area in question, in a power density that exceeds 5% of the power density exposure limit applicable to that transmitter or facility or in a field strength that, when squared, exceeds 5% of the square of the electric or magnetic field strength limit applicable to that transmitter of facility.

(c) If an interested person alleges that a particular action, otherwise categorically excluded, will have a significant environmental effect, the person shall submit to the Bureau responsible for processing that action a written petition setting forth in detail the reasons justifying or circumstances necessitating environmental consideration in the decision-making process. (*See* §1.1313). The Bureau shall review the petition and consider the environmental concerns that have been raised. If the Bureau determines that the action may have a significant environmental impact, the Bureau will require the applicant to prepare an EA (*see* §§1.1308 and 1.1311), which will serve as the basis for the determination to proceed with or terminate environmental processing.

(d) If the Bureau responsible for processing a particular action, otherwise categorically excluded, determines that the proposal may have a significant environmental impact, the Bureau, on its own motion, shall require the applicant to submit an EA. The Bureau will review and consider the EA as in paragraph (c) of this section.

NOTE TO PARAGRAPH (d): Pending a final determination as to what, if any, permanent measures should be adopted specifically for the protection of migratory birds, the Bureau shall require an Environmental Assessment for an otherwise categorically excluded action involving a new or existing antenna structure, for which an antenna structure registration application (FCC Form 854) is required under part 17 of this chapter, if the proposed antenna structure will be over 450 feet in height above ground level (AGL) and involves either:

1. Construction of a new antenna structure;

2. Modification or replacement of an existing antenna structure involving a substantial increase in size as defined in paragraph

I(C)(1)(3) of Appendix B to part 1 of this chapter; or

3. Addition of lighting or adoption of a less preferred lighting style as defined in §17.4(c)(1)(iii) of this chapter. The Bureau shall consider whether to require an EA for other antenna structures subject to §17.4(c) of this chapter in accordance with §17.4(c)(8) of this chapter. An Environmental Assessment required pursuant to this note will be subject to the same procedures that apply to any Environmental Assessment required for a proposed tower or modification of an existing tower for which an antenna structure registration application (FCC Form 854) is required, as set forth in §17.4(c) of this chapter.

(e) No State or local government or instrumentality thereof may regulate the placement, construction, and modification of personal wireless service facilities on the basis of the environmental effects of radio frequency emissions to the extent that such facilities comply with the regulations contained in this chapter concerning the environmental effects of such emissions. For purposes of this paragraph:

(1) The term *personal wireless service* means commercial mobile services, unlicensed wireless services, and common carrier wireless exchange access services;

(2) The term *personal wireless service facilities* means facilities for the provision of personal wireless services;

(3) The term *unlicensed wireless services* means the offering of telecommunications services using duly authorized devices which do not require individual licenses, but does not mean the provision of direct-to-home satellite services; and

(4) The term *direct-to-home satellite services* means the distribution or broadcasting of programming or services by satellite directly to the subscriber's premises without the use of ground receiving or distribution equipment, except at the subscriber's premises or in the uplink process to the satellite.

EDITORIAL NOTE: For FEDERAL REGISTER citations affecting §1.1307, see the List of CFR Sections Affected, which appears in the Finding Aids section of the printed volume and at *www.fdsys.gov*.

§1.1308 Consideration of environmental assessments (EAs); findings of no significant impact.

(a) Applicants shall prepare EAs for actions that may have a significant environmental impact (*see* §1.1307). An EA is described in detail in §1.1311 of this part of the Commission rules.

(b) The EA is a document which shall explain the environmental consequences of the proposal and set forth sufficient analysis for the Bureau or the Commission to reach a determination that the proposal will or will not have a significant environmental effect. To assist in making that determination, the Bureau or the Commission may request further information from the applicant, interested persons, and agencies and authorities which have jurisdiction by law or which have relevant expertise.

NOTE: With respect to actions specified under §1.1307 (a)(3) and (a)(4), the Commission shall solicit and consider the comments of the Department of Interior, and the State Historic Preservation Officer and the Advisory Council on Historic Preservation, respectively, in accordance with their established procedures. *See* Interagency Cooperation—Endangered Species Act of 1973, as amended, 50 CFR part 402; Protection of Historic and Cultural Properties, 36 CFR part 800. In addition, when an action interferes with or adversely affects an American Indian tribe's religious site, the Commission shall solicit the views of that American Indian tribe. *See* §1.1307(a)(5).

(c) If the Bureau or the Commission determines, based on an independent review of the EA and any applicable mandatory consultation requirements imposed upon Federal agencies (*see* note above), that the proposal will have a significant environmental impact upon the quality of the human environment, it will so inform the applicant. The applicant will then have an opportunity to amend its application so as to reduce, minimize, or eliminate environmental problems. *See* §1.1309. If the environmental problem is not eliminated, the Bureau will publish in the FEDERAL REGISTER a Notice of Intent (*see* §1.1314) that EISs will be prepared (*see* §§1.1315 and 1.1317), or

(d) If the Bureau or Commission determines, based on an independent review of the EA, and any mandatory consultation requirements imposed

upon Federal agencies (*see* the note to paragraph (b) of this section), that the proposal would not have a significant impact, it will make a finding of no significant impact. Thereafter, the application will be processed without further documentation of environmental effect. Pursuant to CEQ regulations, *see* 40 CFR 1501.4 and 1501.6, the applicant must provide the community notice of the Commission's finding of no significant impact.

§ 1.1309 Application amendments.

Applicants are permitted to amend their applications to reduce, minimize or eliminate potential environmental problems. As a routine matter, an applicant will be permitted to amend its application within thirty (30) days after the Commission or the Bureau informs the applicant that the proposal will have a significant impact upon the quality of the human environment (*see* §1.1308(c)). The period of thirty (30) days may be extended upon a showing of good cause.

§ 1.1310 Radiofrequency radiation exposure limits.

(a) Specific absorption rate (SAR) shall be used to evaluate the environmental impact of human exposure to radiofrequency (RF) radiation as specified in §1.1307(b) within the frequency range of 100 kHz to 6 GHz (inclusive).

(b) The SAR limits for occupational/controlled exposure are 0.4 W/kg, as averaged over the whole body, and a peak spatial-average SAR of 8 W/kg, averaged over any 1 gram of tissue (defined as a tissue volume in the shape of a cube). Exceptions are the parts of the human body treated as extremities, such as hands, wrists, feet, ankles, and pinnae, where the peak spatial-average SAR limit for occupational/controlled exposure is 20 W/kg, averaged over any 10 grams of tissue (defined as a tissue volume in the shape of a cube). Exposure may be averaged over a time period not to exceed 6 minutes to determine compliance with occupational/controlled SAR limits.

(c) The SAR limits for general population/uncontrolled exposure are 0.08 W/kg, as averaged over the whole body, and a peak spatial-average SAR of 1.6 W/kg, averaged over any 1 gram of tissue (defined as a tissue volume in the shape of a cube). Exceptions are the parts of the human body treated as extremities, such as hands, wrists, feet, ankles, and pinnae, where the peak spatial-average SAR limit is 4 W/kg, averaged over any 10 grams of tissue (defined as a tissue volume in the shape of a cube). Exposure may be averaged over a time period not to exceed 30 minutes to determine compliance with general population/uncontrolled SAR limits.

(d)(1) Evaluation with respect to the SAR limits in this section and in §2.1093 of this chapter must demonstrate compliance with both the whole-body and peak spatial-average limits using technically supportable methods and exposure conditions in advance of authorization (licensing or equipment certification) and in a manner that permits independent assessment.

(2) At operating frequencies less than or equal to 6 GHz, the limits for maximum permissible exposure (MPE), derived from whole-body SAR limits and listed in Table 1 of paragraph (e) of this section, may be used instead of whole-body SAR limits as set forth in paragraph (a) through (c) of this section to evaluate the environmental impact of human exposure to RF radiation as specified in §1.1307(b), except for portable devices as defined in §2.1093 as these evaluations shall be performed according to the SAR provisions in §2.1093 of this chapter.

(3) At operating frequencies above 6 GHz, the MPE limits shall be used in all cases to evaluate the environmental impact of human exposure to RF radiation as specified in §1.1307(b).

(4) Both the MPE limits listed in Table 1 of paragraph (e) of this section and the SAR limits as set forth in paragraph (a) through (c) of this section and in §2.1093 of this chapter are for continuous exposure, that is, for indefinite time periods. Exposure levels higher than the limits are permitted for shorter exposure times, as long as the average exposure over the specified averaging time in Table 1 is less than the limits. Detailed information on our

policies regarding procedures for evaluating compliance with all of these exposure limits can be found in the FCC's *OET Bulletin 65*, ''Evaluating Compliance with FCC Guidelines for Human Exposure to Radiofrequency Electromagnetic Fields,'' and in supplements to *Bulletin 65*, all available at the FCC's Internet Web site: *http://www.fcc.gov/oet/rfsafety*.

Note to paragraphs (a) through (d): SAR is a measure of the rate of energy absorption due to exposure to RF electromagnetic energy. The SAR limits to be used for evaluation are based generally on criteria published by the American National Standards Institute (ANSI) for localized SAR in §4.2 of ''IEEE Standard for Safety Levels with Respect to Human Exposure to Radio Frequency Electromagnetic Fields, 3 kHz to 300 GHz,'' ANSI/IEEE Std C95.1–1992, copyright 1992 by the Institute of Electrical and Electronics Engineers, Inc., New York, New York 10017. The criteria for SAR evaluation are similar to those recommended by the National Council on Radiation Protection and Measurements (NCRP) in ''Biological Effects and Exposure Criteria for Radiofrequency Electromagnetic Fields,'' NCRP Report No. 86, §17.4.5, copyright 1986 by NCRP, Bethesda, Maryland 20814. Limits for whole body SAR and peak spatial-average SAR are based on recommendations made in both of these documents. The MPE limits in Table 1 are based generally on criteria published by the NCRP in ''Biological Effects and Exposure Criteria for Radiofrequency Electromagnetic Fields,'' NCRP Report No. 86, §§17.4.1, 17.4.1.1, 17.4.2 and 17.4.3, copyright 1986 by NCRP, Bethesda, Maryland 20814. In the frequency range from 100 MHz to 1500 MHz, these MPE exposure limits for field strength and power density are also generally based on criteria recommended by the ANSI in §4.1 of ''IEEE Standard for Safety Levels with Respect to Human Exposure to Radio Frequency Electromagnetic Fields, 3 kHz to 300 GHz,'' ANSI/IEEE Std C95.1–1992, copyright 1992 by the Institute of Electrical and Electronics Engineers, Inc., New York, New York 10017.

(e) Table 1 below sets forth limits for Maximum Permissible Exposure (MPE) to radiofrequency electromagnetic fields.

(1) Occupational/controlled exposure limits apply in situations in which persons are exposed as a consequence of their employment provided those persons are fully aware of the potential for exposure and can exercise control over their exposure. Limits for occupational/controlled exposure also apply in situations when a person is transient through a location where occupational/controlled limits apply provided he or she is made aware of the potential for exposure. The phrase *fully aware* in the context of applying these exposure limits means that an exposed person has received written and/or verbal information fully explaining the potential for RF exposure resulting from his or her

employment. With the exception of *transient* persons, this phrase also means that an exposed person has received appropriate training regarding work practices relating to controlling or mitigating his or her exposure. Such training is not required for *transient* persons, but they must receive written and/or verbal information and notification (for example, using signs) concerning their exposure potential and appropriate means available to mitigate their exposure. The phrase *exercise control* means that an exposed person is allowed to and knows how to reduce or avoid exposure by administrative or engineering controls and work practices, such as use of personal protective equipment or time averaging of exposure.

(2) General population/uncontrolled exposure limits apply in situations in which the general public may be exposed, or in which persons who are exposed as a consequence of their employment may not be fully aware of the potential for exposure or cannot exercise control over their exposure.

(3) Licensees and applicants are responsible for compliance with both the occupational/controlled exposure limits and the general population/uncontrolled exposure limits as they apply to transmitters under their jurisdiction. Licensees and applicants should be aware that the occupational/controlled exposure limits apply especially in situations where workers may have access to areas in very close proximity to antennas and access to the general public may be restricted.

(4) In lieu of evaluation with the general population/uncontrolled exposure limits, amateur licensees authorized under part 97 of this chapter and members of his or her immediate household may be evaluated with respect to the occupational/controlled exposure limits in this section, provided appropriate training and information has been provided to the amateur licensee and members of his/her household. Other nearby persons who are not members of the amateur licensee's household must be evaluated with respect to the general population/uncontrolled exposure limits.

§ 1.1311 Environmental information to be included in the environmental assessment (EA).

(a) The applicant shall submit an EA with each application that is subject to environmental processing (*see* § 1.1307). The EA shall contain the following information:

(1) For antenna towers and satellite earth stations, a description of the facilities as well as supporting structures and appurtenances, and a description of the site as well as the surrounding area and uses. If high intensity white lighting is proposed or utilized within a residential area, the EA must also address the impact of this lighting upon the residents.

(2) A statement as to the zoning classification of the site, and communications with, or proceedings before and determinations (if any) made by zoning, planning, environmental or other local, state or Federal authorities on matters relating to environmental effect.

(3) A statement as to whether construction of the facilities has been a source of controversy on environmental grounds in the local community.

(4) A discussion of environmental and other considerations which led to the selection of the particular site and, if relevant, the particular facility; the nature and extent of any unavoidable adverse environmental effects, and any alternative sites or facilities which have been or might reasonably be considered.

(5) Any other information that may be requested by the Bureau or Commission.

(6) If endangered or threatened species or their critical habitats may be affected, the applicant's analysis must utilize the best scientific and commercial data available, *see* 50 CFR 402.14(c).

(b) The information submitted in the EA shall be factual (not argumentative or conclusory) and concise with sufficient detail to explain the environmental consequences and to enable the Commission or Bureau, after an independent review of the EA, to reach a determination concerning the proposal's environmental impact, if any. The EA shall deal specifically with any

feature of the site which has special environmental significance (e.g., wilderness areas, wildlife preserves, natural migration paths for birds and other wildlife, and sites of historic, architectural, or archeological value). In the case of historically significant sites, it shall specify the effect of the facilities on any district, site, building, structure or object listed, or eligible for listing, in the National Register of Historic Places. It shall also detail any substantial change in the character of the land utilized (e.g., deforestation, water diversion, wetland fill, or other extensive change of surface features). In the case of wilderness areas, wildlife preserves, or other like areas, the statement shall discuss the effect of any continuing pattern of human intrusion into the area (e.g., necessitated by the operation and maintenance of the facilities).

(c) The EA shall also be accompanied with evidence of site approval which has been obtained from local or Federal land use authorities.

(d) To the extent that such information is submitted in another part of the application, it need not be duplicated in the EA, but adequate cross-reference to such information shall be supplied.

(e) An EA need not be submitted to the Commission if another agency of the Federal Government has assumed responsibility for determining whether of the facilities in question will have a significant effect on the quality of the human environment and, if it will, for invoking the environmental impact statement process.

[51 FR 15000, Apr. 22, 1986, as amended at 51 FR 18889, May 23, 1986; 53 FR 28394, July 28, 1988]

§ 1.1312 Facilities for which no preconstruction authorization is required.

(a) In the case of facilities for which no Commission authorization prior to construction is required by the Commission's rules and regulations the licensee or applicant shall initially ascertain whether the proposed facility may have a significant environmental impact as defined in § 1.1307 of this part or is categorically excluded from environmental processing under § 1.1306 of this part.

(b) If a facility covered by paragraph (a) of this section may have a significant environmental impact, the information required by § 1.1311 of this part shall be submitted by the licensee or applicant and ruled on by the Commission, and environmental processing (if invoked) shall be completed, see § 1.1308 of this part, prior to the initiation of construction of the facility.

(c) If a facility covered by paragraph (a) of this section is categorically excluded from environmental processing, the licensee or applicant may proceed with construction and operation of the facility in accordance with the applicable licensing rules and procedures.

(d) If, following the initiation of construction under this section, the licensee or applicant discovers that the proposed facility may have a significant environmental effect, it shall immediately cease construction which may have that effect, and submit the information required by § 1.1311 of this part. The Commission shall rule on that submission and complete further environmental processing (if invoked), see § 1.1308 of this part, before such construction is resumed.

(e) Paragraphs (a) through (d) of this section shall not apply to the construction of mobile stations.

[55 FR 20396, May 16, 1990, as amended at 56 FR 13414, Apr. 2, 1991]

§ 1.1313 Objections.

(a) In the case of an application to which section 309(b) of the Communications Act applies, objections based on environmental considerations shall be filed as petitions to deny.

(b) Informal objections which are based on environmental considerations must be filed prior to grant of the construction permit, or prior to authorization for facilities that do not require construction permits, or pursuant to the applicable rules governing services subject to lotteries.

§ 1.1314 Environmental impact statements (EISs).

(a) Draft Environmental Impact Statements (DEISs) (§ 1.1315) and Final Environmental Impact Statements (FEISs) (referred to collectively as EISs) (§ 1.1317) shall be prepared by the Bureau responsible for processing the

proposal when the Commission's or the Bureau's analysis of the EA (§1.1308) indicates that the proposal will have a significant effect upon the environment and the matter has not been resolved by an amendment.

(b) As soon as practically feasible, the Bureau will publish in the FEDERAL REGISTER a Notice of Intent to prepare EISs. The Notice shall briefly identify the proposal, concisely describe the environmental issues and concerns presented by the subject application, and generally invite participation from affected or involved agencies, authorities and other interested persons.

(c) The EISs shall not address non-environmental considerations. To safeguard against repetitive and unnecessarily lengthy documents, the Statements, where feasible, shall incorporate by reference material set forth in previous documents, with only a brief summary of its content. In preparing the EISs, the Bureau will identify and address the significant environmental issues and eliminate the insignificant issues from analysis.

(d) To assist in the preparation of the EISs, the Bureau may request further information from the applicant, interested persons and agencies and authorities, which have jurisdiction by law or which have relevant expertise. The Bureau may direct that technical studies be made by the applicant and that the applicant obtain expert opinion concerning the potential environmental problems and costs associated with the proposed action, as well as comparative analyses of alternatives. The Bureau may also consult experts in an effort to identify measures that could be taken to minimize the adverse effects and alternatives to the proposed facilities that are not, or are less, objectionable. The Bureau may also direct that objections be raised with appropriate local, state or Federal land use agencies or authorities (if their views have not been previously sought).

(e) The Bureau responsible for processing the particular application and, thus, preparing the EISs shall draft supplements to Statements where significant new circumstances occur or information arises relevant to environmental concerns and bearing upon the application.

(f) The Application, the EA, the DEIS, and the FEIS and all related documents, including the comments filed by the public and any agency, shall be part of the administrative record and will be routinely available for public inspection.

(g) If EISs are to be prepared, the applicant must provide the community with notice of the availability of environmental documents and the scheduling of any Commission hearings in that action.

(h) The timing of agency action with respect to applications subject to EISs is set forth in 40 CFR 1506.10. No decision shall be made until ninety (90) days after the Notice of Availability of the Draft Environmental Impact Statement is published in the Federal Register, and thirty (30) days after the Notice of Availability of the Final Environmental Impact Statement is published in the FEDERAL REGISTER, which time period may run concurrently, *See* 40 CFR 1506.10(c); *see also* §§1.1315(b) and 1.1317(b).

(i) Guidance concerning preparation of the Draft and Final Environmental Statements is set out in 40 CFR part 1502.

[51 FR 15000, Apr. 22, 1986, as amended at 53 FR 28394, July 28, 1988]

§1.1315 The Draft Environmental Impact Statement (DEIS); Comments.

(a) The DEIS shall include:

(1) A concise description of the proposal, the nature of the area affected, its uses, and any specific feature of the area that has special environmental significance;

(2) An analysis of the proposal, and reasonable alternatives exploring the important consequent advantages and/or disadvantages of the action and indicating the direct and indirect effects and their significance in terms of the short and long-term uses of the human environment.

(b) When a DEIS and supplements, if any, are prepared, the Commission shall send five copies of the Statement, or a summary, to the Office of Federal Activities, Environmental Protection Agency. Additional copies, or summaries, will be sent to the appropriate regional office of the Environmental Protection Agency. Public Notice of

the availability of the DEIS will be published in the FEDERAL REGISTER by the Environmental Protection Agency.

(c) When copies or summaries of the DEIS are sent to the Environmental Protection Agency, the copies or summaries will be mailed with a request for comment to Federal agencies having jurisdiction by law or special expertise, to the Council on Environmental Quality, to the applicant, to individuals, groups and state and local agencies known to have an interest in the environmental consequences of a grant, and to any other person who has requested a copy.

(d) Any person or agency may comment on the DEIS and the environmental effect of the proposal described therein within 45 days after notice of the availability of the statement is published in the FEDERAL REGISTER. A copy of those comments shall be mailed to the applicant by the person who files them pursuant to 47 CFR 1.47. An original and one copy shall be filed with the Commission. If a person submitting comments is especially qualified in any way to comment on the environmental impact of the facilities, a statement of his or her qualifications shall be set out in the comments. In addition, comments submitted by an agency shall identify the person(s) who prepared them.

(e) The applicant may file reply comments within 15 days after the time for filing comments has expired. Reply comments shall be filed with the Commission in the same manner as comments, and shall be served by the applicant on persons or agencies which filed comments.

(f) The preparation of a DEIS and the request for comments shall not open the application to attack on other grounds.

§ 1.1317 The Final Environmental Impact Statement (FEIS).

(a) After receipt of comments and reply comments, the Bureau will prepare a FEIS, which shall include a summary of the comments, and a response to the comments, and an analysis of the proposal in terms of its environmental consequences, and any reasonable alternatives, and recommendations, if any, and shall cite the Commission's internal appeal procedures (*See* 47 CFR 1.101–1.117).

(b) The FEIS and any supplements will be distributed and published in the same manner as specified in §1.1315. Copies of the comments and reply comments, or summaries thereof where the record is voluminous, shall be attached to the FEIS.

[51 FR 15000, Apr. 22, 1986, as amended at 76 FR 70909, Nov. 16, 2011]

§ 1.1319 Consideration of the environmental impact statements.

(a) If the action is subject to a hearing:

(1) In rendering his initial decision, the Administrative Law Judge shall utilize the FEIS in considering the environmental issues, together with all other non-environmental issues. In a comparative context, the respective parties shall be afforded the opportunity to comment on the FEIS, and the Administrative Law Judge's decision shall contain an evaluation of the respective applications based on environmental and non-environmental public interest factors.

(2) Upon review of an initial decision, the Commission will consider and assess all aspects of the FEIS and will render its decision, giving due consideration to the environmental and non-environmental issues.

(b) In all non-hearing matters, the Commission, as part of its decision-making process, will review the FEIS, along with other relevant issues, to ensure that the environmental effects are specifically assessed and given comprehensive consideration.

Subpart J—Pole Attachment Complaint Procedures

SOURCE: 43 FR 36094, Aug. 15, 1978, unless otherwise noted.

§ 1.1401 Purpose.

The rules and regulations contained in subpart J of this part provide complaint and enforcement procedures to ensure that telecommunications carriers and cable system operators have nondiscriminatory access to utility

poles, ducts, conduits, and rights-of-way on rates, terms, and conditions that are just and reasonable. They also provide complaint and enforcement procedures for incumbent local exchange carriers (as defined in 47 U.S.C. 251(h)) to ensure that the rates, terms, and conditions of their access to pole attachments are just and reasonable.

[76 FR 26638, May 9, 2011]

§ 1.1402 Definitions.

(a) The term *utility* means any person that is a local exchange carrier or an electric, gas, water, steam, or other public utility, and who owns or controls poles, ducts, conduits, or rights-of-way used, in whole or in part, for any wire communications. Such term does not include any railroad, any person that is cooperatively organized, or any person owned by the Federal Government or any State.

(b) The term *pole attachment* means any attachment by a cable television system or provider of telecommunications service to a pole, duct, conduit, or right-of-way owned or controlled by a utility.

(c) With respect to poles, the term *usable space* means the space on a utility pole above the minimum grade level which can be used for the attachment of wires, cables, and associated equipment, and which includes space occupied by the utility. With respect to conduit, the term *usable space* means capacity within a conduit system which is available, or which could, with reasonable effort and expense, be made available, for the purpose of installing wires, cable and associated equipment for telecommunications or cable services, and which includes capacity occupied by the utility.

(d) The term *complaint* means a filing by a cable television system operator, a cable television system association, a utility, an association of utilities, a telecommunications carrier, or an association of telecommunications carriers alleging that it has been denied access to a utility pole, duct, conduit, or right-of-way in violation of this subpart and/or that a rate, term, or condition for a pole attachment is not just and reasonable. It also means a filing by an incumbent local exchange carrier (as defined in 47 U.S.C. 251(h)) or an association of incumbent local exchange carriers alleging that a rate, term, or condition for a pole attachment is not just and reasonable.

(e) The term *complainant* means a cable television system operator, a cable television system association, a utility, an association of utilities, a telecommunications carrier, an association of telecommunications carriers, an incumbent local exchange carrier (as defined in 47 U.S.C. 251(h)) or an association of incumbent local exchange carriers who files a complaint.

(f) The term *respondent* means a cable television system operator, a utility, or a telecommunications carrier against whom a complaint is filed.

(g) The term *State* means any State, territory, or possession of the United States, the District of Columbia, or any political subdivision, agency, or instrumentality thereof.

(h) For purposes of this subpart, the term *telecommunications carrier* means any provider of telecommunications services, except that the term does not include aggregators of telecommunications services (as defined in 47 U.S.C. 226) or incumbent local exchange carriers (as defined in 47 U.S.C. 251(h)).

(i) The term *conduit* means a structure containing one or more ducts, usually placed in the ground, in which cables or wires may be installed.

(j) The term *conduit* system means a collection of one or more conduits together with their supporting infrastructure.

(k) The term *duct* means a single enclosed raceway for conductors, cable and/or wire.

(l) With respect to poles, the term *unusable space* means the space on a utility pole below the usable space, including the amount required to set the depth of the pole.

(m) The term *attaching entity* includes cable system operators, telecommunications carriers, incumbent and other local exchange carriers, utilities, governmental entities and other entities with a physical attachment to the pole, duct, conduit or right of way. It does not include governmental entities with only seasonal attachments to the pole.

(n) The term *inner-duct* means a duct-like raceway smaller than a duct that

is inserted into a duct so that the duct may carry multiple wires or cables.

§ 1.1403 Duty to provide access; modifications; notice of removal, increase or modification; petition for temporary stay; and cable operator notice.

(a) A utility shall provide a cable television system or any telecommunications carrier with nondiscriminatory access to any pole, duct, conduit, or right-of-way owned or controlled by it. Notwithstanding this obligation, a utility may deny a cable television system or any telecommunications carrier access to its poles, ducts, conduits, or rights-of-way, on a non-discriminatory basis where there is insufficient capacity or for reasons of safety, reliability and generally applicable engineering purposes.

(b) Requests for access to a utility's poles, ducts, conduits or rights-of-way by a telecommunications carrier or cable operator must be in writing. If access is not granted within 45 days of the request for access, the utility must confirm the denial in writing by the 45th day. The utility's denial of access shall be specific, shall include all relevant evidence and information supporting its denial, and shall explain how such evidence and information relate to a denial of access for reasons of lack of capacity, safety, reliability or engineering standards.

(c) A utility shall provide a cable television system operator or telecommunications carrier no less than 60 days written notice prior to:

(1) Removal of facilities or termination of any service to those facilities, such removal or termination arising out of a rate, term or condition of the cable television system operator's of telecommunications carrier's pole attachment agreement;

(2) Any increase in pole attachment rates; or

(3) Any modification of facilities other than routine maintenance or modification in response to emergencies.

(d) A cable television system operator or telecommunications carrier may file a ''Petition for Temporary Stay'' of the action contained in a notice received pursuant to paragraph (c) of this section within 15 days of receipt of such notice. Such submission shall not be considered unless it includes, in concise terms, the relief sought, the reasons for such relief, including a showing of irreparable harm and likely cessation of cable television service or telecommunication service, a copy of the notice, and certification of service as required by §1.1404(b). The named respondent may file an answer within 7 days of the date the Petition for Temporary Stay was filed. No further filings under this section will be considered unless requested or authorized by the Commission and no extensions of time will be granted unless justified pursuant to §1.46.

(e) Cable operators must notify pole owners upon offering telecommunications services.

[61 FR 45618, Aug. 29, 1996, as amended at 63 FR 12025, Mar. 12, 1998; 79 FR 73847, Dec. 12, 2014]

§ 1.1404 Complaint.

(a) The complaint shall contain the name, address, telephone number, and email address of the complainant; name, address, telephone number, and email address of the respondent; and a verification (in accordance with the requirements of §1.52), signed by the complainant or officer thereof if complainant is a corporation, showing complainant's direct interest in the matter complained of. Counsel for the complainant may sign the complaint. Complainants may join together to file a joint complaint. Complaints filed by associations shall specifically identify each utility, cable television system operator, or telecommunications carrier who is a party to the complaint and shall be accompanied by a document from each identified member certifying that the complaint is being filed on its behalf.

(b) The complaint shall be accompanied by a certification of service on the named respondent, and each of the Federal, State, and local governmental agencies that regulate any aspect of

the services provided by the complainant or respondent.

(c) In a case where it is claimed that a rate, term, or condition is unjust or unreasonable, the complaint shall contain a statement that the State has not certified to the Commission that it regulates the rates, terms and conditions for pole attachments. The complaint shall include a statement that the utility is not owned by any railroad, any person who is cooperatively organized or any person owned by the Federal Government or any State.

(d) The complaint shall be accompanied by a copy of the pole attachment agreement, if any, between the cable system operator or telecommunications carrier and the utility. If there is no present pole attachment agreement, the complaint shall contain:

(1) A statement that the utility uses or controls poles, ducts, or conduits used or designated, in whole or in part, for wire communication; and

(2) A statement that the cable television system operator or telecommunications carrier currently has attachments on the poles, ducts, conduits, or rights-of-way.

(e) The complaint shall state with specificity the pole attachment rate, term or condition which is claimed to be unjust or unreasonable.

(f) In any case, where it is claimed that a term or condition is unjust or unreasonable, the claim shall specify all information and argument relied upon to justify said claim.

(g) For attachments to poles, where it is claimed that either a rate is unjust or unreasonable, or a term or condition is unjust or unreasonable and examination of such term or condition requires review of the associated rate, the complaint shall provide data and information in support of said claim.

(1) The data and information shall include, where applicable:

(i) The gross investment by the utility for pole lines;

(ii) The investment in crossarms and other items which do not reflect the cost of owning and maintaining poles, if available;

(iii) The depreciation reserve from the gross pole line investment;

(iv) The depreciation reserve from the investment in crossarms and other items which do not reflect the cost of owning and maintaining poles, if available;

(v) The total number of poles:

(A) Owned; and

(B) Controlled or used by the utility. If any of these poles are jointly owned, the complaint shall specify the number of such jointly owned poles and the percentage of each joint pole or the number of equivalent poles owned by the subject utility;

(vi) The total number of poles which are the subject of the complaint;

(vii) The number of poles included in paragraph (g)(1)(vi) of this section that are controlled or used by the utility through lease between the utility and other owner(s), and the annual amounts paid by the utility for such rental;

(viii) The number of poles included in paragraph (g)(1)(vi) of this section that are owned by the utility and that are leased to other users by the utility, and the annual amounts paid to the utility for such rental;

(ix) The annual carrying charges attributable to the cost of owning a pole. The utility shall submit these charges separately for each of the following categories: Depreciation, rate of return, taxes, maintenance, and administrative. These charges may be expressed as a percentage of the net pole investment. With its pleading, the utility shall file a copy of the latest decision of the state regulatory body or state court that determines the treatment of accumulated deferred taxes if it is at issue in the proceeding and shall note the section that specifically determines the treatment and amount of accumulated deferred taxes.

(x) The rate of return authorized for the utility for intrastate service. With its pleading, the utility shall file a copy of the latest decision of the state regulatory body or state court which establishes this authorized rate of return if the rate of return is at issue in the proceeding and shall note the section which specifically establishes this authorized rate and whether the decision is subject to further proceedings before the state regulatory body or a court. In the absence of a state authorized rate of return, the rate of return

set by the Commission for local exchange carriers shall be used as a default rate of return;

(xi) The average amount of usable space per pole for those poles used for pole attachments (13.5 feet may be in lieu of actual measurement, but may be rebutted);

(xii) The average amount of unusable space per pole for those poles used for pole attachments (a 24 foot presumption may be used in lieu of actual measurement, but the presumption may be rebutted); and

(xiii) Reimbursements received from CATV operators and telecommunications carriers for non-recurring costs.

(2) Data and information should be based upon historical or original cost methodology, insofar as possible. Data should be derived from ARMIS, FERC 1, or other reports filed with state or federal regulatory agencies (identify source). Calculations made in connection with these figures should be provided to the complainant. The complainant shall also specify any other information and argument relied upon to attempt to establish that a rate, term, or condition is not just and reasonable.

(h) With respect to attachments within a duct or conduit system, where it is claimed that either a rate is unjust or unreasonable, or a term or condition is unjust or unreasonable and examination of such term or condition requires review of the associated rate, the complaint shall provide data and information in support of said claim.

(1) The data and information shall include, where applicable:

(i) The gross investment by the utility for conduit;

(ii) The accumulated depreciation from the gross conduit investment;

(iii) The system duct length or system conduit length and the method used to determine it;

(iv) The length of the conduit subject to the complaint;

(v) The number of ducts in the conduit subject to the complaint;

(vi) The number of inner-ducts in the duct occupied, if any. If there are no inner-ducts, the attachment is presumed to occupy one-half duct.

(vii) The annual carrying charges attributable to the cost of owning conduit. These charges may be expressed as a percentage of the net linear cost of a conduit. With its pleading, the utility shall file a copy of the latest decision of the state regulatory body or state court which determines the treatment of accumulated deferred taxes if it is at issue in the proceeding and shall note the section which specifically determines the treatment and amount of accumulated deferred taxes.

(viii) The rate of return authorized for the utility for intrastate service. With its pleading, the utility shall file a copy of the latest decision of the state regulatory body or state court which establishes this authorized rate of return if the rate of return is at issue in the proceeding and shall note the section which specifically establishes this authorized rate and whether the decision is subject to further proceedings before the state regulatory body or a court. In the absence of a state authorized rate of return, the rate of return set by the Commission for local exchange carriers shall be used as a default rate of return; and

(ix) Reimbursements received by utilities from CATV operators and telecommunications carriers for non-recurring costs.

(2) Data and information should be based upon historical or original cost methodology, insofar as possible. Data should be derived from ARMIS, FERC 1, or other reports filed with state or federal regulatory agencies (identify source). Calculations made in connection with these figures should be provided to the complainant. The complainant shall also specify any other information and argument relied upon to attempt to establish that a rate, term, or condition is not just and reasonable.

(i) With respect to rights-of-way, where it is claimed that either a rate is unjust or unreasonable, or a term or condition is unjust or unreasonable and examination of such term or condition requires review of the associated rate, the complaint shall provide data and information in support of said claim.

The data and information shall include, where applicable, equivalent information as specified in paragraph (g) of this section.

(j) If any of the information and data required in paragraphs (g), (h) and (i) of this section is not provided to the cable television operator or telecommunications carrier by the utility upon reasonable request, the cable television operator or telecommunications carrier shall include a statement indicating the steps taken to obtain the information from the utility, including the dates of all requests. No complaint filed by a cable television operator or telecommunications carrier shall be dismissed where the utility has failed to provide the information required under paragraphs (g), (h) or (i) of this section, as applicable, after such reasonable request. A utility must supply a cable television operator or telecommunications carrier the information required in paragraph (g), (h) or (i) of this section, as applicable, along with the supporting pages from its ARMIS, FERC Form 1, or other report to a regulatory body, within 30 days of the request by the cable television operator or telecommunications carrier. The cable television operator or telecommunications carrier, in turn, shall submit these pages with its complaint. If the utility did not supply these pages to the cable television operator or telecommunications carrier in response to the information request, the utility shall supply this information in its response to the complaint.

(k) The complaint shall include a certification that the complainant has, in good faith, engaged or attempted to engage in executive-level discussions with the respondent to resolve the pole attachment dispute. Executive-level discussions are discussions among representatives of the parties who have sufficient authority to make binding decisions on behalf of the company they represent regarding the subject matter of the discussions. Such certification shall include a statement that, prior to the filing of the complaint, the complainant mailed a certified letter to the respondent outlining the allegations that form the basis of the complaint it anticipated filing with the Commission, inviting a response within a reasonable period of time, and offering to hold executive-level discussions regarding the dispute. A refusal by a respondent to engage in the discussions contemplated by this rule shall constitute an unreasonable practice under section 224 of the Act.

(l) Factual allegations shall be supported by affidavit of a person or persons with actual knowledge of the facts, and exhibits shall be verified by the person who prepares them.

(m) In a case where a cable television system operator or telecommunications carrier as defined in 47 U.S.C. 224(a)(5) claims that it has been denied access to a pole, duct, conduit or right-of-way despite a request made pursuant to section 47 U.S.C. 224(f), the complaint shall include the data and information necessary to support the claim, including:

(1) The reasons given for the denial of access to the utility's poles, ducts, conduits, or rights-of-way;

(2) The basis for the complainant's claim that the denial of access is unlawful;

(3) The remedy sought by the complainant;

(4) A copy of the written request to the utility for access to its poles, ducts, conduits, or rights-of-way; and

(5) A copy of the utility's response to the written request including all information given by the utility to support its denial of access. A complaint alleging unlawful denial of access will not be dismissed if the complainant is unable to obtain a utility's written response, or if the utility denies the complainant any other information needed to establish a prima facie case.

§ 1.1405 File numbers.

Each complaint which appears to be essentially complete under §1.1404 will be accepted and assigned a file number. Such assignment is for administrative purposes only and does not necessarily mean that the complaint has been found to be in full compliance with

other sections in this subpart. Petitions for temporary stay will also be assigned a file number upon receipt.

§ 1.1406 Dismissal of complaints.

(a) The complaint shall be dismissed for lack of jurisdiction in any case where a suitable certificate has been filed by a State pursuant to §1.1414 of this subpart. Such certificate shall be conclusive proof of lack of jurisdiction of this Commission. A complaint against a utility shall also be dismissed if the utility does not use or control poles, ducts, or conduits used or designated, in whole or in part, for wire communication or if the utility does not meet the criteria of §1.1402(a) of this subpart.

(b) If the complaint does not contain substantially all the information required under §1.1404 the Commission may dismiss the complaint or may require the complainant to file additional information. The complaint shall not be dismissed if the information is not available from public records or from the respondent utility after reasonable request.

(c) Failure by the complainant to respond to official correspondence or a request for additional information will be cause for dismissal.

(d) Dismissal under provisions of paragraph (b) of this section above will be with prejudice if the complaint has been dismissed previously. Such a complaint may be refiled no earlier than six months from the date it was so dismissed.

§ 1.1407 Response and reply.

(a) Respondent shall have 30 days from the date the complaint was filed within which to file a response. Complainant shall have 20 days from the date the response was filed within which to file a reply. Extensions of time to file are not contemplated unless justification is shown pursuant to §1.46. Except as otherwise provided in §1.1403, no other filings and no motions other than for extension of time will be considered unless authorized by the Commission. The response should set forth justification for the rate, term, or condition alleged in the complaint not to be just and reasonable. Factual allegations shall be supported by affidavit of a person or persons with actual knowledge of the facts and exhibits shall be verified by the person who prepares them. The response, reply, and other pleadings may be signed by counsel.

(b) The response shall be served on the complainant and all parties listed in complainant's certificate of service.

(c) The reply shall be served on the respondent and all parties listed in respondent's certificate of service.

(d) Failure to respond may be deemed an admission of the material factual allegations contained in the complaint.

§ 1.1408 Fee remittance; electronic filing; service; number of copies; form of pleadings; and proprietary materials.

(a) The complainant shall remit separately the correct fee either by check, wire transfer, or electronically, in accordance with part 1, subpart G (see §1.1106) and, shall file an original copy of the complaint, using the Commission's Electronic Comment Filing System. The original of the response and reply, as well as all other written submissions, shall be filed with the Commission using the Commission's Electronic Comment Filing System. Service must be made in accordance with the requirements of §1.735(b), (c), (e), and (f).

(b) All papers filed in the complaint proceeding must be drawn in conformity with the requirements of §§1.49, 1.50, and 1.52.

(c) Any materials generated in the course of a pole attachment complaint proceeding may be designated as proprietary by either party to the proceeding or a third party if the party believes in good faith that the materials fall within an exemption to disclosure contained in the Freedom of Information Act (FOIA), 5 U.S.C. 552(b)(1) through (9). Any party asserting confidentiality for such materials must:

(1) Clearly mark each page, or portion thereof, for which a proprietary designation is claimed. If a proprietary designation is challenged, the party

claiming confidentiality shall have the burden of demonstrating, by a preponderance of the evidence, that the materials designated as proprietary fall under the standards for nondisclosure enunciated in the FOIA.

(2) File with the Commission, using the Commission's Electronic Comment Filing System, a public version of the materials that redacts any proprietary information and clearly marks each page of the redacted public version with a header stating ''Public Version.'' The redacted document shall be machine-readable whenever technically possible. Where the document to be filed electronically contains metadata that is confidential or protected from disclosure by a legal privilege (including, for example, the attorney-client privilege), the filer may remove such metadata from the document before filing it electronically.

(3) File with the Secretary's Office an unredacted hard copy version of the materials that contains the proprietary information and clearly marks each page of the unredacted confidential version with a header stating ''Confidential Version.'' The unredacted version must be filed on the same day as the redacted version.

(4) Serve one hard copy of the filed unredacted materials and one hard copy of the filed redacted materials on the attorney of record for each party to the proceeding, or, where a party is not represented by an attorney, each party to the proceeding either by hand delivery, overnight delivery, or email, together with a proof of such service in accordance with the requirements of §§1.47(g) and 1.735(f)(1) through (3) of this chapter;

(d) Except as provided in paragraph (e) of this section, materials marked as proprietary may be disclosed solely to the following persons, only for use in prosecuting or defending a party to the complaint action, and only to the extent necessary to assist in the prosecution or defense of the case:

(1) Counsel of record representing the parties in the complaint action and any support personnel employed by such attorneys;

(2) Officers or employees of the opposing party who are named by the opposing party as being directly involved in the prosecution or defense of the case;

(3) Consultants or expert witnesses retained by the parties;

(4) The Commission and its staff; and

(5) Court reporters and stenographers in accordance with the terms and conditions of this section.

(e) The Commission will entertain, subject to a proper showing under §0.459 of this chapter, a party's request to further restrict access to proprietary information. Pursuant to §0.459 of this chapter, the other parties will have an opportunity to respond to such requests. Requests and responses to requests may *not* be submitted by means of the Commission's Electronic Comment Filing System but instead must be filed under seal with the Office of the Secretary.

(f) The individuals identified in paragraphs (d)(1) through (3) of this section shall not disclose information designated as proprietary to any person who is not authorized under this section to receive such information, and shall not use the information in any activity or function other than the prosecution or defense in the case before the Commission. Each individual who is provided access to the information shall sign a notarized statement affirmatively stating that the individual has personally reviewed the Commission's rules and understands the limitations they impose on the signing party.

(g) No copies of materials marked proprietary may be made except copies to be used by persons designated in paragraphs (d) and (e) of this section. Each party shall maintain a log recording the number of copies made of all proprietary material and the persons to whom the copies have been provided.

(h) Upon termination of the pole attachment complaint proceeding, including all appeals and petitions, all originals and reproductions of any proprietary materials, along with the log recording persons who received copies of such materials, shall be provided to the producing party. In addition, upon final termination of the proceeding,

any notes or other work product derived in whole or in part from the proprietary materials of an opposing or third party shall be destroyed.

[79 FR 73847, Dec. 12, 2014]

§ 1.1409 Commission consideration of the complaint.

(a) In its consideration of the complaint, response, and reply, the Commission may take notice of any information contained in publicly available filings made by the parties and may accept, subject to rebuttal, studies that have been conducted. The Commission may also request that one or more of the parties make additional filings or provide additional information. Where one of the parties has failed to provide information required to be provided by these rules or requested by the Commission, or where costs, values or amounts are disputed, the Commission may estimate such costs, values or amounts it considers reasonable, or may decide adversely to a party who has failed to supply requested information which is readily available to it, or both.

(b) The complainant shall have the burden of establishing a *prima facie* case that the rate, term, or condition is not just and reasonable or that the denial of access violates 47 U.S.C. §224(f). If, however, a utility argues that the proposed rate is lower than its incremental costs, the utility has the burden of establishing that such rate is below the statutory minimum just and reasonable rate. In a case involving a denial of access, the utility shall have the burden of proving that the denial was lawful, once a *prima facie* case is established by the complainant.

(c) The Commission shall determine whether the rate, term or condition complained of is just and reasonable. For the purposes of this paragraph, a rate is just and reasonable if it assures a utility the recovery of not less than the additional costs of providing pole attachments, nor more than an amount determined by multiplying the percentage of the total usable space, or the percentage of the total duct or conduit capacity, which is occupied by the pole attachment by the sum of the operating expenses and actual capital costs of the utility attributable to the entire pole, duct, conduit, or right-of-way.

(d) The Commission shall deny the complaint if it determines that the complainant has not established a *prima facie* case, or that the rate, term or condition is just and reasonable, or that the denial of access was lawful.

(e) When parties fail to resolve a dispute regarding charges for pole attachments and the Commission's complaint procedures under Section 1.1404 are invoked, the Commission will apply the following formulas for determining a maximum just and reasonable rate:

(1) The following formula shall apply to attachments to poles by cable operators providing cable services. This formula shall also apply to attachments to poles by any telecommunications carrier (to the extent such carrier is not a party to a pole attachment agreement) or cable operator providing telecommunications services until February 8, 2001:

$$\text{Maximum Rate} = \text{Space Factor} \times \text{Net Cost of a Bare Pole} \times \text{Carrying Charge Rate}$$

$$\text{Where Space Factor} = \frac{\text{Space Occupied by Attachment}}{\text{Total Usable Space}}$$

(2) With respect to attachments to poles by any telecommunications carrier or cable operator providing telecommunications services, the maximum just and reasonable rate shall be the higher of the rate yielded by paragraphs (e)(2)(i) or (e)(2)(ii) of this section.

(i) The following formula applies to the extent that it yields a rate higher

than that yielded by the applicable formula in paragraph 1.1409(e)(2)(ii) of this section:

Rate = Space Factor × Cost
Where Cost
in Urbanized Service Areas = 0.66 × (Net Cost of a Bare Pole × Carrying Charge Rate)
in Non-Urbanized Service Areas = 0.44 × (Net Cost of a Bare Pole × Carrying Charge Rate).

$$\text{Where Space Factor} = \left[\frac{\left(\frac{\text{Space}}{\text{Occupied}}\right) + \left(\frac{2}{3} \times \frac{\text{Unusable Space}}{\text{No. of Attaching Entities}}\right)}{\text{Pole Height}}\right]$$

(ii) The following formula applies to the extent that it yields a rate higher than that yielded by the applicable formula in paragraph 1.1409(e)(2)(i) of this section:

$$\text{Rate} = \text{Space Factor} \times \text{Net Cost of a Bare Pole} \times \left[\begin{array}{c}\text{Maintenance and Administrative}\\ \text{Carrying Charge Rate}\end{array}\right]$$

$$\text{Where Space Factor} = \left[\frac{\left(\frac{\text{Space}}{\text{Occupied}}\right) + \left(\frac{2}{3} \times \frac{\text{Unusable Space}}{\text{No. of Attaching Entities}}\right)}{\text{Pole Height}}\right]$$

(3) The following formula shall apply to attachments to conduit by cable operators and telecommunications carriers:

$$\underset{\text{Rate per Linear ft./m.}}{\text{Maximum}} = \underbrace{\left[\frac{1}{\text{Number of Ducts}} \times \frac{1\text{ Duct}}{\text{No. of Inner Ducts}}\right]}_{\text{(Percentage of Conduit Capacity)}} \times \underbrace{\left[\frac{\text{No. of Ducts}}{} \times \frac{\text{Net Conduit Investment}}{\text{System Duct Length (ft./m.)}}\right]}_{\text{(Net Linear Cost of a Conduit)}} \times \begin{array}{c}\text{Carrying}\\ \text{Charge}\\ \text{Rate}\end{array}$$

simplified as:

$$\underset{\text{Per Linear ft./m.}}{\text{Maximum Rate}} = \frac{1\text{ Duct}}{\text{No. of Inner Ducts}} \times \frac{\text{Net Conduit Investment}}{\text{System Duct Length (ft./m.)}} \times \begin{array}{c}\text{Carrying}\\ \text{Charge}\\ \text{Rate}\end{array}$$

If no inner-duct is installed the fraction, ''1 Duct divided by the No. of Inner-Ducts'' is presumed to be ½.

(f) Paragraph (e)(2) of this section shall become effective February 8, 2001 (*i.e.*, five years after the effective date of the Telecommunications Act of 1996). Any increase in the rates for pole attachments that results from the adoption of such regulations shall be phased in over a period of five years beginning on the effective date of such regulations in equal annual increments. The five-year phase-in is to apply to rate increases only. Rate reductions are to be implemented immediately. The determination of any rate increase shall be based on data currently available at the time of the calculation of the rate increase.

§ 1.1410 Remedies.

If the Commission determines that the rate, term, or condition complained of is not just and reasonable, it may prescribe a just and reasonable rate, term, or condition and may:

(a) If the Commission determines that the rate, term, or condition complained of is not just and reasonable, it may prescribe a just and reasonable rate, term, or condition and may:

(1) Terminate the unjust and/or unreasonable rate, term, or condition;

(2) Substitute in the pole attachment agreement the just and reasonable rate, term, or condition established by the Commission;

(3) Order a refund, or payment, if appropriate. The refund or payment will normally be the difference between the amount paid under the unjust and/or unreasonable rate, term, or condition and the amount that would have been paid under the rate, term, or condition established by the Commission, plus interest, consistent with the applicable statute of limitations; and

(b) If the Commission determines that access to a pole, duct, conduit, or right-of-way has been unlawfully denied or delayed, it may order that access be permitted within a specified time frame and in accordance with specified rates, terms, and conditions.

(c) Order a refund, or payment, if appropriate. The refund or payment will normally be the difference between the amount paid under the unjust and/or unreasonable rate, term, or condition and the amount that would have been paid under the rate, term, or condition established by the Commission from the date that the complaint, as acceptable, was filed, plus interest.

[44 FR 31650, June 1, 1979, as amended at 76 FR 26639, May 9, 2011]

§ 1.1411 Meetings and hearings.

The Commission may decide each complaint upon the filings and information before it, may require one or more informal meetings with the parties to clarify the issues or to consider settlement of the dispute, or may, in its discretion, order evidentiary procedures upon any issues it finds to have been raised by the filings.

§ 1.1412 Enforcement.

If the respondent fails to obey any order imposed under this subpart, the Commission on its own motion or by motion of the complainant may order the respondent to show cause why it should not cease and desist from violating the Commission's order.

§ 1.1413 Forfeiture.

(a) If any person willfully fails to obey any order imposed under this subpart, or any Commission rule, or

(b) If any person shall in any written response to Commission correspondence or inquiry or in any application, pleading, report, or any other written statement submitted to the Commission pursuant to this subpart make any misrepresentation bearing on any matter within the jurisdiction of the Commission, the Commission may, in addition to any other remedies, including criminal penalties under section 1001 of Title 18 of the United States Code, impose a forfeiture pursuant to section 503(b) of the Communications Act, 47 U.S.C. 503(b).

§ 1.1414 State certification.

(a) If the Commission does not receive certification from a state that:

(1) It regulates rates, terms and conditions for pole attachments;

(2) In so regulating such rates, terms and conditions, the state has the authority to consider and does consider the interests of the subscribers of cable television services as well as the interests of the consumers of the utility services; and,

(3) It has issued and made effective rules and regulations implementing the state's regulatory authority over pole attachments (including a specific methodology for such regulation which has been made publicly available in the state), it will be rebuttably presumed that the state is not regulating pole attachments.

(b) Upon receipt of such certification, the Commission shall give public notice. In addition, the Commission shall compile and publish from time to time, a listing of states which have provided certification.

(c) Upon receipt of such certification, the Commission shall forward any pending case thereby affected to the state regulatory authority, shall so notify the parties involved and shall give public notice thereof.

(d) Certification shall be by order of the state regulatory body or by a person having lawful delegated authority under provisions of state law to submit such certification. Said person shall provide in writing a statement that he or she has such authority and shall cite the law, regulation or other instrument conferring such authority.

(e) Notwithstanding any such certification, jurisdiction will revert to this Commission with respect to any individual matter, unless the state takes final action on a complaint regarding such matter:

(1) Within 180 days after the complaint is filed with the state, or

(2) Within the applicable periods prescribed for such final action in such rules and regulations of the state, if the prescribed period does not extend beyond 360 days after the filing of such complaint.

[43 FR 36094, Aug. 15, 1978, as amended at 44 FR 31650, June 1, 1979; 50 FR 18659, May 5, 1985]

§ 1.1415 Other orders.

The Commission may issue such other orders and so conduct its proceedings as will best conduce to the proper dispatch of business and the ends of justice.

§ 1.1416 Imputation of rates; modification costs.

(a) A utility that engages in the provision of telecommunications services or cable services shall impute to its costs of providing such services (and charge any affiliate, subsidiary, or associate company engaged in the provision of such services) an equal amount to the pole attachment rate for which such company would be liable under this section.

(b) The costs of modifying a facility shall be borne by all parties that obtain access to the facility as a result of the modification and by all parties that directly benefit from the modification. Each party described in the preceding sentence shall share proportionately in the cost of the modification. A party with a preexisting attachment to the modified facility shall be deemed to directly benefit from a modification if, after receiving notification of such modification as provided in subpart J of this part, it adds to or modifies its attachment. Notwithstanding the foregoing, a party with a preexisting attachment to a pole, conduit, duct or right-of-way shall not be required to bear any of the costs of rearranging or replacing its attachment if such rearrangement or replacement is necessitated solely as a result of an additional attachment or the modification of an existing attachment sought by another party. If a party makes an attachment to the facility after the completion of the modification, such party shall share proportionately in the cost of the modification if such modification rendered possible the added attachment.

§ 1.1417 Allocation of Unusable Space Costs.

(a) With respect to the formula referenced in § 1.1409(e)(2), a utility shall

apportion the cost of providing unusable space on a pole so that such apportionment equals two-thirds of the costs of providing unusable space that would be allocated to such entity under an equal apportionment of such costs among all attaching entities.

(b) All attaching entities attached to the pole shall be counted for purposes of apportioning the cost of unusable space.

(c) Utilities may use the following rebuttable presumptive averages when calculating the number of attaching entities with respect to the formula referenced in §1.1409(e)(2). For non-urbanized service areas (under 50,000 population), a presumptive average number of attaching entities of three (3). For urbanized service areas (50,000 or higher population), a presumptive average number of attaching entities of five (5). If any part of the utility's service area within the state has a designation of urbanized (50,000 or higher population) by the Bureau of Census, United States Department of Commerce, then all of that service area shall be designated as urbanized for purposes of determining the presumptive average number of attaching entities.

(d) A utility may establish its own presumptive average number of attaching entities for its urbanized and non-urbanized service area as follows:

(1) Each utility shall, upon request, provide all attaching entities and all entities seeking access the methodology and information upon which the utilities presumptive average number of attachers is based.

(2) Each utility is required to exercise good faith in establishing and updating its presumptive average number of attachers.

(3) The presumptive average number of attachers may be challenged by an attaching entity by submitting information demonstrating why the utility's presumptive average is incorrect. The attaching entity should also submit what it believes should be the presumptive average and the methodology used. Where a complete inspection is impractical, a statistically sound survey may be submitted.

(4) Upon successful challenge of the existing presumptive average number of attachers, the resulting data determined shall be used by the utility as the presumptive number of attachers within the rate formula.

§1.1418 Use of presumptions in calculating the space factor.

With respect to the formulas referenced in §1.1409(e)(1) and §1.1409(e)(2), the space occupied by an attachment is presumed to be one (1) foot. The amount of usable space is presumed to be 13.5 feet. The amount of unusable space is presumed to be 24 feet. The pole height is presumed to be 37.5 feet. These presumptions may be rebutted by either party.

§1.1420 Timeline for access to utility poles.

(a) The term ''attachment'' means any attachment by a cable television system or provider of telecommunications service to a pole owned or controlled by a utility.

(b) All time limits in this subsection are to be calculated according to §1.4.

(c) *Survey*. A utility shall respond as described in §1.1403(b) to a cable operator or telecommunications carrier within 45 days of receipt of a complete application to attach facilities to its utility poles (or within 60 days, in the case of larger orders as described in paragraph (g) of this section). This response may be a notification that the utility has completed a survey of poles for which access has been requested. A complete application is an application that provides the utility with the information necessary under its procedures to begin to survey the poles.

(d) *Estimate*. Where a request for access is not denied, a utility shall present to a cable operator or telecommunications carrier an estimate of charges to perform all necessary make-ready work within 14 days of providing the response required by §1.1420(c), or in the case where a prospective attacher's contractor has performed a survey, within 14 days of receipt by the utility of such survey.

(1) A utility may withdraw an outstanding estimate of charges to perform make-ready work beginning 14 days after the estimate is presented.

(2) A cable operator or telecommunications carrier may accept a valid estimate and make payment anytime after receipt of an estimate but before the estimate is withdrawn.

(e) *Make-ready*. Upon receipt of payment specified in paragraph (d)(2) of this section, a utility shall notify immediately and in writing all known entities with existing attachments that may be affected by the make-ready.

(1) For attachments in the communications space, the notice shall:

(i) Specify where and what make-ready will be performed.

(ii) Set a date for completion of make-ready that is no later than 60 days after notification is sent (or 105 days in the case of larger orders, as described in paragraph (g) of this section).

(iii) State that any entity with an existing attachment may modify the attachment consistent with the specified make-ready before the date set for completion.

(iv) State that the utility may assert its right to 15 additional days to complete make-ready.

(v) State that if make-ready is not completed by the completion date set by the utility (or, if the utility has asserted its 15-day right of control, 15 days later), the cable operator or telecommunications carrier requesting access may complete the specified make-ready.

(vi) State the name, telephone number, and e-mail address of a person to contact for more information about the make-ready procedure.

(2) For wireless attachments above the communications space, the notice shall:

(i) Specify where and what make-ready will be performed.

(ii) Set a date for completion of make-ready that is no later than 90 days after notification is sent (or 135 days in the case of larger orders, as described in paragraph (g) of this section).

(iii) State that any entity with an existing attachment may modify the attachment consistent with the specified make-ready before the date set for completion.

(iv) State that the utility may assert its right to 15 additional days to complete make-ready.

(v) State the name, telephone number, and e-mail address of a person to contact for more information about the make-ready procedure.

(f) For wireless attachments above the communications space, a utility shall ensure that make-ready is completed by the date set by the utility in paragraph (e)(2)(ii) of this section (or, if the utility has asserted its 15-day right of control, 15 days later).

(g) For the purposes of compliance with the time periods in this section:

(1) A utility shall apply the timeline described in paragraphs (c) through (e) of this section to all requests for pole attachment up to the lesser of 300 poles or 0.5 percent of the utility's poles in a state.

(2) A utility may add 15 days to the survey period described in paragraph (c) of this section to larger orders up to the lesser of 3000 poles or 5 percent of the utility's poles in a state.

(3) A utility may add 45 days to the make-ready periods described in paragraph (e) of this section to larger orders up to the lesser of 3000 poles or 5 percent of the utility's poles in a state.

(4) A utility shall negotiate in good faith the timing of all requests for pole attachment larger than the lesser of 3000 poles or 5 percent of the utility's poles in a state.

(5) A utility may treat multiple requests from a single cable operator or telecommunications carrier as one request when the requests are filed within 30 days of one another.

(h) A utility may deviate from the time limits specified in this section:

(1) Before offering an estimate of charges if the parties have no agreement specifying the rates, terms, and conditions of attachment.

(2) During performance of make-ready for good and sufficient cause that renders it infeasible for the utility to complete the make-ready work within the prescribed time frame. A utility that so deviates shall immediately notify, in writing, the cable operator or telecommunications carrier

requesting attachment and other affected entities with existing attachments, and shall include the reason for and date and duration of the deviation. The utility shall deviate from the time limits specified in this section for a period no longer than necessary and shall resume make-ready performance without discrimination when it returns to routine operations.

(i) If a utility fails to respond as specified in paragraph (c) of this section, a cable operator or telecommunications carrier requesting attachment in the communications space may, as specified in §1.1422, hire a contractor to complete a survey. If make-ready is not complete by the date specified in paragraph (e)(1)(ii) of this section, a cable operator or telecommunications carrier requesting attachment in the communications space may hire a contractor to complete the make-ready:

(1) Immediately, if the utility has failed to assert its right to perform remaining make-ready work by notifying the requesting attacher that it will do so; or

(2) After 15 days if the utility has asserted its right to perform make-ready by the date specified in paragraph (e)(1)(ii) of this section and has failed to complete make-ready.

[76 FR 26640, May 9, 2011]

§1.1422 Contractors for survey and make-ready.

(a) A utility shall make available and keep up-to-date a reasonably sufficient list of contractors it authorizes to perform surveys and make-ready in the communications space on its utility poles in cases where the utility has failed to meet deadlines specified in §1.1420.

(b) If a cable operator or telecommunications carrier hires a contractor for purposes specified in §1.1420, it shall choose from among a utility's list of authorized contractors.

(c) A cable operator or telecommunications carrier that hires a contractor for survey or make-ready work shall provide a utility with a reasonable opportunity for a utility representative to accompany and consult with the authorized contractor and the cable operator or telecommunications carrier.

(d) The consulting representative of an electric utility may make final determinations, on a nondiscriminatory basis, where there is insufficient capacity and for reasons of safety, reliability, and generally applicable engineering purposes.

[76 FR 26640, May 9, 2011]

§1.1424 Complaints by incumbent local exchange carriers.

Complaints by an incumbent local exchange carrier (as defined in 47 U.S.C. 251(h)) or an association of incumbent local exchange carriers alleging that a rate, term, or condition for a pole attachment is not just and reasonable shall follow the same complaint procedures specified for other pole attachment complaints in this part, as relevant. In complaint proceedings where an incumbent local exchange carrier (or an association of incumbent local exchange carriers) claims that it is similarly situated to an attacher that is a telecommunications carrier (as defined in 47 U.S.C. 251(a)(5)) or a cable television system for purposes of obtaining comparable rates, terms or conditions, the incumbent local exchange carrier shall bear the burden of demonstrating that it is similarly situated by reference to any relevant evidence, including pole attachment agreements. If a respondent declines or refuses to provide a complainant with access to agreements or other information upon reasonable request, the complainant may seek to obtain such access through discovery. Confidential information contained in any documents produced may be subject to the terms of an appropriate protective order.

Subpart K—Implementation of the Equal Access to Justice Act (EAJA) in Agency Proceedings

AUTHORITY: Sec. 203(a)(1), Pub. L. 96–481, 94 Stat. 2325 (5 U.S.C. 504(c)(1)).

SOURCE: 47 FR 3786, Jan. 27, 1982, unless otherwise noted.

GENERAL PROVISIONS

§ 1.1501 Purpose of these rules.

The Equal Access to Justice Act, 5 U.S.C. 504 (called *the EAJA* in this subpart), provides for the award of attorney's fees and other expenses to eligible individuals and entities who are parties to certain administrative proceedings (called *adversary adjudications*) before the Commission. An eligible party may receive an award when it prevails over the Commission, unless the Commission's position in the proceeding was substantially justified or special circumstances make an award unjust, or when the demand of the Commission is substantially in excess of the decision in the adversary adjudication and is unreasonable when compared with such decision, under the facts and circumstances of the case, unless the party has committed a willful violation of law or otherwise acted in bad faith, or special circumstances make an award unjust. The rules in this part describe the parties eligible for awards and the proceedings that are covered. They also explain how to apply for awards, and the procedures and standards that the Commission will use to make them.

[47 FR 3786, Jan. 27, 1982, as amended at 61 FR 39898, July 31, 1996]

§ 1.1502 When the EAJA applies.

The EAJA applies to any adversary adjudication pending or commenced before the Commission on or after August 5, 1985. The provisions of §1.1505(b) apply to any adversary adjudications commenced on or after March 29, 1996.

[61 FR 39898, July 31, 1996]

§ 1.1503 Proceedings covered.

(a) The EAJA applies to adversary adjudications conducted by the Commission. These are adjudications under 5 U.S.C. 554 in which the position of the Commission or any other agency of the United States, or any component of an agency, is presented by an attorney or other representative who enters an appearance and participates in the proceeding. Any proceeding in which this Agency may fix a lawful present or future rate is not covered by the EAJA. Proceedings to grant or renew licenses are also excluded, but proceedings to modify, suspend, or revoke licenses are covered if they are otherwise ''adversary adjudications''.

(b) The Commission may designate a proceeding as an adversary adjudication for purposes of the EAJA by so stating in an order initiating the proceeding or designating the matter for hearing. The Commission's failure to designate a proceeding as an adversary adjudication shall not preclude the filing of an application by a party who believes the proceeding is covered by the EAJA; whether the proceeding is covered will then be an issue for resolution in proceedings on the application.

(c) If a proceeding includes both matters covered by the EAJA and matters specifically excluded from coverage, any awards made will include only fees and expenses related to covered issues.

[47 FR 3786, Jan. 27, 1982, as amended at 52 FR 11653, Apr. 10, 1987]

§ 1.1504 Eligibility of applicants.

(a) To be eligible for an award of attorney fees and other expenses under the EAJA, the applicant must be a party, as defined in 5 U.S.C. 551(3), to the adversary adjudication for which it seeks an award. The applicant must show that it meets all conditions of eligibility set out in this paragraph and in paragraph (b) of this section.

(b) The types of eligible applicants are as follows:

(1) An individual with a net worth of not more than $2 million;

(2) The sole owner of an unincorporated business who has a net worth of not more than $7 million, including both personal and business interests, and not more than 500 employees;

(3) A charitable association as defined in section 501(c)(3) of the Internal Revenue Code (26 U.S.C. 501(c)(3)) with not more than 500 employees;

(4) A cooperative association as defined in section 15(a) of the Agricultural Marketing Act (12 U.S.C. 1141j(a)) with not more than 500 employees;

(5) Any other partnership, corporation, association, unit of local government, or organization with a net worth of not more than $7 million and not more than 500 employees;

(6) For purposes of §1.1505(b), a small entity as defined in 5 U.S.C. 601.

(c) For the purpose of eligibility, the net worth and number of employees of an applicant shall be determined as of the date the proceeding was initiated.

(d) An applicant who owns an unincorporated business will be considered as an ''individual'' rather than a ''sole owner of an unincorporated business'' if the issues on which the applicant prevails are related primarily to personal interests rather than to business interests.

(e) The number of employees of an applicant include all persons who regularly perform services for remuneration for the applicant, under the applicant's direction and control. Part-time employees shall be included on a proportional basis.

(f) The net worth and number of employees of the applicant and all of its affiliates shall be aggregated to determine eligibility. Any individual, corporation or other entity that directly or indirectly controls or owns a majority of the voting shares or other interest of the applicant, or any corporation or other entity of which the applicant directly or indirectly owns or controls a majority of the voting shares or other interest, will be considered an affiliate for purposes of this part, unless the Administrative Law Judge determines that such treatment would be unjust and contrary to the purposes of the EAJA in light of the actual relationship between the affiliated entities. In addition, the Administrative Law Judge may determine that financial relationships of the applicant other than those described in this paragraph constitute special circumstances that would make an award unjust.

(g) An applicant that participates in a proceeding primarily on behalf of one or more other persons or entities that would be ineligible is not itself eligible for an award.

[47 FR 3786, Jan. 27, 1982, as amended at 52 FR 11653, Apr. 10, 1987; 61 FR 39898, July 31, 1996]

§ 1.1505 Standards for awards.

(a) A prevailing party may receive an award for fees and expenses incurred in connection either with an adversary adjudication, or with a significant and discrete substantive portion of an adversary adjudication in which the party has prevailed over the position of the Commission.

(1) The position of the Commission includes, in addition to the position taken by the Commission in the adversary adjudication, the action or failure to act by the agency upon which the adversary adjudication is based.

(2) An award will be reduced or denied if the Commission's position was substantially justified in law and fact, if special circumstances make an award unjust, or if the prevailing party unduly or unreasonably protracted the adversary adjudication.

(b) If, in an adversary adjudication arising from a Commission action to enforce a party's compliance with a statutory or regulatory requirement, the demand of the Commission is substantially in excess of the decision in the adversary adjudication and is unreasonable when compared with that decision, under the facts and circumstances of the case, the party shall be awarded the fees and other expenses related to defending against the excessive demand, unless the party has committed a willful violation of law or otherwise acted in bad faith, or special circumstances make an award unjust. The ''demand'' of the Commission means the express demand which led to the adversary adjudication, but it does not include a recitation by the Commission of the maximum statutory penalty in the administrative complaint, or elsewhere when accompanied by an express demand for a lesser amount.

(c) The burden of proof that an award should not be made is on the appropriate Bureau (see §1.21) whose representative shall be called ''Bureau counsel'' in this subpart K.

[61 FR 39899, July 31, 1996]

§ 1.1506 Allowable fees and expenses.

(a) Awards will be based on rates customarily charged by persons engaged in the business of acting as attorneys, agents and expert witnesses.

(b) No award for the fee of an attorney or agent under these rules may exceed $75.00, or for adversary adjudications commenced on or after March 29, 1996, $125.00, per hour. No award to compensate an expert witness may exceed the highest rate at which the Commission pays expert witnesses.

However, an award may also include the reasonable expenses of the attorney; agent, or witness as a separate item, if the attorney, agent or witness ordinarily charges its clients separately for such expenses.

(c) In determining the reasonableness of the fee sought for an attorney, agent or expert witness, the Administrative Law Judge shall consider the following:

(1) If the attorney, agent or witness is in private practice, his or her customary fee for similar services, or, if an employee of the applicant, the fully allocated cost of the services;

(2) The prevailing rate for similar services in the community in which the attorney, agent or witness ordinarily performs services;

(3) The time actually spent in the representation of the applicant;

(4) The time reasonably spent in light of the difficulty or complexity of the issues in the proceeding; and

(5) Such other factors as may bear on the value of the service provided.

(d) The reasonable cost of any study, analysis, engineering report, test, project or similar matter prepared on behalf of a party may be awarded, to the extent that the charge for the service does not exceed the prevailing rate for similar services, and the study or other matter was necessary for preparation of the applicant's case.

(e) Fees may be awarded only for work performed after designation of a proceeding or after issuance of a show cause order.

[47 FR 3786, Jan. 27, 1982, as amended at 61 FR 39899, July 31, 1996]

§ 1.1507 Rulemaking on maximum rates for attorney fees.

(a) If warranted by an increase in the cost of living or by special circumstances (such as limited availability of attorneys qualified to handle certain types of proceedings), the Commission may adopt regulations providing that attorney fees may be awarded at a rate higher than $125.00 per hour in some or all of the types of proceedings covered by this part. The Commission will conduct any rulemaking proceedings for this purpose under the informal rulemaking procedures of the Administrative Procedure Act.

(b) Any person may file with the Commission a petition for rulemaking to increase the maximum rate for attorney fees, in accordance with subpart C of this chapter. The petition should identify the rate the petitioner believes this agency should establish and the types of proceedings in which the rate should be used. It should also explain fully the reasons why the higher rate is warranted. This agency will respond to the petition by initiating a rulemaking proceeding, denying the petition, or taking other appropriate action.

[47 FR 3786, Jan. 27, 1982, as amended at 61 FR 39899, July 31, 1996]

§ 1.1508 Awards against other agencies.

If an applicant is entitled to an award because it prevails over another agency of the United States that participates in a proceeding before the Commission and takes a position that is not substantially justified, the award or an appropriate portion of the award shall be made against that agency. Counsel for that agency shall be treated as Bureau counsel for the purpose of this subpart.

[47 FR 3786, Jan. 27, 1982, as amended at 61 FR 39899, July 31, 1996]

INFORMATION REQUIRED FROM APPLICANTS

§ 1.1511 Contents of application.

(a) An application for an award of fees and expenses under EAJA shall dentify the applicant and the proceeding for which an award is sought. Unless the applicant is an individual, the application shall state the number of employees of the applicant and describe briefly the type and purpose of its organization or business. The application shall also:

(1) Show that the applicant has prevailed and identify the position of an agency or agencies in the proceeding that the applicant alleges was not substantially justified; or

(2) Show that the demand by the agency or agencies in the proceeding was substantially in excess of, and was unreasonable when compared with, the decision in the proceeding.

(b) The application shall also include a declaration that the applicant is a small entity as defined in 5 U.S.C. 601 or a statement that the applicant's net worth does not exceed $2 million (if an individual) or $7 million (for all other applicants, including their affiliates). However, an applicant may omit the statement concerning its net worth if:

(1) It attaches a copy of a ruling by the Internal Revenue Service that it qualifies as an organization described in section 501(c)(3) of the Internal Revenue Code (26 U.S.C. 501(c)(3)) or, in the case of a tax-exempt organization not required to obtain a ruling from the Internal Revenue Service on its exempt status, a statement that describes the basis for the applicant's belief that it qualifies under such section; or

(2) It states that it is a cooperative association as defined in section 15(a) of the Agricultural Marketing Act (12 U.S.C. 1141j(a)).

(c) The application shall state the amount of fees and expenses for which an award is sought.

(d) The application may also include any other matters that the applicant wishes the Commission to consider in determining whether and in what amount an award should be made.

(e) The application shall be signed by the applicant or an authorized officer or attorney of the applicant. It shall also contain or be accompanied by a written verification under oath or under penalty of perjury that the information provided in the application is true and correct.

[47 FR 3786, Jan. 27, 1982, as amended at 52 FR 11653, Apr. 10, 1987; 61 FR 39899, July 31, 1996]

§ 1.1512 Net worth exhibit.

(a) Each applicant except a qualified tax-exempt organization or cooperative association must provide with its application a detailed exhibit showing the net worth of the applicant and any affiliates (as defined in § 1.1504(f) of this part) at the time the proceeding was designated. The exhibit may be in any form convenient to the applicant that provides full disclosure of the applicant's and its affiliates' assets and liabilities and is sufficient to determine whether the applicant qualifies under the standards in this subpart. The Administrative Law Judge may require an applicant to file additional information to determine its eligibility for an award.

(b) Ordinarily, the net worth exhibit will be included in the public record of the proceeding. However, an applicant that objects to public disclosure of information in any portion of the exhibit and believes there are legal grounds for withholding it from disclosure may submit that portion of the exhibit directly to the Administrative Law Judge in a sealed enevelope labeled ''Confidential Financial Information'', accompanied by a motion to withhold the information from public disclosure. The motion shall describe the information sought to be withheld and explain, in detail, why it falls within one or more of the specific exemptions from mandatory disclosure under the Freedom of Information Act, 5 U.S.C. 552(b)(1)–(9), why public disclosue of the information would adversely affect the applicant, and why disclosure is not required in the public interest. The material in question shall be served on Bureau counsel, but need not be served on any other party to the proceeding. If the Administrative Law Judge finds that the information should not be withheld from disclosure, it shall be placed in the public record of the proceeding. Otherwise, any request to inspect or copy the exhibit shall be disposed of in accordance with the Commission's established procedures under the Freedom of Information Act, §§ 0.441 through 0.466 of this chapter.

§ 1.1513 Documentation of fees and expenses.

The application shall be accompanied by full documentation of the fees and expenses, including the cost of any study, analysis, engineering report, test, project or similar matter, for which an award is sought. A separate itemized statement shall be submitted for each professional firm or individual whose services are covered by the application, showing hours spent in connection with the proceeding by each individual, a description of the specific services performed, the rate at which each fee has been computed, any expenses for which reimbursement is sought, the total amount claimed, and

the total amount paid or payable by the applicant or by any other person or entity for the services provided. The Administrative Law Judge may require the applicant to provide vouchers, receipts, or other substantiation for any expenses claimed.

[47 FR 3786, Jan. 27, 1982, as amended at 61 FR 39899, July 31, 1996]

§ 1.1514 When an application may be filed.

(a) An application may be filed whenever the applicant has prevailed in the proceeding or in a significant and discrete substantive portion of the proceeding, or when the demand of the Commission is substantially in excess of the decision in the proceeding, but in no case later than 30 days after the Commission's final disposition of the proceeding.

(b) If review or reconsideration is sought or taken of a decision as to which an applicant believes it has prevailed, proceedings for the award of fees shall be stayed pending final disposition of the underlying controversy.

(c) For purposes of this rule, *final disposition* means the later of

(1) The date on which an initial decision or other recommended disposition of the merits of the proceeding by an Administrative Law Judge becomes administratively final;

(2) Issuance of an order disposing of any petitions for reconsideration of the Commission's order in the proceeding;

(3) If no petition for reconsideration is filed, the last date on which such petition could have been filed;

(4) Issuance of a final order by the Commission or any other final resolution of a proceeding, such as settlement or voluntary dismissal, which is not subject to a petition for reconsideration, or to a petition for judicial review; or

(5) Completion of judicial action on the underlying controversy and any subsequent Commission action pursuant to judicial mandate.

[47 FR 3786, Jan. 27, 1982, as amended at 61 FR 39899, July 31, 1996]

PROCEDURES FOR CONSIDERING APPLICATIONS

§ 1.1521 Filing and service of documents.

Any application for an award or other pleading relating to an application shall be filed and served on all parties to the proceeding in the same manner as other pleadings in the proceeding, except as provided in § 1.1512(b) for confidential financial information.

§ 1.1522 Answer to application.

(a) Within 30 days after service of an application Bureau counsel may file an answer to the application. Unless Bureau counsel requests an extension of time for filing or files a statement of intent to negotiate under paragraph (b) of this section, failure to file an answer within the 30-day period may be treated as a consent to the award request.

(b) If Bureau counsel and the applicant believe that the issues in the fee application can be settled, they may jointly file a statement of their intent to negotiate a settlement. The filing of this statement shall extend the time for filing an answer for an additional 30 days, and further extensions may be granted by the Administrative Law Judge upon request by Bureau counsel and the applicant.

(c) The answer shall explain in detail any objections to the award requested and identify the facts relied on in support of Bureau counsel's position. If the answer is based on any alleged facts not already in the record of the proceeding, Bureau counsel shall include with the answer either supporting affidavits or a request for further proceedings under § 1.1526.

§ 1.1523 Reply.

Within 15 days after service of an answer, the applicant may file a reply. If the reply is based on any alleged facts not already in the record of the proceeding, the applicant shall include with the reply either supporting affidavits or a request for further proceedings under § 1.1526.

§ 1.1524 Comments by other parties.

Any party to a proceeding other than the applicant and Bureau counsel may file comments on an application within

30 days after it is served or an answer within 15 days after it is served. A commenting party may not participate further in proceedings on the application unless the Administrative Law Judge determines that the public interest requires such participation in order to permit full exploration of matters raised in the comments.

[47 FR 3786, Jan. 27, 1982, as amended at 61 FR 39899, July 31, 1996]

§ 1.1525 Settlement.

The applicant and Bureau counsel may agree on a proposed settlement of the award before final action on the application, either in connection with a settlement of the underlying proceeding, or after the underlying proceeding has been concluded. If a prevailing party and Bureau counsel agree on a proposed settlement of an award before an application has been filed, the application shall be filed with the proposed settlement. If the Administrative Law Judge approves the proposed settlement, it shall be forwarded to the Commission for final approval.

§ 1.1526 Further proceedings.

(a) Ordinarily, the determination of an award will be made on the basis of the written record. However, on request of either the applicant or Bureau counsel, or on his or her own initiative, the Administrative Law Judge may order further proceedings, such as an informal conference, oral argument, additional written submissions or, as to issues other than excessive demand or substantial justification, an evidentiary hearing. Such further proceedings shall be held only when necessary for full and fair resolution of the issues arising from the application, and shall be conducted as promptly as possible. Whether or not the position of the agency embodied an excessive demand or was substantially justified shall be determined on the basis of the administrative record, as a whole, which is made in the adversary adjudication for which fees and other expenses are sought.

(b) A request that the Administrative Law Judge order further proceedings under this section shall specifically identify the information sought or the disputed issues and shall explain why the additional proceedings are necessary to resolve the issues.

[47 FR 3786, Jan. 27, 1982, as amended at 52 FR 11653, Apr. 10, 1987; 61 FR 39899, July 31, 1996]

§ 1.1527 Decision.

The Administrative Law Judge shall issue an initial decision on the application as soon as possible after completion of proceedings on the application. The decision shall include written findings and conclusions regarding the applicant's eligibility and whether the applicant was a prevailing party or whether the demand by the agency or agencies in the proceeding was substantially in excess of, and was unreasonable when compared with, the decision in the adversary adjudication, and an explanation of the reasons for any difference between the amount requested and the amount awarded. The decision shall also include, if at issue, findings on whether the Commission's position substantially justified, whether the applicant unduly protracted the proceedings, committed a willful violation of law, or otherwise acted in bad faith, or whether special circumstances make an award unjust. If the applicant has sought an award against more than one agency, the decision shall allocate responsibility for payment of any award made among the agencies, and shall explain the reasons for the allocation made.

[61 FR 39900, July 31, 1996]

§ 1.1528 Commission review.

Either the applicant or Bureau counsel may seek Commission review of the initial decision on the application, or the Commission may decide to review the decision on its own initiative, in accordance with §§ 1.276 through 1.282 of this chapter. Except as provided in § 1.1525, if neither the applicant nor Bureau counsel seeks review and the Commission does not take review on its own initiative, the initial decision on the application shall become a final decision of the Commission 50 days after it is issued. Whether to review a decision is a matter within the discretion of the Commission. If review is taken, the Commission will issue a final decision on the application or remand the

application to the Administrative Law Judge for further proceedings.

[47 FR 3786, Jan. 27, 1982, as amended at 61 FR 39900, July 31, 1996]

§ 1.1529 Judicial review.

Judicial review of final agency decisions on awards may be sought as provided in 5 U.S.C. 504(c)(2).

§ 1.1530 Payment of award.

An applicant seeking payment of an award from the Commission shall submit to the General Counsel a copy of the Commission's final decision granting the award, accompanied by a statement that the applicant will not seek review of the decision in the United States courts, or a copy of the court's order directing payment. The Commission will pay the amount awarded to the applicant unless judicial review of the award or the underlying decision of the adversary adjudication has been sought by the applicant or any other party to the proceeding.

§1.1623 Probability calculation.

(a) All calculations shall be computed to no less than three significant digits. Probabilities will be truncated to the number of significant digits used in a particular lottery.

(b) Divide the total number of applicants into 1.00 to determine pre-preference probabilities.

(c) Multiply each applicant's pre-preference probability by the applicable preference from §1.1622 (b)(2) or (b)(3).

(d) Divide each applicant's probability pursuant to paragraph (c) of this section by the sum of such probabilities to determine intermediate probabilities.

(e) Add the intermediate probabilities of all applicants who received a preference pursuant to §1.1622 (b)(2) or (b)(3).

(f)(1) If the sum pursuant to paragraph (e) of this section is .40 or greater, proceed to paragraph (g) of this section.

(2) If the sum pursuant to paragraph (e) of this section is less than .40, then multiply each such intermediate probability by the ratio of .40 to such sum. (h) Divide each applicant's probability pursuant to paragraph (g) of this section by the sum of such probabilities to determine the final selection percentage.

Subpart M—Cable Operations and Licensing System (COALS)

SOURCE: 68 FR 27001, May 19, 2003, unless otherwise noted.

§1.1701 Purpose.

To provide electronic filing of applications, notifications, registration statements, reports, and related documents in the Multichannel Video and Cable Television Services and the Cable Television Relay Services.

§1.1702 Scope.

This subpart applies to filings required by §§76.403, 76.1610, 76.1801, 76.1803, & 76.1804, and 78.11 through 78.36 of this chapter.

§1.1703 Definitions.

For purposes of this subpart, the following definitions apply:

(a) *Application.* A request on Form 327 for a station license as defined in Section 3(b) of the Communications Act, completed in accordance with §78.15 and signed in accordance with §78.16 of this chapter, or a similar request to amend a pending application or to modify or renew an authorization. The term also encompasses requests to assign rights granted by the authorization or to transfer control of entities holding authorizations.

(b) *Authorization.* A written instrument issued by the FCC conveying authority to operate, for a specified period, a station in the Cable Television Relay Service. In addition, this term includes authority conveyed by operation of rule upon filing notification of aeronautical frequency usage by MVPDs or registration statements by cable operators.

(c) *Cable Operations And Licensing System (COALS).* The consolidated database, application filing system, and processing system for Multichannel Video and Cable Television Services (MVCTS) and the Cable Television Relay Service (CARS). COALS supports electronic filing of all applications, notifications, registrations, reports, and related documents by applicants and licensees in the MVCTS and CARS, and provides public access to licensing information.

(d) *Cable Television Relay Service (CARS).* All services authorized under part 78 of this title.

(e) *Filings.* Any application, notification, registration statement, or report in plain text or, when as prescribed, on FCC Forms 320, 321, 322, 324, 325, or 327, whether filed in paper form or electronically.

(f) *Multichannel Video and Cable Television Services (MVCTS).* All services authorized or operated in accordance with part 76 of this title.

(g) *Receipt date.* The date an electronic or paper application is received at the appropriate location at the Commission or the lock box bank. Major amendments to pending applications as defined in §78.109 of this chapter, will result in the assignment of a new receipt date.

(h) *Signed.* For manually filed applications only, an original hand-written signature. For electronically filed applications only, an electronic signature. An electronic signature shall consist of the name of the applicant transmitted electronically via COALS and entered on the filing as a signature.

§ 1.1704 Station files.

Applications, notifications, correspondence, electronic filings and other material, and copies of authorizations, comprising technical, legal, and administrative data relating to each system in the Multichannel Video and Cable Television Services (MVCTS) and the Cable Television Relay Service (CARS) are maintained by the Commission in COALS and the Public Reference Room. These files constitute the official records for these stations and supersede any other records, database or lists from the Commission or other sources.

§ 1.1705 Forms; electronic and manual filing.

(a) *Application forms.* Operators in the Multichannel Video and Cable Television Services (MVCTS) and applicants and licensees the Cable Television Relay Service (CARS) shall use the following forms and associated schedules:

(1) *FCC Form 320, Basic Signal Leakage Performance Report.* FCC Form 320 is used by MVPDs to report compliance with the basic signal leakage performance criteria.

(2) *FCC Form 321, Aeronautical Frequency Notification.* FCC Form 321 is used by MVPDs to notify the Commission prior to operating channels in the aeronautical frequency bands.

(3) *FCC Form 322, Cable Community Registration.* FCC Form 322 is used by cable system operators to commence operation for each community unit.

(4) *FCC Form 324, Operator, Address, and Operational Information Changes.* FCC Form 324 is used by cable operators to notify the Commission of changes in administrative data about the operator and operational status changes.

(5) *FCC Form 325, Cable Television System Report.* FCC Form 325 is used by cable operators to report general information and signal and frequency distribution data.

(6) *FCC Form 327, Application for Cable Television Relay Service Station License.* FCC Form 327 and associated schedules is used to apply for initial authorizations, modifications to existing authorizations, amendments to pending applications, and renewals of station authorizations. FCC Form 327 is also used to apply for Commission consent to assignments of existing CARS authorizations and to apply for Commission consent to the transfer of control of entities holding CARS authorizations.

(b) *Electronic filing.* Six months after the Commission announces their availability for electronic filing, all applications and other filings using FCC Forms 320, 321, 322, 324, 325, and 327 and their respective associated schedules must be filed electronically in accordance with the electronic filing instructions provided by COALS.

(1) There will be two ways for parties to electronically file applications with the Commission: batch and interactive.

(i) *Batch filing.* Batch filing involves data transmission in a single action. Batch filers will follow a set Commission format for entering data. Batch filers will then send, via file transfer protocol, batches of data to the Commission for compiling. COALS will compile such filings overnight and respond the next business day with a return or dismissal of any defective filings. Thus, batch filers will not receive immediate correction from the system as they enter the information.

(ii) *Interactive filing.* Interactive filing involves data transmission with screen-by-screen prompting from the Commission's COALS system. Interactive filers will receive prompts from the system identifying data entries outside the acceptable ranges of data for the individual fields at the time the data entry is made.

(2) Attachments to applications must be uploaded along with the electronically filed application whenever possible.

(3) Any associated documents submitted with an application must be uploaded as attachments to the application whenever possible. The attachment should be uploaded via COALS in Adobe Acrobat Portable Document Format (PDF) whenever possible.

(c) *Manual filing.* (1) Forms 320, 321, 322, 324, 325, and 327 may be filed manually.

(2) Manual filings must be submitted to the Commission at the appropriate address with the appropriate filing fee. The addresses for filing and the fee amounts for particular applications are listed in subpart G of this part, and in the appropriate fee filing guide for each service available from the Commission's Forms Distribution Center by calling 1–800–418–FORM (3676). The form may be downloaded from the Commission's Web site: *http://www.fcc.gov*.

(3) Manual filings requiring fees as set forth at subpart G, of this part must be filed in accordance with §0.401(b) of this chapter.

(4) Manual filings that do not require fees must be addressed and sent to the Media Bureau, Federal Communications Commission, 445 12th Street, SW., Washington, DC 20554.

(5) FCC forms may be reproduced and the copies used in accordance with the provisions of §0.409 of this chapter.

(d) *Applications requiring prior coordination.* Parties filing applications that require frequency coordination shall, prior to filing, complete all applicable frequency coordination requirements in §78.36 of this chapter.

§1.1706 Content of filings.

(a) *General.* Filings must contain all information requested on the applicable form and any additional information required by the rules in this title and any rules pertaining to the specific service for which the filing is made.

(b) *Antenna locations.* Applications for CARS stations and aeronautical frequency usage notifications must describe each transmitting antenna site or center of the cable system, respectively, by its geographical coordinates. Geographical coordinates must be specified in degrees, minutes, and seconds to the nearest tenth of a second of latitude and longitude. Submissions must provide such data using the NAD83 datum.

(c) *Antenna structure registration.* Owners of certain antenna structures must notify the Federal Aviation Administration and register with the Commission as required by Part 17 of this chapter. Applications proposing the use of one or more new or existing antenna structures must contain the FCC Antenna Registration Number(s) of each structure for which registration is required. If registration is not required, the applicant must provide information in its application sufficient for the Commission to verify this fact.

(d) *Environmental concerns.* Each applicant is required to indicate at the time its application is filed whether a Commission grant of the application may have a significant environmental effect, as defined by §1.1307. If yes, an Environmental Assessment, required by §1.1311, must be filed with the application and environmental review by the Commission must be completed prior to construction.

(e) *International coordination.* Channel assignments and usage under part 78

are subject to the applicable provisions and requirements of treaties and other international agreements between the United States government and the governments of Canada and Mexico.

(f) *Taxpayer Identification Number (TINs).* All filers are required to provide their Taxpayer Identification Numbers (TINS) (as defined in 26 U.S.C. 6109) to the Commission, pursuant to the Debt Collection Improvement Act of 1996 (DCIA). Under the DCIA, the FCC may use an applicant or licensee's TIN for purposes of collecting and reporting to the Department of the Treasury any delinquent amounts arising out of such person's relationship with the Government.

§ 1.1707 Acceptance of filings.

Regardless of filing method, all submissions with an insufficient fee, grossly deficient or inaccurate information, or those without a valid signature will be dismissed immediately. For any submission that is found subsequently to have minimally deficient or inaccurate information, we will notify the filer of the defect. We will allow 15 days from the date of this notification for correction or amendment of the submission if the amendment is minor. If the applicant files a timely corrected application, it will ordinarily be processed as a minor amendment in accordance with the Commission's rules. Thus it will have no effect on the initial filing date of the application or the applicant's filing priority. If, however, the amendment made by the applicant is not a simple correction, but constitutes a major amendment to the application, it will be governed by the rules and procedures applicable to major amendments, that is, it will be treated as a new application with a new filing date and new fees must be paid by the applicant. Finally, if the applicant fails to submit an amended application within the period specified in the notification, the application will be subject to dismissal for failure to prosecute.

The Section 504 Handbook shall contain procedures for releasing documents, holding meetings, receiving comments, and for other aspects of Commission programs and activities to achieve accessibility. These procedures will ensure that the Commission presents a consistent and complete accommodation policy pursuant to 29 U.S.C. 794, as amended. The Section 504 Handbook is for internal staff use and public information only, and is not intended to create any rights, responsibilities, or independent cause of action against the Federal Government.

§ 1.1810 Review of compliance.

(a) The Commission shall, beginning in 2004 and at least every three years thereafter, review its current policies and practices in view of advances in relevant technology and achievability. Based on this review, the Commission shall modify its practices and procedures to ensure that the Commission's programs and activities are fully accessible.

(a) No qualified individual with a disability shall, on the basis of disability, be excluded from participation in, be denied the benefits of, or otherwise be subjected to discrimination under any program or activity conducted by the Commission.

(b) Discriminatory actions prohibited.

(i) Deny a qualified individual with a disability the opportunity to participate in or benefit from the aid, benefit, or service;

(ii) Afford a qualified individual with a disability an opportunity to participate in or benefit from the aid, benefit, or service that is not equal to that afforded others;

(iii) Provide a qualified individual with a disability with an aid, benefit, or service that is not as effective in affording equal opportunity to obtain the same result, to gain the same benefit, or to reach the same level of achievement as that provided to others;

(iv) Provide different or separate aid, benefits, or services to individuals with disabilities or to any class of individuals with disabilities than is provided to others unless such action is necessary to provide qualified individuals with disabilities with aid, benefits, or services that are as effective as those provided to others;

(v) Deny a qualified individual with a disability the opportunity to participate as a member of planning or advisory boards; or

(vi) Otherwise limit a qualified individual with a disability in the enjoyment of any right, privilege, advantage, or opportunity enjoyed by others receiving the aid, benefit, or service.

(2) The Commission may not deny a qualified individual with a disability the opportunity to participate in any program or activity even where the Commission is also providing equivalent permissibly separate or different programs or activities for persons with disabilities.

(3) The Commission may not, directly or through contractual or other arrangements, utilize criteria or methods of administration—

(i) That have the purpose or effect of subjecting qualified individuals with disabilities to discrimination on the basis of disability; or

(ii) That have the purpose or effect of defeating or substantially impairing accomplishment of the objectives of a program or activity with respect to individuals with disabilities.

(4) The Commission may not, in determining the site or location of a facility, make selections—

(i) That have the purpose or effect of excluding individuals with disabilities from, denying them the benefits of, or otherwise subjecting them to discrimination under any program or activity conducted by the Commission; or

(ii) That have the purpose or effect of defeating or substantially impairing the accomplishment of the objectives of a program or activity with respect to individuals with disabilities.

(5) The Commission, in the selection of procurement contractors, may not use criteria that subject qualified individuals with disabilities to discrimination on the basis of disability.

(6) The Commission may not administer a licensing or certification program in a manner that subjects qualified individuals with disabilities to discrimination on the basis of disability, nor may the Commission establish requirements for the programs or activities of licensees or certified entities that subject qualified individuals with disabilities to discrimination on the basis of disability. However, the programs or activities of entities that are licensed or certified by the Commission are not, themselves, covered by this part.

(7) The Commission shall make reasonable modifications in policies, practices, or procedures when the modifications are necessary to avoid discrimination on the basis of disability, unless the Commission can demonstrate that

making the modifications would fundamentally alter the nature of the program, service, or activity.

(c) This part does not prohibit the exclusion of persons without disabilities from the benefits of a program limited by Federal statute or Executive order to individuals with disabilities, or the exclusion of a specific class of individuals with disabilities from a program limited by Federal statute or Executive order to a different class of individuals with disabilities.

[76 FR 70909, Nov. 16, 2011]

§ 1.1849 Program accessibility: Discrimination prohibited.

(a) Except as otherwise provided in § 1.1850, no qualified individual with a disability shall, because the Commission's facilities are inaccessible to, or unusable, by individuals with disabilities, be denied the benefits of, be excluded from participation in, or otherwise be subjected to discrimination under any program or activity conducted by the Commission.

(b) Individuals shall request accessibility to the Commission's programs and facilities by contacting the Commission's Section 504 Officer. Such contact may be made in the manner indicated in the FCC Section 504 Handbook. The Commission will make every effort to provide accommodations requiring the assistance of other persons (e.g., American Sign Language interpreters, communication access realtime translation (CART) providers, transcribers, captioners, and readers) if the request is made to the Commission's Section 504 Officer a minimum of five business days in advance of the program. If such requests are made fewer than five business days prior to an event, the Commission will make every effort to secure accommodation services, although it may be less likely that the Commission will be able to secure such services.

§ 1.1850 Program accessibility: Existing facilities.

(a) *General.* Except as otherwise provided in this paragraph, the Commission shall operate each program or activity so that the program or activity, when viewed in its entirety, is readily accessible to and usable by individuals with disabilities. This paragraph does not—

(1) Necessarily require the Commission to make each of its existing facilities accessible to and usable by individuals with disabilities;

(2) Require the Commission to take any action that it can demonstrate would result in a fundamental alteration in the nature of a program or activity, or in undue financial and administrative burdens. In those circumstances where Commission personnel believe that the proposed action would fundamentally alter the program or activity or would result in undue financial and administrative burdens, the Commission has the burden of proving that compliance with § 1.1850(a) would result in such alteration or burdens. The decision that compliance would result in such alteration or burdens must be made by the Managing Director, in consultation with the Section 504 Officer, after considering all Commission resources available for use in the funding and operation of the conducted program or activity, and must be accompanied by a written statement of the reasons for reaching

that conclusion. If an action would result in such an alteration or such burdens, the Commission shall take any other action that would not result in such an alteration or such burdens but would nevertheless ensure that individuals with disabilities receive the benefits and services of the program or activity.

(b) *Methods.* The Commission may comply with the requirements of this section through such means as the redesign of equipment, reassignment of services to accessible buildings, assignment of aides to beneficiaries, home visits, delivery of services at alternate accessible sites, alteration of existing facilities and construction of new facilities, or any other methods that result in making its programs or activities readily accessible to and usable by individuals with disabilities. The Commission is not required to make structural changes in existing facilities where other methods are effective in achieving compliance with this section. The Commission, in making alterations to existing buildings, shall meet accessibility requirements to the extent compelled by the Architectural Barriers Act of 1968, as amended (42 U.S.C. 4151–4157), and any regulations implementing it. In choosing among available methods for meeting the requirements of this section, the Commission shall give priority to those methods that offer programs and activities to qualified individuals with disabilities in the most integrated setting appropriate.

(c) *Time period for compliance.* The Commission shall comply with the obligations established under this section within sixty (60) days of the effective date of this subpart, except that where structural changes in facilities are undertaken, such changes shall be made within three (3) years of the effective date of this part.

(d) *Transition plan.* In the event that structural changes to facilities will be undertaken to achieve program accessibility, the Commission shall develop, within six (6) months of the effective date of this subpart, a transition plan setting forth the steps necessary to complete such changes. The Commission shall provide an opportunity to interested persons, including individuals with disabilities or organizations representing individuals with disabilities, to participate in the development of the transition plan by submitting comments (both oral and written). A copy of the transitional plan shall be made available for public inspection. The plan shall, at a minimum—

(1) Identify physical obstacles in the Commission's facilities that limit the accessibility of its programs or activities to individuals with disabilities;

(2) Describe in detail the methods that will be used to make the facilities accessible;

(3) Specify the schedule for taking the steps necessary to achieve compliance with this section and, if the time period of the transition plan is longer than one (1) year, identify steps that will be taken during each year of the transition period; and

(4) Indicate the official responsible for implementation of the plan.

§ 1.1851 Building accessibility: New construction and alterations.

Each building or part of a building that is constructed or altered by, on behalf of, or for the use of the Commission shall be designed, constructed, or altered so as to be readily accessible to and usable by individuals with disabilities. The definitions, requirements and standards of the Architectural Barriers Act, 42 U.S.C. 4151–4157, as established in 41 CFR 102–76.60 to 102–76.95, apply to buildings covered by this section.

(b) The Commission shall process complaints alleging violations of section 504 with respect to employment according to the procedures established by the Equal Employment Opportunity Commission in 29 CFR part 1614 pursuant to section 501 of the Rehabilitation Act of 1973, 29 U.S.C. 791.

(d) *Acceptance of complaint.* (1) The Commission shall accept and investigate all complete complaints, as defined in §1.1803 of this part, for which it has jurisdiction. All such complaints must be filed within one-hundred eighty (180) days of the alleged act of discrimination. The Commission may extend this time period for good cause.

(2) If the Commission receives a complaint that is not complete as defined in §1.1803 of this part, the complainant will be notified within thirty (30) days of receipt of the incomplete complaint that additional information is needed. If the complainant fails to complete the complaint within thirty (30) days of receipt of this notice, the Commission shall dismiss the complaint without prejudice.

(e) If the Commission receives a complaint over which it does not have jurisdiction, it shall promptly notify the complainant and shall make reasonable efforts to refer the complaint to the appropriate government entity.

(f) The Commission shall notify the United States Access Board upon receipt of any complaint alleging that a building or facility that is subject to the Architectural Barriers Act of 1968, as amended, 42 U.S.C. 4151–4157, is not readily accessible to and usable by individuals with disabilities.

(g) Within one-hundred eighty (180) days of the receipt of a complete complaint, as defined in §1.1803, for which it has jurisdiction, the Commission shall notify the complainant of the results of the investigation in a letter containing—

(1) Findings of fact and conclusions of law;

(2) A description of a remedy for each violation found; and

(3) A notice of the right to appeal.

(h) Appeals of the findings of fact and conclusions of law or remedies must be filed by the complainant within ninety (90) days of receipt from the Commission of the letter required by §1.1870(g). The Commission may extend this time for good cause.

(i) Timely appeals shall be accepted and processed by the Office of the Secretary, Federal Communications Commission, 445 12th Street, SW., Room TWB–204, Washington, DC 20554.

(j) The Commission shall notify the complainant of the results of the appeal within sixty (60) days of the receipt of the appeal request. If the Commission determines that it needs additional information from the complainant, and requests such information, the Commission shall have sixty (60) days from the date it receives the additional information to make its determination on the appeal.

(k) The time limits cited in (g) and (j) of this section may be extended with the permission of the General Counsel.

(l) The Commission may delegate its authority for conducting complaint investigations to other federal agencies, except that the authority for making the final determination may not be delegated to another agency.

(b) The term *agency* or *Commission* means the Federal Communications Commission (including the Universal Service Fund, the Telecommunications Relay Service Fund, and any other reporting components of the Commission) or any other agency of the U.S. Government as defined by section 105 of title 5 U.S.C., the U.S. Postal Service, the U.S. Postal Rate Commission, a military department as defined by

section 102 of title 5 U.S.C., an agency or court of the judicial branch, or an agency of the legislative branch, including the U.S. Senate and the U.S. House of Representatives.

(c) The term *agency head* means the Chairman of the Federal Communications Commission.

(d) The term *application* includes in addition to petitions and applications elsewhere defined in the Commission's rules, any request, as for assistance, relief, declaratory ruling, or decision, by the Commission or on delegated authority.

(e) The terms claim and debt are deemed synonymous and interchangeable. They refer to an amount of money, funds, or property that has been determined by an agency official to be due to the United States from any person, organization, or entity, except another Federal agency. For purposes of administrative offset under 31 U.S.C. 3716, the terms ''claim'' and ''debt'' include an amount of money, funds, or property owed by a person to a State, the District of Columbia, American Samoa, Guam, the United States Virgin Islands, the Commonwealth of the Northern Mariana Islands, or the Commonwealth of Puerto Rico. ''Claim'' and ''debt'' include amounts owed to the United States on account of extension of credit or loans made by, insured or guaranteed by the United States and all other amounts due the United States from fees, leases, rents, royalties, services, sales of real or personal property, overpayments, penalties, damages, interest, taxes, and forfeitures issued after a notice of apparent liability that have been partially paid or for which a court of competent jurisdiction has ordered payment and such order is final (except those arising under the Uniform Code of Military Justice), and other similar sources.

(f) The term *creditor agency* means the agency to which the debt is owed.

(g) The term *debt collection center* means an agency of a unit or subagency within an agency that has been designated by the Secretary of the Treasury to collect debt owed to the United States. (h) The term *demand letter* includes written letters, orders, judgments, and memoranda from the Commission or on delegated authority.

(i) The term ''*delinquent*'' means a claim or debt which has not been paid by the date specified by the agency unless other satisfactory payment arrangements have been made by that date, or, at any time thereafter, the debtor has failed to satisfy an obligation under a payment agreement or instrument with the agency, or pursuant to a Commission rule. For purposes of this subpart only, an installment payment under 47 CFR 1.2110(g) will not be considered deliquent until the expiration of all applicable grace periods and any other applicable periods under Commission rules to make the payment due. The rules set forth in this subpart in no way affect the Commission's rules, as may be amended, regarding payment for licenses (including installment, down, or final payments) or automatic cancellation of Commission licenses (see 47 CFR 1.1902(f)).

(j) The term *disposable pay* means that part of current basic pay, special pay, incentive pay, retired pay, retainer pay, or in the case of an employee not entitled to basic pay, other authorized pay remaining after the deduction of any amount required by law to be withheld. Agencies must exclude deductions described in 5 CFR 581.105(b) through (f) to determine disposable pay subject to salary offset.

(k) The term *employee* means a current employee of the Commission or of another agency, including a current member of the Armed Forces or a Reserve of the Armed Forces (Reserve).

(l) The term *entity* includes natural persons, legal associations, applicants, licensees, and regulatees.

(n) The term *paying agency* means the agency employing the individual and authorizing the payment of his or her current pay.

(o) The term *referral for litigation* means referral to the Department of Justice for appropriate legal proceedings except where the Commission has the statutory authority to handle the litigation itself.

(p) The term *reporting component* means any program, account, or entity required to be included in the Agency's Financial Statements by generally accepted accounting principles for Federal Agencies.

(q) The term *salary offset* means an administrative offset to collect a debt under 5 U.S.C. 5514 by deduction(s) at one or more officially established pay intervals from the current pay account of an employee without his or her consent.

(r) The term *waiver* means the cancellation, remission, forgiveness, or non-recovery of a debt or fee, including, but not limited to, a debt due to the United States, by an entity or an employee to an agency and as the waiver is permitted or required by 5 U.S.C. 5584, 10 U.S.C. 2774, 31 U.S.C. 3711, or any other law.

(s) Words in the plural form shall include the singular, and vice-versa, and words signifying the masculine gender shall include the feminine, and vice-versa. The terms *includes* and *including* do not exclude matters not listed but do include matters of the same general class.

[69 FR 27848, May 17, 2004, as amended at 76 FR 70909, Nov. 16, 2011]

§ 1.1902 Exceptions.

(a) Claims arising from the audit of transportation accounts pursuant to 31 U.S.C. 3726 shall be determined, collected, compromised, terminated or settled in accordance with regulations published under the authority of 31 U.S.C. 3726 (see 41 CFR part 102–118).

(b) Claims arising out of acquisition contracts subject to the Federal Acquisition Regulations (FAR) shall be determined, collected, compromised, terminated, or settled in accordance with those regulations. (See 48 CFR part 32). If not otherwise provided for in the FAR, contract claims that have been the subject of a contracting officer's final decision in accordance with section 6(a) of the Contract Disputes Act of 1978 (41 U.S.C. 7103), may be determined, collected, compromised, terminated or settled under the provisions of this regulation, except that no additional review of the debt shall be granted beyond that provided by the contracting officer in accordance with the provisions of section 6 of the Contract Disputes Act of 1978 (41 U.S.C. 7103), and the amount of any interest, administrative charge, or penalty charge shall be subject to the limitations, if any, contained in the contract out of which the claim arose.

(c) Claims based in whole or in part on conduct in violation of the antitrust laws, or in regard to which there is an indication of fraud, the presentation of a false claim, or a misrepresentation on the part of the debtor or any other party having an interest in the claim, shall be referred to the Department of Justice (DOJ) as only the DOJ has authority to compromise, suspend, or terminate collection action on such claims. The standards in the FCCS relating to the administrative collection of claims do apply, but only to the extent authorized by the DOJ in a particular case. Upon identification of a claim based in whole or in part on conduct in violation of the antitrust laws or any claim involving fraud, the presentation of a false claim, or misrepresentation on the part of the debtor or any party having an interest in the claim, the Commission shall promptly refer the case to the Department of Justice for action. At its discretion, the DOJ may return the claim to the forwarding agency for further handling in accordance with the standards in the FCCS.

(d) Tax claims are excluded from the coverage of this regulation.

(e) The Commission will attempt to resolve interagency claims by negotiation in accordance with Executive Order 12146 (3 CFR 1980 Comp., pp. 409–412).

(f) Nothing in this subpart shall supercede or invalidate other Commission rules, such as the part 1 general competitive bidding rules (47 CFR part 1, subpart Q) or the service specific competitive bidding rules, as may be amended, regarding the Commission's rights, including but not limited to the Commission's right to cancel a license or authorization, obtain judgment, or

collect interest, penalties, and administrative costs.

[69 FR 27848, May 17, 2004, as amended at 76 FR 70909, Nov. 16, 2011]

§ 1.1903 Use of procedures.

Procedures authorized by this regulation (including, but not limited to, disclosure to a consumer reporting agency, contracting for collection services, administrative offset and salary offset) may be used singly or in combination, so long as the requirements of applicable law and regulation are satisfied.

§ 1.1904 Conformance to law and regulations.

The requirements of applicable law (31 U.S.C. 3701–3719, as amended by Public Law 97–365, 96 Stat. 1749 and Public Law 104–134, 110 Stat. 1321, 1358) have been implemented in government-wide standards which include the Regulations of the Office of Personnel Management (5 CFR part 550) and the Federal Claims Collection Standards issued jointly by the Secretary of the Treasury and the Attorney General of the United States (31 CFR parts 900–904). Not every item in the previous sentence described standards has been incorporated or referenced in this regulation. To the extent, however, that circumstances arise which are not covered by the terms stated in these regulations, the Commission will proceed in any actions taken in accordance with applicable requirements found in the standards referred to in this section.

§ 1.1905 Other procedures; collection of forfeiture penalties.

Nothing contained in these regulations is intended to require the Commission to duplicate administrative or other proceedings required by contract or other laws or regulations, nor do these regulations supercede procedures permitted or required by other statutes or regulations. In particular, the assessment and collection of monetary forfeitures imposed by the Commission will be governed initially by the procedures prescribed by 47 U.S.C. 503, 504 and 47 CFR 1.80. After compliance with those procedures, the Commission may determine that the collection of a monetary forfeiture under the collection alternatives prescribed by this subpart is appropriate but need not duplicate administrative or other proceedings. Fees and penalties prescribed by law, e.g., 47 U.S.C. 158 and 159, and promulgated under the authority of 47 U.S.C. 309(j) (e.g., 47 CFR part 1, subpart Q) may be collected as permitted by applicable law. Nothing contained herein is intended to restrict the Commission from exercising any other right to recover or collect amounts owed to it.

§ 1.1906 Informal action.

Nothing contained in these regulations is intended to preclude utilization of informal administrative actions or remedies which may be available (including, e.g., Alternative Dispute Resolution), and/or for the Commission to exercise rights as agreed to among the parties in written agreements, including notes and security agreements.

§ 1.1907 Return of property or collateral.

Nothing contained in this regulation is intended to deter the Commission from exercising any other right under law or regulation or by agreement it may have or possess, or to exercise its authority and right as a regulator under the Communications Act of 1934, as amended, and the Commission's rules, and demanding the return of specific property or from demanding, as a non-exclusive alternative, either the return of property or the payment of its value or the amount due the United States under any agreement or Commission rule.

§ 1.1908 Omissions not a defense.

The failure or omission of the Commission to comply with any provision in this regulation shall not serve as a defense to any debtor.

§ 1.1909 [Reserved]

§ 1.1910 Effect of insufficient fee payments, delinquent debts, or debarment.

(a)(1) An application (including a petition for reconsideration or any application for review of a fee determination) or request for authorization subject to the FCC Registration Number (FRN) requirement set forth in subpart W of this chapter will be examined to

determine if the applicant has paid the appropriate application fee, appropriate regulatory fees, is delinquent in its debts owed the Commission, or is debarred from receiving Federal benefits (*see, e.g.*, 31 CFR 285.13; 47 CFR part 1, subpart P).

(2) Fee payments, delinquent debt, and debarment will be examined based on the entity's taxpayer identifying number (TIN), supplied when the entity acquired or was assigned an FRN. See 47 CFR 1.8002(b)(1).

(b)(1) Applications by any entity found not to have paid the proper application or regulatory fee will be handled pursuant to the rules set forth in 47 CFR part 1, subpart G.

(2) Action will be withheld on applications, including on a petition for reconsideration or any application for review of a fee determination, or requests for authorization by any entity found to be delinquent in its debt to the Commission (see §1.1901(i)), unless otherwise provided for in this regulation, e.g., 47 CFR 1.1928 (employee petition for a hearing). The entity will be informed that action will be withheld on the application until full payment or arrangement to pay any non-tax delinquent debt owed to the Commission is made and/or that the application may be dismissed. See the provisions of §§1.1108, 1.1109, 1.1116, and 1.1118. Any Commission action taken prior to the payment of delinquent non-tax debt owed to the Commission is contingent and subject to rescission. Failure to make payment on any delinquent debt is subject to collection of the debt, including interest thereon, any associated penalties, and the full cost of collection to the Federal government pursuant to the provisions of the Debt Collection Improvement Act, 31 U.S.C. 3717.

(3) If a delinquency has not been paid or the debtor has not made other satisfactory arrangements within 30 days of the date of the notice provided pursuant to paragraph (b)(2) of this section, the application or request for authorization will be dismissed.

(i) The provisions of paragraphs (b)(2) and (b)(3) of this section will not apply if the applicant has timely filed a challenge through an administrative appeal or a contested judicial proceeding either to the existence or amount of the non-tax delinquent debt owed the Commission.

(ii) The provisions of paragraphs (b)(2) and (b)(3) of this section will not apply where more restrictive rules govern treatment of delinquent debtors, such as 47 CFR 1.2105(a)(2)(x) and (xi).

(c)(1) Applications for emergency or special temporary authority involving safety of life or property (including national security emergencies) or involving a brief transition period facilitating continuity of service to a substantial number of customers or end users, will not be subject to the provisions of paragraphs (a) and (b) of this section. However, paragraphs (a) and (b) will be applied to permanent authorizations for these services.

(2) The provisions of paragraphs (a) and (b) of this section will not apply to applications or requests for authorization to which 11 U.S.C. 525(a) is applicable.

ADMINISTRATIVE OFFSET—CONSUMER REPORTING AGENCIES—CONTRACTING FOR COLLECTION

§ 1.1911 Demand for payment.

(a) Written demand as described in paragraph (b) of this section, and which may be in the form of a letter, order, memorandum, or other form of written communication, will be made promptly upon a debtor of the United States in terms that inform the debtor of the consequences of failing to cooperate to

resolve the debt. The specific content, timing, and number of demand letters depend upon the type and amount of the debt, including, e.g., any notes and the terms of agreements of the parties, and the debtor's response, if any, to the Commission's letters or telephone calls. One demand letter will be deemed sufficient. In determining the timing of the demand letter(s), the Commission will give due regard to the need to refer debts promptly to the Department of Justice for litigation, in accordance with the FCCS. When necessary to protect the Government's interest (for example, to prevent the expiration of a statute of limitations), written demand may be preceded by other appropriate actions under the FCCS, including immediate referral for litigation. The demand letter does not provide an additional period within to challenge the existence of, or amount of the non-tax debt if such time period has expired under Commission rules or other applicable limitation periods. Nothing contained herein is intended to limit the Commission's authority or discretion as may otherwise be permitted to collect debts owed.

(b) The demand letter will inform the debtor of:

(1) The basis for the indebtedness and the opportunities, if any, of the debtor to request review within the Commission;

(2) The applicable standards for assessing any interest, penalties, and administrative costs (§§ 1.1940 and 1.1941);

(3) The date by which payment is to be made to avoid late charges and enforced collection, which normally will not be more than 30 days from the date that the initial demand letter was mailed or hand-delivered; and

(4) The name, address, and phone number of a contact person or office within the Commission.

(c) The Commission will expend all reasonable effort to ensure that demand letters are mailed or hand-delivered on the same day that they are dated. As provided for in any agreement among parties, or as may be required by exigent circumstances, the Commission may use other forms of delivery, including, e.g., facsimile telecopier or electronic mail. There is no prescribed format for demand letters. The Commission utilizes demand letters and procedures that will lead to the earliest practicable determination of whether the debt can be resolved administratively or must be referred for litigation.

(d) The Commission may, as circumstances and the nature of the debt permit, include in demand letters such items as the Commission's willingness to discuss alternative methods of payment; its policies with respect to the use of credit bureaus, debt collection centers, and collection agencies; the Commission's remedies to enforce payment of the debt (including assessment of interest, administrative costs and penalties, administrative garnishment, the use of collection agencies, Federal salary offset, tax refund offset, administrative offset, and litigation); the requirement that any debt delinquent for more than 120 days be transferred to the Department of the Treasury for collection; and, depending on applicable statutory authority, the debtor's entitlement to consideration of a waiver. Where applicable, the debtor will be provided with a period of time (normally not more than 15 calendar days) from the date of the demand in which to exercise the opportunity to request a review.

(e) The Commission will respond promptly to communications from the debtor, within 30 days whenever feasible, and will advise debtors who dispute the debt that they must furnish available evidence to support their contentions.

(f) Prior to the initiation of the demand process or at any time during or after completion of the demand process, if the Commission determines to pursue, or is required to pursue, offset, the procedures applicable to offset in §§ 1.1912 and 1.1913, as applicable, will be followed. The availability of funds or money for debt satisfaction by offset and the Commission's determination to pursue collection by offset shall release the Commission from the necessity of further compliance with paragraphs (a), (b), (c), and (d) of this section.

(g) Prior to referring a debt for litigation, the Commission will advise each person determined to be liable for the debt that, unless the debt can be collected administratively, litigation

may be initiated. This notification will follow the requirements of Executive Order 12988 (3 CFR, 1996 Comp., pp. 157–163) and may be given as part of a demand letter under paragraph (b) of this section or in a separate document. Litigation counsel for the Government will be advised that this notice has been given.

(h) When the Commission learns that a bankruptcy petition has been filed with respect to a debtor, before proceeding with further collection action, the Commission may immediately seek legal advice from its counsel concerning the impact of the Bankruptcy Code on any pending or contemplated collection activities. Unless the Commission determines that the automatic stay imposed at the time of filing pursuant to 11 U.S.C. 362 has been lifted or is no longer in effect, in most cases collection activity against the debtor should stop immediately.

(1) After seeking legal advice, a proof of claim will be filed in most cases with the bankruptcy court or the Trustee. The Commission will refer to the provisions of 11 U.S.C. 106 relating to the consequences on sovereign immunity of filing a proof of claim.

(2) If the Commission is a secured creditor, it may seek relief from the automatic stay regarding its security, subject to the provisions and requirements of 11 U.S.C. 362.

(3) Offset is stayed in most cases by the automatic stay. However, the Commission will determine from its counsel whether its payments to the debtor and payments of other agencies available for offset may be frozen by the Commission until relief from the automatic stay can be obtained from the bankruptcy court. The Commission will also determine from its counsel whether recoupment is available.

§ 1.1912 Collection by administrative offset.

(a) *Scope.* (1) The term *administrative offset* has the meaning provided in § 1.1901.

(2) This section does not apply to:

(i) Debts arising under the Social Security Act, except as provided in 42 U.S.C. 404;

(ii) Payments made under the Social Security Act, except as provided for in 31 U.S.C. 3716(c) (see 31 CFR 285.4, Federal Benefit Offset);

(iii) Debts arising under, or payments made under, the Internal Revenue Code (see 31 CFR 285.2, Tax Refund Offset) or the tariff laws of the United States;

(iv) Offsets against Federal salaries to the extent these standards are inconsistent with regulations published to implement such offsets under 5 U.S.C. 5514 and 31 U.S.C. 3716 (see 5 CFR part 550, subpart K, and 31 CFR 285.7, Federal Salary Offset);

(v) Offsets under 31 U.S.C. 3728 against a judgment obtained by a debtor against the United States;

(vi) Offsets or recoupments under common law, State law, or Federal statutes specifically prohibiting offsets or recoupments of particular types of debts; or

(vii) Offsets in the course of judicial proceedings, including bankruptcy.

(3) Unless otherwise provided for by contract or law, debts or payments that are not subject to administrative offset under 31 U.S.C. 3716 may be collected by administrative offset under the common law or other applicable statutory authority.

(4) Unless otherwise provided by law, administrative offset of payments under the authority of 31 U.S.C. 3716 to collect a debt may not be conducted more than 10 years after the Government's right to collect the debt first accrued, unless facts material to the Government's right to collect the debt were not known and could not reasonably have been known by the official or officials of the Government who were charged with the responsibility to discover and collect such debts. This limitation does not apply to debts reduced to a judgment.

(5) In bankruptcy cases, the Commission will seek legal advice from its counsel concerning the impact of the Bankruptcy Code, particularly 11 U.S.C. 106, 362, and 553, on pending or contemplated collections by offset.

(b) *Mandatory centralized administrative offset.* (1) The Commission is required to refer past due, legally enforceable nontax debts which are over 120 days delinquent to the Treasury for

collection by centralized administrative offset. Debts which are less than 120 days delinquent also may be referred to the Treasury for this purpose. *See* FCCS for debt certification requirements.

(2) The names and taxpayer identifying numbers (TINs) of debtors who owe debts referred to the Treasury as described in paragraph (b)(1) of this section shall be compared to the names and TINs on payments to be made by Federal disbursing officials. Federal disbursing officials include disbursing officials of Treasury, the Department of Defense, the United States Postal Service, other Government corporations, and disbursing officials of the United States designated by the Treasury. When the name and TIN of a debtor match the name and TIN of a payee and all other requirements for offset have been met, the payment will be offset to satisfy the debt.

(3) Federal disbursing officials will notify the debtor/payee in writing that an offset has occurred to satisfy, in part or in full, a past due, legally enforceable delinquent debt. The notice shall include a description of the type and amount of the payment from which the offset was taken, the amount of offset that was taken, the identity of the creditor agency requesting the offset, and a contact point within the creditor agency who will respond to questions regarding the offset.

(4)(i) Before referring a delinquent debt to the Treasury for administrative offset, and subject to any agreement and/or waiver to the contrary by the debtor, the Commission shall ensure that offsets are initiated only after the debtor:

(A) Has been sent written notice of the type and amount of the debt, the intention of the Commission to use administrative offset to collect the debt, and an explanation of the debtor's rights under 31 U.S.C. 3716; and

(B) The debtor has been given:

(*1*) The opportunity to request within 15 days of the date of the written notice, after which opportunity is deemed waived, by the debtor, to inspect and copy Commission records related to the debt;

(*2*) The opportunity, unless otherwise waived by the debtor, for a review within the Commission of the determination of indebtedness; and

(*3*) The opportunity to request within 15 days of the date of the written notice, after which the opportunity is deemed waived by the debtor, for the debtor to make a written agreement to repay the debt.

(ii) The Commission may omit the procedures set forth in paragraph (b)(4)(i) of this section when:

(A) The offset is in the nature of a recoupment;

(B) The debt arises under a contract as set forth in Cecile Industries, Inc. v. Cheney, 995 F.2d 1052 (Fed. Cir. 1993) (notice and other procedural protections set forth in 31 U.S.C. 3716(a) do not supplant or restrict established procedures for contractual offsets accommodated by the Contracts Disputes Act); or

(C) In the case of non-centralized administrative offsets conducted under paragraph (c) of this section, the Commission first learns of the existence of the amount owed by the debtor when there is insufficient time before payment would be made to the debtor/payee to allow for prior notice and an opportunity for review. When prior notice and an opportunity for review are omitted, the Commission shall give the debtor such notice and an opportunity for review as soon as practicable and shall promptly refund any money ultimately found not to have been owed to the Government.

(iii) When the Commission previously has given a debtor any of the required notice and review opportunities with respect to a particular debt (*see* 31 CFR 901.2), the Commission need not duplicate such notice and review opportunities before administrative offset may be initiated.

(5) Before the Commission refers delinquent debts to the Treasury, the Office of Managing Director must certify, in a form acceptable to the Treasury, that:

(i) The debt(s) is (are) past due and legally enforceable; and

(ii) The Commission has complied with all due process requirements under 31 U.S.C. 3716(a) and its regulations.

(6) Payments that are prohibited by law from being offset are exempt from

centralized administrative offset. The Treasury shall exempt payments under means-tested programs from centralized administrative offset when requested in writing by the head of the payment certifying or authorizing agency. Also, the Treasury may exempt other classes of payments from centralized offset upon the written request of the head of the payment certifying or authorizing agency.

(7) Benefit payments made under the Social Security Act (42 U.S.C. 301 *et seq.*), part B of the Black Lung Benefits Act (30 U.S.C. 921 *et seq.*), and any law administered by the Railroad Retirement Board (other than tier 2 benefits), may be offset only in accordance with Treasury regulations, issued in consultation with the Social Security Administration, the Railroad Retirement Board, and the Office of Management and Budget. *See* 31 CFR 285.4.

(8) In accordance with 31 U.S.C. 3716(f), the Treasury may waive the provisions of the Computer Matching and Privacy Protection Act of 1988 concerning matching agreements and postmatch notification and verification (5 U.S.C. 552a(o) and (p)) for centralized administrative offset upon receipt of a certification from a creditor agency that the due process requirements enumerated in 31 U.S.C. 3716(a) have been met. The certification of a debt in accordance with paragraph (b)(5) of this section will satisfy this requirement. If such a waiver is granted, only the Data Integrity Board of the Department of the Treasury is required to oversee any matching activities, in accordance with 31 U.S.C. 3716(g). This waiver authority does not apply to offsets conducted under paragraphs (c) and (d) of this section.

(c) *Non-centralized administrative offset.* (1) Generally, non-centralized administrative offsets are ad hoc case-by-case offsets that the Commission conducts, at the Commission's discretion, internally or in cooperation with the agency certifying or authorizing payments to the debtor. Unless otherwise prohibited by law, when centralized administrative offset is not available or appropriate, past due, legally enforceable nontax delinquent debts may be collected through non-centralized administrative offset. In these cases, a creditor agency may make a request directly to a payment-authorizing agency to offset a payment due a debtor to collect a delinquent debt. For example, it may be appropriate for a creditor agency to request that the Office of Personnel Management (OPM) offset a Federal employee's lump-sum payment upon leaving Government service to satisfy an unpaid advance.

(2) The Commission will make reasonable effort to ensure that such offsets may occur only after:

(i) The debtor has been provided due process as set forth in paragraph (b)(4) of this section (subject to any waiver by the debtor); and

(ii) The payment authorizing agency has received written certification from the Commission that the debtor owes the past due, legally enforceable delinquent debt in the amount stated, and that the creditor agency has fully complied with its regulations concerning administrative offset.

(3) Payment authorizing agencies shall comply with offset requests by creditor agencies to collect debts owed to the United States, unless the offset would not be in the best interests of the United States with respect to the program of the payment authorizing agency, or would otherwise be contrary to law. Appropriate use should be made of the cooperative efforts of other agencies in effecting collection by administrative offset.

(4) When collecting multiple debts by non-centralized administrative offset, agencies should apply the recovered amounts to those debts in accordance with the best interests of the United States, as determined by the facts and circumstances of the particular case, particularly the applicable statute of limitations.

[69 FR 27848, May 17, 2004, as amended at 76 FR 24393, May 2, 2011; 80 FR 43031, July 21, 2015]

§ 1.1913 Administrative offset against amounts payable from Civil Service Retirement and Disability Fund.

Upon providing the Office of Personnel Management (OPM) with written certification that a debtor has been afforded the procedures provided in

§1.1912(b)(4), the Commission may request OPM to offset a debtor's anticipated or future benefit payments under the Civil Service Retirement and Disability Fund (Fund) in accordance with regulations codified at 5 CFR 831.1801–831.1808. Upon receipt of such a request, OPM will identify and ''flag'' a debtor's account in anticipation of the time when the debtor requests, or becomes eligible to receive, payments from the Fund. This will satisfy any requirement that offset be initiated prior to the expiration of the time limitations referenced in §1.1914(a)(4).

§1.1914 Collection in installments.

(a) Subject to the Commission's rules pertaining to the installment loan program (*see e.g.*, 47 CFR §1.2110(g)), subpart Q or other agreements among the parties, the terms of which will control, whenever feasible, the Commission shall collect the total amount of a debt in one lump sum. If a debtor is financially unable to pay a debt in one lump sum, the Commission, in its sole discretion, may accept payment in regular installments. The Commission will obtain financial statements from debtors who represent that they are unable to pay in one lump sum and which are able to verify independently such representations (*see* 31 CFR 902.2(g)). The Commission will require and obtain a legally enforceable written agreement from the debtor that specifies all of the terms of the arrangement, including, as appropriate, sureties and other indicia of creditworthiness (*see* Federal Credit Reform Act of 1990, 2 U.S.C. 661, *et seq.*, OMB Circular A–129), and that contains a provision accelerating the debt in the event of default.

(b) The size and frequency of installment payments should bear a reasonable relation to the size of the debt and the debtor's ability to pay. If possible, the installment payments will be sufficient in size and frequency to liquidate the debt in three years or less.

(c) Security for deferred payments will be obtained in appropriate cases. The Commission may accept installment payments notwithstanding the refusal of the debtor to execute a written agreement or to give security, at the Commission's option.

(d) The Commission may deny the extension of credit to any debtor who fails to provide the records requested or fails to show an ability to pay the debt.

§1.1915 Exploration of compromise.

The Commission may attempt to effect compromise, preferably during the course of personal interviews, in accordance with the standards set forth in part 902 of the Federal Claims Collection Standards (31 CFR part 902). The Commission will also consider a request submitted by the debtor to compromise the debt. Such requests should be submitted in writing with full justification of the offer and addressing the bases for compromise at 31 CFR 902.2. Debtors will provide full financial information to support any request for compromise based on the debtor's inability to pay the debt. Unless otherwise provided by law, when the principal balance of a debt, exclusive of interest, penalties, and administrative costs, exceeds $100,000 or any higher amount authorized by the Attorney General, the authority to accept the compromise rests with the Department of Justice. The Commission will evaluate an offer, using the factors set forth in 31 CFR 902.2 and, as appropriate, refer the offer with the appropriate financial information to the Department of Justice. Department of Justice approval is not required if the Commission rejects a compromise offer.

§1.1916 Suspending or terminating collection action.

The suspension or termination of collection action shall be made in accordance with the standards set forth in part 903 of the Federal Claims Collection Standards (31 CFR part 903).

§1.1917 Referrals to the Department of Justice and transfer of delinquent debt to the Secretary of Treasury.

(a) Referrals to the Department of Justice shall be made in accordance with the standards set forth in part 904 of the Federal Claims Collection Standards (31 CFR part 904).

(b) The DCIA includes separate provisions governing the requirements that the Commission transfer delinquent

debts to Treasury for general collection purposes (cross-servicing) in accordance with 31 U.S.C. 3711(g)(1) and (2), and notify Treasury of delinquent debts for the purpose of administrative offset in accordance with 31 U.S.C. 3716(c)(6). Title 31, U.S.C. 3711(g)(1) requires the Commission to transfer to Treasury all collection activity for a given debt. Under section 3711(g), Treasury will use all appropriate debt collection tools to collect the debt, including referral to a designated debt collection center or private collection agency, and administrative offset. Once a debt has been transferred to Treasury pursuant to the procedures at 31 CFR 285.12, the Commission will cease all collection activity related to that debt.

(c) All non-tax debts of claims owed to the Commission that have been delinquent for a period of 120 days shall be transferred to the Secretary of the Treasury. Debts which are less than 120 days delinquent may also be referred to the Treasury. Upon such transfer the Secretary of the Treasury shall take appropriate action to collect or terminate collection actions on the debt or claim. A debt is past-due if it has not been paid by the date specified in the Commission's initial written demand for payment or applicable agreement or instrument (including a post-delinquency payment agreement) unless other satisfactory payment arrangements have been made.

[69 FR 27848, May 17, 2004 as amended at 80 FR 43031, July 21, 2015]

§ 1.1918 Use of consumer reporting agencies.

(a) The term *individual* means a natural person, and the term *consumer reporting agency* has the meaning provided in the Federal Claims Collection Act, as amended, 31 U.S.C. 3701(a)(3) or the Fair Credit Reporting Act, 15 U.S.C. 168a(f).

(b) The Commission may disclose to a consumer reporting agency, or provide information to the Treasury who may disclose to a consumer reporting agency from a system of records, information that an individual is responsible for a claim. System information includes, for example, name, taxpayer identification number, business and home address, business and home telephone numbers, the amount of the debt, the amount of unpaid principle, the late period, and the payment history. Before the Commission reports the information, it will:

(1) Provide notice required by section 5 U.S.C. 552a(e)(4) that information in the system may be disclosed to a consumer reporting agency;

(2) Review the claim to determine that it is valid and overdue;

(3) Make reasonable efforts using information provided by the debtor in Commission files to notify the debtor, unless otherwise specified under the terms of a contract or agreement—

(i) That payment of the claim is overdue;

(ii) That, within not less than 60 days from the date of the notice, the Commission intends to disclose to a consumer reporting agency that the individual is responsible for that claim;

(iii) That information in the system of records may be disclosed to the consumer reporting agency; and

(iv) That unless otherwise specified and agreed to in an agreement, contract, or by the terms of a note and/or security agreement, or that the debt arises from the nonpayment of a Commission fee, penalty, or other statutory or regulatory obligations, the individual will be provided with an explanation of the claim, and, as appropriate, procedures to dispute information in the records of the agency about the claim, and to administrative appeal or review of the claim; and

(4) Review Commission records to determine that the individual has not—

(i) Repaid or agreed to repay the claim under a written repayment plan agreed to and signed by both the individual and the Commission's representative; or, if eligible; and

(ii) Filed for review of the claim under paragraph (g) of this section;

(c) The Commission shall: (1) Disclose to each consumer reporting agency to which the original disclosure was made a substantial change in the condition or amount of the claim;

(2) Verify or correct promptly information about the claim, on request of a consumer reporting agency for verification of any or all information so disclosed; and

(3) Obtain assurances from each consumer reporting agency that they are complying with all laws of the United States relating to providing consumer credit information.

(d) The Commission shall ensure that information disclosed to the consumer reporting agency is limited to—

(1) Information necessary to establish the identity of the individual, including name, address, and taxpayer identification number;

(2) The amount, status, and history of the claim; and

(3) The agency or program under which the claim arose.

(e) All accounts in excess of $100 that have been delinquent more than 31 days will normally be referred to a consumer reporting agency.

(f) Under the same provisions as described in paragraph (b) of this section, the Commission may disclose to a credit reporting agency, information relating to a debtor other than a natural person. Such commercial debt accounts are not covered by the Privacy Act. Moreover, commercial debt accounts are subject to the Commission's rules concerning debt obligation, including part 1 rules related to auction debt, and the agreements of the parties.

§ 1.1919 Contracting for collection services.

(a) Subject to the provisions of paragraph (b) of this section, the Commission may contract with private collection contractors, as defined in 31 U.S.C. 3701(f), to recover delinquent debts. In that regard, the Commission:

(1) Retains the authority to resolve disputes, compromise debts, suspend or terminate collection activity, and refer debts for litigation;

(2) Restricts the private collection contractor from offering, as an incentive for payment, the opportunity to pay the debt less the private collection contractor's fee unless the Commission has granted such authority prior to the offer;

(3) Specifically requires, as a term of its contract with the private collection contractor, that the private collection contractor is subject to the Privacy Act of 1974 to the extent specified in 5 U.S.C. 552a(m), and to applicable Federal and state laws and regulations pertaining to debt collection practices, including but not limited to the Fair Debt Collection Practices Act, 15 U.S.C. 1692; and

(4) The private collection contractor is required to account for all amounts collected.

(b) Although the Commission will use government-wide debt collection contracts to obtain debt collection services provided by private collection contractors, the Commission may refer debts to private collection contractors pursuant to a contract between the Commission and the private collection contractor in those situations where the Commission is not required to transfer debt to the Secretary of the Treasury for debt collection.

(c) Agencies may fund private collection contractor in accordance with 31 U.S.C. 3718(d), or as otherwise permitted by law.

(d) The Commission may enter into contracts for locating and recovering assets of the United States, such as unclaimed assets, but it will first establish procedures that are acceptable to Treasury before entering into contracts to recover assets of the United States held by a state government or a financial institution.

(e) The Commission may enter into contracts for debtor asset and income search reports. In accordance with 31 U.S.C. 3718(d), such contracts may provide that the fee a contractor charges the Commission for such services may be payable from the amounts recovered, unless otherwise prohibited by statute. In that regard, fees for those services will be added to the amount collected and are part of the administrative collection costs passed on to the debtor. *See* § 1.1940.

§§ 1.1920–1.1924 [Reserved]

SALARY OFFSET-INDIVIDUAL DEBT

§ 1.1925 Purpose.

Sections 1.1925 through 1.1939 apply to individuals who are employees of the Commission and provides the standards to be followed by the Commission in implementing 5 U.S.C. 5514; sec. 8(1) of E.O. 11609 (3 CFR, 1971–1975 Comp., p.586); redesignated in sec. 2–1 of E.O. 12107 (3 CFR, 1978 Comp., p.264) to recover a debt from the pay account of a

Commission employee. It also establishes procedural guidelines to recover debts when the employee's creditor and paying agencies are not the same.

§ 1.1926 Scope.

(a) *Coverage.* This section applies to the Commission and employees as defined by § 1.1901.

(b) *Applicability.* This section and 5 U.S.C. 5514 apply in recovering certain debts by offset, except where the employee consents to the recovery, from the current pay account of that employee. Because it is an administrative offset, debt collection procedures for salary offset which are not specified in 5 U.S.C. 5514 and these regulations should be consistent with the provisions of the Federal Claims Collection Standards (31 CFR parts 900–904).

(1) *Excluded debts or claims.* The procedures contained in this section do not apply to debts or claims arising under the Internal Revenue Code of 1954, as amended (26 U.S.C. 1 *et seq.*), the Social Security Act (42 U.S.C. 301 *et seq.*) or the tariff laws of the United States, or to any case where collection of a debt by salary offset is explicitly provided for or prohibited by another statute (e.g., travel advances in 5 U.S.C. 5705 and employee training expenses in 5 U.S.C. 4108).

(2) Section 1.1926 does not preclude an employee from requesting waiver of an erroneous payment under 5 U.S.C. 5584, 10 U.S.C. 2774, or 32 U.S.C. 716, or in any way questioning the amount or validity of a debt, in the manner prescribed by the Commissioner. Similarly, this subpart does not preclude an employee from requesting waiver of the collection of a debt under any other applicable statutory authority.

(c) *Time limit.* Under 31 CFR 901.3(a)(4) offset may not be initiated more than 10 years after the Government's right to collect the debt first accrued, unless an exception applies as stated in section 901.3(a)(4).

§ 1.1927 Notification.

(a) Salary offset deductions will not be made unless the Managing Director of the Commission, or the Managing Director's designee, provides to the employee at least 30 days before any deduction, written notice stating at a minimum:

(1) The Commission's determination that a debt is owed, including the origin, nature, and amount of the debt;

(2) The Commission's intention to collect the debt by means of deduction from the employee's current disposable pay account;

(3) The frequency and amount of the intended deduction (stated as a fixed dollar amount or as a percentage of pay, not to exceed 15 percent of disposable pay) and the intention to continue the deductions until the debt is paid in full or otherwise resolved;

(4) An explanation of the Commission's policy concerning interest, penalties, and administrative costs (*See* §§ 1.1940 and 1.1941), a statement that such assessments must be made unless excused in accordance with the FCCS;

(5) The employee's right to inspect and copy Government records relating to the debt or, if the employee or his or her representative cannot personally inspect the records, to request and receive a copy of such records.

(6) If not previously provided, the opportunity (under terms agreeable to the Commission) to establish a schedule for the voluntary repayment of the debt or to enter into a written agreement to establish a schedule for repayment of the debt in lieu of offset. The agreement must be in writing, signed by both the employee and the Managing Director (or designee) of the Commission and documented in Commission files (see the FCCS).

(7) The employee's right to a hearing conducted by an official arranged by the Commission (an administrative law judge, or alternatively, a hearing official not under the control of the head of the Commission) if a petition is filed as prescribed by this subpart.

(8) The method and time period for petitioning for a hearing;

(9) That the timely filing of a petition for hearing will stay the commencement of collection proceedings;

(10) That the final decision in the hearing (if one is requested) will be issued at the earliest practical date, but not later than 60 days after the filing of the petition requesting the hearing unless the employee requests and

the hearing official grants a delay in the proceedings;

(11) That any knowingly false, misleading, or frivolous statements, representations, or evidence may subject the employee to:

(i) Disciplinary procedures appropriate under Chapter 75 of title 5, U.S.C., part 752 of title 5, Code of Federal Regulations, or any other applicable statutes or regulations.

(ii) Penalties under the False Claims Act sections 3729–3731 of title 31, U.S.C., or any other applicable statutory authority; or

(iii) Criminal penalties under sections 286, 287, 1001, and 1002 of title 18, U.S.C., or any other applicable statutory authority.

(12) Any other rights and remedies available to the employee under statutes or regulations governing the program for which the collection is being made; and

(13) Unless there are applicable contractual or statutory provisions to the contrary, that amounts paid on or deducted for the debt which are later waived or found not owed to the United States will be promptly refunded to the employee.

(b) Notifications under this section shall be hand delivered with a record made of the date of delivery, or shall be mailed by certified mail, return receipt requested.

(c) No notification, hearing, written responses or final decisions under this regulation are required by the Commission for:

(1) Any adjustment to pay arising out of an employee's election of coverage, or change in coverage, under a Federal benefit program requiring periodic deductions from pay, if the amount to be recovered was accumulated over four pay periods or less;

(2) A routine intra-Commission adjustment of pay that is made to correct an overpayment of pay attributable to clerical or administrative errors or delays in processing pay documents, if the overpayment occurred within the four pay periods preceding the adjustment, or as soon thereafter as practical, the individual is provided written notice of the nature and the amount of the adjustment and point of contact for contesting such adjustment; or

(3) Any adjustment to collect a debt amounting to $50 or less, if, at the time of such adjustment, or as soon thereafter as practical, the individual is provided written notice of the nature and the amount of the adjustment and a point of contact for contesting such adjustment.

§ 1.1928 Hearing.

(a) *Petition for hearing.* (1) An employee may request a hearing by filing a written petition with the Managing Director of the Commission, or designated official stating why the employee believes the determination of the Commission concerning the existence or the amount of the debt is in error.

(2) The employee's petition must be executed under penalty of perjury by the employee and fully identify and explain with reasonable specificity all the facts, evidence and witnesses, if any, which the employee believes support his or her position.

(3) The petition must be filed no later than fifteen (15) calendar days from the date that the notification was hand delivered or the date of delivery by certified mail, return receipt requested.

(4) If a petition is received after the fifteenth (15) calendar day deadline referred to paragraph (a) (3) of this section, the Commission will nevertheless accept the petition if the employee can show, in writing, that the delay was due to circumstances beyond his or her control, or because of failure to receive notice of the time limit (unless otherwise aware of it).

(5) If a petition is not filed within the time limit specified in paragraph (a) (3) of this section, and is not accepted pursuant to paragraph (a)(4) of this section, the employee's right to hearing will be considered waived, and salary offset will be implemented by the Commission.

(b) *Type of hearing.* (1) The form and content of the hearing will be determined by the hearing official who shall be a person outside the control or authority of the Commission except that nothing herein shall be construed to prohibit the appointment of an administrative law judge by the Commission. In determining the type of hearing, the hearing officer will consider the nature

and complexity of the transaction giving rise to the debt. The hearing may be conducted as an informal conference or interview, in which the Commission and employee will be given a full opportunity to present their respective positions, or as a more formal proceeding involving the presentation of evidence, arguments and written submissions.

(2) The employee may represent him or herself, or may be represented by an attorney.

(3) The hearing official shall maintain a summary record of the hearing.

(4) The decision of the hearing officer shall be in writing, and shall state:

(i) The facts purported to evidence the nature and origin of the alleged debt;

(ii) The hearing official's analysis, findings, and conclusions, in the light of the hearing, as to—

(A) The employee's and/or agency's grounds,

(B) The amount and validity of the alleged debt, and,

(C) The repayment schedule, if applicable.

(5) The decision of the hearing official shall constitute the final administrative decision of the Commission.

§ 1.1929 Deduction from employee's pay.

(a) Deduction by salary offset, from an employee's current disposable pay, shall be subject to the following conditions:

(1) Ordinarily, debts to the United States will be collected in full, in one lump sum. This will be done when funds are available for payment in one lump sum. However, if the employee is financially unable to pay in one lump sum or the amount of the debt exceeds 15 percent of disposable pay for an officially established pay interval, collection must be made in installments.

(2) The size of the installment deductions will bear a reasonable relationship to the size of the debt and the employee's ability to pay (*see* the FCCS). However, the installments will not exceed 15 percent of the disposable pay from which the deduction is made, unless the employee has agreed in writing to the deduction of a greater amount.

(3) Deduction will generally commence with the next full pay interval (ordinarily the next biweekly pay period) following the date: of the employee's written consent to salary offset, the waiver of hearing, or the decision issued by the hearing officer.

(4) Installment deductions will be pro-rated for a period not greater than the anticipated period of employment except as provided in § 1.1930.

§ 1.1930 Liquidation from final check or recovery from other payment.

(a) If the employee retires or resigns or if his or her employment or period of active duty ends before collection of the debt is completed, offset of the entire remaining balance of the debt may be made from a final payment of any nature, including, but not limited to a final salary payment or lump-sum leave due the employee as the date of separation, to such extent as is necessary to liquidate the debt.

(b) If the debt cannot be liquidated by offset from a final payment, offset may be made from later payments of any kind due from the United States, including, but not limited to, the Civil Service Retirement and Disability Fund, pursuant to § 1.1913.

§ 1.1931 Non-waiver of rights by payments.

An employee's involuntary payment of all or any portion of a debt being collected under 5 U.S.C. 5514 shall not be construed as a waiver of any rights which the employee may have under 5 U.S.C. 5514 or any other provision of contract or law, unless statutory or contractual provisions provide to the contrary.

§ 1.1932 Refunds.

(a) Refunds shall promptly be made when—(1) A debt is waived or otherwise found not owing to the United States (unless expressly prohibited by statute or regulation); or

(2) The employee's paying agency is directed by an administrative or judicial order to refund amounts deducted from his or her current pay.

(b) Refunds do not bear interest unless required or permitted by law or contract.

§ 1.1933 Interest, penalties and administrative costs.

The assessment of interest, penalties and administrative costs shall be in accordance with §§ 1.1940 and 1.1941.

§ 1.1934 Recovery when the Commission is not creditor agency.

(a) *Responsibilities of creditor agency.* Upon completion of the procedures established under 5 U.S.C. 5514, the creditor agency must do the following:

(1) Must certify, in writing, that the employee owes the debt, the amount and basis of the debt, the date on which payment(s) is due, the date of the Government's right to collect the debt first accrued, and that the creditor agency's regulations implementing 5 U.S.C. 5514 have been approved by OPM.

(2) If the collection must be made in installments, the creditor agency also must advise the Commission of the number of installments to be collected, the amount of each installment, and the commencement date of the first installment (if a date other than the next officially established pay period is required).

(3) Unless the employee has consented to the salary offset in writing or signed a statement acknowledging receipt of the required procedures, and the written consent or statement is forwarded to the Commission, the creditor agency also must advise the Commission of the action(s) taken under 5 U.S.C. 5514(b) and give the date(s) the action(s) was taken.

(4) Except as otherwise provided in this paragraph, the creditor agency must submit a debt claim containing the information specified in paragraphs (a)(1) through (a)(3) of this section and an installment agreement (or other instruction on the payment schedule), if applicable to the Commission.

(5) If the employee is in the process of separating, the creditor agency must submit its claim to the Commission for collection pursuant to § 1.1930. The Commission will certify the total amount of its collection and provide copies to the creditor agency and the employee as stated in paragraph (c)(1) of this section. If the Commission is aware that the employee is entitled to payments from the Civil Service Retirement and Disability Fund, or other similar payments, it must provide written notification to the agency responsible for making such payments that the debtor owes a debt (including the amount) and that there has been full compliance with the provisions of this section. However, the creditor agency must submit a properly certified claim to the agency responsible for making such payments before collection can be made.

(6) If the employee is already separated and all payments from the Commission have been paid, the creditor agency may request, unless otherwise prohibited, that money due and payable to the employee from the Civil Service Retirement and Disability Fund (5 CFR 831.1801 *et seq.*), or other similar funds, be administratively offset to collect the debt. (31 U.S.C. 3716 and 4 CFR 102.4)

(b) *Responsibilities of the Commission*—(1) *Complete claim.* When the Commission receives a properly certified debt claim from a creditor agency, deductions should be scheduled to begin prospectively at the next official established pay interval. The Commission will notify the employee that the Commission has received a certified debt claim from the creditor agency (including the amount) and written notice of the date deductions from salary will commence and of the amount of such deductions.

(2) *Incomplete claim.* When the Commission receives an incomplete debt claim from a creditor agency, the Commission will return the debt claim with a notice that procedures under 5 U.S.C. 5514 and this subpart must be provided, and a properly certified debt claim received, before action will be taken to collect from the employee's current pay account.

(3) *Review.* The Commission will not review the merits of the creditor agency's determination with respect to the amount or validity of the debt certified by the creditor agency.

(c) Employees who transfer from one paying agency to another. (1) If, after the creditor agency has submitted the debt claim to the Commission, the employee transfers to a position served by a different paying agency before the debt is collected in full, the Commission must certify the total amount of

the collection made on the debt. One copy of the certification must be furnished to the employee, another to the creditor agency along with notice of employee's transfer. However, the creditor agency must submit a properly certified claim to the new paying agency before collection can be resumed.

(2) When an employee transfers to another paying agency, the creditor agency need not repeat the due process procedures described by 5 U.S.C. 5514 and this subpart to resume the collection. However, the creditor agency is responsible for reviewing the debt upon receiving the former paying agency's notice of the employee's transfer to make sure the collection is resumed by the new paying agency.

§ 1.1935 Obtaining the services of a hearing official.

(a) When the debtor does not work for the creditor agency and the creditor agency cannot provide a prompt and appropriate hearing before an administrative law judge or before a hearing official furnished pursuant to another lawful arrangement, the creditor agency may contact an agent of the Commission designated in Appendix A of 5 CFR part 581 for a hearing official, and the Commission will then cooperate as provided by the FCCS and provide a hearing official.

(b) When the debtor works for the creditor agency, the creditor agency may contact any agent (of another agency) designated in Appendix A of 5 CFR part 581 to arrange for a hearing official. Agencies must then cooperate as required by the FCCS and provide a hearing official.

(c) The determination of a hearing official designated under this section is considered to be an official certification regarding the existence and amount of the debt for purposes of executing salary offset under 5 U.S.C. 5514. A creditor agency may make a certification to the Secretary of the Treasury under 31 CFR 550.1108 or a paying agency under 31 CFR 550.1109 regarding the existence and amount of the debt based on the certification of a hearing official. If a hearing official determines that a debt may not be collected via salary offset, but the creditor agency finds that the debt is still valid, the creditor agency may still seek collection of the debt through other means, such as offset of other Federal payments, litigation, etc.

§ 1.1936 Administrative wage garnishment.

(a) *Purpose.* This section provides procedures for the Commission to collect money from a debtor's disposable pay by means of administrative wage garnishment to satisfy delinquent nontax debt owed to the United States.

(b) *Scope.* (1) This section applies to Commission-administered programs that give rise to a delinquent nontax debt owed to the United States and to the Commission's pursuit of recovery of such debt.

(2) This section shall apply notwithstanding any provision of State law.

(3) Nothing in this section precludes the compromise of a debt or the suspension or termination of collection action in accordance with applicable law. See, for example, the Federal Claims Collection Standards (FCCS), 31 CFR parts 900 through 904.

(4) The receipt of payments pursuant to this section does not preclude the Commission from pursuing other debt collection remedies, including the offset of Federal payments to satisfy delinquent nontax debt owed to the United States. The Commission may pursue such debt collection remedies separately or in conjunction with administrative wage garnishment.

(5) This section does not apply to the collection of delinquent nontax debt owed to the Commission from the wages of Federal employees from their Federal employment. Federal pay is subject to the Federal salary offset procedures set forth in 5 U.S.C. 5514, §§ 1.1925 through 1.1935, and other applicable laws.

(6) Nothing in this section requires the Commission to duplicate notices or administrative proceedings required by contract or other laws or regulations.

(c) *Definitions.* In addition to the definitions set forth in § 1.1901 as used in this section, the following definitions shall apply:

(1) *Business day means Monday through Friday.* For purposes of computation, the last day of the period will

be included unless it is a Federal legal holiday.

(2) *Certificate of service* means a certificate signed by a Commission official indicating the nature of the document to which it pertains, the date of mailing of the document, and to whom the document is being sent.

(3) *Day means calendar day.* For purposes of computation, the last day of the period will be included unless it is a Saturday, a Sunday, or a Federal legal holiday.

(4) *Disposable pay* means that part of the debtor's compensation (including, but not limited to, salary, bonuses, commissions, and vacation pay) from an employer remaining after the deduction of health insurance premiums and any amounts required by law to be withheld.

(5) *Amounts required by law to be withheld* include amounts for deductions such as social security taxes and withholding taxes, but do not include any amount withheld pursuant to a court order.

(6) *Employer* means a person or entity that employs the services of others and that pays their wages or salaries. The term employer includes, but is not limited to, State and local Governments, but does not include an agency of the Federal Government.

(7) *Garnishment* means the process of withholding amounts from an employee's disposable pay and the paying of those amounts to a creditor in satisfaction of a withholding order.

(8) *Withholding order* means any order for withholding or garnishment of pay issued by an agency, or judicial or administrative body. For purposes of this section, the terms ''wage garnishment order'' and ''garnishment order'' have the same meaning as ''withholding order.''

(d) *General rule.* Whenever the Commission determines that a delinquent debt is owed by an individual, the Commission may initiate proceedings administratively to garnish the wages of the delinquent debtor as governed by procedures prescribed by 31 CFR 285. Wage garnishment will usually be performed for the Commission by the Treasury as part of the debt collection processes for Commission debts referred to Treasury for further collection action.

(e) *Notice requirements.* (1) At least 30 days before the initiation of garnishment proceedings, the Commission shall mail, by first class mail, to the debtor's last known address a written notice informing the debtor of:

(i) The nature and amount of the debt;

(ii) The intention of the Commission to initiate proceedings to collect the debt through deductions from pay until the debt and all accumulated interest, penalties and administrative costs are paid in full; and

(iii) An explanation of the debtor's rights, including those set forth in paragraph (e)(2) of this section, and the time frame within which the debtor may exercise his or her rights.

(2) The debtor shall be afforded the opportunity:

(i) To inspect and copy agency records related to the debt;

(ii) To enter into a written repayment agreement with the Commission under terms agreeable to the Commission; and

(iii) For a hearing in accordance with paragraph (f) of this section concerning the existence or the amount of the debt or the terms of the proposed repayment schedule under the garnishment order. However, the debtor is not entitled to a hearing concerning the terms of the proposed repayment schedule if these terms have been established by written agreement under paragraph (e)(2)(ii) of this section.

(3) The Commission will keep a copy of a certificate of service indicating the date of mailing of the notice. The certificate of service may be retained electronically so long as the manner of retention is sufficient for evidentiary purposes.

(f) *Hearing.* Pursuant to 31 CFR 285.11(f)(1), the Commission hereby adopts by reference the hearing procedures of 31 CFR 285.11(f).

(g) *Wage garnishment order.* (1) Unless the Commission receives information that the Commission believes justifies a delay or cancellation of the withholding order, the Commission will send, by first class mail, a withholding order to the debtor's employer within 30 days after the debtor fails to make a

timely request for a hearing (*i.e.*, within 15 business days after the mailing of the notice described in paragraph (e)(1) of this section), or, if a timely request for a hearing is made by the debtor, within 30 days after a final decision is made by the Commission to proceed with garnishment, or as soon as reasonably possible thereafter.

(2) The withholding order sent to the employer under paragraph (g)(1) of this section shall be in a form prescribed by the Secretary of the Treasury on the Commission's letterhead and signed by the head of the Commission or his/her delegate. The order shall contain only the information necessary for the employer to comply with the withholding order, including the debtor's name, address, and social security number, as well as instructions for withholding and information as to where payments should be sent.

(3) The Commission will keep a copy of a certificate of service indicating the date of mailing of the order. The certificate of service may be retained electronically so long as the manner of retention is sufficient for evidentiary purposes.

(h) *Certification by employer*. Along with the withholding order, the Commission shall send to the employer a certification in a form prescribed by the Secretary of the Treasury. The employer shall complete and return the certification to the Commission within the time frame prescribed in the instructions to the form addressing matters such as information about the debtor's employment status and disposable pay available for withholding.

(i) *Amounts withheld*. (1) After receipt of the garnishment order issued under this section, the employer shall deduct from all disposable pay paid to the applicable debtor during each pay period the amount of garnishment described in paragraph (i)(2) of this section.

(2) Subject to the provisions of paragraphs (i)(3) and (i)(4) of this section, the amount of garnishment shall be the lesser of:

(i) The amount indicated on the garnishment order up to 15% of the debtor's disposable pay; or

(ii) The amount set forth in 15 U.S.C. 1673(a)(2) (Restriction on Garnishment). The amount set forth at 15 U.S.C. 1673(a)(2) is the amount by which a debtor's disposable pay exceeds an amount equivalent to thirty times the minimum wage. See 29 CFR 870.10.

(3) When a debtor's pay is subject to withholding orders with priority the following shall apply:

(i) Unless otherwise provided by Federal law, withholding orders issued under this section shall be paid in the amounts set forth under paragraph (i)(2) of this section and shall have priority over other withholding orders which are served later in time. Notwithstanding the foregoing, withholding orders for family support shall have priority over withholding orders issued under this section.

(ii) If amounts are being withheld from a debtor's pay pursuant to a withholding order served on an employer before a withholding order issued pursuant to this section, or if a withholding order for family support is served on an employer at any time, the amounts withheld pursuant to the withholding order issued under this section shall be the lesser of:

(A) The amount calculated under paragraph (i)(2) of this section, or

(B) An amount equal to 25% of the debtor's disposable pay less the amount(s) withheld under the withholding order(s) with priority.

(iii) If a debtor owes more than one debt to the Commission, the Commission may issue multiple withholding orders provided that the total amount garnished from the debtor's pay for such orders does not exceed the amount set forth in paragraph (i)(2) of this section. For purposes of this paragraph (i)(3)(iii), the term *agency* refers to the Commission that is owed the debt.

(4) An amount greater than that set forth in paragraphs (i)(2) and (i)(3) of this section may be withheld upon the written consent of debtor.

(5) The employer shall promptly pay to the Commission all amounts withheld in accordance with the withholding order issued pursuant to this section.

(6) An employer shall not be required to vary its normal pay and disbursement cycles in order to comply with the withholding order.

(7) Any assignment or allotment by an employee of his earnings shall be void to the extent it interferes with or prohibits execution of the withholding order issued under this section, except for any assignment or allotment made pursuant to a family support judgment or order.

(8) The employer shall withhold the appropriate amount from the debtor's wages for each pay period until the employer receives notification from the Commission to discontinue wage withholding. The garnishment order shall indicate a reasonable period of time within which the employer is required to commence wage withholding.

(j) *Exclusions from garnishment.* The Commission may not garnish the wages of a debtor who it knows has been involuntarily separated from employment until the debtor has been reemployed continuously for at least 12 months. The debtor has the burden of informing the Commission of the circumstances surrounding an involuntary separation from employment.

(k) *Financial hardship.* (1) A debtor whose wages are subject to a wage withholding order under this section, may, at any time, request a review by the Commission of the amount garnished, based on materially changed circumstances such as disability, divorce, or catastrophic illness which result in demonstrated financial hardship.

(2) A debtor requesting a review under paragraph (k)(1) of this section shall submit the basis for claiming that the current amount of garnishment results in demonstrated financial hardship to the debtor, along with supporting documentation. The Commission will consider any information submitted; however, demonstrated financial hardship must be based on financial records that include Federal and state tax returns, affidavits executed under the pain and penalty of perjury, and, in the case of business-related financial hardship (e.g., the debtor is a partner or member of a business-agency relationship) full financial statements (audited and/or submitted under oath) in accordance with procedures and standards established by the Commission.

(3) If a financial hardship is found, the Commission will downwardly adjust, by an amount and for a period of time agreeable to the Commission, the amount garnisheed to reflect the debtor's financial condition. The Commission will notify the employer of any adjustments to the amounts to be withheld.

(l) *Ending garnishment.* (1) Once the Commission has fully recovered the amounts owed by the debtor, including interest, penalties, and administrative costs consistent with the FCCS, the Commission will send the debtor's employer notification to discontinue wage withholding.

(2) At least annually, the Commission shall review its debtors' accounts to ensure that garnishment has been terminated for accounts that have been paid in full.

(m) *Actions prohibited by the employer.* An employer may not discharge, refuse to employ, or take disciplinary action against the debtor due to the issuance of a withholding order under this section.

(n) *Refunds.* (1) If a hearing official, at a hearing held pursuant to paragraph (f)(3) of this section, determines that a debt is not legally due and owing to the United States, the Commission shall promptly refund any amount collected by means of administrative wage garnishment.

(2) Unless required by Federal law or contract, refunds under this section shall not bear interest.

(o) *Right of action.* The Commission may sue any employer for any amount that the employer fails to withhold from wages owed and payable to an employee in accordance with paragraphs (g) and (i) of this section. However, a suit may not be filed before the termination of the collection action involving a particular debtor, unless earlier filing is necessary to avoid expiration of any applicable statute of limitations period. For purposes of this section, ''termination of the collection action'' occurs when the Commission has terminated collection action in accordance with the FCCS or other applicable standards. In any event, termination of the collection action will have been deemed to occur if the Commission has not received any payments to satisfy

the debt from the particular debtor whose wages were subject to garnishment, in whole or in part, for a period of one (1) year.

§§ 1.1937–1.1939 [Reserved]

INTEREST, PENALTIES, ADMINISTRATIVE COSTS AND OTHER SANCTIONS

§ 1.1940 Assessment.

(a) Except as provided in paragraphs (g), (h), and (i) of this section or § 1.1941, the Commission shall charge interest, penalties, and administrative costs on debts owed to the United States pursuant to 31 U.S.C. 3717. The Commission will mail, hand-deliver, or use other forms of transmission, including facsimile telecopier service, a written notice to the debtor, at the debtor's CORES contact address (see section 1.8002(b)) explaining the Commission's requirements concerning these charges except where these requirements are included in a contractual or repayment agreement, or otherwise provided in the Commission's rules, as may be amended from time to time. These charges shall continue to accrue until the debt is paid in full or otherwise resolved through compromise, termination, or waiver of the charges. This provision is not intended to modify or limit the terms of any contract, note, or security agreement from the debtor, or to modify or limit the Commission's rights under its rules with regard to the notice or the parties' agreement to waive notice.

(b) The Commission shall charge interest on debts owed the United States as follows:

(1) Interest shall accrue from the date of delinquency, or as otherwise provided by the terms of any contract, note, or security agreement, regulation, or law.

(2) Unless otherwise established in a contract, note, or security agreement, repayment agreement, or by statute, the rate of interest charged shall be the rate established annually by the Treasury in accordance with 31 U.S.C. 3717. Pursuant to 31 U.S.C. 3717, an agency may charge a higher rate of interest if it reasonably determines that a higher rate is necessary to protect the rights of the United States. The agency should document the reason(s) for its determination that the higher rate is necessary.

(3) The rate of interest, as initially charged, shall remain fixed for the duration of the indebtedness. When a debtor defaults on a repayment agreement and seeks to enter into a new agreement, the agency may require payment of interest at a new rate that reflects the current value of funds to the Treasury at the time the new agreement is executed. Interest shall not be compounded, that is, interest shall not be charged on interest, penalties, or administrative costs required by this section. If, however, a debtor defaults on a previous repayment agreement, charges that accrued but were not collected under the defaulted agreement shall be added to the principal under the new repayment agreement.

(c) The Commission shall assess administrative costs incurred for processing and handling delinquent debts. The calculation of administrative costs may be based on actual costs incurred or upon estimated costs as determined by the Commission. Commission administrative costs include the personnel and service costs (e.g., telephone, copier, and overhead) to notify and collect the debt, without regard to the success of such efforts by the Commission.

(d) Unless otherwise established in a contract, repayment agreement, or by statute, the Commission will charge a penalty, pursuant to 31 U.S.C. 3717(e)(2), currently not to exceed six percent (6%) a year on the amount due on a debt that is delinquent for more than 90 days. This charge shall accrue from the date of delinquency. If the rate permitted under 31 U.S.C. 3717 is changed, the Commission will apply that rate.

(e) The Commission may increase an *administrative debt* by the cost of living adjustment in lieu of charging interest and penalties under this section. *Administrative debt* includes, but is not limited to, a debt based on fines, penalties, and overpayments, but does not include a debt based on the extension of Government credit, such as those arising from loans and loan guaranties. The cost of living adjustment is the percentage by which the Consumer

Price Index for the month of June of the calendar year preceding the adjustment exceeds the Consumer Price Index for the month of June of the calendar year in which the debt was determined or last adjusted. Increases to administrative debts shall be computed annually. Agencies should use this alternative only when there is a legitimate reason to do so, such as when calculating interest and penalties on a debt would be extremely difficult because of the age of the debt.

(f) When a debt is paid in partial or installment payments, amounts received by the agency shall be applied first to outstanding penalties and administrative cost charges, second to accrued interest, and third to the outstanding principal.

(g) The Commission will waive the collection of interest and administrative charges imposed pursuant to this section on the portion of the debt that is paid within 30 days after the date on which interest began to accrue. The Commission will not extend this 30-day period except for good cause shown of extraordinary and compelling circumstances, completely documented and supported in writing, submitted and received before the expiration of the first 30-day period. The Commission may, on good cause shown of extraordinary and compelling circumstances, completely documented and supported in writing, waive interest, penalties, and administrative costs charged under this section, in whole or in part, without regard to the amount of the debt, either under the criteria set forth in these standards for the compromise of debts, or if the agency determines that collection of these charges is against equity and good conscience or is not in the best interest of the United States.

(h) The Commission retains the common law right to impose interest and related charges on debts not subject to 31 U.S.C. 3717.

§ 1.1941 Exemptions.

(a) The preceding sections of this part, to the extent they reflect remedies or procedures prescribed by the Debt Collection Act of 1982 and the Debt Collection Improvement Act of 1996, such as administrative offset, use of credit bureaus, contracting for collection agencies, and interest and related charges, do not apply to debts arising under, or payments made under, the Internal Revenue Code of 1986, as amended (26 U.S.C. 1 *et seq.*); the Social Security Act (42 U.S.C. 301 *et seq.*), except to the extent provided under 42 U.S.C. 404 and 31 U.S.C. 3716(c); or the tariff laws of the United States. These remedies and procedures, however, may be authorized with respect to debts that are exempt from the Debt Collection Act of 1982 and the Debt Collection Improvement Act of 1996, to the extent that they are authorized under some other statute or the common law.

(b) This section should not be construed as prohibiting the use of these authorities or requirements when collecting debts owed by persons employed by agencies administering the laws cited in paragraph (a) of this section unless the debt arose under those laws. However, the Commission is authorized to assess interest and related charges on debts which are not subject to 31 U.S.C. 3717 to the extent authorized under the common law or other applicable statutory authority.

§ 1.1942 Other sanctions.

The remedies and sanctions available to the Commission in this subpart are not exclusive. The Commission may impose other sanctions, where permitted by law, for any inexcusable, prolonged, or repeated failure of a debtor to pay such a claim. In such cases, the Commission will provide notice, as required by law, to the debtor prior to imposition of any such sanction.

§§ 1.1943–1.1949 [Reserved]

Cooperation With the Internal Revenue Service

§ 1.1950 Reporting discharged debts to the Internal Revenue Service.

(a) In accordance with applicable provisions of the Internal Revenue Code and implementing regulations (26 U.S.C. 6050P; 26 CFR 1.6050P–1), when the Commission discharges a debt for less than the full value of the indebtedness, it will report the outstanding balance discharged, not including interest, to the Internal Revenue Service, using

IRS Form 1099–C or any other form prescribed by the Service, when:

(1) The principle amount of the debt not in dispute is $600 or more; and

(2) The obligation has not been discharged in a bankruptcy proceeding; and

(3) The obligation is no longer collectible either because the time limit in the applicable statute for enforcing collection expired during the tax year, or because during the year a formal compromise agreement was reached in which the debtor was legally discharged of all or a portion of the obligation.

(b) The Treasury will prepare the Form 1099–C for those debts transferred to Treasury for collection and deemed uncollectible.

§ 1.1951 Offset against tax refunds.

The Commission will take action to effect administrative offset against tax refunds due to debtors under 26 U.S.C. 6402, in accordance with the provisions of 31 U.S.C. 3720A and Treasury Department regulations.

§ 1.1952 Use and disclosure of mailing addresses.

(a) When attempting to locate a debtor in order to collect or compromise a debt under this subpart or other authority, the Commission may send a request to the Secretary of the Treasury (or designee) to obtain a debtor's mailing address from the records of the Internal Revenue Service.

(b) The Commission is authorized to use mailing addresses obtained under paragraph (a) of this section to enforce collection of a delinquent debt and may disclose such mailing addresses to other agencies and to collection agencies for collection purposes.

GENERAL PROVISIONS CONCERNING INTERAGENCY REQUESTS

§ 1.1953 Interagency requests.

(a) Requests to the Commission by other Federal agencies for administrative or salary offset shall be in writing and forwarded to the Financial Operations Center, FCC, 445 12th Street, SW., Washington, DC 20554.

(b) Requests by the Commission to other Federal agencies holding funds payable to the debtor will be in writing and forwarded, certified return receipt, as specified by that agency in its regulations. If the agency's rules governing this matter are not readily available or identifiable, the request will be submitted to that agency's office of legal counsel with a request that it be processed in accordance with their internal procedures.

(c) Requests to and from the Commission shall be accompanied by a certification that the debtor owes the debt (including the amount) and that the procedures for administrative or salary offset contained in this subpart, or comparable procedures prescribed by the requesting agency, have been fully complied with. The Commission will cooperate with other agencies in effecting collection.

(d) Requests to and from the Commission shall be processed within 30 calendar days of receipt. If such processing is impractical or not feasible, notice to extend the time period for another 30 calendar days will be forwarded 10 calendar days prior to the expiration of the first 30-day period.

Subpart P—Implementation of the Anti-Drug Abuse Act of 1988

[60 FR 39269, Aug. 2, 1995]

§ 1.2002 Applicants required to submit information.

(a) In order to be eligible for any new, modified, and/or renewed instrument of authorization from the Commission, including but not limited to, authorizations issued pursuant to sections 214, 301, 302, 303(1), 308, 310(d), 318, 319, 325(b), 351, 361(b), 362(b), 381, and 385 of the Communications Act of 1934, as

amended, by whatever name that instrument may be designated, all applicants shall certify that neither the applicant nor any party to the application is subject to a denial of Federal benefits that includes FCC benefits pursuant to section 5301 of the Anti-Drug Abuse Act of 1988. 21 U.S.C. 862. If a section 5301 certification has been incorporated into the FCC application form being filed, the applicant need not submit a separate certification. If a section 5301 certification has not been incorporated into the FCC application form being filed, the applicant shall be deemed to have certified by signing the application, unless an exhibit is included stating that the signature does not constitute such a certification and explaining why the applicant is unable to certify. If no FCC application form is involved, the applicant must attach a certification to its written application. If the applicant is unable to so certify, the applicant shall be ineligible for the authorization for which it applied, and will have 90 days from the filing of the application to comply with this rule. If a section 5301 certification has been incorporated into the FCC application form, failure to respond to the question concerning certification shall result in dismissal of the application pursuant to the relevant processing rules.

(b) A party to the application, as used in paragraph (a) of this section shall include:

(1) If the applicant is an individual, that individual;

(2) If the applicant is a corporation or unincorporated association, all officers, directors, or persons holding 5% or more of the outstanding stock or shares (voting and/or non-voting) of the applicant; and

§ 1.2101 Purpose.

The provisions of §§1.2101 through 1.2114 implement section 309(j) of the Communications Act of 1934, as added by the Omnibus Budget Reconciliation Act of 1993 (Pub. L. 103–66) and subsequent amendments.

[79 FR 48528, Aug. 15, 2014]

§ 1.2102 Eligibility of applications for competitive bidding.

(a) Mutually exclusive initial applications are subject to competitive bidding.

(b) The following types of license applications are not subject to competitive bidding procedures:

(1) Public safety radio services, including private internal radio services used by state and local governments and non-government entities and including emergency road services provided by not-for-profit organizations, that

(i) Are used to protect the safety of life, health, or property; and

(ii) Are not commercially available to the public;

(2) Initial licenses or construction permits for digital television service given to existing terrestrial broadcast licensees to replace their analog television service licenses; or

(3) Noncommercial educational and public broadcast stations described under 47 U.S.C. 397(6).

[59 FR 44293, Aug. 26, 1994, as amended at 60 FR 40718, Aug. 9, 1995; 62 FR 23163, Apr. 29, 1997; 63 FR 10780, Mar. 5, 1998; 79 FR 48528, Aug. 15, 2014]

§ 1.2103 Competitive bidding design options.

(a) *Public notice of competitive bidding design options.* Prior to any competitive bidding for initial licenses, public notice shall be provided of the detailed procedures that may be used to implement auction design options.

(b) *Competitive bidding design options.* The public notice detailing competitive bidding procedures may establish procedures for collecting bids, assigning winning bids, and determining payments, including without limitation:

(1) *Procedures for collecting bids.* (i) Procedures for collecting bids in a single round or in multiple rounds.

(ii) Procedures allowing for bids for specific items, bids for generic items in one or more categories of items, or bids for one or more aggregations of items.

(iii) Procedures allowing for bids that specify a price, indicate demand at a specified price, or provide other information as specified by competitive bidding policies, rules, and procedures.

(iv) Procedures allowing for bids that are contingent on specified conditions, such as other bids being accepted or for packages of licenses being awarded.

(vi) Procedures for whether, when, and how bids may be modified during the auction.

(2) *Procedures for assigning winning bids.* (i) Procedures that take into account one or more factors in addition to the submitted bid amount, including but not limited to the amount of bids submitted in separate competitive bidding.

(ii) Procedures to assign specific items to bidders following bidding for quantities of generic items.

(iii) Procedures to incorporate public interest considerations into the process for assigning winning bids.

(3) *Procedures for determining payments.* Procedures to determine the amount of any payments made to or by winning bidders consistent with other auction design choices.

[79 FR 48528, Aug. 15, 2014]

§ 1.2104 Competitive bidding mechanisms.

(a) *Sequencing.* The Commission will establish the sequence in which multiple licenses will be auctioned.

(b) *Grouping.* In the event the Commission uses either a simultaneous multiple round competitive bidding design or combinatorial bidding, the Commission will determine which licenses will be auctioned simultaneously or in combination.

(c) *Reserve Price.* The Commission may establish a reserve price or prices, either disclosed or undisclosed, below which a license or licenses subject to auction will not be awarded. For any auction of eligible frequencies described in section 113(g)(2) of the National Telecommunications and Information Administration Organization Act (47 U.S.C. 923(g)(2)) requiring the recovery of estimated relocation costs, the Commission will establish a reserve price or prices pursuant to which the total cash proceeds from any auction of eligible frequencies shall equal at least 110 percent of the total estimated relocation costs provided to the Commission by the National Telecommunications and Information Administration pursuant to section 113(g)(4) of such Act (47 U.S.C. 923(g)(4)).

(d) *Minimum Bid Increments, Minimum Opening Bids and Maximum Bid Increments.* The Commission may, by announcement before or during an auction, require minimum bid increments in dollar or percentage terms. The Commission also may establish minimum opening bids and maximum bid increments on a service-specific basis.

(e) *Stopping procedures.* Before or during an auction, procedures may be established regarding when bidding will stop for a round, a stage, or an entire auction, in order to terminate the auction within a reasonable time and in accordance with public interest considerations and the goals, statutory requirements, rules, and procedures for

the auction, including any reserve price or prices.

(f) *Activity Rules.* The Commission may establish activity rules which require a minimum amount of bidding activity.

(g) *Withdrawal, Default and Disqualification Payment.* As specified below, when the Commission conducts an auction pursuant to §1.2103, the Commission will impose payments on bidders who withdraw high bids during the course of an auction, or who default on payments due after an auction closes or who are disqualified.

(1) *Bid withdrawal prior to close of auction.* A bidder that withdraws a bid during the course of an auction is subject to a withdrawal payment equal to the difference between the amount of the withdrawn bid and the amount of the winning bid in the same or subsequent auction(s). In the event that a bidding credit applies to any of the bids, the bid withdrawal payment is either the difference between the net withdrawn bid and the subsequent net winning bid, or the difference between the gross withdrawn bid and the subsequent gross winning bid, whichever is less. No withdrawal payment will be assessed for a withdrawn bid if either the subsequent winning bid or any of the intervening subsequent withdrawn bids equals or exceeds that withdrawn bid. The withdrawal payment amount is deducted from any upfront payments or down payments that the withdrawing bidder has deposited with the Commission. In the case of multiple bid withdrawals on a single license, the payment for each bid withdrawal will be calculated based on the sequence of bid withdrawals and the amounts withdrawn in the same or subsequent auction(s). In the event that a license for which there have been withdrawn bids subject to withdrawal payments is not won in the same auction, those bidders for which a final withdrawal payment cannot be calculated will be assessed an interim bid withdrawal payment of between 3 and 20 percent of their withdrawn bids, according to a percentage (or percentages) established by the Commission in advance of the auction. The interim bid withdrawal payment will be applied toward any final bid withdrawal payment that will be assessed at the close of a subsequent auction of the corresponding license.

Example 1 to paragraph (g)(1). Bidder A withdraws a bid of $100. Subsequently, Bidder B places a bid of $90 and withdraws. In that same auction, Bidder C wins the license at a bid of $95. Withdrawal payments are assessed as follows: Bidder A owes $5 ($100–$95). Bidder B owes nothing.

Example 2 to paragraph (g)(1). Bidder A withdraws a bid of $100. Subsequently, Bidder B places a bid of $95 and withdraws. In that same auction, Bidder C wins the license at a bid of $90. Withdrawal payments are assessed as follows: Bidder A owes $5 ($100–$95). Bidder B owes $5 ($95–$90).

Example 3 to paragraph (g)(1). Bidder A withdraws a bid of $100. Subsequently, in that same auction, Bidder B places a bid of $90 and withdraws. In a subsequent auction, Bidder C places a bid of $95 and withdraws. Bidder D wins the license in that auction at a bid of $80. Assuming that the Commission established an interim bid withdrawal payment of 3 percent in advance of the first auction, withdrawal payments are assessed as follows: At the end of the first auction, Bidder A and Bidder B are each assessed an interim withdrawal payment equal to 3 percent of their withdrawn bids pending Commission assessment of a final withdrawal payment (Bidder A would owe 3% of $100, or $3, and Bidder B would owe 3% of $90, or $2.70). At the end of the second auction, Bidder A would owe $5 ($100–$95) less the $3 interim withdrawal payment for a total of $2. Because Bidder C placed a subsequent bid that was higher than Bidder B's $90 bid, Bidder B would owe nothing. Bidder C would owe $15 ($95–$80).

(2) *Default or disqualification after close of auction.* A bidder assumes a binding obligation to pay its full bid amount upon acceptance of the winning bid at the close of an auction. If a bidder defaults or is disqualified after the close of such an auction, the defaulting bidder will be subject to a default payment consisting of a deficiency payment, described in §1.2104(g)(2)(i), and an additional payment, described in §1.2104(g)(2)(ii) and (g)(2)(iii). The default payment will be deducted from any upfront payments or down payments that the defaulting bidder has deposited with the Commission.

(i) *Deficiency payment.* The deficiency payment will equal the difference between the amount of the defaulted bid and the amount of the winning bid in a subsequent auction, so long as there

have been no intervening withdrawn bids that equal or exceed the defaulted bid or the subsequent winning bid. If the subsequent winning bid or any intervening subsequent withdrawn bid equals or exceeds the defaulted bid, no deficiency payment will be assessed. If there have been intervening subsequent withdrawn bids that are lower than the defaulted bid and higher than the subsequent winning bid, but no intervening withdrawn bids that equal or exceed the defaulted bid, the deficiency payment will equal the difference between the amount of the defaulted bid and the amount of the highest intervening subsequent withdrawn bid. In the event that a bidding credit applies to any of the applicable bids, the deficiency payment will be based solely on net bids or solely on gross bids, whichever results in a lower payment.

(ii) *Additional payment—applicable percentage.* When the default or disqualification follows an auction without combinatorial bidding, the additional payment will equal between 3 and 20 percent of the applicable bid, according to a percentage (or percentages) established by the Commission in advance of the auction. When the default or disqualification follows an auction with combinatorial bidding, the additional payment will equal 25 percent of the applicable bid.

(iii) *Additional payment—applicable bid.* When no deficiency payment is assessed, the applicable bid will be the net amount of the defaulted bid. When a deficiency payment is assessed, the applicable bid will be the subsequent winning bid, using the same basis—i.e., net or gross—as was used in calculating the deficiency payment.

(h) The Commission will generally release information concerning the identities of bidders before each auction but may choose, on an auction-by-auction basis, to withhold the identity of the bidders associated with bidder identification numbers.

(i) The Commission may delay, suspend, or cancel an auction in the event of a natural disaster, technical obstacle, evidence of security breach, unlawful bidding activity, administrative necessity, or for any other reason that affects the fair and efficient conduct of the competitive bidding. The Commission also has the authority, at its sole discretion, to resume the competitive bidding starting from the beginning of the current or some previous round or cancel the competitive bidding in its entirety.

(j) *Bid apportionment*—(1) *Apportioned license bid.* The Commission may specify a method for apportioning a bid among portions of the license (i.e., portions of the license's service area or bandwidth, or both) when necessary to compare a bid on the original license or portions thereof with a bid on a corresponding reconfigured license for purposes of the Commission's rules or procedures, such as to calculate a bid withdrawal or default payment obligation in connection with the bid.

(2) *Apportioned package bid.* The apportioned package bid on a license is an estimate of the price of an individual license included in a package of licenses in an auction with combinatorial (package) bidding. Apportioned package bids shall be determined by the Commission according to a methodology it establishes in advance of each auction with combinatorial bidding. The apportioned package bid on a license included in a package shall be used in place of the amount of an individual bid on that license when the bid amount is needed to determine the size of a designated entity bidding credit (see §1.2110(f)(1) and (f)(2)), a new entrant bidding credit (see §73.5007 of this chapter), a bid withdrawal or default payment obligation (see §1.2104(g)), a tribal land bidding credit limit (see §1.2110(f)(3)(iv)), or a size-based bidding credit unjust enrichment payment obligation (see §1.2111(d), (e)(2), and (e)(3)), or for any other determination required by the Commission's rules or procedures.

EFFECTIVE DATE NOTE: At 80 FR 56809, Sept. 18, 2015, §1.2104 was amended by revising paragraph (j)(2), effective Nov. 17, 2015. For the convenience of the user, the revised text is set forth as follows:

* * * * *

(j) * * *

(2) *Apportioned package bid.* The apportioned package bid on a license is an estimate of the price of an individual license included in a package of licenses in an auction with combinatorial (package) bidding. Apportioned package bids shall be determined by the Commission according to a methodology it establishes in advance of each auction with combinatorial bidding. The apportioned package bid on a license included in a package shall be used in place of the amount of an individual bid on that license when the bid amount is needed to determine the size of a designated entity bidding credit (see §1.2110(f)(1), (f)(2), and (f)(4)), a new entrant bidding credit (see §73.5007 of this chapter), a bid withdrawal or default payment obligation (see §1.2104(g)), a tribal land bidding credit limit (see §1.2110(f)(3)), or a size-based bidding credit unjust enrichment payment obligation (see §1.2111(b), (c)(2) and (c)(3)), or for any other determination required by the Commission's rules or procedures.

§ 1.2105 Bidding application and certification procedures; prohibition of certain communications.

(a) *Submission of Short-Form Application (FCC Form 175).* In order to be eligible to bid, an applicant must timely submit a short-form application (FCC Form 175), together with any appropriate upfront payment set forth by Public Notice. Beginning January 1, 1999, all short-form applications must be filed electronically.

(1) All short-form applications will be due:

(i) On the date(s) specified by public notice; or

(ii) In the case of application filing dates which occur automatically by operation of law (*see,* e.g., 47 CFR 22.902), on a date specified by public notice after the Commission has reviewed the applications that have been filed on those dates and determined that mutual exclusivity exists.

(2) The short-form application must contain the following information:

(i) Identification of each license, or category of licenses, on which the applicant wishes to bid.

(ii)(A) The applicant's name, if the applicant is an individual. If the applicant is a corporation, then the short-form application will require the name and address of the corporate office and the name and title of an officer or director. If the applicant is a partnership, then the application will require the name, citizenship and address of all general partners, and, if a partner is not a natural person, then the name and title of a responsible person should be included as well. If the applicant is a trust, then the name and address of the trustee will be required. If the applicant is none of the above, then it must identify and describe itself and its principals or other responsible persons; and

(B) Applicant ownership and other information, as set forth in §1.2112.

(iii) The identity of the person(s) authorized to make or withdraw a bid;

(iv) If the applicant applies as a designated entity pursuant to §1.2110, a statement to that effect and a declaration, under penalty of perjury, that the applicant is qualified as a designated entity under §1.2110.

(v) Certification that the applicant is legally, technically, financially and otherwise qualified pursuant to section 308(b) of the Communications Act of 1934, as amended. The Commission will accept applications certifying that a request for waiver or other relief from the requirements of section 310 is pending;

(vi) Certification that the applicant is in compliance with the foreign ownership provisions of section 310 of the Communications Act of 1934, as amended;

(vii) Certification that the applicant is and will, during the pendency of its application(s), remain in compliance with any service-specific qualifications applicable to the licenses on which the applicant intends to bid including, but not limited to, financial qualifications. The Commission may require certification in certain services that the applicant will, following grant of a license, come into compliance with certain service-specific rules, including, but not limited to, ownership eligibility limitations;

(viii) An exhibit, certified as truthful under penalty of perjury, identifying all parties with whom the applicant has entered into partnerships, joint ventures, consortia or other agreements, arrangements or understandings of any kind relating to the

licenses being auctioned, including any such agreements relating to the post-auction market structure.

(ix) Certification under penalty of perjury that it has not entered and will not enter into any explicit or implicit agreements, arrangements or understandings of any kind with any parties other than those identified pursuant to paragraph (a)(2)(viii) regarding the amount of their bids, bidding strategies or the particular licenses on which they will or will not bid.

(x) Certification that the applicant is not in default on any Commission licenses and that it is not delinquent on any non-tax debt owed to any Federal agency.

(xi) An attached statement made under penalty of perjury indicating whether or not the applicant has ever been in default on any Commission license or has ever been delinquent on any non-tax debt owed to any Federal agency.

NOTE TO PARAGRAPH (a): The Commission may also request applicants to submit additional information for informational purposes to aid in its preparation of required reports to Congress.

(xii) For auctions required to be conducted under Title VI of the Middle Class Tax Relief and Job Creation Act of 2012 (Pub. L. 112–96) or in which any spectrum usage rights for which licenses are being assigned were made available under 47 U.S.C. 309(j)(8)(G)(i), certification under penalty of perjury that the applicant and all of the person(s) disclosed under paragraph (a)(2)(ii) of this section are not person(s) who have been, for reasons of national security, barred by any agency of the Federal Government from bidding on a contract, participating in an auction, or receiving a grant. For the purposes of this certification, the term ''person'' means an individual, partnership, association, joint-stock company, trust, or corporation, and the term ''reasons of national security'' means matters relating to the national defense and foreign relations of the United States.

(b) *Modification and Dismissal of Short-Form Application (FCC Form 175).* (1) Any short-form application (FCC Form 175) that does not contain all of the certifications required pursuant to this section is unacceptable for filing and cannot be corrected subsequent to the applicable filing deadline. The application will be dismissed with prejudice and the upfront payment, if paid, will be returned.

(2) The Commission will provide bidders a limited opportunity to cure defects specified herein (except for failure to sign the application and to make certifications) and to resubmit a corrected application. During the resubmission period for curing defects, a short-form application may be amended or modified to cure defects identified by the Commission or to make minor amendments or modifications. After the resubmission period has ended, a short-form application may be amended or modified to make minor changes or correct minor errors in the application. Major amendments cannot be made to a short-form application after the initial filing deadline. Major amendments include changes in ownership of the applicant that would constitute an assignment or transfer of control, changes in an applicant's size which would affect eligibility for designated entity provisions, and changes in the license service areas identified on the short-form application on which the applicant intends to bid. Minor amendments include, but are not limited to, the correction of typographical errors and other minor defects not identified as major. An application will be considered to be newly filed if it is amended by a major amendment and may not be resubmitted after applicable filing deadlines.

(3) Applicants who fail to correct defects in their applications in a timely manner as specified by public notice will have their applications dismissed with no opportunity for resubmission.

(4) Applicants shall have a continuing obligation to make any amendments or modifications that are necessary to maintain the accuracy and completeness of information furnished in pending applications. Such amendments or modifications shall be made as promptly as possible, and in no case more than five business days after applicants become aware of the need to make any amendment or modification, or five business days after the reportable event occurs, whichever is later.

An applicant's obligation to make such amendments or modifications to a pending application continues until they are made.

(c) *Prohibition of certain communications.* (1) Except as provided in paragraphs (c)(2), (c)(3), and (c)(4) of this section, after the short-form application filing deadline, all applicants for licenses in any of the same geographic license areas are prohibited from cooperating or collaborating with respect to, discussing with each other, or disclosing to each other in any manner the substance of their own, or each other's, or any other competing applicants' bids or bidding strategies, or discussing or negotiating settlement agreements, until after the down payment deadline, unless such applicants are members of a bidding consortium or other joint bidding arrangement identified on the bidder's short-form application pursuant to §1.2105(a)(2)(viii).

(2) Applicants may modify their short-form applications to reflect formation of consortia or changes in ownership at any time before or during an auction, provided such changes do not result in a change in control of the applicant, and provided that the parties forming consortia or entering into ownership agreements have not applied for licenses in any of the same geographic license areas. Such changes will not be considered major modifications of the application.

(3) After the filing of short-form applications, applicants may make agreements to bid jointly for licenses, provided the parties to the agreement have not applied for licenses in any of the same geographic license areas.

(4) After the filing of short-form applications, a holder of a non-controlling attributable interest in an entity submitting a short-form application may acquire an ownership interest in, form a consortium with, or enter into a joint bidding arrangement with, other applicants for licenses in the same geographic license area, provided that:

(i) The attributable interest holder certifies to the Commission that it has not communicated and will not communicate with any party concerning the bids or bidding strategies of more than one of the applicants in which it holds an attributable interest, or with which it has a consortium or joint bidding arrangement, and which have applied for licenses in the same geographic license area(s); and

(ii) The arrangements do not result in any change in control of an applicant; or

(iii) When an applicant has withdrawn from the auction, is no longer placing bids and has no further eligibility, a holder of a non-controlling, attributable interest in such an applicant may obtain an ownership interest in or enter into a consortium with another applicant for a license in the same geographic service area, provided that the attributable interest holder certifies to the Commission that it did not communicate with the new applicant prior to the date that the original applicant withdrew from the auction.

(5) Applicants must modify their short-form applications to reflect any changes in ownership or in membership of consortia or joint bidding arrangements.

(6) A party that makes or receives a communication prohibited under paragraphs (c)(1) or (8) of this section shall report such communication in writing immediately, and in any case no later than five business days after the communication occurs. A party's obligation to make such a report continues until the report has been made. Such reports shall be filed as directed in public notices detailing procedures for the bidding that was the subject of the reported communication. If no public notice provides direction, the party making the report shall do so in writing to the Chief of the Auctions and Spectrum Access Division, Wireless Telecommunications Bureau, by the most expeditious means available, including electronic transmission such as email.

(7) For purposes of this paragraph:

(i) The term *applicant* shall include all controlling interests in the entity submitting a short-form application to participate in an auction (FCC Form 175), as well as all holders of partnership and other ownership interests and any stock interest amounting to 10 percent or more of the entity, or outstanding stock, or outstanding voting stock of the entity submitting a short-

form application, and all officers and directors of that entity; and

(ii) The term *bids or bidding strategies* shall include capital calls or requests for additional funds in support of bids or bidding strategies.

(8) Prohibition of certain communications for the broadcast television spectrum incentive auction conducted under section 6403 of the Middle Class Tax Relief and Job Creation Act of 2012 (Pub. L. 112–96).

(i) For the purposes of the prohibition described in paragraphs (c)(8)(ii) and (iii) of this section, the term *forward auction applicant* is defined the same as the term *applicant* is defined in paragraph (c)(7) of this section, and the terms *full power broadcast television licensee* and *Class A broadcast television licensee* are defined the same as those terms are defined in § 1.2205(a)(1).

(ii) Except as provided in paragraph (c)(8)(iii) of this section, in the broadcast television spectrum incentive auction conducted under section 6403 of the Middle Class Tax Relief and Job Creation Act of 2012 (Pub. L. 112–96), beginning on the short-form application filing deadline for the forward auction and until the results of the incentive auction are announced by public notice, all forward auction applicants are prohibited from communicating directly or indirectly any incentive auction applicant's bids or bidding strategies to any full power or Class A broadcast television licensee.

(iii) The prohibition described in paragraph (c)(8)(ii) of this section does not apply to communications between a forward auction applicant and a full power or Class A broadcast television licensee if a controlling interest, director, officer, or holder of any 10 percent or greater ownership interest in the forward auction applicant, as of the deadline for submitting short-form applications to participate in the forward auction, is also a controlling interest, director, officer, or governing board member of the full power or Class A broadcast television licensee, as of the deadline for submitting applications to participate in the reverse auction.

NOTE 1 TO PARAGRAPH (C): For the purposes of paragraph (c), ''controlling interests'' include individuals or entities with positive or negative *de jure* or *de facto* control of the licensee. *De jure* control includes holding 50 percent or more of the voting stock of a corporation or holding a general partnership interest in a partnership. Ownership interests that are held indirectly by any party through one or more intervening corporations may be determined by successive multiplication of the ownership percentages for each link in the vertical ownership chain and application of the relevant attribution benchmark to the resulting product, except that if the ownership percentage for an interest in any link in the chain meets or exceeds 50 percent or represents actual control, it may be treated as if it were a 100 percent interest. *De facto* control is determined on a case-by-case basis. Examples of *de facto* control include constituting or appointing 50 percent or more of the board of directors or management committee; having authority to appoint, promote, demote, and fire senior executives that control the day-to-day activities of the licensee; or playing an integral role in management decisions.

NOTE 2 TO PARAGRAPH (C): The prohibition described in paragraph (c)(8)(ii) of this section applies to controlling interests, directors, officers, and holders of any 10 percent or greater ownership interest in the forward auction applicant as of the deadline for submitting short-form applications to participate in the forward auction, and any additional such parties at any subsequent point prior to the announcement by public notice of the results of the incentive auction. Thus, if, for example, a forward auction applicant appoints a new officer after the short-form application deadline, that new officer would be subject to the prohibition in paragraph (c)(8)(ii) of this section, but would not be included within the exception described in paragraph (c)(8)(iii).

Example: Company A is an applicant in area 1. Company B and Company C each own 10 percent of Company A. Company D is an applicant in area 1, area 2, and area 3. Company C is an applicant in area 3. Without violating the Commission's Rules, Company B can enter into a consortium arrangement with Company D or acquire an ownership interest in Company D if Company B certifies either (1) that it has communicated with and will communicate neither with Company A or anyone else concerning Company A's bids or bidding strategy, nor with Company C or anyone else concerning Company C's bids or bidding strategy, or (2) that it has not communicated with and will not communicate

with Company D or anyone else concerning Company D's bids or bidding strategy.

For the convenience of the user, the revised text is set forth as follows:

§1.2105 Bidding application and certification procedures; prohibition of certain communications.

(a) *Submission of Short-Form Application (FCC Form 175).* In order to be eligible to bid, an applicant must timely submit a short-form application (FCC Form 175), together with any appropriate upfront payment set forth by Public Notice. All short-form applications must be filed electronically.

(1) All short-form applications will be due:

(i) On the date(s) specified by public notice; or

(ii) In the case of application filing dates which occur automatically by operation of law, on a date specified by public notice after the Commission has reviewed the applications that have been filed on those dates and determined that mutual exclusivity exists.

(2) The short-form application must contain the following information, and all information, statements, certifications and declarations submitted in the application shall be made under penalty of perjury:

(i) Identification of each license, or category of licenses, on which the applicant wishes to bid.

(ii)(A) The applicant's name, if the applicant is an individual. If the applicant is a corporation, then the short-form application will require the name and address of the corporate office and the name and title of an officer or director. If the applicant is a partnership, then the application will require the name, citizenship and address of all general partners, and, if a partner is not a natural person, then the name and title of a responsible person should be included as well. If the applicant is a trust, then the name and address of the trustee will be required. If the applicant is none of the above, then it must identify and describe itself and its principals or other responsible persons; and

(B) Applicant ownership and other information, as set forth in §1.2112.

(iii) The identity of the person(s) authorized to make or withdraw a bid. No person may serve as an authorized bidder for more than one auction applicant;

(iv) If the applicant applies as a designated entity, a certification that the applicant is qualified as a designated entity under §1.2110.

(v) Certification that the applicant is legally, technically, financially and otherwise qualified pursuant to section 308(b) of the Communications Act of 1934, as amended;

(vii) Certification that the applicant is and will, during the pendency of its application(s), remain in compliance with any service-specific qualifications applicable to the licenses on which the applicant intends to bid including, but not limited to, financial qualifications. The Commission may require certification in certain services that the applicant will, following grant of a license, come into compliance with certain service-specific rules, including, but not limited to, ownership eligibility limitations;

(viii) Certification that the applicant has provided in its application a brief description of, and identified each party to, any partnerships, joint ventures, consortia or other agreements, arrangements or understandings of any kind relating to the licenses being auctioned, including any agreements that address or communicate directly or indirectly bids (including specific prices), bidding strategies (including the specific licenses on which to bid or not to bid), or the post-auction market structure, to which the applicant, or any party that controls as defined in paragraph (a)(4) of this section or is controlled by the applicant, is a party.

(ix) Certification that the applicant (or any party that controls as defined in paragraph (a)(4) of this section or is controlled by the applicant) has not entered and will not enter into any partnerships, joint ventures, consortia or other agreements, arrangements, or understandings of any kind relating to the licenses being auctioned that address or communicate, directly or indirectly, bidding at auction (including specific prices

to be bid) or bidding strategies (including the specific licenses on which to bid or not to bid), or post-auction market structure with: any other applicant (or any party that controls or is controlled by another applicant); with a nationwide provider that is not an applicant (or any party that controls or is controlled by such a nationwide provider); or, if the applicant is a nationwide provider, with any non-nationwide provider that is not an applicant (or with any party that controls or is controlled by such a non-nationwide provider), other than:

(A) Agreements, arrangements, or understandings of any kind that are solely operational as defined under paragraph (a)(4) of this section;

(B) Agreements, arrangements, or understandings of any kind to form consortia or joint ventures as defined under paragraph (a)(4) of this section;

(x) Certification that if applicant has an interest disclosed pursuant to §1.2112(a)(1) through (6) with respect to more than one short-form application for an auction, it will implement internal controls that preclude any individual acting on behalf of the applicant as defined in paragraph (c)(5) of this section from possessing information about the bids or bidding strategies (including post-auction market structure), of more than one party submitting a short-form application or communicating such information with respect to a party submitting a short-form application to anyone possessing such information regarding another party submitting a short-form application.

(xi) Certification that the applicant is not in default on any Commission licenses and that it is not delinquent on any non-tax debt owed to any Federal agency.

(xii) A certification indicating whether the applicant has ever been in default on any Commission license or has ever been delinquent on any non-tax debt owed to any Federal agency. For purposes of this certification, an applicant may exclude from consideration as a former default any default on a Commission license or delinquency on a non-tax debt to any Federal agency that has been resolved and meets any of the following criteria:

(A) The notice of the final payment deadline or delinquency was received more than seven years before the short-form application deadline;

(B) The default or delinquency amounted to less than $100,000;

(C) The default or delinquency was paid within two quarters (*i.e.*, 6 months) after receiving the notice of the final payment deadline or delinquency; or

(D) The default or delinquency was the subject of a legal or arbitration proceeding that was cured upon resolution of the proceeding.

(xiii) For auctions required to be conducted under Title VI of the Middle Class Tax Relief and Job Creation Act of 2012 (Pub. L. 112–96) or in which any spectrum usage rights for which licenses are being assigned were made available under 47 U.S.C. 309(j)(8)(G)(i), certification under penalty of perjury that the applicant and all of the person(s) disclosed under paragraph (a)(2)(ii) of this section are not person(s) who have been, for reasons of national security, barred by any agency of the Federal Government from bidding on a contract, participating in an auction, or receiving a grant. For the purposes of this certification, the term ''person'' means an individual, partnership, association, joint-stock company, trust, or corporation, and the term ''reasons of national security'' means matters relating to the national defense and foreign relations of the United States.

(3) *Limit on filing applications.* In any auction, no individual or entity may file more than one short-form application or have a controlling interest in more than one short-form application. In the case of a consortium, each member of the consortium shall be considered to have a controlling interest in the consortium. In the event that applications for an auction are filed by applicants with overlapping controlling interests, pursuant to paragraph (b)(1)(ii) of this section, both applications will be deemed incomplete and only one such applicant may be deemed qualified to bid. This limit shall not apply to any qualifying rural wireless partnership and individual members of such partnerships. A qualifying rural wireless partnership for purposes of this exception is one that was established as a result of the cellular B block settlement process established by the Commission in CC Docket No. 85–388 in which no nationwide provider is a managing partner or a managing member of the management committee, and partnership interests have not materially changed as of the effective date of the Report and Order in WT Docket No. 14–170, FCC 15–80. A partnership member for purposes of this exception is a partner or successor-in-interest to a partner in a qualifying partnership that does not have day-to-day management responsibilities in the partnership and holds 25% or less ownership interest, and provides a certification in its short-form application that it will implement internal controls to insulate itself

from the bidding process of the cellular partnership and any other members of the partnership, except that it may, prior to the deadline for resubmission of short-form applications, express to the partnership the maximum it is willing to spend as a partner.

(4) *Definitions.* For purposes of the certifications required under paragraph (a)(2) of this section:

(i) The term *controlling interest* includes individuals or entities with positive or negative *de jure* or *de facto* control of the applicant. *De jure* control includes holding 50 percent or more of the voting stock of a corporation or holding a general partnership interest in a partnership. Ownership interests that are held indirectly by any party through one or more intervening corporations may be determined by successive multiplication of the ownership percentages for each link in the vertical ownership chain and application of the relevant attribution benchmark to the resulting product, except that if the ownership percentage for an interest in any link in the chain meets or exceeds 50 percent or represents actual control, it may be treated as if it were a 100 percent interest. *De facto* control is determined on a case-by-case basis. Examples of *de facto* control include constituting or appointing 50 percent or more of the board of directors or management committee; having authority to appoint, promote, demote, and fire senior executives that control the day-to-day activities of the licensee; or playing an integral role in management decisions. In the case of a consortium, each member of the consortium shall be considered to have a controlling interest in the consortium.

(ii) The term *consortium* means an entity formed to apply as a single applicant to bid at auction pursuant to an agreement by two or more separate and distinct legal entities that individually are eligible to claim the same designated entity benefits under §1.2110, provided that no member of the consortium may be a nationwide provider;

(iii) The term *joint venture* means a legally cognizable entity formed to apply as a single applicant to bid at auction pursuant to an agreement by two or more separate and distinct legal entities, provided that no member of the joint venture may be a nationwide provider;

(iv) The term *solely operational agreement* means any agreement, arrangement, or understanding of any kind that addresses operational aspects of providing a mobile service, including but not limited to agreements for roaming, device acquisition, and spectrum leasing and other spectrum use arrangements, so long as the agreement does not both relate to the licenses at auction and address or communicate, directly or indirectly, bidding at auction (including specific prices to be bid) or bidding strategies (including the specific licenses on which to bid or not to bid), or post-auction market structure.

NOTE TO PARAGRAPH (A): The Commission may also request applicants to submit additional information for informational purposes to aid in its preparation of required reports to Congress.

(b) *Modification and Dismissal of Short-Form Application (FCC Form 175).* (1) (i) Any short-form application (FCC Form 175) that does not contain all of the certifications required pursuant to this section is unacceptable for filing and cannot be corrected subsequent to the applicable filing deadline. The application will be deemed incomplete, the applicant will not be found qualified to bid, and the upfront payment, if paid, will be returned.

(ii) If:

(A) An individual or entity submits multiple applications in a single auction; or

(B) Entities commonly controlled by the same individual or same set of individuals submit applications for any set of licenses in the same or overlapping geographic areas in a single auction; then only one of such applications may be deemed complete, and the other such application(s) will be deemed incomplete, such applicants will not be found qualified to bid, and the associated upfront payment(s), if paid, will be returned.

(2) The Commission will provide bidders a limited opportunity to cure defects specified herein (except for failure to sign the application and to make certifications) and to resubmit a corrected application. During the resubmission period for curing defects, a short-form application may be amended or modified to cure defects identified by the Commission or to make minor amendments or modifications. After the resubmission period has ended, a short-form application may be amended or modified to make minor changes or correct minor errors in the application. Major amendments cannot be made to a short-form application after the initial filing deadline. Major amendments include changes in ownership of the applicant that would constitute an assignment or transfer of control, changes in an applicant's size which would affect eligibility for designated entity provisions, and changes in the license service areas identified on the short-form application on which the applicant intends to bid. Minor amendments include, but are not limited to, the correction of typographical errors and other minor defects not identified as major. An application will be considered to be newly filed if it is amended by a major amendment and may not be resubmitted after applicable filing deadlines.

(3) Applicants who fail to correct defects in their applications in a timely manner as specified by public notice will have their applications dismissed with no opportunity for resubmission.

(4) Applicants shall have a continuing obligation to make any amendments or modifications that are necessary to maintain the accuracy and completeness of information furnished in pending applications. Such amendments or modifications shall be made as promptly as possible, and in no case more than five business days after applicants become aware of the need to make any amendment or modification, or five business days after the reportable event occurs, whichever is later. An applicant's obligation to make such amendments or modifications to a pending application continues until they are made.

(c) *Prohibition of certain communications.* (1) After the short-form application filing deadline, all applicants are prohibited from cooperating or collaborating with respect to, communicating with or disclosing, to each other or any nationwide provider that is not an applicant, or, if the applicant is a nationwide provider, any non-nationwide provider that is not an applicant, in any manner the substance of their own, or each other's, or any other applicants' bids or bidding strategies (including post-auction market structure), or discussing or negotiating settlement agreements, until after the down payment deadline, unless such communications are within the scope of an agreement described in paragraphs (a)(2)(ix)(A) through (C) of this section that is disclosed pursuant to paragraph (a)(2)(viii) of this section.

(2) Any party submitting a short-form application that has an interest disclosed pursuant to §1.2112(a)(1) through (6) with respect to more than one short-form application for an auction must implement internal controls that preclude any individual acting on behalf of the applicant as defined for purposes of this paragraph from possessing information about the bids or bidding strategies of more than one party submitting a short-form or communicating such information with respect to a party submitting a short-form application to anyone possessing such information regarding another party submitting a short-form application. Implementation of such internal controls will not outweigh specific evidence that a prohibited communication has occurred, nor will it preclude the initiation of an investigation when warranted.

(3) An applicant must modify its short-form application to reflect any changes in ownership or in membership of a consortium or a joint venture or agreements or understandings related to the licenses being auctioned.

(4) A party that makes or receives a communication prohibited under paragraphs (c)(1) or (6) of this section shall report such communication in writing immediately, and in any case no later than five business days after the communication occurs. A party's obligation to make such a report continues until the report has been made. Such reports shall be filed as directed in public notices detailing procedures for the bidding that was the subject of the reported communication. If no public notice provides direction, the party making the report shall do so in writing to the Chief of the Auctions and Spectrum Access Division, Wireless Telecommunications Bureau, by the most expeditious means available, including electronic transmission such as email.

(5) For purposes of this paragraph:

(i) The term *applicant* shall include all controlling interests in the entity submitting a short-form application to participate in an auction (FCC Form 175), as well as all holders of partnership and other ownership interests and any stock interest amounting to 10 percent or more of the entity, or outstanding stock, or outstanding voting stock of the entity submitting a short-form application, and all officers and directors of that entity. In the case of a consortium, each member of the consortium shall be considered to have a controlling interest in the consortium; and

(ii) The term *bids* or *bidding strategies* shall include capital calls or requests for additional funds in support of bids or bidding strategies.

Example: Company A is an applicant in area 1. Company B and Company C each own 10 percent of Company A. Company D is an applicant in area 1, area 2, and area 3. Company C is an applicant in area 3. Without violating the Commission's Rules, Company B can enter into a consortium arrangement with Company D or acquire an ownership interest in Company D if Company B certifies either:

(*1*) That it has communicated with and will communicate neither with Company A or anyone else concerning Company A's bids or bidding strategy, nor with Company C or anyone else concerning Company C's bids or bidding strategy, or

(*2*) that it has not communicated with and will not communicate with Company D or anyone else concerning Company D's bids or bidding strategy.

(6) Prohibition of certain communications for the broadcast television spectrum incentive auction conducted under section 6403 of the Middle Class Tax Relief and Job Creation Act of 2012 (Pub. L. 112–96).

(i) For the purposes of the prohibition described in paragraphs (c)(6)(ii) and (iii) of this section, the term *forward auction applicant* is defined the same as the term *applicant* is defined in paragraph (c)(5) of this section, and the terms *full power broadcast television licensee* and *Class A broadcast television licensee* are defined the same as those terms are defined in §1.2205(a)(1).

(ii) Except as provided in paragraph (c)(6)(iii) of this section, in the broadcast television spectrum incentive auction conducted under section 6403 of the Middle Class

Tax Relief and Job Creation Act of 2012 (Pub. L. 112–96), beginning on the short-form application filing deadline for the forward auction and until the results of the incentive auction are announced by public notice, all forward auction applicants are prohibited from communicating directly or indirectly any incentive auction applicant's bids or bidding strategies to any full power or Class A broadcast television licensee.

(iii) The prohibition described in paragraph (c)(6)(ii) of this section does not apply to communications between a forward auction applicant and a full power or Class A broadcast television licensee if a controlling interest, director, officer, or holder of any 10 percent or greater ownership interest in the forward auction applicant, as of the deadline for submitting short-form applications to participate in the forward auction, is also a controlling interest, director, officer, or governing board member of the full power or Class A broadcast television licensee, as of the deadline for submitting applications to participate in the reverse auction.

NOTE 1 TO PARAGRAPH (C): For the purposes of paragraph (c), ''controlling interests'' include individuals or entities with positive or negative *de jure* or *de facto* control of the licensee. *De jure* control includes holding 50 percent or more of the voting stock of a corporation or holding a general partnership interest in a partnership. Ownership interests that are held indirectly by any party through one or more intervening corporations may be determined by successive multiplication of the ownership percentages for each link in the vertical ownership chain and application of the relevant attribution benchmark to the resulting product, except that if the ownership percentage for an interest in any link in the chain meets or exceeds 50 percent or represents actual control, it may be treated as if it were a 100 percent interest. *De facto* control is determined on a case-by-case basis. Examples of *de facto* control include constituting or appointing 50 percent or more of the board of directors or management committee; having authority to appoint, promote, demote, and fire senior executives that control the day-to-day activities of the licensee; or playing an integral role in management decisions.

NOTE 2 TO PARAGRAPH (C): The prohibition described in paragraph (c)(6)(ii) of this section applies to controlling interests, directors, officers, and holders of any 10 percent or greater ownership interest in the forward auction applicant as of the deadline for submitting short-form applications to participate in the forward auction, and any additional such parties at any subsequent point prior to the announcement by public notice of the results of the incentive auction. Thus, if, for example, a forward auction applicant appoints a new officer after the short-form application deadline, that new officer would be subject to the prohibition in paragraph (c)(6)(ii) of this section, but would not be included within the exception described in paragraph (c)(6)(iii) of this section.

§ 1.2106 Submission of upfront payments.

(a) Applicants for licenses subject to competitive bidding may be required to submit an upfront payment. In that event, the amount of the upfront payment and the procedures for submitting it will be set forth in a public notice. Any auction applicant that has previously been in default on any Commission license or has previously been delinquent on any non-tax debt owed to any Federal agency must submit an upfront payment equal to 50 percent more than the amount that otherwise would be required. No interest will be paid on upfront payments.

(b) Upfront payments must be made by wire transfer in U.S. dollars from a financial institution whose deposits are insured by the Federal Deposit Insurance Corporation and must be made payable to the Federal Communications Commission.

(c) If an upfront payment is not in compliance with the Commission's Rules, or if insufficient funds are tendered to constitute a valid upfront payment, the applicant shall have a limited opportunity to correct its submission to bring it up to the minimum valid upfront payment prior to the auction. If the applicant does not submit at least the minimum upfront payment, it will be ineligible to bid, its application will be dismissed and any upfront payment it has made will be returned.

(d) The upfront payment(s) of a bidder will be credited toward any down payment required for licenses on which the bidder is the high bidder. Where the upfront payment amount exceeds the required deposit of a winning bidder, the Commission may refund the excess amount after determining that no bid withdrawal penalties are owed by that bidder.

(e) In accordance with the provisions of paragraph (d), in the event a penalty is assessed pursuant to §1.2104 for bid withdrawal or default, upfront payments or down payments on deposit with the Commission will be used to satisfy the bid withdrawal or default

penalty before being applied toward any additional payment obligations that the high bidder may have.

EFFECTIVE DATE NOTE: At 80 FR 56813, Sept. 18, 2015, §1.2106(a) was revised, effective Nov. 17, 2015. For the convenience of the user, the revised text is set forth as follows:

§ 1.2106 Submission of upfront payments.

(a) The Commission may require applicants for licenses subject to competitive bidding to submit an upfront payment. In that event, the amount of the upfront payment and the procedures for submitting it will be set forth in a Public Notice. Any auction applicant that, pursuant to §1.2105(a)(2)(xii), certifies that it is a former defaulter must submit an upfront payment equal to 50 percent more than the amount that otherwise would be required. No interest will be paid on upfront payments.

* * * * *

§ 1.2107 Submission of down payment and filing of long-form applications.

(a) After bidding has ended, the Commission will identify and notify the high bidder and declare the bidding closed.

(b) Unless otherwise specified by public notice, within ten (10) business days after being notified that it is a high bidder on a particular license(s), a high bidder must submit to the Commission's lockbox bank such additional funds (the ''down payment'') as are necessary to bring its total deposits (not including upfront payments applied to satisfy bid withdrawal or default payments) up to twenty (20) percent of its high bid(s). (In single round sealed bid auctions conducted under §1.2103, however, bidders may be required to submit their down payments with their bids.) Unless otherwise specified by public notice, this down payment must be made by wire transfer in U.S. dollars from a financial institution whose deposits are insured by the Federal Deposit Insurance Corporation and must be made payable to the Federal Communications Commission. Down payments will be held by the Commission until the high bidder has been awarded the license and has paid the remaining balance due on the license or authorization, in which case it will not be returned, or until the winning bidder is found unqualified to be a licensee or has defaulted, in which case it will be returned, less applicable payments. No interest on any down payment will be paid to the bidders.

(c) A high bidder that meets its down payment obligations in a timely manner must, within ten (10) business days after being notified that it is a high bidder, submit an additional application (the ''long-form application'') pursuant to the rules governing the service in which the applicant is the high bidder. Except as otherwise provided in §1.1104, high bidders need not submit an additional application filing fee with their long-form applications. Specific procedures for filing applications will be set out by Public Notice. Ownership disclosure requirements are set forth in §1.2112. Beginning January 1, 1999, all long-form applications must be filed electronically. An applicant that fails to submit the required long-form application under this paragraph and fails to establish good cause for any late-filed submission, shall be deemed to have defaulted and will be subject to the payments set forth in §1.2104.

(d) As an exhibit to its long-form application, the applicant must provide a detailed explanation of the terms and conditions and parties involved in any bidding consortia, joint venture, partnership or other agreement or arrangement it had entered into relating to the competitive bidding process prior to the time bidding was completed. Such agreements must have been entered into prior to the filing of short-form applications pursuant to §1.2105.

(e) A winning bidder that seeks a bidding credit to serve a qualifying tribal land, as defined in §1.2110(f)(3)(i), within a particular market must indicate on the long-form application (FCC Form 601) that it intends to serve a qualifying tribal land within that market.

(f) An applicant must also submit FCC Form 602 (*see* §1.919 of this chapter) with its long form application (FCC Form 601).

(g)(1)(i) A consortium participating in competitive bidding pursuant to §1.2110(b)(3)(i) that is a winning bidder

may not apply as a consortium for licenses covered by the winning bids. Individual members of the consortium or new legal entities comprising individual consortium members may apply for the licenses covered by the winning bids of the consortium. An individual member of the consortium or a new legal entity comprising two or more individual consortium members applying for a license pursuant to this provision shall be the applicant for purposes of all related requirements and filings, such as filing FCC Form 602. However, the members filing separate long-form applications shall all use the consortium's FCC Registration Number (''FRN'') on their long-form applications. An application by an individual consortium member or a new legal entity comprising two or more individual consortium members for a license covered by the winning bids of the consortium shall not constitute a major modification of the application or a change in control of the applicant for purposes of Commission rules governing the application.

(ii) Within ten business days after release of the public notice announcing grant of a long-form application, that licensee must update its filings in the Commission's Universal Licensing System (''ULS'') to substitute its individual FRN for that of the consortium.

(2) The continuing eligibility for size-based benefits, such as size-based bidding credits or set-aside licenses, of a newly formed legal entity comprising two or more individual consortium members will be based on the size of such newly formed entity as of the filing of its long-form application.

(3) Members of a consortium intending to partition or disaggregate license(s) among individual members or new legal entities comprising two or more individual consortium members must select one member or one new legal entity comprising two or more individual consortium members to apply for the license(s). The applicant must include in its applications, as part of the explanation of terms and conditions provided pursuant to §1.2107(d), the agreement of the applicable parties to partition or disaggregate the relevant license(s). Upon grant of the long-form application for that license, the licensee must then apply to partition or disaggregate the license pursuant to those terms and conditions.

EFFECTIVE DATE NOTE: At 80 FR 56813, Sept. 18, 2015, §1.2107 was amended by revising the first sentence in paragraph (g)(1)(i), effective Nov. 17, 2015. For the convenience of the user, the revised text is set forth as follows:

§ 1.2108 Procedures for filing petitions to deny against long-form applications.

(a) Where petitions to deny are otherwise provided for under the Act or the commission's Rules, and unless other service-specific procedures for the filing of such petitions are provided for elsewhere in the Commission's Rules, the procedures in this section shall apply to the filing of petitions to deny the long-form applications of winning bidders.

(b) Within a period specified by Public Notice and after the Commission by Public Notice announces that long-form applications have been accepted for filing, petitions to deny such applications may be filed. The period for filing petitions to deny shall be no more than ten (10) days. The appropriate licensing Bureau, within its discretion, may, in exigent circumstances, reduce this period of time to no less than five (5) days. Any such petitions must contain allegations of fact supported by affidavit of a person or persons with personal knowledge thereof.

(c) An applicant may file an opposition to any petition to deny, and the petitioner a reply to such opposition.

Allegations of fact or denials thereof must be supported by affidavit of a person or persons with personal knowledge thereof. The time for filing such oppositions shall be at least five (5) days from the filing date for petitions to deny, and the time for filing replies shall be at least five (5) days from the filing date for oppositions. The Commission may grant a license based on any long-form application that has been accepted for filing. The Commission shall in no case grant licenses earlier than seven (7) days following issuance of a public notice announcing long-form applications have been accepted for filing.

(d) If the Commission determines that:

(1) An applicant is qualified and there is no substantial and material issue of fact concerning that determination, it will grant the application.

(2) An applicant is not qualified and that there is no substantial issue of fact concerning that determination, the Commission need not hold an evidentiary hearing and will deny the application.

(3) Substantial and material issues of fact require a hearing, it will conduct a hearing. The Commission may permit all or part of the evidence to be submitted in written form and may permit employees other than administrative law judges to preside at the taking of written evidence. Such hearing will be conducted on an expedited basis.

[59 FR 44293, Aug. 26, 1994, as amended at 63 FR 2343, Jan. 15, 1998; 65 FR 52345, Aug. 29, 2000]

§ 1.2109 License grant, denial, default, and disqualification.

(a) Unless otherwise specified by public notice, auction winners are required to pay the balance of their winning bids in a lump sum within ten (10) business days following the release of a public notice establishing the payment deadline. If a winning bidder fails to pay the balance of its winning bids in a lump sum by the applicable deadline as specified by the Commission, it will be allowed to make payment within ten (10) business days after the payment deadline, provided that it also pays a late fee equal to five percent of the amount due. When a winning bidder fails to pay the balance of its winning bid by the late payment deadline, it is considered to be in default on its license(s) and subject to the applicable default payments. Licenses will be awarded upon the full and timely payment of winning bids and any applicable late fees.

(b) If a winning bidder withdraws its bid after the Commission has declared competitive bidding closed or fails to remit the required down payment within ten (10) business days after the Commission has declared competitive bidding closed, the bidder will be deemed to have defaulted, its application will be dismissed, and it will be liable for the default payment specified in §§1.2104(g)(2) or 1.2104(g)(3), whichever is applicable. In such event, the Commission, at its discretion, may either re-auction the license(s) to existing or new applicants or offer it to the other highest bidders (in descending order) at their final bids. If the license(s) is offered to the other highest bidders (in descending order), the down payment obligations set forth in §1.2107(b) will apply. However, in combinatorial bidding auctions, the Commission will only re-auction the license(s) to existing or new applicants. The Commission will not offer the package or licenses to the next highest bidder.

(c) A winning bidder who is found unqualified to be a licensee, fails to remit the balance of its winning bid in a timely manner, or defaults or is disqualified for any reason after having made the required down payment, will be deemed to have defaulted, its application will be dismissed, and it will be liable for the payment set forth in §§1.2104(g)(2) or 1.2104(g)(3), whichever is applicable. In such event, the Commission may either re-auction the license(s) to existing or new applicants or offer it to the other highest bidders (in descending order) at their final bids. However, in combinatorial bidding auctions, the Commission will only re-auction the license(s) to existing or new applicants. The Commission will not offer the package or licenses to the next highest bidder.

(d) Bidders who are found to have violated the antitrust laws or the Commission's rules in connection with their participation in the competitive

bidding process may be subject, in addition to any other applicable sanctions, to forfeiture of their upfront payment, down payment or full bid amount, and may be prohibited from participating in future auctions.

[59 FR 44293, Aug. 26, 1994, as amended at 62 FR 13544, Mar. 21, 1997; 63 FR 2343, Jan. 15, 1998; 68 FR 42996, July 21, 2003]

§ 1.2110 Designated entities.

(a) Designated entities are small businesses, businesses owned by members of minority groups and/or women, and rural telephone companies.

(b) *Eligibility for small business and entrepreneur provisions*—(1) *Size attribution.* (i) The gross revenues of the applicant (or licensee), its affiliates, its controlling interests, the affiliates of its controlling interests, and the entities with which it has an attributable material relationship shall be attributed to the applicant (or licensee) and considered on a cumulative basis and aggregated for purposes of determining whether the applicant (or licensee) is eligible for status as a small business, very small business, or entrepreneur, as those terms are defined in the service-specific rules. An applicant seeking status as a small business, very small business, or entrepreneur, as those terms are defined in the service-specific rules, must disclose on its short- and long-form applications, separately and in the aggregate, the gross revenues for each of the previous three years of the applicant (or licensee), its affiliates, its controlling interests, the affiliates of its controlling interests, and the entities with which it has an attributable material relationship.

(ii) If applicable, pursuant to § 24.709 of this chapter, the total assets of the applicant (or licensee), its affiliates, its controlling interests, the affiliates of its controlling interests, and the entities with which it has an attributable material relationship shall be attributed to the applicant (or licensee) and considered on a cumulative basis and aggregated for purposes of determining whether the applicant (or licensee) is eligible for status as an entrepreneur. An applicant seeking status as an entrepreneur must disclose on its short- and long-form applications, separately and in the aggregate, the gross revenues for each of the previous two years of the applicant (or licensee), its affiliates, its controlling interests, the affiliates of its controlling interests, and the entities with which it has an attributable material relationship.

(2) *Aggregation of affiliate interests.* Persons or entities that hold interests in an applicant (or licensee) that are affiliates of each other or have an identity of interests identified in § 1.2110(c)(5)(iii) will be treated as though they were one person or entity and their ownership interests aggregated for purposes of determining an applicant's (or licensee's) compliance with the requirements of this section.

Example 1 to paragraph (b)(2): ABC Corp. is owned by individuals, A, B and C, each having an equal one-third voting interest in ABC Corp. A and B together, with two-thirds of the stock have the power to control ABC Corp. and have an identity of interest. If A&B invest in DE Corp., a broadband PCS applicant for block C, A and B's separate interests in DE Corp. must be aggregated because A and B are to be treated as one person or entity.

Example 2 to paragraph (b)(2): ABC Corp. has subsidiary BC Corp., of which it holds a controlling 51 percent of the stock. If ABC Corp. and BC Corp., both invest in DE Corp., their separate interests in DE Corp. must be aggregated because ABC Corp. and BC Corp. are affiliates of each other.

(3) *Exceptions*—(i) *Consortium.* Where an applicant to participate in bidding for Commission licenses or permits is a consortium either of entities eligible for size-based bidding credits an/or for closed bidding based on gross revenues and/or total assets, the gross revenues and/or total assets of each consortium member shall not be aggregated. Each consortium member must constitute a separate and distinct legal entity to qualify for this exception. Consortia that are winning bidders using this exception must comply with the requirements of § 1.2107(g) of this chapter as a condition of license grant.

(ii) Applicants without identifiable controlling interests. Where an applicant (or licensee) cannot identify controlling interests under the standards set forth in this section, the gross revenues of all interest holders in the applicant, and their affiliates, will be attributable.

(iii) *Rural telephone cooperatives.* (A)(*1*) An applicant will be exempt from §1.2110(c)(2)(ii)(F) for the purpose of attribution in §1.2110(b)(1), if the applicant or a controlling interest in the applicant, as the case may be, meets all of the following conditions:

(*i*) The applicant (or the controlling interest) is organized as a cooperative pursuant to state law;

(*ii*) The applicant (or the controlling interest) is a ''rural telephone company'' as defined by the Communications Act; and

(*iii*) The applicant (or the controlling interest) demonstrates either that it is eligible for tax-exempt status under the Internal Revenue Code or that it adheres to the cooperative principles articulated in *Puget Sound Plywood, Inc.* v. *Commissioner of Internal Revenue,* 44 T.C. 305 (1965).

(*2*) If the condition in paragraph (b)(3)(iii)(A)(*1*)(*i*) above cannot be met because the relevant jurisdiction has not enacted an organic statute that specifies requirements for organization as a cooperative, the applicant must show that it is validly organized and its articles of incorporation, by-laws, and/or other relevant organic documents provide that it operates pursuant to cooperative principles.

(B) However, if the applicant is not an eligible rural telephone cooperative under paragraph (a) of this section, and the applicant has a controlling interest other than the applicant's officers and directors or an eligible rural telephone cooperative's officers and directors, paragraph (a) of this section applies with respect to the applicant's officers and directors and such controlling interest's officers and directors only when such controlling interest is either:

(*1*) An eligible rural telephone cooperative under paragraph (a) of this section or

(*2*) controlled by an eligible rural telephone cooperative under paragraph (a) of this section.

(iv) *Applicants or licensees with material relationships*—(A) *Attributable material relationships.* An applicant or licensee must attribute the gross revenues (and, if applicable, the total assets) of any entity, (including the controlling interests, affiliates, and affiliates of the controlling interests of that entity) with which the applicant or licensee has an attributable material relationship. An applicant or licensee has an attributable material relationship when it has one or more arrangements with any individual entity for the lease or resale (including under a wholesale agreement) of, on a cumulative basis, more than 25 percent of the spectrum capacity of any one of the applicant's or licensee's licenses.

(B) *Grandfathering—*(*1*) *Licensees.* An attributable material relationship shall not disqualify a licensee for previously awarded benefits before April 25, 2006, based on spectrum lease or resale (including wholesale) arrangements entered into before April 25, 2006.

(*2*) *Applicants.* An attributable material relationship shall not disqualify an applicant seeking eligibility in an application for a license, authorization, assignment, or transfer of control or for partitioning or disaggregation filed before April 25, 2006, based on spectrum lease or resale (including wholesale) arrangements entered into before April 25, 2006. Any applicant seeking eligibility in an application for a license, authorization, assignment, or transfer of control or for partitioning or disaggregation filed after April 25, 2006, or in an application to participate in an auction in which bidding begins on or after June 5, 2006, need not attribute the material relationship(s) of those entities that are its affiliates based solely on paragraph (c)(5)(i)(C) of this section if those affiliates entered into such material relationship(s) before April 25, 2006, and are subject to a contractual prohibition preventing them from contributing to the applicant's total financing.

Example to paragraph (b)(3)(iv)(C)(2): Newco is an applicant seeking designated entity status in an auction in which bidding begins after the effective date of the rules. Investor is a controlling interest of Newco. Investor also is a controlling interest of Existing DE. Existing DE previously was awarded designated entity benefits and has impermissible material relationships based on leasing agreements entered into before April 25, 2006, with a third party, Lessee, that were in compliance with the Commission's designated eligibility standards prior to April 25, 2006.

In this example, Newco would not be prohibited from acquiring designated entity benefits solely because of the existing impermissible material relationships of its affiliate, Existing DE. Newco, Investor, and Existing DE, however, would need to enter into a contractual prohibition that prevents Existing DE from contributing to the total financing of Newco.

(c) *Definitions*—(1) *Small businesses.* The Commission will establish the definition of a small business on a service-specific basis, taking into consideration the characteristics and capital requirements of the particular service.

(2) *Controlling interests.* (i) For purposes of this section, controlling interest includes individuals or entities with either *de jure* or *de facto* control of the applicant. *De jure* control is evidenced by holdings of greater than 50 percent of the voting stock of a corporation, or in the case of a partnership, general partnership interests. *De facto* control is determined on a case-by-case basis. An entity must disclose its equity interest and demonstrate at least the following indicia of control to establish that it retains *de facto* control of the applicant:

(A) The entity constitutes or appoints more than 50 percent of the board of directors or management committee;

(B) The entity has authority to appoint, promote, demote, and fire senior executives that control the day-to-day activities of the licensee; and

(C) The entity plays an integral role in management decisions.

(ii) *Calculation of certain interests.* (A) *Fully diluted requirement.* (*1*) Except as set forth in paragraph (c)(2)(ii)(A)(*2*) of this section, ownership interests shall be calculated on a fully diluted basis; all agreements such as warrants, stock options and convertible debentures will generally be treated as if the rights thereunder already have been fully exercised.

(*2*) Rights of first refusal and put options shall not be calculated on a fully diluted basis for purposes of determining *de jure* control; however, rights of first refusal and put options shall be calculated on a fully diluted basis if such ownership interests, in combination with other terms to an agreement, deprive an otherwise qualified applicant or licensee of *de facto* control.

NOTE TO PARAGRAPH (c)(2)(ii)(A): Mutually exclusive contingent ownership interests, *i.e.*, one or more ownership interests that, by their terms, are mutually exclusive of one or more other ownership interests, shall be calculated as having been fully exercised only in the possible combinations in which they can be exercised by their holder(s). A contingent ownership interest is mutually exclusive of another only if contractual language specifies that both interests cannot be held simultaneously as present ownership interests.

(B) Partnership and other ownership interests and any stock interest equity, or outstanding stock, or outstanding voting stock shall be attributed as specified.

(C) Stock interests held in trust shall be attributed to any person who holds or shares the power to vote such stock, to any person who has the sole power to sell such stock, and to any person who has the right to revoke the trust at will or to replace the trustee at will. If the trustee has a familial, personal, or extra-trust business relationship to the grantor or the beneficiary, the grantor or beneficiary, as appropriate, will be attributed with the stock interests held in trust.

(D) Non-voting stock shall be attributed as an interest in the issuing entity.

(E) Limited partnership interests shall be attributed to limited partners and shall be calculated according to both the percentage of equity paid in and the percentage of distribution of profits and losses.

(F) Officers and directors of the applicant shall be considered to have a controlling interest in the applicant. The officers and directors of an entity that controls a licensee or applicant shall be considered to have a controlling interest in the licensee or applicant. The personal net worth, including personal income of the officers and directors of an applicant, is not attributed to the applicant. To the extent that the officers and directors of an applicant are affiliates of other entities, the gross revenues of the other entities are attributed to the applicant.

(G) Ownership interests that are held indirectly by any party through one or more intervening corporations will be determined by successive multiplication of the ownership percentages for

each link in the vertical ownership chain and application of the relevant attribution benchmark to the resulting product, except that if the ownership percentage for an interest in any link in the chain exceeds 50 percent or represents actual control, it shall be treated as if it were a 100 percent interest.

(H) Any person who manages the operations of an applicant or licensee pursuant to a management agreement shall be considered to have a controlling interest in such applicant or licensee if such person, or its affiliate, has authority to make decisions or otherwise engage in practices or activities that determine, or significantly influence:

(*1*) The nature or types of services offered by such an applicant or licensee;

(*2*) The terms upon which such services are offered; or

(*3*) The prices charged for such services.

(I) Any licensee or its affiliate who enters into a joint marketing arrangement with an applicant or licensee, or its affiliate, shall be considered to have a controlling interest, if such applicant or licensee, or its affiliate, has authority to make decisions or otherwise engage in practices or activities that determine, or significantly influence:

(*1*) The nature or types of services offered by such an applicant or licensee;

(*2*) The terms upon which such services are offered; or

(*3*) The prices charged for such services.

(3) *Businesses owned by members of minority groups and/or women.* Unless otherwise provided in rules governing specific services, a business owned by members of minority groups and/or women is one in which minorities and/or women who are U.S. citizens control the applicant, have at least greater than 50 percent equity ownership and, in the case of a corporate applicant, have a greater than 50 percent voting interest. For applicants that are partnerships, every general partner must be either a minority and/or woman (or minorities and/or women) who are U.S. citizens and who individually or together own at least 50 percent of the partnership equity, or an entity that is 100 percent owned and controlled by minorities and/or women who are U.S. citizens. The interests of minorities and women are to be calculated on a fully diluted basis; agreements such as stock options and convertible debentures shall be considered to have a present effect on the power to control an entity and shall be treated as if the rights thereunder already have been fully exercised. However, upon a demonstration that options or conversion rights held by non-controlling principals will not deprive the minority and female principals of a substantial financial stake in the venture or impair their rights to control the designated entity, a designated entity may seek a waiver of the requirement that the equity of the minority and female principals must be calculated on a fully-diluted basis. The term minority includes individuals of Black or African American, Hispanic or Latino, American Indian or Alaskan Native, Asian, and Native Hawaiian or Pacific Islander extraction.

(4) *Rural telephone companies.* A rural telephone company is any local exchange carrier operating entity to the extent that such entity—

(i) Provides common carrier service to any local exchange carrier study area that does not include either:

(A) Any incorporated place of 10,000 inhabitants or more, or any part thereof, based on the most recently available population statistics of the Bureau of the Census, or

(B) Any territory, incorporated or unincorporated, included in an urbanized area, as defined by the Bureau of the Census as of August 10, 1993;

(ii) Provides telephone exchange service, including exchange access, to fewer than 50,000 access lines;

(iii) Provides telephone exchange service to any local exchange carrier study area with fewer than 100,000 access lines; or

(iv) Has less than 15 percent of its access lines in communities of more than 50,000 on the date of enactment of the Telecommunications Act of 1996.

(5) *Affiliate.* (i) An individual or entity is an affiliate of an applicant or of a person holding an attributable interest in an applicant if such individual or entity—

(A) Directly or indirectly controls or has the power to control the applicant, or

(B) Is directly or indirectly controlled by the applicant, or

(C) Is directly or indirectly controlled by a third party or parties that also controls or has the power to control the applicant, or

(D) Has an ''identity of interest'' with the applicant.

(ii) Nature of control in determining affiliation.

(A) Every business concern is considered to have one or more parties who directly or indirectly control or have the power to control it. Control may be affirmative or negative and it is immaterial whether it is exercised so long as the power to control exists.

Example. An applicant owning 50 percent of the voting stock of another concern would have negative power to control such concern since such party can block any action of the other stockholders. Also, the bylaws of a corporation may permit a stockholder with less than 50 percent of the voting stock to block any actions taken by the other stockholders in the other entity. Affiliation exists when the applicant has the power to control a concern while at the same time another person, or persons, are in control of the concern at the will of the party or parties with the power to control.

(B) Control can arise through stock ownership; occupancy of director, officer or key employee positions; contractual or other business relations; or combinations of these and other factors. A key employee is an employee who, because of his/her position in the concern, has a critical influence in or substantive control over the operations or management of the concern.

(C) Control can arise through management positions where a concern's voting stock is so widely distributed that no effective control can be established.

Example. In a corporation where the officers and directors own various size blocks of stock totaling 40 percent of the corporation's voting stock, but no officer or director has a block sufficient to give him or her control or the power to control and the remaining 60 percent is widely distributed with no individual stockholder having a stock interest greater than 10 percent, management has the power to control. If persons with such management control of the other entity are persons with attributable interests in the applicant, the other entity will be deemed an affiliate of the applicant.

(iii) *Identity of interest between and among persons.* Affiliation can arise between or among two or more persons with an identity of interest, such as members of the same family or persons with common investments. In determining if the applicant controls or has the power to control a concern, persons with an identity of interest will be treated as though they were one person.

Example. Two shareholders in Corporation Y each have attributable interests in the same PCS application. While neither shareholder has enough shares to individually control Corporation Y, together they have the power to control Corporation Y. The two shareholders with these common investments (or identity in interest) are treated as though they are one person and Corporation Y would be deemed an affiliate of the applicant.

(A) *Spousal affiliation.* Both spouses are deemed to own or control or have the power to control interests owned or controlled by either of them, unless they are subject to a legal separation recognized by a court of competent jurisdiction in the United States. In calculating their net worth, investors who are legally separated must include their share of interests in property held jointly with a spouse.

(B) *Kinship affiliation.* Immediate family members will be presumed to own or control or have the power to control interests owned or controlled by other immediate family members. In this context ''immediate family member'' means father, mother, husband, wife, son, daughter, brother, sister, father- or mother-in-law, son- or daughter-in-law, brother- or sister-in-law, step-father or -mother, step-brother or -sister, step-son or -daughter, half brother or sister. This presumption may be rebutted by showing that the family members are estranged, the family ties are remote, or the family members are not closely involved with each other in business matters.

Example. A owns a controlling interest in Corporation X. A's sister-in-law, B, has an attributable interest in a PCS application. Because A and B have a presumptive kinship affiliation, A's interest in Corporation Y is attributable to B, and thus to the applicant,

unless B rebuts the presumption with the necessary showing.

(iv) *Affiliation through stock ownership.* (A) An applicant is presumed to control or have the power to control a concern if he or she owns or controls or has the power to control 50 percent or more of its voting stock.

(B) An applicant is presumed to control or have the power to control a concern even though he or she owns, controls or has the power to control less than 50 percent of the concern's voting stock, if the block of stock he or she owns, controls or has the power to control is large as compared with any other outstanding block of stock.

(C) If two or more persons each owns, controls or has the power to control less than 50 percent of the voting stock of a concern, such minority holdings are equal or approximately equal in size, and the aggregate of these minority holdings is large as compared with any other stock holding, the presumption arises that each one of these persons individually controls or has the power to control the concern; however, such presumption may be rebutted by a showing that such control or power to control, in fact, does not exist.

(v) Affiliation arising under stock options, convertible debentures, and agreements to merge. Except as set forth in paragraph (c)(2)(ii)(A)(*2*) of this section, stock options, convertible debentures, and agreements to merge (including agreements in principle) are generally considered to have a present effect on the power to control the concern. Therefore, in making a size determination, such options, debentures, and agreements are generally treated as though the rights held thereunder had been exercised. However, an affiliate cannot use such options and debentures to appear to terminate its control over another concern before it actually does so.

Example 1 to paragraph (c)(5)(v). If company B holds an option to purchase a controlling interest in company A, who holds an attributable interest in a PCS application, the situation is treated as though company B had exercised its rights and had become owner of a controlling interest in company A. The gross revenues of company B must be taken into account in determining the size of the applicant.

Example 2. If a large company, BigCo, holds 70% (70 of 100 outstanding shares) of the voting stock of company A, who holds an attributable interest in a PCS application, and gives a third party, SmallCo, an option to purchase 50 of the 70 shares owned by BigCo, BigCo will be deemed to be an affiliate of company A, and thus the applicant, until SmallCo actually exercises its option to purchase such shares. In order to prevent BigCo from circumventing the intent of the rule which requires such options to be considered on a fully diluted basis, the option is not considered to have present effect in this case.

Example 3. If company A has entered into an agreement to merge with company B in the future, the situation is treated as though the merger has taken place.

NOTE TO PARAGRAPH (c)(5)(v): Mutually exclusive contingent ownership interests, *i.e.*, one or more ownership interests that, by their terms, are mutually exclusive of one or more other ownership interests, shall be calculated as having been fully exercised only in the possible combinations in which they can be exercised by their holder(s). A contingent ownership interest is mutually exclusive of another only if contractual language specifies that both interests cannot be held simultaneously as present ownership interests.

(vi) *Affiliation under voting trusts.* (A) Stock interests held in trust shall be deemed controlled by any person who holds or shares the power to vote such stock, to any person who has the sole power to sell such stock, and to any person who has the right to revoke the trust at will or to replace the trustee at will.

(B) If a trustee has a familial, personal or extra-trust business relationship to the grantor or the beneficiary, the stock interests held in trust will be deemed controlled by the grantor or beneficiary, as appropriate.

(C) If the primary purpose of a voting trust, or similar agreement, is to separate voting power from beneficial ownership of voting stock for the purpose of shifting control of or the power to control a concern in order that such concern or another concern may meet the Commission's size standards, such voting trust shall not be considered valid for this purpose regardless of whether it is or is not recognized within the appropriate jurisdiction.

(vii) *Affiliation through common management.* Affiliation generally arises

where officers, directors, or key employees serve as the majority or otherwise as the controlling element of the board of directors and/or the management of another entity.

(viii) *Affiliation through common facilities.* Affiliation generally arises where one concern shares office space and/or employees and/or other facilities with another concern, particularly where such concerns are in the same or related industry or field of operations, or where such concerns were formerly affiliated, and through these sharing arrangements one concern has control, or potential control, of the other concern.

(ix) *Affiliation through contractual relationships.* Affiliation generally arises where one concern is dependent upon another concern for contracts and business to such a degree that one concern has control, or potential control, of the other concern.

(x) *Affiliation under joint venture arrangements.* (A) A joint venture for size determination purposes is an association of concerns and/or individuals, with interests in any degree or proportion, formed by contract, express or implied, to engage in and carry out a single, specific business venture for joint profit for which purpose they combine their efforts, property, money, skill and knowledge, but not on a continuing or permanent basis for conducting business generally. The determination whether an entity is a joint venture is based upon the facts of the business operation, regardless of how the business operation may be designated by the parties involved. An agreement to share profits/losses proportionate to each party's contribution to the business operation is a significant factor in determining whether the business operation is a joint venture.

(B) The parties to a joint venture are considered to be affiliated with each other. Nothing in this subsection shall be construed to define a small business consortium, for purposes of determining status as a designated entity, as a joint venture under attribution standards provided in this section.

(xi) *Exclusion from affiliation coverage.* For purposes of this section, Indian tribes or Alaska Regional or Village Corporations organized pursuant to the Alaska Native Claims Settlement Act (43 U.S.C. 1601 *et seq.*), or entities owned and controlled by such tribes or corporations, are not considered affiliates of an applicant (or licensee) that is owned and controlled by such tribes, corporations or entities, and that otherwise complies with the requirements of this section, except that gross revenues derived from gaming activities conducted by affiliate entities pursuant to the Indian Gaming Regulatory Act (25 U.S.C. 2701 *et seq.*) will be counted in determining such applicant's (or licensee's) compliance with the financial requirements of this section, unless such applicant establishes that it will not receive a substantial unfair competitive advantage because significant legal constraints restrict the applicant's ability to access such gross revenues.

(6) *Consortium.* A consortium of small businesses, very small businesses, or entrepreneurs is a conglomerate organization composed of two or more entities, each of which individually satisfies the definition of a small business, very small business, or entrepreneur, as those terms are defined in the service-specific rules. Each individual member must constitute a separate and distinct legal entity to qualify.

(d) The Commission may set aside specific licenses for which only eligible designated entities, as specified by the Commission, may bid.

(e) The Commission may permit partitioning of service areas in particular services for eligible designated entities.

(f) *Bidding credits.* (1) The Commission may award bidding credits (*i.e.*, payment discounts) to eligible designated entities. Competitive bidding rules applicable to individual services will specify the designated entities eligible for bidding credits, the licenses for which bidding credits are available, the amounts of bidding credits and other procedures.

(2) *Size of bidding credits.* A winning bidder that qualifies as a small business may use the following bidding credits corresponding to its respective average gross revenues for the preceding 3 years:

(i) Businesses with average gross revenues for the preceding years, 3 years

not exceeding $3 million are eligible for bidding credits of 35 percent;

(ii) Businesses with average gross revenues for the preceding years, 3 years not exceeding $15 million are eligible for bidding credits of 25 percent; and

(iii) Businesses with average gross revenues for the preceding years, 3 years not exceeding $40 million are eligible for bidding credits of 15 percent.

(3) *Bidding credit for serving qualifying tribal land.* A winning bidder for a market will be eligible to receive a bidding credit for serving a qualifying tribal land within that market, provided that it complies with §1.2107(e). The following definition, terms, and conditions shall apply for the purposes of this section and §1.2107(e):

(i) Qualifying tribal land means any federally recognized Indian tribe's reservation, Pueblo, or Colony, including former reservations in Oklahoma, Alaska Native regions established pursuant to the Alaska Native Claims Settlement Act (85 Stat. 688), and Indian allotments, that has a wireline telephone subscription rate equal to or less than eighty-five (85) percent based on the most recently available U.S. Census Data.

(ii) *Certification.* (A) Within 180 days after the filing deadline for long-form applications, the winning bidder must amend its long-form application and attach a certification from the tribal government stating the following:

(*1*) The tribal government authorizes the winning bidder to site facilities and provide service on its tribal land;

(*2*) The tribal area to be served by the winning bidder constitutes qualifying tribal land; and

(*3*) The tribal government has not and will not enter into an exclusive contract with the applicant precluding entry by other carriers, and will not unreasonably discriminate among wireless carriers seeking to provide service on the qualifying tribal land.

(B) In addition, within 180 days after the filing deadline for long-form applications, the winning bidder must amend its long-form application and file a certification that it will comply with the construction requirements set forth in paragraph (f)(3)(vii) of this section and consult with the tribal government regarding the siting of facilities and deployment of service on the tribal land.

(C) If the winning bidder fails to submit the required certifications within the 180-day period, the bidding credit will not be awarded, and the winning bidder must pay any outstanding balance on its winning bid amount.

(iii) *Bidding credit formula.* Subject to the applicable bidding credit limit set forth in §1.2110(f)(3)(iv), the bidding credit shall equal five hundred thousand (500,000) dollars for the first two hundred (200) square miles (518 square kilometers) of qualifying tribal land, and twenty-five hundred (2500) dollars for each additional square mile (2.590 square kilometers) of qualifying tribal land above two hundred (200) square miles (518 square kilometers).

(iv) *Bidding credit limit.* If the high bid is equal to or less than one million (1,000,000) dollars, the maximum bidding credit calculated pursuant to §1.2110(f)(3)(iii) shall not exceed fifty (50) percent of the high bid. If the high bid is greater than one million (1,000,000) dollars, but equal to or less than two million (2,000,000) dollars, the maximum bidding credit calculated pursuant to §1.2110(f)(3)(iii) shall not exceed five hundred thousand (500,000) dollars. If the high bid is greater than two million (2,000,000) dollars, the maximum bidding credit calculated pursuant to §1.2110(f)(3)(iii) shall not exceed thirty-five (35) percent of the high bid.

(v) *Bidding credit limit in auctions subject to specified reserve price(s).* In any auction of eligible frequencies described in section 113(g)(2) of the National Telecommunications and Information Administration Organization Act (47 U.S.C. 923(g)(2) with reserve price(s) and in any auction with reserve price(s) in which the Commission specifies that this provision shall apply, the aggregate amount available to be awarded as bidding credits for serving qualifying tribal land with respect to all licenses subject to a reserve price shall not exceed the amount by which winning bids for those licenses net of discounts the Commission takes into account when reporting net bids in the Public Notice closing the auction exceed the applicable reserve price. If the total amount that might

be awarded as tribal land bidding credits based on applications for all licenses subject to the reserve price exceeds the aggregate amount available to be awarded, the Commission will award eligible applicants a pro rata tribal land bidding credit. The Commission may determine at any time that the total amount that might be awarded as tribal land bidding credits is less than the aggregate amount available to be awarded and grant full tribal land bidding credits to relevant applicants, including any that previously received pro rata tribal land bidding credits. To determine the amount of an applicant's pro rata tribal land bidding credit, the Commission will multiply the full amount of the tribal land bidding credit for which the applicant would be eligible excepting this limitation ((f)(3)(v)) of this section by a fraction, consisting of a numerator in the amount by which winning bids for licenses subject to the reserve price net of discounts the Commission takes into account when reporting net bids in the Public Notice closing the auction exceed the reserve price and a denominator in the amount of the aggregate maximum tribal land bidding credits for which applicants for such licenses might have qualified excepting this limitation ((f)(3)(v)) of this section. When determining the aggregate maximum tribal land bidding credits for which applicants for such licenses might have qualified, the Commission shall assume that any applicant seeking a tribal land bidding credit on its long-form application will be eligible for the largest tribal land bidding credit possible for its bid for its license excepting this limitation ((f)(3)(v)) of this section. After all applications seeking a tribal land bidding credit with respect to licenses covered by a reserve price have been finally resolved, the Commission will recalculate the pro rata credit. For these purposes, final determination of a credit occurs only after any review or reconsideration of the award of such credit has been concluded and no opportunity remains for further review or reconsideration. To recalculate an applicant's pro rata tribal land bidding credit, the Commission will multiply the full amount of the tribal land bidding credit for which the applicant would be eligible excepting this limitation ((f)(3)(v)) of this section by a fraction, consisting of a numerator in the amount by which winning bids for licenses subject to the reserve price net of discounts the Commission takes into account when reporting net bids in the Public Notice closing the auction exceed the reserve price and a denominator in the amount of the aggregate amount of tribal land bidding credits for which all applicants for such licenses would have qualified excepting this limitation ((f)(3)(v)) of this section.

(vi) *Application of credit.* A pending request for a bidding credit for serving qualifying tribal land has no effect on a bidder's obligations to make any auction payments, including down and final payments on winning bids, prior to award of the bidding credit by the Commission. Tribal land bidding credits will be calculated and awarded prior to license grant. If the Commission grants an applicant a pro rata tribal land bidding credit prior to license grant, as provided by paragraph (f)(3)(v) of this section, the Commission shall recalculate the applicant's pro rata tribal land bidding credit after all applications seeking tribal land biddings for licenses subject to the same reserve price have been finally resolved. If a recalculated tribal land bidding credit is larger than the previously awarded pro rata tribal land bidding credit, the Commission will award the difference.

(vii) *Post-construction certification.* Within fifteen (15) days of the third anniversary of the initial grant of its license, a recipient of a bidding credit under this section shall file a certification that the recipient has constructed and is operating a system capable of serving seventy-five (75) percent of the population of the qualifying tribal land for which the credit was awarded. The recipient must provide the total population of the tribal area covered by its license as well as the number of persons that it is serving in the tribal area.

(viii) *Performance penalties.* If a recipient of a bidding credit under this section fails to provide the post-construction certification required by paragraph (f)(3)(vii) of this section,

then it shall repay the bidding credit amount in its entirety, plus interest. The interest will be based on the rate for ten-year U.S. Treasury obligations applicable on the date the license is granted. Such payment shall be made within thirty (30) days of the third anniversary of the initial grant of its license. Failure to repay the bidding credit amount and interest within the required time period will result in automatic termination of the license without specific Commission action. Repayment of bidding credit amounts pursuant to this provision shall not affect the calculation of amounts available to be awarded as tribal land bidding credits pursuant to (f)(3)(v) of this section.

(g) *Installment payments.* The Commission may permit small businesses (including small businesses owned by women, minorities, or rural telephone companies that qualify as small businesses) and other entities determined to be eligible on a service-specific basis, which are high bidders for licenses specified by the Commission, to pay the full amount of their high bids in installments over the term of their licenses pursuant to the following:

(1) Unless otherwise specified by public notice, each eligible applicant paying for its license(s) on an installment basis must deposit by wire transfer in the manner specified in §1.2107(b) sufficient additional funds as are necessary to bring its total deposits to ten (10) percent of its winning bid(s) within ten (10) days after the Commission has declared it the winning bidder and closed the bidding. Failure to remit the required payment will make the bidder liable to pay a default payment pursuant to §1.2104(g)(2).

(2) Within ten (10) days of the conditional grant of the license application of a winning bidder eligible for installment payments, the licensee shall pay another ten (10) percent of the high bid, thereby commencing the eligible licensee's installment payment plan. If a winning bidder eligible for installment payments fails to submit this additional ten (10) percent of its high bid by the applicable deadline as specified by the Commission, it will be allowed to make payment within ten (10) business days after the payment deadline, provided that it also pays a late fee equal to five percent of the amount due. When a winning bidder eligible for installment payments fails to submit this additional ten (10) percent of its winning bid, plus the late fee, by the late payment deadline, it is considered to be in default on its license(s) and subject to the applicable default payments. Licenses will be awarded upon the full and timely payment of second down payments and any applicable late fees.

(3) Upon grant of the license, the Commission will notify each eligible licensee of the terms of its installment payment plan and that it must execute a promissory note and security agreement as a condition of the installment payment plan. Unless other terms are specified in the rules of particular services, such plans will:

(i) Impose interest based on the rate of U.S. Treasury obligations (with maturities closest to the duration of the license term) at the time of licensing;

(ii) Allow installment payments for the full license term;

(iii) Begin with interest-only payments for the first two years; and

(iv) Amortize principal and interest over the remaining term of the license.

(4) A license granted to an eligible entity that elects installment payments shall be conditioned upon the full and timely performance of the licensee's payment obligations under the installment plan.

(i) Any licensee that fails to submit its quarterly payment on an installment payment obligation (the ''Required Installment Payment'') may submit such payment on or before the last day of the next quarter (the ''first additional quarter'') without being considered delinquent. Any licensee making its Required Installment Payment during this period (the ''first additional quarter grace period'') will be assessed a late payment fee equal to five percent (5%) of the amount of the past due Required Installment Payment. The late payment fee applies to the total Required Installment Payment regardless of whether the licensee submitted a portion of its Required Installment Payment in a timely manner.

(ii) If any licensee fails to make the Required Installment Payment on or before the last day of the first additional quarter set forth in paragraph (g)(4)(i) of this section, the licensee may submit its Required Installment Payment on or before the last day of the next quarter (the ''second additional quarter''), except that no such additional time will be provided for the July 31, 1998 suspension interest and installment payments from C or F block licensees that are not made within 90 days of the payment resumption date for those licensees, as explained in Amendment of the Commission's Rules Regarding Installment Payment Financing for Personal Communications Services (PCS) Licensees, *Order on Reconsideration of the Second Report and Order*, WT Docket No. 97–82, 13 FCC Rcd 8345 (1998). Any licensee making the Required Installment Payment during the second additional quarter (the ''second additional quarter grace period'') will be assessed a late payment fee equal to ten percent (10%) of the amount of the past due Required Installment Payment. Licensees shall not be required to submit any form of request in order to take advantage of the first and second additional quarter grace periods.

(iii) All licensees that avail themselves of these grace periods must pay the associated late payment fee(s) and the Required Installment Payment prior to the conclusion of the applicable additional quarter grace period(s). Payments made at the close of any grace period(s) will first be applied to satisfy any lender advances as required under each licensee's ''Note and Security Agreement,'' with the remainder of such payments applied in the following order: late payment fees, interest charges, installment payments for the most back-due quarterly installment payment.

(iv) If an eligible entity obligated to make installment payments fails to pay the total Required Installment Payment, interest and any late payment fees associated with the Required Installment Payment within two quarters (6 months) of the Required Installment Payment due date, it shall be in default, its license shall automatically cancel, and it will be subject to debt collection procedures. A licensee in the PCS C or F blocks shall be in default, its license shall automatically cancel, and it will be subject to debt collection procedures, if the payment due on the payment resumption date, referenced in paragraph (g)(4)(ii) of this section, is more than ninety (90) days delinquent.

(h) The Commission may establish different upfront payment requirements for categories of designated entities in competitive bidding rules of particular auctionable services.

(i) The Commission may offer designated entities a combination of the available preferences or additional preferences.

(j) Designated entities must describe on their long-form applications how they satisfy the requirements for eligibility for designated entity status, and must list and summarize on their long form applications all agreements that affect designated entity status such as partnership agreements, shareholder agreements, management agreements, spectrum leasing arrangements, spectrum resale (including wholesale) arrangements, and all other agreements including oral agreements, establishing as applicable, *de facto* or *de jure* control of the entity or the presence or absence of attributable material relationships. Designated entities also must provide the date(s) on which they entered into of the agreements listed. In addition, designated entities must file with their long-form applications a copy of each such agreement. In order to enable the Commission to audit designated entity eligibility on an ongoing basis, designated entities that are awarded eligibility must, for the term of the license, maintain at their facilities or with their designated agents the lists, summaries, dates and copies of agreements required to be identified and provided to the Commission pursuant to this paragraph and to §1.2114.

(k) The Commission may, on a service-specific basis, permit consortia, each member of which individually meets the eligibility requirements, to qualify for any designated entity provisions.

(l) The Commission may, on a service-specific basis, permit publicly-traded companies that are owned by members of minority groups or women to

qualify for any designated entity provisions.

(m) *Audits.* (1) Applicants and licensees claiming eligibility shall be subject to audits by the Commission, using in-house and contract resources. Selection for audit may be random, on information, or on the basis of other factors.

(2) Consent to such audits is part of the certification included in the short-form application (FCC Form 175). Such consent shall include consent to the audit of the applicant's or licensee's books, documents and other material (including accounting procedures and practices) regardless of form or type, sufficient to confirm that such applicant's or licensee's representations are, and remain, accurate. Such consent shall include inspection at all reasonable times of the facilities, or parts thereof, engaged in providing and transacting business, or keeping records regarding FCC-licensed service and shall also include consent to the interview of principals, employees, customers and suppliers of the applicant or licensee.

(n) *Annual reports.* Each designated entity licensee must file with the Commission an annual report within five business days before the anniversary date of the designated entity's license grant. The annual report shall include, at a minimum, a list and summaries of all agreements and arrangements (including proposed agreements and arrangements) that relate to eligibility for designated entity benefits. In addition to a summary of each agreement or arrangement, this list must include the parties (including affiliates, controlling interests, and affiliates of controlling interests) to each agreement or arrangement, as well as the dates on which the parties entered into each agreement or arrangement. Annual reports will be filed no later than, and up to five business days before, the anniversary of the designated entity's license grant.

(o) *Gross revenues.* Gross revenues shall mean all income received by an entity, whether earned or passive, before any deductions are made for costs of doing business (e.g., cost of goods sold), as evidenced by audited financial statements for the relevant number of most recently completed calendar years or, if audited financial statements were not prepared on a calendar-year basis, for the most recently completed fiscal years preceding the filing of the applicant's short-form (FCC Form 175). If an entity was not in existence for all or part of the relevant period, gross revenues shall be evidenced by the audited financial statements of the entity's predecessor-in-interest or, if there is no identifiable predecessor-in-interest, unaudited financial statements certified by the applicant as accurate. When an applicant does not otherwise use audited financial statements, its gross revenues may be certified by its chief financial officer or its equivalent and must be prepared in accordance with Generally Accepted Accounting Principles.

(p) *Total assets.* Total assets shall mean the book value (except where generally accepted accounting principles (GAAP) require market valuation) of all property owned by an entity, whether real or personal, tangible or intangible, as evidenced by the most recently audited financial statements or certified by the applicant's chief financial offer or its equivalent if the applicant does not otherwise use audited financial statements.

EFFECTIVE DATE NOTE: At 80 FR 56813, Sept. 18, 2015, §1.2110 was amended by redesignating paragraphs (b)(3) as (b)(4); revising paragraphs (a), (b)(1)(i) and (ii), newly redesignated paragraph (b)(4)(i), and paragraphs (c)(6), (f)(2), (j) and (n); adding a new paragraphs (b)(3), (c)(2)(ii)(J), and (f)(4); and removing newly redesignated paragraph (b)(4)(iv), effective Nov. 17, 2015. Paragraphs (j) and (n) contain information collection and recordkeeping requirements and will not become effective until approval has been given by the Office of Management and Budget. For the convenience of the user, the added and revised text is set forth as follows:

§ 1.2110 Designated entities.

(a) Designated entities are small businesses (including businesses owned by members of minority groups and/or women), rural telephone companies, and eligible rural service providers.

(b) * * *

(1) *Size attribution.* (i) The gross revenues of the applicant (or licensee), its affiliates, its controlling interests, and the affiliates of its controlling interests shall be attributed to the applicant (or licensee) and considered on a cumulative basis and aggregated for purposes of determining whether the applicant (or licensee) is eligible for status as a small business, very small business, or entrepreneur, as those terms are defined in the service-specific rules. An applicant seeking status as a small business, very small business, or entrepreneur, as those terms are defined in the service-specific rules, must disclose on its short- and long-form applications, separately and in the aggregate, the gross revenues for each of the previous three years of the applicant (or licensee), its affiliates, its controlling interests, and the affiliates of its controlling interests.

(ii) If applicable, pursuant to § 24.709 of this chapter, the total assets of the applicant (or licensee), its affiliates, its controlling interests, and the affiliates of its controlling interests shall be attributed to the applicant (or licensee) and considered on a cumulative basis and aggregated for purposes of determining whether the applicant (or licensee) is eligible for status as an entrepreneur. An applicant seeking status as an entrepreneur must disclose on its short- and long-form applications, separately and in the aggregate, the gross revenues for each of the previous two years of the applicant (or licensee), its affiliates, its controlling interests, and the affiliates of its controlling interests.

* * * * *

(3) *Standard for evaluating eligibility for small business benefits.* To be eligible for small business benefits:

(i) An applicant must meet the applicable small business size standard in paragraphs (b)(1) and (2) of this section, and

(ii) Must retain *de jure* and *de facto* control over the spectrum associated with the license(s) for which it seeks small business benefits. An applicant or licensee may lose eligibility for size-based benefits for one or more licenses without losing general eligibility for size-based benefits so long as it retains *de jure* and *de facto* control of its overall business.

(4) *Exceptions*—(i) *Consortium.* Where an applicant to participate in bidding for Commission licenses or permits is a consortium of entities eligible for size-based bidding credits and/or closed bidding based on gross revenues and/or total assets, the gross revenues and/or total assets of each consortium member shall not be aggregated. Where an applicant to participate in bidding for Commission licenses or permits is a consortium of entities eligible for rural service provider bidding credits pursuant to paragraph (f)(4) of this section, the subscribers of each consortium member shall not be aggregated. Each consortium member must constitute a separate and distinct legal entity to qualify for this exception. Consortia that are winning bidders using this exception must comply with the requirements of § 1.2107(g) of this chapter as a condition of license grant.

(2) * * *

(ii) * * *

(J) In addition to the provisions of paragraphs (b)(1)(i) and (f)(4)(i)(C) of this section, for purposes of determining an applicant's or licensee's eligibility for bidding credits for designated entity benefits, the gross revenues (or, in the case of a rural service provider under paragraph (f)(4) of this section, the subscribers) of any disclosable interest holder of an applicant or licensee are also attributable to the applicant or licensee, on a license-by-license basis, if the disclosable interest holder uses, or has an agreement to use, more than 25 percent of the spectrum capacity of a license awarded with bidding credits. For purposes of this provision, a disclosable interest holder in a designated entity applicant or licensee is defined as any individual or entity holding a ten percent or greater interest of any kind in the designated entity, including but not limited to, a ten percent or greater interest in any class of stock, warrants, options or debt securities in the applicant or licensee. This rule, however, shall not cause a disclosable interest holder, which is not otherwise a controlling interest, affiliate, or an affiliate of a controlling interest of a rural service provider to have the disclosable interest holder's subscribers become attributable to the rural service provider applicant or licensee when the disclosable interest holder has a spectrum use agreement to use more than 25 percent of the spectrum capacity of a license awarded with a rural service provider bidding credit, so long as

(1) The disclosable interest holder is independently eligible for a rural service provider bidding credit, and;

(2) The disclosable interest holder's spectrum use and any spectrum use agreements are otherwise permissible under the Commission's rules.

* * * * *

(6) *Consortium.* A consortium of small businesses, very small businesses, entrepreneurs,

or rural service providers is a conglomerate organization composed of two or more entities, each of which individually satisfies the definition of a small business, very small business, entrepreneur, or rural service provider as those terms are defined in this section and in applicable service-specific rules. Each individual member must constitute a separate and distinct legal entity to qualify.

* * * * *

(f) * * *

(2) *Small business bidding credits.*

(i) *Size of bidding credits.* A winning bidder that qualifies as a small business, and has not claimed a rural service provider bidding credit pursuant to paragraph (f)(4) of this section, may use the following bidding credits corresponding to its respective average gross revenues for the preceding 3 years:

(A) Businesses with average gross revenues for the preceding 3 years not exceeding $4 million are eligible for bidding credits of 35 percent;

(B) Businesses with average gross revenues for the preceding 3 years not exceeding $20 million are eligible for bidding credits of 25 percent; and

(C) Businesses with average gross revenues for the preceding 3 years not exceeding $55 million are eligible for bidding credits of 15 percent.

(ii) *Cap on winning bid discount.* A maximum total discount that a winning bidder that is eligible for a small business bidding credit may receive will be established on an auction-by-auction basis. The limit on the discount that a winning bidder that is eligible for a small business bidding credit may receive in any particular auction will be no less than $25 million. The Commission may adopt a market-based cap on an auction-by-auction basis that would establish an overall limit on the discount that a small business may receive for certain license areas.

* * * * *

(4) *Rural service provider bidding credit*—(i) *Eligibility.* A winning bidder that qualifies as a rural service provider and has not claimed a small business bidding credit pursuant to paragraph (f)(2) of this section will be eligible to receive a 15 percent bidding credit. For the purposes of this paragraph, a rural service provider means a service provider that—

(A) Is in the business of providing commercial communications services and together with its controlling interests, affiliates, and the affiliates of its controlling interests as those terms are defined in paragraphs (c)(2) and (c)(5) of this section, has fewer than 250,000 combined wireless, wireline, broadband, and cable subscribers as of the date of the short-form filing deadline; and

(B) Serves predominantly rural areas, defined as counties with a population density of 100 or fewer persons per square mile.

(C) *Size attribution. (1)* The combined wireless, wireline, broadband, and cable subscribers of the applicant (or licensee), its affiliates, its controlling interests, and the affiliates of its controlling interests shall be attributed to the applicant (or licensee) and considered on a cumulative basis and aggregated for purposes of determining whether the applicant (or licensee) is eligible for the rural service provider bidding credit.

(2) Exception. For rural partnerships providing service as of July 16, 2015, the Commission will determine eligibility for the 15 percent rural service provider bidding credit by evaluating whether the individual members of the rural partnership individually have fewer than 250,000 combined wireless, wireline, broadband, and cable subscribers, and for those types of rural partnerships, the subscribers will not be aggregated.

(ii) *Cap on winning bid discount.* A maximum total discount that a winning bidder that is eligible for a rural service provider bidding credit may receive will be established on an auction-by-auction basis. The limit on the discount that a winning bidder that is eligible for a rural service provider bidding credit may receive in any particular auction will be no less than $10 million. The Commission may adopt a market-based cap on an auction-by-auction basis that would establish an overall limit on the discount that a rural service provider may receive for certain license areas.

* * * * *

(j) Designated entities must describe on their long-form applications how they satisfy the requirements for eligibility for designated entity status, and must list and summarize on their long-form applications all agreements that affect designated entity status such as partnership agreements, shareholder agreements, management agreements, spectrum leasing arrangements, spectrum resale (including wholesale) arrangements, spectrum use agreements, and all other agreements including oral agreements, establishing as applicable, *de facto* or *de jure* control of the entity. Designated entities also must provide the date(s) on which they entered into each of the agreements listed. In addition, designated entities must file with their long-form applications a copy of each such agreement. In order to enable the Commission to audit designated entity eligibility on an ongoing basis, designated entities that are awarded eligibility must, for the term of the license, maintain at their facilities or with their designated agents the lists, summaries, dates and copies of agreements required to be identified and provided

to the Commission pursuant to this paragraph and to §1.2114.

* * * * *

(n) *Annual reports.* (1) Each designated entity licensee must file with the Commission an annual report no later than September 30 of each year for each license it holds that was acquired using designated entity benefits and that, as of August 31 of the year in which the report is due (the ''cut-off date''), remains subject to designated entity unjust enrichment requirements (a ''designated entity license''). The annual report must provide the information described in paragraph (n)(2) of this section for the year ending on the cut-off date (the ''reporting year''). If, during the reporting year, a designated entity has assigned or transferred a designated entity license to another designated entity, the designated entity that holds the designated entity license on September 30 of the year in which the application for the transaction is filed is responsible for filing the annual report.

(2) The annual report shall include, at a minimum, a list and summaries of all agreements and arrangements (including proposed agreements and arrangements) that relate to eligibility for designated entity benefits. In addition to a summary of each agreement or arrangement, this list must include the parties (including affiliates, controlling interests, and affiliates of controlling interests) to each agreement or arrangement, as well as the dates on which the parties entered into each agreement or arrangement.

(3) A designated entity need not list and summarize on its annual report the agreements and arrangements otherwise required to be included under paragraphs (n)(1) and (n)(2) of this section if it has already filed that information with the Commission, and the information on file remains current. In such a situation, the designated entity must instead include in its annual report both the ULS file number of the report or application containing the current information and the date on which that information was filed.

§1.2111 Assignment or transfer of control: unjust enrichment.

(a) *Reporting requirement.* An applicant seeking approval for a transfer of control or assignment (otherwise permitted under the Commission's rules) of a license within three years of receiving a new license through a competitive bidding procedure must, together with its application for transfer of control or assignment, file with the Commission a statement indicating that its license was obtained through competitive bidding. Such applicant must also file with the Commission the associated contracts for sale, option agreements, management agreements, or other documents disclosing the local consideration that the applicant would receive in return for the transfer or assignment of its license (see §1.948). This information should include not only a monetary purchase price, but also any future, contingent, in-kind, or other consideration (e.g., management or consulting contracts either with or without an option to purchase; below market financing).

(b) *Unjust enrichment payment: set-aside.* As specified in this paragraph an applicant seeking approval for a transfer of control or assignment (otherwise permitted under the Commission's rules) of, or for entry into a material relationship (see §§1.2110, 1.2114) (otherwise permitted under the Commission's rules) involving, a license acquired by the applicant pursuant to a set-aside for eligible designated entities under §1.2110(c), or which proposes to take any other action relating to ownership or control that will result in loss of eligibility as a designated entity, must seek Commission approval and may be required to make an unjust enrichment payment (Payment) to the Commission by cashier's check or wire transfer before consent will be granted. The Payment will be based upon a schedule that will take account of the term of the license, any applicable construction benchmarks, and the estimated value of the set-aside benefit, which will be calculated as the difference between the amount paid by the designated entity for the license and the value of comparable non-set-aside license in the free market at the time of the auction. The Commission will establish the amount of the Payment and the burden will be on the applicants to disprove this amount. No Payment will be required if:

(1) The license is transferred or assigned more than five years after its initial issuance, unless otherwise specified; or

(2) The proposed transferee or assignee is an eligible designated entity under §1.2110(c) or the service-specific

competitive bidding rules of the particular service, and so certifies.

(c) *Unjust enrichment payment: installment financing.* (1) If a licensee that utilizes installment financing under this section seeks to assign or transfer control of its license to an entity not meeting the eligibility standards for installment payments, the licensee must make full payment of the remaining unpaid principal and any unpaid interest accrued through the date of assignment or transfer as a condition of approval.

(2) If a licensee that utilizes installment financing under this section seeks to make any change in ownership structure or to enter into a material relationship (see §1.2110) that would result in the licensee losing eligibility for installment payments, the licensee shall first seek Commission approval and must make full payment of the remaining unpaid principal and any unpaid interest accrued through the date of such change as a condition of approval. A licensee's (or other attributable entity's) increased gross revenues or increased total assets due to nonattributable equity investments, debt financing, revenue from operations or other investments, business development or expanded service shall not be considered to result in the licensee losing eligibility for installment payments.

(3) If a licensee seeks to make any change in ownership or to enter into a material relationship (see §1.2110) that would result in the licensee qualifying for a less favorable installment plan under this section, the licensee shall seek Commission approval and must adjust its payment plan to reflect its new eligibility status. A licensee may not switch its payment plan to a more favorable plan.

(d) *Unjust enrichment payment: bidding credits.* (1) A licensee that utilizes a bidding credit, and that during the initial term seeks to assign or transfer control of a license to an entity that does not meet the eligibility criteria for a bidding credit, will be required to reimburse the U.S. Government for the amount of the bidding credit, plus interest based on the rate for ten year U.S. Treasury obligations applicable on the date the license was granted, as a condition of Commission approval of the assignment or transfer. If, within the initial term of the license, a licensee that utilizes a bidding credit seeks to assign or transfer control of a license to an entity that is eligible for a lower bidding credit, the difference between the bidding credit obtained by the assigning party and the bidding credit for which the acquiring party would qualify, plus interest based on the rate for ten year U.S. treasury obligations applicable on the date the license is granted, must be paid to the U.S. Government as a condition of Commission approval of the assignment or transfer. If, within the initial term of the license, a licensee that utilizes a bidding credit seeks to make any ownership change or to enter into a material relationship (see §1.2110) that would result in the licensee losing eligibility for a bidding credit (or qualifying for a lower bidding credit), the amount of the bidding credit (or the difference between the bidding credit originally obtained and the bidding credit for which the licensee would qualify after restructuring or entry into a material relationship), plus interest based on the rate for ten year U.S. treasury obligations applicable on the date the license is granted, must be paid to the U.S. Government as a condition of Commission approval of the assignment or transfer or of a reportable eligibility event (see §1.2114).

(2) *Payment schedule.* (i) The amount of payments made pursuant to paragraph (d)(1) of this section will be reduced over time as follows:

(A) A transfer in the first two years of the license term will result in a forfeiture of 100 percent of the value of the bidding credit (or in the case of very small businesses transferring to small businesses, 100 percent of the difference between the bidding credit received by the former and the bidding credit for which the latter is eligible);

(B) A transfer in year 3 of the license term will result in a forfeiture of 75 percent of the value of the bidding credit;

(C) A transfer in year 4 of the license term will result in a forfeiture of 50 percent of the value of the bidding credit;

(D) A transfer in year 5 of the license term will result in a forfeiture of 25 percent of the value of the bidding credit; and

(E) For a transfer in year 6 or thereafter, there will be no payment.

(ii) These payments will have to be paid to the United States Treasury as a condition of approval of the assignment, transfer, ownership change or reportable eligibility event (see §1.2114).

(e) *Unjust enrichment: partitioning and disaggregation*—(1) *Installment payments.* Licensees making installment payments, that partition their licenses or disaggregate their spectrum to entities not meeting the eligibility standards for installment payments, will be subject to the provisions concerning unjust enrichment as set forth in this section.

(2) *Bidding credits.* Licensees that received a bidding credit that partition their licenses or disaggregate their spectrum to entities not meeting the eligibility standards for such a bidding credit, will be subject to the provisions concerning unjust enrichment as set forth in this section.

(3) *Apportioning unjust enrichment payments.* Unjust enrichment payments for partitioned license areas shall be calculated based upon the ratio of the population of the partitioned license area to the overall population of the license area and by utilizing the most recent census data. Unjust enrichment payments for disaggregated spectrum shall be calculated based upon the ratio of the amount of spectrum disaggregated to the amount of spectrum held by the licensee.

(2) If a licensee that utilizes installment financing under this section seeks to make any change in ownership structure that would result in the licensee losing eligibility for installment payments, the licensee shall first seek Commission approval and must make full payment of the remaining unpaid principal and any unpaid interest accrued through the date of such change as a condition of approval. A licensee's (or other attributable entity's) increased gross revenues or increased total assets due to nonattributable equity investments, debt financing, revenue from operations or other investments, business development or expanded service shall not be considered to result in the licensee losing eligibility for installment payments.

(b) *Unjust enrichment payment: bidding credits.* (1) A licensee that utilizes a bidding credit, and that during the initial term seeks to assign or transfer control of a license to an entity that does not meet the eligibility criteria for a bidding credit, will be required to reimburse the U.S. Government for the amount of the bidding credit, plus interest based on the rate for ten year U.S. Treasury obligations applicable on the date the license was granted, as a condition of Commission approval of the assignment or transfer. If, within the initial term of the license, a licensee that utilizes a bidding credit seeks to make any ownership change that would result in the licensee losing eligibility for a bidding credit (or qualifying for a lower bidding credit), the amount of the bidding credit (or the difference between the bidding credit originally obtained and the bidding credit for which the licensee would qualify after restructuring), plus interest based on the rate for ten year U.S. Treasury obligations applicable on the date the license is granted, must be paid to

the U.S. Government as a condition of Commission approval of the assignment or transfer or of a reportable eligibility event (*see* §1.2114).

§ 1.2112 Ownership disclosure requirements for applications.

(a) Each application to participate in competitive bidding (*i.e.,* short-form application (*see* 47 CFR 1.2105)), or for a license, authorization, assignment, or transfer of control shall fully disclose the following:

(1) List the real party or parties in interest in the applicant or application, including a complete disclosure of the identity and relationship of those persons or entities directly or indirectly owning or controlling (or both) the applicant;

(2) List the name, address, and citizenship of any party holding 10 percent or more of stock in the applicant, whether voting or nonvoting, common or preferred, including the specific amount of the interest or percentage held;

(5) List, in the case of a limited liability company, the name, address, and citizenship of each of its members whose interest in the applicant is 10 percent or greater;

(6) List all parties holding indirect ownership interests in the applicant as determined by successive multiplication of the ownership percentages for each link in the vertical ownership chain, that equals 10 percent or more of the applicant, except that if the ownership percentage for an interest in any link in the chain exceeds 50 percent or represents actual control, it shall be treated and reported as if it were a 100 percent interest; and

(7) List any FCC-regulated entity or applicant for an FCC license, in which the applicant or any of the parties identified in paragraphs (a)(1) through (a)(5) of this section, owns 10 percent or more of stock, whether voting or nonvoting, common or preferred. This list must include a description of each such entity's principal business and a description of each such entity's relationship to the applicant (e.g., Company A owns 10 percent of Company B (the applicant) and 10 percent of Company C, then Companies A and C must be listed on Company B's application, where C is an FCC licensee and/or license applicant).

(b) *Designated entity status.* In addition to the information required under paragraph (a) of this section, each applicant claiming eligibility for small business provisions shall disclose the following:

§ 1.2201 Purpose.

The provisions of §§1.2200 through 1.2209 implement section 6403 of the Spectrum Act, which requires the Commission to conduct a reverse auction to determine the amount of compensation that each broadcast television licensee would accept in return for voluntarily relinquishing some or all of its broadcast television spectrum usage rights in order to make spectrum available for assignment through a system of competitive bidding under subparagraph (G) of section 309(j)(8) of the Communications Act of 1934, as added by section 6402 of the Spectrum Act.

§ 1.2202 Competitive bidding design options.

(3) *Procedures for determining payments.* (i) Procedures to determine the amount of any incentive payments made to winning bidders consistent with other auction design choices.

(ii) The amount of proceeds shared with a broadcast television licensee will not be less than the amount of the licensee's winning bid in the reverse auction.

§ 1.2203 Competitive bidding mechanisms.

(a) *Public notice of competitive bidding procedures.* Detailed competitive bidding procedures shall be established by public notice prior to the commencement of the reverse auction, including without limitation:

(1) *Sequencing.* The sequencing with which the reverse auction and the related forward auction assigning new spectrum licenses will occur.

(c) *Stopping procedures.* Before or during the reverse auction, procedures may be established regarding when bidding will stop for a round, a stage, or an entire auction, in order to terminate the auction within a reasonable time and in accordance with public interest considerations and the goals, statutory requirements, rules, and procedures for the auction, including any reserve price or prices.

(d) *Auction delay, suspension, or cancellation.* By public notice or by announcement during the reverse auction, the auction may be delayed, suspended, or cancelled in the event of a natural disaster, technical obstacle, network disruption, evidence of an auction security breach or unlawful bidding activity, administrative or weather necessity, or for any other reason that affects the fair and efficient conduct of the competitive bidding. The Commission has the authority, at its sole discretion, to resume the competitive bidding starting from the beginning of the current or some previous round or cancel the competitive bidding in its entirety.

(e) *Violations.* A party who is found to have violated the antitrust laws or the Commission's rules in connection with its participation in the competitive bidding process, in addition to any other applicable sanctions, may be subject to forfeiture of its winning bid incentive payment and revocation of its licenses, where applicable, and may be prohibited from participating in future auctions.

NOTE 1 TO §1.2205: References to ''full power broadcast television licensees'' and ''Class A broadcast television licensees'' are intended to include all broadcast television licensees that are or could become eligible to participate in the reverse auction, including broadcast television licensees that may be parties to a channel sharing agreement.

NOTE 2 TO §1.2205: For the purposes of this section, ''controlling interests'' include individuals or entities with positive or negative *de jure* or *de facto* control of the licensee. *De jure* control includes holding 50 percent or more of the voting stock of a corporation or holding a general partnership interest in a partnership. Ownership interests that are held indirectly by any party through one or more intervening corporations may be determined by successive multiplication of the ownership percentages for each link in the vertical ownership chain and application of the relevant attribution benchmark to the resulting product, except that if the ownership percentage for an interest in any link in the chain meets or exceeds 50 percent or represents actual control, it may be treated as

if it were a 100 percent interest. *De facto* control is determined on a case-by-case basis. Examples of *de facto* control include constituting or appointing 50 percent or more of the board of directors or management committee; having authority to appoint, promote, demote, and fire senior executives that control the day-to-day activities of the licensee; or playing an integral role in management decisions.

NOTE 3 TO §1.2205: The prohibition described in §1.2205(b)(1) applies to controlling interests, officers, directors, and governing board members of a full power or Class A broadcast television licensee as of the deadline for submitting applications to participate in the reverse auction, and any additional such parties at any subsequent point prior to the announcement by public notice of the results of the incentive auction. Thus, if, for example, a full power or Class A broadcast television licensee appoints a new officer after the application deadline, that new officer would be subject to the prohibition in §1.2205(b)(1), but would not be included within the exceptions described in §§1.2205(b)(2)(i) and (ii).

EFFECTIVE DATE NOTES: 1. At 79 FR 48530, Aug. 15, 2014, §1.2205 was added. Paragraphs (c) and (d) contain information collection and recordkeeping requirements and will not become effective until approval has been given by the Office of Management and Budget.

2. At 80 FR 56816, Sept. 18, 2015, §1.2205 was amended by revising paragraph (a)(2), effective Nov. 17, 2015. For the convenience of the user, the revised text is set forth as follows:

§ 1.2205 Prohibition of certain communications.

(a) * * *

(2) For the purposes of this section, the term forward auction applicant is defined the same as the term applicant is defined in §1.2105(c)(5).

* * * * *

§ 1.2206 Confidentiality of Commission-held data.

(a) The Commission will take all reasonable steps necessary to protect all Confidential Broadcaster Information for all reverse auction applicants from the time the broadcast television licensee applies to participate in the reverse auction until the reassignments and reallocations under section 6403(b)(1)(B) of the Spectrum Act become effective or until two years after public notice that the reverse auction is complete and that no such reassignments and reallocations shall become effective.

(b) In addition, if reassignments and reallocations under section 6403(b)(1)(B) of the Spectrum Act become effective, the Commission will continue to take all reasonable steps necessary to protect Confidential Broadcaster Information pertaining to any unsuccessful reverse auction bid and pertaining to any unsuccessful application to participate in the reverse auction until two years after the effective date.

(c) Notwithstanding paragraphs (a) and (b) of this section, the Commission may disclose Confidential Broadcaster Information if required to do so by law, such as by court order.

(d) *Confidential Broadcaster Information* includes the following Commission-held data of a broadcast television licensee participating in the reverse auction:

(1) The name of the applicant licensee;

(2) The licensee's channel number, call sign, facility identification number, and network affiliation; and

(3) Any other information that may reasonably be withheld to protect the identity of the licensee, as determined by the Commission.

§ 1.2207 Two competing participants required.

The Commission may not enter into an agreement for a licensee to relinquish spectrum usage rights in exchange for a share of the proceeds from the related forward auction assigning new spectrum licenses unless at least two competing licensees participate in the reverse auction.

§ 1.2208 Public notice of auction completion and auction results.

Public notice shall be provided when the reverse auction is complete and when the forward auction is complete. With respect to the broadcast television spectrum incentive auction conducted under section 6403 of the Spectrum Act, public notice shall be provided of the results of the reverse auction, forward auction, and repacking,

and shall indicate that the reassignments of television channels and reallocations of broadcast television spectrum are effective.

§ 1.2209 Disbursement of incentive payments.

A winning bidder shall submit the necessary financial information to facilitate the disbursement of the winning bidder's incentive payment. Specific procedures for submitting financial information, including applicable deadlines, will be set out by public notice.

EFFECTIVE DATE NOTE: At 79 FR 48530, Aug. 15, 2014, §1.2209 was added. This section contains information collection and recordkeeping requirements and will not become effective until approval has been given by the Office of Management and Budget.

Subpart R—Implementation of Section 4(g)(3) of the Communications Act: Procedures Governing Acceptance of Unconditional Gifts, Donations and Bequests

SOURCE: 59 FR 38128, July 27, 1994, unless otherwise noted.

§ 1.3000 Purpose and scope.

The purpose of this subpart is to implement the Telecommunications Authorization Act of 1992 which amended the Communications Act by creating section 4(g)(3), 47 U.S.C. 154(g)(3). The provisions of this subpart shall apply to gifts, donations and bequests made to the Commission itself. Travel reimbursement for attendance at, or participation in, government-sponsored meetings or events required to carry out the Commission's statutory or regulatory functions may also be accepted under this subpart. The acceptance of gifts by Commission employees, most notably gifts of food, drink and entertainment, is governed by the government-wide standards of employee conduct established at 5 CFR part 2635. Travel, subsistence and related expenses for non-government-sponsored meetings or events will continue to be accepted pursuant to the Government Employees Training Act, 41 U.S.C. 4111 or 31 U.S.C. 1353, and its General Services Administration's implementing regulations, 41 CFR 304–1.8, as applicable.

§ 1.3001 Definitions.

For purposes of this subpart:

(a) The term *agency* means the Federal Communications Commission.

(b) The term *gift* means any unconditional gift, donation or bequest of real, personal and other property (including voluntary and uncompensated services as authorized under 5 U.S.C. 3109).

(c) The terms *agency ethics official*, *designated agency ethics official*, *employee*, *market value*, *person*, and *prohibited source*, have the same meaning as found in 5 CFR 2635.102, 2635.203.

§ 1.3002 Structural rules and prohibitions.

(a) *General prohibitions.* An employee shall not:

(1) Directly or indirectly, solicit or coerce the offering of a gift, donation or bequest to the Commission from a regulated entity or other prohibited source; or

(2) Accept gifts of cash pursuant to this subpart.

(b) *Referral of offers to designated agency ethics official.* Any person who seeks to offer any gift to the Commission under the provisions of this subpart shall make such offer to the Commission's designated agency ethics official. In addition, any Commission employee who is contacted by a potential donor or the representative thereof for the purpose of discussing the possibility of making a gift, donation or bequest to the Commission shall immediately refer such person or persons to the Commission's designated agency ethics official. The designated agency ethics official shall, in consultation with other agency ethics officials, make a determination concerning whether acceptance of such offers would create a conflict of interest or the appearance of a conflict of interest. Agency ethics officials may also advise potential donors and their representatives of the types of equipment, property or services that may be of use to the Commission and the procedures for

effectuating gifts set forth in this subpart. The Commission may, in its discretion, afford public notice before accepting any gift under authority of this subpart.

§ 1.3003 Mandatory factors for evaluating conflicts of interest.

No gift shall be accepted under this subpart unless a determination is made that its acceptance would not create a conflict of interest or the appearance of a conflict of interest. In making conflict of interest determinations, designated agency ethics officials shall consider the following factors:

(a) Whether the benefits of the intended gift will accrue to an individual employee and, if so—

(1) Whether the employee is responsible for matters affecting the potential donor that are currently before the agency; and

(2) The significance of the employee's role in any such matters;

(b) The nature and sensitivity of any matters pending at the Commission affecting the intended donor;

(c) The timing of the intended gift;

(d) The market value of the intended gift;

(e) The frequency of other gifts made by the same donor; and

(f) The reason underlying the intended gift given in a written statement from the proposed donor.

§ 1.3004 Public disclosure and reporting requirements.

(a) *Public disclosure of gifts accepted from prohibited sources.* The Commission's Security Operations Office, Office of the Managing Director, shall maintain a written record of gifts accepted from prohibited sources by the Commission pursuant to section 4(g)(3) authority, which will include:

(1) The identity of the prohibited source;

(2) A description of the gift;

(3) The market value of the gift;

(4) Documentation concerning the prohibited source's reason for the gift as required in §1.3003(f);

(5) A signed statement of verification from the prohibited source that the gift is unconditional and is not contingent on any promise or expectation that the Commission's receipt of the gift will benefit the proposed donor in any regulatory matter; and

(6) The date the gift is accepted by the Commission.

(b) *Reporting Requirements for all gifts.* The Commission shall file a semi-annual report to Congress listing the gift, donor and value of all gifts accepted from any donor under this subpart.

Subpart S—Preemption of Restrictions That ''Impair'' the Ability To Receive Television Broadcast Signals, Direct Broadcast Satellite Services, or Multichannel Multipoint Distribution Services or the Ability To Receive or Transmit Fixed Wireless Communications Signals

SOURCE: 66 FR 2333, Jan. 11, 2001, unless otherwise noted.

§ 1.4000 Restrictions impairing reception of television broadcast signals, direct broadcast satellite services or multichannel multipoint distribution services.

(a)(1) Any restriction, including but not limited to any state or local law or regulation, including zoning, land-use, or building regulations, or any private covenant, contract provision, lease provision, homeowners' association rule or similar restriction, on property within the exclusive use or control of the antenna user where the user has a direct or indirect ownership or leasehold interest in the property that impairs the installation, maintenance, or use of:

(i) An antenna that is:

(A) Used to receive direct broadcast satellite service, including direct-to-home satellite service, or to receive or transmit fixed wireless signals via satellite, and

(B) One meter or less in diameter or is located in Alaska;

(ii) An antenna that is:

(A) Used to receive video programming services via multipoint distribution services, including multichannel multipoint distribution services, instructional television fixed services, and local multipoint distribution services, or to receive or transmit fixed wireless signals other than via satellite, and

(B) That is one meter or less in diameter or diagonal measurement;

(iii) An antenna that is used to receive television broadcast signals; or

(iv) A mast supporting an antenna described in paragraphs (a)(1)(i), (a)(1)(ii), or (a)(1)(iii) of this section; is prohibited to the extent it so impairs, subject to paragraph (b) of this section.

(2) For purposes of this section, ''fixed wireless signals'' means any commercial non-broadcast communications signals transmitted via wireless technology to and/or from a fixed customer location. Fixed wireless signals do not include, among other things, AM radio, FM radio, amateur (''HAM'') radio, Citizen's Band (CB) radio, and Digital Audio Radio Service (DARS) signals.

(3) For purposes of this section, a law, regulation, or restriction impairs installation, maintenance, or use of an antenna if it:

(i) Unreasonably delays or prevents installation, maintenance, or use;

(ii) Unreasonably increases the cost of installation, maintenance, or use; or

(iii) Precludes reception or transmission of an acceptable quality signal.

(4) Any fee or cost imposed on a user by a rule, law, regulation or restriction must be reasonable in light of the cost of the equipment or services and the rule, law, regulation or restriction's treatment of comparable devices. No civil, criminal, administrative, or other legal action of any kind shall be taken to enforce any restriction or regulation prohibited by this section except pursuant to paragraph (d) or (e) of this section. In addition, except with respect to restrictions pertaining to safety and historic preservation as described in paragraph (b) of this section, if a proceeding is initiated pursuant to paragraph (d) or (e) of this section, the entity seeking to enforce the antenna restrictions in question must suspend all enforcement efforts pending completion of review. No attorney's fees shall be collected or assessed and no fine or other penalties shall accrue against an antenna user while a proceeding is pending to determine the validity of any restriction. If a ruling is issued adverse to a user, the user shall be granted at least a 21-day grace period in which to comply with the adverse ruling; and neither a fine nor a penalty may be collected from the user if the user complies with the adverse ruling during this grace period, unless the proponent of the restriction demonstrates, in the same proceeding which resulted in the adverse ruling, that the user's claim in the proceeding was frivolous.

(b) Any restriction otherwise prohibited by paragraph (a) of this section is permitted if:

(1) It is necessary to accomplish a clearly defined, legitimate safety objective that is either stated in the text, preamble, or legislative history of the restriction or described as applying to that restriction in a document that is readily available to antenna users, and would be applied to the extent practicable in a non-discriminatory manner to other appurtenances, devices, or fixtures that are comparable in size and weight and pose a similar or greater safety risk as these antennas and to which local regulation would normally apply; or

(2) It is necessary to preserve a prehistoric or historic district, site, building, structure or object included in, or eligible for inclusion on, the National Register of Historic Places, as set forth in the National Historic Preservation Act of 1966, as amended, 16 U.S.C. 470, and imposes no greater restrictions on antennas covered by this rule than are imposed on the installation, maintenance, or use of other modern appurtenances, devices, or fixtures that are comparable in size, weight, and appearance to these antennas; and

(3) It is no more burdensome to affected antenna users than is necessary to achieve the objectives described in paragraphs (b)(1) or (b)(2) of this section.

(c) In the case of an antenna that is used to transmit fixed wireless signals, the provisions of this section shall apply only if a label is affixed to the antenna that:

(1) Provides adequate notice regarding potential radiofrequency safety hazards, e.g., information regarding the safe minimum separation distance required between users and transceiver antennas; and

(2) References the applicable FCC-adopted limits for radiofrequency exposure specified in §1.1310 of this chapter.

(d) Local governments or associations may apply to the Commission for a waiver of this section under §1.3 of this chapter. Waiver requests must comply with the procedures in paragraphs (f) and (h) of this section and will be put on public notice. The Commission may grant a waiver upon a showing by the applicant of local concerns of a highly specialized or unusual nature. No petition for waiver shall be considered unless it specifies the restriction at issue. Waivers granted in accordance with this section shall not apply to restrictions amended or enacted after the waiver is granted. Any responsive pleadings must be served on all parties and filed within 30 days after release of a public notice that such petition has been filed. Any replies must be filed within 15 days thereafter.

(e) Parties may petition the Commission for a declaratory ruling under §1.2 of this chapter, or a court of competent jurisdiction, to determine whether a particular restriction is permissible or prohibited under this section. Petitions to the Commission must comply with the procedures in paragraphs (f) and (h) of this section and will be put on public notice. Any responsive pleadings in a Commission proceeding must be served on all parties and filed within 30 days after release of a public notice that such petition has been filed. Any replies in a Commission proceeding must be served on all parties and filed within 15 days thereafter.

(f) Copies of petitions for declaratory rulings and waivers must be served on interested parties, including parties against whom the petitioner seeks to enforce the restriction or parties whose restrictions the petitioner seeks to prohibit. A certificate of service stating on whom the petition was served must be filed with the petition. In addition, in a Commission proceeding brought by an association or a local government, constructive notice of the proceeding must be given to members of the association or to the citizens under the local government's jurisdiction. In a court proceeding brought by an association, an association must give constructive notice of the proceeding to its members. Where constructive notice is required, the petitioner or plaintiff must file with the Commission or the court overseeing the proceeding a copy of the constructive notice with a statement explaining where the notice was placed and why such placement was reasonable.

(g) In any proceeding regarding the scope or interpretation of any provision of this section, the burden of demonstrating that a particular governmental or nongovernmental restriction complies with this section and does not impair the installation, maintenance, or use of devices used for over-the-air reception of video programming services or devices used to receive or transmit fixed wireless signals shall be on the party that seeks to impose or maintain the restriction.

(h) All allegations of fact contained in petitions and related pleadings before the Commission must be supported by affidavit of a person or persons with actual knowledge thereof. An original and two copies of all petitions and pleadings should be addressed to the Secretary, Federal Communications Commission, 445 12th Street, SW, Washington, DC 20554. Copies of the petitions and related pleadings will be available for public inspection in the Reference Information Center, Consumer and Governmental Affairs Bureau, Federal Communications Commission, 445 12th Street, SW, Washington, DC 20554. Copies will be available for purchase from the Commission's contract copy center, and the Commission decisions will be available on the Internet.

§ 1.7000 Purpose.

The purpose of this subpart is to set out the terms by which certain commercial and government-controlled entities report data to the Commission concerning the deployment of advanced telecommunications capability, defined pursuant to 47 U.S.C. 157 as ''high-speed, switched, broadband telecommunications capability that enables users to originate and receive high-quality voice, data, graphics, and video telecommunications using any technology,'' and the deployment of services that are competitive with advanced telecommunications capability.

§ 1.7001 Scope and content of filed reports.

(a) *Definitions.* Terms used in this subpart have the following meanings:

(1) *Facilities-based providers.* Those entities that provide broadband services over their own facilities or over Unbundled Network Elements (UNEs), special access lines, and other leased lines and wireless channels that the entity obtains from a communications service provider and equips as broadband.

(2) *One-way broadband lines or wireless channels.* Lines or wireless channels with information carrying capability in excess of 200 kilobits per second in at least one direction, but not both.

(3) *Own facilities.* Lines and wireless channels the entity actually owns and facilities that it obtained the right to use from other entities as dark fiber or satellite transponder capacity.

(b) All commercial and government-controlled entities, including but not limited to common carriers and their affiliates (as defined in 47 U.S.C. 153 (1)), cable television companies, terrestrial fixed wireless providers, terrestrial mobile wireless providers, satellite providers, utilities, and others, that are facilities-based providers shall file with the Commission a completed FCC Form 477, in accordance with the Commission's rules and the instructions to the FCC Form 477.

(c) Respondents identified in paragraph (b) of this section shall include in each report a certification signed by an appropriate official of the respondent (as specified in the instructions to FCC Form 477) and shall report the title of their certifying official.

(d) Disclosure of data contained in FCC Form 477 will be addressed as follows:

(1) Emergency operations contact information contained in FCC Form 477 are information that should not be routinely available for public inspection pursuant to § 0.457 of this chapter.

(2) Respondents may make requests for Commission non-disclosure of the following data contained in FCC Form 477 under § 0.459 of this chapter by so indicating on Form 477 at the time that the subject data are submitted:

(i) Provider-specific subscription data and

(ii) Provider-specific mobile deployment data that includes specific spectrum and speed parameters that may be used by providers for internal network planning purposes.

(3) Respondents seeking confidential treatment of any other data contained in FCC Form 477 must submit a request that the data be treated as confidential with the submission of their Form 477 filing, along with their reasons for withholding the information from the public, pursuant to § 0.459 of this chapter.

(4) The Commission shall make all decisions regarding non-disclosure of provider-specific information, except that the Chief of the Wireline Competition Bureau may release provider-specific information to:

(i) A state commission provided that the state commission has protections in place that would preclude disclosure of any confidential information,

(ii) ''Eligible entities,'' as those entities are defined in the Broadband Data Improvement Act, in an aggregated format and pursuant to confidentiality conditions prescribed by the Commission, and

(iii) Others, to the extent that access to such data can be accomplished in a manner that addresses concerns about the competitive sensitivity of the data and precludes public disclosure of any confidential information.

(e) Respondents identified in paragraph (b) of this section shall file a revised version of FCC Form 477 if and when they discover a significant error in their filed FCC Form 477. For

counts, a difference amounting to 5 percent of the filed number is considered significant. For percentages, a difference of 5 percentage points is considered significant.

(f) Failure to file the FCC Form 477 in accordance with the Commission's rules and the instructions to the Form 477 may lead to enforcement action pursuant to the Act and any other applicable law.

(b) The FRN is obtained through the Commission Registration System (CORES) over the Internet at the CORES link at *www.fcc.gov* or by filing FCC Form 160.

§ 1.8002 Obtaining an FRN.

(a) The FRN must be obtained by anyone doing business with the Commission, see 31 U.S.C. 7701(c)(2), including but not limited to:

(1) Anyone required to pay statutory charges under subpart G of this part;

Subpart X—Spectrum Leasing

SOURCE: 68 FR 66277, Nov. 25, 2003, unless otherwise noted.

SCOPE AND AUTHORITY

§ 1.9001 Purpose and scope.

(a) The purpose of part 1, subpart X is to implement policies and rules pertaining to spectrum leasing arrangements between licensees in the services identified in this subpart and spectrum lessees. This subpart also implements policies for private commons arrangements. These policies and rules also implicate other Commission rule parts, including parts 1, 2, 20, 22, 24, 25, 27, 80, 90, 95, and 101 of title 47, chapter I of the Code of Federal Regulations.

(b) Licensees holding exclusive use rights are permitted to engage in spectrum leasing whether their operations are characterized as commercial, common carrier, private, or non-common carrier.

[68 FR 66277, Nov. 25, 2003, as amended at 69 FR 77550, Dec. 27, 2004; 76 FR 31259, May 31, 2011; 76 FR 70910, Nov. 16, 2011]

§ 1.9003 Definitions.

De facto transfer leasing arrangement. A spectrum leasing arrangement in which a licensee retains *de jure* control of its license while transferring *de facto* control of the leased spectrum to a spectrum lessee, pursuant to the spectrum leasing rules set forth in this subpart.

FCC Form 608. FCC Form 608 is the form to be used by licensees and spectrum lessees that enter into spectrum leasing arrangements pursuant to the rules set forth in this subpart. Parties are required to submit this form electronically when entering into spectrum leasing arrangements under this subpart, except that licensees falling within the provisions of §1.913(d), may file

the form either electronically or manually.

Long-term de facto transfer leasing arrangement. A long-term *de facto* transfer leasing arrangement is a *de facto* transfer leasing arrangement that has an individual term, or series of combined terms, of more than one year.

Private commons. A ''private commons'' arrangement is an arrangement, distinct from a spectrum leasing arrangement but permitted in the same services for which spectrum leasing arrangements are allowed, in which a licensee or spectrum lessee makes certain spectrum usage rights under a particular license authorization available to a class of third-party users employing advanced communications technologies that involve peer-to-peer (device-to-device) communications and that do not involve use of the licensee's or spectrum lessee's end-to-end physical network infrastructure (e.g., base stations, mobile stations, or other related elements).

Short-term de facto transfer leasing arrangement. A short-term *de facto* transfer leasing arrangement is a *de facto* transfer leasing arrangement that has an individual or combined term of not longer than one year.

Spectrum leasing application. The application submitted to the Commission by a licensee and a spectrum lessee seeking approval of a *de facto* transfer leasing arrangement.

Spectrum leasing arrangement. An arrangement between a licensed entity and a third-party entity in which the licensee leases certain of its spectrum usage rights in the licensed spectrum to the third-party entity, the spectrum lessee, pursuant to the rules set forth in this subpart. The arrangement may involve the leasing of any amount of licensed spectrum, in any geographic area or site encompassed by the license, for any period of time during the term of the license authorization. Two different types of spectrum leasing arrangements, spectrum manager leasing arrangements and *de facto* transfer leasing arrangements, are permitted under this subpart.

Spectrum leasing notification. The required notification submitted by a licensee to the Commission regarding a spectrum manager leasing arrangement.

Spectrum lessee. Any third-party entity that leases, pursuant to the spectrum leasing rules set forth in this subpart, certain spectrum usage rights held by a licensee. This term includes reference to third-party entities that lease spectrum usage rights as spectrum sublessees under spectrum subleasing arrangements.

Spectrum manager leasing arrangement. A spectrum leasing arrangement in which a licensee retains both *de jure* control of its license and *de facto* control of the leased spectrum that it leases to a spectrum lessee, pursuant to the spectrum leasing rules set forth in this subpart.

GENERAL POLICIES AND PROCEDURES

§ 1.9010 *De facto* control standard for spectrum leasing arrangements.

(a) Under the rules established for spectrum leasing arrangements in this subpart, the following standard is applied for purposes of determining whether a licensee retains *de facto* control under section 310(d) of the Communications Act with regard to spectrum that it leases to a spectrum lessee.

(b) A licensee will be deemed to have retained *de facto* control of leased spectrum if it enters into a spectrum leasing arrangement and acts as a spectrum manager with regard to portions of the licensed spectrum that it leases to a spectrum lessee, provided the licensee satisfies the following two conditions:

(1) *Licensee responsibility for lessee compliance with Commission policies and rules.* The licensee must remain fully responsible for ensuring the spectrum lessee's compliance with the Communications Act and all applicable policies and rules directly related to the use of the leased spectrum.

(i) Through contractual provisions and actual oversight and enforcement of such provisions, the licensee must act in a manner sufficient to ensure that the spectrum lessee operates in conformance with applicable technical and use rules governing the license authorization.

(ii) The licensee must maintain a reasonable degree of actual working knowledge about the spectrum lessee's activities and facilities that affect its ongoing compliance with the Commission's policies and rules. These responsibilities include: Coordinating operations and modifications of the spectrum lessee's system to ensure compliance with Commission rules regarding non-interference with co-channel and adjacent channel licensees (and any authorized spectrum user); making all determinations as to whether an application is required for any individual spectrum lessee stations (e.g., those that require frequency coordination, submission of an Environmental Assessment under §1.1307 of subpart I of this part, those that require international or Interdepartment Radio Advisory Committee (IRAC) coordination, those that affect radio frequency quiet zones described in §1.924 of subpart F of this part, or those that require notification to the Federal Aviation Administration under part 17 of this chapter); and, ensuring that the spectrum lessee complies with the Commission's safety guidelines relating to human exposure to radiofrequency (RF) radiation (e.g., §1.1307(b) and related rules of subpart I of this part). The licensee is responsible for resolving all interference-related matters, including conflicts between its spectrum lessee and any other spectrum lessee or licensee (or authorized spectrum user). The licensee may use agents (e.g., counsel, engineering consultants) when carrying out these responsibilities, so long as the licensee exercises effective control over its agents' actions.

(iii) The licensee must be able to inspect the spectrum lessee's operations and must retain the right to terminate the spectrum leasing arrangement in the event the spectrum lessee fails to comply with the terms of the arrangement and/or applicable Commission requirements. If the licensee or the Commission determines that there is any violation of the Commission's rules or that the spectrum lessee's system is causing harmful interference, the licensee must immediately take steps to remedy the violation, resolve the interference, suspend or terminate the operation of the system, or take other measures to prevent further harmful interference until the situation can be remedied. If the spectrum lessee refuses to resolve the interference, remedy the violation, or suspend or terminate operations, either at the direction of the licensee or by order of the Commission, the licensee must use all reasonable legal means necessary to enforce compliance.

(2) *Licensee responsibility for interactions with the Commission, including all filings, required under the license authorization and applicable service rules directly related to the leased spectrum.* The licensee remains responsible for the following interactions with the Commission:

(i) The licensee must file the necessary notification with the Commission, as required under §1.9020(e).

(ii) The licensee is responsible for making all required filings (e.g., applications, notifications, correspondence) associated with the license authorization that are directly affected by the spectrum lessee's use of the licensed spectrum. The licensee may use agents (e.g., counsel, engineering consultants) to complete these filings, so long as the licensee exercises effective control over its agents' actions and complies with any signature requirements for such filings.

[68 FR 66277, Nov. 25, 2003, as amended at 69 FR 77551, Dec. 27, 2004]

§1.9020 Spectrum manager leasing arrangements.

(a) *Overview.* Under the provisions of this section, a licensee (in any of the included services) and a spectrum lessee may enter into a spectrum manager leasing arrangement, without the need for prior Commission approval, provided that the licensee retains *de jure* control of the license and *de facto* control, as defined and explained in this subpart, of the leased spectrum. The licensee must notify the Commission of

the spectrum leasing arrangement pursuant to the rules set forth in this section. The term of a spectrum manager leasing arrangement may be no longer than the term of the license authorization.

(b) *Rights and responsibilities of the licensee.* (1) The licensee is directly and primarily responsible for ensuring the spectrum lessee's compliance with the Communications Act and applicable Commission policies and rules.

(2) The licensee retains responsibility for maintaining its compliance with applicable eligibility and ownership requirements imposed on it pursuant to the license authorization.

(3) The licensee must retain a copy of the spectrum leasing agreement and make it available upon request by the Commission.

(c) *Rights and responsibilities of the spectrum lessee.* (1) The spectrum lessee must comply with the Communications Act and with Commission requirements associated with the license.

(2) The spectrum lessee is responsible for establishing that it meets the eligibility and qualification requirements applicable to spectrum lessees under the rules set forth in this section.

(3) The spectrum lessee must comply with any obligations that apply directly to it as a result of its own status as a service provider (e.g., Title II obligations if the spectrum lessee acts as a telecommunications carrier or acts as a common carrier).

(4) In addition to the licensee being directly accountable to the Commission for ensuring the spectrum lessee's compliance with the Commission's operational rules and policies (as discussed in this subpart), the spectrum lessee is independently accountable to the Commission for complying with the Communications Act and Commission policies and rules, including those that apply directly to the spectrum lessee as a result of its own status as a service provider.

(5) In leasing spectrum from a licensee, the spectrum lessee must accept Commission oversight and enforcement consistent with the license authorization. The spectrum lessee must cooperate fully with any investigation or inquiry conducted by either the Commission or the licensee, allow the Commission or the licensee to conduct on-site inspections of transmission facilities, and suspend operations at the direction of the Commission or the licensee and to the extent that such suspension would be consistent with the Commission's suspension policies.

(6) The spectrum lessee must retain a copy of the spectrum leasing agreement and make it available upon request by the Commission.

(d) *Applicability of particular service rules and policies.* Under a spectrum manager leasing arrangement, the service rules and policies apply in the following manner to the licensee and spectrum lessee:

(1) *Interference-related rules.* The interference and radiofrequency (RF) safety rules applicable to use of the spectrum by the licensee as a condition of its license authorization also apply to the use of the spectrum leased by the spectrum lessee.

(2) *General eligibility rules.* (i) The spectrum lessee must meet the same eligibility and qualification requirements that are applicable to the licensee under its license authorization, with the following exceptions. A spectrum lessee entering into a spectrum leasing arrangement involving a licensee in the Educational Broadband Service (*see* §27.1201 of this chapter) is not required to comply with the eligibility requirements pertaining to such a licensee so long as the spectrum lessee meets the other eligibility and qualification requirements applicable to 47 CFR part 27 services (*see* §27.12 of this chapter). A spectrum lessee entering into a spectrum leasing arrangement involving a licensee in the Public Safety Radio Services (*see* part 90, subpart B and §90.311(a)(1)(i) of this chapter) is not required to comply with the eligibility requirements pertaining to such a licensee so long as the spectrum lessee is an entity providing communications in support of public safety operations (*see* §90.523(b) of this chapter). A spectrum lessee entering into a spectrum leasing arrangement involving a licensee in the Mobile Satellite Service with ATC authority (see part 25) is not required to comply with the eligibility requirements pertaining to such a licensee so long as the spectrum

lessee meets the other eligibility and qualification requirements of paragraphs (d)(2)(ii) and (d)(2)(iv) of this section.

(ii) The spectrum lessee must meet applicable foreign ownership eligibility requirements (*see* sections 310(a), 310(b) of the Communications Act).

(iii) The spectrum lessee must satisfy any qualification requirements, including character qualifications, applicable to the licensee under its license authorization.

(iv) The spectrum lessee must not be a person subject to the denial of Federal benefits under the Anti-Drug Abuse Act of 1988 (*see* §1.2001 *et seq.* of subpart P of this part).

(v) The licensee may reasonably rely on the spectrum lessee's certifications that it meets the requisite eligibility and qualification requirements contained in the notification required by this section.

(3) *Use restrictions.* To the extent that the licensee is restricted from using the licensed spectrum to offer particular services under its license authorization, the use restrictions apply to the spectrum lessee as well.

(4) *Designated entity/entrepreneur rules.* A licensee that holds a license pursuant to small business and/or entrepreneur provisions (*see* §1.2110 and §24.709 of this chapter) and continues to be subject to unjust enrichment requirements (*see* §1.2111 and §24.714 of this chapter) and/or transfer restrictions (*see* §24.839 of this chapter) may enter into a spectrum manager leasing arrangement with a spectrum lessee, regardless of whether the spectrum lessee meets the Commission's designated entity eligibility requirements (*see* §1.2110) or its entrepreneur eligibility requirements to hold certain C and F block licenses in the broadband personal communications services (*see* §1.2110 and §24.709 of this chapter), so long as the spectrum manager leasing arrangement does not result in the spectrum lessee's becoming a ''controlling interest'' or ''affiliate'' (*see §1.2110) of the licensee such that the licensee would* lose its eligibility as a designated entity or entrepreneur. To the extent there is any conflict between the revised *de facto* control standard for spectrum leasing arrangements, as set forth in this subpart, and the definition of controlling interest (including its *de facto* control standard) set forth in §1.2110, the latter definition governs for determining whether the licensee has maintained the requisite degree of ownership and control to allow it to remain eligible for the license or for other benefits such as bidding credits and installment payments.

(5) *Construction/performance requirements.* Any performance or build-out requirement applicable under a license authorization (e.g., a requirement that the licensee construct and operate one or more specific facilities, cover a certain percentage of geographic area, cover a certain percentage of population, or provide substantial service) always remains a condition of the license, and legal responsibility for meeting such obligation is not delegable to the spectrum lessee(s).

(i) The licensee may attribute to itself the build-out or performance activities of its spectrum lessee(s) for purposes of complying with any applicable performance or build-out requirement.

(ii) If a licensee relies on the activities of a spectrum lessee to meet the licensee's performance or build-out obligation, and the spectrum lessee fails to engage in those activities, the Commission will enforce the applicable performance or build-out requirements against the licensee, consistent with the applicable rules.

(iii) If there are rules applicable to the license concerning the discontinuance of operation, the licensee is accountable for any such discontinuance and the rules will be enforced against the licensee regardless of whether the licensee was relying on the activities of a lessee to meet particular performance requirements.

(6) *Regulatory classification.* If the regulatory status of the licensee (e.g., common carrier or non-common carrier status) is prescribed by rule, the regulatory status of the spectrum lessee is prescribed in the same manner, except that §20.9(a) of this chapter shall not preclude a licensee in the services covered by that rule from entering into a spectrum leasing arrangement with a spectrum lessee that chooses to operate on a Private Mobile

Radio Service (PMRS), private, or noncommercial basis.

(7) *Regulatory fees.* The licensee remains responsible for payment of the required regulatory fees that must be paid in advance of its license term (*see* §1.1152). Where, however, regulatory fees are paid annually on a per-unit basis (such as for Commercial Mobile Radio Services (CMRS) pursuant to §1.1152), the licensee and spectrum lessee are each required to pay fees for those units associated with its respective operations.

(8) *E911 requirements.* If E911 obligations apply to the licensee (*see* §20.18 of this chapter), the licensee retains the obligations with respect to leased spectrum.

(e) *Notifications regarding spectrum manager leasing arrangements.* A licensee that seeks to enter into a spectrum manager leasing arrangement must notify the Commission of the arrangement in advance of the spectrum lessee's commencement of operations. The spectrum manager lease notification will be processed pursuant either to the general notification procedures or the immediate processing procedures, as set forth herein. The licensee must submit the notification to the Commission by electronic filing using the Universal Licensing System (ULS) and FCC Form 608, except that a licensee falling within the provisions of §1.913(d) may file the notification either electronically or manually.

(1) *General notification procedures.* Notifications of spectrum manager leasing arrangements will be processed pursuant the general notification procedures set forth in this paragraph unless they are submitted and qualify for the immediate processing procedures set forth in paragraph (e)(2) of this section.

(i) To be accepted under these general notification procedures, the notification must be sufficiently complete and contain all information and certifications requested on the applicable form, FCC Form 608, including any information and certifications (including those of the spectrum lessee relating to eligibility, basic qualifications, and foreign ownership) required by the rules in this chapter and any rules pertaining to the specific service for which the notification is filed. No application fees are required for the filing of a spectrum manager leasing notification.

(ii) The licensee must submit such notification at least 21 days in advance of commencing operations unless the arrangement is for a term of one year or less, in which case the licensee must provide notification to the Commission at least ten (10) days in advance of operation. If the licensee and spectrum lessee thereafter seek to extend this leasing arrangement for an additional term beyond the initial term, the licensee must provide the Commission with notification of the new spectrum leasing arrangement at least 21 days in advance of operation under the extended term.

(iii) A notification filed pursuant to these general notification procedures will be placed on an informational public notice on a weekly basis (*see* §1.933(a)) once accepted, and is subject to reconsideration (*see* §§1.106(f), 1.108, 1.113).

(2) *Immediate processing procedures.* Notifications that meet the requirements of paragraph (e)(2)(i) of this section qualify for the immediate processing procedures.

(i) To qualify for these immediate processing procedures, the notification must be sufficiently complete and contain all necessary information and certifications (including those relating to eligibility, basic qualifications, and foreign ownership) required for notifications processed under the general notification procedures set forth in paragraph (e)(1)(i) of this section, and also must establish, through certifications, that the following additional qualifications are met:

(A) The license does not involve spectrum that may be used to provide interconnected mobile voice and/or data services under the applicable service rules and that would, if the spectrum leasing arrangement were consummated, create a geographic overlap with spectrum in any licensed Wireless Radio Service (including the same service), or in the ATC of a Mobile Satellite Service, in which the proposed spectrum lessee already holds a direct or indirect interest of 10% or more (*see*

§1.2112), either as a licensee or a spectrum lessee, and that could be used by the spectrum lessee to provide interconnected mobile voice and/or data services;

(B) The licensee is not a designated entity or entrepreneur subject to unjust enrichment requirements and/or transfer restrictions under applicable Commission rules (*see* §§1.2110 and 1.2111, and §§24.709, 24.714, and 24.839 of this chapter); and,

(C) The spectrum leasing arrangement does not require a waiver of, or declaratory ruling pertaining to, any applicable Commission rules.

(ii) Provided that the notification establishes that the proposed spectrum manager leasing arrangement meets all of the requisite elements to qualify for these immediate processing procedures, ULS will reflect that the notification has been accepted. If a qualifying notification is filed electronically, the acceptance will be reflected in ULS on the next business day after filing of the notification; if filed manually, the acceptance will be reflected in ULS on the next business day after the necessary data from the manually filed notification is entered into ULS. Once the notification has been accepted, as reflected in ULS, the spectrum lessee may commence operations under the spectrum leasing arrangement, consistent with the term of the arrangement.

(iii) A notification filed pursuant to these immediate processing procedures will be placed on an informational public notice on a weekly basis (*see* §1.933(a)) once accepted, and is subject to reconsideration (*see* §§1.106(f), 1.108, 1.113).

(f) *Effective date of a spectrum manager leasing arrangement.* The spectrum manager leasing arrangement will be deemed effective in the Commission's records, and for purposes of the application of the rules set forth in this section, as of the beginning date of the term as specified in the spectrum leasing notification.

(g) *Commission termination of a spectrum manager leasing arrangement.* The Commission retains the right to investigate and terminate any spectrum manager leasing arrangement if it determines, post-notification, that the arrangement constitutes an unauthorized transfer of *de facto* control of the leased spectrum, is otherwise in violation of the rules in this chapter, or raises foreign ownership, competitive, or other public interest concerns. Information concerning any such termination will be placed on public notice.

(h) *Expiration, extension, or termination of a spectrum leasing arrangement.* (1) Absent Commission termination or except as provided in paragraph (h)(2) or (h)(3) of this section, a spectrum leasing arrangement entered into pursuant to this section will expire on the termination date set forth in the spectrum leasing notification.

(2) A spectrum leasing arrangement may be extended beyond the initial term set forth in the spectrum leasing notification provided that the licensee notifies the Commission of the extension in advance of operation under the extended term and does so pursuant to the general notification procedures or immediate processing procedures set forth in this section, whichever is applicable. If the general notification procedures are applicable, the licensee must notify the Commission at least 21 days in advance of operation under the extended term.

(3) If a spectrum leasing arrangement is terminated earlier than the termination date set forth in the notification, either by the licensee or by the parties' mutual agreement, the licensee must file a notification with the Commission, no later than ten (10) days after the early termination, indicating the date of the termination. If the parties fail to put the spectrum leasing arrangement into effect, they must so notify the Commission consistent with the provisions of this section.

(4) The Commission will place information concerning an extension or an early termination of a spectrum leasing arrangement on public notice.

(i) *Assignment of a spectrum leasing arrangement.* The spectrum lessee may assign its spectrum leasing arrangement to another entity provided that the licensee has agreed to such an assignment, is in privity with the assignee, and notifies the Commission before the consummation of the assignment, pursuant to the applicable notification procedures set forth in this section. In

the case of a non-substantial (*pro forma*) assignment that falls within the class of *pro forma* transactions for which prior Commission approval would not be required under §1.948(c)(1), the licensee must file notification of the assignment with the Commission, using FCC Form 608 and providing any necessary updates of ownership information, within 30 days of its completion. The Commission will place information related to the assignment, whether substantial or *pro forma,* on public notice.

(j) *Transfer of control of a spectrum lessee.* The licensee must notify the Commission of any transfer of control of a spectrum lessee before the consummation of the transfer of control, pursuant to the applicable notification procedures of this section. In the case of a non-substantial (*pro forma*) transfer of control that falls within the class of *pro forma* transactions for which prior Commission approval would not be required under §1.948(c)(1), the licensee must file notification of the transfer of control with the Commission, using FCC Form 608 and providing any necessary updates of ownership information, within 30 days of its completion. The Commission will place information related to the transfer of control, whether substantial or *pro forma*, on public notice.

(k) *Revocation or automatic cancellation of a license or a spectrum lessee's operating authority.* (1) In the event an authorization held by a licensee that has entered into a spectrum leasing arrangement is revoked or cancelled, the spectrum lessee will be required to terminate its operations no later than the date on which the licensee ceases to have any authority to operate under the license, except as provided in paragraph (j)(2) of this section.

(2) In the event of a license revocation or cancellation, the Commission will consider a request by the spectrum lessee for special temporary authority (*see* §1.931) to provide the spectrum lessee with an opportunity to transition its users in order to minimize service disruption to business and other activities.

(3) In the event of a license revocation or cancellation, and the required termination of the spectrum lessee's operations, the former spectrum lessee does not, as a result of its former status, receive any preference over any other party should the spectrum lessee seek to obtain the revoked or cancelled license.

(l) *Subleasing.* A spectrum lessee may sublease the leased spectrum usage rights subject to the licensee's consent and the licensee's establishment of privity with the spectrum sublessee. The licensee must submit a notification regarding the spectrum subleasing arrangement in accordance with the applicable notification procedures set forth in this section.

(m) *Renewal.* Although the term of a spectrum manager leasing arrangement may not be longer than the term of a license authorization, a licensee and spectrum lessee that have entered into an arrangement whose term continues to the end of the current term of the license authorization may, contingent on the Commission's grant of the license renewal, renew the spectrum leasing arrangement to extend into the term of the renewed license authorization. The Commission must be notified of the renewal of the spectrum leasing arrangement at the same time that the licensee submits its application for license renewal (*see* §1.949). The spectrum lessee may operate under the extended term, without further action by the Commission, until such time as the Commission shall make a final determination with respect to the renewal of the license authorization and the extension of the spectrum leasing arrangement into the term of the renewed license authorization.

(4) *Designated entity/entrepreneur rules.* A licensee that holds a license pursuant to small business, rural service provider, and/or entrepreneur provisions (*see* §1.2110 and §24.709 of this chapter) and continues to be subject to unjust enrichment requirements (*see* §1.2111 and §24.714 of this chapter) and/or transfer restrictions (*see* §24.839 of this chapter) may enter into a spectrum manager leasing arrangement with a spectrum lessee, regardless of whether the spectrum lessee meets the Commission's designated entity eligibility requirements (*see* §1.2110 of this chapter) or its entrepreneur eligibility requirements to hold certain C and F block licenses in the broadband personal communications services (*see* §1.2110 and §24.709 of this chapter), so long as the spectrum manager leasing arrangement does not result in the spectrum lessee's becoming a ''controlling interest'' or ''affiliate'' (*see* §1.2110 of this chapter) of the licensee such that the licensee would lose its eligibility as a designated entity or entrepreneur.

* * * * *

(e) *Notifications regarding spectrum manager leasing arrangements.* A licensee that seeks to enter into a spectrum manager leasing arrangement must notify the Commission of the arrangement in advance of the spectrum lessee's commencement of operations under the lease. Unless the license covering the spectrum to be leased is held pursuant to the Commission's designated entity rules and continues to be subject to unjust enrichment requirements and/or transfer restrictions (*see* §§1.2110 and 1.2111, and §§24.709, 24.714, and 24.839 of this chapter), the spectrum manager lease notification will be processed pursuant to either the general notification procedures or the immediate processing procedures, as set forth herein. The licensee must submit the notification to the Commission by electronic filing using the Universal Licensing System (ULS) and FCC Form 608, except that a licensee falling within the provisions of §1.913(d) of this chapter may file the notification either electronically or manually. If the license covering the spectrum to be leased is held pursuant to the Commission's designated entity rules, the spectrum manager lease will require Commission acceptance of the spectrum manager lease notification prior to the commencement of operations under the lease.

§1.9030 Long-term *de facto* transfer leasing arrangements.

(a) *Overview.* Under the provisions of this section, a licensee (in any of the included services) and a spectrum lessee may enter into a long-term *de facto* transfer leasing arrangement in which the licensee retains *de jure* control of the license while *de facto* control of the leased spectrum is transferred to the spectrum lessee for the duration of the spectrum leasing arrangement, subject to prior Commission consent pursuant to the application procedures set forth in this section. A ''long-term'' *de facto* transfer leasing arrangement has an individual term, or series of combined terms, of more than one year. The term of a long-term *de facto* transfer leasing arrangement may be no longer than the term of the license authorization.

(b) *Rights and responsibilities of the licensee.* (1) Except as provided in paragraph (b)(2) of this section, the licensee is relieved of primary and direct responsibility for ensuring that the spectrum lessee's operations comply with the Communications Act and Commission policies and rules.

(2) The licensee is responsible for its own violations, including those related to its spectrum leasing arrangement with the spectrum lessee, and for ongoing violations or other egregious behavior on the part of the spectrum lessee about which the licensee has knowledge or should have knowledge.

(3) The licensee must retain a copy of the spectrum leasing agreement and make it available upon request by the Commission.

(c) *Rights and responsibilities of the spectrum lessee.* (1) The spectrum lessee assumes primary responsibility for complying with the Communications Act and applicable Commission policies and rules.

(2) The spectrum lessee is granted an instrument of authorization pertaining to the *de facto* transfer leasing arrangement that brings it within the scope of the Commission's direct forfeiture provisions under section 503(b) of the Communications Act.

(3) The spectrum lessee is responsible for interacting with the Commission regarding the leased spectrum and for making all related filings (e.g., all applications and notifications, submissions of any materials required to support a required Environmental Assessment, any reports required by Commission rules and applicable to the lessee, information necessary to facilitate

international or Interdepartment Radio Advisory Committee (IRAC) coordination).

(4) The spectrum lessee is required to maintain accurate information on file pursuant to Commission rules (*see* §1.65 of subpart A of this part).

(5) The spectrum lessee must retain a copy of the spectrum leasing agreement and make it available upon request by the Commission.

(d) *Applicability of particular service rules and policies.* Under a long-term *de facto* transfer leasing arrangement, the service rules and policies apply in the following manner to the licensee and spectrum lessee:

(1) *Interference-related rules.* The interference and radiofrequency (RF) safety rules applicable to use of the spectrum by the licensee as a condition of its license authorization also apply to the use of the spectrum leased by the spectrum lessee.

(2) *General eligibility rules.* (i) The spectrum lessee must meet the same eligibility and qualification requirements that are applicable to the licensee under its license authorization. A spectrum lessee entering into a spectrum leasing arrangement involving a licensee in the Educational Broadband Service (*see* §27.1201 of this chapter) is not required to comply with the eligibility requirements pertaining to such a licensee so long as the spectrum lessee meets the other eligibility and qualification requirements applicable to part 27 services (*see* §27.12 of this chapter). A spectrum lessee entering into a spectrum leasing arrangement involving a licensee in the Public Safety Radio Services (*see* part 90, subpart B and §90.311(a)(1)(i) of this chapter) is not required to comply with the eligibility requirements pertaining to such a licensee so long as the spectrum lessee is an entity providing communications in support of public safety operations (*see* §90.523(b) of this chapter).

(ii) The spectrum lessee must meet applicable foreign ownership eligibility requirements (see sections 310(a), 310(b) of the Communications Act).

(iii) The spectrum lessee must satisfy any qualification requirements, including character qualifications, applicable to the licensee under its license authorization.

(iv) The spectrum lessee must not be a person subject to denial of Federal benefits under the Anti-Drug Abuse Act of 1988 (*see* §1.2001 *et seq.* of subpart P of this part).

(3) *Use restrictions.* To the extent that the licensee is restricted from using the licensed spectrum to offer particular services under its license authorization, the use restrictions apply to the spectrum lessee as well.

(4) *Designated entity/entrepreneur rules.* (i) A licensee that holds a license pursuant to small business and/or entrepreneur provisions (*see* §1.2110 and §24.709 of this chapter) and continues to be subject to unjust enrichment requirements (*see* §1.2111 and §24.714 of this chapter) and/or transfer restrictions (*see* §24.839 of this chapter) may enter into a long-term *de facto* transfer leasing arrangement with any entity under the streamlined processing procedures described in this section, subject to any applicable unjust enrichment payment obligations and/or transfer restrictions (*see* §1.2111 and §24.839 of this chapter).

(ii) A licensee holding a license won in closed bidding (*see* §24.709 of this chapter) may, during the first five years of the license term, enter into a spectrum leasing arrangement with an entity not eligible to hold such a license pursuant to the requirements of §24.709(a) of this chapter so long as it has met its five-year construction requirement (*see* §§24.203, 24.839(a)(6) of this chapter).

(iii) The amount of any unjust enrichment payment will be determined by the Commission as part of its review of the application under the same rules that apply in the context of a license assignment or transfer of control (*see* §1.2111 and §24.714 of this chapter). If the spectrum leasing arrangement involves only part of the license area and/or part of the bandwidth covered by the license, the unjust enrichment obligation will be apportioned as though the license were being partitioned and/or disaggregated (*see* §1.2111(e) and §24.714(c) of this chapter). A licensee will receive no reduction in its unjust enrichment payment obligation for a spectrum leasing arrangement that ends prior to the end of the fifth year of the license term.

(iv) A licensee that participates in the Commission's installment payment program (*see* §1.2110(g) may enter into a long-term *de facto* transfer leasing arrangement without triggering unjust enrichment obligations provided that the lessee would qualify for as favorable a category of installment payments. A licensee using installment payment financing that seeks to lease to an entity not meeting the eligibility standards for as favorable a category of installment payments must make full payment of the remaining unpaid principal and any unpaid interest accrued through the effective date of the spectrum leasing arrangement (*see* §1.2111(c)). This requirement applies regardless of whether the licensee is leasing all or a portion of its bandwidth and/or license area.

(5) *Construction/performance requirements.* Any performance or build-out requirement applicable under a license authorization (e.g., a requirement that the licensee construct and operate one or more specific facilities, cover a certain percentage of geographic area, cover a certain percentage of population, or provide substantial service) always remains a condition of the license, and the legal responsibility for meeting such obligation is not delegable to the spectrum lessee(s).

(i) The licensee may attribute to itself the build-out or performance activities of its spectrum lessee(s) for purposes of complying with any applicable build-out or performance requirement.

(ii) If a licensee relies on the activities of a spectrum lessee to meet the licensee's performance or build-out obligation, and the spectrum lessee fails to engage in those activities, the Commission will enforce the applicable performance or build-out requirements against the licensee, consistent with the applicable rules.

(iii) If there are rules applicable to the license concerning the discontinuance of operation, the licensee is accountable for any such discontinuance and the rules will be enforced against the licensee regardless of whether the licensee was relying on the activities of a lessee to meet particular performance requirements.

(6) *Regulatory classification.* If the regulatory status of the licensee (e.g., common carrier or non-common carrier status) is prescribed by rule, the regulatory status of the spectrum lessee is prescribed in the same manner, except that §20.9(a) of this chapter shall not preclude a licensee in the services covered by that rule from entering into a spectrum leasing arrangement with a spectrum lessee that chooses to operate on a PMRS, private, or non-commercial basis.

(7) *Regulatory fees.* The licensee remains responsible for payment of the required regulatory fees that must be paid in advance of its license term (*see* §1.1152). Where, however, regulatory fees are paid annually on a per-unit basis (such as for CMRS services pursuant to §1.1152), the licensee and spectrum lessee each are required to pay fees for those units associated with its respective operations.

(8) *E911 requirements.* To the extent the licensee is required to meet E911 obligations (*see* §20.18 of this chapter), the spectrum lessee is required to meet those obligations with respect to the spectrum leased under the spectrum leasing arrangement insofar as the spectrum lessee's operations are encompassed within the E911 obligations.

(e) *Applications for long-term de facto transfer leasing arrangements.* Applications for long-term *de facto* transfer leasing arrangements will be processed either pursuant to the general approval procedures or the immediate approval procedures, as discussed herein. Spectrum leasing parties must submit the application by electronic filing using ULS and FCC Form 608, and obtain Commission consent prior to consummating the transfer of *de facto* control of the leased spectrum, except that parties falling within the provisions of §1.913(d) may file the application either electronically or manually.

(1) *General approval procedures.* Applications for long-term *de facto* transfer leasing arrangements will be processed pursuant to the general approval procedures set forth in this paragraph unless they are submitted and qualify for the immediate approval procedures set forth in paragraph (e)(2) of this section.

(i) To be accepted for filing under these general approval procedures, the

application must be sufficiently complete and contain all information and certifications requested on the applicable form, FCC Form 608, including any information and certifications (including those of the spectrum lessee relating to eligibility, basic qualifications, and foreign ownership) required by the rules in this chapter and any rules pertaining to the specific service for which the application is filed. In addition, the spectrum leasing application must include payment of the required application fee(s); for purposes of determining the applicable application fee(s), the application will be treated as a transfer of control (*see* §1.1102).

(ii) Once accepted for filing, the application will be placed on public notice, except no prior public notice will be required for applications involving authorizations in the Private Wireless Services, as specified in §1.933(d)(9).

(iii) Petitions to deny filed in accordance with section 309(d) of the Communications Act must comply with the provisions of §1.939, except that such petitions must be filed no later than 14 days following the date of the public notice listing the application as accepted for filing.

(iv) No later than 21 days following the date of the public notice listing an application as accepted for filing, the Wireless Telecommunications Bureau (Bureau) will affirmatively consent to the application, deny the application, or determine to subject the application to further review. For applications for which no prior public notice is required, the Bureau will affirmatively consent to the application, deny the application, or determine to subject the application to further review no later than 21 days following the date on which the application has been filed and any required application fee has been paid (*see* §1.1102).

(v) If the Bureau determines to subject the application to further review, it will issue a public notice so indicating. Within 90 days following the date of that public notice, the Bureau will either take action upon the application or provide public notice that an additional 90-day period for review is needed.

(vi) Consent to the application is not deemed granted until the Bureau affirmatively acts upon the application.

(vii) Grant of consent to the application will be reflected in a public notice (*see* §1.933(a)) promptly issued after the grant, and is subject to reconsideration (*see* §§1.106(f), 1.108, 1.113).

(viii) If any petition to deny is filed, and the Bureau grants the application, the Bureau will deny the petition(s) and issue a concise statement of the reason(s) for denial, disposing of all substantive issues raised in the petition(s).

(2) *Immediate approval procedures.* Applications that meet the requirements of paragraph (e)(2)(i) of this section qualify for the immediate approval procedures.

(i) To qualify for the immediate approval procedures, the application must be sufficiently complete, contain all necessary information and certifications (including those relating to eligibility, basic qualifications, and foreign ownership), and include payment of the requisite application fee(s), as required for an application processed under the general approval procedures set forth in paragraph (e)(1)(i) of this section, and also must establish, through certifications, that the following additional qualifications are met:

(A) The license does not involve spectrum licensed in a Wireless Radio Service that may be used to provide interconnected mobile voice and/or data services under the applicable service rules and that would, if the spectrum leasing arrangement were consummated, create a geographic overlap with spectrum in any licensed Wireless Service (including the same service) in which the proposed spectrum lessee already holds a direct or indirect interest of 10% or more (*see* §1.2112), either as a licensee or a spectrum lessee, and that could be used by the spectrum lessee to provide interconnected mobile voice and/or data services;

(B) The licensee is not a designated entity or entrepreneur subject to unjust enrichment requirements and/or transfer restrictions under applicable Commission rules (*see* §§1.2110 and 1.2111, and §§24.709, 24.714, and 24.839 of this chapter); and,

(C) The spectrum leasing arrangement does not require a waiver of, or declaratory ruling pertaining to, any applicable Commission rules.

(ii) Provided that the application establishes that it meets all of the requisite elements to qualify for these immediate approval procedures, consent to the *de facto* transfer spectrum leasing arrangement will be reflected in ULS. If the application is filed electronically, consent will be reflected in ULS on the next business day after filing of the application; if filed manually, consent will be reflected in ULS on the next business day after the necessary data from the manually filed application is entered into ULS. Consent to the application is not deemed granted until the Bureau affirmatively acts upon the application, as reflected in ULS.

(iii) Grant of consent to the application under these immediate approval procedures will be reflected in a public notice (*see* §1.933(a)) promptly issued after grant, and is subject to reconsideration (*see* §§1.106(f), 1.108, 1.113).

(f) *Effective date* of a *de facto transfer leasing arrangement.* If the Commission consents to the *de facto* transfer leasing arrangement, the *de facto* transfer leasing arrangement will be deemed effective in the Commission's records, and for purposes of the application of the rules set forth in this section, on the date set forth in the application. If the Commission consents to the arrangement after that specified date, the spectrum leasing application will become effective on the date of the Commission affirmative consent.

(g) *Expiration, extension, or termination of spectrum leasing arrangement.* (1) Except as provided in paragraph (g)(2) or (g)(3) of this section, a spectrum leasing arrangement entered into pursuant to this section will expire on the termination date set forth in the application. The Commission's consent to the *de facto* transfer leasing application includes consent to return the leased spectrum to the licensee at the end of the term of the spectrum leasing arrangement.

(2) A spectrum leasing arrangement may be extended beyond the initial term set forth in the spectrum leasing application pursuant to the applicable application procedures set forth in §1.9030(e). Where there is pending before the Commission at the date of termination of the spectrum leasing arrangement a proper and timely application seeking to extend the arrangement, the parties may continue to operate under the original spectrum leasing arrangement without further action by the Commission until such time as the Commission shall make a final determination with respect to the application.

(3) If a spectrum leasing arrangement is terminated earlier than the termination date set forth in the notification, either by the licensee or by the parties' mutual agreement, the licensee must file a notification with the Commission, no later than ten (10) days after the early termination, indicating the date of the termination. If the parties fail to put the spectrum leasing arrangement into effect, they must so notify the Commission consistent with the provisions of this section.

(4) The Commission will place information concerning an extension or an early termination of a spectrum leasing arrangement on public notice.

(h) *Assignment of spectrum leasing arrangement.* The spectrum lessee may assign its lease to another entity provided that the licensee has agreed to such an assignment, there is privity between the licensee and the assignee, and the assignment is approved by the Commission pursuant to the same application and approval procedures set forth in this section. In the case of a non-substantial (*pro forma*) assignment that falls within the class of *pro forma* transactions for which prior Commission approval would not be required under §1.948(c)(1), the parties involved in the assignment must file notification of the assignment with the Commission, using FCC Form 608 and providing any necessary updates of ownership information, within 30 days of its completion. The Commission will place information related to the assignment, whether substantial or *pro forma*, on public notice.

(i) *Transfer of control of a spectrum lessee.* A spectrum lessee seeking the

transfer of control must obtain Commission consent using the same application and Commission consent procedures set forth in this section. In the case of a non-substantial (*pro forma*) transfer of control that falls within the class of *pro forma* transactions for which prior Commission approval would not be required under §1.948(c)(1), the parties involved in the transfer of control must file notification of the transfer of control with the Commission, using FCC Form 608 and providing any necessary updates of ownership information, within 30 days of its completion. The Commission will place information related to the transfer of control, whether substantial or *pro forma,* on public notice.

(j) *Revocation or automatic cancellation of a license or the spectrum lessee's operating authority.* (1) In the event an authorization held by a licensee that has entered into a spectrum leasing arrangement is revoked or cancelled, the spectrum lessee will be required to terminate its operations no later than the date on which the licensee ceases to have authority to operate under the license, except as provided in paragraph (i)(2) of this section.

(2) In the event of a license revocation or cancellation, the Commission will consider a request by the spectrum lessee for special temporary authority (*see* §1.931) to provide the spectrum lessee with an opportunity to transition its users in order to minimize service disruption to business and other activities.

(3) In the event of a license revocation or cancellation, and the required termination of the spectrum lessee's operations, the former spectrum lessee does not, as a result of its former status, receive any preference over any other party should the spectrum lessee seek to obtain the revoked or cancelled license.

(k) *Subleasing.* A spectrum lessee may sublease spectrum usage rights subject to the following conditions. Parties entering into a spectrum subleasing arrangement are required to comply with the Commission's rules for obtaining approval for spectrum leasing arrangements provided in this subpart and are governed by those same policies. The application filed by parties to a spectrum subleasing arrangement must include written consent from the licensee to the proposed arrangement. Once a spectrum subleasing arrangement has been approved by the Commission, the sublessee becomes the party primarily responsible for compliance with Commission rules and policies.

(l) *Renewal.* Although the term of a long-term *de facto* transfer spectrum leasing arrangement may not be longer than the term of a license authorization, a licensee and spectrum lessee that have entered into an arrangement whose term continues to the end of the current term of the license authorization may, contingent on the Commission's grant of the license renewal, extend the spectrum leasing arrangement into the term of the renewed license authorization. The Commission must be notified of the renewal of the spectrum leasing arrangement at the same time that the licensee submits its application for license renewal (*see* §1.949). The spectrum lessee may operate under the extended term, without further action by the Commission, until such time as the Commission shall make a final determination with respect to the renewal of the license authorization and the extension of the spectrum leasing arrangement into the term of the renewed license authorization.

If the spectrum leasing arrangement involves only part of the license area and/or part of the bandwidth covered by the license, the unjust enrichment obligation will be apportioned as though the license were being partitioned and/or disaggregated (*see* §1.2111(c) and §24.714(c) of this chapter). * * *

§ 1.9035 Short-term *de facto* transfer leasing arrangements.

(a) *Overview.* Under the provisions of this section, a licensee (in any of the included services) and a spectrum lessee may enter into a short-term *de facto* transfer leasing arrangement in which the licensee retains *de jure* control of the license while *de facto* control of the leased spectrum is transferred to the spectrum lessee for the duration of the spectrum leasing arrangement, subject to prior Commission consent pursuant to the application procedures set forth in this section. A ''short-term'' *de facto* transfer leasing arrangement has an individual or combined term of not longer than one year. The term of a short-term *de facto* transfer leasing arrangement may be no longer than the term of the license authorization.

(b) *Rights and responsibilities of licensee.* The rights and responsibilities applicable to a licensee that enters into a short-term *de facto* transfer leasing arrangement are the same as those applicable to a licensee that enters into a long-term *de facto* transfer leasing arrangement, as set forth in §1.9030(b).

(c) *Rights and responsibilities of spectrum lessee.* The rights and responsibilities applicable to a spectrum lessee that enters into a short-term *de facto* transfer leasing arrangement are the same as those applicable to a spectrum lessee that enters into a long-term *de facto* transfer leasing arrangement, as set forth in §1.9030(c).

(d) *Applicability of particular service rules and policies.* Under a short-term *de facto* leasing arrangement, the service rules and policies apply to the licensee and spectrum lessee in the same manner as under long-term *de facto* transfer leasing arrangements (*see* §1.9030(d)), except as provided herein:

(1) *Use restrictions and regulatory classification.* Use restrictions applicable to the licensee also apply to the spectrum lessee except that §20.9(a) of this chapter shall not preclude a licensee in the services covered by that rule from entering into a spectrum leasing arrangement with a spectrum lessee that chooses to operate on a PMRS, private, or non-commercial basis, and except that a licensee with an authorization that restricts use of spectrum to non-commercial uses may enter into a short-term *de facto* transfer leasing arrangement that allows the spectrum lessee to use the spectrum commercially.

(2) *Designated entity/entrepreneur rules.* Unjust enrichment provisions (*see* §1.2111) and transfer restrictions (*see* §24.839 of this chapter) do not apply with regard to a short-term *de facto* transfer leasing arrangement.

(3) *Construction/performance requirements.* The licensee is not permitted to attribute to itself the activities of its spectrum lessee when seeking to establish that performance or build-out requirements applicable to the licensee have been met.

(4) *E911 requirements.* If E911 obligations apply to the licensee (see §20.18 of this chapter), the licensee retains the obligations with respect to leased spectrum. A spectrum lessee entering into a short-term *de facto* transfer leasing arrangement is not separately required to comply with any such obligations in relation to the leased spectrum.

(e) *Spectrum leasing application.* Short-term *de facto* transfer leasing arrangements will be processed pursuant to immediate approval procedures, as discussed herein. Parties entering into

a short-term *de facto* transfer leasing arrangement are required to file an electronic application with the Commission, using FCC Form 608, and obtain Commission consent prior to consummating the transfer of *de facto* control of the leased spectrum, except that parties falling within the provisions of §1.913(d) may file the application either electronically or manually.

(1) To be accepted for filing under these immediate approval procedures, the application must be sufficiently complete and contain all information and certifications requested on the applicable form, FCC Form 608, including any information and certifications (including those relating to the spectrum lessee relating to eligibility, basic qualifications, and foreign ownership) required by the rules of this chapter and any rules pertaining to the specific service for which the application is required. In addition, the application must include payment of the required application fee; for purposes of determining the applicable application fee, the application will be treated as a transfer of control (*see* §1.1102). Finally, the spectrum leasing arrangement must not require a waiver of, or declaratory ruling, pertaining to any applicable Commission rules.

(2) Provided that the application establishes that it meets all of the requisite elements to qualify for these immediate approval procedures, consent to the short-term *de facto* transfer spectrum leasing arrangement will be reflected in ULS. If the application is filed electronically, consent will be reflected in ULS on the next business day after filing of the application; if filed manually, consent will be reflected in ULS on the next business day after the necessary data from the manually filed application is entered into ULS. Consent to the application is not deemed granted until the Bureau affirmatively acts upon the application, as reflected in ULS.

(3) Grant of consent to the application under these procedures will be reflected in a public notice (*see* §1.933(a)) promptly issued after grant, and is subject to reconsideration (*see* §§1.106(f), 1.108, 1.113).

(f) *Effective date of spectrum leasing arrangement.* The spectrum leasing arrangement will be deemed effective in the Commission's records, and for purposes of the application of the rules set forth in this section, on the date set forth in the application. If the Commission consents to the arrangement after that specified date, the spectrum leasing application will become effective on the date of the Commission affirmative consent.

(g) *Restrictions on the use of short-term de facto transfer leasing arrangements.* (1) The licensee and spectrum lessee are not permitted to use the special rules and expedited procedures applicable to short-term *de facto* transfer leasing arrangements for arrangements that in fact will exceed one year, or that the parties reasonably expect to exceed one year.

(2) The licensee and spectrum lessee must submit, in sufficient time prior to the expiration of the short-term *de facto* transfer spectrum leasing arrangement, the appropriate application under the rules and procedures applicable to long-term *de facto* leasing arrangements, and obtain Commission consent pursuant to those procedures.

(h) *Expiration, extension, or termination of the spectrum leasing arrangement.* (1) Except as provided in paragraph (h)(2) or (h)(3) of this section, a spectrum leasing arrangement entered into pursuant to this section will expire on the termination date set forth in the short-term *de facto* transfer leasing arrangement. The Commission's approval of the short-term *de facto* transfer leasing application includes consent to return the leased spectrum to the licensee at the end of the term of the spectrum leasing arrangement.

(2) Upon proper application (*see* paragraph (e) of this section), a short-term *de facto* transfer leasing arrangement may be extended beyond the initial term set forth in the application provided that the initial term and extension(s) together would not result in a leasing arrangement that exceeds a total of one year.

(3) If a spectrum leasing arrangement is terminated earlier than the termination date set forth in the notification, either by the licensee or by the parties' mutual agreement, the licensee must file a notification with the Commission, no later than ten (10) days

after the early termination, indicating the date of the termination. If the parties fail to put the spectrum leasing arrangement into effect, they must so notify the Commission consistent with the provisions of this section.

(i) *Conversion of a short-term spectrum leasing arrangement into a long-term de facto transfer leasing arrangement.* (1) In the event the licensee and spectrum lessee involved in a short-term *de facto* transfer leasing arrangement seek to extend the spectrum leasing arrangement beyond the one-year limit for short-term *de facto* transfer leasing arrangements, the parties may do so provided that they meet the conditions set forth in paragraphs (i)(2) and (i)(3) of this section.

(2) If a licensee that holds a license that continues to be subject to transfer restrictions and/or requirements relating to unjust enrichment pursuant to the Commission's small business and/or entrepreneur provisions (*see* §1.2110 and §24.709 of this chapter) seeks to extend a short-term *de facto* transfer leasing arrangement with its spectrum lessee (or related entities, as determined pursuant to §1.2110(b)(2)) beyond one year, it may convert its arrangement into a long-term *de facto* transfer spectrum leasing arrangement provided that it complies with the procedures for entering into a long-term *de facto* transfer leasing arrangement and that it pays any unjust enrichment that would have been owed had the licensee filed a long-term *de facto* transfer spectrum leasing application at the time it applied for the initial short-term *de facto* transfer leasing arrangement.

(3) The licensee and spectrum lessee are not permitted to convert a short-term *de facto* transfer leasing arrangement into a long-term *de facto* transfer leasing arrangement if the parties would have been restricted, in the first instance, from entering into a long-term *de facto* transfer leasing arrangement because of a transfer, use, or other restriction applicable to the particular service (*see* §1.9030).

(j) *Assignment of spectrum leasing arrangement.* The rule applicable to long-term *de facto* transfer leasing arrangements (*see* §1.9030(g)) applies in the same manner to short-term *de facto* transfer leasing arrangements.

(k) *Transfer of control of spectrum lessee.* The rule applicable to long-term *de facto* transfer leasing arrangements (*see* §1.9030(h)) applies in the same manner to short-term *de facto* transfer leasing arrangements.

(l) *Revocation or automatic cancellation of a license or the spectrum lessee's operating authority.* The rule applicable to long-term *de facto* transfer leasing arrangements (see §1.9030(i)) applies in the same manner to short-term *de facto* transfer leasing arrangements.

(m) *Subleasing.* A spectrum lessee that has entered into a short-term *de facto* transfer leasing arrangement is not permitted to enter into a spectrum subleasing arrangement.

(n) *Renewal.* The rule applicable with regard to long-term *de facto* transfer leasing arrangements (*see* §1.9030(l)) applies in the same manner to short-term *de facto* transfer leasing arrangements, except that the renewal of the short-term *de facto* transfer leasing arrangement to extend into the term of the renewed license authorization cannot enable the combined terms of the short-term *de facto* transfer leasing arrangements to exceed one year. The Commission must be notified of the renewal of the spectrum leasing arrangement at the same time that the licensee submits its application for license renewal (*see* §1.949).

[68 FR 66277, Nov. 25, 2003, as amended at 69 FR 77557, Dec. 27, 2004]

EFFECTIVE DATE NOTE: At 69 FR 77557, Dec. 27, 2004, §1.9035(e) was revised. This paragraph contains information collection and recordkeeping requirements and will not become effective until approval has been given by the Office of Management and Budget.

§1.9040 Contractual requirements applicable to spectrum leasing arrangements.

(a) Agreements between licensees and spectrum lessees concerning spectrum leasing arrangements entered into pursuant to the rules of this subpart must contain the following provisions:

(1) The spectrum lessee must comply at all times with applicable rules set forth in this chapter and other applicable law, and the spectrum leasing arrangement may be revoked, cancelled, or terminated by the licensee or Commission if the spectrum lessee fails to

comply with the applicable requirements;

(2) If the license is revoked, cancelled, terminated, or otherwise ceases to be in effect, the spectrum lessee has no continuing authority or right to use the leased spectrum unless otherwise authorized by the Commission;

(3) The spectrum leasing arrangement is not an assignment, sale, or transfer of the license itself;

(4) The spectrum leasing arrangement shall not be assigned to any entity that is ineligible or unqualified to enter into a spectrum leasing arrangement under the applicable rules as set forth in this subpart;

(5) The licensee shall not consent to an assignment of a spectrum leasing arrangement unless such assignment complies with applicable Commission rules and regulations.

(b) Agreements between licensees that hold licenses subject to the Commission's installment payment program (*see* §1.2110 of subpart Q of this part and related service-specific rules) and spectrum lesseeys must contain the following additional provisions:

(1) The express acknowledgement that the license remains subject to the Commission's priority lien and security interest in the license and related proceeds, consistent with the provisions set forth in §1.9045; and

(2) The agreement that the spectrum lessee shall not hold itself out to the public as the holder of the license and shall not hold itself out as a licensee by virtue of its having entered into a spectrum leasing arrangement.

§1.9045 Requirements for spectrum leasing arrangements entered into by licensees participating in the installment payment program.

(a) If a licensee that holds a license subject to the Commission's installment payment program (*see* §1.2110 of subpart Q of this part and related service-specific rules) enters into a spectrum leasing arrangement pursuant to the rules in this subpart, the licensee remains fully and solely responsible for the outstanding debt amount owed to the Commission. Nothing in a spectrum leasing arrangement, or arising from a spectrum lessee's bankruptcy or receivership, can modify the licensee's sole responsibility for its obligation to repay its entire debt obligation under the installment payment program pursuant to applicable Commission rules and regulations and the associated note(s) and security agreement(s).

(b) If a licensee holds a license subject to the installment payment program rules (*see* §1.2110 and related service-specific rules), the licensee and any spectrum lessee must execute the Commission-approved financing documents. No licensee or potential spectrum lessee may file a spectrum leasing notification or application without having first executed such Commission-approved financing documentation. In addition, they must certify in the spectrum leasing notification or application that they have both executed such documentation.

[68 FR 66277, Nov. 25, 2003, as amended at 69 FR 77558, Dec. 27, 2004]

§1.9047 Special provisions relating to leases of educational broadband service spectrum.

Licensees in the Educational Broadcasting Service may enter into spectrum leasing arrangements with spectrum lessees only insofar as such arrangements comply with the applicable requirements for spectrum leasing arrangements involving spectrum in that service as set forth in §27.1214 of this chapter

[69 FR 72027, Dec. 10, 2004]

§1.9048 Special provisions relating to spectrum leasing arrangements involving licensees in the Public Safety Radio Services.

Licensees in the Public Safety Radio Services (*see* part 90, subpart B and §90.311(a)(1)(i) of this chapter) may enter into spectrum leasing arrangements with other public safety entities eligible for such a license authorization as well as with entities providing communications in support of public safety operations (*see* §90.523(b) of this chapter).

[69 FR 77558, Dec. 27, 2004]

§ 1.9049 Special provisions relating to spectrum leasing arrangements involving the ancillary terrestrial component of Mobile Satellite Services.

(a) A license issued under part 25 of the Commission's rules that provides authority for an ATC will be considered to provide ''exclusive use rights'' for purpose of this subpart of the rules.

(b) For the purpose of this subpart, a Mobile Satellite Service licensee with an ATC authorization may enter into a spectrum manager leasing arrangement with a spectrum lessee (*see* §1.9020). Notwithstanding the provisions of §§1.9030 and 1.9035, a MSS licensee is not permitted to enter into a *de facto* transfer leasing arrangement with a spectrum lessee.

(c) For purposes of §1.9020(d)(8), the Mobile Satellite Service licensee's obligation, if any, concerning the E911 requirements in §20.18 of this chapter, will, with respect to an ATC, be specified in the licensing document for the ATC.

(d) The following provision shall apply, in lieu of §1.9020(m), with respect to spectrum leasing of an ATC:

(1) Although the term of a spectrum manager leasing arrangement may not be longer than the term of the ATC license, a licensee and spectrum lessee that have entered into an arrangement, the term of which continues to the end of the current term of the license may, contingent on the Commission's grant of a modification or renewal of the license to extend the license term, extend the spectrum leasing arrangement into the new license term. The Commission must be notified of the extension of the spectrum leasing arrangement at the same time that the licensee submits the application seeking an extended license term. In the event the parties to the arrangement agree to extend it into the new license term, the spectrum lessee may continue to operate consistent with the terms and conditions of the expired license, without further action by the Commission, until such time as the Commission makes a final determination with respect to the extension or renewal of the license.

(2) Reserved.

[76 FR 31259, May 31, 2011]

§ 1.9050 Who may sign spectrum leasing notifications and applications.

Under the rules set forth in this subpart, certain notifications and applications to the Commission must be filed by licensees and spectrum lessees that enter into spectrum leasing arrangements. In addition, the rules require that certain notifications and applications be filed by the licensee and/or the spectrum lessee after they have entered into such arrangements. Whether the signature of the licensee, the spectrum lessee, or both, is required will depend on the particular notification or application involved, and whether the leasing arrangement concerns a spectrum manager leasing arrangement or a *de facto* transfer leasing arrangement.

(a) Except as provided in paragraph (b) of this section, the notifications, applications, amendments, and related statements of fact required by the Commission (including certifications) must be signed as follows (either electronically or manually, *see* paragraph (d) of this section):

(1) By the licensee or spectrum lessee, if an individual;

(2) By one of the partners if the licensee or lessee is a partnership;

(3) By an officer, director, or duly authorized employee, if the licensee or lessee is a corporation; or

(4) By a member who is an officer, if the licensee or lessee is an unincorporated association.

(b) Notifications, applications, amendments, and related statements of fact required by the Commission may be signed by the licensee or spectrum lessee's attorney in case of the licensee's or lessee's physical disability or absence from the United States. The attorney shall, when applicable, separately set forth the reason why the application is not signed by the licensee or lessee. In addition, if any matter is stated on the basis of the attorney's belief only (rather than knowledge), the attorney shall separately set forth the reasons for believing that such statements are true. Only the original of notifications, applications, amendments, and related statements of fact need be signed.

(c) Notifications, applications, amendments, and related statements of

fact need not be signed under oath. Willful false statements made therein, however, are punishable by fine and imprisonment (*see* 18 U.S.C. section 1001), and by appropriate administrative sanctions, including revocation of license pursuant to section 312(a)(1) of the Communications Act of 1934 or revocation of the spectrum leasing arrangement.

(d) ''Signed,'' as used in this section, means, for manually filed notifications and applications only, an original hand-written signature or, for electronically filed notifications and applications only, an electronic signature. An electronic signature shall consist of the name of the licensee or spectrum lessee transmitted electronically via ULS and entered on the application as a signature.

§ 1.9055 Assignment of file numbers to spectrum leasing notifications and applications.

Spectrum leasing notifications or applications submitted pursuant to the rules of this subpart are assigned file numbers and service codes in order to facilitate processing in the manner in which applications in subpart F are assigned file numbers (*see* §1.926 of subpart F of this part).

§ 1.9060 Amendments, waivers, and dismissals affecting spectrum leasing notifications and applications.

(a) Notifications and applications regarding spectrum leasing arrangements may be amended in accordance with the policies, procedures, and standards applicable to applications as set forth in subpart F of this part (*see* §§1.927 and 1.929 of subpart F of this part).

(b) The Commission may waive specific requirements of the rules affecting spectrum leasing arrangements and the use of leased spectrum, on its own motion or upon request, in accordance with the policies, procedures, and standards set forth in subpart F of this part (*see* §1.925 of subpart F of this part).

(c) Notifications and pending applications regarding spectrum leasing arrangements may be dismissed in accordance with the policies, procedures, and standards applicable to applications as set forth in subpart F of this part (*see* §1.935 of subpart F of this part).

§ 1.9080 Private commons.

(a) *Overview.* A ''private commons'' arrangement is an arrangement, distinct from a spectrum leasing arrangement but permitted in the same services for which spectrum leasing arrangements are allowed, in which a licensee or spectrum lessee makes certain spectrum usage rights under a particular license authorization available to a class of third-party users employing advanced communications technologies that involve peer-to-peer (device-to-device) communications and that do not involve use of the licensee's or spectrum lessee's end-to-end physical network infrastructure (e.g., base stations, mobile stations, or other related elements). In a private commons arrangement, the licensee or spectrum lessee authorizes users of certain communications devices employing particular technical parameters, as specified by the licensee or spectrum lessee, to operate under the license authorization. A private commons arrangement differs from a spectrum leasing arrangement in that, unlike spectrum leasing arrangements, a private commons arrangement does not involve individually negotiated spectrum access rights with entities that seek to provide network-based services to end-users. A private commons arrangement does not affect unlicensed operations in a particular licensed band to the extent that they are permitted pursuant to part 15.

(b) *Licensee/spectrum lessee responsibilities.* As the manager of any private commons, the licensee or spectrum lessee:

(1) Establishes the technical and operating terms and conditions of use by users of the private commons, including those relating to the types of communications devices that may be used within the private commons, consistent with the terms and conditions of the underlying license authorization;

(2) Retains *de facto* control of the use of spectrum by users within the private commons, including maintaining reasonable oversight over the users' use of the spectrum in the private commons

so as to ensure that the use of the spectrum, and communications equipment employed, comply with all applicable technical and service rules (including requirements relating to radio-frequency radiation) and maintaining the ability to ensure such compliance; and,

(3) Retains direct responsibility for ensuring that the users of the private commons, and the equipment employed, comply with all applicable technical and service rules, including requirements relating to radio-frequency radiation and requirements relating to interference.

(c) *Notification requirements.* Prior to permitting users to commence operations within a private commons, the licensee or spectrum lessee must notify the Commission, using FCC Form 608, that it is establishing a private commons arrangement. This notification must include information that describes: the location(s) or coverage area(s) of the private commons under the license authorization; the term of the arrangement; the general terms and conditions for users that would be gaining spectrum access to the private commons; the technical requirements and equipment that the licensee or spectrum lessee has approved for use within the private commons; and, the types of communications uses that are to be allowed within the private commons.

Subpart Y—International Bureau Filing System

SOURCE: 69 FR 29895, May 26, 2004, unless otherwise noted. Redesignated at 69 FR 40327, July 2, 2004.

§ 1.10000 What is the purpose of these rules?

(a) These rules are issued under the Communications Act of 1934, as amended, 47 U.S.C. 151 *et seq.*, and the Submarine Cable Landing License Act, 47 U.S.C. 34–39.

(b) This subpart describes procedures for electronic filing of International and Satellite Services applications using the International Bureau Filing System.

(c) More licensing and application descriptions and directions, including but not limited to specifying which International and Satellite service applications must be filed electronically, are in parts 1, 25, 63, and 64 of this chapter.

[69 FR 47793, Aug. 6, 2004]

§ 1.10001 Definitions.

All other applications. We consider all other applications officially filed once you file the application in IBFS and applicable filing fees are received and approved by the FCC, unless the application is determined to be fee-exempt. We determine your official filing date based on one of the following situations:

1. You file your Satellite Space Station Application (other than DBS and DARS) or your Application for Earth Stations to Access a Non-U.S. Satellite Not Currently Authorized to provide the Proposed Service in the Proposed Frequencies in the United States in IBFS.	Your official filing date is the date and time (to the millisecond) you file your application and receive a confirmation of filing and submission ID.
2. You file all other applications in IBFS and then do one of the following:.	Your official filing date is:
Send your payment (via check, bank draft, money order, credit card, or wire transfer) and FCC Form 159 to U.S. Bank.	The date U.S. Bank stamps your payment as received.
Pay by online credit card (through IBFS).	The date your online credit card payment is approved. (Note: You will receive a remittance ID and an authorization number if your transaction is successful).
Determine your application type is fee-exempt or your application qualifies for exemption to charges as provided in Part 1 of the Commission's Rules.	The date you file in IBFS and receive a confirmation of filing and submission ID.

Application. A request for an earth or space station radio station license, an international cable landing license, or an international service authorization, or a request to amend a pending application or to modify or renew licenses or authorizations. The term also includes the other requests that may be

filed in IBFS such as transfers of control and assignments of license applications, earth station registrations, and foreign carrier affiliation notifications.

Authorizations. Generally, a written document or oral statement issued by us giving authority to operate or provide service.

International Bureau Filing System. The International Bureau Filing System (IBFS) is a database, application filing system, and processing system for all International and Satellite services. IBFS supports electronic filing of many applications and related documents in the International Bureau, and provides public access to this information.

International Services. All international services authorized under parts 1, 63 and 64 of this chapter.

Official Filing Date.

Satellite Space Station Applications (other than DBS and DARS) and Applications for Earth Stations to Access a Non-U.S. Satellite Not Currently Authorized to Provide the Proposed Service in the Proposed Frequencies in the United States. We consider a Satellite Space Station application (other than DBS and DARS) and an Application for an Earth Station to Access a Non-U.S. Satellite Not Currently Authorized to Provide the Proposed Service in the Proposed Frequencies in the United States officially filed the moment you file them through IBFS. The system tracks the date and time of filing (to the millisecond). For purposes of the queue discussed in §25.158 of this chapter, we will base the order of the applications in the queue on the date and time the applications are filed, rather than the ''Official Filing Date'' as defined here.

Satellite Services. All satellite services authorized under part 25 of this chapter.

Submission ID. The Submission ID is the confirmation number you receive from IBFS once you have successfully filed your application. It is also the number we use to match your filing to your payment. Your IBFS Submission ID will always start with the letters ''IB'' and include the year in which you file as well as a sequential number, (e.g., IB2003000123).

Us. In this subpart, ''us'' refers to the Commission.

We. In this subpart, ''we'' refers to the Commission.

You. In this subpart, ''you'' refers to applicants, licensees, your representatives, or other entities authorized to provide services.

[69 FR 29895, May 26, 2004. Redesignated at 69 FR 40327, July 2, 2004, as amended at 73 FR 9029, Feb. 19, 2008]

§ 1.10002 What happens if the rules conflict?

The rules concerning parts 1, 25, 63 and 64 of this chapter govern over the electronic filing in this subpart.

§ 1.10003 When can I start operating?

You can begin operating your facility or providing services once we grant your application to do so, under the conditions set forth in your license or authorization.

§ 1.10004 What am I allowed to do if I am approved?

If you are approved and receive a license or authorization, you must operate in accordance with, and not beyond, your terms of approval.

§ 1.10005 What is IBFS?

(a) The International Bureau Filing System (IBFS) is a database, application filing system, and processing system for all International and Satellite Services. IBFS supports electronic filing of many applications and related documents in the International Bureau, and provides public access to this information.

(b) We maintain applications, notifications, correspondence, and other materials filed electronically with the International Bureau in IBFS.

§ 1.10006 Is electronic filing mandatory?

Electronic filing is mandatory for all applications for international and satellite services for which an International Bureau Filing System (IBFS) form is available. Applications for which an electronic form is not available must be filed by paper until new forms are introduced. *See* §§63.20 and 63.53. As each new IBFS form becomes available for electronic filing, the Commission will issue a public notice announcing the availability of the new

form and the effective date of mandatory filing for this particular type of filing. As each new form becomes effective, manual filings will not be accepted by the Commission and the filings will be returned to the applicant without processing. Mandatory electronic filing requirements for applications for international and satellite services are set forth in parts 1, 25, 63, and 64 of this chapter. A list of forms that are available for electronic filing can be found on the IBFS homepage. For information on electronic filing requirements, see part 1, §§1.1000 through 1.10018 and the IBFS homepage at *http://www.fcc.gov/ibfs*.

[70 FR 38797, July 6, 2005]

§ 1.10007 What applications can I file electronically?

(a) For a complete list of applications or notifications that must be filed electronically, see the IBFS Web site at *http://www.fcc.gov/ibfs*.

(b) Many applications require exhibits or attachments. If attachments are required, you must attach documentation to your electronic application before filing. We accept attachments in the following formats: Word, Adobe Acrobat, Excel and Text.

(c) For paper filing rules and procedures, see parts 1, 25, 63 or 64.

[69 FR 29895, May 26, 2004. Redesignated at 69 FR 40327, July 2, 2004. Amended at 69 FR 47793, Aug. 6, 2004; 70 FR 38797, July 6, 2005]

§ 1.10008 What are IBFS file numbers?

(a) We assign file numbers to electronic applications in order to facilitate processing.

(b) We only assign file numbers for administrative convenience; they do not mean that an application is acceptable for filing.

(c) For a description of file number information, see The International Bureau Filing System File Number Format Public Notice, DA–04–568 (released February 27, 2004).

§ 1.10009 What are the steps for electronic filing?

(a) *Step 1: Register for an FCC Registration Number (FRN).* (See subpart W, §§1.8001 through 1.8004.)

(1) If you already have an FRN, go to Step 2.

(2) In order to process your electronic application, you must have an FRN. You may obtain an FRN either directly from the Commission Registration System (CORES) at *http://www.fcc.gov/e-file/*, or through IBFS as part of your filing process. If you need to know more about who needs an FRN, visit CORES at *http://www.fcc.gov/e-file/*.

(3) If you are a(n):

(i) Applicant,

(ii) Transferee and assignee,

(iii) Transferor and assignor,

(iv) Licensee/Authorization Holder, or

(v) Payer, you are required to have and use an FRN when filing applications and/or paying fees through IBFS.

(4) We use your FRN to give you secured access to IBFS and to pre-fill the application you file.

(b) *Step 2: Register with IBFS.* (1) If you are already registered with IBFS, go to Step 3.

(2) In order to complete and file your electronic application, you must register in IBFS, located at *http://www.fcc.gov/ibfs*.

(3) You can register your account in:

(i) Your name,

(ii) Your company's name, or

(iii) Your client's name.

(4) IBFS will issue you an account number as part of the registration process. You will create your own password.

(5) If you forget your password, send an e-mail to the IBFS helpline at *ibfsinfo@fcc.gov* or contact the helpline at (202) 418–2222 for assistance.

(c) *Step 3: Log into IBFS, select the application you want to file, provide the required FRN(s) and password(s) and fill out your application.* You must completely fill out forms and provide all requested information as provided in parts 1, 25, 63 and 64 of this chapter.

(1) You must provide an address where you can receive mail delivery by the United States Postal Service. You are also encouraged to provide an e-mail address. This information is used to contact you regarding your application and to request additional documentation, if necessary.

(2) *Reference to material on file.* You must answer questions on application

forms that call for specific technical data, or that require yes or no answers or other short answers. However, if documents or other lengthy showings are already on file with us and contain the required information, you may incorporate the information by reference, as long as:

(i) The referenced information is filed in IBFS or, if manually filed, the information is more than one ''8½ inch by 11 inch'' page.

(ii) The referenced information is current and accurate in all material respects; and

(iii) The application states where we can find the referenced information as well as:

(A) The application file number, if the reference is to previously-filed applications

(B) The title of the proceeding, the docket number, and any legal citation, if the reference is to a docketed proceeding.

(d) *Step 4: File your application.* If you file your application successfully through IBFS, a confirmation screen will appear showing you the date and time of your filing and your submission ID. Print this verification for your records as proof of online filing.

(e) *Step 5: Pay for your application.* (1) Most applications require that you pay a fee to us before we can begin processing your application. You can determine the amount of your fee in three ways:

(i) You can refer to §1.1107,

(ii) You can refer to the International and Satellite Services fee guide located at *http://www.fcc.gov/fees/appfees.html*, or

(iii) You can run a draft Form 159 through IBFS, in association with a filed application, and the system will automatically enter your required fee on the form.

(2) A complete FCC Form 159 must accompany all fee payments. You must provide the FRN for both the applicant and the payer. You also must include your IBFS Submission ID number on your FCC Form 159 in the box labeled ''FCC Code 2.'' In addition, for applications for transfer of control or assignment of license, call signs involved in the transaction must be entered into the ''FCC Code 1'' box on the FCC Form 159. (This may require the use of multiple rows on the FCC Form 159 for a single application where more than one call sign is involved.)

(i) You may use a paper version of FCC Form 159, or

(ii) You can generate a pre-filled FCC Form 159 from IBFS using your IBFS Submission ID. For specific instructions on using IBFS to generate your FCC Form 159, go to the IBFS Web site (*http://www.fcc.gov/ibfs*) and click on the ''Getting Started'' button.

(3) You have 3 payment options:

(i) Pay by credit card (through IBFS or by regular mail),

(ii) Pay by check, bank draft or money order, or

(iii) Pay by wire transfer or other electronic payments.

(4) You have 14 calendar days from the date you file your application in IBFS to submit your fee payment to U.S. Bank. Your FCC Form 159 must be stamped ''received'' by U.S. Bank by the 14th day. If not, we will dismiss your application.

(5) If you send your Form 159 and payment to U.S. Bank in paper form, you should mail your completed Form 159 and payment to the address specified in §1.1107 of the Commission's rules. If you file electronically, do not send copies of your application with your payment and Form 159.

(6) For more information on fee payments, refer to Payment Instructions found on the IBFS Internet site at *http://www.fcc.gov/ibfs*.

(7) Step 5 is not applicable if your application is fee exempt.

[73 FR 9029, Feb. 19, 2008]

§1.10010 Do I need to send paper copies with my electronic applications?

(a) If you file electronically through IBFS, the electronic record is the official record.

(b) If you file electronically, you do not need to submit paper copies of your application.

(c) If you submit paper copies of your application with your payment, we will consider them as copies and may not retain them.

§1.10011 Who may sign applications?

(a) ''Signed'' in this section refers to electronically filed applications. An

electronic application is ''signed'' when there is an electronic signature. An electronic signature is the typed name of the person ''signing'' the application, which is then electronically transmitted via IBFS.

(b) For all electronically filed applications, you (or the signor) must actually sign a paper copy of the application, and keep the signed original in your files for future reference.

(c) You only need to sign the original of applications, amendments, and related statements of fact.

(d) Sign applications, amendments, and related statements of fact as follows (either electronically or manually):

(1) By you, if you are an individual;

(2) By one of the partners, if you are a partnership;

(3) By an officer, director, or duly authorized employee, if you are a corporation; or

(4) By a member who is an officer, if you are an unauthorized association.

(e) If you file applications, amendments, and related statements of fact on behalf of eligible government entities, an elected or appointed official who may sign under the laws of the applicable jurisdiction must sign the document. Eligible government entities are:

(1) States and territories of the United States,

(2) Political subdivisions of these states and territories,

(3) The District of Columbia, and

(4) Units of local government.

(f) If you are either physically disabled or absent from the United States, your attorney may sign applications, amendments and related statements of facts on your behalf.

(1) Your attorney must explain why you are not signing the documents.

(2) If your attorney states any matter based solely on his belief (rather than knowledge), your attorney must explain his reasons for believing that such statements are true.

(g) It is unnecessary to sign applications, amendments, and related statements of fact under oath. However, willful false statements are punishable by a fine and imprisonment, 18 U.S.C. 1001, and by administrative sanctions.

§ 1.10012 When can I file on IBFS?

IBFS is available 24 hours a day, seven (7) days a week for filing.

§ 1.10013 How do I check the status of my application after I file it?

You can check the status of your application through the ''Search Tools'' on the IBFS homepage. The IBFS homepage is located at *www.fcc.gov/ibfs*.

§ 1.10014 What happens after officially filing my application?

(a) We give you an IBFS file number.

(b) We electronically route your application to an analyst who conducts an initial review of your application. If your application is incomplete, we will either dismiss the application, or contact you by telephone, letter or email to ask for additional information within a specific time. In cases where we ask for additional information, if we do not receive it within the specified time, we will dismiss your application. In either case, we will dismiss your application without prejudice, so that you may file again with a complete application.

(c) If your application is complete, and we verify receipt of your payment, it will appear on an ''Accepted for Filing'' Public Notice, unless public notice is not required. An ''Accepted for Filing'' Public Notice gives the public a certain amount of time to comment on your filing. This period varies depending upon the type of application.

(1) Certain applications do not have to go on an ''Accepted for Filing'' Public Notice prior to initiation of service, but instead are filed as notifications to the Commission of prior actions by the carriers as authorized by the rules. Examples include pro forma notifications of transfer of control and assignment and certain foreign carrier notifications.

(2) Each ''Accepted for Filing'' Public Notice has a report number. Examples of various types of applications and their corresponding report number (the ''x'' represents a sequential number) follow.

Type of application	Report No.
325–C Applications	325–xxxxx.
Accounting Rate Change	ARC–xxxxx.
Foreign Carrier Affiliation Notification	FCN–xxxxx.
International High Frequency	IHF–xxxxx.
Recognized Operating Agency	ROA–xxxxx.
Satellite Space Station	SAT–xxxxx.

Streamlined	TEL–xxxxxS.
Non-streamlined	TEL–xxxxxNS and/or DA.
Submarine Cable Landing:	
Streamlined	SCL–xxxxxS.
Non-streamlined	SCL–xxxxxNS and/or DA.

(d) After the Public Notice, your application may undergo legal, technical and/or financial review as deemed necessary. In addition, some applications require coordination with other government agencies.

(e) After review, we decide whether to grant or deny applications or whether to take other necessary action. Grants, denials and any other necessary actions are noted in the IBFS database. Some filings may not require any affirmative action, such as some Foreign Carrier Affiliation Notification Filings. Other filings, such as some International Section 214 Applications, International Accounting Rate Change Filings and Requests for assignment of Data Network Identification Codes, may be granted automatically on a specific date unless the applicant is notified otherwise prior to that date, as specified in the rules.

(f) We list most actions taken on public notices. Each ''Action Taken'' Public Notice has a report number. Examples of various types of applications and their corresponding report number (the ''x'' represents a sequential number) follow.

Type of application	Report No.
325–C Applications	325–xxxxx.
Accounting Rate Change	No action taken PN released.

(g) Other actions are taken by formal written Order, oral actions that are followed up with a written document, or grant stamp of the application. In all cases, the action dates are available online through the IBFS system.

(h) Issuing and Mailing Licenses for Granted Applications. Not all applications handled through IBFS and granted by the Commission result in the issuance of a paper license or authorization. A list of application types and their corresponding authorizations follows.

Type of application	Type of license/authorization issued

§ 1.10015 Are there exceptions for emergency filings?

(a) Sometimes we grant licenses, modifications or renewals even if no one files an application. Instances where this may occur include:

(1) If we find there is an emergency involving danger to life or property, or because equipment is damaged;

(2) If the President proclaims, or if Congress declares, a national emergency;

(3) During any war in which the United States is engaged and when grants, modifications or renewals are necessary for national defense, security or in furtherance of the war effort; or

(4) If there is an emergency where we find that it is not feasible to secure renewal applications from existing licensees or to follow normal licensing procedures.

(b) Emergency authorizations stop at the end of emergency periods or wars. After the emergency period or war, you must submit your request by filing the appropriate form either manually or electronically.

(3) A person or entity that the Commission has found is engaged in providing wire or electronic communication switching or transmission service such that the service is a replacement for a substantial portion of the local telephone exchange service and that it

is in the public interest to deem such a person or entity to be a telecommunications carrier for purposes of CALEA.

§ 1.20003 Policies and procedures for employee supervision and control.

A telecommunications carrier shall:

(a) Appoint a senior officer or employee responsible for ensuring that any interception of communications or access to call-identifying information effected within its switching premises can be activated only in accordance with a court order or other lawful authorization and with the affirmative intervention of an individual officer or employee of the carrier.

(1) This certification must include, at a minimum, the following information:

(i) The telephone number(s) and/or circuit identification numbers involved;

(ii) The start date and time that the carrier enables the interception of communications or access to call identifying information;

(2) This certification must be signed by the individual who is responsible for overseeing the interception of communications or access to call-identifying information and who is acting in accordance with the telecommunications carrier's policies established under § 1.20003. This individual will, by his/her signature, certify that the record is complete and accurate.

(3) This certification must be compiled either contemporaneously with, or within a reasonable period of time after the initiation of the interception of the communications or access to call-identifying information.

(4) A telecommunications carrier may satisfy the obligations of paragraph (a) of this section by requiring the individual who is responsible for

overseeing the interception of communication or access to call-identifying information and who is acting in accordance with the carriers' policies established under §1.20003 to sign the certification and append the appropriate legal authorization and any extensions that have been granted. This form of certification must at a minimum include all of the information listed in paragraph (a) of this section.

(b) A telecommunications carrier shall maintain the secure and accurate records set forth in paragraph (a) of this section for a reasonable period of time as determined by the carrier.

(c) It is the telecommunications carrier's responsibility to ensure its records are complete and accurate.

(d) Violation of this rule is subject to the penalties of §1.20008.

[71 FR 38108, July 5, 2006]

§1.20005 Submission of policies and procedures and Commission review.

(a) Each telecommunications carrier shall file with the Commission the policies and procedures it uses to comply with the requirements of this subchapter. These policies and procedures shall be filed with the Federal Communications Commission within 90 days of the effective date of these rules, and thereafter, within 90 days of a carrier's merger or divestiture or a carrier's amendment of its existing policies and procedures.

(b) The Commission shall review each telecommunications carrier's policies and procedures to determine whether they comply with the requirements of §§1.20003 and 1.20004.

(1) If, upon review, the Commission determines that a telecommunications carrier's policies and procedures do not comply with the requirements established under §§1.20003 and 1.20004, the telecommunications carrier shall modify its policies and procedures in accordance with an order released by the Commission.

(2) The Commission shall review and order modification of a telecommunications carrier's policies and procedures as may be necessary to insure compliance by telecommunications carriers with the requirements of the regulations prescribed under §§1.20003 and 1.20004.

[71 FR 38108, July 5, 2006]

§1.20006 Assistance capability requirements.

(a) Telecommunications carriers shall provide to a Law Enforcement Agency the assistance capability requirements of CALEA regarding wire and electronic communications and call-identifying information, see 47 U.S.C. 1002. A carrier may satisfy these requirements by complying with publicly available technical requirements or standards adopted by an industry association or standard-setting organization, such as J–STD–025 (current version), or by the Commission.

(b) Telecommunications carriers shall consult, as necessary, in a timely fashion with manufacturers of its telecommunications transmission and switching equipment and its providers of telecommunications support services for the purpose of ensuring that current and planned equipment, facilities, and services comply with the assistance capability requirements of 47 U.S.C. 1002.

(c) A manufacturer of telecommunications transmission or switching equipment and a provider of telecommunications support service shall, on a reasonably timely basis and at a reasonable charge, make available to the telecommunications carriers using its equipment, facilities, or services such features or modifications as are necessary to permit such carriers to comply with the assistance capability requirements of 47 U.S.C. 1002.

§1.20007 Additional assistance capability requirements for wireline, cellular, and PCS telecommunications carriers.

(a) *Definition*—(1) *Call-identifying information*. Call identifying information means dialing or signaling information that identifies the origin, direction, destination, or termination of each communication generated or received by a subscriber by means of any equipment, facility, or service of a telecommunications carrier. Call-identifying information is ''reasonably available'' to a carrier if it is present at an intercept access point and can be made

available without the carrier being unduly burdened with network modifications.

(2) *Collection function.* The location where lawfully authorized intercepted communications and call-identifying information is collected by a law enforcement agency (LEA).

(3) *Content of subject-initiated conference calls.* Capability that permits a LEA to monitor the content of conversations by all parties connected via a conference call when the facilities under surveillance maintain a circuit connection to the call.

(4) *Destination.* A party or place to which a call is being made (e.g., the called party).

(5) Dialed digit extraction. Capability that permits a LEA to receive on the call data channel digits dialed by a subject after a call is connected to another carrier's service for processing and routing.

(6) *Direction.* A party or place to which a call is re-directed or the party or place from which it came, either incoming or outgoing (e.g., a redirected-to party or redirected-from party).

(7) *IAP.* Intercept access point is a point within a carrier's system where some of the communications or call-identifying information of an intercept subject's equipment, facilities, and services are accessed.

(8) *In-band and out-of-band signaling.* Capability that permits a LEA to be informed when a network message that provides call identifying information (e.g., ringing, busy, call waiting signal, message light) is generated or sent by the IAP switch to a subject using the facilities under surveillance. Excludes signals generated by customer premises equipment when no network signal is generated.

(9) *J–STD–025.* The standard, including the latest version, developed by the Telecommunications Industry Association (TIA) and the Alliance for Telecommunications Industry Solutions (ATIS) for wireline, cellular, and broadband PCS carriers. This standard defines services and features to support lawfully authorized electronic surveillance, and specifies interfaces necessary to deliver intercepted communications and call-identifying information to a LEA. Subsequently, TIA and ATIS published J–STD–025–A and J–STD–025–B.

(10) *Origin.* A party initiating a call (e.g., a calling party), or a place from which a call is initiated.

(11) *Party hold, join, drop on conference calls.* Capability that permits a LEA to identify the parties to a conference call conversation at all times.

(12) *Subject-initiated dialing and signaling information.* Capability that permits a LEA to be informed when a subject using the facilities under surveillance uses services that provide call identifying information, such as call forwarding, call waiting, call hold, and three-way calling. Excludes signals generated by customer premises equipment when no network signal is generated.

(13) *Termination.* A party or place at the end of a communication path (e.g. the called or call-receiving party, or the switch of a party that has placed another party on hold).

(14) *Timing information.* Capability that permits a LEA to associate call-identifying information with the content of a call. A call-identifying message must be sent from the carrier's IAP to the LEA's Collection Function within eight seconds of receipt of that message by the IAP at least 95% of the time, and with the call event time-stamped to an accuracy of at least 200 milliseconds.

(b) In addition to the requirements in §1.20006, wireline, cellular, and PCS telecommunications carriers shall provide to a LEA the assistance capability requirements regarding wire and electronic communications and call identifying information covered by J–STD–025 (current version), and, subject to the definitions in this section, may satisfy these requirements by complying with J–STD–025 (current version), or by another means of their own choosing. These carriers also shall provide to a LEA the following capabilities:

(1) Content of subject-initiated conference calls;

(2) Party hold, join, drop on conference calls;

(3) Subject-initiated dialing and signaling information;

(4) In-band and out-of-band signaling;

(5) Timing information;

(6) Dialed digit extraction, with a toggle feature that can activate/deactivate this capability.

§ 1.20008 Penalties.

In the event of a telecommunications carrier's violation of this subchapter, the Commission shall enforce the penalties articulated in 47 U.S.C. 503(b) of the Communications Act of 1934 and 47 CFR 1.80.

(c) *Apportioning Package Bids.* If the public notice establishing detailed competitive bidding procedures adopts procedures for bidding for support on combinations or packages of geographic areas, the public notice also shall establish a methodology for apportioning such bids among the geographic areas within the combination or package for purposes of implementing any Commission rule or procedure that requires a discrete bid for support in relation to a specific geographic area.

(d) *Public Notice of Competitive Bidding Results.* After the conclusion of competitive bidding, a public notice shall identify the winning bidders that may apply for the offered universal service support and the amount(s) of support for which they may apply, and shall detail the application procedures.

§ 1.21004 Winning bidder's obligation to apply for support

Subpart BB—Disturbance of AM Broadcast Station Antenna Patterns

SOURCE: 78 FR 66295, Nov. 5, 2013, as amended at 78 FR 70499, Nov. 26, 2013, unless otherwise noted.

§ 1.30000 Purpose.

This rule part protects the operations of AM broadcast stations from nearby tower construction that may distort the AM antenna patterns. All parties holding or applying for Commission authorizations that propose to construct or make a significant modification to an antenna tower or support structure in the immediate vicinity of an AM antenna, or propose to install an antenna on an AM tower, are responsible for completing the analysis and notice process described in this subpart, and for taking any measures necessary to correct disturbances of the AM radiation pattern, if such disturbances occur as a result of the tower construction or modification or

as a result of the installation of an antenna on an AM tower. In the event these processes are not completed before an antenna structure is constructed, any holder of or applicant for a Commission authorization is responsible for completing these processes before locating or proposing to locate an antenna on the structure, as described in this subpart.

§ 1.30001 Definitions.

For purposes of this subpart:

(a) *Wavelength at the AM frequency*. In this subpart, critical distances from an AM station are described in terms of the AM wavelength. The AM wavelength, expressed in meters, is computed as follows:

(300 meters)/(AM frequency in megahertz) = AM wavelength in meters.

For example, at the AM frequency of 1000 kHz, or 1 MHz, the wavelength is (300/1 MHz) = 300 meters.

(b) *Electrical degrees at the AM frequency*. This term describes the height of a proposed tower as a function of the frequency of a nearby AM station. To compute tower height in electrical degrees, first determine the AM wavelength in meters as described in paragraph (a) of this section. Tower height in electrical degrees is computed as follows: (Tower height in meters)/(AM wavelength in meters) × 360 degrees = Tower height in electrical degrees. For example, if the AM frequency is 1000 kHz, then the wavelength is 300 meters, per paragraph (a) of this section. A nearby tower 75 meters tall is therefore [75/300] × 360 = 90 electrical degrees tall at the AM frequency.

(c) *Proponent*. The term proponent refers in this section to the party proposing tower construction or significant modification of an existing tower or proposing installation of an antenna on an AM tower.

(d) *Distance from the AM station*. The distance shall be calculated from the tower coordinates in the case of a nondirectional AM station, or from the array center coordinates given in CDBS or any successor database for a directional AM station.

§ 1.30002 Tower construction or modification near AM stations.

(a) Proponents of construction or significant modification of a tower which is within one wavelength of a nondirectional AM station, and is taller than 60 electrical degrees at the AM frequency, must notify the AM station at least 30 days in advance of the commencement of construction. The proponent shall examine the potential impact of the construction or modification as described in paragraph (c) of this section. If the construction or modification would distort the radiation pattern by more than 2 dB, the proponent shall be responsible for the installation and maintenance of any detuning apparatus necessary to restore proper operation of the nondirectional antenna.

(b) Proponents of construction or significant modification of a tower which is within the lesser of 10 wavelengths or 3 kilometers of a directional AM station, and is taller than 36 electrical degrees at the AM frequency, must notify the AM station at least 30 days in advance of the commencement of construction. The proponent shall examine the potential impact of the construction or modification as described in paragraph (c) of this section. If the construction or modification would result in radiation in excess of the AM station's licensed standard pattern or augmented standard pattern values, the proponent shall be responsible for the installation and maintenance of any detuning apparatus necessary to restore proper operation of the directional antenna.

(c) Proponents of construction or significant modification of a tower within the distances defined in paragraphs (a) and (b) of this section of an AM station shall examine the potential effects thereof using a moment method analysis. The moment method analysis shall consist of a model of the AM antenna together with the potential reradiating tower in a lossless environment. The model shall employ the methodology specified in §73.151(c) of this chapter, except that the AM antenna elements may be modeled as a series of thin wires driven to produce the required radiation pattern, without any requirement for measurement of tower impedances.

(d) A significant modification of a tower in the immediate vicinity of an AM station is defined as follows:

(1) Any change that would alter the tower's physical height by 5 electrical degrees or more at the AM frequency; or

(2) The addition or replacement of one or more antennas or transmission lines on a tower that has been detuned or base-insulated.

(e) The addition or modification of an antenna or antenna-supporting structure on a building shall be considered a construction or modification subject to the analysis and notice requirements of this subpart if and only if the height of the antenna-supporting structure alone exceeds the thresholds in paragraphs (a) and (b) of this section.

(f) With respect to an AM station that was authorized pursuant to a directional proof of performance based on field strength measurements, the proponent of the tower construction or modification may, in lieu of the study described in paragraph (c) of this section, demonstrate through measurements taken before and after construction that field strength values at the monitoring points do not exceed the licensed values. In the event that the pre-construction monitoring point values exceed the licensed values, the proponent may demonstrate that post-construction monitoring point values do not exceed the pre-construction values. Alternatively, the AM station may file for authority to increase the relevant monitoring-point value after performing a partial proof of performance in accordance with §73.154 to establish that the licensed radiation limit on the applicable radial is not exceeded.

(g) Tower construction or modification that falls outside the criteria described in the preceding paragraphs is presumed to have no significant effect on an AM station. In some instances, however, an AM station may be affected by tower construction or modification notwithstanding the criteria set forth above. In such cases, an AM station may submit a showing that its operation has been affected by tower construction or modification. Such a showing shall consist of either a moment method analysis as described in paragraph (c) of this section, or of field strength measurements. The showing shall be provided to:

(1) The tower proponent if the showing relates to a tower that has not yet been constructed or modified and otherwise to the current tower owner; and

(2) To the Commission, within two years after the date of completion of the tower construction or modification. If necessary, the Commission shall direct the tower proponent or tower owner, if the tower proponent or tower owner holds a Commission authorization, to install and maintain any detuning apparatus necessary to restore proper operation of the AM antenna. An applicant for a Commission authorization may not propose, and a party holding a Commission authorization may not locate, an antenna on any tower or support structure that has been shown to affect an AM station's operation pursuant to this subparagraph, or for which a disputed showing of effect on an AM station's operation is pending, unless the applicant, party, or tower owner notifies the AM station and takes appropriate action to correct the disturbance to the AM pattern.

(h) An AM station may submit a showing that its operation has been affected by tower construction or modification that was commenced or completed prior to or on the effective date of the rules adopted in this Part pursuant to MM Docket No. 93–177. Such a showing shall consist of either a moment method analysis as described in paragraph (c) of this section, or of field strength measurements. The showing shall be provided to the current tower owner and the Commission within one year of the effective date of the rules adopted in this Part pursuant to MM Docket No. 93–177. If necessary, the Commission shall direct the tower owner, if the tower owner holds a Commission authorization, to install and maintain any detuning apparatus necessary to restore proper operation of the AM antenna.

(i) An applicant for a Commission authorization may not propose, and a party holding a Commission authorization may not locate, an antenna on any tower or support structure, whether constructed before or after December 5,

2013, that meets the criteria in paragraphs (a) and (b) of this section, unless the analysis and notice process described in this subpart, and any necessary measures to correct disturbances of the AM radiation pattern, have been completed by the tower owner, the party proposing to locate the antenna, or any other party, either prior to construction or at any other time prior to the proposal or antenna location.

[78 FR 66295, Nov. 5, 2013]

§ 1.30003 Installations on an AM antenna.

(a) *Installations on a nondirectional AM tower.* When antennas are installed on a nondirectional AM tower the AM station shall determine the operating power by the indirect method (see §73.51 of this chapter). Upon completion of the installation, antenna impedance measurements on the AM antenna shall be made. If the resistance of the AM antenna changes by more than 2 percent (see §73.45(c)(1) of this chapter), an application on FCC Form 302–AM (including a tower sketch of the installation) shall be filed with the Commission for the AM station to return to direct power measurement.

(b) *Installations on a directional AM array.* Before antennas are installed on a tower in a directional AM array, the proponent shall notify the AM station so that, if necessary, the AM station may determine operating power by the indirect method (see §73.51 of this chapter) and request special temporary authority pursuant to §73.1635 of this chapter to operate with parameters at variance.

(1) For AM stations licensed via field strength measurements (see §73.151(a)), a partial proof of performance as defined by §73.154 of this chapter shall be conducted by the tower proponent both before and after construction to establish that the AM array will not be and has not been adversely affected. If the operating parameters of the AM array change following the installation, the results of the partial proof of performance shall be filed by the AM station with the Commission on Form 302–AM.

(2) For AM stations licensed via a moment method proof (see §73.151(c) of this chapter), a base impedance measurement on the tower being modified shall be made by the tower proponent as described in §73.151(c)(1). The result of the new tower impedance measurement shall be retained in the station's records. If the new measured base resistance and reactance values of the affected tower differ by more than ±2 ohms and ±4 percent from the corresponding modeled resistance and reactance values contained in the last moment method proof, then the station shall file Form 302–AM. The Form 302–AM shall be accompanied by the new impedance measurements for the modified tower and a new moment method model for each pattern in which the tower is a radiating element. Base impedance measurements for other towers in the array, sampling system measurements, and reference field strength measurements need not be repeated. The procedures described in this paragraph may be used as long as the affected tower continues to meet the requirements for moment method proofing after the modification.

(c) *Form 302–AM Filing.* When the AM station is required to file Form 302–AM following an installation as set forth in paragraphs (a) and (b) of this section, the Form 302–AM shall be filed before or simultaneously with any license application associated with the installation. If no license application is filed as a result of the installation, the Form 302–AM shall be filed within 30 days after the completion of the installation.

§ 1.30004 Notice of tower construction or modification near AM stations.

(a) Proponents of proposed tower construction or significant modification to an existing tower near an AM station that are subject to the notification requirement in §§1.30002 and 1.30003 shall provide notice of the proposed tower construction or modification to the AM station at least 30 days prior to commencement of the planned tower construction or modification. Notice shall be provided to any AM station that is licensed or operating under Program Test Authority using the official licensee information and address listed

in CDBS or any successor database. Notification to an AM station and any responses may be oral or written. If such notification and/or response is oral, the party providing such notification or response must supply written documentation of the communication and written documentation of the date of communication upon request of the other party to the communication or the Commission. Notification must include the relevant technical details of the proposed tower construction or modification. At a minimum, the notification should include the following:

(1) Proponent's name and address. Coordinates of the tower to be constructed or modified.

(2) Physical description of the planned structure.

(3) Results of the analysis showing the predicted effect on the AM pattern, if performed.

(b) Response to a notification should be made as quickly as possible, even if no technical problems are anticipated. Any response to a notification indicating a potential disturbance of the AM radiation pattern must specify the technical details and must be provided to the proponent within 30 days. If no response to notification is received within 30 days, the proponent may proceed with the proposed tower construction or modification.

(c) The 30-day response period is calculated from the date of receipt of the notification by the AM station. If notification is by mail, this date may be ascertained by:

(1) The return receipt on certified mail;

(2) The enclosure of a card to be dated and returned by the recipient; or

(3) A conservative estimate of the time required for the mail to reach its destination, in which case the estimated date when the 30-day period would expire shall be stated in the notification.

(d) An expedited notification period (less than 30 days) may be requested when deemed necessary by the proponent. The notification shall be identified as ''expedited'' and the requested response date shall be clearly indicated. The proponent may proceed with the proposed tower construction or modification prior to the expiration of the 30-day notification period only upon receipt of written concurrence from the affected AM station (or oral concurrence, with written confirmation to follow).

(e) To address immediate and urgent communications needs in the event of an emergency situation involving essential public services, public health, or public welfare, a tower proponent may erect a temporary new tower or make a temporary significant modification to an existing tower without prior notice to potentially affected nearby AM stations, provided that the tower proponent shall provide written notice to such AM stations within five days of the construction or modification of the tower and shall cooperate with such AM stations to promptly remedy any pattern distortions that arise as a consequence of such construction.

Subpart CC—State and Local Review of Applications for Wireless Service Facility Modification

SOURCE: 80 FR 1269, Jan. 8, 2015, unless otherwise noted.

§ 1.40001 Wireless Facility Modifications.

(a) *Purpose.* These rules implement section 6409 of the Spectrum Act (codified at 47 U.S.C. 1455), which requires a State or local government to approve any eligible facilities request for a modification of an existing tower or base station that does not substantially change the physical dimensions of such tower or base station.

(b) *Definitions.* Terms used in this section have the following meanings.

(1) *Base station.* A structure or equipment at a fixed location that enables Commission-licensed or authorized wireless communications between user equipment and a communications network. The term does not encompass a tower as defined in this subpart or any equipment associated with a tower.

(i) The term includes, but is not limited to, equipment associated with wireless communications services such as private, broadcast, and public safety

services, as well as unlicensed wireless services and fixed wireless services such as microwave backhaul.

(ii) The term includes, but is not limited to, radio transceivers, antennas, coaxial or fiber-optic cable, regular and backup power supplies, and comparable equipment, regardless of technological configuration (including Distributed Antenna Systems and small-cell networks).

(iii) The term includes any structure other than a tower that, at the time the relevant application is filed with the State or local government under this section, supports or houses equipment described in paragraphs (b)(1)(i) through (ii) of this section that has been reviewed and approved under the applicable zoning or siting process, or under another State or local regulatory review process, even if the structure was not built for the sole or primary purpose of providing such support.

(iv) The term does not include any structure that, at the time the relevant application is filed with the State or local government under this section, does not support or house equipment described in paragraphs (b)(1)(i)–(ii) of this section.

(2) *Collocation.* The mounting or installation of transmission equipment on an eligible support structure for the purpose of transmitting and/or receiving radio frequency signals for communications purposes.

(3) *Eligible facilities request.* Any request for modification of an existing tower or base station that does not substantially change the physical dimensions of such tower or base station, involving:

(i) Collocation of new transmission equipment;

(ii) Removal of transmission equipment; or

(iii) Replacement of transmission equipment.

(4) *Eligible support structure.* Any tower or base station as defined in this section, provided that it is existing at the time the relevant application is filed with the State or local government under this section.

(5) *Existing.* A constructed tower or base station is existing for purposes of this section if it has been reviewed and approved under the applicable zoning or siting process, or under another State or local regulatory review process, provided that a tower that has not been reviewed and approved because it was not in a zoned area when it was built, but was lawfully constructed, is existing for purposes of this definition.

(6) *Site.* For towers other than towers in the public rights-of-way, the current boundaries of the leased or owned property surrounding the tower and any access or utility easements currently related to the site, and, for other eligible support structures, further restricted to that area in proximity to the structure and to other transmission equipment already deployed on the ground.

(7) *Substantial change.* A modification substantially changes the physical dimensions of an eligible support structure if it meets any of the following criteria:

(i) For towers other than towers in the public rights-of-way, it increases the height of the tower by more than 10% or by the height of one additional antenna array with separation from the nearest existing antenna not to exceed twenty feet, whichever is greater; for other eligible support structures, it increases the height of the structure by more than 10% or more than ten feet, whichever is greater;

(A) Changes in height should be measured from the original support structure in cases where deployments are or will be separated horizontally, such as on buildings' rooftops; in other circumstances, changes in height should be measured from the dimensions of the tower or base station, inclusive of originally approved appurtenances and any modifications that were approved prior to the passage of the Spectrum Act.

(ii) For towers other than towers in the public rights-of-way, it involves adding an appurtenance to the body of the tower that would protrude from the edge of the tower more than twenty feet, or more than the width of the tower structure at the level of the appurtenance, whichever is greater; for other eligible support structures, it involves adding an appurtenance to the body of the structure that would protrude from the edge of the structure by more than six feet;

(iii) For any eligible support structure, it involves installation of more than the standard number of new equipment cabinets for the technology involved, but not to exceed four cabinets; or, for towers in the public rights-of-way and base stations, it involves installation of any new equipment cabinets on the ground if there are no pre-existing ground cabinets associated with the structure, or else involves installation of ground cabinets that are more than 10% larger in height or overall volume than any other ground cabinets associated with the structure;

(iv) It entails any excavation or deployment outside the current site;

(v) It would defeat the concealment elements of the eligible support structure; or

(vi) It does not comply with conditions associated with the siting approval of the construction or modification of the eligible support structure or base station equipment, provided however that this limitation does not apply to any modification that is non-compliant only in a manner that would not exceed the thresholds identified in §1.40001(b)(7)(i) through (iv).

(8) *Transmission equipment.* Equipment that facilitates transmission for any Commission-licensed or authorized wireless communication service, including, but not limited to, radio transceivers, antennas, coaxial or fiber-optic cable, and regular and backup power supply. The term includes equipment associated with wireless communications services including, but not limited to, private, broadcast, and public safety services, as well as unlicensed wireless services and fixed wireless services such as microwave backhaul.

(9) *Tower.* Any structure built for the sole or primary purpose of supporting any Commission-licensed or authorized antennas and their associated facilities, including structures that are constructed for wireless communications services including, but not limited to, private, broadcast, and public safety services, as well as unlicensed wireless services and fixed wireless services such as microwave backhaul, and the associated site.

(c) *Review of applications.* A State or local government may not deny and shall approve any eligible facilities request for modification of an eligible support structure that does not substantially change the physical dimensions of such structure.

(1) *Documentation requirement for review.* When an applicant asserts in writing that a request for modification is covered by this section, a State or local government may require the applicant to provide documentation or information only to the extent reasonably related to determining whether the request meets the requirements of this section. A State or local government may not require an applicant to submit any other documentation, including but not limited to documentation intended to illustrate the need for such wireless facilities or to justify the business decision to modify such wireless facilities.

(2) *Timeframe for review.* Within 60 days of the date on which an applicant submits a request seeking approval under this section, the State or local government shall approve the application unless it determines that the application is not covered by this section.

(3) *Tolling of the timeframe for review.* The 60-day period begins to run when the application is filed, and may be tolled only by mutual agreement or in cases where the reviewing State or local government determines that the application is incomplete. The timeframe for review is not tolled by a moratorium on the review of applications.

(i) To toll the timeframe for incompleteness, the reviewing State or local government must provide written notice to the applicant within 30 days of receipt of the application, clearly and specifically delineating all missing documents or information. Such delineated information is limited to documents or information meeting the standard under paragraph (c)(1) of this section.

(ii) The timeframe for review begins running again when the applicant makes a supplemental submission in response to the State or local government's notice of incompleteness.

(iii) Following a supplemental submission, the State or local government will have 10 days to notify the applicant that the supplemental submission

did not provide the information identified in the original notice delineating missing information. The timeframe is tolled in the case of second or subsequent notices pursuant to the procedures identified in this paragraph (c)(3). Second or subsequent notices of incompleteness may not specify missing documents or information that were not delineated in the original notice of incompleteness.

(4) *Failure to act.* In the event the reviewing State or local government fails to approve or deny a request seeking approval under this section within the timeframe for review (accounting for any tolling), the request shall be deemed granted. The deemed grant does not become effective until the applicant notifies the applicable reviewing authority in writing after the review period has expired (accounting for any tolling) that the application has been deemed granted.

(5) *Remedies.* Applicants and reviewing authorities may bring claims related to Section 6409(a) to any court of competent jurisdiction.

EFFECTIVE DATE NOTE: At 80 FR 1269, Jan. 8, 2015, §1.40001 was added. Paragraphs 1.40001(c)(3)(i), (iii), and (c)(4) contain information collection and recordkeeping requirements and will not become effective until approval has been given by the Office of Management and Budget.

APPENDIX A TO PART 1—A PLAN OF COOPERATIVE PROCEDURE IN MATTERS AND CASES UNDER THE PROVISIONS OF SECTION 410 OF THE COMMUNICATIONS ACT OF 1934

(Approved by the Federal Communications Commission October 25, 1938, and approved by the National Association of Railroad and Utilities Commissioners on November 17, 1938.)

PRELIMINARY STATEMENT CONCERNING THE PURPOSE AND EFFECT OF THE PLAN

Section 410 of the Communications Act of 1934 authorizes cooperation between the Federal Communications Commission, hereinafter called the Federal Commission, and the State commissions of the several States, in the administration of said Act. Subsection (a) authorizes the reference of any matter arising in the administration of said Act to a board to be composed of a member or members from each of the States in which the wire, or radio communication affected by or involved in the proceeding takes place, or is proposed. Subsection (b) authorizes conferences by the Federal Commission with State commissions regarding the relationship between rate structures, accounts, charges, practices, classifications, and regulations of carriers subject to the jurisdiction of such State commissions and of said Federal Commission and joint hearings with State commissions in connection with any matter with respect to which the Federal Commission is authorized to act.

Obviously, it is impossible to determine in advance what matters should be the subject of a conference, what matters should be referred to a board, and what matters should be heard at a joint hearing of State commissions and the Federal Commission. It is understood, therefore, that the Federal Commission or any State commission will freely suggest cooperation with respect to any proceedings or matter affecting any carrier subject to the jurisdiction of said Federal Commission and of a State commission, and concerning which it is believed that cooperation will be in the public interest.

To enable this to be done, whenever a proceeding shall be instituted before any commission, Federal or State, in which another commission is believed to be interested, notice should be promptly given each such interested commission by the commission before which the proceeding has been instituted. Inasmuch, however, as failure to give notice as contemplated by the provisions of this plan will sometimes occur purely through inadvertence, any such failure should not operate to deter any commission from suggesting that any such proceeding be made the subject matter of cooperative action, if cooperation therein is deemed desirable.

It is understood that each commission whether or not represented in the National Association of Railroad and Utilities Commissioners, must determine its own course of action with respect to any proceeding in the light of the law under which, at any given time, it is called upon to act, and must be guided by its own views of public policy; and that no action taken by such Association can in any respect prejudice such freedom of action. The approval by the Association of this plan of cooperative procedure, which was jointly prepared by the Association's standing Committee on Cooperation between Federal and State commissions and said Federal Commission, is accordingly recommendatory only; but such plan is designed to be, and it is believed that it will be, a helpful step in the promotion of cooperative relations between the State commissions and said Federal Commission.

NOTICE OF INSTITUTION OF PROCEEDING

Whenever there shall be instituted before the Federal Commission any proceeding involving the rates of any telephone or telegraph carrier, the State commissions of the States affected thereby will be notified immediately thereof by the Federal Commission, and each notice given a State commission will advise such commission that, if it deems the proceeding one which should be considered under the cooperative provisions of the Act, it should either directly or through the National Association of Railroad and Utilities Commissioners, notify the Federal Commission as to the nature of its interest in said matter and request a conference, the creation of a joint board, or a joint hearing as may be desired, indicating its preference and the reasons therefor. Upon receipt of such request the Federal Commission will consider the same and may confer with the commission making the request and with other interested commission, or with representatives of the National Association of Railroad and Utilities Commissioners, in such manner as may be most suitable; and if cooperation shall appear to be practicable and desirable, shall so advise each interested State commission, directly, when such cooperation will be by joint conference or by reference to a joint board appointed under said sec. 410 (a), and, as hereinafter provided, when such cooperation will be by a joint hearing under said sec. 410(b).

Each State commission should in like manner notify the Federal Commission of any proceeding instituted before it involving the toll telephone rates or the telegraph rates of any carrier subject to the jurisdiction of the Federal Commission.

PROCEDURE GOVERNING JOINT CONFERENCES

The Federal Commission, in accordance with the indicated procedure, will confer with any State commission regarding any matter relating to the regulation of public utilities subject to the jurisdiction of either commission. The commission desiring a conference upon any such matter should notify the other without delay, and thereupon the Federal Commission will promptly arrange for a conference in which all interested State commissions will be invited to be present.

PROCEDURE GOVERNING MATTERS REFERRED TO A BOARD

Whenever the Federal Commission, either upon its own motion or upon the suggestion of a State commission, or at the request of any interested party, shall determine that it is desirable to refer a matter arising in the administration of the Communications Act of 1934 to a board to be composed of a member or members from the State or States affected or to be affected by such matter, the procedure shall be as follows:

The Federal Commission will send a request to each interested State commission to nominate a specified number of members to serve on such board.

The representation of each State concerned shall be equal, unless one or more of the States affected chooses to waive such right of equal representation. When the member or members of any board have been nominated and appointed, in accordance with the provisions of the Communications Act of 1934, the Federal Commission will make an order referring the particular matter to such board, and such order shall fix the time and place of hearing, define the force and effect the action of the board shall have, and the manner in which its proceedings shall be conducted. The rules of practice and procedure, as from time to time adopted or prescribed by the Federal Commission, shall govern such board, as far as applicable.

PROCEDURE GOVERNING JOINT HEARINGS

Whenever the Federal Commission, either upon its own motion or upon suggestions made by or on behalf of any interested State commission or commissions, shall determine that a joint hearing under said sec. 410(b) is desirable in connection with any matter pending before said Federal Commission, the procedure shall be as follows:

(a) The Federal Commission will notify the general solicitor of the National Association of Railroad and Utilities Commissioners that said Association, or, if not more than eight States are within the territory affected by the proceeding, the State commissions interested, are invited to name Cooperating Commissioners to sit with the Federal Commission for the hearing and consideration of said proceeding.

(b) Upon receipt of any notice from said Federal Commission inviting cooperation, if not more than eight States are involved, the general solicitor shall at once advise the State commissions of said States, they being represented in the membership of the association, of the receipt of such notice, and shall request each such commission to give advice to him in writing, before a date to be indicated by him in his communication requesting such advice (1) whether such commission will cooperate in said proceeding, (2) if it will, by what commissioner it will be represented therein.

(c) Upon the basis of replies received, the general solicitor shall advise the Federal Commission what States, if any, are desirous of making the proceeding cooperative and by what commissioners they will be represented, and he shall give like advice to each State commission interested therein.

(d) If more than eight States are interested in the proceeding, because within territory for which rates will be under consideration therein, the general solicitor shall advise the

president of the association that the association is invited to name a cooperating committee of State commissioners representing the States interested in said proceeding.

The president of the association shall thereupon advise the general solicitor in writing (1) whether the invitation is accepted on behalf of the association, and (2) the names of commissioners selected to sit as a cooperating committee. The president of the association shall have the authority to accept or to decline said invitation for the association, and to determine the number of commissioners who shall be named on the cooperating committee, provided that his action shall be concurred in by the chairman of the association's executive committee. In the event of any failure of the president of the association and chairman of its executive committee to agree, the second vice president of the association (or the chairman of its committee on cooperation between State and Federal commissions, if there shall be no second vice president) shall be consulted, and the majority opinion of the three shall prevail. Consultations and expressions of opinion may be by mail or telegraph.

(e) If any proceeding, involving more than eight States, is pending before the Federal Commission, in which cooperation has not been invited by that Commission, which the association's president and the first and second vice presidents, or any two of them, consider should be made a cooperating proceeding, they may instruct the general solicitor to suggest to the Federal Commission that the proceeding be made a cooperative proceeding; and any State commission considering that said proceeding should be made cooperative may request the president of the association or the chairman of its executive committee to make such suggestion after consideration with the executive officers above named. If said Federal Commission shall assent to the suggestion, made as aforesaid, the president of the association shall have the same authority to proceed, and shall proceed in the appointment of a cooperating committee, as is provided in other cases involving more than eight States, wherein the Federal Commission has invited cooperation, and the invitation has been accepted.

(f) Whenever any case is pending before the Federal Commission involving eight States or less, which a commission of any of said States considers should be made cooperative, such commission, either directly or through the general solicitor of the association, may suggest to the Federal Commission that the proceeding be made cooperative. If said Federal Commission accedes to such suggestion, it will notify the general solicitor of the association to that effect and thereupon the general solicitor shall proceed as is provided in such case when the invitation has been made by the Federal Commission without State commission suggestion.

APPOINTMENT OF COOPERATING COMMISSIONERS BY THE PRESIDENT

In the appointment of any cooperating committee, the president of the association shall make appointments only from commissions of the States interested in the particular proceeding in which the committee is to serve. He shall exercise his best judgment to select cooperating commissioners who are especially qualified to serve upon cooperating committees by reason of their ability and fitness; and in no case shall he appoint a commissioner upon a cooperating committee until he shall have been advised by such commissioner that it will be practicable for him to attend the hearings in the proceeding in which the committee is to serve, including the arguments therein, and the cooperative conferences, which may be held following the submission of the proceeding, to an extent that will reasonably enable him to be informed upon the issues in the proceeding and to form a reasonable judgment in the matters to be determined.

TENURE OF COOPERATORS

(a) No State commissioner shall sit in a cooperative proceeding under this plan except a commissioner who has been selected by his commission to represent it in a proceeding involving eight States or less, or has been selected by the president of the association to sit in a case involving more than eight States, in the manner hereinbefore provided.

(b) A commissioner who has been selected, as hereinbefore provided, to serve as a member of a cooperating committee in any proceeding, shall without further appointment, and without regard to the duration of time involved, continue to serve in said proceeding until the final disposition thereof, including hearings and conferences after any order or reopening, provided that he shall continue to be a State commissioner.

(c) No member of a cooperating committee shall have any right or authority to designate another commissioner to serve in his place at any hearing or conference in any proceeding in which he has been appointed to serve.

(d) Should a vacancy occur upon any cooperating committee, in a proceeding involving more than eight States, by reason of the death of any cooperating commissioner, or of his ceasing to be a State commissioner, or of other inability to serve, it shall be the duty of the president of the association to fill the vacancy by appointment, if, after communication with the chairman of the cooperating committee, it be deemed necessary to fill such vacancy.

(e) In the event of any such vacancy occurring upon a cooperating committee involving

not more than eight States, the vacancy shall be filled by the commission from which the vacancy occurs.

COOPERATING COMMITTEE TO DETERMINE RESPECTING ANY REPORT OF STATEMENT OF ITS ATTITUDE

(a) Whenever a cooperating committee shall have concluded its work, or shall deem such course advisable, the committee shall consider whether it is necessary and desirable to make a report to the interested State commissions, and, if it shall determine to make a report, it shall cause the same to be distributed through the secretary of the association, or through the general solicitor to all interested commissions.

(b) If a report of the Federal Commission will accompany any order to be made in said proceeding, the Federal Commission will state therein the concurrence or nonconcurrence of said cooperating committee in the decision or order of said Federal Commission.

CONSTRUCTION HEREOF IN CERTAIN RESPECTS EXPRESSLY PROVIDED

It is understood and provided that no State or States shall be deprived of the right of participation and cooperation as hereinbefore provided because of nonmembership in the association. With respect to any such State or States, all negotiations herein specified to be carried on between the Federal Commission and any officer of such association shall be conducted by the Federal Commission directly with the chairman of the commission of such State or States.

APPENDIX B TO PART 1—NATIONWIDE PROGRAMMATIC AGREEMENT FOR THE COLLOCATION OF WIRELESS ANTENNAS

NATIONWIDE PROGRAMMATIC AGREEMENT FOR THE COLLOCATION OF WIRELESS ANTENNAS

EXECUTED BY THE FEDERAL COMMUNICATIONS COMMISSION, THE NATIONAL CONFERENCE OF STATE HISTORIC PRESERVATION OFFICERS AND THE ADVISORY COUNCIL ON HISTORIC PRESERVATION

Whereas, the Federal Communications Commission (FCC) establishes rules and procedures for the licensing of wireless communications facilities in the United States and its Possessions and Territories; and,

Whereas, the FCC has largely deregulated the review of applications for the construction of individual wireless communications facilities and, under this framework, applicants are required to prepare an Environmental Assessment (EA) in cases where the applicant determines that the proposed facility falls within one of certain environmental categories described in the FCC's rules (47 CFR 1.1307), including situations which may affect historical sites listed or eligible for listing in the National Register of Historic Places (''National Register''); and,

Whereas, Section 106 of the National Historic Preservation Act (16 U.S.C. 470 *et seq.*) (''the Act'') requires federal agencies to take into account the effects of their undertakings on historic properties and to afford the Advisory Council on Historic Preservation (Council) a reasonable opportunity to comment; and,

Whereas, Section 800.14(b) of the Council's regulations, ''Protection of Historic Properties'' (36 CFR 800.14(b)), allows for programmatic agreements to streamline and tailor the Section 106 review process to particular federal programs; and,

Whereas, in August 2000, the Council established a Telecommunications Working Group to provide a forum for the FCC, Industry representatives, State Historic Preservation Officers (SHPOs) and Tribal Historic Preservation Officers (THPOs), and the Council to discuss improved coordination of Section 106 compliance regarding wireless communications projects affecting historic properties; and,

Whereas, the FCC, the Council and the Working Group have developed this Collocation Programmatic Agreement in accordance with 36 CFR 800.14(b) to address the Section 106 review process as it applies to the collocation of antennas (collocation being defined in Stipulation I.A below); and,

Whereas, the FCC encourages collocation of antennas where technically and economically feasible, in order to reduce the need for new tower construction; and,

Whereas, the parties hereto agree that the effects on historic properties of collocations of antennas on towers, buildings and structures are likely to be minimal and not adverse, and that in the cases where an adverse effect might occur, the procedures provided and referred to herein are proper and sufficient, consistent with Section 106, to assure that the FCC will take such effects into account; and

Whereas, the execution of this Nationwide Collocation Programmatic Agreement will streamline the Section 106 review of collocation proposals and thereby reduce the need for the construction of new towers, thereby reducing potential effects on historic properties that would otherwise result from the construction of those unnecessary new towers; and,

Whereas, the FCC and the Council have agreed that these measures should be incorporated into a Nationwide Programmatic Agreement to better manage the Section 106 consultation process and streamline reviews for collocation of antennas; and,

Whereas, since collocations reduce both the need for new tower construction and the potential for adverse effects on historic properties, the parties hereto agree that the terms of this Agreement should be interpreted and implemented wherever possible in ways that encourage collocation; and

Whereas, the parties hereto agree that the procedures described in this Agreement are, with regard to collocations as defined herein, a proper substitute for the FCC's compliance with the Council's rules, in accordance and consistent with Section 106 of the National Historic Preservation Act and its implementing regulations found at 36 CFR part 800; and

Whereas, the FCC has consulted with the National Conference of State Historic Preservation Officers (NCSHPO) and requested the President of NCSHPO to sign this Nationwide Collocation Programmatic Agreement in accordance with 36 CFR Section 800.14(b)(2)(iii); and,

Whereas, the FCC sought comment from Indian tribes and Native Hawaiian Organizations regarding the terms of this Nationwide Programmatic Agreement by letters of January 11, 2001 and February 8, 2001; and,

Whereas, the terms of this Programmatic Agreement do not apply on ''tribal lands'' as defined under Section 800.16(x) of the Council's regulations, 36 CFR 800.16(x) (''Tribal lands means all lands within the exterior boundaries of any Indian reservation and all dependent Indian communities.''); and,

Whereas, the terms of this Programmatic Agreement do not preclude Indian tribes or Native Hawaiian Organizations from consulting directly with the FCC or its licensees, tower companies and applicants for antenna licenses when collocation activities off tribal lands may affect historic properties of religious and cultural significance to Indian tribes or Native Hawaiian organizations; and,

Whereas, the execution and implementation of this Nationwide Collocation Programmatic Agreement will not preclude members of the public from filing complaints with the FCC or the Council regarding adverse effects on historic properties from any existing tower or any activity covered under the terms of this Programmatic Agreement.

Now therefore, the FCC, the Council, and NCSHPO agree that the FCC will meet its Section 106 compliance responsibilities for the collocation of antennas as follows.

STIPULATIONS

The FCC, in coordination with licensees, tower companies and applicants for antenna licenses, will ensure that the following measures are carried out.

I. DEFINITIONS

For purposes of this Nationwide Programmatic Agreement, the following definitions apply.

A. ''Collocation'' means the mounting or installation of an antenna on an existing tower, building or structure for the purpose of transmitting and/or receiving radio frequency signals for communications purposes.

B. ''Tower'' is any structure built for the sole or primary purpose of supporting FCC-licensed antennas and their associated facilities.

C.''Substantial increase in the size of the tower'' means:

(1) The mounting of the proposed antenna on the tower would increase the existing height of the tower by more than 10%, or by the height of one additional antenna array with separation from the nearest existing antenna not to exceed twenty feet, whichever is greater, except that the mounting of the proposed antenna may exceed the size limits set forth in this paragraph if necessary to avoid interference with existing antennas; or

(2) The mounting of the proposed antenna would involve the installation of more than the standard number of new equipment cabinets for the technology involved, not to exceed four, or more than one new equipment shelter; or

(3) The mounting of the proposed antenna would involve adding an appurtenance to the body of the tower that would protrude from the edge of the tower more than twenty feet, or more than the width of the tower structure at the level of the appurtenance, whichever is greater, except that the mounting of the proposed antenna may exceed the size limits set forth in this paragraph if necessary to shelter the antenna from inclement weather or to connect the antenna to the tower via cable; or

(4) The mounting of the proposed antenna would involve excavation outside the current tower site, defined as the current boundaries of the leased or owned property surrounding the tower and any access or utility easements currently related to the site.

II. APPLICABILITY

A. This Nationwide Collocation Programmatic Agreement applies only to the collocation of antennas as defined in Stipulation I.A, above.

B. This Nationwide Collocation Programmatic Agreement does not cover any Section 106 responsibilities that federal agencies other than the FCC may have with regard to the collocation of antennas.

III. COLLOCATION OF ANTENNAS ON TOWERS CONSTRUCTED ON OR BEFORE MARCH 16, 2001

A. An antenna may be mounted on an existing tower constructed on or before March

16, 2001 without such collocation being reviewed under the consultation process set forth under Subpart B of 36 CFR Part 800, unless:

1. The mounting of the antenna will result in a substantial increase in the size of the tower as defined in Stipulation I.C, above; or

2. The tower has been determined by the FCC to have an effect on one or more historic properties, unless such effect has been found to be not adverse through a no adverse effect finding, or if found to be adverse or potentially adverse, has been resolved, such as through a conditional no adverse effect determination, a Memorandum of Agreement, a programmatic agreement, or otherwise in compliance with Section 106 and Subpart B of 36 CFR Part 800; or

3. The tower is the subject of a pending environmental review or related proceeding before the FCC involving compliance with Section 106 of the National Historic Preservation Act; or

4. The collocation licensee or the owner of the tower has received written or electronic notification that the FCC is in receipt of a complaint from a member of the public, a SHPO or the Council, that the collocation has an adverse effect on one or more historic properties. Any such complaint must be in writing and supported by substantial evidence describing how the effect from the collocation is adverse to the attributes that qualify any affected historic property for eligibility or potential eligibility for the National Register.

IV. COLLOCATION OF ANTENNAS ON TOWERS CONSTRUCTED AFTER MARCH 16, 2001

A. An antenna may be mounted on an existing tower constructed after March 16, 2001 without such collocation being reviewed under the consultation process set forth under Subpart B of 36 CFR Part 800, unless:

1. The Section 106 review process for the tower set forth in 36 CFR Part 800 and any associated environmental reviews required by the FCC have not been completed; or

2. The mounting of the new antenna will result in a substantial increase in the size of the tower as defined in Stipulation I.C, above; or

3. The tower as built or proposed has been determined by the FCC to have an effect on one or more historic properties, unless such effect has been found to be not adverse through a no adverse effect finding, or if found to be adverse or potentially adverse, has been resolved, such as through a conditional no adverse effect determination, a Memorandum of Agreement, a programmatic agreement, or otherwise in compliance with Section 106 and Subpart B of 36 CFR Part 800; or

4. The collocation licensee or the owner of the tower has received written or electronic notification that the FCC is in receipt of a complaint from a member of the public, a SHPO or the Council, that the collocation has an adverse effect on one or more historic properties. Any such complaint must be in writing and supported by substantial evidence describing how the effect from the collocation is adverse to the attributes that qualify any affected historic property for eligibility or potential eligibility for the National Register.

V. COLLOCATION OF ANTENNAS ON BUILDINGS AND NON-TOWER STRUCTURES OUTSIDE OF HISTORIC DISTRICTS

A. An antenna may be mounted on a building or non-tower structure without such collocation being reviewed under the consultation process set forth under Subpart B of 36 CFR Part 800, unless:

1. The building or structure is over 45 years old;[1] or

2. The building or structure is inside the boundary of a historic district, or if the antenna is visible from the ground level of the historic district, the building or structure is within 250 feet of the boundary of the historic district; or

3. The building or non-tower structure is a designated National Historic Landmark, or listed in or eligible for listing in the National Register of Historic Places based upon the review of the licensee, tower company or applicant for an antenna license; or

4. The collocation licensee or the owner of the tower has received written or electronic notification that the FCC is in receipt of a complaint from a member of the public, a SHPO or the Council, that the collocation has an adverse effect on one or more historic properties. Any such complaint must be in writing and supported by substantial evidence describing how the effect from the collocation is adverse to the attributes that qualify any affected historic property for eligibility or potential eligibility for the National Register.

B. Subsequent to the collocation of an antenna, should the SHPO/THPO or Council determine that the collocation of the antenna or its associated equipment installed under the terms of Stipulation V has resulted in an adverse effect on historic properties, the SHPO/THPO or Council may notify the FCC accordingly. The FCC shall comply with the requirements of Section 106 and 36 CFR Part 800 for this particular collocation.

[1] Suitable methods for determining the age of a building include, but are not limited to: (1) obtaining the opinon of a consultant who meets the Secretary of Interior's Professional Qualifications Standards (36 CFR Part 61) or (2) consulting public records.

VI. RESERVATION OF RIGHTS

Neither execution of this Agreement, nor implementation of or compliance with any term herein shall operate in any way as a waiver by any party hereto, or by any person or entity complying herewith or affected hereby, of a right to assert in any court of law any claim, argument or defense regarding the validity or interpretation of any provision of the National Historic Preservation Act (16 U.S.C. 470 *et seq.*) or its implementing regulations contained in 36 CFR Part 800.

VII. MONITORING

A. FCC licensees shall retain records of the placement of all licensed antennas, including collocations subject to this Nationwide Programmatic Agreement, consistent with FCC rules and procedures.

B. The Council will forward to the FCC and the relevant SHPO any written objections it receives from members of the public regarding a collocation activity or general compliance with the provisions of this Nationwide Programmatic Agreement within thirty (30) days following receipt of the written objection. The FCC will forward a copy of the written objection to the appropriate licensee or tower owner.

VIII. AMENDMENTS

If any signatory to this Nationwide Collocation Programmatic Agreement believes that this Agreement should be amended, that signatory may at any time propose amendments, whereupon the signatories will consult to consider the amendments. This agreement may be amended only upon the written concurrence of the signatories.

IX. TERMINATION

A. If the FCC determines that it cannot implement the terms of this Nationwide Collocation Programmatic Agreement, or if the FCC, NCSHPO or the Council determines that the Programmatic Agreement is not being properly implemented by the parties to this Programmatic Agreement, the FCC, NCSHPO or the Council may propose to the other signatories that the Programmatic Agreement be terminated.

B. The party proposing to terminate the Programmatic Agreement shall notify the other signatories in writing, explaining the reasons for the proposed termination and the particulars of the asserted improper implementation. Such party also shall afford the other signatories a reasonable period of time of no less than thirty (30) days to consult and remedy the problems resulting in improper implementation. Upon receipt of such notice, the parties shall consult with each other and notify and consult with other entities that are either involved in such implementation or that would be substantially affected by termination of this Agreement, and seek alternatives to termination. Should the consultation fail to produce within the original remedy period or any extension, a reasonable alternative to termination, a resolution of the stated problems, or convincing evidence of substantial implementation of this Agreement in accordance with its terms , this Programmatic Agreement shall be terminated thirty days after notice of termination is served on all parties and published in the FEDERAL REGISTER.

C. In the event that the Programmatic Agreement is terminated, the FCC shall advise its licensees and tower construction companies of the termination and of the need to comply with any applicable Section 106 requirements on a case-by-case basis for collocation activities.

X. ANNUAL MEETING OF THE SIGNATORIES

The signatories to this Nationwide Collocation Programmatic Agreement will meet on or about September 10, 2001, and on or about September 10 in each subsequent year, to discuss the effectiveness of this Agreement, including any issues related to improper implementation, and to discuss any potential amendments that would improve the effectiveness of this Agreement.

XI. DURATION OF THE PROGRAMMATIC AGREEMENT

This Programmatic Agreement for collocation shall remain in force unless the Programmatic Agreement is terminated or superseded by a comprehensive Programmatic Agreement for wireless communications antennas.

Execution of this Nationwide Programmatic Agreement by the FCC, NCSHPO and the Council, and implementation of its terms, evidence that the FCC has afforded the Council an opportunity to comment on the collocation as described herein of antennas covered under the FCC's rules, and that the FCC has taken into account the effects of these collocations on historic properties in accordance with Section 106 of the National Historic Preservation Act and its implementing regulations, 36 CFR Part 800.

APPENDIX C TO PART 1—NATIONWIDE PROGRAMMATIC AGREEMENT REGARDING THE SECTION 106 NATIONAL HISTORIC PRESERVATION ACT REVIEW PROCESS

NATIONWIDE PROGRAMMATIC AGREEMENT FOR REVIEW OF EFFECTS ON HISTORIC PROPERTIES FOR CERTAIN UNDERTAKINGS APPROVED BY THE FEDERAL COMMUNICATIONS COMMISSION

EXECUTED BY THE FEDERAL COMMUNICATIONS COMMISSION, THE NATIONAL CONFERENCE OF STATE HISTORIC PRESERVATION OFFICERS AND THE ADVISORY COUNCIL ON HISTORIC PRESERVATION

September 2004

Introduction

Whereas, Section 106 of the National Historic Preservation Act of 1966, as amended (''NHPA'') (codified at 16 U.S.C. 470f), requires federal agencies to take into account the effects of certain of their Undertakings on Historic Properties (see Section II, below), included in or eligible for inclusion in the National Register of Historic Places (''National Register''), and to afford the Advisory Council on Historic Preservation (''Council'') a reasonable opportunity to comment with regard to such Undertakings; and

Whereas, under the authority granted by Congress in the Communications Act of 1934, as amended (47 U.S.C. 151 *et seq.*), the Federal Communications Commission (''Commission'') establishes rules and procedures for the licensing of non-federal government communications services, and the registration of certain antenna structures in the United States and its Possessions and Territories; and

Whereas, Congress and the Commission have deregulated or streamlined the application process regarding the construction of individual Facilities in many of the Commission's licensed services; and

Whereas, under the framework established in the Commission's environmental rules, 47 CFR 1.1301–1.1319, Commission licensees and applicants for authorizations and antenna structure registrations are required to prepare, and the Commission is required to independently review and approve, a pre-construction Environmental Assessment (''EA'') in cases where a proposed tower or antenna may significantly affect the environment, including situations where a proposed tower or antenna may affect Historic Properties that are either listed in or eligible for listing in the National Register, including properties of religious and cultural importance to an Indian tribe or Native Hawaiian organization (''NHO'') that meet the National Register criteria; and

Whereas, the Council has adopted rules implementing Section 106 of the NHPA (codified at 36 CFR Part 800) and setting forth the process, called the ''Section 106 process,'' for complying with the NHPA; and

Whereas, pursuant to the Commission's rules and the terms of this Nationwide Programmatic Agreement for Review of Effects on Historic Properties for Certain Undertakings Approved by the Federal Communications Commission (''Nationwide Agreement''), Applicants (*see* Section II.A.2) have been authorized, consistent with the terms of the memorandum from the Council to the Commission, titled ''Delegation of Authority for the Section 106 Review of Telecommunications Projects,'' dated September 21, 2000, to initiate, coordinate, and assist the Commission with compliance with many aspects of the Section 106 review process for their Facilities; and

Whereas, in August 2000, the Council established a Telecommunications Working Group (the ''Working Group'') to provide a forum for the Commission, the Council, the National Conference of State Historic Preservation Officers (''Conference''), individual State Historic Preservation Officers (''SHPOs''), Tribal Historic Preservation Officers (''THPOs''), other tribal representatives, communications industry representatives, and other interested members of the public to discuss improved Section 106 compliance and to develop methods of streamlining the Section 106 review process; and

Whereas, Section 214 of the NHPA (16 U.S.C. 470v) authorizes the Council to promulgate regulations implementing exclusions from Section 106 review, and Section 800.14(b) of the Council's regulations (36 CFR 800.14(b)) allows for programmatic agreements to streamline and tailor the Section 106 review process to particular federal programs, if they are consistent with the Council's regulations; and

Whereas, the Commission, the Council, and the Conference executed on March 16, 2001, the Nationwide Programmatic Agreement for the Collocation of Wireless Antennas (the ''Collocation Agreement''), in order to streamline review for the collocation of antennas on existing towers and other structures and thereby reduce the need for the construction of new towers (Attachment 1 to this Nationwide Agreement); and

Whereas, the Council, the Conference, and the Commission now agree it is desirable to further streamline and tailor the Section 106 review process for Facilities that are not excluded from Section 106 review under the Collocation Agreement while protecting Historic Properties that are either listed in or eligible for listing in the National Register; and

Whereas, the Working Group agrees that a nationwide programmatic agreement is a desirable and effective way to further streamline and tailor the Section 106 review process as it applies to Facilities; and

Whereas, this Nationwide Agreement will, upon its execution by the Council, the Conference, and the Commission, constitute a substitute for the Council's rules with respect to certain Commission Undertakings; and

Whereas, the Commission sought public comment on a draft of this Nationwide Agreement through a Notice of Proposed Rulemaking released on June 9, 2003;

Whereas, the Commission has actively sought and received participation and comment from Indian tribes and NHOs regarding this Nationwide Agreement; and

Whereas, the Commission has consulted with federally recognized Indian tribes regarding this Nationwide Agreement (*see* Report and Order, FCC 04–222, at ¶31); and

Whereas, this Nationwide Agreement provides for appropriate public notification and participation in connection with the Section 106 process; and

Whereas, Section 101(d)(6) of the NHPA provides that federal agencies ''shall consult with any Indian tribe or Native Hawaiian organization'' that attaches religious and cultural significance to properties of traditional religious and cultural importance that may be determined to be eligible for inclusion in the National Register and that might be affected by a federal undertaking (16 U.S.C. 470a(d)(6)); and

Whereas, the Commission has adopted a ''Statement of Policy on Establishing a Government-to-Government Relationship with Indian Tribes'' dated June 23, 2000, pursuant to which the Commission: recognizes the unique legal relationship that exists between the federal government and Indian tribal governments, as reflected in the Constitution of the United States, treaties, federal statutes, Executive orders, and numerous court decisions; affirms the federal trust relationship with Indian tribes, and recognizes that this historic trust relationship requires the federal government to adhere to certain fiduciary standards in its dealings with Indian tribes; commits to working with Indian tribes on a government-to-government basis consistent with the principles of tribal self-governance; commits, in accordance with the federal government's trust responsibility, and to the extent practicable, to consult with tribal governments prior to implementing any regulatory action or policy that will significantly or uniquely affect tribal governments, their land and resources; strives to develop working relationships with tribal governments, and will endeavor to identify innovative mechanisms to facilitate tribal consultations in the Commission's regulatory processes; and endeavors to streamline its administrative process and procedures to remove undue burdens that its decisions and actions place on Indian tribes; and

Whereas, the Commission does not delegate under this Programmatic Agreement any portion of its responsibilities to Indian tribes and NHOs, including its obligation to consult under Section 101(d)(6) of the NHPA; and

Whereas, the terms of this Nationwide Agreement are consistent with and do not attempt to abrogate the rights of Indian tribes or NHOs to consult directly with the Commission regarding the construction of Facilities; and

Whereas, the execution and implementation of this Nationwide Agreement will not preclude Indian tribes or NHOs, SHPO/THPOs, local governments, or members of the public from filing complaints with the Commission or the Council regarding effects on Historic Properties from any Facility or any activity covered under the terms of the Nationwide Agreement; and

Whereas, Indian tribes and NHOs may request Council involvement in Section 106 cases that present issues of concern to Indian tribes or NHOs (*see* 36 CFR Part 800, Appendix A, Section (c)(4)); and

Whereas, the Commission, after consulting with federally recognized Indian tribes, has developed an electronic Tower Construction Notification System through which Indian tribes and NHOs may voluntarily identify the geographic areas in which Historic Properties to which they attach religious and cultural significance may be located, Applicants may ascertain which participating Indian tribes and NHOs have identified such an interest in the geographic area in which they propose to construct Facilities, and Applicants may voluntarily provide electronic notification of proposed Facilities construction for the Commission to forward to participating Indian tribes, NHOs, and SHPOs/THPOs; and

Whereas, the Council, the Conference and the Commission recognize that Applicants' use of qualified professionals experienced with the NHPA and Section 106 can streamline the review process and minimize potential delays; and

Whereas, the Commission has created a position and hired a cultural resources professional to assist with the Section 106 process; and

Whereas, upon execution of this Nationwide Agreement, the Council may still provide advisory comments to the Commission regarding the coordination of Section 106 reviews; notify the Commission of concerns raised by consulting parties and the public regarding an Undertaking; and participate in the resolution of adverse effects for complex, controversial, or other non-routine projects;

Now Therefore, in consideration of the above provisions and of the covenants and agreements contained herein, the Council,

the Conference and the Commission (the ''Parties'') agree as follows:

I. APPLICABILITY AND SCOPE OF THIS NATIONWIDE AGREEMENT

A. This Nationwide Agreement (1) Excludes from Section 106 review certain Undertakings involving the construction and modification of Facilities, and (2) streamlines and tailors the Section 106 review process for other Undertakings involving the construction and modification of Facilities. An illustrative list of Commission activities in relation to which Undertakings covered by this Agreement may occur is provided as Attachment 2 to this Agreement.

B. This Nationwide Agreement applies only to federal Undertakings as determined by the Commission (''Undertakings''). The Commission has sole authority to determine what activities undertaken by the Commission or its Applicants constitute Undertakings within the meaning of the NHPA. Nothing in this Agreement shall preclude the Commission from revisiting or affect the existing ability of any person to challenge any prior determination of what does or does not constitute an Undertaking. Maintenance and servicing of Towers, Antennas, and associated equipment are not deemed to be Undertakings subject to Section 106 review.

C. This Agreement does not apply to Antenna Collocations that are exempt from Section 106 review under the Collocation Agreement (*see* Attachment 1). Pursuant to the terms of the Collocation Agreement, such Collocations shall not be subject to the Section 106 review process and shall not be submitted to the SHPO/THPO for review. This Agreement does apply to collocations that are not exempt from Section 106 review under the Collocation Agreement.

D. This Agreement does not apply on ''tribal lands'' as defined under Section 800.16(x) of the Council's regulations, 36 CFR §800.16(x) (''Tribal lands means all lands within the exterior boundaries of any Indian reservation and all dependent Indian communities.''). This Nationwide Agreement, however, will apply on tribal lands should a tribe, pursuant to appropriate tribal procedures and upon reasonable notice to the Council, Commission, and appropriate SHPO/THPO, elect to adopt the provisions of this Nationwide Agreement. Where a tribe that has assumed SHPO functions pursuant to Section 101(d)(2) of the NHPA (16 U.S.C. 470(d)(2)) has agreed to application of this Nationwide Agreement on tribal lands, the term SHPO/THPO denotes the Tribal Historic Preservation Officer with respect to review of proposed Undertakings on those tribal lands. Where a tribe that has not assumed SHPO functions has agreed to application of this Nationwide Agreement on tribal lands, the tribe may notify the Commission of the tribe's intention to perform the duties of a SHPO/THPO, as defined in this Nationwide Agreement, for proposed Undertakings on its tribal lands, and in such instances the term SHPO/THPO denotes both the State Historic Preservation Officer and the tribe's authorized representative. In all other instances, the term SHPO/THPO denotes the State Historic Preservation Officer.

E. This Nationwide Agreement governs only review of Undertakings under Section 106 of the NHPA. Applicants completing the Section 106 review process under the terms of this Nationwide Agreement may not initiate construction without completing any environmental review that is otherwise required for effects other than historic preservation under the Commission's rules (*See* 47 CFR 1.1301–1.1319). Completion of the Section 106 review process under this Nationwide Agreement satisfies an Applicant's obligations under the Commission's rules with respect to Historic Properties, except for Undertakings that have been determined to have an adverse effect on Historic Properties and that therefore require preparation and filing of an Environmental Assessment (*See* 47 CFR 1.1307(a)(4)).

F. This Nationwide Agreement does not govern any Section 106 responsibilities that agencies other than the Commission may have with respect to those agencies' federal Undertakings.

II. DEFINITIONS

A. The following terms are used in this Nationwide Agreement as defined below:

1. Antenna. An apparatus designed for the purpose of emitting radio frequency (''RF'') radiation, to be operated or operating from a fixed location pursuant to Commission authorization, for the transmission of writing, signs, signals, data, images, pictures, and sounds of all kinds, including the transmitting device and any on-site equipment, switches, wiring, cabling, power sources, shelters or cabinets associated with that antenna and added to a Tower, structure, or building as part of the original installation of the antenna. For most services, an Antenna will be mounted on or in, and is distinct from, a supporting structure such as a Tower, structure or building. However, in the case of AM broadcast stations, the entire Tower or group of Towers constitutes the Antenna for that station. For purposes of this Nationwide Agreement, the term Antenna does not include unintentional radiators, mobile stations, or devices authorized under Part 15 of the Commission's rules.

2. Applicant. A Commission licensee, permittee, or registration holder, or an applicant or prospective applicant for a wireless or broadcast license, authorization or antenna structure registration, and the duly authorized agents, employees, and contractors of any such person or entity.

3. Area of Potential Effects (''APE''). The geographic area or areas within which an Undertaking may directly or indirectly cause alterations in the character or use of Historic Properties, if any such properties exist.

4. Collocation. The mounting or installation of an Antenna on an existing Tower, building, or structure for the purpose of transmitting radio frequency signals for telecommunications or broadcast purposes.

5. Effect. An alteration to the characteristics of a Historic Property qualifying it for inclusion in or eligibility for the National Register.

6. Experimental Authorization. An authorization issued to conduct experimentation utilizing radio waves for gathering scientific or technical operation data directed toward the improvement or extension of an established service and not intended for reception and use by the general public. ''Experimental Authorization'' does not include an ''Experimental Broadcast Station'' authorized under Part 74 of the Commission's rules.

7. Facility. A Tower or an Antenna. The term Facility may also refer to a Tower and its associated Antenna(s).

8. Field Survey. A research strategy that utilizes one or more visits to the area where construction is proposed as a means of identifying Historic Properties.

9. Historic Property. Any prehistoric or historic district, site, building, structure, or object included in, or eligible for inclusion in, the National Register maintained by the Secretary of the Interior. This term includes artifacts, records, and remains that are related to and located within such properties. The term includes properties of traditional religious and cultural importance to an Indian tribe or NHO that meet the National Register criteria.

10. National Register. The National Register of Historic Places, maintained by the Secretary of the Interior's office of the Keeper of the National Register.

11. SHPO/THPO Inventory. A set of records of previously gathered information, authorized by state or tribal law, on the absence, presence and significance of historic and archaeological resources within the state or tribal land.

12. Special Temporary Authorization. Authorization granted to a permittee or licensee to allow the operation of a station for a limited period at a specified variance from the terms of the station's permanent authorization or requirements of the Commission's rules applicable to the particular class or type of station.

13. Submission Packet. The document to be submitted initially to the SHPO/THPO to facilitate review of the Applicant's findings and any determinations with regard to the potential impact of the proposed Undertaking on Historic Properties in the APE. There are two Submission Packets: (a) The New Tower Submission Packet (FCC Form 620) (*See* Attachment 3) and (b) The Collocation Submission Packet (FCC Form 621) (*See* Attachment 4). Any documents required to be submitted along with a Form are part of the Submission Packet.

14. Tower. Any structure built for the sole or primary purpose of supporting Commission-licensed or authorized Antennas, including the on-site fencing, equipment, switches, wiring, cabling, power sources, shelters, or cabinets associated with that Tower but not installed as part of an Antenna as defined herein.

B. All other terms not defined above or elsewhere in this Nationwide Agreement shall have the same meaning as set forth in the Council's rules section on Definitions (36 CFR 800.16) or the Commission's rules (47 CFR Chapter I).

C. For the calculation of time periods under this Agreement, ''days'' mean ''calendar days.'' Any time period specified in the Agreement that ends on a weekend or a Federal or State holiday is extended until the close of the following business day.

D. Written communications include communications by e-mail or facsimile.

III. Undertakings Excluded From Section 106 Review

Undertakings that fall within the provisions listed in the following sections III.A. through III.F. are excluded from Section 106 review by the SHPO/THPO, the Commission, and the Council, and, accordingly, shall not be submitted to the SHPO/THPO for review. The determination that an exclusion applies to an Undertaking should be made by an authorized individual within the Applicant's organization, and Applicants should retain documentation of their determination that an exclusion applies. Concerns regarding the application of these exclusions from Section 106 review may be presented to and considered by the Commission pursuant to Section XI.

A. Enhancement of a tower and any associated excavation that does not involve a collocation and does not substantially increase the size of the existing tower, as defined in the Collocation Agreement. For towers constructed after March 16, 2001, this exclusion applies only if the tower has completed the Section 106 review process and any associated environmental reviews required by the Commission.

B. Construction of a replacement for an existing communications tower and any associated excavation that does not substantially increase the size of the existing tower under elements 1–3 of the definition as defined in the Collocation Agreement (*see* Attachment 1 to this Agreement, Stipulation 1.c.1–3) and that does not expand the boundaries of the leased or owned property surrounding the

tower by more than 30 feet in any direction or involve excavation outside these expanded boundaries or outside any existing access or utility easement related to the site. For towers constructed after March 16, 2001, this exclusion applies only if the tower has completed the Section 106 review process and any associated environmental reviews required by the Commission's rules.

C. Construction of any temporary communications Tower, Antenna structure, or related Facility that involves no excavation or where all areas to be excavated will be located in areas described in Section VI.D.2.c.i below, including but not limited to the following:

1. A Tower or Antenna authorized by the Commission for a temporary period, such as any Facility authorized by a Commission grant of Special Temporary Authority (''STA'') or emergency authorization;

2. A cell on wheels (COW) transmission Facility;

3. A broadcast auxiliary services truck, TV pickup station, remote pickup broadcast station (e.g., electronic newsgathering vehicle) authorized under Part 74 or temporary fixed or transportable earth station in the fixed satellite service (e.g., satellite newsgathering vehicle) authorized under Part 25;

4. A temporary ballast mount Tower;

5. Any Facility authorized by a Commission grant of an experimental authorization.

For purposes of this Section III.C, the term ''temporary'' means ''for no more than twenty-four months duration except in the case of those Facilities associated with national security.''

D. Construction of a Facility less than 200 feet in overall height above ground level in an existing industrial park,[1] commercial strip mall,[2] or shopping center[3] that occupies a total land area of 100,000 square feet or more, provided that the industrial park, strip mall, or shopping center is not located within the boundaries of or within 500 feet of a Historic Property, as identified by the Applicant after a preliminary search of relevant records. Proposed Facilities within this exclusion must complete the process of participation of Indian tribes and NHOs pursuant to Section IV of this Agreement. If as a result of this process the Applicant or the Commission identifies a Historic Property that may be affected, the Applicant must complete the Section 106 review process pursuant to this Agreement notwithstanding the exclusion.

E. Construction of a Facility in or within 50 feet of the outer boundary of a right-of-way designated by a Federal, State, local, or Tribal government for the location of communications Towers or above-ground utility transmission or distribution lines and associated structures and equipment and in active use for such purposes, provided:

1. The proposed Facility would not constitute a substantial increase in size, under elements 1–3 of the definition in the Collocation Agreement, over existing structures located in the right-of-way within the vicinity of the proposed Facility, and;

2. The proposed Facility would not be located within the boundaries of a Historic Property, as identified by the Applicant after a preliminary search of relevant records.

Proposed Facilities within this exclusion must complete the process of participation of Indian tribes and NHOs pursuant to Section IV of this Agreement. If as a result of this process the Applicant or the Commission identifies a Historic Property that may be affected, the Applicant must complete the Section 106 review process pursuant to this Agreement notwithstanding the exclusion.

F. Construction of a Facility in any area previously designated by the SHPO/THPO at its discretion, following consultation with appropriate Indian tribes and NHOs, as having limited potential to affect Historic Properties. Such designation shall be documented by the SHPO/THPO and made available for public review.

IV. Participation of Indian Tribes and Native Hawaiian Organizations in Undertakings Off Tribal Lands

A. The Commission recognizes its responsibility to carry out consultation with any Indian tribe or NHO that attaches religious and cultural significance to a Historic Property if the property may be affected by a Commission undertaking. This responsibility is founded in Sections 101(d)(6)(a-b) and 106 of the NHPA (16 U.S.C. 470a(d)(6)(a-b) and 470f), the regulations of the Council (36 CFR Part 800), the Commission's environmental regulations (47 CFR 1.1301–1.1319), and the unique legal relationship that exists between the federal government and Indian Tribal governments, as reflected in the Constitution of

[1] A tract of land that is planned, developed, and operated as an integrated facility for a number of individual industrial uses, with consideration to transportation facilities, circulation, parking, utility needs, aesthetics and compatibility.

[2] A structure or grouping of structures, housing retail business, set back far enough from the street to permit parking spaces to be placed between the building entrances and the public right of way.

[3] A group of commercial establishments planned, constructed, and managed as a total entity, with customer and employee parking provided on-site, provision for goods delivery separated from customer access, aesthetic considerations and protection from the elements, and landscaping and signage in accordance with an approved plan.

the United States, treaties, federal statutes, Executive orders, and numerous court decisions. This historic trust relationship requires the federal government to adhere to certain fiduciary standards in its dealings with Indian Tribes. (Commission Statement of Policy on Establishing a Government-to-Government Relationship with Indian Tribes).

B. As an initial step to enable the Commission to fulfill its duty of consultation, Applicants shall use reasonable and good faith efforts to identify any Indian tribe or NHO that may attach religious and cultural significance to Historic Properties that may be affected by an Undertaking. Applicants should be aware that frequently, Historic Properties of religious and cultural significance to Indian tribes and NHOs are located on ancestral, aboriginal, or ceded lands of such tribes and organizations and Applicants should take this into account when complying with their responsibilities. Where an Indian tribe or NHO has voluntarily provided information to the Commission's Tower Construction Notification System regarding the geographic areas in which Historic Properties of religious and cultural significance to that Indian tribe or NHO may be located, reference to the Tower Construction Notification System shall constitute a reasonable and good faith effort at identification with respect to that Indian tribe or NHO. In addition, such reasonable and good faith efforts may include, but are not limited to, seeking relevant information from the relevant SHPO/THPO, Indian tribes, state agencies, the U.S. Bureau of Indian Affairs (''BIA''), or, where applicable, any federal agency with land holdings within the state (e.g., the U.S. Bureau of Land Management). Although these agencies can provide useful information in identifying potentially affected Indian tribes, contacting BIA, the SHPO or other federal and state agencies is not a substitute for seeking information directly from Indian tribes that may attach religious and cultural significance to a potentially affected Historic Property, as described below.

C. After the Applicant has identified Indian tribes and NHOs that may attach religious and cultural significance to potentially affected Historic Properties, the Commission has the responsibility, and the Commission imposes on the Applicant the obligation, to ensure that contact is made at an early stage in the planning process with such Indian tribes and NHOs in order to begin the process of ascertaining whether such Historic Properties may be affected. This initial contact shall be made by the Commission or the Applicant, in accordance with the wishes of the Indian tribe or NHO. This contact shall constitute only an initial effort to contact the Indian tribe or NHO, and does not in itself fully satisfy the Applicant's obligations or substitute for government-to-government consultation unless the Indian tribe or NHO affirmatively disclaims further interest or the Indian tribe or NHO has otherwise agreed that such contact is sufficient. Depending on the preference of the Indian tribe or NHO, the means of initial contact may include, without limitation:

1. Electronic notification through the Commission's Tower Construction Notification System;

2. Written communication from the Commission at the request of the Applicant;

3. Written, e-mail, or telephonic notification directly from the Applicant to the Indian tribe or NHO;

4. Any other means that the Indian Tribe or NHO has informed the Commission are acceptable, including through the adoption of best practices pursuant to Section IV.J, below; or

5. Any other means to which an Indian tribe or NHO and an Applicant have agreed pursuant to Section IV.K, below.

D. The Commission will use its best efforts to ascertain the preferences of each Indian tribe and NHO for initial contact, and to make these preferences available to Applicants in a readily accessible format. In addition, the Commission will use its best efforts to ascertain, and to make available to Applicants, any locations or types of construction projects, within the broad geographic areas in which Historic Properties of religious and cultural significance to an Indian tribe or NHO may be located, for which the Indian tribe or NHO does not expect notification. To the extent they are comfortable doing so, the Commission encourages Indian tribes and NHOs to accept the Tower Construction Notification System as an efficient and thorough means of making initial contact.

E. In the absence of any contrary indication of an Indian tribe's or NHO's preference, where an Applicant does not have a pre-existing relationship with an Indian tribe or NHO, initial contact with the Indian tribe or NHO shall be made through the Commission. Unless the Indian tribe or NHO has indicated otherwise, the Commission may make this initial contact through the Tower Construction Notification System. An Applicant that has a pre-existing relationship with an Indian tribe or NHO shall make initial contact in the manner that is customary to that relationship or in such other manner as may be accepted by the Indian tribe or NHO. An Applicant shall copy the Commission on any initial written or electronic direct contact with an Indian tribe or NHO, unless the Indian tribe or NHO has agreed through a best practices agreement or otherwise that such copying is not necessary.

F. Applicants' direct contacts with Indian tribes and NHOs, where accepted by the Indian tribe or NHO, shall be made in a sensitive manner that is consistent with the reasonable wishes of the Indian tribe or

NHO, where such wishes are known or can be reasonably ascertained. In general, unless an Indian tribe or NHO has provided guidance to the contrary, Applicants shall follow the following guidelines:

1. All communications with Indian tribes shall be respectful of tribal sovereignty;

2. Communications shall be directed to the appropriate representative designated or identified by the tribal government or other governing body;

3. Applicants shall provide all information reasonably necessary for the Indian tribe or NHO to evaluate whether Historic Properties of religious and cultural significance may be affected. The parties recognize that it may be neither feasible nor desirable to provide complete information about the project at the time of initial contact, particularly when initial contact is made early in the process. Unless the Indian tribe or NHO affirmatively disclaims interest, however, it shall be provided with complete information within the earliest reasonable time frame;

4. The Applicant must ensure that Indian tribes and NHOs have a reasonable opportunity to respond to all communications. Ordinarily, 30 days from the time the relevant tribal or NHO representative may reasonably be expected to have received an inquiry shall be considered a reasonable time. Should a tribe or NHO request additional time to respond, the Applicant shall afford additional time as reasonable under the circumstances. However, where initial contact is made automatically through the Tower Construction Notification System, and where an Indian tribe or NHO has stated that it is not interested in reviewing proposed construction of certain types or in certain locations, the Applicant need not await a response to contact regarding proposed construction meeting that description;

5. Applicants should not assume that failure to respond to a single communication establishes that an Indian tribe or NHO is not interested in participating, but should make a reasonable effort to follow up.

G. The purposes of communications between the Applicant and Indian tribes or NHOs are: (1) To ascertain whether Historic Properties of religious and cultural significance to the Indian tribe or NHO may be affected by the undertaking and consultation is therefore necessary, and (2) where possible, with the concurrence of the Indian tribe or NHO, to reach an agreement on the presence or absence of effects that may obviate the need for consultation. Accordingly, the Applicant shall promptly refer to the Commission any request from a federally recognized Indian tribe for government-to-government consultation. The Commission will then carry out government-to-government consultation with the Indian tribe. Applicants shall also seek guidance from the Commission in the event of any substantive or procedural disagreement with an Indian tribe or NHO, or if the Indian tribe or NHO does not respond to the Applicant's inquiries. Applicants are strongly advised to seek guidance from the Commission in cases of doubt.

H. If an Indian tribe or NHO indicates that a Historic Property of religious and cultural significance to it may be affected, the Applicant shall invite the commenting tribe or organization to become a consulting party. If the Indian tribe or NHO agrees to become a consulting party, it shall be afforded that status and shall be provided with all of the information, copies of submissions, and other prerogatives of a consulting party as provided for in 36 CFR 800.2.

I. Information regarding Historic Properties to which Indian tribes or NHOs attach religious and cultural significance may be highly confidential, private, and sensitive. If an Indian tribe or NHO requests confidentiality from the Applicant, the Applicant shall honor this request and shall, in turn, request confidential treatment of such materials or information in accordance with the Commission's rules and Section 304 of the NHPA (16 U.S.C. 470w–3(a)) in the event they are submitted to the Commission. The Commission shall provide such confidential treatment consistent with its rules and applicable federal laws. Although the Commission will strive to protect the privacy interests of all parties, the Commission cannot guarantee its own ability or the ability of Applicants to protect confidential, private, and sensitive information from disclosure under all circumstances.

J. In order to promote efficiency, minimize misunderstandings, and ensure that communications among the parties are made in accordance with each Indian tribe or NHO's reasonable preferences, the Commission will use its best efforts to arrive at agreements regarding best practices with Indian tribes and NHOs and their representatives. Such best practices may include means of making initial contacts with Indian tribes and NHOs as well as guidelines for subsequent discussions between Applicants and Indian tribes or NHOs in fulfillment of the requirements of the Section 106 process. To the extent possible, the Commission will strive to achieve consistency among best practice agreements with Indian tribes and NHOs. Where best practices exist, the Commission encourages Applicants to follow those best practices.

K. Nothing in this Section shall be construed to prohibit or limit Applicants and Indian tribes or NHOs from entering into or continuing pre-existing arrangements or agreements governing their contacts, provided such arrangements or agreements are otherwise consistent with federal law and no modification is made in the roles of other parties to the process under this Nationwide

Agreement without their consent. Documentation of such alternative arrangements or agreements should be filed with the Commission.

V. PUBLIC PARTICIPATION AND CONSULTING PARTIES

A. On or before the date an Applicant submits the appropriate Submission Packet to the SHPO/THPO, as prescribed by Section VII, below, the Applicant shall provide the local government that has primary land use jurisdiction over the site of the planned Undertaking with written notification of the planned Undertaking.

B. On or before the date an Applicant submits the appropriate Submission Packet to the SHPO/THPO, as prescribed by Section VII, below, the Applicant shall provide written notice to the public of the planned Undertaking. Such notice may be accomplished (1) through the public notification provisions of the relevant local zoning or local historic preservation process for the proposed Facility; or (2) by publication in a local newspaper of general circulation. In the alternative, an Applicant may use other appropriate means of providing public notice, including seeking the assistance of the local government.

C. The written notice to the local government and to the public shall include: (1) The location of the proposed Facility including its street address; (2) a description of the proposed Facility including its height and type of structure; (3) instruction on how to submit comments regarding potential effects on Historic Properties; and (4) the name, address, and telephone number of a contact person.

D. A SHPO/THPO may make available lists of other groups, including Indian tribes, NHOs and organizations of Indian tribes or NHOs, which should be provided notice for Undertakings to be located in particular areas.

E. If the Applicant receives a comment regarding potentially affected Historic Properties, the Applicant shall consider the comment and either include it in the initial submission to the SHPO/THPO, or, if the initial submission has already been made, immediately forward the comment to the SHPO/THPO for review. An Applicant need not submit to the SHPO/THPO any comment that does not substantially relate to potentially affected Historic Properties.

F. The relevant SHPO/THPO, Indian tribes and NHOs that attach religious and cultural significance to Historic Properties that may be affected, and the local government are entitled to be consulting parties in the Section 106 review of an Undertaking. The Council may enter the Section 106 process for a given Undertaking, on Commission invitation or on its own decision, in accordance with 36 CFR Part 800, Appendix A. An Applicant shall consider all written requests of other individuals and organizations to participate as consulting parties and determine which should be consulting parties. An Applicant is encouraged to grant such status to individuals or organizations with a demonstrated legal or economic interest in the Undertaking, or demonstrated expertise or standing as a representative of local or public interest in historic or cultural resources preservation. Any such individual or organization denied consulting party status may petition the Commission for review of such denial. Applicants may seek assistance from the Commission in identifying and involving consulting parties. All entities granted consulting party status shall be identified to the SHPO/THPO as part of the Submission Packet.

G. Consulting parties are entitled to: (1) Receive notices, copies of submission packets, correspondence and other documents provided to the SHPO/THPO in a Section 106 review; and (2) be provided an opportunity to have their views expressed and taken into account by the Applicant, the SHPO/THPO and, where appropriate, by the Commission.

VI. IDENTIFICATION, EVALUATION, AND ASSESSMENT OF EFFECTS

A. In preparing the Submission Packet for the SHPO/THPO and consulting parties pursuant to Section VII of this Nationwide Agreement and Attachments 3 and 4, the Applicant shall: (1) Define the area of potential effects (APE); (2) identify Historic Properties within the APE; (3) evaluate the historic significance of identified properties as appropriate; and (4) assess the effects of the Undertaking on Historic Properties. The standards and procedures described below shall be applied by the Applicant in preparing the Submission Packet, by the SHPO/THPO in reviewing the Submission Packet, and where appropriate, by the Commission in making findings.

B. Exclusion of Specific Geographic Areas from Review.

The SHPO/THPO, consistent with relevant State or tribal procedures, may specify geographic areas in which no review is required for direct effects on archeological resources or no review is required for visual effects.

C. Area of Potential Effects.

1. The term ''Area of Potential Effects'' is defined in Section II.A.3 of this Nationwide Agreement. For purposes of this Nationwide Agreement, the APE for direct effects and the APE for visual effects are further defined and are to be established as described below.

2. The APE for direct effects is limited to the area of potential ground disturbance and any property, or any portion thereof, that will be physically altered or destroyed by the Undertaking.

3. The APE for visual effects is the geographic area in which the Undertaking has the potential to introduce visual elements

that diminish or alter the setting, including the landscape, where the setting is a character-defining feature of a Historic Property that makes it eligible for listing on the National Register.

4. Unless otherwise established through consultation with the SHPO/THPO, the presumed APE for visual effects for construction of new Facilities is the area from which the Tower will be visible:

a. Within a half mile from the tower site if the proposed Tower is 200 feet or less in overall height;

b. Within ¾ of a mile from the tower site if the proposed Tower is more than 200 but no more than 400 feet in overall height; or

c. Wthin 1 ½ miles from the proposed tower site if the proposed Tower is more than 400 feet in overall height.

5. In the event the Applicant determines, or the SHPO/THPO recommends, that an alternative APE for visual effects is necessary, the Applicant and the SHPO/THPO may mutually agree to an alternative APE.

6. If the Applicant and the SHPO/THPO, after using good faith efforts, cannot reach an agreement on the use of an alternative APE, either the Applicant or the SHPO/THPO may submit the issue to the Commission for resolution. The Commission shall make its determination concerning an alternative APE within a reasonable time.

D. Identification and Evaluation of Historic Properties.

1. Identification and Evaluation of Historic Properties Within the APE for Visual Effects.

a. Except to identify Historic Properties of religious and cultural significance to Indian tribes and NHOs, Applicants shall identify Historic Properties within the APE for visual effects by reviewing the following records. Applicants are required to review such records only to the extent they are available at the offices of the SHPO/THPO or can be found in publicly available sources identified by the SHPO/THPO. With respect to these properties, Applicants are not required to undertake a Field Survey or other measures other than reviewing these records in order to identify Historic Properties:

i. Properties listed in the National Register;

ii. Properties formally determined eligible for listing by the Keeper of the National Register;

iii. Properties that the SHPO/THPO certifies are in the process of being nominated to the National Register;

iv. Properties previously determined eligible as part of a consensus determination of eligibility between the SHPO/THPO and a Federal Agency or local government representing the Department of Housing and Urban Development (HUD); and

v. Properties listed in the SHPO/THPO Inventory that the SHPO/THPO has previously evaluated and found to meet the National Register criteria, and that are identified accordingly in the SHPO/THPO Inventory.

b. At an early stage in the planning process and in accordance with Section IV of this Nationwide Agreement, the Commission or the Applicant, as appropriate, shall gather information from Indian tribes or NHOs identified pursuant to Section IV.B to assist in identifying Historic Properties of religious and cultural significance to them within the APE for visual effects. Such information gathering may include a Field Survey where appropriate.

c. Based on the sources listed above and public comment received pursuant to Section V of this Nationwide Agreement, the Applicant shall include in its Submission Packet a list of properties it has identified as apparent Historic Properties within the APE for visual effects.

i. During the review period described in Section VII.A, the SHPO/THPO may identify additional properties included in the SHPO/THPO Inventory and located within the APE that the SHPO/THPO considers eligible for listing on the National Register, and notify the Applicant pursuant to Section VII.A.4.

ii. The SHPO/THPO may also advise the Applicant that previously identified properties on the list no longer qualify for inclusion in the National Register.

d. Applicants are encouraged at their discretion to use the services of professionals who meet the Secretary of the Interior's Professional Qualification Standards when identifying Historic Properties within the APE for visual effects.

e. Applicants are not required to evaluate the historic significance of properties identified pursuant to Section VI.D.1.a., but may rely on the previous evaluation of these properties. Applicants may, at their discretion, evaluate whether such properties are no longer eligible for inclusion in the National Register and recommend to the SHPO/THPO their removal from consideration. Any such evaluation shall be performed by a professional who meets the Secretary of the Interior's Professional Qualification Standards.

2. Identification and Evaluation of Historic Properties Within the APE for Direct Effects.

a. In addition to the properties identified pursuant to Section VI.D.1, Applicants shall make a reasonable good faith effort to identify other above ground and archeological Historic Properties, including buildings, structures, and historic districts, that lie within the APE for direct effects. Such reasonable and good faith efforts may include a Field Survey where appropriate.

b. Identification and evaluation of Historic Properties within the APE for direct effects, including any finding that an archeological

Field Survey is not required, shall be undertaken by a professional who meets the Secretary of the Interior's Professional Qualification Standards. Identification and evaluation relating to archeological resources shall be performed by a professional who meets the Secretary of the Interior's Professional Qualification Standards in archeology.

c. Except as provided below, the Applicant need not undertake a Field Survey for archeological resources where:

i. the depth of previous disturbance exceeds the proposed construction depth (excluding footings and other anchoring mechanisms) by at least 2 feet as documented in the Applicant's siting analysis; or

ii. geomorphological evidence indicates that cultural resource-bearing soils do not occur within the project area or may occur but at depths that exceed 2 feet below the proposed construction depth.

d. At an early stage in the planning process and in accordance with Section IV of this Nationwide Agreement, the Commission or the Applicant, as appropriate, shall gather information from Indian tribes or NHOs identified pursuant to Section IV.B to assist in identifying archeological Historic Properties of religious and cultural significance to them within the APE for direct effects. If an Indian tribe or NHO provides evidence that supports a high probability of the presence of intact archeological Historic Properties within the APE for direct effects, the Applicant shall conduct an archeological Field Survey notwithstanding Section VI.D.2.c.

e. Where the Applicant pursuant to Sections VI.D.2.c and VI.D.2.d finds that no archeological Field Survey is necessary, it shall include in its Submission Packet a report substantiating this finding. During the review period described in Section VII.A, the SHPO/THPO may, based on evidence that supports a high probability of the presence of intact archeological Historic Properties within the APE for direct effects, notify the Applicant that the Submission Packet is inadequate without an archeological Field Survey pursuant to Section VII.A.4.

f. The Applicant shall conduct an archeological Field Survey within the APE for direct effects if neither of the conditions in Section VI.D.2.c applies, or if required pursuant to Section VI.D.2.d or e. The Field Survey shall be conducted in consul-tation with the SHPO/THPO and consulting Indian tribes or NHOs.

g. The Applicant, in consultation with the SHPO/THPO and appropriate Indian tribes or NHOs, shall apply the National Register criteria (36 CFR Part 63) to properties identified within the APE for direct effects that have not previously been evaluated for National Register eligibility, with the exception of those identified pursuant to Section VI.D.1.a.

3. Dispute Resolution. Where there is a disagreement regarding the identification or eligibility of a property, and after attempting in good faith to resolve the issue the Applicant and the SHPO/THPO continue to disagree, the Applicant or the SHPO/THPO may submit the issue to the Commission. The Commission shall handle such submissions in accordance with 36 CFR 800.4(c)(2).

E. Assessment of Effects

1. Applicants shall assess effects of the Undertaking on Historic Properties using the Criteria of Adverse Effect (36 CFR 800.5(a)(1)).

2. In determining whether Historic Properties in the APE may be adversely affected by the Undertaking, the Applicant should consider factors such as the topography, vegetation, known presence of Historic Properties, and existing land use.

3. An Undertaking will have a visual adverse effect on a Historic Property if the visual effect from the Facility will noticeably diminish the integrity of one or more of the characteristics qualifying the property for inclusion in or eligibility for the National Register. Construction of a Facility will not cause a visual adverse effect except where visual setting or visual elements are character-defining features of eligibility of a Historic Property located within the APE.

4. For collocations not excluded from review by the Collocation Agreement or this Agreement, the assessment of effects will consider only effects from the newly added or modified Facilities and not effects from the existing Tower or Antenna.

5. Assessment pursuant to this Agreement shall be performed by professionals who meet the Secretary of the Interior's Professional Qualification Standards.

VII. PROCEDURES

A. Use of the Submission Packet

1. For each Undertaking within the scope of this Nationwide Agreement, the Applicant shall initially determine whether there are no Historic Properties affected, no adverse effect on Historic Properties, or an adverse effect on Historic Properties. The Applicant shall prepare a Submission Packet and submit it to the SHPO/THPO and to all consulting parties, including any Indian tribe or NHO that is participating as a consulting party.

2. The SHPO/THPO shall have 30 days from receipt of the requisite documentation to review the Submission Packet.

3. If the SHPO/THPO receives a comment or objection, in accordance with Section V.E, more than 25 but less than 31 days following its receipt of the initial submission, the SHPO/THPO shall have five calendar days to consider such comment or objection before

the Section 106 process is complete or the matter may be submitted to the Commission.

4. If the SHPO/THPO determines the Applicant's Submission Packet is inadequate, or if the SHPO/THPO identifies additional Historic Properties within the APE, the SHPO/THPO will immediately notify the Applicant and describe any deficiencies. The SHPO/THPO may close its file without prejudice if the Applicant does not resubmit an amended Submission Packet within 60 days following the Applicant's receipt of the returned Submission Packet. Resubmission of the Submission Packet to the SHPO/THPO commences a new 30 day period for review.

B. Determinations of No Historic Properties Affected

1. If the SHPO/THPO concurs in writing with the Applicant's determination of no Historic Properties affected, it is deemed that no Historic Properties exist within the APE or the Undertaking will have no effect on any Historic Properties located within the APE. The Section 106 process is then complete, and the Applicant may proceed with the project, unless further processing for reasons other than Section 106 is required.

2. If the SHPO/THPO does not provide written notice to the Applicant that it agrees or disagrees with the Applicant's determination of no Historic Properties affected within 30 days following receipt of a complete Submission Packet, it is deemed that no Historic Properties exist within the APE or the Undertaking will have no effect on Historic Properties. The Section 106 process is then complete and the Applicant may proceed with the project, unless further processing for reasons other than Section 106 is required.

3. If the SHPO/THPO provides written notice within 30 days following receipt of the Submission Packet that it disagrees with the Applicant's determination of no Historic Properties affected, it should provide a short and concise explanation of exactly how the criteria of eligibility and/or criteria of Adverse Effect would apply. The Applicant and the SHPO/THPO should engage in further discussions and make a reasonable and good faith effort to resolve their disagreement.

4. If the SHPO/THPO and Applicant do not resolve their disagreement, the Applicant may at any time choose to submit the matter, together with all relevant documents, to the Commission, advising the SHPO/THPO accordingly.

C. Determinations of No Adverse Effect

1. If the SHPO/THPO concurs in writing with the Applicant's determination of no adverse effect, the Facility is deemed to have no adverse effect on Historic Properties. The Section 106 process is then complete and the Applicant may proceed with the project, unless further processing for reasons other than Section 106 is required.

2. If the SHPO/THPO does not provide written notice to the Applicant that it agrees or disagrees with the Applicant's determination of no adverse effect within thirty days following its receipt of a complete Submission Packet, the SHPO/THPO is presumed to have concurred with the Applicant's determination. The Applicant shall, pursuant to procedures to be promulgated by the Commission, forward a copy of its Submission Packet to the Commission, together with all correspondence with the SHPO/THPO and any comments or objections received from the public, and advise the SHPO/THPO accordingly. The Section 106 process shall then be complete unless the Commission notifies the Applicant otherwise within 15 days after the Commission receives the Submission Packet and accompanying material electronically or 25 days after the Commission receives this material by other means.

3. If the SHPO/THPO provides written notice within 30 days following receipt of the Submission Packet that it disagrees with the Applicant's determination of no adverse effect, it should provide a short and concise explanation of the Historic Properties it believes to be affected and exactly how the criteria of Adverse Effect would apply. The Applicant and the SHPO/THPO should engage in further discussions and make a reasonable and good faith effort to resolve their disagreement.

4. If the SHPO/THPO and Applicant do not resolve their dispute, the Applicant may at any time choose to submit the matter, together with all relevant documents, to the Commission, advising the SHPO/THPO accordingly.

5. Whenever the Applicant or the Commission concludes, or a SHPO/THPO advises, that a proposed project will have an adverse effect on a Historic Property, after applying the criteria of Adverse Effect, the Applicant and the SHPO/THPO are encouraged to investigate measures that would avoid the adverse effect and permit a conditional ''No Adverse Effect'' determination.

6. If the Applicant and SHPO/THPO mutually agree upon conditions that will result in no adverse effect, the Applicant shall advise the SHPO/THPO in writing that it will comply with the conditions. The Applicant can then make a determination of no adverse effect subject to its implementation of the conditions. The Undertaking is then deemed conditionally to have no adverse effect on Historic Properties, and the Applicant may proceed with the project subject to compliance with those conditions. Where the Commission has previously been involved in the matter, the Applicant shall notify the Commission of this resolution.

D. Determinations of Adverse Effect

1. If the Applicant determines at any stage in the process that an Undertaking would have an adverse effect on Historic Properties within the APE(s), or if the Commission so finds, the Applicant shall submit to the SHPO/THPO a plan designed to avoid, minimize, or mitigate the adverse effect.

2. The Applicant shall forward a copy of its submission with its mitigation plan and the entire record to the Council and the Commission. Within fifteen days following receipt of the Applicant's submission, the Council shall indicate whether it intends to participate in the negotiation of a Memorandum of Agreement by notifying both the Applicant and the Commission.

3. Where the Undertaking would have an adverse effect on a National Historic Landmark, the Commission shall request the Council to participate in consultation and shall invite participation by the Secretary of the Interior.

4. The Applicant, SHPO/THPO, and consulting parties shall negotiate a Memorandum of Agreement that shall be sent to the Commission for review and execution.

5. If the parties are unable to agree upon mitigation measures, they shall submit the matter to the Commission, which shall coordinate additional actions in accordance with the Council's rules, including 36 CFR 800.6(b)(1)(v) and 800.7.

E. Retention of Information

The SHPO/THPO shall, subject to applicable state or tribal laws and regulations, and in accordance with its rules and procedures governing historic property records, retain the information in the Submission Packet pertaining to the location and National Register eligibility of Historic Properties and make such information available to Federal agencies and Applicants in other Section 106 reviews, where disclosure is not prevented by the confidentiality standards in 36 CFR 800.11(c).

F. Removal of Obsolete Towers

Applicants that construct new Towers under the terms of this Nationwide Agreement adjacent to or within the boundaries of a Historic Property are encouraged to disassemble such Towers should they become obsolete or remain vacant for a year or more.

VIII. EMERGENCY SITUATIONS

Unless the Commission deems it necessary to issue an emergency authorization in accordance with its rules, or the Undertaking is otherwise excluded from Section 106 review pursuant to the Collocation Agreement or Section III of this Agreement, the procedures in this Agreement shall apply.

IX. INADVERTENT OR POST-REVIEW DISCOVERIES

A. In the event that an Applicant discovers a previously unidentified site within the APE that may be a Historic Property that would be affected by an Undertaking, the Applicant shall promptly notify the Commission, the SHPO/THPO and any potentially affected Indian tribe or NHO, and within a reasonable time shall submit to the Commission, the SHPO/THPO and any potentially affected Indian tribe or NHO, a written report evaluating the property's eligibility for inclusion in the National Register. The Applicant shall seek the input of any potentially affected Indian tribe or NHO in preparing this report. If found during construction, construction must cease until evaluation has been completed.

B. If the Applicant and SHPO/THPO concur that the discovered resource is eligible for listing in the National Register, the Applicant will consult with the SHPO/THPO, and Indian tribes or NHOs as appropriate, to evaluate measures that will avoid, minimize, or mitigate adverse effects. Upon agreement regarding such measures, the Applicant shall implement them and notify the Commission of its action.

C. If the Applicant and SHPO/THPO cannot reach agreement regarding the eligibility of a property, the matter will be referred to the Commission for review in accordance with Section VI.D.3. If the Applicant and the SHPO/THPO cannot reach agreement on measures to avoid, minimize, or mitigate adverse effects, the matter shall be referred to the Commission for appropriate action.

D. If the Applicant discovers any human or burial remains during implementation of an Undertaking, the Applicant shall cease work immediately, notify the SHPO/THPO and Commission, and adhere to applicable State and Federal laws regarding the treatment of human or burial remains.

X. CONSTRUCTION PRIOR TO COMPLIANCE WITH SECTION 106

A. The terms of Section 110(k) of the National Historic Preservation Act (16 U.S.C. 470h–2(k)) (''Section 110(k)'') apply to Undertakings covered by this Agreement. Any SHPO/THPO, potentially affected Indian tribe or NHO, the Council, or a member of the public may submit a complaint to the Commission alleging that a facility has been constructed or partially constructed after the effective date of this Agreement in violation of Section 110(k). Any such complaint must be in writing and supported by substantial evidence specifically describing how Section 110(k) has been violated. Upon receipt of such complaint the Commission will assume responsibility for investigating the applicability of Section 110(k) in accordance with the provisions herein.

B. If upon its initial review, the Commission concludes that a complaint on its face demonstrates a probable violation of Section 110(k), the Commission will immediately notify and provide the relevant Applicant with copies of the Complaint and order that all construction of a new tower or installation of any new collocations immediately cease and remain suspended pending the Commission's resolution of the complaint.

C. Within 15 days of receipt, the Commission will review the complaint and take appropriate action, which the Commission may determine, and which may include the following:

1. Dismiss the complaint without further action if the complaint does not establish a probable violation of Section 110(k) even if the allegations are taken as true;

2. Provide the Applicant with a copy of the complaint and request a written response within a reasonable time;

3. Request from the Applicant a background report which documents the history and chronology of the planning and construction of the Facility;

4. Request from the Applicant a summary of the steps taken to comply with the requirements of Section 106 as set forth in this Nationwide Agreement, particularly the application of the Criteria of Adverse Effect;

5. Request from the Applicant copies of any documents regarding the planning or construction of the Facility, including correspondence, memoranda, and agreements;

6. If the Facility was constructed prior to full compliance with the requirements of Section 106, request from the Applicant an explanation for such failure, and possible measures that can be taken to mitigate any resulting adverse effects on Historic Properties.

D. If the Commission concludes that there is a probable violation of Section 110(k) (*i.e.*, that ''with intent to avoid the requirements of Section 106, [an Applicant] has intentionally significantly adversely affected a Historic Property''), the Commission shall notify the Applicant and forward a copy of the documentation set forth in Section X.C. to the Council and, as appropriate, the SHPO/THPO and other consulting parties, along with the Commission's opinion regarding the probable violation of Section 110(k). The Commission will consider the views of the consulting parties in determining a resolution, which may include negotiating a Memorandum of Agreement (MOA) that will resolve any adverse effects. The Commission, SHPO/THPO, Council, and Applicant shall sign the MOA to evidence acceptance of the mitigation plan and conclusion of the Section 106 review process.

E. Nothing in Section X or any other provision of this Agreement shall preclude the Commission from continuing or instituting enforcement proceedings under the Communications Act and its rules against an Applicant that has constructed a Facility prior to completing required review under this Agreement. Sanctions for violations of the Commission's rules may include any sanctions allowed under the Communications Act and the Commission's rules.

F. The Commission shall provide copies of all concluding reports or orders for all Section 110(k) investigations conducted by the Commission to the original complainant, the Applicant, the relevant local government, and other consulting parties.

G. Facilities that are excluded from Section 106 review pursuant to the Collocation Agreement or Section III of this Agreement are not subject to review under this provision.
